

The clerk at Caz's Bait & Tackle arrived last week to find the store had been burglarized.

Approx. \$1,000 in beer, cigarettes stolen in break-in

by Teresa Eubanks, Journal Editor

The Liberty County Sheriff's Office is investigating a March 27 break-in at Caz's Bait & Tackle on CR 333, where someone made off with over \$560 worth of beer, nearly \$400 in tobacco products and groceries worth four dollars.

Store clerk Jeris Barbee arrived at work that day around 10 a.m. to find the glass in a side door had been broken, allowing someone to reach in and unlock the door and enter the business.

As of Tuesday afternoon, no arrest had been made but those involved appear to have left plenty of evidence behind.

Deputies found several tire and foot tracks at the scene, as well as footprints on the front door where someone had tried to kick it in.

A square shovel was used to knock out the glass in the side door. Three muddy fingerprints were found near the door's deadbolt.

Several shoe prints, described as narrow and measuring more than 12 inches in length with a pointed toe, were found. The prints showed a distinctive circle pattern at the ball of the foot.

The same footprints were found all over the property.

Small tire tracks at the scene indicated the thief or thieves used an ATV or small car.

Store owner Hubert Pitts later found a moist t-shirt from a trail leading to a lake on his property, where more tire and shoe tracks were found matching those at the store. A couple of beer cans believed to have been taken from the store had been left near the water.

The sheriff's office got an accurate count of the stolen goods because of a recent store inventory.

Evidence collected at the scene is being turned over for lab evaluation.

"It looks like it may have been one but there might have been two," said Pitts about the thief. He said the break-in happened between 7 p.m. and 8 a.m.

He added that he will be replacing the damaged door with a steel one with bars.

Liberty County featured on 'Untold Stories: Behind the Squatch'

by Teresa Eubanks, Journal Editor

A behind-the-scenes program showing how the series "Finding Bigfoot" is made aired on Animal Planet Sunday night and featured the crew during their recent visit to Liberty County.

The actual "Finding Bigfoot" episode they were here to film won't be shown for several months, but the March 31 "Untold Stories: Behind the Squatch" program featured a group gathered for interviews in Hosford and followed the crew on a night shoot in Torreya State Park.

The interior of the historic Wesleyan Church in Hosford was well-documented as community members took part in the

Town Hall segment featured in each "Finding Bigfoot" episode.

Sarah Carpenter of Bristol was filmed as she signed in for the meeting. She said she was surprised to see people she knew at the gathering who had never before publicly discussed their stories about unusual experiences with what they believe to be a Bigfoot-like creature.

The program then showed the crew as they prepared for their excursion into Torreya State Park, where Stacy Brown, Sr. and his son, Stacy Brown, Jr., both of Crawfordville, say they filmed an unusual creature with a thermal imaging camera one night.

"The Brown's footage was really

interesting to see," said Torreya Park Manager Steve Cutshaw, who worked with the film crews. He was with the group as they filmed one of the show's cast members, James "Bobo" Fay, while he reenacted the footage shot by the Browns in an effort to determine stride length and size of the figure shown in their video. A side-by-side comparison was made of the two images in the show.

It was that bit of video by the Browns that brought the TV crew to Torreya State Park. They filmed near the Rock Creek Campsite, about a mile due east of the Gregory House by trail, according to Cutshaw.

The crew had a bit of fun with cast member Matt MoneyMaker, who is known for taking quick naps on location while waiting for the crew to get everything set up. On Sunday's show, he was seen on his side on the ground, head propped in his hand, as he grabbed a short snooze in front of the first pavilion at the main picnic area at Torreya. "He was a hoot," said Cutshaw.

Will the scenes filmed among the needle palms, swamps and pine trees in Torreya State Park impact tourism? "I'm sure it will, but I don't know to what degree," Cutshaw said. "We'll know once the Finding Bigfoot episode airs. They do have a following."

EGG HUNT

Passenger admits they drove east across westbound bridge Paralyzed driver operating pedals with stick arrested on DUI charge

by Teresa Eubanks, Journal Editor

A paralyzed man using a stick to operate the pedals in an SUV was charged with DUI after a 1:27 a.m. traffic stop in Bristol, according to a report from the Liberty County Sheriff's Office.

Deputy Jarrod Taylor was patrolling along CR 12 South Sunday morning when he came up behind an SUV that went off the edge of the road three times. After turning onto SR 20, the driver crossed the centerline twice and randomly hit the brakes before finally pulling into a church parking lot.

Taylor noticed the strong odor of alcohol as he approached the driver, Justin Travis Gotshall, 24, of Bay County.

JUSTIN GOTSHALL

In the arrest report, the deputy noted Gotshall appeared to have difficulty understanding what he was saying and his speech was slurred when he replied to questions.

When asked to see his driver's license, Gotshall handed over a Florida ID. When asked again for his license, Gotshall replied, "To be honest, I don't have any."

Gotshall acknowledged that he had been drinking and said he was headed home to Bayou George after attending a Kinard bog-in. The deputy explained that when he left Kinard, he was 20 minutes from home but he was now about 45 minutes away, heading in the wrong direction.

Woman arrested after series of 911 calls during traffic stop

CYNTHIA A. JONES

A Blountstown woman was charged with misuse of 911 after she made repeated calls to the emergency number during a traffic stop in Liberty County last week.

Liberty County Deputy Jarrod Taylor made a traffic stop at SR 12 and Dempsey Barron Road around 9 p.m. on March 25 after seeing a vehicle traveling ahead of him drive onto the center

line as oncoming traffic approached. The car also drove onto the shoulder of the road twice.

After the driver stopped, the deputy approached the car and spoke with the driver, Anthony Johnson III, who said he did not have his license with him.

As they spoke, a back seat passenger identified as Cynthia Arnez Jones, 27, started yelling at

the deputy, telling him, "You're harassing us!"

When the deputy returned to his patrol car to talk with dispatch, he was told they had received numerous 911 calls from the back seat passenger in the vehicle he had stopped.

He returned to the car and asked her to step out to talk to him about her calls. She told him she feared for her family during the

traffic stop.

The deputy advised her of her rights and arrested her.

In his report, the deputy noted there were two young female passengers in the vehicle who were laughing and talking with each other, seemingly unconcerned about the traffic stop.

During a review of the 911 tapes, the deputy heard the woman say they were being harassed and that she feared for her life and the lives of her family.

Dispatchers advised the deputy that the repeated calls from Jones delayed their response to other 911 calls being made at the same time.

Hosford man charged with stealing aunt's car

A 21-year-old Hosford man was arrested for grand theft for taking off with his aunt's vehicle after she declined to drive him to his girlfriend's house in Bristol one night.

VICTOR HERNDON

According to the arrest report, the car's owner said Victor Herndon asked for a ride but she turned him down because it was too late in the evening.

She said she went outside later that evening after hearing a noise and found Herndon standing behind her car with a hood on his head.

When she asked what he was doing, he told her that he was playing around and was going

to scare her.

Ten minutes after she went inside her house she heard the car engine start. She walked outside and saw Herndon backing out of the driveway in her car. When he did not respond to her calls to stop she contacted the sheriff's office.

Deputies found the 1995 Toyota Camry parked at the home of Herndon's girlfriend on Pea Ridge Road in Bristol.

He was taken into custody at the scene.

Tallahassee man charged with DUI refuses breath test

A Tallahassee man stopped after a Calhoun County deputy pulled him over for going 26 miles over the speed limit was arrested on a DUI charge after he was unable to take part in a roadside sobriety exercise.

David Yon, 46, was traveling east on SR 20, coming from Clarksville at 6:15 p.m. Saturday, when the deputy noticed he was speeding. Yon told Calhoun County Deputy Bobby Sims he was coming from Altha. He could not find his driver's license or registration information.

When asked if he had been drinking, Yon said he had consumed two beers.

He was taken to the county jail, where he refused to give a breath sample to determine his level of intoxication. Because of his refusal, his license will be automatically suspended for 18 months.

Yon was charged with DUI and refusal to submit to a breath test. He was given a written warning for unlawful speed. He received verbal warnings for failure to provide a driver's license, registration and insurance information, as well as an expired vehicle registration.

DAVID YON

DONALEE LOMPRESZ

Woman offers to show modeling photos, begins stripping during traffic stop

A woman apparently trying to prevent getting caught driving with a suspended license made an unsuccessful attempt to distract the Blountstown Police Officer who stopped her by hanging out her window and yelling to him, "I'm a model. Do you want to see my pictures?"

He did not.

Blountstown Police Officer Adam Terry caught Donalee Elean Lomprez, 26, of Monticello, going 10 miles over the speed limit as she drove into Blountstown just before 10 p.m. March 13.

After he pulled her over at the intersection of SR 20 and 71, Terry told Lomprez that no, he did not care to see her photos and instructed her to remain in her car.

She did not.

According to Terry's report, Lomprez got out of the car, came toward him and began acting erratically and "jumping around." He ordered her to stop and put her hands on her vehicle. He called for a deputy with a camera car to join him at the scene to record the traffic stop.

The tag on her car had been issued for a trailer. As Terry started to run her car's Vehicle Identification Number to verify ownership, she started taking off her clothes. He told her to put her coat and shirt back on. She complied.

After learning that her license was suspended, he told her she was under arrest. She refused to be handcuffed, forcing Terry and Calhoun County Deputy Nate Jordan to put them on her and put her in the patrol car.

Lomprez was charged with driving while license suspended or revoked and resisting arrest without violence. She was also issued a citation for attaching a tag not assigned and given a written warning for speeding.

ARREST REPORTS

compiled by Journal Editor Teresa Eubanks

Two Tallahassee men charged after marijuana and Ecstasy found in car

Two Tallahassee men are facing drug charges after a traffic stop in Bristol early Friday morning.

Liberty County Sgt. Jody Hoagland and Sgt. Bobby Revell were monitoring traffic near the Liberty/Leon County line on SR 20 at 12:16 a.m. Friday when a vehicle without a tag light appeared to be going over the speed limit.

The westbound vehicle, driven by Herbert L. Dickey III, 22, was pulled over at the intersection of SR 20 and Crow's Corner on Hwy. 267.

The officers noticed the strong odor of raw marijuana when the passenger, Shane M. Cobb, 20, rolled down his window.

The two were asked to step out the car. Upon seeing that something was in Cobb's left front pants pocket, Hoagland asked what did he have. Cobb hung his head and replied, "Weed."

He was handcuffed and a baggie containing 30 grams of marijuana was pulled from his pocket.

HERBERT L. DICKEY III

SHANE M. COBB

During a search of the car, officers found a red Folgers coffee can in the back seat passenger's side floorboard. It held 15 grams of marijuana, 23.2 grams of Ecstasy - also known as "Molly," along with a large number of small baggies consistent with the distribution of illegal narcotics.

A digital scale was found in a plastic container wedged between the driver's seat and front center console.

The driver was charged with possession of more than 20 grams of marijuana, possession of drug paraphernalia, trafficking in a controlled substance, possession of marijuana with intent to sell and possession of a controlled substance with intent to distribute.

His passenger was charged with possession of more than 20 grams of marijuana.

Man arrested after refusing to leave off-road event Saturday

An intoxicated man said to be creating a disturbance at Saturday's Tri-State Off Road Park event didn't want to leave when deputies came to remove him from the property at the request of the owner.

When deputies arrived around 8 p.m., several people pointed out Jason Michael Tolin, 27, of Panama City, who was said to be very drunk and "trying to fight everyone."

They found Tolin near the concession stand, advised him they had received several complaints about his behavior and gave him a chance to leave of his own free will. Tolin apparently agreed to leave and asked the deputies if they would follow him to the other side of the bog hole, where he would meet up with his father and get a ride home.

Once the three crossed the bog hole, Tolin disappeared into the crowd.

Moments later, the deputies were approached by a man who asked them to remove Tolin, who was sitting on his trailer.

As the deputies caught up with him, Tolin's brother, who was sitting nearby, said he was taking him home.

The men got in a truck and as they began to drive out of the park, Tolin jumped out of the moving vehicle and ran toward the exit.

Deputies then took him into custody on a charge of disorderly conduct. He was later given a conditional release.

JASON M. TOLIN

PARALYZED DRIVER

continued from the front page

When asked if he could take part in a roadside sobriety evaluation, Gotshall said he couldn't because he was paralyzed. The deputy then inquired how he was operating the vehicle. Gotshall held up a wooden stick.

