County welcomes yacht builder

Both County Commission and Planning Board pave way for growing boat building industry

By Donald Rodrigue
For Hometown News

ST. LUCIE COUNTY – Both the St. Lucie County Commission and the Planning & Zoning Commission recently voted to launch a new yacht building enterprise near the airport and facilitate the expansion of an established boat manufacturer in Fort Pierce.

On April 20, the Planning & Zoning Board unanimously recommended the County Commission approve a conditional use permit so the owners of Tattoo Yachts could reopen a successful business operated in Martin County for the last couple of years until their lease ran out. County Commissioners then took up the matter May 2, voting 4-0 with Commission Chairman Chris Dzadovsky absent to welcome the company to St. Lucie County.

The president of the Economic Development Council of St. Lucie County, Pete Tesch, addressed the County Commission right before the vote, saying he valued the cooperative effort that brought yacht builders Paul and Laura Sharp north from Martin County. The EDC worked hand-in-hand with St. Lucie County Business Navigator Peter Jones to make the transition of Paul and Laura Sharp's business as smooth as possible so they can continue manufacturing sailboats and catamarans near the Treasure Coast International Airport.

"They are the epitome of very engaged and resourceful business owners," Mr. Tesch said. "Their company, Tattoo Yachts, is going to be a great addition to the community."

Commissioner Linda Bartz said the cooperation between all parties helped make the company's transition a success.

"This is the way it's supposed to work," she said, "with staff, with partnerships

Skatetown USA might have to close doors

By Gaylon Parker
gparker@hometownnewsol.com

FORT PIERCE – Area residents were surprised to learn recently that Skatetown USA – which has been in business since the early 1980s – might have to close shop. The business has been listed and the owners are doing everything they can to ensure that it remains a skating rink for kids to enjoy, but they are worried that might not eventually be in the cards.

One of the owners, Harry Stuart, said that the business has been beset by a series of setbacks throughout the years. The hurricanes of 2004 – Jeanne, Wilma and Frances – all did major damage to the property and that subsequent insurance and legal battles, along with the 2008 recession, have crippled their finances. But a change-of-hands from Riverside Bank to TD Bank also has

hindered the process, Mr. Stuart said, because they were not nearly as willing to work with Skatetown to keep them afloat.

"Everything was going along smoothly until the hurricanes came along," Mr. Stuart said. "Hurricane Frances wreaked havoc with us and we were closed for about a month because it destroyed the floor and tore off the canopy in front." The hurricanes also did major damage to his home and he used the same insurance company for both policies and he added their insurance adjuster did not cover all the damages to his home or business, thus resulting in the subsequent legal skirmishes.

"They were going to give me nothing, and consequently we had to sue, which I was successful at," Mr. Stuart said. "And they did the same thing to my home ... so we had to sue again and were successful again. But the attorney then gets 30 per-

Great Water Odyssey workshop May 17

Formal and informal educators are invited to participate in a Great Water Odyssey workshop at the Oxbow Eco-Center on Wednesday, May 17 from 9 a.m. to 2:30 p.m. Sponsored by the South Florida Water Management District and coordinated by the Florida Center for Environmental Studies at Florida Atlantic University, this workshop is free to teachers and home-school parents.

Participants are asked to bring a laptop computer, if they have one. For more information contact the Oxbow's Wren Underwood at (772) 785-5899. Reservations are required by contacting Casey Trent at ctrent4@fau.edu.

Jewelry workshops

Learn jewelry skills and wow your friends with what you can design and make. Facet a gem, cut opals, cast silver, make chain maille, do bead weaving, make glass beads, shape metals, and more with the St. Lucie County Rock and Gem Club at their workshops in Port St. Lucie from May 29 through July 22.

Additional information can be obtained by calling the workshop, (772) 462-6597 or Marcia (772) 340-3841.

Students must be a member of the club, with paid annual dues of \$40. Fees for the classes range from \$35 to \$70, with some classes also having a \$15 lab fee for equipment use and maintenance.

Classes are taught by fellow members in areas of interest that reflect members' interests. All instructors are volunteers who give generously of their time, talents, and expertise. Equally, students in the classes share what they have learned with newcomers and fellow members.

The St. Lucie County Rock and Gem Club was founded over 40 years ago by a group of rockhounds who wanted to share their knowledge of the lapidary arts and the science of rocks and minerals. The club currently has over 150 active members and sponsors an annual Rock, Gem, and Jewelry Show in October to fund The Bob and Ruth Young Memorial Scholarship at Indian River State College, awarded to a student in either the earth sciences or arts program.

