50¢ Plus tax

Sexual offender rules reinforced

by **Patty Brant**
Caloosa Belle

In a move to support economic development, the board approved an ordinance doing away with the \$500 fee for filing for a tax exemption with the county. EDC Director Greg Gillman requested the action. Companies requesting the tax exemption will still be responsible for legal advertising required by their request. The action was taken at their Feb. 28 board meeting. Commissioner Karson Turner was in Tallahassee with state officials.

The Hendry County Board of County Commissioners added restrictions to sex predator and sex offender regulations. The measure was taken at the request of the State Attorney's Office, which complained the law was too vague.

The ordinance now:

Covers all sexual predators and sexual offenders required by state law to register their address with local law enforcement;

Includes transient residences;

County, EDC make progress in D.C.

Chairman of Hendry County Commission Tris Chapman, Hendry County Administrator Judi Kennington-Korf and Hendry County EDC Executive Director Gregg Gillman made every minute count while in Washington, DC last week. The meetings included Federal Aviation Administration, Economic Development Administration of the US Department of Commerce, US Army Corps of Engineers, Congressman Mario Diaz-Balart, Congressman Tom Rooney's office, Congressman Alcee Hastings' office, Senator Marco Rubio's office, Senator Bill Nelson's office and Senate Energy and Water Appropriations Subcommittee staff.

ington. You can rely on a lobbyist or you can show up, tell your own story, and get personally engaged in advancing our issues.”

Chapman said that with the limited resources government at all levels are experiencing, “We thought it was important to show up, look them in the eye, and take this opportunity to tell our story. We have a good story to tell about a great rural community with tremendous potential, with committed and engaged citizens balanced against some of our economic disadvantages and compelling needs.”

The Hendry group was very pleased with the reception that they received at all of their stops. Legislators and staffers were recep-

tive and committed to advance Hendry’s efforts to help diversify and grow its economy, improve transportation and create jobs.

Ms. Kennington-Korf said, “Information gained during the trip to our Nation’s capital was exceptional as was meeting with agencies and Congressional members and their staffs. We are following up on a number of recommendations that we expect will lead to all good things for our county. Our new Congressman, Mario Diaz-Balart, seemed particularly engaged and interested in learning more about our issues and projects – so much so that he plans to visit the county in the very near future.”

Mr. Gillman noted that, “Business is still best performed on the face-to-face level and with no exception; each person we met with was as appreciative of us coming to meet with them as we were to have the opportunity to engage them about Hendry County issues.”

Citizen of the Year Meredith Marcum got into the Denim and Diamonds theme spirit at the chamber’s March 10 giveaway. Also that evening Cheryl Handherhan won the beautiful LaBelle quilt. Don’t forget the citywide yard sale and Farmers Market this Saturday, March 17. Yard sales must be held at a business location. To be listed on the yard sale map, register by Friday at 10 a.m. Call the chamber at 675-0125.

Vehicle burglaries rising

Some Hendry County residents are experiencing a number of vehicle burglaries. Vehicle burglaries are most often a crime of opportunity. “Our own carelessness is often causing our vehicles to be broken into as well as stolen,” said Hendry County Sheriff Steve Whidden.

“You can minimize your chances of being a victim by taking away the opportunity,” said Sheriff Whidden. Lock your vehicles and take the keys. An unlocked vehicle is an open invitation to a car theft. Clean it out, don’t leave anything in it. Do not leave valuables in your car such as cellular phones or chargers, purses, wallets, lap tops, cameras, sports equipments, guns...you get the picture.

If your vehicle has an anti-theft device on it, use it. If it doesn’t, consider the purchase and installation of security devices or an alarm device to activate a siren, horn or lights to frighten the thief away.

And finally, if you see or hear any suspicious activity report it to the Hendry County Sheriff’s Office at 863-674-5600 or 863-805-5000 or for crimes in progress, call 9-1-1.

