## Two teens charged with stealing Head Start van and burglarizing stores

by Teresa Eubanks, Journal Editor

Felony charges have been filed against two juveniles and other arrests are pending after a van stolen from the Head Start Center was used in two burglaries and then totaled when it slammed into a tree in the Mayhaw Community Sunday morning, according to Capt. Adam Terry of the Blountstown Police Department (BPD).

A large amount of blood and numerous items similar to those taken in the burglaries were found in the wrecked van.

Two 17-year-olds were charged with grand theft Tuesday afternoon. One was also charged with burglary. Other arrests are pending.

The keys to a Chevrolet Venture were taken from a classroom at the North Florida Child Development Center during a break-in on July 28. Nothing else was missing, the staff reported.

Nearly three weeks later, the van was stolen from the center's fenced-in yard.

"While they had the van, they committed a burglary at Land's Store in the Ocheesee Community and also burglarized a store in the Greenwood area of Jackson County," Terry said.

The stolen property included beer, cigarettes, cigars, candy and shotgun shells.

"It all started around midnight Saturday night, Aug. 16," he said. "Three of them got the van, rode around and then broke into the stores." He said it appears a door was broken at the store in Ocheesee.

Things at the second burglary site didn't go as well, he said, explaining one of the boys was injured at the scene. "He had a large laceration on his left leg," said Terry. The boy driving the van began bleeding profusely. "When he realized how badly he was bleeding, he stopped and changed seats with his passenger," Terry said. He was driven back to Blountstown and

dropped off at the emergency room around 4:54 a.m.

The driver left the hospital and then headed for Faircloth Road, where he lost control of the vehicle. "He was driving too fast, didn't make a turn and hit a tree," Terry said.

A resident along Faircloth Road looked out and noticed the crashed vehicle around 9 a.m. Sunday.

Those who had been in the van had vanished but some of the loot for the night remained inside, along with what Terry described as "a large amount of blood in the driver's compartment and the front passenger's seat."

Terry said they had gotten confessions for one of those already charged and from another juvenile whose arrest is still pending and is being held on an unrelated charge.

"We think we've cleared this one up," Terry said. "We have physical evidence and statements to corroborate their involvement."

One of those charged Tuesday is from Bristol; the other one lives in Blountstown.

Additional charges are pending with both the Calhoun County Sheriff's Office and the Jackson County Sheriff's Office.

The theft is being investigated by the BPD, along with Lt. Jared Nichols and Lt. Todd Wheatley of the Calhoun County Sheriff's Office Criminal Investigation Division.

## Bristol man arrested after fleeing deputy's traffic stop attempts

by Teresa Eubanks, Journal Editor

A Bristol man who later told a deputy he was angry following an argument with his mother was charged with fleeing or eluding a law enforcement officer and resisting arrest without violence after he refused to pull over for a traffic stop until he drove onto a dead end road early Saturday morning.

Liberty County Sheriff's Office Sgt. Jonathan Gentry was on routine patrol around 12:40 a.m. along SR 20 when he noticed a westbound vehicle traveling at a high rate of speed.

He pulled in behind the vehicle and verified with his radar that it was going 55 mph in a 35 mph zone.

The car then accelerated, slammed on the brakes and turned onto SR 12 South as the deputy's patrol lights were activated.

The deputy followed the man, identified as Abdullah Reisoglu Jr., 20, as he continued southbound and saw him go around another vehicle in a no passing zone.

With lights flashing and his siren going, the patrol car stayed behind Reisoglu as he headed toward Veterans Memorial Park Civic Center while reaching speeds up to 70 mph. The driver stopped twice, each time hitting the brakes and pulling onto the grass for a moment before accelerating and returning to the road, according to the arrest report.

The second time he returned to the road, See **MAN FLEES TRAFFIC STOPS** on page 2

## Liberty County man charged trafficking & possession of meth

by Teresa Eubanks, Journal Editor

A 31-year-old Bristol man is facing charges for trafficking in methamphetamine after he was found with the drug and paraphernalia during an August 11 traffic stop.

When a deputy began to do a pat-down search of Chet Geiger, Geiger removed a pill bottle from the crotch of his pants and said, "I guess you want this, too."

Eighteen grams of a substance found inside the bottle tested positive for methamphetamine, according to the arrest report.

During a search of the vehicle, the deputy found a Sprite bottle in the center console which held 152 grams of methamphetamine oil, along with a piece of tin foil that had methamphetamine residue.

In addition to trafficking in methamphetamine (over 14 grams), Geiger was also charged with possession of methamphetamine, possession of listed chemicals and possession of drug paraphernalia.

## Clarksville man charged with domestic battery

Deputies who responded to a call about a domestic disturbance at a trailer park last Wednesday saw a flower pot and a piece of rebar had been thrown through the windshield of a truck and noticed that the woman at the residence had marks on her throat indicating someone had grabbed her.

She told them it was the result of an argument between her and her boyfriend, Jamie Parker, 35, of Clarksville, after he got angry that she hadn't cooked french fries for him.

During the argument, Parker broke the windshield of their truck and destroyed the furniture in their home, according to the victim. While there was a red-colored area on the side of her throat, she denied that he had choked her although she acknowledged they had struggled before she broke free.

The victim would not give a statement nor would she allow her injuries to be photographed as evidence, according to the event report. Photos were taken of the damage to the home and the broken windshield.

Parker was charged with domestic battery.

## MAN FLEES TWO TRAFFIC STOPS

*continued from the front page*

Reisoglu entered the driveway of the civic center and drove to the back of the park, where he came to a dead end.