The club meets monthly on the fourth Sunday of the month at the White City Methodist Church on Midway Road (opposite Nelson Family Farms) in the Fellowship Hall. All are welcome to attend.

More information about the club is available online, at www.slrockandgem.org, or on Facebook

Athletes receive cleats

The Aaron Project, an organization started by the family of Aaron Beauchamp, donated soccer cleats to area athletes

By Gaylon Parker

gparker@hometownnewsol.com

ST LUCIE COUNTY – The Aaron Project, an organization started by the family of Aaron Beauchamp following his tragic death in a bus accident in 2012, honored 12 high school athletes on May 2, who were nominated by their coaches for excellence. Each honoree was able to choose a new pair of cleats and each was personalized with Aaron's initials and his number, "2."

"In this small way, Aaron's love of soccer gets carried onto fields all over this community," according to a press release from the organization on its Facebook page.

His father, Simon Beauchamp, said the event has been hosted annually and always helps him remember and memorialize his son.

"Each day is a struggle, but the years go by so quickly," Mr. Beauchamp said. "It's certainly emotional at some points, because it's hard to conceive. Aaron loved soccer so much and he certainly touched so many people in the ways he played on the field and off the field in ways we didn't know

until the tragedy happened.

"It's not me who is doing this, it's Aaron; I'm just the physical part who is trying to inspire others to make a difference."

The event also allowed the athletes to see each others cleats, Mr. Beauchamp said, and thanked Rustico's in St. Lucie West for hosting the evening's event. It was hosted by Fort Pierce Central Athletic Director Jay Stewart, although Aaron always will play a central role. The cleats come from the Nike Mercurial line of products, because they were Aaron's favorites when he played soccer.

"They got to select the cleats, and the colors and textures are wonderful," Mr. Beauchamp said. "When Aaron was selecting his cleats, he loved the pink ones and he always selected the bright colors and he put his insignia – AB2 – on the cleats. So what we've done on every cleat that we give out is we have continued to put his insignia on every one we give out."

Mr. Beauchamp said the athletes were thrilled to receive the cleats and even more honored to be a part of The Aaron Project. "They were all so touched by being selected, and the story behind The Aaron project.

There was an energy of emotion during some parts of Jay's talk about Aaron and there were some members there who actually knew Aaron," Mr. Beauchamp said.

He added that some of Aaron's former teammates were in attendance for the event.

On May 27, the organization will host the fourth-annual Aaron Project Golf Tournament to support scholarships for St. Lucie County students and teachers in the areas of

the arts, academics and athletics. On and Off Course Games will include best ball, closest-to-pin, and the soccer punt hole – in honor of Aaron. The event costs \$125 per golfer, and includes continental breakfast, round of golf, cart fee, goodie bag and barbecue lunch at the exclusive Legacy Golf Course in Port St. Lucie.

Know the Law, Stay Alive:

Some people complain that cars sneak up on them from behind when they walk or walk their dog. People need to know the law so this never happens. When you drive, you drive on the right. When you walk you walk on the left, facing traffic; that way you can see them coming because they are no longer "behind" you. This is very important law these days because the hybrid/electric cars make almost no noise!

While I'm at it, when you ride your bicycle in the street, you ride on the right with traffic. If you are going off the street and into the crosswalk with your bicycle, you walk your bicycle across the crosswalk, hence the name crossWALK. If you ride your bicycle in the crosswalk you are not only breaking the law, you are shooting out into oncoming cross traffic and will probably get hit. When driving, this has happened to me to many times to count, including with skateboarders. Good thing I have good reflexes when driving, but a lot of our senior citizens do not. Walk everything in the crosswalk. Know the lawStay alive. This may be nature's way of thinning out the ignorant people from the gene pool.

A house with gremlins?

A couple weeks ago I bought a new sander and then I found out I already had a perfectly good one and all I really needed was some sanding pads that went with it. I returned the new toy and used the old one a few times, but then I put it away. So yesterday I went to use it and low and behold I can't find it. I love Florida but I hate getting older, unless of course we have house gremlins hiding my stuff when I don't pay attention to when I actually put them away. So it's decided, I'm going with House Gremlins. I'm not accepting the old age theory. Gotta Love Retirement!

Reinstall the traffic signs

The new landscaping that Saint Lucie is putting into the traffic circles in some areas is very attractive. However, I wish they would also reinstall the 15 mph traffic signs near the circles that were at some of the circle several years ago. So often cars and trucks fly through these circles at 40 or 50 mph. Hopefully the signs would encourage drivers to slow down a little. When the new landscaping grows it may be a little more difficult to see these fast moving vehicles.