Western Oxbow Mixed Use District

Commissioners approved changes to the future land use category of 146 acres of the West Oxbow comprehensive plan. Allowable mixed uses include: multi-family and single-family, non-residential retail, service commercial, government and support services, hotel/motel and office facilities. Public recreation along the river is also a possibility. The 146 acres in question includes 124 acres for residential and 22 acres for non-residential. It does not encompass the old Oxbow Golf Course.

The plan will allow six residential units per acre (currently three). If a Greenways/Blueways program is implemented in the future, the maximum residential units would go up to seven per acre. Nonresidential units allowable per acre will remain 0.25.

Concerned speakers offered their opinions to the board.

Geri Yoraschek noted that plans could include a seven story building along the river. She felt that was too tall for that location and such a building would better be situated on SR 80. She also noted that the LaBelle Fire Department doesn’t have a ladder long enough to accommodate that height. She said she would prefer a maximum of three story buildings.

Other subjects included the need for a public walking path along river. It was noted that more public opportunities along river are desirable.

The fire concerns would be addressed during the Planned Unit Development (PUD) phase of the development.

John Wanklyn, agent for the nine property owners, have been talking to the county for seven years adding, it’s time for a decision.

The amendment was approved 4-0 for

transmittal to the state for comment.

In other business:

The board amended its budget due to findings by the Value Adjustment Board which are expected to decrease property taxes received by \$291,000. The board voted to make up the loss by taking \$91,000 from capital reserves and \$200,000 from the disaster fund.

The commissioners discussed more serious deficits on the horizon with Medicare. Although that promises to hit Hendry County hard - over \$850,000 - Commission Chairman Tris Chapman took a long view, saying some good things are in the future for the county. He also noted that some 30 percent of Hendry’s population lives under the poverty level.

The board approved restrictions that will prohibit new pain management clinics from locating near residential areas, schools, churches and daycare centers. The ordinance covers the unincorporated county

The board approved using the uniform method of collecting for non-ad valorem special assessments for the newly created Seven K Estates Municipal Benefits Unit.

A budget workshop was set for March 27, 4 p.m. and regular commission meeting at 5 p.m. at the Courthouse.

Information about county offices in Clewiston was incorrect in the March 8 issue. The Supervisor of Elections Office and Property Appraiser’s Office have not moved and remain in operation at 100 E. El Paso Ave, Clewiston. We regret any inconvenience the error may have caused.

A story about the proposed driving track on the old Oxbow Golf Course stated that some 20 homes would be built before the track. According to Southland Group President Paul Roberts, the first homes, the track, clubhouse and other amenities will all be built in the first phase.

Five individuals charged with drug offenses

Hendry County Deputies arrested four men and one woman on drugs and loitering charges. On Saturday night, March 3, a man who was visiting a friend on South Edgewater Circle in Port LaBelle saw three individuals dressed in black walking around the residence. When the intruders saw him one of them confronted him and then all three fled on foot. A second resident in the neighborhood also saw the intruders and contacted law enforcement.

Hendry County Sheriff Steve Whidden, along with several deputies, arrived on scene and responded to the residence of 4103 South Edgewater Circle which witnesses saw the suspects run into. Sheriff Whidden made contact with 21-year-old Aron Flores, of that address, and asked who was inside the residence. Flores stated he and his girlfriend, 19-year-old Brook Shaknaitis-Nickels were there. Flores allowed the Sheriff and other deputies to enter the home. A quick search revealed that 19-year-old Adrian Flores was hiding in the bedroom closet, while a 17-year-old juvenile was found hiding in the shower. Deputies later found 19-year-old Jose Barrientez, who held an active warrant for burglary, hiding the attic.

A short time later a search warrant was obtained for the residence. Deputies searched the residence for additional evidence and found marijuana in several loca-

tions of the home along with drug paraphernalia and marijuana plants that were being grown in the patio area. Also located was a white Microsoft Xbox360, tools, a jewelry box and jewelry and a handgun, later found to have been reported stolen from a home in the Port LaBelle area.

Brook Shaknaitis-Nickels, 19, was arrested and charged with Obstruction after it was found that she was untruthful when she was asked if there were any individuals hiding in the bathroom. Shaknaitis-Nickels was released on March 4 on \$1,000 bond.