After helping the driver out of the vehicle and into his wheelchair, he was asked if he would give a breath sample for testing. "Hell, no," he replied. "I will not take any of those tests."

He was then handcuffed and assisted with getting into the patrol car.

Gotshall's brother, Andrew Gotschall, was riding with him. When the deputy asked why he wasn't behind the wheel, he told him that he knew his brother was drunk "but he wanted to drive."

About ten minutes before the traffic stop, the sheriff's office received a report of an eastbound vehicle going the wrong way on the old bridge. The driver's brother confirmed it was them.

Liberty Sheriff's Office collecting prescription drugs through April 27

The Liberty County Sheriff's Office will be participating, in conjunction with the Drug Enforcement Administration (DEA), in the collection of unused and unwanted RX prescription drugs from

now through April 27.

Drop off spot is at the Liberty County Sheriff's Office.

For more information contact the office at (850) 643-2235.

February 2013 unemployment rates the lowest since Oct. 2008

Florida's seasonally adjusted unemployment rate was 7.7 percent in February 2013, the lowest since October 2008 when it was 7.4 percent. The February rate was down 0.2 percentage point from the revised January rate of 7.9 percent and was 1.3 percentage points lower than the year ago rate of 9.0 percent.

There were 729,000 jobless Floridians out of a labor force of 9,427,000. The U.S. February unemployment was 7.7 percent. Florida's seasonally adjusted total nonagricultural employment was 7,479,700 in February 2013, an increase of 7,800 jobs over the month.

The unemployment rate for the Chipola Workforce Region (Calhoun, Holmes, Jackson, Liberty, Washington) was 6.8 percent in February 2013. Out of a labor force of 48,668 there were 3,286 unemployed region residents.

'From High Wire To Swiftwater' at Blountstown Library April 27

"From High Wire To Swiftwater" is the name of the next Arts Series Event at the Blountstown Public Library.

The show is Saturday, April 27 from 6:30 to 8:30 p.m. in the Heritage Room and Courtyard. It is open to the public, free of charge and reservations are not needed.

The evening opens with author Liliane Parbot-Johnson of Bristol. She was born in France and at the age of 13 would ride her bike on the sidewalks of Paris to ballet and acrobat lessons, during air raid alerts, then began performing as a contortionist, a few years later, working in theaters, nightclubs and for the USO in the zone of Germany occupied by U.S. Military Forces.

When she turned 21 she made her first trip to America performing on Broadway in New York then to Sarasota

ABOVE: The Swiftwater band to perform at library. RIGHT: Guest speaker Liliane Parbot-Johnson of Bristol is pictured holding a copy of her book, *From Circus Dream to Three-Ring Reality*.

to join Ringling and Brothers Circus, the Greatest Show On Earth as a high wire acrobat. Her book *From Circus Dream to*

Three-Ring Reality tells her life story and it is one you don't want to miss hearing about. She will be selling and signing it.

After a break for light refreshments we will shift out under the stars to the Courtyard (weather permitting). It is there we will be entertained by the local group 'Swiftwater' as they play a fusion of bluegrass, gospel, positive country and a bit of contemporary gospel.

The members that will be here are Alvin and Wretha Webb from Altha, Mary Cathryn Jacobs from Blountstown and Larry Strickland from Bristol.

The beautiful variety of voices and harmonies are what stand out in this group, as well as the quality of music they choose to perform. They have recorded three CDs and will have them for sale.

The Library is excited about inviting you out for a fun, relaxing, family friendly program.

Y'all come now!

'Grow As You Go' art series continues at Blountstown Library

The Blountstown Public Library announces a continuing artist series with instructor Tom Stratton, "Grow As You Go."

These fun ongoing classes will begin Monday evenings in May and run as long as there is interest. Sign up for each month is required at the front desk or by calling 674-8773.

Mr. Stratton is opening the classes to all levels from beginner to advanced. Each student will be given instruction that

suits their ability. The areas being covered will include sketching, color, depth, dimension, composition and design. Whether you enjoy drawing nature, people, or animals these classes will provide information needed to create beautiful professional renderings. For easy, no mess work, colored pencils will be used but the

information learned can be easily transferred to other mediums.

May 6, 13 and 20 classes will be held from 6-8 p.m. in the Heritage Room reached from the back parking lot. Students are responsible for their own materials which include Prisma Color Pencils and Gray Canson pastel or drawing paper, available online with Dick

Blick Art Materials or any arts/crafts store. The cost is \$10 per session or when paying the month in advance a \$5 discount will be given. Limit is 15 participants.

Tom has opened his series to youth 11 to 18 years-of-age as long as they are accompanied by parent or guardian who has signed up to take the class too. Here's a chance for that family quality time!

Local Health Departments participating in Public Health Week; schedules April events

Good health doesn't happen by chance, good public health is shaped and nurtured and connected to the environments in which we live, work and play. Since 1995, communities from coast to coast have observed National Public Health Week every April, celebrating the work of public health and coming together in support of better health for all.

National Public Health Week is an opportunity for each of us to take small, easy steps to protect our health, and increase awareness of making healthy choices. Locally we have various programs available to assist our communities with making healthy choices.

One program offered is the Pediatric Dental Program. It's important to take care of your mouth and teeth starting in childhood. If you don't, you could have problems with your teeth and gums - like cavities or even tooth loss.

You can keep your mouth and teeth healthy by brushing your teeth every day with a fluoride toothpaste, clean between your teeth every

day with floss or another type of between-the-teeth cleaner, snack smart - limit sugary snacks, don't smoke or chew tobacco and see your dentist or oral health professional regularly.

The Liberty County Health Department is accepting Medicaid and Denta Quest eligible patients between the ages of 0 and 20. We provide comprehensive dental services. Please call (850) 643-2415 for an appointment.

The Calhoun and Liberty County Health Departments have many outreach programs including Healthy Nutrition, Healthy Start, Tobacco Prevention and the Teen Outreach Program. Another program that greatly impacts the health of our citizens is the Adult and Child Immunization Program. You can help protect yourself and others against seasonal flu and other vaccine-preventable diseases by getting immunized. Consider your lifestyle and location when deciding whether to get vaccinated against hepatitis A and B. There is

no vaccine yet for hepatitis C.

In celebration of Public Health Week the following events have been scheduled through the month of April.

- **FREE blood pressure checks** on Friday, April 5 at Centennial Bank in Blountstown and Bristol.

- **FREE 5K run/walk:** In honor of Public Health Month we will be holding a FREE 5K run/walk at Coopers Park in Blountstown on Saturday, April 20. Registration starts at 8 a.m. (CT) and the race starts at 9 a.m. (CT). Free shirts and other giveaways will be provided for all participants in the race.

- **Free door and window alarms:** Drowning can be a silent catastrophe, one that can happen in the few minutes you take to answer a phone call or run inside for a towel. We have FREE door and window alarms available at both the Calhoun and Liberty County Health Departments for households that have access to a pool or to a body of water such as a lake, river or canal. Please stop by and pick up your free alarm.

Dog dropoffs are cruel

To the editor:

Please do not drop your unwanted dogs off on Burnt Bridge Road. Dogs are pack animals and they do not know how to hunt and live by themselves. You are condemning the animal you drop off to a death of starvation, which is long and cruel.

Remember, what you do to these animals may come back to you, and you too could experience a little of what you put these animals through.

Keep Calhoun County Beautiful, Inc. KCCCB joins largest community improvement event April 8-13

Keep Calhoun County Beautiful, Inc. is announcing a clean-up campaign, whereby local citizens can participate in the largest annual community improvement program in America.

You may participate in this effort by bringing your white goods and old furniture to the Recycling Center located at 17588 NW Magnolia Church Road from 8 a.m. to 4 p.m., Monday through Friday, April 8 -12 and Saturday, April 13 until noon.

If you have any questions you

may call 674-9395 and leave a message.

This effort is made possible by Waste Pro, a local sponsor who is providing dumpsters for this event. No hazardous goods, household

waste, or tires will be accepted. For household waste, call 674-8075.

This KAB program harnesses the power of over 4 million volunteers to build vibrant communities. Each year, over 1,200 affiliates, of which Calhoun County is one, and participating organizations engage volunteers to take action in their local communities through programs that deliver positive and lasting impact, through events focused on beautifying parks, picking up litter, planting trees and flowers, conducting educational programs and litter free events.

In 2012, 4.2 million GAC's worked tirelessly to return nearly \$230 million in measurable benefits in 20,000 communities across the country.

Community Calendar

Wednesday, April 3

BIRTHDAYS ~ Wendy Lampkin Millette, Greg Reese

TODAY'S MEETINGS

- Rotary Club, noon, CL Hospital
- AA, 7 p.m., Calhoun Co. Ag Bldg. E door, in front of jail

Thursday, April 4

TODAY'S MEETINGS

City of Bristol honors military families April 17

The City of Bristol has proclaimed April 17 as Military Family and Community Covenant Day.

Mayor Steve Cutshaw and the Bristol City Council adopted a Proclamation to express their unwavering support and admiration to all current and former military personnel for their true and faithful service and further recognize the tremendous sacrifices of their families.

On Wednesday, April 17 from 1-4 p.m. The City of Bristol invites all active and former military personnel and their families to come by City Hall and enjoy refreshments and allow us to thank you.

Calhoun Senior Citizens plans general members meeting April 16

The Calhoun County Senior Citizens Association will be having their quarterly general membership meeting on Tuesday, April 16 beginning at 8 a.m.

This is your opportunity to join our Board of Directors and learn what goes on here at the Senior Center.

You are invited to attend to listen and ask questions.

Sewell, Ray and Thompson family reunion April 13

The 69th Annual Sewell, Ray and Thompson family reunion will be held Saturday, April 13 at the Camp Head Church located just off 274 West on Camp Head Church Road.

The gathering starts around 10 a.m. (CT), so bring your lawn chairs and your lunch baskets. Come early for fellowship.

For more information contact William Sewell at (850) 674-5674 or Mary Lou Cumbie at (850) 227-4625.

The Calhoun-Liberty Journal is published each Wednesday by the Liberty Journal Inc., Summers Road, P.O. Box 536, Bristol, FL 32321. Annual subscriptions are \$18. Periodicals postage paid at Bristol, FL. POSTMASTER: Send address corrections to: P.O. Box 536, Bristol, FL 32321.

Late Night Laughs

A RECAP OF RECENT OBSERVATIONS BY LATE NIGHT TV HOSTS.

North Korea is now threatening the United States with all-out war. You can see they're stepping it up. In fact, they released 10 more photos of Kim Jong Un looking through binoculars.

— JAY LENO

Wal-Mart will test a new delivery method for customers who order online. They're asking shoppers to drop stuff off for other shoppers on their way home. In exchange, Wal-Mart would give them a discount on their bill. So if you always wanted to work for Wal-Mart but didn't want to get bogged down with the paycheck and healthcare, this is for you.

— JIMMY KIMMEL

North Korea is now threatening the United States with all-out war. What did Dennis Rodman say to these people? What did he do?

— JAY LENO

Last week Justin Bieber had to leave his pet monkey with customs officials in Germany after he entered the country without the right paperwork. Officials told him, "You have to leave your little friend behind. And the monkey said, "Sorry, Justin, I guess you've got to stay."

— JIMMY FALLON

According to the United Nations, more people have working cellphones than have working toilets. Hey, so do most Carnival cruise ships. That's not unusual.

— JAY LENO

Researchers found that 25 percent of people say they've pulled an April Fools' Day prank on someone. And 22 percent say they have been pranked themselves. Which means there are 3 percent out there who have been pranked and don't know it yet.

— JIMMY KIMMEL

North Korea is warning the U.S. that war with South Korea may break out at any minute. Or as Obama put it, "Can't believe I'm doing this. Get me Dennis Rodman."

— JIMMY FALLON

I'm worried about the Yankees. They're in a lot of trouble. Alex Rodriguez and Derek Jeter are on the disabled list. Jeter, of course, is recovering from a broken ankle. A-Rod is still getting over Cameron Diaz.

— DAVID LETTERMAN

The Pennsylvania Game Commission has charged a man with going deer hunting with a handgun in a Wal-Mart parking lot. He is being charged with reckless endangerment, but may plead guilty to the lesser charge of being a redneck....Hunting in a Wal-Mart parking lot. That's got to be some good eating — a deer that lives on leftover Twizzlers and Mountain Dew.