A message to dog owners

In response to "I don't know you're there" where the person wants drivers to beep their horn when they are behind the dog being walked in the street. Why is anyone walking their dog in the street? Dog owners should keep their dogs on their own property. Streets are for cars and vehicles, not for dogs. Please, dog owners, respect the rights of others.

The walker is wrong

I am writing regarding a rant in the May 5th issue about the motorist who don't blow their horn to inform the walker they are approaching from behind. If the walker were walking on the left side of the road which is the correct side there would not be that problem. There would be no motorist behind you. The walker in this case is wrong.

Thanks to those who helped

Fight to end brain cancer

The sixth annual Race/Walk for Pediatric Brain Cancer, part of the "National Walk to End Brain Tumors" Movement, was held at Indian Riverside Park in Jensen Beach on Saturday, May 6. when falling ill in the United States.

After several weeks of pain and swelling in my leg I visited the walk in clinic at Pointe West and was seen by Dr Taylor. He suspected a blood clot in the leg and immediately arranged for me to have a scan at the Radiology center in Vero. After the scan I was told to immediately report to the Emergency department at the Indian River Medical Center.

The people there were just wonderful. After a full examination I was told that I had a blood clot on my leg and four on my lungs, and that I was going to be kept in hospital over night (turned out to be two nights) for observation and to start the healing process. When I was finally allocated a room on the first night I was told by one of the nurses that I must have an Angel sitting on my shoulder because I should not be there.

I would like to thank everyone who took such great care of me whilst I was there, the nurses who were Carmen, Neil, Kasey, Tonya, Janis, Donna and and Latoya, the

assistant nurses, the guys who wheeled me around the hospital on the trolley, everyone who prodded me and took blood or came into contact with me, and of course Dr Rothman who oversaw my well-being.

Last but not least I would like to thank Jose Diaz, who sorted out all the financial aspects of my stay, sorted all the notes out that I needed to take back to England with me, helped me with contacting my medical insurance in England and providing them with the necessary information for me to be able to return home. A truly stunning job, I could not have done it without his help.

Unfortunately due to the likely restrictions on future travel, we have decided to move back to the UK full time and have accordingly put our condo on the market. We have made many dear friends in the USA and will miss them very much, along with that wonderful warm winter sun!

To everyone who helped me, Thank You once again, I will never forget what you have done.

FORT PIERCE

Looking for a home

I'm Memphis! I'm a declawed boy who was returned to the shelter after 11 years because my owner is ill. I like petting and belly rubs, but at 27 pounds I definitely need help sticking to my diet plan. I know I can do it if I have a new special someone to help me. I'm ready to find someone to love me. My adoption fee has been paid by my Guardian Angel, so meet me and let's go home. Memphis is hanging out at Dogs and Cats Forever in Fort Pierce. Stop by to see him.

cent of whatever we get.

"There were some things that never did get fixed."

Mr. Stuart and his wife, Jerri – who are both schoolteachers – have owned the business since 1993, but he was working there all the way back to the early 1980s and loves the sport and recreation aspects of skating in an old-fashioned rink. The 11,000-square-foot rink is contained in an 18,000-square-foot building and has so far been an interesting prospect for potential suiters. There have been a few inquiries with interested parties, but not all of them want the site to remain a skating rink.

"The kids in this community are really the reason why we do this, and the reason we kept this place open – even though it

wasn't making money – is for the kids, because there's not that much to do in Fort Pierce for them," Mr. Stuart said. "Somebody may buy it and keep it as a skating rink, but I doubt it because it's a very valuable piece of commercial property, plus it has a new roof."

All the difficulties have made it to where if he cannot get an investor to buy it and lease it back to him in that fashion, he will simply have to sell the entire business.

"We're still actively looking, and we've had six phone calls to me and four talking about buying it. Two of them want to keep it as a skating rink, but there were another two from the tri-county area who were willing to invest and buy the place to keep it open for the kids," he said. "They have not come back to me with specifics, so our hope is that somewhere along the way we hope we are able to resolve this issue and keep it open."

Save money. Live better.

Spending more and buying less? Maybe you should be shopping at WALMART in Port St. Lucie, where your dollar goes a lot further! Conveniently located at 1850 SW Gatlin Blvd., phone (772) 336-8212; this full line department store offers something that most other stores can't compete with... the area's very lowest prices on EVERYTHING! **Food to feed your family, toys to entertain your children, school supplies, sporting goods, tools, and auto accessories.** Nearly every little thing you can think of! Most "regular" retail department stores feature "full retail" prices. At WALMART, this is not the case! Here you get the service you want, the quality you look for, and prices you can afford! Open 24 hours, they can meet all of your needs at any given time day or night. If you shopping for appliances or furniture WALMART offers you the kind of quality you deserve.

