
JACKSONVILLE, FLORIDA

West Longitude .....81° 39′
North Latitude .....30° 20′

On the St. Johns River, 22 miles from the open sea.

Thirteen and a half miles, as the crow flies, from the Atlantic Ocean.

View on this page shows ten miles of a 30-mile driving beach.

Jacksonville Beach is reached by a 32-foot, electric-lighted concrete boulevard.

By this (Atlantic) boulevard it is 17 miles from Jacksonville to the beaches.

Note Jacksonville's convenience to the famous East Coast Inland Waterway from Boston to Miami.