— JAY LENO

A number of major corporations pulled pranks online. Google introduced a feature called Google nose. YouTube said they were shutting down for two years to pick the best video on the site. And Apple made their user agreement hundreds of pages long. Oh, that was not a prank? Silly me.

— JIMMY KIMMEL

President Obama is getting ready to unveil his new budget nine weeks after its original due date. Or as his dog Bo put it, "Yeah, yeah. I ate the first draft. I know the drill."

— JIMMY FALLON

People and the president vs. the gun lobby

WASHINGTON—Running for office several times during the decade he served as governor of Vermont, Howard Dean had the endorsement of the National Rifle Association. Some people find that surprising because Dean ran for president as an outspoken liberal, but it's easy to explain, Dean said in a recent television interview. Members of the NRA in Vermont are hunters and sportsmen, and respect reasonable restraints on gun ownership.

According to polls, 90 percent of the public support expanded background checks of people who purchase guns, and that includes 80 percent of gun owners, and 80 percent of Republicans. Yet the NRA continues to block closing of the gun-show loophole, which allows some 40 percent of gun sale transactions to take place without a background check.

The NRA is not responding to rank and file members in Vermont and other states around the country where there is a strong gun culture. It is doing the bidding of gun manufacturers, not the sportsmen who once were the backbone of the organization.

Historically, powerful moneyed interests have always had undue influence on Congress. More than a century ago the Robber Barons flexed their muscles as a collection of economic interests — oil, railroads and steel. They bought the loyalty of politicians and dictated not only what happened in Washington but in state legislatures around the country.

WASHINGTON MERRY-GO-ROUND

by Douglas Cohn and Eleanor Clift

Corporate money and its influence over elected officials prompted Senators John McCain, R-Ariz., and Russ Feingold, D-Wisc., to champion and pass bipartisan campaign finance reform in 2002. But under the guise of equating political donations with free speech, the Supreme Court chipped away at McCain-Feingold and then, in the 2010 Citizens United case, the Court lifted almost all restraints on political giving.

That's the world we're living in now, and it helps explain why there is such a gap between what the voters want in common-sense gun reforms, and what Congress is prepared to do. It has been more than 100 days since 28 people were gunned down in Newtown, Connecticut, including 20 six-year-olds, and Congress is still dithering over what to do, with a strong sense that in the end the Republican-controlled House of Representatives would like to do nothing.

Congress is on Easter break and a number of groups formed in the wake of the Newtown tragedy are making

their voices heard in congressional districts around the country, urging lawmakers to come back and vote for a package of remedies to reduce gun violence. These groups want to demonstrate that they too have clout, that the lawmakers will have more to fear than the NRA on Election Day.

Thursday at the White House, President Obama stood in the East Room flanked by 21 grieving women who had lost children to gun violence as recently as 35 days ago. In an emotionally charged speech, the president tried to rekindle the urgency Americans felt after Newtown.

"We need everybody to remember how we felt 100 days ago and make sure that what we said at that time wasn't just a bunch of platitudes — that we meant it," he said, urging anybody who's listening to contact their member of Congress and make their views heard, "and if enough members of Congress take a stand for cooperation and common sense, and lead, and don't get squishy because time has passed and maybe it's not on the news every single day," then lawmakers in the thrall of the NRA might at last be persuaded to take a chance, finally realizing that the weight of public opinion is on the other side.

When the people and the president are on one side, and the gun lobby is on the other, and the gun lobby is winning, something is terribly wrong.

LIBERTY COUNTY SCHOOL BOARD AUDIT

Independent Auditor's Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of The Financial Statements Performed In Accordance With Government Auditing Standards

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Liberty County District School Board as of and for the fiscal year ended June 30, 2012, which collectively comprise the District's basic financial statements, and have issued our report thereon under the heading **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS**. Our report on the basic financial statements includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the school internal funds, as described in our report on the Liberty County District School Board's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, as described in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** section of this report as Financial Statement Finding No. 1, that we consider to be a significant deficiency in internal control over financial reporting. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain additional matters that are discussed in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** section of this report. Management's response to the findings described in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** section of this report is included as Exhibit A. We did not audit management's response and, accordingly, we express no opinion on it. Our **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS** is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, Federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Compliance

We have audited the Liberty County District School Board's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the fiscal year ended June 30, 2012. The District's major Federal programs are identified in the **SUMMARY OF AUDITOR'S RESULTS** section of the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major Federal programs is the responsibility of District management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the fiscal year ended June 30, 2012.

Internal Control Over Compliance

District management is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to Federal programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major Federal program to determine auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

Restricted Purpose Relating to Testing of Internal Control Over Compliance

The purpose of the provisions of this report addressing internal control over compliance is solely to describe the scope of our testing of internal control over compliance with the requirements that could have a direct and material effect on a major Federal program, and the results of that testing, and not to provide an opinion on the effectiveness of internal control over compliance. These provisions of our report are an integral part of an audit performed in accordance with *Government Auditing Standards* and OMB Circular A-133 in considering the entity's internal control over compliance. Accordingly, these provisions of our report are not suitable for any other purpose.

Respectfully submitted, David W. Martin, CPA, March 20, 2013

LIBERTY COUNTY DISTRICT SCHOOL BOARD SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2012

SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of auditor's report issued:	Unqualified
Internal control over financial reporting:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified that are not considered to be a material weakness(es)?	Yes
Noncompliance material to financial statements noted?	No

Federal Awards

Internal control over major programs:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified that are not considered to be a material weakness(es)?	None reported
Type of report the auditor issued on compliance for major programs:	Unqualified for all major programs.
Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of OMB Circular A-133?	No
Identification of major programs:	Child Nutrition Cluster (CFDA Nos. 10.553, 10.555, and 10.559); Title I, Part A Cluster (CFDA Nos. 84.010 and 84.389 - ARRA); and Twenty-First Century Community Learning Centers (CFDA No. 84.287)
Dollar threshold used to distinguish between Type A and Type B programs:	\$300,000
Auditee qualified as low-risk auditee?	No

LIBERTY COUNTY DISTRICT SCHOOL BOARD SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2012

FINANCIAL STATEMENT FINDING • SIGNIFICANT DEFICIENCY

Finding No. 1: Financial Reporting

Our review of the District's 2011-12 fiscal year annual financial report, as submitted to the Florida Department of Education (FDOE) and presented for audit, disclosed that financial reporting procedures could be improved, as follows:

- ✓ District personnel miscalculated the tax levy proceeds attributed to ad valorem taxes, resulting in overstatements of General Fund assets and local property tax revenue and understatements of Capital Projects - Local Capital Improvement Fund assets and local property tax revenue of \$30,516 each. Incorrectly reporting ad valorem tax levy proceeds in the General Fund increases the risk that the District may violate expenditure restrictions governing the use of these proceeds.
- ✓ Pursuant to Section 1013.64, Florida Statutes, the District received a special allocation in the 2008-09 fiscal year for specific construction needs through the Public Education Capital Outlay and Debt Service Trust Fund - Special Facility Construction Account. As a condition for receiving these funds, other construction funding was pledged for the special facility construction project for the following three fiscal years, and reductions to the special allocations were required to the extent of collections from pledged sources. However, District personnel inadvertently overreported amounts due to the FDOE for the pledged resources at June 30, 2012, resulting in overstatements of expenditures and related payables of \$115,241 each in the Debt Service - Other Fund. Reporting errors such as these may cause financial statement users to incorrectly assess the District's special allocations and collections from pledged sources.

We extended our audit procedures to determine the adjustments necessary to properly report the accounts and transactions, and District personnel accepted these adjustments. However, our extended audit procedures cannot substitute for management's responsibility to implement adequate controls over financial reporting.

Recommendation: The District should improve its financial reporting procedures to ensure that financial statement accounts and transactions are properly reported.

ADDITIONAL MATTERS

Finding No. 2: Electronic Funds Transfers

Section 1010.11, Florida Statutes, requires each school board to adopt written policies prescribing the accounting and control procedures under which funds are allowed to be moved by electronic transaction for any purpose including direct deposit, wire transfer, withdrawal, investment, or payment. This law also requires that electronic transactions comply with the provisions of Chapter 668, Florida Statutes, which discusses the use of electronic signatures in electronic transactions between school boards and other entities. In addition, State Board of Education (SBE) Rule 6A-1.0012, Florida Administrative Code (FAC), authorizes the District to make electronic funds transfers (EFTs) provided adequate internal control measures are established and maintained, such as a written agreement with a financial institution that contains manual signatures of employees authorized to initiate EFTs. SBE Rule 6A-1.0012, FAC, also requires the District to maintain documentation signed by the initiator and authorizer of EFTs to confirm the authenticity of EFTs.

Although the District did not make EFTs for vendor payments, District personnel maintained documentation signed by initiators and authorizers of EFTs for payroll-related activity such as direct deposit of employee pay and remittance of Federal taxes and other payroll withholdings and interbank transfers. According to District records, cash of \$659,265 was available for electronic funds transfer at June 30, 2012. The District established three EFT agreements with one bank that identified one payroll clerk on three agreements, another payroll clerk on two agreements, and the director of finance on two agreements as authorized to initiate transfers, and the initiators and authorizers of EFTs were different employees.

The District used informal processes such as oral instructions and written documentation of the transfers to monitor and control EFTs and, in June 2012, the Board adopted written policies prescribing the accounting and control procedures of EFTs. However, the EFT policy did not provide for the use of electronic signatures, contrary to Chapter 668, Florida Statutes. Also, responses to inquiries and review of District records disclosed that the fiscal assistant used the finance officer's password to initiate EFTs, although the bank agreement did not identify and authorize the fiscal assistant to perform this procedure. As the fiscal assistant recorded journal entries, reconciled certain bank accounts, and initiated EFTs, District procedures did not provide for an appropriate separation of duties.

Further, the bank agreements lacked the required signatures, contrary to SBE Rule 6A-1.0012, FAC. One agreement did not include manual signatures of the Board Chair, Superintendent, and those employees authorized to initiate EFTs, and another agreement lacked manual signatures of employees authorized to initiate EFTs. The remaining agreement, established for payroll deduction EFTs, lacked manual signatures of the Board Chair and Superintendent. District records also disclosed EFTs for District purposes that were from three bank accounts that were not authorized by any of the three bank agreements, and District personnel were unaware of whether other bank agreements existed to authorize the EFTs.

District personnel indicated that controls are in place, such as supervisory review and approval of EFTs, monthly journal entry reports, and bank reconciliations, to compensate, in part, for the control deficiencies. While our tests did not disclose any EFTs for unauthorized purposes, the lack of a Board policy addressing the use of electronic signatures, absence of required signatures on bank agreements, and allowing EFTs that are not identified on bank agreements increases the risk of misappropriation of funds without timely detection. A similar finding was noted in our report No. 2012-079.

Recommendation: The Board should enhance its written policies and procedures related to EFTs, including the use of electronic signatures. Such policies and procedures should ensure that the duties of those responsible for EFTs, journal entries, and bank reconciliations are properly separated and EFT agreements contain required signatures and identify accounts authorized for EFTs.

Finding No. 3: Compensation and Salary Schedules

Section 1001.42(5)(a), Florida Statutes, requires the Board to designate positions to be filled, prescribe qualifications for those positions, and provide for the appointment, compensation, promotion, suspension, and dismissal of employees, subject to the requirements of Chapter 1012, Florida Statutes. Section 1012.22(1)(c)4.b., Florida Statutes, provides that, for instructional personnel, the Board must provide differentiated pay based upon district-determined factors, including, but not limited to, additional responsibilities, school demographics, critical shortage areas, and level of job performance difficulties.

While compensation of instructional personnel is typically subject to collective bargaining, the Board had not established a documented process to identify the instructional personnel entitled to differentiated pay using the factors prescribed in Section 1012.22(1)(c)4.b., Florida Statutes. Such a documented process could specify the factors to be used as the basis for determining differentiated pay, the process for applying the factors, and the individuals responsible for making such determinations.

The 2011-12 fiscal year salary schedule and union contract for instructional personnel provided pay levels based on various factors such as job classification, years of experience, level of education, and other factors. The instructional personnel salary schedule and union contract provided salary supplements for additional responsibilities beyond the standard workday, such as supplements for coaching athletic activities and band directors. However, neither the salary schedule nor the union contract evidenced consideration of differentiated pay based on school demographics, level of job performance difficulties, and critical shortage areas for instructional personnel, contrary to Section 1012.22(1)(c)4.b., Florida Statutes.