When ordered to exit the car, the driver slammed the door and stared at the deputy before complying with his command to lay on the ground. As he was being handcuffed, he became belligerent, cursed and screamed, "Take me to jail!"

Once inside the patrol car, he continued to scream and started banging his head against the back window and side glass.

He continued to act erratically as he was taken into the jail and deputies attempted to put him in a holding cell. He resisted by turning in circles, grabbing a deputy's hand and tried to trip another deputy while screaming, "You're not putting me in that holding cell!"

Two officers finally managed to secure him in the cell.

## Man arrested for selling stolen trailer

A man who recently moved to Liberty County from Washington County and sold a trailer he brought from there was charged with selling stolen property after an investigation by the Liberty County Sheriff's Office.

Brian McDaniel, 35, was charged with dealing in stolen property after deputies learned he and another man collected \$500 after they delivered the trailer to a Burlington Road residence.

When McDaniel returned a few days later to try to sell some other items - including a generator and a black utility trailer - the man who had purchased the first trailer contacted the sheriff's office.

Further charges are pending once it is determined if the other items were also stolen.

## Teenager charged with possession of synthetic marijuana

A driver who decided to kick up a little dust late Friday afternoon wound up getting a friend in trouble after he caught the attention of a deputy driving through Sam Atkins Park.

Calhoun County Sheriff's Deputy Nate Jordan was on patrol around 6:30 p.m. when he noticed a big cloud of dust coming up from the fairgrounds and saw a dark truck driving recklessly in circles.

When he went to check it out, the dark truck and a white car tried to leave but were blocked in by the patrol car.

The driver of the white car, identified as Deonte Isiah Dudley, 18, was charged with possession of synthetic marijuana after his car was searched and some of the substance was discovered inside a plastic bag tucked in the glove compartment.

Dudley was also issued a citation for possession of alcohol by a minor after an empty gin bottle and a bottle of malt liquor were found inside a gym bag in the back seat.

## Altha man arrested for leaving 9-year-old alone in Wal-Mart

A shopping trip to Wal-Mart ended with the arrest of a 69-year-old Calhoun County man after Dothan police charged him with a misdemeanor charge of child endangerment.

Angus Lamar Shelton, 69, of Altha, was arrested Sunday after leaving his nine-year-old grandson alone for over an hour in a Dothan Wal-Mart while he

went shopping to Sam's Club, according to a report in the *Dothan Eagle*.

"The child was just left in the store to wander and one of the employees noticed," according to Dothan Police Sgt. Maurice Eggleston.

After posting \$500 bail, Shelton was released from custody at the Dothan City Jail.

## Saturday crash sends teen driver to emergency room

A Calhoun County teenager received minor injuries after totaling a truck around 1:45 p.m. Saturday along Kenny's Mill Road. The young driver lost control of the pickup on a sharp curve, went off the road and slammed head-on into a pine tree, leaving the vehicle straddling a ditch. The driver received some lacerations to the head and was transported by EMS to the emergency room at Calhoun Liberty Hospital.

## Per Mr. Grant's Calhoun-Liberty Journal political ad last week, I ask...

**From his list what has District 4 received the past 28 years? Where has our voice been???**

District 4 is the only County Commission District that has **NO** voting precincts.

District 4 has the least number of paved roads yet it has the worst paved road in the county (Hugh Creek Highway).

Did 28 years of experience make the decision to pave the south end where there are no potholes before paving the north end that is all potholes? (Has your vehicle been damaged?) the north end has not been contracted contrary to what you are being told. 28 years should have led to the decision that you pave the worst end first.

28 years of experience and \$150 million per the ad. This equates to 30 million dollars for District 4. Can you see 30 million dollars worth of improvements in District 4's roads, lower taxes, jobs, fire departments, parks, etc?

**Where has our voice been?**

District 4 has the only park in the county with unsafe water for the children to drink or restrooms to use.

Has 28 years got the West Side

Volunteer Fire Department sub station built and fire hydrants located on Wrennie Moody Road?

Has 28 years got the Scott's Ferry fire mains extended to C.D. Clark Road & SR 71 intersection, along Marysville School Road, and GU Parker Road subdivision? Grants are available for this infrastructure. This would lower your insurance rates. These are just two of the items I have been asked about as I have visited with you the past few months. I approve of and will work to get this achieved.

**Where has District 4's voice been?**

Was 28 years experience the reason Mr. Grant was the only commissioner voting **NO** on August 5, 2014 to lower the ad valorem tax on your property?

Why would one vote not to lower your taxes?

**Does 28 years as a career politician really equal experience?**

Do you think terms for elected officials should be 32 years? Is this what you want? Makes one wonder how George Washington got his experience to become our first president? Is a new person entitled to hold public office?

### YOU HAVE A CHOICE

Elect a new commissioner, Dennis Jones. I am running to be your County Commissioner. Working as a team with your cooperation, we can correct these deficiencies while working to get jobs, jobs, jobs.

### YOU CAN HAVE A VOICE

I humbly solicit your vote & support. If you need a ride to the polls, please call **(850) 491-6028**.

## Black bear curriculum teaches kids about wildlife, meets Florida education standards

Giving schoolchildren a chance to learn all about Florida black bears is a great way to teach them about wildlife,

skills in basics like reading, math, science and problem solving," said Sarah Barrett with the FWC's black bear management program.

while sharpening their skills in reading, math, science and problem solving.