Poisoning is risk for children, adults every day

by Pat Dobbins

Most people think about children when it comes to poison dangers and poison prevention, but many adults put themselves at risk of poisoning every day. March 18-24 is recognized as National Poison Prevention Week. Accidental poisoning and overdoses have been increasing and experts think that it's the increase use of prescription pain killers, sedatives, psycho-therapeutic drugs and other narcotics that have caused this

increase.

Please take your medications responsibly! Be sure to read the warning labels, and ask your healthcare provider or a pharmacist if you have any questions. There are so many medications that can be dangerous if they are mixed with alcohol, certain foods or even other medications.

Be sure to tell your healthcare provider about any medications that you are taking, including any vitamins or over the counter

medications.

If you or your children are required to take any liquid medications, please use the proper measuring tool, don't "guess"! A teaspoon from your silverware drawer is different than a regular measured teaspoon. You don't want to accidentally give your child too much medication!

Parents should make sure that all medications are out of reach not only for younger kids, but for teenagers as well. Some teenagers have overdosed on medications that were easily

accessible in their parent's medicine cabinets!

All medicines should be kept in their original containers with the proper labeling and you should never share your medications!

If you ever have any questions about poison prevention or information on a possible poisoning, you can call the Florida Poison Information Center Network (FPICN). They provide emergency services 24 hours a day, seven days a week (1-800-222-1222).

The calls are routed to one of three nationally accredited poison centers in Tampa, Jacksonville or Miami, where trained staff can help answer your questions and manage poisoning emergencies.

Career Corner

Student Summers

by Matt Kindermann

Summer internships for high school and college students are taking applications now. Just like adults who have to apply for a job in advance of the start date, potentially interested youths should not wait until the end of the school year to start applying for summer internships.

Students are responsible for seeking out internship opportunities, much like adult job seekers have to search for job opportunities. Some internships can be found on the state's employment website, www.employflorida.com.

Matt Kindermann

After registering as an individual, click on Job Search and type "internship" in the search box. Once the list appears, you can select "save this search" at the bottom of the screen and the computer will send you a notification when a new internship is advertised.

Other internship opportunities can usually be found by accessing the website of a company that interests you, like the 20th Judicial Circuit Court or the Lee County Government, which both have current internships listed.

Usually, the internships are posted on the career opportunities page along with their other open jobs.

Read the description carefully as some internships are paid and some are not. Internships are mostly about job experience

and less about pay, so, find an internship that offers experience you think might benefit you in the future.

The internship application process is similar to a real job and will require an interview and some form of background or reference check. Having a recently dated reference letter from a teacher or administrator will help significantly.

Henkel's and McCoy (H&M) is a national company that is contracted to provide youth programs to this region. A youth must qualify for these programs by one of the following criterion: be a member of a household receiving food stamps, be pregnant or parenting, be a criminal offender, be homeless or a runaway, be a high school dropout or be a recent high school graduate needing help with career goals. H&M Summer Work Experiences (paid internships) will start to be advertised in April.

However, other paid participation programs such as job shadowing and other internships are available year around from H&M for a qualifying youth between the ages of 16 and 21.

Participants are paid by H&M so no direct cost is incurred by the sponsoring employer. To participate in the year-around programs, call or see an H&M counselor at any of the Southwest Florida Works offices.

CMUMC, Christ Central planning a celebration for cancer patient

by Sarah Lapp

Stage 4 cancer. A vicious monster that is embedded in Eddie Mason's neck. A fierce stigma which, by the grace of God, has not yet taken complete control. For those who are enemies with such a savage disease as this, now is your time to lend a helping hand.

Mason is the Site Manager at Carlson Memorial United Methodist Church and a dearly loved member of Christ Central Church. About eight months ago, Mason felt a lump above his shoulder.

He thought nothing of it until a doctor confirmed his worst fear. He undergoes intense chemotherapy and radiation in a battle to combat his cancer. He is taking immense time off of work due to his frail body.

The treatments are physically, financially and emotionally draining. Mason is in need of your aid. Here is where you and cancer go head to head.