We, the editors of this 2017 Area's Best Business Review offer this suggestion to the people in our area: So, whether or not you need a big grocery shopping trip, get your tire changed or pick-up a prescription, do what smart shoppers do...make WALMART your one-stop shopping headquarters for the best products, the largest selection and the ultimate in everyday bargains!

Fundraiser held for Vaillant family

By Gaylon Parker

gparker@hometownnewsol.com

ST. LUCIE COUNTY – In the wake of his death by drowning on April 8, Big Apple Pizza hosted a fundraiser for the family of Venel Vaillant last week. The event drew hundreds of people and helped raise \$4,364 for Mr. Vaillant's family to help cover the costs of his burial and other necessities.

The fundraiser was hosted by Big Apple owner Scott Van Duzer, who said it is important for him and the Van Duzer Foundation to help give something back to the community, especially in the aftermath of a tragedy. The foundation has donated money

Venel Vaillant

and offered other services for 93 families since it started, and Mr. Van Duzer said this one touched his heart profoundly.

"Everyone wanted to help that family and I wish we could have gotten a lot more people on board to do a big event, but it was a great night and we do the best we can," Mr. Van Duzer said. "The whole Centennial (High School) baseball team came out and the football guys came out, too."

"It showed a family that a lot of people care about them and that's what it's all about."

Venel, 16, drowned when he reportedly lost his balance and was caught in the rip current at Jensen Beach's Sea Turtle Beach, according to the Martin County Sheriff's Office. He was referred to by friend and classmates as "Mr. Centennial" due to his popularity at the school.

nine years now, and Mr. Van Duzer said he will continue to try and provide incentives and hope for the area's children. He started the First Step program and recently released a video at www.facebook.com/scott.vanduzer that he hopes people will like a share because it could help him earn \$100,000 from USA Today to expand the program to other areas of the state.

"We hate to have to do this, but we always try to do it for great causes and it's turned out to be a lot more than I expected," Mr. Van Duzer said. "But through this, we bring people together and I think everybody wants to help but they really don't know how or what to do."

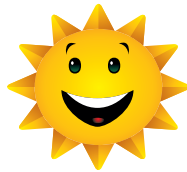

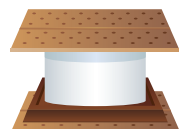

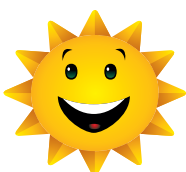

"We're just happy to be the place people can come to help out and show some love for the families that need it."

Battle nets record profits for diseases

For Hometown News

newsfp@hometownnewsol.com

FORT PIERCE – Thanks to Lip Sync Battlers, sponsors, donors and attendees, the Team Tommy Foundation raised \$12,934 for Myositis patients and their caregivers at Saturday night's second annual Lip Sync Battle at the Black Box Theater. The nine teams were narrowed down to the top five based on the judges ratings, audience approval, funds raised and overall lip sync-ability. The final five battled it out with close margins, but Team Danny, Wayne and Shawn took the winner's trophy in the end. Team Danny, Wayne and Shawn have bragging rights once again as the second-time champs continue to come up with outstanding, crowd-pleasing songs.

Teams began raising funds and awareness in February with pre-events including a community night at Side Door Brewing hosted by Team Gabby (Rothman) and Dana (Trabulsy) where proceeds from the evening were donated to the Lip Sync Team for their overall fundraising goals.

"It's humbling this response from this community," said Deb Pizzimenti the Foundation's Marketing Chair. "We never

in a million years thought that we could raise more than 30 percent of our goal of \$10,000, but knowing St. Lucie County, the supporters of this Foundation, and the people who loved Tommy, we should never have underestimated. It's really amazing what our small, but mighty non-profit is doing for these patients and their families."

All proceeds from the benefit go to Myositis patients and their families and caregivers. These patients have no hope for a cure, only a better quality of life. Having these funds will help them to get medications, medical devices, and other items necessary to make their lives easier.

"Tommy's last wishes were that people who suffered like he did get assistance that they needed. That's why we do what we do. We are so grateful to each of our contestants and teams for raising these much-needed funds. It was another outstanding night," said Laurie Boyer, Tommy's little sister and foundation co-founder.