*The curriculum offers 10 lessons on topics such as "The Black Bear Necessities" and "Oh Where, Oh Where is the Florida Black Bear?" and includes hands-on activities such as mapping and role-playing.*

For that reason, the Florida Fish and Wildlife Conservation Commission (FWC) has updated its Florida Black Bear Curriculum, and put it online for the first time at BlackBearInfo.com.

The revised Florida Black Bear Curriculum is free, easy for teachers to use, and meets the new Florida Standards for educational curricula.

The curriculum offers 10 lessons on topics such as "The Black Bear Necessities" and "Oh Where, Oh Where is the Florida Black Bear?" and includes hands-on activities such as mapping and role-playing. There are also videos for students to watch such as the FWC's "Living with Florida Black Bears."

"The Florida Black Bear Curriculum takes children's curiosity about black bears into the classroom, where learning about black bears can improve kids'

Whenever FWC staff talks to kids about Florida black bears, the response is overwhelmingly positive because kids are eager to learn and ask great questions about bears."

With more encounters today between people and bears in Florida than in the recent past, it is increasingly important for children to learn about the state's bear population.

The Florida Black Bear Curriculum was designed for children in grades 3-8 and has been in use since 1999, when it was created as a joint project of the FWC and Defenders of Wildlife.

Florida teachers who register on the Florida Black Bear Curriculum website can gain access to additional information, particularly in regard to how the material fits the Florida Standards.

But anyone is welcome to go to BlackBearInfo.com and take advantage of the educational material there.

# World Health Mission Physicians to offer diabetes, hypertension and obesity clinics in Calhoun & Liberty

by Dr. Virginia Baker

“What does it mean to read, ‘If we walk in the light, as He is in the light, we have fellowship one with another, and the blood of Jesus Christ His Son cleanses us from all sin’? (1 John 1:7) We know that the Light of God is based on love—and the empowerment that comes with pure love. The shed blood reveals the anguish and destiny of us all, and brings us to our knees with empathy when we see others who are suffering and in pain. Only in the light of love can the suffering of others be relieved. Fellowship is not limited to a church-family.

When I enter the homes of those whose floors are moving with cockroaches, see black mold and gaps in the roof... hear the story of an employed family member speak of diabetes, hypertension and obesity... and just out of limit treatment benefits... just out of limit affordable insurance... no system of education for preventative medicine --what is happening to our country—fixes should not make it worse! More displacement--maybe those who can witness about walking in the light can become empowered to continue to help a neighbor in distress. We do not need to go to another country -- we need to look in Calhoun and Liberty Counties. We need to re-build. This is the base of FaithHealthEdEcon (FHEE) Wellness Initiative Calhoun Liberty (WICL): Project Resurrection. Donate life to the local community. This is the blood that frees us.”

After being bitten by dogs and needing rabies vaccinations at the DOH, it was made apparent by a local citizen that there was not adequate health care for adults. This began the year-long quest for community outreach. FaithHealthEdEcon (FHEE) Wellness Initiative Calhoun Liberty (WICL) is a collaborative free-service to provide education, preventative medicine, a healthy lifestyle, non-genetically modified food, and wellness to the community to overcome diabetes, hypertension and obesity—and secondary malaise due to chronic illness.

Seven months ago, World Health Mission (WHM) physicians were invited to participate in a Department of Health (DOH) sanctioned Area of Critical Medical Need outreach program in Calhoun and Liberty Counties. The medical educational arena will target diabetes, hypertension and obesity as the three major areas of chronic illness and disability.

The collaborators of FHEE WICL now include volunteers and educational programs from the Panhandle Pioneer Settlement (through which the non-profit runs), Department of Health (DOH), UF/IFAS Extension, North Florida Child Development (NFCDD), Calhoun County Public Library System (CCPL), Buy-Rite Drugs, Pan-care, World Health Mission (WHM) physicians,

*Volunteer physicians to offer free screenings Aug. 25 - 28 at River Street, both Calhoun and Liberty County Health Departments, Hugh Creek Library and Mossy Pond Library*

Chipola College School of Nursing Club, medical student outreach, and new FHEE WICL student clubs. Churches that support the outreach include: St. Paul AME Church, St. Mary’s Missionary Baptist Church, Prayer Chainers Mission of God, Rivertown Community Church, and the First Baptist Church of Blountstown.

### CLINIC SCHEDULE

The days of WORLD HEALTH MISSION involvement in FHEE WICL Community Clinics will be as follows:

Date: **MONDAY, August 25th**  
Time: 8 – 11:30 a.m.<sup>CT</sup> and 1:30 – 6:00<sup>CT</sup>  
Location: RIVER STREET COMMUNITY CLINIC at NFCDD/MayHaw School Office.

Date: **TUESDAY, August 26th**  
Time: 9 – 1:00<sup>CT</sup> (8 – 12:00<sup>ET</sup>)  
Location: Department of Health (DOH) LIBERTY County

Time: 2 – 5:00<sup>CT</sup>  
Location: HUGH CREEK LIBRARY Clinic

Date: **WEDNESDAY, August 27th**  
Time: 8 – 11:30<sup>CT</sup>  
Location: Department of Health (DOH) CALHOUN County

Date: **THURSDAY, August 28th**  
Time: 1:30 – 5:00 pm<sup>CT</sup>  
Location: MOSSY POND LIBRARY Clinic

Each diabetes, hypertension and obesity clinic is entirely free. The physicians are all volunteers. Some volunteers will educate. Some will provide screening.

Each clinic will provide non-insurance eligibility holders: educational screening techniques, treatment cards to decrease the price of prescriptions, a 52-week educational/participation follow-up program to prevent and combat the chronic diseases listed, and the choice of referral to try to find local physician care.