District personnel indicated that the District is continuing to work toward developing procedures related to differentiated pay; however, as of January 2013, the procedures were not finalized. Without a Board-established documented process for identifying the basis for the differentiated pay, the District may be limited in its ability to demonstrate that differentiated pay factors were consistently considered and applied. Similar findings were noted in our report Nos. 2011-121 and 2012-079.

Recommendation: The Board should establish a documented process for ensuring that differentiated pay of instructional personnel is appropriately identified on salary schedules, consistent with Section 1012.22(1)(c)4.b., Florida Statutes.

Finding No. 4: Contractual Services

The Board routinely enters into contracts for services, and internal controls have been designed and implemented to ensure payments are generally consistent with contract terms and conditions. To determine the propriety of payments for contractual services, we tested 33 payments totaling \$851,616 for nine contracts and noted controls over two contracts could be enhanced, as follows:

- ✓ In May 2010, the Board approved a contract with a company to recruit, train, manage, and direct District employees to perform custodial services, and furnish necessary cleaning supplies and equipment. The contract also allowed the company to replace terminated District custodians with company employees at negotiated salaries and benefits, resulting in adjustments to the contract price. Our tests of 12 payments totaling \$204,400 to the company disclosed monthly charges totaling \$61,700 for company employees that replaced District custodians. However, the District did not maintain time records, such as sign-in, sign-out timesheets, to evidence that District personnel with direct knowledge of the company's custodial services confirmed receipt of the services. Also, District records did not evidence that the Board approved the monthly charges totaling \$61,700. District personnel indicated that nobody was assigned the responsibility to monitor and approve the contract payments and they were unaware of the basis for the charges totaling \$61,700. Subsequent to our inquiry in January 2013, District personnel obtained timesheets from the company to support these charges. Without time records to confirm receipt of the custodial services and Board approval of the amounts paid for these services, there is an increased risk of overpayments without timely detection.
- ✓ In June 2009, the Board entered into an agreement with a food service management company (FSMC) to manage and operate certain aspects of the District's food service program. The agreement requires the District to reimburse the FSMC based on an annually adjusted and approved fixed meal price, which includes all management fees, certain salaries, purchased food and supplies, and other costs. The agreement provides that the monthly bill will be reduced monthly by the value of USDA-donated commodities received and provides for the District to prepare a year-end reconciliation to ensure that proper credit was received for the full value of USDA-donated commodities received by the FSMC. The agreement also limits the FSMC food services to District purposes, and requires Board approval before the FSMC provides services using District facilities for other organizations. Payments to the FSMC during the 2011-12 fiscal year totaled \$604,595; however, controls over the FSMC contract could be enhanced, as follows:
 - Our test of 14 payments totaling \$577,752 to the FSMC disclosed that a District food service secretary typically reconciled meal counts and ala carte collections from the FSMC invoice to meal service records generated from the point-of-sale system, verified that the fixed meal price used was in agreement with the contract, and checked the mathematical accuracy of the bill. However, District records for 3 of the payments totaling \$168,091 did not evidence that District personnel reconciled, verified, and checked the information prior to payment. We extended our audit procedures to confirm the validity of the payments; however, without effective procedures to confirm that services are received prior to payment, there is an increased risk of overpayments without timely detection.
 - The District paid the FSMC for catering services totaling \$16,679; however, these payments included \$12,000 for organizations unrelated to District activities and District records did not evidence preapproval by the Board and that the organizations or the FSMC provided any insurance coverage for losses or damages to District property. Although the food service director approved the payments after the catering services were provided and the organizations generally paid the

BFD's second Catfish Crawl set for May 18

BLOUNTSTOWN - Spring is right around the corner. It's time to dust off those running shoes and help raise some money for the Blountstown Fire Department Scholarship Fund.

The Second Annual BFD Scholarship Fund Catfish Crawl 5K and 1 Mile Fun Run will be held on Saturday, May 18 on the Blountstown Greenway. The Catfish Crawl is much more than a race or fundraiser. It's a community event! Last year they drew 125 registered runners and at times the crowd at the Depot Park topped 300.

This race wouldn't be possible without the support of some wonderful sponsors. Please consider supporting this event to help the Blountstown Fire Department award a scholarship to a deserving young man or woman.

The running community is growing by leaps and bounds and they are expecting around 200 registered runners for this year's 5K. So with your sponsorship, you'll be reaching far more than the registered runners, but also their families and those who run alongside them every time they wear their Catfish Crawl running shirt, which will have your name or logo on the back. We'll also include your business name or logo on race promotional materials, race website and facebook and also mention it during the race.

If you're interested in becoming a Catfish Crawl Sponsor, contact Ben Hall at (850) 674-4988 or email firechief@blountstownfire.org.

Children's Home Society of Florida encourages Emerald Coast to join in 30K in 30 days

PANAMACITY - Every 10 minutes, a Florida child suffers from abuse or neglect. To help the fight against child abuse and neglect, Children's Home Society of Florida is encouraging the Bay County community to participate in the "30K in 30 Days" challenge in honor of Child Abuse Prevention Month.

For the month of April, Children's Home Society of Florida has a goal to raise \$30,000 to help protect vulnerable children in the area. Businesses throughout Bay County will display little blue piggy banks to collect community donations in support of the challenge. Donations are also accepted at www.chsfl.org/30kin30days.

"One child hurting is one too many," says Buster Coleman, executive director of Children's Home Society of Florida. "Our children need us. By participating in this challenge, you can help keep our local kids safe. Let's protect them from the pain of abuse."

For more information on the "30K in 30 Days" challenge, contact Children's Home Society of Florida at (850) 747-5411.

About Children's Home Society of Florida
On the front lines since 1902, Children's Home Society of Florida is the oldest and largest statewide organization devoted to helping children and families. Children's Home Society of Florida serves approximately 100,000 children and families throughout the state each year, including over 2000 in Bay County and surrounding areas. More: www.chsfl.org.

Carrying the Cross for JESUS

Nearly 40 runners took part in Saturday's first ever *Carrying the Cross for Jesus* run through Calhoun County. Most started at the Calhoun Liberty Ministry Center, and some joined near the Calhoun County Airport. Other runners who weren't up for the full 13.75 miles could hop in the van provided by Lisa Britt of Calhoun Transit and rest or get a ride back to their vehicles. Calhoun County Sheriff's Office Deputies and BPD Police Officers provided escort the entire route. Along the route, runners encounter many who encouraged them with kind words, honks, thumbs ups and patience with traffic.

RIGHT: Michael Bryant of Blountstown takes his turn carrying the cross.

LEFT: Rev. Paul Smith of Rivertown Community Church speaks to the group before they leave from Calhoun-Liberty Ministry Center on SR 20 in Blountstown.

RIGHT: Edna Reed of Sneads carries the cross.

Those completing the full run included, KNEELING: Ben Hall, Marc Tomlinson, Jason Britt, Tolar Griffin and Rachel Conrad. STANDING: Zack Ayers, Daniel Henry, Jr. Tony Reed, Edna Reed, Eric Miller, Dianne Wroblewski, Ruth Ann Eberly, Traci Hall, Drew Bryant, Paulette Bryant, Michael Bryant, Amanda Dehn, Bonnie Richards, Robyn Griffin, Lessa Bates and Joanna Ayers. 2012 Annual Drinking Water Quality REPORT

CITY OF BRISTOL

We are pleased to announce that our drinking water meets all federal and state requirements.

2012 TEST RESULTS TABLE

This report is designed to inform you about the quality water and services we deliver to you every day. Our goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water. Our water source is ground water from four (4) wells. The wells draw from the Floridan Aquifer. Because of the excellent quality of our water, the only treatment required is chlorine for disinfection purposes.

In 2011 the Florida Department of Environmental Protection performed a Source Water Assessment on our system. The assessment was conducted to provide information about any potential sources of contamination in the vicinity of our wells. There are three potential sources of contamination identified for this system with a moderate susceptibility level. The assessment results are available on the FDEP Source Water Assessment and Protection Program website at www.dep.state.fl.us/swapp or they can be obtained from Michael Wahlquist at the City of Bristol (850) 643-2261.

If you have any questions about this report or concerning your water utility, please contact Michael Wahlquist at the City of Bristol (850) 643-2261. We encourage our valued customers to be informed about their water utility. If you want to learn more, please attend any of our regularly scheduled meetings. They are held on Monday, following the first Thursday of each month, at City Hall beginning at 6:30 pm EST.

City of Bristol routinely monitors for contaminants in your drinking water according to Federal and State laws, rules, and regulations. Except where indicated otherwise, this report is based on the results of our monitoring for the period of January 1 to December 31, 2012. Data obtained before January 1, 2012, and presented in this report are from the most recent testing done in accordance with the laws, rules, and regulations.

If present, elevated levels of lead can cause serious health problems, especially for

2012 CONTAMINANTS TABLE							
Contaminant & Unit of Measurement	Dates of sampling (mo./yr.)	MCL Violation Y/N	Level Detected	Range of Results	MCLG	MCL	Likely Source of Contamination
Radiological Contaminants							
Alpha emitters (pCi/L)	Jun-09	N	1.9	ND - 1.9	0	15	Erosion of natural deposits
Radium 226 + 228 or combined radium (pCi/L)	Jun-09	N	1.6	ND - 1.6	0	5	Erosion of natural deposits
Contaminant & Unit of Measurement	Dates of sampling (mo./yr.)	MCL Violation Y/N	Level Detected	Range of Results	MCLG	MCL	Likely Source of Contamination
Inorganic Contaminants							
Barium (ppm)	July-12	N	0.088	0.083 - 0.088	2	2	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits
Fluoride (ppm)	July-12	N	0.34	0.32 - 0.34	4	4.0	Erosion of natural deposits; discharge from fertilizer and aluminum factories. Water additive which promotes strong teeth when at optimum levels between 0.7
Sodium (ppm)	July-12	N	35	34 - 35	N/A	160	Salt water intrusion, leaching from soil
Chromium (ppb)	July-12	N	3.9	3.5 - 3.9	100	100	Discharge from steel and pulp mills; erosion of natural deposits
Nickel (ppb)	July-12	N	4.5	3.4 - 4.5	N/A	100	Pollution from mining and refining operations. Natural occurrence in soil
Stage 1 Disinfectants and Disinfection By-Products							
Disinfectant or Contaminant and Unit of Measurement	Dates of sampling (mo./yr.)	MCL or MRDL Violation Y/N	Level Detected	Range of Results	MCLG or MRDLG	MCL or MRDL	Likely Source of Contamination
Chlorine (ppm)	Jan.-Dec. 12	N	0.64	0.6 - 0.67	MRDLG= 4	MRDL=4.0	Water additive used to control microbes
Haloacetic Acids (five) (HAA5) (ppb)	July 12	N	3.25	1.7 - 4.5	N/A	MCL = 60	By-product of drinking water disinfection
SOC							
Contaminant and Unit of Measurement	Dates of sampling (mo./yr.)	MCL Violation Y/N	Level Detected	Range of Results	MCLG	MCL	Likely Source of Contamination
Lindane (nanograms/l)	Aug. & Oct. 12	N	70	ND - 70	200	200	Runoff/leaching from insecticide used on cattle, lumber gardens
Heptachlor (nanograms/l)	Aug. & Oct. 12	N	70	ND - 70	0	400	Residue of banned termiticide
Lead and Copper (Tap Water)							
Contaminant and Unit of Measurement	Dates of sampling (mo./yr.)	AL Exceeded (Y/N)	90th Percentile Result	No. of sampling sites exceeding the AL	Likely Source of Contamination		
Copper (tap water) (ppm)	Jun-Sep 12	N	0.014	0 of 10	Corrosion of household plumbing systems; erosion of natural deposits; leaching from wood preservatives		
Lead (tap water) ppb	Jun-Sep 12	N	1.8	1 of 10	Corrosion of household plumbing systems, erosion of natural deposits		

In the table above, you may find unfamiliar terms and abbreviations. To help you better understand these terms we've provided the following definitions:

Maximum Contaminant Level or MCL: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal or MCLG: The

level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Action Level (AL): The concentration of a contaminant which, if exceeded, triggers treatment or other requirements that a water system must follow.

Maximum residual disinfectant level or MRDL: The highest level of a disinfectant allowed in drinking water. There is convincing evidence

that addition of a disinfectant is necessary for control of microbial contaminants.

Maximum residual disinfectant level goal or MRDLG: The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

Parts per trillion (ppt) or Nanograms per liter (nanograms/l): one part by

weight of analyte to 1 trillion parts by weight of the water sample.