Contact any Team Tommy Foundation Board member or e-mail laboyer13@gmail.com or info@teamtommy.org to learn more about Team Tommy and how to help.

like the EDC and great people who understand what this community has to offer," she said.

Mr. Tesch had previously addressed the members of the Planning & Zoning Commission April 20, emphasizing the significance of the yacht manufacturer relocating to St. Lucie County.

"There are 49 sustainable jobs that will be created as the result of this project," he said.

"The Sharps are second generation boat-builders, and they've built over 45,000 boats in California since 1960."

Tattoo Yachts originally came to the Treasure Coast through the efforts of the Business Development Board of Martin County. The organization's Executive Director, Tim Dougher said that although his organization was unable to find the company a new permanent home in Martin County, he's happy they will remain in the area.

"Martin, St. Lucie and Indian River Counties are all a part of a regional marketing effort called the Research Coast," he said. "Tattoo Yachts remaining here is good for the area's marine industry and economy."

Mr. Jones also spoke to P&Z Commission members, saying they would add another layer to the county's successful boat manufacturing sector.

"As a targeted industry, we welcome them and we welcome the jobs they're going to create," he said. "They join a really wonderful flotilla of boat companies here in St. Lucie County, which is a great thing for all of us."

Although she didn't address the County Commission, Ms. Sharp did speak to the members of the Planning Board about the company's plans to hire local workers for the 26,000-square-foot building on Sun Citrus Boulevard.

"A lot of our employees when we were in Martin County came from St. Lucie County, and we expect a number of them might want to come back," she said.

Right before the P&Z unanimous vote to recommend the approval of the project, board member James Clasby said he also appreciated the collaborative effort to Tattoo Yachts on the Treasure Coast.

"I love to see applicants come forward like this, especially when they're joined by our EDC and our Business Navigator," he said. "It shows that the county really is working towards bringing jobs to our county and just really helping to develop things."

For his part, Mr. Tesch emphasized the international connections the yacht builder already had in place.

"What's also very fascinating is that the Sharps are exporters, with many of their boats ending up in European markets," he explained. "So having a preferred manufacturer that is an exporter in our community is certainly desirable from an economic perspective."

Last March, Mr. Tesch and Mr. Jones also heralded the planned expansion of the Maverick Boat Group, Inc. of Fort Pierce, which builds fishing boats and employs nearly 300 people. The company plans to hire an additional 100 employees after building a new, 100,000-square-foot facility, County commissioners agreed during their March 28 meeting to provide the company a waiver from the average wage requirement, in addition to providing up to 100,000 in grant funding towards the project.

Maverick Marketing Director Charlie Johnson declined to give specifics recently, saying it was still too early to discuss the expansion.

"While we have closed on the property, we have not committed to breaking ground as we are still in negotiations on a number of aspects of the build out," he said at the time.

Kids Tag Art awards ceremony held

The St. Lucie County Tax Collector's Office, St. Lucie Public Schools and the St. Lucie Education Foundation launched a community partnership program that brings students, government and the public school system together to promote the importance of school art programs.

Kids Tag Art invites fifth grade art students in the public school system to design their own vanity license plates that anyone can purchase for the front of their cars. All funds raised directly support arts education in St. Lucie Public Schools, as the money raised by the students and teachers returns to their classrooms.

An awards ceremony was held Tuesday, April 11 to recognize students for their vanity plates.

"Kids Tag Art has raised hundreds of thousands of dollars for the arts in participating counties," said Chris Craft, St. Lucie County tax collector. "We hope to bring the same fundraising success to our county while promoting the arts."

All plates are available to purchase at www.tcscl.com.

Prestage Brothers host party

By Mike Winikoff

mwinikoff@hometownnewsol.com

SEBASTIAN — Ben Prestage is one of the best-known musicians on the Treasure Coast live music circuit. His “Florida Swamp Blues” is the unofficial soundtrack of life around the Everglades, surrounded by alligators and foggy back roads.

The Indiantown-based “one-man band” produces a lot of sound from one person, playing drums with his feet and a wide variety of instruments with his hands, while also playing harmonica and singing. Since 2015, he’s been performing occasionally with his brother Johnny “Debt” Prestage, also a multi-instrument one-man band.

The Prestage Brothers have now released their first album. You can celebrate with them and nine other Florida bands at a free CD release party Saturday, May 13 at Capt. Hiram’s in Sebastian. There will be continuous live music from 2 p.m.-1 a.m., with The Prestage Brothers taking the stage around sunset.

