

terminated and fixed, and the annual levies of the year 1894 are hereby made, as provided in the following sections:

Board of
Public Works.

SEC. 2. Upon all property assessed upon the 1894 city assessment roll of the taxable property in the City of Jacksonville, as approved and adopted by the City Council, on each dollar assessed there is hereby levied for ordinary corporation purposes a tax of six mills, two and one-half mills of which is levied to be used for the purposes other than for the use of the Board of Public Works, and three and one-half mills of which is levied for the use of the Board of Public Works.

Waterworks
and fire
protection.

SEC. 3. In addition to the levies in the preceding section of this ordinance, upon all the property within the City of Jacksonville, and within one thousand feet of a water main or hydrant, as assessed upon the 1894 city assessment roll of the taxable property in the City of Jacksonville, approved and adopted by the City Council, on each dollar assessed, there is hereby levied for waterworks and fire protection a tax of three mills.

Interest on
bonds.

SEC. 4. In addition to the levies in the preceding sections of this ordinance upon all the property within the limits of the City of Jacksonville, as they existed prior to the 31st day of May, A. D. 1887, as assessed upon the 1894 city assessment roll of the taxable property in the City of Jacksonville, approved and adopted by the City Council, on each dollar assessed there is hereby levied to pay interest on outstanding city bonds, a special tax of two and eight-tenths mills.

Form of
assessment
roll.

SEC. 5. The Comptroller, in estimating and carrying out the taxes assessed upon the assessment roll, shall set down, in separate columns and under separate headings, the amounts of taxes for the several purposes for which such taxes are levied by the City Council, as follows:

First. To the right of the columns of valuation, under the single heading, "Ordinary Corporation Purposes," shall appear in two columns the amounts of taxes assessed for ordinary corporation purposes, the first column under the sub-heading "Two and One-Half Mills, Other Than Board of Public Works," containing the amounts of taxes levied for ordinary corporation purposes to be used for the purposes other than for the use of the Board of Public Works, and the second column under the sub-heading "Three and One-Half Mills, Board of Public Works," containing the amount of taxes levied for ordinary corporation purposes for the use of the Board of Public Works; to the right, under the heading, "Three Mills, Waterworks and Fire Protection," shall appear in a column the amount of taxes levied for waterworks and fire protection; to the right, under the heading, "Two and Eight-Tenths Mills, Special Interest Fund Account of