Parts per billion (ppb) or Micrograms per liter (µg/l): one part by weight of analyte to 1 billion parts by weight of the water sample.

Parts per million (ppm) or Milligrams per liter (mg/l): one part by weight of analyte to 1 million parts by weight of the water sample.

Picocurie per liter (pCi/L): - measure of the radioactivity of water.

pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. City of Bristol is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking

or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface

of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

Contaminants that may be present in source water include:

(A) Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wild-

life.

(B) Inorganic contaminants, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.

(C) Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.

(D) Organic chemical contaminants, including synthetic

and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems.

(E) Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, the EPA prescribes regulations, which limit the amount of certain contaminants in water provided by public water systems. The Food and Drug Administration (FDA) regulations establish limits for contaminants in bottled water, which must provide the same protection for public health.

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that the water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline at 1-800-426-4791.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

We at the City of Bristol work around the clock to provide top quality water to every tap. We ask that all our customers help us protect our water sources, which are the heart of our community, our way of life and our children's future.

You can't fix stupid, but you can learn something from it

Outta' the WOODS

by Tony Young
Florida Fish and Wildlife Conservation Commission

First spring turkey hunt

My interest in hunting the quirky-moving, nervous-acting, but beautifully colored wild turkey was piqued about 12 years ago by an old high school friend and band mate, Todd Bevis.

Todd's a turkey-hunting fanatic if I've ever seen one, and the excitement in his voice that's apparent every time he tells a hunting story played a big part in my getting the fever to experience spring turkey hunting myself.

My former in-laws owned a nice tract of land in northern Franklin County with a half-mile of deep creek frontage on a major tributary of the Apalachicola River. Over the years, I enjoyed deer hunting there and took a few fall turkeys, but bagging a good long-beard in the spring takes a bit more skill.

I was now ready to learn how to call-in and harvest my first spring gobbler. All I needed was the know-how, and I figured I could get that from Todd and from watching Saturday and Sunday morning hunting shows on TV.

Todd encouraged me to get a box call because he said it would be the quickest and easiest call for me to learn – and the spring season was approaching fast. He taught me how to do some basic yelps and

See **TURKEY HUNT** continued on page 13

Being the youngest of my parents' five sons gave me some major advantages in life, the most important being a long series of cautionary tales I could refer to whenever I felt like doing something dumb.

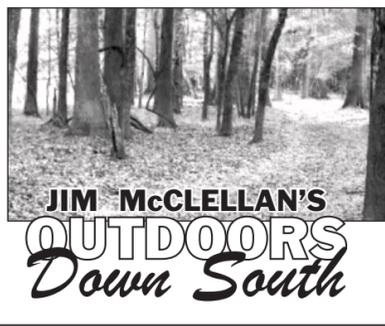

My older brothers are all quick to say that Mama and Daddy were easier on me, but the truth is they were just numb by the time I came along. After what they had seen over the years, it would have taken epic levels of stupidity for me to even move the needle.

Don't get me wrong – I tried. At five years old, I set fire to the closet in our room. But a good spanking put an early end to my rebellious streak. From that moment on, I decided to learn from example. Luckily, I had plenty to choose from.

To my brothers' credit, I knew in advance what would happen if, say, I wrecked the car, got caught with a fake ID, made a rude gesture in a year-book photo, fired a gun with a clogged barrel, or knocked a hole in Daddy's boat.

Mind you that is a very small sample of a very long list. So, I'll just use the last item to illustrate my point.

One fine spring day in the mid-1970s, my brother Bill and his friend Ben Gaskin took Daddy's boat to go fishing in the slough behind our camp. The water was high and before he

knew it, Bill ran the old plywood boat way up on a submerged cypress knee. Stuck, they decided the best thing would be for Ben to hop out and slide the boat off. But as soon as he stood up, the cypress knee popped through the bottom.

The boys jumped out, dislodged the boat and pulled it up on shore, but they were left with a problem. They couldn't drive the boat back for fear of sinking it (and losing Daddy's motor as well.) So, their choices were to either walk three miles back to the Clubhouse or swim nearly a mile through a snake and gator infested slough.

Bill's decision in this situation is a great example of how much different we are. (And by that I mean how much smarter I am.) He and Ben actually swam and waded all the way out of the swamp and back to the Iamonia Lake Clubhouse.

Not me, folks. I would have walked 10 miles to avoid swimming 100 yards in that water. But to this day, Bill can give you lots of reasons why that was the best choice. It was high water. The current was moving pretty good. They used seat cushions, etc.

The most logical reason I've heard is that Bill figured Daddy was going to kill him once he learned about the boat, so being eaten by a gator was the lesser and more interesting of two evils.

Once they got to the Clubhouse, the pair used Ben's father's boat to go back and get the other one. But when they started up the lake, they ran right into Daddy, who was fishing with one of his buddies. As they pulled up to the boat Daddy was in, Bill remembers telling Ben, "Don't get too close to him. Stay out of range of that boat paddle."

It was memorable and miserable day, but it could have been a lot worse. It could have involved me.

Fortunately, by the time I started driving a boat, I already knew to watch out for cypress knees.

I'm smart like that.

Jim McClellan is a native of Calhoun County in Northwest Florida who grew up hunting, fishing and hanging out in the same Apalachicola River swamp that five generations of his family have enjoyed.

REQUEST FOR PROPOSALS • FDOT FPID No. 429855-1-38-01

The Liberty County Board of County Commissioners is seeking professional consultant services for Design Services on the Chester Street Sidewalk project. The scope of this project will include the surveying, design and permitting (if applicable) of sidewalk along Chester Street (beginning at the existing sidewalk on Woodman Street and continuing west until Tom Love Road).

CONSULTANT ELIGIBILITY: It is a basic intent of the County's contracting program that contractors are procured in a fair, open, and competitive manner. By submitting a Letter of Response, the Consultants certifies that they are in compliance with FDOT Directive Procedure No. 375-030-006, Restriction on Consultant's Eligibility to Compete for Department Contracts. This directive is available on FDOT's Web Site. In addition to the restrictions identified in Directive No. 375-030-006, please be advised of the following prohibition: A consultant firm or its affiliate who was the Designer or Engineer of Record is precluded from bidding on the same project.

FEDERAL DEBARMENT: This project is federally funded with assistance from the Florida Department of Transportation and the Federal Highway Administration. By submitting a Letter of Response, the consultant certifies that no principal (which includes officers, directors, or executives) is presently suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation on this transaction by any Federal Department or Agency.

SELECTION PROCEDURE: This project is covered by the selection process detailed in the Rule Chapter 14-75, Florida Administrative Code Consultants' Competitive Negotiation

Act, Section 287.055 of the Florida Statutes. Selection will be made directly from Letters of Response for this project. After ranking of the consultants, the contract fee will be negotiated in accordance with Section 287.055, Florida Statutes.

Note: The final selection date and time is provided in this advertisement. Any other meetings will be noticed on the County's Web Site. All public meetings will be held at the Liberty County Courthouse, 10818 NW S.R. 20, Bristol, FL 32321. In order to ensure a fair, competitive, and open process, once a project is advertised for Letter of Response or Letters of Qualification, all communications between interested firms and the County must be directed to Ms. Kathy Brown, Clerk of Court, (850) 643-2215.

RESPONSE PROCEDURE: Qualified consultants are encouraged to submit the original and three (3) copies of the letter of response to the Liberty County Clerk's Office, Liberty County Court House, 10818 NW S.R. 20, Bristol, FL 32321, **by the response deadline, April 15, 2013 at 12:00 p.m., E.S.T.** The consultants will be ranked by the scoring committee and ranked based on the criteria below. Selection will be made directly from Letters of Response by the Liberty County Board of County Commissioners.

Letters of Response are limited to ten pages for this project.

- Successful Florida engineering experience (length, quantity, quality) (25 points)
- Thorough & appropriate approach to meeting local needs; list of tasks (15 points)
- Management and staffing capability, qualifications (20 points)

- Project Specific Knowledge (15 points)
- Familiarity w/ local needs, conditions (10 points)
- LAP experience (15 points)

Letters of Response should at a minimum, include the following information:

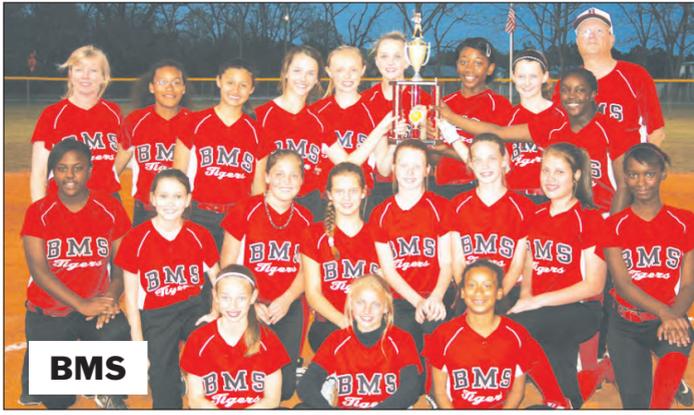

- Project Name/DOT Financial Management Number.
- Consultant's name and address.
- Proposed responsible office for consultant
- Contact person, phone number and Internet Email Address.
- Statement regarding previous experience of consultant or sub-consultants in advertised type of work.
- Proposed key personnel and their proposed roles
- Sub-consultant(s) that may be used for the project.
- Indication as to whether the prime firm and/or sub-consultants are disadvantages business enterprises (DBE).
- The outside of the envelope should be marked with "Sealed Proposal 'Chester Street Sidewalk Project' LAP Design Engineer RFP."

The Liberty County Board of County Commissioners hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, Disadvantaged Business Enterprise will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, gender, religion, age, disability, marital status or national origin in consideration for an award.

BMS Lady Tigers win 2013 Conference Title

The BMS Lady Tigers defeated the undefeated Hosford Panthers 8-6 in the first round of the Panhandle Conference Tournament on Monday, March 18.

The girls went on to defeat the Altha Wildcats 16-6 Tuesday, March 19 for the 2013 Conference Title.

Back row, from left: Assistant Coach Wendy Eubanks, Tierra Dabney, Bianca Martinez, Lana Wood, Courtney Shuler, Autumn Lee, Harmony Engram, Mackenzie Eubanks, Nykeria Patterson and Coach Keith Summers. Middle row:

Tiana Peterson, Madison Taylor, Burns and Nina Boyd. Front row: Jara Phillips, Ambirah Pierce, Abby Emma Richards, Hannah Nickell and Bailey, Madison Yoder, Grayson and Kierra Dabney.

Womanless Beauty Pageant at Hosford School April 13

Hosford School will be holding a Womanless Beauty Pageant on Saturday, April 13 at 7 p.m. in the Hosford School cafeteria.

Come out and watch Bubba Dewayne Branch, Gary Dart, Jabe Rosier, Trey Watson, Gunter Barber, Blade Barineau, Aaron Day, Jeff Sewell, Jerry Beard, Doobie Hayes, Roger Reddick, Miley Williams, Wiley Williams, Paul Lampkin, Leonard Shiver and many others, get their beauty on and shake a leg.

Prizes will be awarded for best dressed, sexiest legs, best dancer and there will be questions from the eighth graders. We will have three Judges from our own Liberty County. But you never know who they might be until that night. Contestants are in need of sponsors and the class is in need of donations.

A concession stand will be available as well as DJ, Joseph T. Sena. Cost for the event is \$5 for adults and \$3 for children 10 and under. All proceeds will be divided among the eighth

grade students who have participated in this event and are attending the Orlando class trip.

For more information

or to participate in the pageant, contact Michelle at 556-3268 or Vera at 378-3332 before Thursday, April 11. s

Hosford School Orlando class trip fundraiser April 5

Hosford School's eighth grade class will hold a fundraiser at the Hosford Fire Department on Friday, April 5 beginning at 11 a.m.

Mrs. Pat's chicken tenders or wing dinners with hot sauce on the side will be sold.

Please come by and help support the eighth grade class trip to Orlando. The students, staff and parents appreciate everyone in the community for their support and contributions this school year.

Tolar hosts baseball/softball camp fundraiser April 20

W.R. Tolar School is hosting a baseball/softball camp fundraiser for the eighth grade trip to Washington, D.C. The camp will be held on Saturday, April 20 from 9 a.m. - 12 p.m. at Veteran's Memorial Park.