Each clinic will provide insurance holders: educational hands-on screening techniques, a 52-week educational/participation follow-up program to prevent and combat the chronic diseases listed, and to help provide an educational support system for positive outcomes in an already established patient/physician-care relationship.

Each clinic will provide patients with the opportunity to sign up for a free year-long (52 week) program to help overcome chronic disease associated with diabetes, hypertension and obesity. No cost.

## Blountstown student attends National World Leadership Congress

BLOUNTSTOWN – William “Will” McClellan, a resident of Blountstown, attended the 2014 Hugh O’Brian Youth Leadership (HOBY) World Leadership Congress (WLC). Will joined over 426 national and international students representing 48 states and 17 different countries for the weeklong event, which included the opportunity to meet and speak with Diane Latiker, Founder & President, Kids Off The Block. Will is the son of Todd and Christal McClellan and represents Blountstown High School. Founded in 1958, HOBY is the nation’s foremost nonprofit youth leadership development organization.

The World Leadership Congress, now in its 46th year, is a dynamic leadership program that brings together students from the U.S. and abroad. This year’s WLC attendees had access to a distinguished group of leaders from a variety of backgrounds including business, government, international affairs, science and technology, medicine, media, and education. The program included interactive and dynamic educational sessions, collaborative workshops, leadership exercises, and individualized training. Additionally, participating students and volunteers performed more than 2,000 hours of community service in Chicago neighborhoods.

“The students who attended the WLC demonstrated outstanding character, leadership, and determination,” said Javier LaFianza, president and CEO of Hugh O’Brian Youth Leadership.

The World Leadership Congress was held July 19 – 26 at the Loyola University Chicago Campus in Chicago, IL. Will described the World Leadership Congress (WLC) as this, “It’s an incredible, once-in-a-lifetime experience! It’s where 400+ people from around the world can become a huge, tightly-woven, HOBY family in a single week. So many cultures and societies were represented it really makes you change your perspective and look at the bigger picture! The relationships made with the outstanding people at WLC will last a lifetime! To fully understand WLC, you have to experience WLC!” Will also stayed for the optional 3-day Post WLC Tour, where he was given the opportunity to experience what Chicago had to offer. This event consisted of touring several of Chicago’s museums and taking in the beautiful Navy Pier and its exquisite fireworks display over Lake Michigan.

### NOTE OF THANKS

On behalf of Randi Drew’s family we wish to extend a genuine heartfelt thank you to the community of Bristol and a very special thank you to the First Baptist Church of Bristol.

Thank you to everyone who has showed our family support, prepared us food, sent cards and sent prayers as we grieve. It has honestly meant the world to us. Again thank you.

FOR Liberty County School Board Member District 5

Please vote Pat Summerlin for Liberty County School Board, District 5. I am a wife, mother and grandmother, so I know firsthand how difficult it is to juggle all of the things we must do (family, work, church, homework, dinner, school activities, sporting events) and still find time for SLEEP! I have over 30 years work experience in progressively responsible positions in payroll, personnel, conflict management and scheduling in both state government and private industry. Please allow me the opportunity to put the experience I have gained to work for you as your representative on the School Board. If you have anything that you would like to discuss with me, please call me at 379-8605 (I am still trying to visit every home in the county; please forgive me if I don’t make it to your home before the election).

# Variable leaf sunflower Wildflower alert

by Eleanor Dietrich, Florida Wildflower Foundation

It's late summer now, and a new suite of flowers are beginning the fall blooming season. One of these is this tall sunflower with flowers that can be up to 4 inches across in size! Sunflowers are members of the Composite (or Aster or Daisy) family. Flowers in this family are made up of many small individual flowers that combine together to look like one flower – the sunflower is a good example of this. The dark center of the flower is made up of many small tubular disk flowers that each

have a stamen and a pistil and can form a seed if they are pollinated. The yellow "petals" are also individual flowers, called ray flowers. The Variable leaf sunflower (*Helianthus heterophyllus*) blossoms each grow on their own tall and almost leafless flower stalk; at the bottom of the stalk by the ground there is a cluster of larger leaves that are rough to the touch. Several fall-blooming native sunflowers grow in our area; look for some of them in the upcoming Wildflower Alerts.

The Florida Wildflower Foundation ([www.flwildflowers.org](http://www.flwildflowers.org)) supports wildflower planting, education & research in Florida. Visit its new Panhandle Wildflower website ([www.flwildflowertrips.org](http://www.flwildflowertrips.org)) to see more of what is in bloom in this area.

## Kurds changed the balance of power

WASHINGTON — The balance of power is changing in the Middle East, and the change is complicated. The key development is the emergence of Turkey and its longtime adversary, the Kurds, as the major players holding back the brutal al Qaeda offshoot, the Islamic State (formerly The Islamic State of Iraq and Levant known as ISIL), from taking more territory in Iraq.

Turkish Prime Minister Recep Erdogan, America's luke-warm NATO ally, has been moving his secular nation down an Islamic fundamentalist path and has, accordingly, been receptive to Syrian rebels of all stripes in their effort to oust Syrian President/Dictator Bashar al-Assad. Turkey funneled weapons to all of the anti-Assad groups, provided them a safe haven, and even medical care. Among those groups were al-Qaeda and the Islamic State.

President Obama, on the other hand, went to the other extreme. He was unwilling to provide significant support to any of the insurgent groups in Syria on the grounds that he didn't know enough about them, and could not judge which, if any, were truly moderate.

Obama subsequently caught flack, most recently from his former Secretary of State, Hillary Clinton, in an interview with "The Atlantic", for staying out of the fight in Syria, and allowing terrorists to fill the vacuum.