“I grew up in rural Florida, on a 14-mile-long dirt road, near the headwaters of the Everglades,” says Ben Prestage on his website. “It was seven miles either direction to the nearest paved road, and

Johnny and Ben Prestage

when you got to pavement, you still weren’t near a town. It was panther, gator, and cottonmouth country. Out there, there was only one kind of music in the house. Whether it was being played on an

instrument, or on a recording, it was blues.”

Ben Prestage learned his unique style while living in Memphis and working as a See PRESTAGE, page 14

Horoscopes

ARIES - March 21/April 20

Aries, finding what you desire when you haven’t made your own mind up about what you want can be challenging. Some soul-searching can probably come up with something promising.

TAURUS - April 21/May 21

Nagging doubts about an investment may be trying to tell you something, Taurus. Hold off on any bold moves until you feel more confident with parting ways with cash.

GEMINI - May 22/June 21

Gemini, if you have already committed to something, see it through. The end result may be something unexpected. Others are anxious to see what you can accomplish.

CANCER - June 22/July 22

Take the emotional plunge, Cancer. Someone special needs to hear about it pronto. This is not a week to clam up, but rather one to share your feelings and let others in.

LEO - July 23/Aug. 23

Going back to school might be the best path for you at this time, Leo. Although this might stretch your schedule to its limits, you’ll find the time if it’s important to you.

VIRGO - Aug. 24/Sept. 22

Volunteering can bring more meaning to your life, Virgo, especially if you feel yourself struggling right now. Giving back can sometimes make your problems seem small.

LIBRA - Sept. 23/Oct. 23

Libra, trips may seem like they have to be large undertakings, but that’s not always the case. Try for a short jaunt somewhere and enjoy the scenery.

On Mother's Day, give her what she deserves

May 14 – the special day is almost here. Mother's Day! The biggest restaurant day of the year, when almost half of the population eats out. Except at my house -- my wife would rather have me cook for her. I don't blame her. I can cook anything she wants anyway she likes it.

We really have a great relationship. I do all the cooking and food shopping and she has a full-time job but takes care of all the painting, plumbing, household finances, children, doctor appointments, car repairs, organizing trips, and most of all she is my buffer at dinner parties or meetings. She is the center of attention and I don't have to make idle conversations.

Oh, did I forget to mention she also is a nice person with a kind and giving heart. We really enjoy each other's company and it doesn't matter what we do as long as it's together. Does all this sound familiar?

Yes, Moms are special, their intense love for family is legendary, but their ability to nurture goes beyond words. From a scratched knee to a broken heart, a word

**CHEF COSTA'S

COSTA MAGOULAS**

from mom seems to heal all. So what can we do on Mother's Day to honor her? Flowers, candy and dinner — it's not enough. Nothing is enough!

We can start by honoring her every day. Make a breakfast on Saturday morning sometimes. Just say thank you when she does the laundry or tell her how nice the meal was she cooked. Stop taking the everyday things she does for granted and let her know how much you appreciate it. You will be surprised how much she will love it.

On Mother's Day, do something personal: a hand written note, a scrapbook of family photos, a special dinner with wine, and do it yourself from your heart. That will be something she deserves and will remember forever.

So what should you cook? I will give you a good idea.

STEAK AU POIVRE

Ingredients

2 tenderloin steaks, 6 to 8 ounces each, no more than 1-1/2 inches thick
Kosher salt
1 tablespoons whole peppercorns
1 tablespoon unsalted butter
1 teaspoon olive oil
1 teaspoon prepared mustard
1/3-cup beef stock
1/3-cup brandy or bourbon
1 cup heavy cream

Directions

Remove the steaks from the refrigerator for at least 30 minutes and up to 1 hour prior to cooking. Sprinkle all sides with salt. Coarsely crush the peppercorns with a mortar and pestle, the bottom of a cast iron skillet or using a mallet and pie pan. Spread the peppercorns evenly onto a plate. Press

the fillets, on both sides, into the pepper until it coats the surface. Set aside.

In a medium skillet over medium heat, melt the butter and olive oil. As soon as the butter and oil begin to turn golden and smoke, gently place the steaks in the pan. For medium-rare, cook for 4 minutes on each side. Once done, remove the steaks cover with a plate and set aside.

Add brandy to the pan and carefully ignite the alcohol with a long match. Gently shake pan until the flames die. Return the pan to medium heat and add the cream, mustard and stock. Bring the mixture to a boil and whisk until the sauce coats the back of a spoon, about 5 to 6 minutes. Season to taste with salt.

Add the steaks back to the pan, spoon the sauce over and serve.