Several skills will be taught at the camp. Tim Young

will coach pitching, Richie Smith will work with batting and Howie Bess will coach fielding. Amy Partridge and Julie Lyons will work with the girls on softball.

Cost is \$25 and is available for ages 7 to 16. For more information contact Laurie Brandon at 643-5516.

LCHS Project Graduation plans chicken pilau April 19

The Liberty County High School senior class will be holding a fundraiser in support of 2013 Project Graduation.

Chicken pilau dinners that in-

clude green beans, cole slaw, bread and pound cake will be sold at the Liberty County Sheriff's Office on Friday, April 19 beginning at 11:30 a.m. until sold out.

The public is welcome to come get a plate to support this year's senior class.

For further information call (850) 591-2573.

Blountstown High hosts FBLA blood drive April 4

Looking for a good way to help other people, but not sure how?

On Thursday, April 4 the Blountstown Chapter of FBLA will be hosting a blood drive on the Blountstown High School Campus from 8 a.m. to 2 p.m.

Donors must be 16 years of age with parent consent and have

a photo I.D.

Please come out and donate.

A donation from you could save someone's life.

LIBERTY COUNTY SCHOOL BOARD POLICY MANUAL - CHAPTER 7.0 -- 7.70 PURCHASING AND BIDDING

The School Board recognizes that maximum economy and efficiency are best achieved through a centralized purchasing function, which includes warehousing and distribution. All purchases of materials, supplies, equipment and services that are paid from School District funds shall be the responsibility of the District Administrator under the general supervision of the Superintendent. All Florida Statutes, State Board of Education Rules, School Board Rules and Administrative Procedures shall be carefully observed in making any purchases. The payment of any unauthorized purchasers shall be the sole responsibility of the person placing the order.

(1) Purchases. All purchases made from School District funds shall be in accordance with all applicable State Statutes, State Board of Education rules, School Board rules, and administrative procedures. In case of emergency, the District Administrator is authorized to take necessary steps to procure the materials, supplies, equipment and services as necessary after appropriate administrative approval.

Emergency purchases exceeding the dollar limit for formal bids must be accompanied by written authorization from the Superintendent and must be submitted to the School Board for review at its next regular meeting.

Liberty County School Board will receive and give consideration to the prices available to it through the use of the program for online procurement of commodities and contractual ser-

vices as referred in section 287,057 (23)(a), under the rules of the Department of Management Services Division of Purchasing.

(2) Competitive Bids. The District Administrator shall be responsible for continually estimating the needs of the school system and making quantity purchases accordingly. Standard lists of supplies and equipment shall be developed in all areas possible. All purchases where the item or group of items exceeds Fifty Thousand Dollars (\$ 50,000) shall be made on the basis of competitive sealed bids, except in emergencies as provided herein (effective need new effective date).

(3) Quotations. The District Administrator will obtain multiple competitive quotes for items costing between Ten and Twenty-five Thousand Dollars (\$10,000.00 - \$25,000) with every effort being made to ensure competitive pricing on all materials and services regardless of cost.

(4) Bidding Procedures. Purchases made through bids shall be based upon justification and specifications which are clear, complete and definite and certain as to character and quality and shall conform to standard specifications for the various classes of supplies, materials, parts, services or equipment desired. Such specifications shall be conducive to securing the best possible price for the highest quality product or service which best meets the needs of the School District. Specifications shall be as open as possible. Invitations to bid shall include, but not be limited to, the following:

- (a) Date, time and place of bids;
- (b) Procedures for presenting bids;
- (c) Conditions and terms for receiving bids;
- (d) Procedures to be followed in opening bids and making recommendation to the School Board; and,
- (e) The amount of the bid bond or good faith deposit, if any;

(5) Conditions or awarding contracts based on bids.

(a) Bids shall be opened at the time and place specified within the bid documents. At the designated time, the person presiding over the bid opening shall announce the time and ask if all bids have been turned in. No other bids shall be accepted or withdrawn after the deadline. Bids by telegram or other means of delivery that do not qualify as a sealed bid shall not be accepted. Bids received by mail shall not be accepted. All bid openings shall be open to the public.

(b) The Superintendent or his designee shall have the responsibility for soliciting the assistance of the District administrative and instructional staff and the school employees who use the products to assist in the preparation of specifications and evaluation of bids.

April will bring great fishing before May flowers bloom

April showers bring May flowers, but in Florida there is already an abundance of blooms and a bonanza of freshwater fishing opportunities that began earlier this spring. All across the state, anglers have reported great catches of a variety of freshwater fishes. Anglers especially target sunfishes moving into the shallows to spawn in spring.

By Bob Wattendorf

45 minutes of a fishing hole. For help finding a location or fishing tips and seasonal fishing forecasts, check out MyFWC.com/Fishing (under "Freshwater Fishing," choose "Sites & Forecasts"). Quarterly forecasts by biologists are supplemented

with links to local bait-and-tackle shops, marinas or guides for even more timely updates.

Florida's Big Catch Angler Recognition Program provides an opportunity for anglers to commemorate impressive freshwater catches with a certificate and having their photo posted online. Thirty-three different species are included in the program, and all it takes to participate is a photo of a fish that exceeds either a specified length or weight. It's a great incentive for youth, who can qualify by catching fish that are roughly 25 percent smaller than qualifying measures for adult anglers. Visit MyFWC.com/BigCatch for more details and to enroll.

However, the ultimate challenge is the race for the biggest trophy bass of the year. Florida's fame as a bass-fishing destination lies in an abundance of lakes and rivers that consistently produce trophy-size bass. To document locations and frequency of bass catches over 8 pounds, the Florida Fish and Wildlife Conservation Commission (FWC) launched TrophyCatch (TrophyCatchFlorida.com) in October with support from industry partners. To participate, catches must be verified by the FWC for the angler to earn awards. For Lunker Club (8 to 9.9 pounds) and Trophy Club (10 to 12.9 pounds), verification requires photos of the entire bass showing its length and weight, and then the bass must be released.

Black crappie (specks), redbreast sunfish and largemouth bass begin spawning when water temperatures get over 62 degrees. Crappie will stop spawning before bass, which continue to work the beds until it warms up to about 75 degrees. They are followed by redear sunfish (70- to 80-degree waters) and bluegill (75-85). Research and angler lore indicate these fish key their peak activity to a few days before and after full and new moons during spring.

April is a favorite time of year for freshwater anglers, not only because fish congregating in the shallows provide great catch rates with lots of quality-size fish, but also because temperatures tend to be comfortable for an outdoor expedition. Another reason is that the first Saturday in April each year (April 6, this year) is a license-free freshwater fishing day across the state. People are exempt from needing a license that day, so it is a great opportunity to reach out to people who don't have a freshwater fishing license and show them how much fun a day on the water can be. Or, perhaps you have children who have been bugging you to go, and you haven't wanted to buy a license to accompany them. Now is your chance.

In Florida, nearly everyone is within

TURKEY HUNT *continued from page 11*

a single-note cluck and said if I had birds on the property that had really never been called to before, and, if I could sit still long enough, I just might be able to call one in.

But Todd warned me, "Don't make the mistake some people do in calling too much. Let 'em know you're there, but let 'em come to you. Less is more."

With that advice in mind, I set out early opening day. I needed to get there a half-hour before first light so I could set my three decoys in place and get situated.

While carrying two hen decoys and a jake in one hand, I toted my shotgun, camo seat cushion and small flashlight in the other and made my way in the dark down a trail that weaved through the patchwork of saw palmettos toward a spot where I often saw turkeys.

The setup was near one of my favorite deer stands, on a ridge that jutted out between the creek and a ravine. It was where turkeys roosted most every evening amid juniper, tupelo and cypress trees hanging over the water.

Before I could even finish setting up my decoys, the sounds of gobbling echoed in the darkness from the creek bottom below. The strange vocalization of three, maybe four, birds was something I'd never heard, and it fascinated me.

I picked out a large pine tree to lean back against to hide my silhouette. Then, I used a pair of hand pruners and began to snip some of the surrounding native vegetation of gallberry and titi and used the clippings to construct my make-shift ground blind.

I settled in against the tree — my gun across my legs and my box call in my lap—and the sound of gobbling continued to fill the otherwise quiet pre-dawn.

When it was light enough to see well, I picked up my box call and made my first yelp to make those gobblers think there was an interested hen nearby.

A reassuring gobble answered me right away!

I was so excited I couldn't believe it — a gobbler actually had responded, just like on those hunting shows.

What am I supposed to do now, I wondered? I remembered Todd telling me to try not to call any more often than every 15 minutes. So I sat quietly in anticipation for what seemed to be the longest

15 minutes of my life. When I glanced down at my watch, only five minutes had elapsed. After another five minutes of real time had passed, I couldn't stand it any longer and made another call.

Another gobble immediately followed, but this time it was louder.

This bird actually was coming to me! I sat just as still as I could for another 10 or 15 minutes and called out for a third time.

The "GOBBLE, GOBBLE, GOBBLE, GOBBLE" reply sounded like it was being screamed into my ears. This Eastern turkey was right on top of me!

I couldn't see him, but he had to be just out of my sight behind the brushy terrain.

A few moments later, the longbeard stepped out from behind a gallberry thicket in full strut, and my heart started pounding. I couldn't see its legs because its gold, iridescent feathers were covering them, but the bird seemed to glide like an apparition as it cautiously made its way toward the decoys.

The way its head was changing colors from red to blue and back again and the show this gobbler was putting on were truly a sight to behold. Now I realized what Todd's and so many other turkey hunters' infatuation was all about.

Its instinctive, ritualistic courtship dance was so beautiful I almost didn't want to end it, but the big tom was getting too close, and I knew I'd better take the shot soon for fear he'd spy me.

The opportunity to raise my Remington Model 870 pump 12-gauge shotgun came when he went behind a palmetto clump at 12 steps, and I fired just one shot when he stepped out the other side.

What a rush! It was my first spring gobbler, and it had a 9-inch beard. Now what was so hard about taking a spring turkey, I thought. After all, it was only 8 a.m., and I already had my daily bag limit after calling just three times.

But like every turkey hunter knows, spring turkey hunting rarely happens that way. Maybe it was beginner's luck, but whatever it was — I have been hooked ever since.

Tony Young and his wife, Katie, enjoy turkey hunting together on a couple of small pieces of private property and being a guest on each other's quota hunt.

LIBERTY COUNTY SCHOOL BOARD POLICY MANUAL - CHAPTER 6.0 -- 6.531 DEFERRED RETIREMENT OPTION PROGRAM ("DROP")

The Deferred Retirement Option Program ("DROP") as defined in chapter 121, Florida Statutes, is an alternative method of deferred payment of retirement benefits for up to sixty (60) months, or ninety-six (96) months for instructional personnel who have received authorization by the superintendent, after an eligible member of the Florida Retirement System reaches his/her normal retirement date but wishes to continue employment with a Florida Retirement System employer. In order to participate, the employee must submit a binding letter of resignation, establishing a deferred termination date. DROP will allow the participant to defer all retirement benefits payable during the DROP period. Upon termination of DROP, the participant will receive the DROP benefits and their regular benefits under Chapter 121, Florida Statutes.

Sick leave will be paid for accumulated leave at retirement, end of DROP or if service is terminated by death to employee beneficiary. Upon election to participate in DROP, and based upon employee established deferred termination date, previously accrued sick leave shall be paid to the employee at the end of the DROP Program. Payment will be calculated based on the years of service as prescribed in section 6.912 of this chapter.

Employees electing to participate in DROP are entitled to terminal pay for accrued annual leave as required by statutes and Board policy and/or union contract. Upon election to participate in DROP and the employee's election to receive a lump-sum payment of annual leave, payment shall be made in the last paycheck prior to the effective beginning date of DROP. An employee electing the lump-sum payment is not eligible to receive a second lump-sum payment upon termination, except to the extent the employee has earned additional annual leave which combined with the original payment does not exceed the maximum lump-sum payment as prescribed in section 6.931 of this chapter.