As it turned out, both Erdogan and Obama miscalculated, and both of them are now moving to correct their mistakes. Apparently, it had not occurred to either of them that the Islamic State, comprised of Sunni Muslim jihadists, would simultaneously attack Syria and Iraq. The majority (70 percent) of Iraq's people, like neighboring Iran's, are Shiite Muslims, and the Sunni-Shiite antagonisms are rooted in centuries of mutual hatred, which is why the Islamic Nation not only covets territory, but demands that Shiites convert or pay exorbitant taxes or face execution.

When the Islamic Nation recently swept into Iraq utilizing surrender-or-die Genghis Khan tactics, the Iraqi Army initially melted away. Even the Kurds' vaunted Peshmerga fighters could not hold them. Kurds have controlled a semi-

autonomous region in northern Iraq ever since the U.S.-led Desert Storm coalition ousted Iraq's then dictator, Saddam Hussein's forces from Kuwait and Kurdistan in 1991. Meanwhile, the Kurds have continued to wage a low-level guerrilla war in Turkey. And it is now the Kurds, on unfriendly

terms with the Iraqi central government, neighboring Iran, Turkey, and Syria, who are providing the balance-of-power catalyst in the region.

As defacto and loyal U.S. allies, Obama has found his moderate fighters in the Peshmerga, and he responded with firepower and supplies in an operation resembling the limited U.S. support of the Northern Alliance that ousted the Taliban from Afghanistan in the wake of 9/11. Even the Iraqi government applauded the Kurds' efforts against the Islamic Nation. Then, last week, Erdogan finally reached out to the Kurds in a rapprochement that will undoubtedly result in the establishment of Kurdistan as a separate state carved out of Iraq and Turkey.

Like Obama, Erdogan has turned to the Peshmerga as the primary means of thwarting the Islamic State, and over the last week, he moved to aid them by cutting off supplies to the Islamic State, presumably in response to pressure from the U.S. and other NATO allies.

Iran, another big player in the region, has so far been playing a responsible role toward Iraq by withdrawing its support of Iraqi Prime Minister Nouri al-Maliki, who ran a Shiites-only government, excluding Sunnis from meaningful positions and sowing distrust among Iraq's minority ethnicities. He has been replaced by Haider al-Abadi, currently deputy Parliament speaker. Key to continuing U.S. aid is evidence that the Iraqi government is reaching out to include all elements in the new government, lest disenchanted Sunnis seek solace with terrorists.

In the end, the Islamic State invasion of Iraq is likely to moderate Erdogan's view of mixing religion and politics. But the real winners are the Kurds because their Peshmerga has effectively become the coalition leader in the war, which means their long-sought prize of statehood is sure to be their reward.

## VOTE Kathy NOBLES

### FOR Liberty County Superintendent

I am Kathy Dekle Nobles and I am seeking the office of Superintendent of Schools in Liberty County. My family instilled in me a pride to be from Liberty County and I am blessed to be able to say that I have five generations of my family roots as part of this county. I believe in keeping that pride of heritage and community going for our children.

My career in education began as a teacher's aide at Bristol Elementary in 1979. As I progressed in my educational pursuit I also worked my way up

the ladder to become a Teacher, Media Specialist, Principal and Administrator. My career path also led me to work at the Panhandle Area Educational Consortium and the Florida Department of Education as a Data Coach. These opportunities allowed me to build a network with educators at both the regional and state levels.

Currently, I hold a Doctorate degree in Curriculum and Instruction and I am working as the Director of Administration for Liberty County Schools.

- I am passionate about the children and school system of Liberty County.
- I am hard-working, dedicated, and ready to do whatever it takes for our students.
- I have the ability to bring people together to get things done.
- I bring to the table common sense and an ability to solve problems by looking for creative solutions.

Since the superintendent election is November 4th, I made a conscious decision to start my campaign as the August election was drawing to a close. I invite you to join me in my bid for Liberty County's superintendent of schools. My promise is to make decisions based on what is best for the students of Liberty County as we FOCUS ON THE FUTURE.

# BACK to the BOOKS

Altha School students returned to campus Monday to begin the new school year, checking out each other's class schedules while discussing their plans for the new term. The gym was filled for a first-day assembly and book bags lined the walkways and classrooms as everyone got ready to get back in the swing of things.

## Altha weighlifter leaves for Northern Michigan

by Robbie Smith

Ronnie Tucker, a 2014 graduate of Altha Public School, left Saturday to attend Northern Michigan University in Marquette, Michigan. This talented weightlifter is a 4-time state medalist, finishing as runner-up in his freshman year, and as state champion in grades 10-12. Over the course of four years, he scored 26 points at the state finals, and leaves Altha owning 8 school lifting records.

At NMU, Ronnie will have the opportunity to compete against other U.S. lifters for a chance to compete internationally on the U.S. Olympic Weightlifting Team. Ronnie came into the weightroom as a quiet, well-mannered little fellow. Four years later, he would graduate as the most decorated athlete in school history. It was my honor and privilege to have been a part of it.

A special thanks goes out to Altha's athletic department, Arthur Faurot, Mrs. Sue Price, Mrs. Ladona Kelley, Altha School's faculty and staff, Mr. Ralph Yoder and our school board members, as well as Page Pond Assembly of God Church.

Shouldn't personal service mean you get to talk to a person?

