Venus? sp.
Panope brooksvillensis Mansfield
Teredo? incrassata (Gabb)

Echinoidea:

Cassidulus gouldii (Bouvé)

Holmes County—There are few known exposures of the Suwannee limestone in Holmes County. Vernon (1942, p. 65) reports 8 feet of cream-colored to light-gray sandy, argillaceous limestone in a small sink on the Hudson farm in the SW¼ NW¼ sec. 15, T. 5 N., R. 17 W., 5½ miles north of Ponce de Leon. He lists 25 species of Foraminifera, including *Lepidocyclina* cf. *L. undosa tumida* Vaughan, 10 Ostracoda, and 5 Mollusca, namely, *Chione bainbridgensis* Dall,
