

other proper buildings for railroad purposes upon the portions of the following streets, viz: Julia, Cedar and Clay, or so much of the latter as lies within the corporate limits lying south of Bay street to deep water; Provided, no track or tracks shall be built across Julia street, within two hundred and seventy-five feet of the south side of Bay street; And provided, also, That no building other than wharves shall be built in said Julia street; and to have and enjoy the full use of the same, with the exceptions above mentioned, for the term of twenty-five years, said railroad company paying one dollar a year to said city therefor.

Authority to use, or fill up or construct wharves, etc., on portions of certain streets. Book A, p. 331, Sec. 1.

THE EAST FLORIDA RAILWAY COMPANY.

SEC. 1187. The East Florida Railway Company shall have the right to construct, maintain and operate its railroad within the corporate limits of this city from the western boundary thereof across Commercial street and such other street or streets as may hereafter be laid out intersecting the course of said railroad, to the navigable waters of the St. Johns river and McCoys creek at what is now known as the Bradbury Mill Tract.

May cross Commercial street. Sec. 1 of an ordinance approved Jan. 11, 1881.

And said company may, and it is hereby authorized to lay its main track and such side tracks as may be needed for the purpose of properly carrying on the business of the corporation across Commercial street within the limits of the said "Bradbury Mill Tract."

May lay necessary side track.

Provided, That the said railway company shall, at its own cost and expense, fill in and maintain the grade of said street from the Florida Central track to ten feet south of the southernmost track crossing said Commercial street, so that the top of the rail shall be on a level with the said grade, and shall keep said street and the sidewalks thereon adjacent to said crossing at all times in good condition so as to offer no impediment to the passage of persons, animals and vehicles over said track or tracks.

Company to fill in street.

To keep in good condition for crossing.

Provided, That if the said railroad requires more than two tracks they shall be allowed to construct them conditionally upon constructing a bridge elevated above all tracks crossing Commercial street.

To erect elevated bridge.

SEC. 1188. The rate of speed at which the locomotives, cars or trains of said company, or any other company or companies, person or persons, shall pass over said road within the city limits, shall not, at any time, exceed five miles per hour. Said company shall notify persons traveling or passing along said street or streets of the approach of any locomotive, car or train over said road, by means of a flagman stationed at the crossing, who shall give such notice by the usual signals, at least five minutes before such locomotive, car or train reaches the crossing of said street or streets.

Speed allowed lb., Sec. 2.

Flagman.