## Area offers a bountiful supply of frog legs for redneck connoisseurs

by Teresa Eubanks, Journal Editor

Ray Womble, Altha native and Liberty County resident, is shown here as he displays some of his catch from a recent frog gigging excursion. "This has been the best year of frogging in 20 years," he said. "You go back in the sloughs, take a headlight, a gig and a fish stringer and just go to gigging." Another good method: "Just drop your son off and make him do it," he said about 21-year-old Tyler Womble. "I've trained him good."

He and a friend recently came out of the sloughs at Bloody Bluff with 102 frogs. What do you do with that many frogs? "I give them to my mother (Shirley Womble) and we have cookouts at church and for family."

When he and his sister Charlene, were growing up in the Shelton's Community of Altha she refused to eat frog legs. He recalls one day that she came home and grabbed some food off the counter in the kitchen where their mother was cooking. After taking a few bites she told her mother that it was the best chicken she ever had. Ray said their mother had to tell her, "Baby girl, that's frogs, not chicken."

Ray said he prefers them fried or grilled but a recent visitor from Okeechobee suggested he try them a different way. "He told him to put them in the oven and bake them in cream of mushroom soup," he said.

He said Florida River, Kennedy Creek and the Ochlocknee River areas are full of frogs for the taking right now. He estimates he's taken over 1,000 frogs in the past two-and-a-half months.

"It ain't nothing but reneck food," he said. And he loves it.

## FROG-GIGGING: A real 'Redneck Litmus Test'

If you're looking for a reliable test of whether someone is an honest-to-God, redbug-scratching, outboard-driving redneck, then you need to look past the rebel flags, Mossy Oak camo and four-wheel-drive pickups. All of those things can be had for price. Instead, just ask the person if they've ever been frog-gigging.

A pretender will just get a puzzled look on his face. But the real-deal redneck will respond with something like, "We got about 50 on the river week before last."

Frog legs just happened to be my father's favorite food ever, so he had a vested interest in teaching my brothers and me how to find, kill and clean them.

The concept is pretty simple: Get a boat, light and a gig. When it's good and dark, ease along the banks of a pond, lake or river. Shine the light until you see their eyes. Move close enough to see the whole body and spear the frog. Lather. Rinse. Repeat.

Do this accurately about 25 to 30 times and you've got enough frog legs to feed a large family. However, just because the concept is simple doesn't mean it's always easy.

For one thing, humans aren't the bullfrog's only predator. In fact, they're like the french fries of the swamp. Just about everything that eats anything also eats frogs. Included in that list are gators and snakes (winners of nature's "Least Likely to Cuddle" prize.) So it pays to

watch where you put your feet and hands. And even though it can be hot at night in a Florida swamp, I don't recommend jumping in the water to cool off.

Another issue is that spearing a frog with a gig can be harder than you think. You want a long gig pole so that you can get to the frogs in hard to reach spots. But what you gain in reach, you lose in steadiness. That's especially true on a small boat with a couple of people in it.

Speaking of extra people, it helps to have someone with you to hold the light. Headlamps

are nice and even an ordinary flashlight will work, but with a spotlight you will find more frogs and you won't have to guess whether that's a water snake or a cottonmouth on the branch you're drifting toward.

Even after you've speared the frog, things can still go wrong. You might think he's dead, but he's really just waiting for you to take him off the gig. If you aren't careful doing that, he'll jump right back in the water. And it's generally considered poor form to gig the same frog twice.

Cleaning the frog is pretty straight forward. YouTube even has several videos on the subject. You just need a sharp knife and some catfish skinners to pull the skin down over the legs. (It's like pants-ing a leprechaun). Some folks will snip the feet off first, but purists eat them too.

The frog has one last act before he's done: His legs might move a little once they're in the hot frying pan. Don't worry, though, at this point he probably won't jump out and run off.

Lots of people eat frog legs, but for the overwhelming majority of them, the story begins with tender, golden-fried hunks of white meat, plated well and served with a crisp white wine.

It's only the select few who have made the journey into the swamp and taken the frog on his home turf.

Those are genuine rednecks.

## Blountstown High School team starting from scratch with just two veterans and several new players Tiger Football opens this week in Port St. Joe

by Michael DeVuyst,  
SPORTS WRITER

When Head Coach Greg Jordan is asked about a possible repeat of last year's State Class A Runner-Up finish he can only smile and hope his young kittens can grow up fast.

"We are going to have to find a way to replace 17 players that played a major role in

our success," he said.

"Most notably we will be starting five new players on the offensive line. We feel like we have the right players in place but it may take a few weeks of experience for the offense to click."

Gone also are most of the skill personnel on the offensive side of the ball including the top six ball carriers, five of the top six receivers and

the top seven point leaders.

The Tigers will return only two players with significant playing time on offense in QB Dylan Lee and TE Tripp Taylor. Lee will also take over the punting and newcomer Derek Eberly will handle the place kicking duties.

As the Tigers look to win early in the season they will have to rely on their defense to keep games close. The

defense will return six players with major experience. Along with Lee and Taylor, leading tackler LB Anthony Wyrick will be back with DT Stephen Mathews, CB Malac Johnson and DB Nathan Dunham.

Head Coach Jordan adds, "This team has worked hard and has done everything we have asked them to do. They are young and inexperienced

but getting better every day. They get along with each other and have come together as a family. I am excited to see the progress we will make as the season starts."

The Tigers will begin the season this week in Port St. Joe in a preseason classic game.

Game day will be Friday, August 22 at 6:30 CDT. See you down in St. Joe.