Celebrating Easter

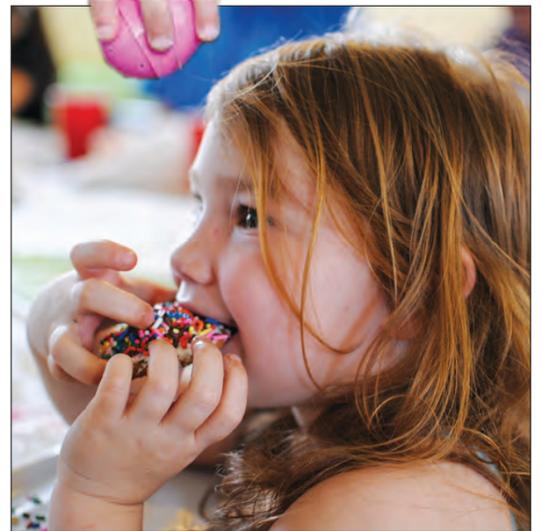

Youngsters are shown above as they race from the church to begin filling their baskets during Saturday's Easter Egg Hunt at Grace United United Methodist Church in Hosford. The kids enjoyed coloring eggs as well as hunting them, and there were plenty of goodies to go around after they took turns at the cookie decorating table.

Covenant Hospice offers free Living Wills for National Health Care Decisions Day April 16

TALLAHASSEE – Covenant Hospice along with other national, state and community organizations, is leading a massive effort to highlight the importance of advance healthcare decision-making—an effort that has culminated in the formal designation of April 16 as National Healthcare Decisions Day (NHDD). As a participating organization, Covenant Hospice is providing information and tools for the public to talk about their wishes with family, friends and healthcare providers, and execute written advance

directives, or living wills in accordance with state laws. To receive a free copy of Five Wishes, an easy to use living will, contact your local Covenant Hospice branch (850) 575-4998 or go to www.agingwithdignity.org. For business, church or civic presentation, please contact Jay Thurman at (850) 566-2648.

“As a result of National Healthcare Decisions Day, many more people in our community can be expected to have thoughtful conversations about their healthcare decisions and complete reli-

able advance directives to make their wishes known,” said Dale O. Knee, Covenant Hospice President & CEO. “Fewer families and healthcare providers will have to struggle with making difficult healthcare decisions in the absence of guidance from the patient, and healthcare providers and facilities will be better equipped to address advance healthcare planning issues before a crisis and be better able to honor patient wishes when the time comes to do so.”

For more information about National

Healthcare Decision Day, please visit www.nationalhealthcaredecisionsday.org.

Celebrating its 30th Anniversary, Covenant Hospice is a not-for-profit organization dedicated to providing comprehensive, compassionate services to patients and loved ones during times of life-limiting illnesses. For more information about Covenant Hospice or to make a hospice inquiry, contact the local branch office at (850) 575-4998 or visit www.covenanthospice.org.

OBITUARIES

REV. DOCTOR GEORGE M. MADRY

QUINCY - Rev. Doctor George Mark Madry, 77, of Quincy, passed away on Thursday, March 28, 2013 in Tallahassee. He was one of eleven children born to the late Fred and Delia Turner Madry in the rural and impoverished town of Quincy on February 26, 1936.

Family will receive friends on Wednesday, April 3 from 12 - 7 p.m. (ET) at Madry Memorial Funeral Chapel in Quincy.

Services will be held on Thursday, April 4 at 1 p.m. (ET) at St. James AME Church in Quincy.

Madry Memorial Funeral Chapel in Quincy is in charge of the arrangements

LORENE D. BROWN

BLOUNTSTOWN - Lorene D. Brown, 87, of Blountstown, passed away Friday, March 29, 2013 in Blountstown. She was born on May 13, 1925 in Altha, and had lived in Calhoun County all of her life. She was a retired bank finance officer and a member of the Episcopal faith.

She was preceded in death by her parents, Arthur and Clyde McQuagge Dillard.

Survivors include one son, John Robert Brown and his wife, Maxine of Tallahassee; one daughter, Nancy Brown Bracewell and her husband, Lee of Tallahassee; one brother, Arthur Gayle Dillard and his wife, Sylvia of Atlanta, GA; five grandchildren, Jason, Alex and Tim Brown and Lukas and Marley Bracewell; one great-granddaughter, Joanna Brown; along with many loving nieces, nephews and friends.

Services were held Tuesday, April 2 at Peavy Funeral Home Chapel with Reverend Allan Nichols officiating. Interment followed in Chipola Cemetery in Altha.

Peavy Funeral Home in Blountstown was in charge of the arrangements.

ROBBIE SALE

BLOUNTSTOWN - Robbie Sale, 88, of Blountstown, passed away Monday, April 1, 2013 in Tallahassee. She was born February 7, 1925 to the late Clifford and Martha Elizabeth Richardson Black in Lee. She enjoyed playing Bridge with her friends in the Blountstown Bridge Club, which she was a member of since 1952. She also enjoyed having lunch with the Red Hat Ladies. She was a member of Blountstown First Baptist Church and Estelle Ramsey's Sunday school class.

She was preceded in death by her husband, Jack Sale, and a granddaughter, Corbin Elizabeth Daughtry.

Survivors include two daughters, Jackie Stewart and her husband, Kenny of Mt. Dora and Robyn Daughtry and her husband, Bobby of Tallahassee; four grandchildren, Tony and Jack Stewart and Joshua and Jacob Daughtry; two great-grandchildren, Kenley and Caden Stewart; several nieces and nephews.

Family will receive friends on Thursday, April 4 from 6 - 8 p.m. (CT) at Adams Funeral Home Chapel.

Services will be held on Friday, April 5 at 10 a.m. (CT) in the Chapel at Adams Funeral Home with Mike Ellis and Reverend Tim Rhoads officiating. Interment will follow in Nettle Ridge Cemetery.

Adams Funeral Home in Blountstown is in charge of the arrangements. Online condolences may be made at adamsfh.com.

WHAT BETTER TRIBUTE CAN THERE BE?

EAST GADSDEN UNIT
P.O. Box 563, Quincy 32353

NOTICE TO RECEIVE SEALED BIDS

The Liberty County Board of County Commissioners will receive sealed bids from any qualified person, company or corporation interested in providing construction services for the following project:

C.R. 2224, PHASE 2

This project will include the widening and resurfacing of C.R. 2224. Shoulder re-grading, thermoplastic striping, reflective pavement markers, side drain replacement with mitered end sections, concrete ditch replacement, bridge repairs and cross drain extensions are also included.

Plans and specifications can be obtained at Preble-Rish, Inc., 20684 Central Avenue East, Blountstown, Florida 32424, (850) 674-3300. (For questions, please call Kristin Brown at (850) 674-3300 or at brownk@preble-rish.com). The bid must conform to Section 287.133(3) Florida Statutes, on public entity crimes.

Completion date for this project will be 180 days from the date of the Notice to Proceed presented to the successful bidder.

All bidders shall be pre-qualified with the Florida Department of Transportation per Section 2-1 of the F.D.O.T. Standard Specifications for Road and Bridge Construction, 2013 edition for: Flexible Paving, Hot Plant Mixed Bituminous Courses, Grading, Drainage and Grassing, Seeding and Sodding.

Liquidated damages for failure to complete the project on the specified date will be set at \$200 per day.

Please indicate on the envelope that this is a sealed bid, for the "C.R. 2224, PHASE 2".

Bids will be received until 12 p.m. Eastern Time, on April 25, 2013, at the Liberty County Clerk's Office, Liberty County Courthouse, 10818 NW S.R. 20, Bristol, Florida 32321, and will be opened and read aloud on April 25, 2013 at 2 p.m. Eastern Time. Liberty County Board of Commissioners is an Equal Opportunity Employer/Handicapped Accessible/Fair Housing Jurisdiction.

Cost for Plans and Specifications will be \$100 per set and is non-refundable. Checks should be made payable to PREBLE-RISH, INC.

The Liberty County Board of Commissioners reserves the right to reject any and all bids. All Bids shall remain firm for a period of sixty days after the opening. All bidders shall comply with all applicable State and local laws concerning licensing registration and regulation of contractors doing business to the State of Florida.

Acts 16-30 SAVED

What must we do to be saved? Believe on the Lord Jesus Christ and thou shalt be saved.

Romans 6:14 says, "For sin shall not have dominion over you: for ye are not under the law, but under grace."

No one can earn salvation. You can't work for salvation and you can't earn merits with God with the works you do.

You put your trust or faith in what Jesus did at the cross. Everything that Jesus did is what you put your faith in. It is everything about Him and nothing about you.

Your relationship with God does not have rules or laws. You can't give to get. If you give money to receive money, that is a work in your own ability and not in God's work that he did in Jesus. Our works will be tried with fire. If your works are pointed back to you, it is a selfish work. If you fast to receive, that is a selfish work.

Isaiah 53: 1-5 reads, "For a person to receive from God you are to put your trust in everything Jesus did at the cross. Who hath believed our report? and to whom is the arm of the Lord revealed? For he shall grow up before him as a tender plant, and as a root out of a dry ground: he hath no form nor comeliness; and when we shall see him, there is no beauty that we should desire him. He is despised and rejected of men; a man of sorrows, and acquainted with grief: and we hid as it were our faces from him; he was despised, and we esteemed him not. Surely he hath borne our griefs, and carried our sorrows: yet we did esteem him stricken, smitten of God, and afflicted. But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed."

That is Jesus' works and this is ours to receive by faith.

In Loving Memory of TRANUM HOWELL MCLEMORE

If tears could build a stairway
And memories a lane
We would walk right up to Heaven
And bring you back again
You planned no farewell words
For there was no reason to say good-bye.
You were gone before we knew it
And only God knows why
Our hearts still ache in sadness
And secret tears still flow
What it meant to love and loose you
No one can ever know. I know you want me to mourn for you no more
To share your memory with the girls
And happy times life still has in store
You'll never be forgotten, my pledge to you that day

February 21, 1997
~ April 4, 2012

A hallowed place in my heart and my lasting love
For you is where you'll always stay

Being in the prime of your life, we can only imagine where you would be today and what you would have accomplished beyond what you had already achieved. Trantum, we think of you and miss you every day and night and so wish that you were here with us. You are always on our minds and in our hearts and our love for you never ends. We love you.

Your Mother, Dad, Mr. Charles,
and all your extended family and friends.

Panama City Parrothead Club plans Parrothead Rendezvous to benefit Children's Home Society April 19 - 21

The Panama City Parrothead Club announces the 8th Annual Parrothead Rendezvous 'Back to the Island' beginning Friday, April 19 through 21 at Barefoot Beach Club on beautiful Panama City Beach, benefitting our friends at Children's Home Society of Florida.

Children's Home Society of Florida helped more than 1,600 at risk families in our area in 2012. The great work that this organization does for these Families has been so moving and so inspirational to the Membership of our Club that over the last 4 years we have donated in excess of \$74,000. This event has been successful with lots of hard work and of course help from Sponsors like you. All money raised from Rendezvous goes to Children's Home Society of Florida. Last Year we presented a check to Children's Home Society of Florida for \$34,437.99. The Rendezvous is a 3 day music event that has 10 bands from as far away as

the British Virgin Islands. The beach stage has the beautiful backdrop of the Gulf of Mexico. This is a weekend that brings over 550 paid attendees from as far away as California, New Jersey, Minnesota, and Costa Rica, most stay for at least four days, some for over a week eating, playing, and partying on Panama City Beach. You and your company can help us with cash sponsorship, silent auction, raffle and goody bag items. All of your donation goes to Children's Home Society of Florida. Please add Children's Home Society of Florida and/or Panama City Parrothead Rendezvous to your 2013 Charity Support List.

For more information go to our website at www.panamacityphc.org or contact Bill Lanier at (850) 819-4775 or email parrotsoulbill@knology.net. Make checks payable to Panama City Parrothead Club or Children's Home Society of Florida, PO Box 1023, Panama City, FL 32402.

LIBERTY COUNTY SCHOOL BOARD AUDIT *continued from page 8*

District for the services, payments totaling \$800 remained uncollected from certain organizations as of January 2013. Use of District facilities without preapproval by the Board and without appropriate insurance coverage subjects the District to potential uninsured losses

- The monthly invoices from the FSMC included credits of \$25,421 to reduce the amount the District owed to the FSMC by the value of the USDA-donated commodities received each month; however, District records did not evidence a reconciliation of the credits on the invoices with commodities received by the District. We extended our audit procedures and determined that the credits generally agreed with the District's commodities records; however, our procedures cannot substitute for management's responsibility to ensure the accuracy of payments to the FSMC. Without timely reconciliations of FSMC charges to District commodity records, there is an increased risk of overpayments without timely detection.

Recommendation: The District should enhance its procedures to ensure that payments are in accordance with contract terms and conditions, services are appropriately received prior to payment, services are preapproved by the Board, and facility use is properly insured. The District should also take action to collect the \$800 for catering services due to the District.