The church families of Christ Central and Carlson Memorial are rallying together for their beloved Mason. On Saturday, March 17, from 11 a.m.-2 p.m. there will be a celebration fundraiser for this warrior.

Come on over to Carlson Memorial on 310 Campbell Street to indulge in a blissful day. There will be face painting, a bounce house, relay races, a coin toss and other games. Pork and chicken plates (courtesy of the Methodist Men) with rolls, green beans and mac n' cheese will be available for only

\$7.

Also, the praise and worship bands of both churches will be giving off a joyful noise.

Along with a silent auction, there are plenty of venues to donate. And the best part? Every penny goes towards Mason's recovery.

The whole family can tag along to celebrate life, our Lord, and the amazing power of prayer.

Mason is not out of the woods yet, but when a courageous body of believers stand together, it's incredible what can happen.

LHS Cowboys split district games

The LaBelle Cowboy varsity baseball team split a pair of district games last week with Gateway Charter and Bishop Verot. With the split the Cowboys move to 6-3 on the season.

On Tuesday, March 6, the Cowboys pounded out 14 hits to destroy the Griffins from Gateway 16-1! Senior Steven Sodrel was four for four with a homerun and four RBI. Juniors Derek Bass and Austin Garcia added two hits apiece and Sophomore pitcher Jarred Miller picked up

PLAYER OF THE WEEK
Steven Sodrel

his second win of the season giving up only one hit while striking out six.

On Thursday, March 8, the Cowboys fell to the Vikings of Verot 9-1. LaBelle had nine hits but left nine runners stranded on base throughout the game. Steven Sodrel and Junior Kippy Stansly had two hits apiece for the Cowboys.

"We had numerous opportunities early in the game and just could not make it happen on offense or defense when it counted. It will make a big difference when we learn to do the little things down the stretch before districts. We have a great group of competitive athletes that want a chance to advance this year," according to Coach Ron Dunbar.

Witch's Brew

by Pudge Lehman

Just got back from The Palumbo sisters annual trip to North Georgia. As usual we had a wonderful time. One Sunday in church a woman was wearing overpowering perfume. Hint: If your perfume is too strong just put some alcohol on a cotton ball and rub over it. This will save the people around you from being fumed to death.

My sister's garage is narrow. I suggested (you don't tell your sisters to do stuff, you have to suggest) that she tack or nail carpet scraps to the walls so I can get out without banging the walls and door edges.

Fighting Back and Kicking Butts

If you're a cigarette smoker, chances are you started in your teens. The fact is nine out of 10 adult smokers began while in their teens, or earlier. Even today, more than 21,300 Florida youth, under age 18, become new smokers each year.

To help prevent youth tobacco use, Hendry Tobacco-Free Partnership and Florida Department of Health's Tobacco Free Florida are speaking up and taking action. In observance of Kick Butts Day on March 21, the Campaign for Tobacco-Free Kids national day of activism that empowers youth to fight back against Big Tobacco, Hendry Students Working Against Tobacco will be conducting tobacco butts clean-up at local parks, rivers and lakes. This event will highlight how cigarette butts are just as much a litter problem as bottles, cans and other rubbish.

"400,000 Americans die every year from tobacco-related causes," said Melissa Franco, President of Clewiston High School SWAT. "The tobacco industry addicts more than 1,000 youth every day and one in three youth will die prematurely because of their tobacco use. Tobacco use is the number one cause of preventable death in the United States and around the world. We know how to win the fight against tobacco. Science and experience have identified proven cost-effective strategies to prevent kids from smoking, help smokers quit and protect everyone from secondhand smoke. On March

Johnson Engineering has new leader

Johnson Engineering, Inc. is pleased to announce the appointment of its new president, Lonnie Howard, P.E., along with three new members of the Board of Directors; Dana Hume, P.E., Ryan Bell, P.E., PTOE and Church Roberts.

Lonnie Howard

In 2011, Steve Morrison, P.E. announced that after his 15th year term as president, he would pass the torch to Lonnie Howard. Lonnie has worked for Johnson Engineering for 18 years and heads up the groundwater resource group. Throughout the last year, he worked closely with Steve transitioning into his new role. Steve will return to his role as a professional engineer working on select projects for the firm.