## Blountstown and Wewa students attend June's Rural Electric Youth Tour

WEWAHITCHKA – Breanna Clemmons, McKenna Waters and Jessie West recently traveled to Washington, D.C. for the Rural Electric Youth Tour. McKenna and Breanna are seniors at Wewahitchka High School, and Jessie is a senior at Blountstown High School.

McKenna and Jessie were eligible to go on the trip as winners of Gulf Coast Electric Cooperative's Youth Tour Contest. Each year, the Cooperative sponsors the contest for eleventh-graders whose parents or guardians are members of

GCEC. Contestants are interviewed by a panel of three judges from the electric cooperative industry, and two winners are chosen to travel on an all-expenses-paid trip to Washington, D.C. in June. Breanna won the statewide essay contest for children and grandchildren of cooperative employees and trustees.

While in Washington, the students toured museums; Arlington National Cemetery; the Iwo Jima Monument; the U. S. Capitol area; the mall area; the Korean, Lincoln, Vietnam, FDR, Jefferson, Martin Luther King Jr. and World War II Memorials; Mt. Vernon; and the National Cathedral. They also saw the U.S. Marine Corps Sunset Parade; attended a boat cruise and dance on the Potomac River; and ended their trip with a visit to the Kennedy Center to see a performance of "The Lion King."

A highlight of the trip was the National Youth Day rally, where they joined more than 1,600 students representing electric cooperatives from 43 states – a record number.

"We were proud to have McKenna and

Breanna Clemmons, Jessie West and McKenna Waters at Arlington National Cemetery.

Jessie representing Gulf Coast Electric Cooperative in Washington and proud of Breanna for winning the essay contest. Over and over again, the Youth Tour trip has been referred to as 'the trip of a lifetime,' and we hope that it truly was for these exceptional students," GCEC Manager of Marketing and Communication Kristin Evans said.

The Washington, D. C. Youth Tour Program has been in existence since 1957 when co-ops sent students to Washington, D.C. to work during the summer. By 1964, the program was catching on, and the National Rural Electric Cooperative Association began to coordinate the efforts of the co-ops. Since then, thousands of young people have experienced this once-in-a-lifetime opportunity to visit our nation's capitol and learn about our government.

*Gulf Coast Electric Cooperative is part of the Touchstone Energy® national alliance of local, consumer-owned electric cooperatives. GCEC employees serve approximately 20,000 meters and 2,600 miles of line in Bay, Calhoun, Gulf, Jackson, Walton and Washington counties and in the municipalities of Wewahitchka, Ebro, White City, Fountain and Southport.*

**Janet Tomlinson recognized by Superintendent Yoder for the Summer 2014 'Make Their Day Better' award**

CALHOUN COUNTY – Calhoun County Superintendent of Schools Ralph Yoder announced that Janet Tomlinson was recently recognized as the recipient of the “Make Their Day Better” award. This monthly award was instituted by Superintendent Yoder to recognize individuals that make a difference in the day of fellow staff members, students and/or parents.

She has been working for the Calhoun County School Board for ten years. Currently, she is employed at Blountstown Elementary School as a third grade teacher.

In their nomination, one of her colleagues wrote the following:

*A great teacher impacts the lives of his or her students. A phenomenal teacher impacts not only the lives of his or her students, but the community as well.*

*Janet Tomlinson has been a fixture at BES for several years. Always the dedicated educator, I have seen her spend countless hours after the school bell has rang dismissing students, working tirelessly in her classroom preparing for the next day. She puts her students first. Janet second.*

*Last year, Janet approached the teachers at BES about forming a team for the*

*Calhoun-Liberty Relay for Life. As team captain, Janet kept everything organized and running smoothly. It came as no surprise that she was asked to become a committee member for the Calhoun-Liberty Relay for Life chairing the Survivors' Dinner.*

*Traditionally, the Survivors' Dinner was held under a pavilion with picnic tables. However, this year as the Survivors Chair, Janet wanted to make the Survivors' Dinner extra special for everyone. Her vision was an elegant setting basking in candlelight with music wafting on the breeze. Through her hard work and dedication she was able to make that vision come true. Under a*

*tent, she was able to transform a simple spot in the park to a garden of life in which the survivors were able to not only enjoy each others' company, but celebrate one another. There were so many compliments from the Survivors and others how well put together and beautiful the dinner was.*

*Much like the students in her classroom, the survivors came first. Janet second. As a survivor herself, Janet should have been sitting among the survivors celebrating. However, it was more important to her to see that they were comfortable, happy, and full! It was not until the last survivor left the dinner that Janet sat down to eat. Even then, I am pretty sure she was working. As the Chair for the Survivors' Dinner she exemplified how an educator not only touch the lives of students, but the lives of others in her community.*

Pam Bozeman, Principal of Blountstown Elementary School stated, “Mrs. Tomlinson is an asset to Blountstown Elementary School. Her tireless effort to invest not only into the lives of our students but also into our community is evident by this nomination.”

Congratulations to Mrs. Tomlinson as she works daily to make other's days better.

## Chipola nursing program gets national accreditation

MARIANNA—The Chipola College School of Health Sciences been approved for national accreditation for the college's nursing programs by the Accreditation Commission for Education in Nursing (ACEN). College officials made the announcement at a press conference Monday at the college.

ACEN conducted a site visit to Chipola in January with the team recommending both Chipola's Associate Degree Nursing and Baccalaureate Nursing programs for national accreditation for five years.

The accreditation journey began in February 2013 with the acceptance of candidacy status for national accreditation of both programs.

Chipola's nursing programs have maintained continuous accreditation by

the Southern Association of Colleges and Schools (SACS) since their inception. The Health Sciences Department pursued the national accreditation status for both programs.

