NEW CLAY PIT TO OPEN

With the over-burden being removed at a rapid rate, Mr. Rogers announces that he expects to open the new clay pit by next Wednesday. No time is being lost as the old pit is still producing at full speed and will be worked until the new one is opened.

Mr. Wellhörner, who is in charge at the new pit, and his crew are to be commended for handling this job with their usual efficiency and promptness.

NEW EQUIPMENT

Mr. Rogers is expecting to receive a new scraper from the Apalachicola Forest Monday. The scraper will be of one and a third cubic yards capacity, and will be used at the clay pit. This will bring the number of scrapers in use to three.

ROAD PROGRESS

The widened twelve foot road is now about a mile and a half from camp, and what a road it is; well graded and firmly sub-graded, banked on the curves, and the "ups-and-downs" leveled out by cuts and fills.

Mr. Rogers says the next two miles are going to be finished in record time.

The road crew has received considerable praise by visitors who have passed on the road while work was in progress. This diligence has not gone unnoticed by the Forestry Service and Officers. We're proud of you, Road Crew!

"MERRY MAKERS" TO GO TO JAX

The Camp Band, after winning the amateur radio audition at the Ritz Theatre in Ocala and subsequently broadcasting over WRUF in Gainesville, will travel to Jacksonville next Wednesday afternoon for an audition over WMBR. It is expected that the audition will be soon followed by a broadcast from the Carling Hotel Station.

The Band has been enthusiastically received in each of the many places during the past month. They are our Ambassadors of good will to nearby communities.

NEW EDUCATIONAL ASSISTANT

Lt. Miller has received word from the State Educational Adviser in Gainesville that his request for a student assistant to Mr. McCarty had been favorably considered.

The new man, a University of Florida student, will arrive July 1st, and remain in camp until September.

Mr. McCarty says we can use his new man in any way we wish, meaning his knowledge and experience are at the disposal of each man in camp. He suggests we use him to our advantage.

NEW MEN

Fifty-seven (57) new enrollees will arrive in Ocala early in the morning of June 19th, Wednesday from Orlando. This new trainload of brush-hook fodder for the Ocala National Forest will fix up the base ball diamond, fill up the wood pile, and do big things around old Company 1420. Think nothing of it, new boys!

DANCE

The success of the dance Friday nite, June 7th, indicates that social entertainments of this nature will become monthly events in camp.

Lieut. Miller wishes to commend the members of the company on their excellent conduct and enthusiasm which contributed much to the enjoyment of our guests.

Young ladies from Gainesville, Ocala, Leesburg, Ocklawaha and other points nearby have been heard to say "we'll be here next time".

Already plans are being laid for next month's dance

DON'T BE SHEEP

We are often prone to follow blindly anyone who jumps up on the proverbial soap-box and with loud-mouthed persuasion leads us into mob action, and makes us do things which later we regret. Don't be sheep. Such action causes riots, lynchings, and public disorder. It breeds contempt for authority and encourages disloyalty.

Stand on your own feet and think for yourself. Act according to your own judgement. Be men.

Under Mr. Sheffers direction the Company Minstral will soon be shaping up for performance.

Talking pictures in camp have been suggested. We would like to hear what you men think of this idea.

Woods and Chastain are "goin places" with their Photography. Enlargements are their latest accomplishment.

"Fresh meat" arrives Tuesday. Lets start the rookies off on their right foot.

Editors are peace loving. They throw a lot of stuff in the waste basket that would cause local wars.

Speaking of expert head work you ought to watch a negro woman carrying a fifty pound basket of clothes on her head.

Absence makes the heart grow fonder. That's why we are so fond of money.

Some people say that Mae West hasn't any better form than thousands of other girls. Granted. But Mae knows how to drape the one she has.

QQ COLUMN WADE, OPR

Where are all those fellows that are interested in Radio? Quiet a number say to me, "they would like to learn Radio, and ask about the hours that class is held, but when class is announced those that seem to be interested don't show up. If anyone is interested in learning he ought to be willing to put forth the effort of trying to obtain knowledge, by showing up at classes. Down at the Radio shack almost every nite and and sometimes in the daytime information can be gained on the interesting subject Radio. Regular classes are held on Mondays, Wednesdays and Fridays.

The student has to put forth an effort, as he can't learn without trying, on his part.

Radio contacts have been rather uncertain lately, on account of rearranging some of the apparatus. But things will be running smoothly again very soon.

Two negroes, Sam and Moe, were working in the cornfield. Neither negro could tell time but Moe had an antique heirloom which passed for a watch. Sam wearily asked Moe the time of day. He pulled it out of his pocket and revealed the face to the wondering gaze of Sam, saying, "Here it is".

Sam bravely replied, "Damfitain't".

PERSONALS

1st Lt. C.A. Neal, the company doctor, has gone on a leave for a month. He left the second of June and will return on the second of July. 1st Lt. Y. M. Hyer is now attending the company's patients.

Capt. Huff was a recent visitor of our camp.

Lindsey is still in quarters, as the result of an accident on the road that we are claying. We sure will be glad to see him return to duty.

We wonder who the certain girl is that called and chased "Spec" Watts all over the dance hall Friday night. Who is she Spec?

Neal became a brother-in-law a few weeks ago and it has got him down, because he isn't used to being a brother-in-law. It has got him down but will he stay down.

Alex Stevens and Frank Langford, Students of the University of Georgia, have entered this camp to serve three months so that they can learn all about forestry work. We welcome them to our camp. We bet that all the girls in Ocala chase them. College CCC boys are Scarce.