Want to be wowed? Visit The Breakers

In 1936, Fortune Magazine declared The Breakers in Palm Beach, "undoubtedly the finest resort hotel in the world." After spending just a few days at this historic resort I must say that 80 years later, the title is still in the Palm Beaches.

Henry Flagler opened The Palm Beach Inn, the original Breakers Hotel, in 1897. A year later the Ocean Course, believed to be Florida's first golf course, opened for play. It wasn't until 1901, that the resort would become The Breakers thanks to savvy travelers requesting rooms on the oceanfront "down by the breakers".

After being destroyed by fire in 1903, Flagler vowed to rebuild and reopen the resort by the winter season. When it reopened in 1904, rooms started at \$4 per night and included three meals daily. In March of 1925, a careless guest failed to turn off her curling iron and, fed by the fresh ocean breeze, an ensuing fire consumed the entire hotel again.

The Flagler heirs, having inherited the resort shortly after Henry's death in 1913, again rebuilt. This time the hotel was built of stone and masonry in the Italian Renaissance theme. Several hundred Italian artisans were brought in to sculpt and paint. The rebuild took an astonishingly short 11-½ months and cost a then-staggering \$7 million.

Since that time, the resort has continu-

ally added here and there, but the grandeur and charm has remained untouched. The best addition came in 1970 when The Breakers became fully air conditioned, allowing the resort to stay open all year long. Prior it had been open only from December through April. A few years ago the resort completed a \$250 million revitalization and expansion program.

What I liked best about The Breakers (and the choice was a difficult one because everything is amazing) was the golf. My son and I even enjoyed a lesson at the John Webster Golf Academy before heading to the links to test our games.

At the Golf Academy at The Breakers, Webster has assembled the most complete, player-centered golf education experience at any top-tier resort in the country. Judging by my son's noticeable improvement from just one quick lesson, it's easy to see why the academy has become one of the top in the country.

The Breakers features two golf courses, the Ocean Course and the Rees Jones

street performer on historic Beale Street.

“I played out there a few times with nothing but a guitar and my voice. Once people heard me they liked it, but it was hard to get them on my side of the street with all the other music going on down there. There were some other guys out there who played drums with their feet, and they always got people’s attention. I started playing drums with my feet as an attention grabber but soon found out that the drums played with foot pedals actually enhanced my music dramatically. Not only were people listening and buying discs, they were now dancing and hollering to boot. Now I am

to the point where, if you close your eyes, you would think there was a professional drummer with a full-size drum kit behind me.”

Also performing at the day-long party will be Juke from Miami, Eugene Snowden and 10 Pints of Truth (Orlando), Firewater Tent Revival (Jacksonville), Packrats Smokehouse (Daytona), Beartoe (DeLand), Passerby (Gainesville), Gravel Kings (Fort Pierce), Lauris Vidal (Cocoa Beach), and Reverend Ron (Homestead).

Course.

The historic Ocean Course, located adjacent the resort on Palm Beach was redesigned and reconstructed by Brian Silva in 2000. The par-70 course measures just 6,167 yards, challenging your mind’s skills, rewarding wit over power. The constant ocean winds adding to the test.

Silva’s redesign of the course brought it back to its 1896 vintage design, while adding modern irrigation and drainage. The course features fabulous landscaping and fairways that weave between sandy hazards, embodying an old-world feel. The putting surfaces are elevated and flanked by deep bunkers and close-cut ‘green surrounds’, making a variety of recovery shots possible.

For those looking for a more modern challenge, The Breakers Rees Jones Course is located 11 miles west of the main hotel. Measuring 7,104 yards from the back tees, and

built in the neo-classic style, the course will test golfers of any ability.

While my game was severely tested, my son enjoyed the best back-nine of his life on the Jones Course. The course is just as immaculate and pristine as the Ocean Course, but with a little more room and a wider variety of hole designs and options.

While we were playing golf, my wife and our daughter were enjoying a Beach Bungalow, complete with all the amenities of a room, sans the bed. Throw in several pools to choose from, a pristine beach, your own personal concierge, and pampering beyond belief, and I think they were ready to move in.

A broad selection of distinctive restaurants, ranging from casual to fine dining, are available at the resort. We chose the Flagler Steakhouse for our dinner experience. And what an experience it was! We enjoyed wonderful seafood, tender steak, tasty appetizers and more from a diverse menu. Everything was paired with the perfect wine by our servers. My daughter declared the house-made chicken strips and the chef’s secret buffalo sauce the best she has ever had. The dessert was too tempting to pass up, even though we were full from our meals.