Statistics reveal that graduate nurses from nationally-accredited programs have enhanced opportunities for employment and educational advancement.

Dr. Jason Hurst, Chipola President, says, "National accreditation by ACEN will greatly expand the career and educational opportunities for our nursing graduates. I congratulate Dr. Stephens, the Chipola nursing faculty and staff for their diligent work on this initiative. ACEN accreditation is an important milestone in the life of our health science programs."

### CITIZENS OF LIBERTY COUNTY

It has been an honor and a privilege to visit with you in your homes and places of business. Thanks for expressing your views and concerns for Liberty County. There are many areas of government that need to be continually addressed.

I have worked hard to earn the trust you place in me 8 years ago. A lot of accomplishments have been made in the past eight years, let's keep programs moving forward. Please go to the polls on August 26 to vote for and re-elect Davis Stoutamire as your full time Certified County Commissioner, District 4.

THANK YOU AND GOD BLESS YOU

## SUPERINTENDENT ITEMS

Superintendent Anderson announced that the County Wide Breakfast will be held on Aug. 15, 2014 at 8:30 a.m. at the Civic Center.

Superintendent Anderson asked Mr. Keven Williams to give an update on the Special Facilities Funding Program application to FDAE and the Fieldhouse/Concession Facility. Mr. Williams stated that FDOE will let us know something next week after the Site Committee finishes the evaluation; however he stated that he thought that it looked really good for LCSB. Mr. Williams stated that all the plumbing is almost finished on the Fieldhouse/Concession Facility. He said that he believes that we will be about to dry it in for approximately \$50,000 which is the amount of the original donation from Rex Lumber Company.

Superintendent Anderson asked Mr. Donnie Read and Mr. Alex Mercer to give an update on the Legacy Campaign for the new Field house/Concession Facility. They brought an example of the brochure which is almost complete and stated that persons should be able to donate on-line by the end of July.

## BOARD MEMBER ITEMS

Mr. Reddick stated that he had received some calls about the vacant JROTC commander position. Superintendent Anderson stated that the district would be following the proper protocol for hiring this position.

Chairman Peddie stated that the county had lost a committed educator this week with the passing of Mrs. Iris Eubanks.

# VOTE FOR AND ELECT JAMES "BO" SANDERS

LIBERTY COUNTY COMMISSIONER, DISTRICT 4

I am James "Bo" Sanders, candidate for Liberty County Commissioner, District 4. I am a lifelong resident of Liberty County. I would like to thank everyone for welcoming me into their homes. It has been an honor and a pleasure during this election, seeing old friends and making new ones. If elected, I want everyone to know, as your County Commissioner, I will not forget who I work for, "every

man, woman and child that resides in Liberty County". I will work hard to lead the county in the right direction. With your help, I look forward to applying my skills, knowledge and values to make a better future for Liberty County. Please go to the polls on August 26th and vote James "Bo" Sanders, County Commissioner, District 4. Your support will be greatly appreciated.

Week of Aug. 20 - Aug. 27, 2014

**ARIES - Mar 21/Apr 20**  
Aries, exercise caution when expressing your needs. It can be difficult to stop when you are drumming up so much excitement. Now is not the time to take a risk.

**TAURUS - Apr 21/May 21**  
Taurus, you may have overextended yourself this week. You didn't realize you had taken on so much until it was too late, but there is still time to backtrack.

**GEMINI - May 22/June 21**  
Gemini, committing to a daily routine can have a strong impact on your overall health. Consider tailoring a new routine for yourself, and you'll reap the healthy rewards.

**CANCER - June 22/July 22**  
Take things slow with a budding relationship this week, Cancer. You don't want to go too fast and find yourself in over your head. Let things develop gradually.

**LEO - July 23/Aug 23**  
Leo, carefully consider any offer that seems too good to be true this week. While the person making the offer is not ill-intentioned, you still must exercise caution.

**VIRGO - Aug 24/Sept 22**  
Big ideas sweep in this week and leave you with a lot of inspiration, Virgo. Don't get too lost in fantastical ideas, though. Wait a little bit before finalizing plans.

**LIBRA - Sept 23/Oct 23**  
Err on the side of caution with regard to spending this week, Libra. You have to save up for a bigger purchase that's on the horizon, so try to save as much as you can now.

**SCORPIO - Oct 24/Nov 22**  
Scorpio, only now do you realize how much you have on your plate. Think about postponing a getaway until your schedule is less packed and you can enjoy the trip even more.

**SAGITTARIUS - Nov 23/Dec 21**  
Sagittarius, turn work into play and things will move along that much more quickly. Split up the tasks at hand with a friend or colleague, and the week will fly by.

**CAPRICORN - Dec 22/Jan 20**  
Capricorn, even though you don't have much time for yourself, you feel compelled to spend more time with others. Make some time for yourself as well.

**AQUARIUS - Jan 21/Feb 18**  
Aquarius, you secretly enjoy when others come to you for advice. Think carefully before making any suggestions, and your friends will be more appreciative because of it.

**PISCES - Feb 19/Mar 20**  
Now is the time to further your studies, Pisces. Figure out how to finance a return to school and make the most of the opportunity.

**Here's How It Works:** Level: Intermediate  
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Fun By The Numbers**

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

# MICHAEL GUILFORD FUTURE TIGERS CAMP

The Blountstown High School Coaching Staff, along with members of the Tiger Football Team and other volunteers gathered Saturday to give youngsters an introduction to the basics of the sport. Kids got to meet the coaches and the players while getting instruction on the basic drills that could lead to a spot on the team in years to come.