George Cosby was seen at the dance standing in a dark secluded corner with a certain blonde. Who is she George?

"Sleepy" Wilson was discharged from this company a few days ago. We hated to see him go, but we wish him luck.

Sam Collins sure was shaking a wicked foot with a good looking girl at the dance last Friday night, and we wonder who she was. Tell us Sam.

A brand new Army truck arrived in camp last Sunday and it is a keen up-to-date truck.

Haney came around to give it the once over and he told the boys not to eat it up. Don't be afraid Haney we wont eat it.

Fats Warner: "I lifted 300 pounds one time!"
Murray: "That aint nothing, one time me and two other niggers lifted a Model "T" Ford!"

TRANSIENTS WIN

The ball team of the Ocala Transient Camp has defeated the team of Company 1420 for the second time on our home diamond. The contest was close throughout the game, The score being 2-1 until the 4th inning. The Transients scored again in the 5th, making the score 3-0. Another run was scored in the 6th, amounting to a total of 4-0. Company 1420 rallied in the seventh bringing across 3 runs, but was unsuccessful in tying the score. The count remained the same the rest of the game, neither side getting any farther than second base.

Some of the regular players were on the side lines watching, not even prepared to play ball. Fellows, we can't have a winning team unless more Co-operation is given. What do you say, fellows?

BOXING

Since the big Championship bout, Several of the Camp boys have been sparring down at the boxing arena as if they were contemplating challenging the new World's Champ. Some have shown good stuff, or at least that they can take it on the "map".

Why not make it interesting and have an elimination tournament and find out who is the best fighter in the different weight divisions. There is material for fighting from light bantams to heavyweights. I would suggest that it be left up to the camp Champion as to challenging the new world king of Maulers.

BE A BOOSTER

The Baseball team seems to have gone into a considerable losing slump. Lack of spirit and co-operation is the biggest problem. Some remarks have been made upon the return of the ball team after losing a game such as, "If I couldn't beat that I would stay at home". How do you expect to have a winning team when we can't get some "Stars" interested in the game other than ridiculing.

Every man who will come out for practice gets a chance to show his stuff. Next week lets have every man that can catch, throw or who knows anything at all about baseball, on the field for practice.

Perhaps a few are afraid some one will criticize their playing. There is one thing certain, you can't make a successful ball player until you learn not to give a damn what the fans think of your playing. Boys lets turn out for Base Ball with a little more spirit.

Reville says that the old gag laugh, and the world laughs with you is wrong. When he laughs, the world laughs at him.

Alex Stevens: "Why do they call that the Crosby cocktail"?

Bartender: "One drink and Bing".

The two college boys that are in camp studying forestry can tell the temper of a pine log by the use of a double bit axe.

They can also tell how far the bottom end of a tree reaches inot the ground by getting on the grubbing crew.

George T.
Cosby, he
Fell in love with Evelyn B.
But Evelyn B.
Figured she
Couldn't love George of the CCC.

And George T.
Couldn't see
Why Evelyn didn't love passionately.
And Evelyn, she
Couldn't see
How she could love George and that Sailor
Lee.

So George T.
Cosby, he
Called for the boys of the CCC.
And Sailor Lee
Suddenly
Sent an SOS for the lads of the sea.
The C.C.C.
Fought valiantly,
Brush-hooked their way to victory.
But George T.
Sorrowfully,
Found Evelyn gone with Sailor Lee.

Whe: "How much are you worth?"
Whee Vining: "Oh, in the neighborhood of a
half million."
She: "Why, that's my favorite neighborhood."

"Pay your Debts with a smile advised the

Vet.: "I would like to, but they insist on
cash!"

Drillmaster: "Hey Reville, stand at attention!"
Reville: "I am standing it Sir, its my
pants that are at ease."

Lieut: "I am surprised at you; Do you
know what the C. O. does with liars?"
Rockie: Yes, he makes Cooks and Supply

HUMOR

Little Boy: "Papa was you a rated man when
you were a member of the CCC!"
Papa Carnes: "Oh yes son, I was a leader!"
Little Boy: "How long was you a leader Papa?"
Papa Carnes: "Well son its been twelve years
since I was a member of the CCC, and I have
forgotten the exact length of time that I
served as a leader for dear old Company 1420!"

Peebles: "Say Watson, you told me that you
never got tired".
Watson: "I don't, I rest before I get tired."

Alfred Dear: (Dedicated to Streb).

By W. H. Anderson
Now Alfred, dear, is a blond haired lad
Who works in fourteen-twenty;
His girl told him, "Now Alfred, dear,
Your nerves are shattered plenty".

So she caught Alfred by the arm
And led him down the street.
She told him that Dr. Miles nervine
Was a medicine hard to beat.

He owes it all to Nervine
When she whispers in his ear,
"Alfred, you are my hero.
I love you, Alfred, dear".

The big thing in the air now, after
the bubble burst, is the feelings of about
a dozen disrated men. Too much temptation
to resist the editor, their story follows:
Wayne Williams: "If I can't get forty-five,
thirty is good enough anyway". (They don't
know a good man when they see one.)
Bill Greenleaf: "This cadre business aint
what its cracked up to be".
Royce Knight: "At the rate of forty-five
per, how much is that in six hours?"
R. Went: "I wonder if they could use an
extra man at the clay pit".
N. Osborne: "Ay tank I go home now".
Carrol: "I was writing poetry when it all
happened".

Teacher: "Johnny, name one of the seven
wonders of the world".
Johnny: "Father's new Cadillac Sedan".
