

Physician to report.

Every physician who shall visit or attend any patient suffering from cholera, yellow fever, small-pox, typhus fever, scarlet fever, diphtheria or measles, shall, within twelve hours, report such case to the health officer.

Introduction of person or thing liable to propagate disease to be reported.

No person or thing liable to propagate a contagious or infectious disease shall be introduced into the city, except by the consent of the health officer. And when it shall come to the knowledge of any person that such dangerous person or thing has been introduced into the city, such person having the knowledge thereof shall immediately communicate such information to the health officer.

Patients not to be removed.

No person suffering from a contagious or infectious disease shall be removed from one place to another, except by permission of and under the direction of the health officer.

Isolation.

Persons having an infectious or contagious disease, and all articles exposed to infection therefrom, shall be immediately isolated, and no person except the attending physician, nurses and spiritual adviser, shall be allowed access to the room containing the affected person.

Disinfection of clothing, bedding, etc.

Convalescents from an infectious or contagious disease, and their attendants, shall not be permitted to leave their premises until their clothing shall have been properly disinfected. Vessels, bedding and other articles used by persons having a contagious or infectious disease shall be thoroughly disinfected or destroyed under the direction of the attending physician or health officer.

Penalty.

Any person violating any of the provisions of this section shall, upon conviction before the Municipal Court, be fined in a sum of not less than ten nor more than fifty dollars, or be imprisoned for not less than ten nor more than fifty days.

Ib., Sec. 12. Burial of garbage, etc.

SEC. 707. Excretal and garbage consisting of animal matter shall not be buried within the corporate limits of the City of Jacksonville, except as hereinbefore provided.

Vacant lot to be kept clean.

Every owner or agent of a vacant lot shall keep such lot in a clean and sanitary condition, and shall remove any excretal, trash, weeds or garbage from same within twenty-four hours after receiving notice from health officer or sanitary inspector.

Rotting moss and palmetto.

The rotting of moss and the deposit of the refuse palmetto fiber is prohibited within the city limits.

Emptying drain into stagnant water.

Excavations for buildings, drains, ditches or otherwise, or for laying drain, gas or water pipes within the city limits are prohibited from the first day of June to the first day of November without written permission from the health officer. If an epidemic should arise requiring such proceeding, the health officer shall have power and authority to prevent any excavation or re-