Finding No. 5: Sunshine Law

Section 1001.42(1), Florida Statutes, provides that the minutes of each Board meeting shall be reviewed, corrected if necessary, and approved at the next regular meeting or at an intervening special meeting if the Board desires.

Section 286.011(2), Florida Statutes, requires that all minutes of a Board be promptly recorded and open to public inspection. The *GOVERNMENT-IN-THE-SUNSHINE MANUAL* prepared by the Office of the Attorney General indicates, in Part 1, Section C.1., that the Sunshine Law extends to any gathering, whether formal or casual, of two or more members of the same board or commission to discuss some matter on which foreseeable action may be taken by the public board or commission. In addition, the *GOVERNMENT-IN-THE-SUNSHINE MANUAL*, Section D, indicates that the Sunshine Law specifically applies to informal discussions and workshops and refers to the Florida Supreme Court's statement that "collective inquiry and discussion stages" are embraced within the terms of the statute.

Discussions during Board meetings are recorded on tape and actions taken at meetings are typically documented in the Board minutes and displayed on the District's Web site. However, the District did not maintain minutes for nine workshop meetings held during the 2011-12 fiscal year. District personnel indicated they were unaware that minutes of workshop meetings needed to be maintained. When Board meetings are not properly maintained, the actions taken at the meetings are not clearly documented and available for public inspection.

Recommendation: The Board and Superintendent should enhance procedures to ensure that Board meetings subject to the provisions of the Sunshine Law are prepared, reviewed by the Board, corrected if necessary, and approved.

Finding No. 6: Adult General Education Classes

Section 1004.02(3), Florida Statutes, defines adult general education, in part, as comprehensive instructional programs designed to improve the employability of the State's workforce. The District received State funding for adult general education and proviso language in Chapter 2011-69, Laws of Florida, Specific Appropriation 96, required that each school district report enrollment for adult general education programs identified in Section 1004.02, Florida Statutes, in accordance with FDOE instructional hours reporting procedures.

The FDOE procedures stated that fundable instructional contact hours are those scheduled hours that occur between the date of enrollment in a class and the withdrawal date or end-of-class date, whichever is sooner. The FDOE procedures also provided that school districts develop a procedure for withdrawing students for nonattendance and that the standard for setting the withdrawal date shall be six consecutive absences from a class schedule, with the withdrawal date reported as the day after the last date of attendance.

For the 2011-12 fiscal year, the District reported to the FDOE 12,027 adult general education instructional contact hours for 41 students enrolled in 62 adult general education classes. To determine the propriety of hours reported, we tested 3,647 hours reported for 12 students enrolled in 18 classes and noted that the District inadvertently overreported 427 hours for 12 student enrolled in two classes. Also, the District recorded 12,322 total instructional contact hours for the fall 2011 semester, and our tests of 1,788 of these hours for 5 students enrolled in 6 classes disclosed that the 1,788 hours were not reported to the FDOE. Our expanded tests disclosed that, due to errors, none of the 12,322 instructional contact hours for the fall 2011 semester were reported to the FDOE. Subsequent to our inquiry, these hours were reported in December 2012.

Since future funding may be based, in part, on enrollment data submitted to the FDOE, it is important that the data be submitted correctly.

Recommendation: The District should enhance its controls to ensure accurate reporting of instructional contact hours for adult general education classes to the FDOE. The District should also determine the extent of any other adult general education hours misreported and contact the FDOE for proper resolution.

Finding No. 7: Information Technology – Written Policies and Procedures

Each information technology (IT) function needs complete well-documented policies and procedures to describe the scope of the function and its activities. Sound policies and procedures provide benchmarks against which compliance can be measured and contribute to an effective control environment.

Due to staffing constraints, the District lacked written policies and procedures for monitoring the assignment and use of administrative rights on end-user workstations; and periodically reviewing user access privileges. Without written policies and procedures, the risk is increased that IT controls may not be followed consistently and in a manner pursuant to management's expectations. Similar findings were noted in our report Nos. 2011-121 and 2012-079.

Recommendation: The District should establish written policies and procedures to document management's expectations for monitoring workstation administrative rights and periodically reviewing user access privileges.

PRIOR AUDIT FOLLOW-UP

Except as discussed in the preceding paragraphs, and the **SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS – FEDERAL AWARDS**, the District had taken corrective actions for findings included in our report No. 2012-079. The following table provides information on the District's recurring audit findings:

Current Fiscal Year Finding Numbers	2010-11 Fiscal Year Audit Report and Finding Numbers	2009-10 Fiscal Year Report and Finding Numbers
2	Audit Report No. 2012-079, Finding No. 1	NA
3	Audit Report No. 2012-079, Finding No. 3	Audit Report No. 2011-121, Finding No. 2
7	Audit Report No. 2012-079, Finding No. 4	Audit Report No. 2011-121, Finding No. 4

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS - FEDERAL AWARDS

LIBERTY COUNTY DISTRICT SCHOOL BOARD SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS - FEDERAL AWARDS For the Fiscal Year Ended June 30, 2012

Land below is the District's summary of the status of prior audit findings on Federal programs	Program/ Area	Brief Description	Status	Comments
Audit Report No. and Finding Number				
2008-07 (2)	Child Nutrition Cluster (CFDA Nos. 85353 and 85355) - Procurement	District procedures did not ensure that cost statements to the food service management company were linked to the maximum allowable cost and that food purchase orders were properly matched pursuant to the contract, resulting in questioned costs of \$132,000.	Commetd.	The granter did not require the District to receive questioned costs.
2010-09 (1)	706-1 Grants to Local Educational Agencies (CFDA No. 84109) (Category: Title I Allocations)	District procedures could be enhanced to ensure that Title I allocations program resources are properly allocated to and used as allocated with the grantee need. Allocation errors resulted in questioned costs of \$134,400.03.	Commetd.	The granter did not require the District to receive questioned costs.
2010-09 (2)	Special Education Cluster (CFDA Nos. 84102 and 84173) - Components of Personnel Services	Contract for the Special Education grant award, 11 employees were paid from the grant for nonallowable services, resulting in questioned costs, totaling \$32,075.00.	Commetd.	The granter did not require the District to receive questioned costs.
2011-121 (1)	Special Education Cluster (CFDA Nos. 84102, 84173, 84190, and 84392) - Matching, Level of Effort, Funding, Maintenance of Effort	District records did not evidence that the District met the maintenance of effort requirement, resulting in questioned costs of \$543,718.	Partially corrected	The granter extended the District to receive \$99,679.79 of the questioned costs in the Special Education Cluster. The amount was received on November 5, 2012.
2012-079 (1)	706-1 Grants to Local Educational Agencies (CFDA No. 84109) - Matching, Level of Effort, Funding, Maintenance of Effort	District records did not evidence that the District met the maintenance of effort requirement, resulting in a potential reduction in future Title I allocations.	Commetd.	The granter determined that the District met the maintenance of effort requirement, and no further action was required of the District.

THE SCHOOL BOARD OF LIBERTY COUNTY
 Gloria G. Uzzell, Superintendent of Schools

3000 American Drive
 Liberty, Florida 32551-0001
 Phone: (904) 643-2279
 Fax: (904) 643-2311

March 14, 2013

Mr. David W. Martin, CPA
 Auditor General
 State of Florida
 1750 Chieftain Parkway Building
 111 West Madison Street
 Tallahassee, FL 32304-6424

Dear Mr. Martin:

Pursuant to the provisions of Section 11-454 (1)(a), F.S., I am responding to the findings cited in the audit of Liberty County School Board for the fiscal year ending June 30, 2012.

While I have not previously the Department of Education during the period which was audited by your office, I am committed to addressing all audit findings and will ensure that proper procedure and/or policies are implemented in order to avoid similar findings in the future.

My response are as follows:

Finding No. 1: Financial Reporting
 The District is updating procedures to ensure financial statement accounts and transactions are properly reported.

Finding No. 2: Electronic Funds Transfers
 The District has completed the structural organization and duties of the finance office. District can clearly define and separate all electronic funds transfer agreements have been updated with the required signatures, and each account is identified appropriately.

The District is in the process of updating policies and procedures to include the use of electronic signatures.

Finding No. 3: Compensation and Salary Schedules
 The District is in the process of implementing formal policies and procedures to ensure that a portion of each instructional employee's compensation is based on performance. Differentiated pay of noninstructional personnel will be implemented based upon each school demographic, central storage areas, extra teaching periods, quality of job performance, and additional duties and responsibilities.

Director I: Louis E. Kover
 Director II: Tom Thorne
 Director III: Daniel L. Hester
 Director IV: W. Earl Pottle
 Director V: Steve H. Hubbard

An Equal Opportunity Employer/Drug Free Workplace

Responsibility: Both performance and differentiated pay will be brought to superintendence this Spring, related to salary schedule, and implemented upon agreement of the District and the International Fraternal Employees Union.

Finding No. 4: Contractual Services
 The District is in the process of reviewing its procedures to ensure that services are properly received prior to payment, payments are in accordance with contract terms and conditions, services are preapproved by the Board, and facility use is properly insured. The District will take appropriate measures to collect an outstanding balance of \$800 for catering services due.

Finding No. 5: Sunshine Law
 The District has implemented procedures to address this issue. As of November 1, 2012, all School Board meetings and workshops have been properly recorded. Written minutes (as needed or as necessary), and made available for public inspection. We will continue to perform these procedures in order to comply with the provisions of the SUNSHINE LAW.

Finding No. 6: Adult General Education Classes
 The District will enhance its controls to ensure accurate reporting of instructional contact hours for adult general education classes to the FDOE. The District will also determine the extent of any other adult general education hours misreported and receive properly with the FDOE.

Finding No. 7: Information Technology - Written Policies and Procedures
 The District has designed personnel to develop well-documented policies and procedures to describe the scope of the function and its activities, as well as provide benchmarks against which compliance can be measured and identified effectively. Assignment and use of administrative rights on workstation workstations is being controlled by "Self Procedure" and standards for employees who have user District in order to ensure that transmission of users is made within a timely manner.

Contact Information:
 If you have additional questions or concerns regarding this audit response, please contact Paula Pugh, Finance Officer for Liberty County School Board at (904) 643-2279, ext. 273, or via email at Paula.Pugh@libertycounty.net.

Respectfully Yours,
 Gloria G. Uzzell
 Gloria G. Uzzell, Superintendent of Schools

Fun By The Numbers
Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Advanced

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

★STARSCOPE★

Week of March 31 ~ April 6, 2013

ARIES - Mar 21/Apr 20
Aries, some conflicting signals from a friend this week might seem like trouble is ahead. But it's more likely that your perception of the situation is a little off.

TAURUS - Apr 21/May 21
Taurus, your imagination has a life of its own this week. You may be thinking of living on the edge a little bit in the next few days but don't overdo it.

GEMINI - May 22/Jun 21
Gemini, avoid a deep discussion about your feelings with someone at work this week. Now is not the time or the place to share anything personal, so keep it professional.

CANCER - Jun 22/Jul 22
Cancer, don't get sidetracked this week because coworkers are expecting your full attention and effort at the office. You may need to juggle a few responsibilities for the time being.

LEO - Jul 23/Aug 23
Leo, make sure you comments are not misinterpreted this week. Someone might take something the wrong way, so choose your words carefully.

VIRGO - Aug 24/Sept 22
Virgo, you may be feeling great physically, but there is a nagging problem that you simply cannot identify. Give it time and it will come to the surface.

LIBRA - Sept 23/Oct 23
Libra, you know what you want and do not need anyone's approval, but you can't help checking in with a family member this week to get a second opinion.

SCORPIO - Oct 24/Nov 22
Scorpio, channel your romantic feelings into action this week. Act sooner rather than later and make the most of your emotions while they're strong.

SAGITTARIUS - Nov 23/Dec 21
Sagittarius, learn from the past but do not allow letdowns from the past to dictate your future. There is no guarantee that things will be repeated.

CAPRICORN - Dec 22/Jan 20
Capricorn, write things down this week before you say them to be sure you have everything correct. This will help you when you need to make an important announcement.

AQUARIUS - Jan 21/Feb 18
Aquarius, you may feel like escaping to a fantasy world, but that does not mean the pressing matters will simply disappear. A vacation may recharge your batteries.

PISCES - Feb 19/Mar 20
You are in much better shape than you think you are, Pisces. So don't be too hard on yourself this week. It is alright to put your feet up.