One of the resort’s best-kept secrets is its water-based recreation activities. Just a half-mile offshore lies one of the world’s most incredible coral reefs. It’s on my list of things to see the next time I stay.

The Breakers is currently gearing up for summer with a huge selection of specials for Florida residents to enjoy. To find out more, call (888) BREAKERS or visit the website, www.thebreakers.com.

Preparing your yard for hurricane season

With the Atlantic hurricane season just a few weeks away, it is again that time of year when we need to create a hurricane plan for our yards. Most of us remember all too well how much work it was to get your yard “hurricane ready” in just a few hours. Now is the time to plan and prepare your yard so if a tropical storm whirls on our doorstep, getting ready won’t be so complicated.

The first thing you should do at the beginning of hurricane season is to trim all your trees and bushes. Get rid of any foliage that is dead or might be hanging your house. If you have any dead or weak trees, cut them down so they don’t have a chance to do damage this year. Take a tour of your yard and make

a list of items that would be dangerous to leave lying around. This list should include patio furniture, loose garden ornaments, small potted plants, yard torches, arbors and even your gas grill. If you have a shed or gazebo, you might want to add extra tie downs to be sure they stay put and don’t wind up in Kansas. You can start early by limiting what you keep out in your yard during the peak months of August and September. If you own a swimming pool, you can throw all your patio furniture into the pool to help keep it from traveling across the state.

There are many plants you can put in your yard that are both attractive and also seemed to hold up fairly well during a hurricane. Hibiscus, Plumbago, Fire-cracker plant, Ixora, and even my roses seemed to hold up very well during our twin hurricane marathon in 2004. You may also want to consider some plant varieties such as Palmetto Bush, Passion-flower, Azalea Bush, Wax Myrtle, Live Oak and Southern Magnolia. These plants seemed to hold up well during past bouts with tropical systems. They also add a

GARDEN NOOK
JOE ZELENAK

natural beauty to your yard.

If you live near the ocean, planting becomes even more of a challenge because you need to have plants that resistant to salt spray. Remember that a hurricane can carry the ocean mist far inland with its 70+-mph winds. Plant varieties such as Indian Hawthorne, Saw Palmetto, Confederate Jasmine, Society Garlic, Daylily, Pittisporum, Oleander and Mexican Petunia can do very well

in areas where salt spray can be a problem. Gardenia plants also can fare well with less than 25 percent damage and full recovery after one growing season.

When planning your landscape, if you are going to plant large trees, you should always keep the distance from the tree to the house greater than the height of the tree when it is full grown. If you have any trees that are weak or leaning, either have them secured or remove them if they are within striking distance of your home. Another thing to look for are exposed roots. If the soil has been washed away from the roots of your trees, the root structure may be weakened and allow the tree to topple easily. Fill in these areas with soil back to the original ground level.

As you can see, with a few common sense tips and some good planning, you can have both an attractive and safe yard this hurricane season.

Touring with the Townies

Madelyn Madon, five and a half months and her mommy, Brittany Madon took a copy of Hometown News with them on their visit to Pike Place Market in Seattle.

Thanks for bringing us along!

Are you a fan of the Hometown News? Well, we are inviting you to take us along on your next adventure.

Each week, we will feature a different reader-submitted photo that showcases one (or more) of our Treasure Coast residents reading the Hometown News in a unique or exotic place. Whether you take a trip to the Grand Canyon or a cruise to the Bahamas, bring your Hometown News with you and have someone snap a picture.

Email your photo (at least 1 MB in size) to news@hometownnewsol.com and include your first and last name, the city you live in and the location/date of where the photo was taken. Type ‘TOURING WITH THE TOWNIES’ in the subject line.

Let's see how many places we can go!

From page 11

CAPRICORN - Dec. 22/Jan. 20

Capricorn, you can find a solution to a problem even if the answer eludes you for the time being. Don't overthink what has to be done. This is a time to act.

AQUARIUS - Jan. 21/Feb. 18

Aquarius, you always have time to do something for yourself, but you might need to put that on hold right now and focus on others. Forge ahead even if you are met with resistance.

PISCES - Feb. 19/March 20

Pisces, do not think about anything but having fun for the next few days. Others will begin to live vicariously through you.

SCORPIO - Oct. 24/Nov. 22

The time has come to spend less time thinking and more time doing, Scorpio. Turn a page in your life and you'll likely be satisfied with the results.

SAGITTARIUS - Nov. 23/Dec. 21

There are a few friends who have stuck by your side through thick and thin, Sagittarius. When one comes knocking at your door for help, give this person the support he or she needs.