The Board of Directors also voted in three new members, director of transportation, Ryan Bell, P.E., PTOE, director of environmental services, Church Roberts and Fort Myers land development manager Dana Hume, P.E., who will also serve as the company's Secretary/Treasurer. The three will join the current Board members Lonnie Howard, P.E., Kevin Winter, P.E., Andy Tilton, P.E., and Mark Wentzel, P.S.M. to lead the company successfully into the future.

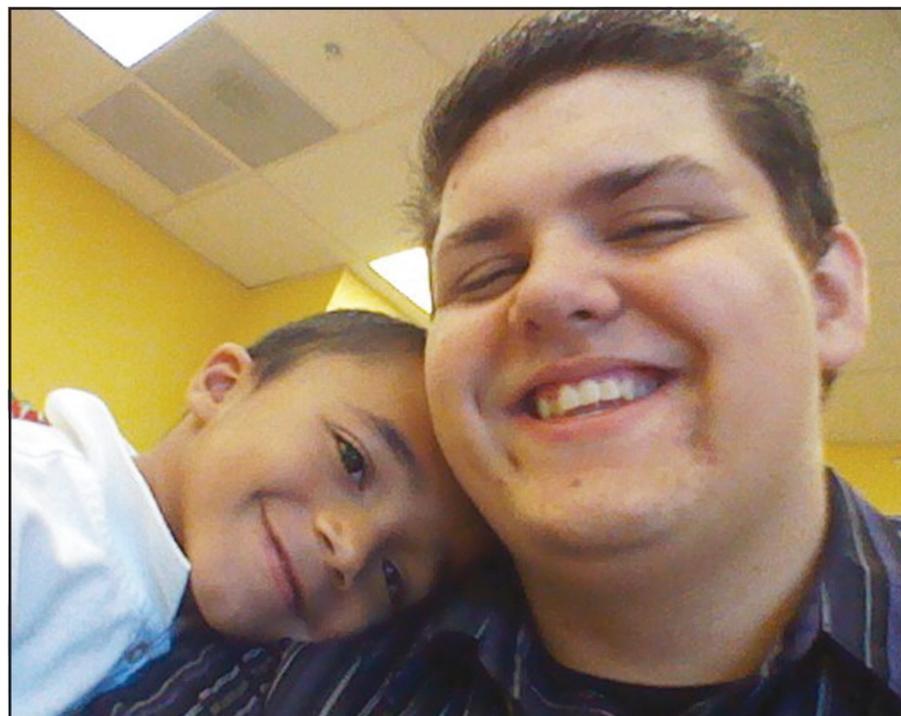

Since 1946, Johnson Engineering provides a complete range of services in civil engineering, site development, planning, water management, environmental, surveying and mapping, GIS, utilities, transportation, and landscape architecture services.

21, students across Hendry County will conduct several events for the national Kick Butts Day campaign. We will work to clean tobacco litter from out local parks, rivers and lakes so that youth have safe places to have fun. Contact the Valarie James at the health department for more information or to volunteer for this event. If you are a smoker and are ready to quit you can contact Angelica Pena at Hendry Regional Medical Center for local tobacco cessation services."

Teen smoking has declined in recent years. However, 15.4 percent of high school students and 10.2 percent of middle school students in Hendry County reported current cigarette use in 2010.

"Tobacco is a very addictive and potentially dangerous drug" said Sherry Elliott, Hendry Tobacco-Free Partnership Chairperson, "For years, the tobacco industry has marketed toward youth and have always considered them as replacement smokers. The average age that youth in Hendry County begin using tobacco is 12, which is middle school. Once a person starts using tobacco, it takes hard work and a consistent plan to break the habit. We want all youth in Hendry County to have safe and healthy environments to play and have fun."

Preventing youth tobacco use is a critical step in combating the pervasive problem of tobacco, the leading cause of disease and preventable death in Florida. More than 300,000 Florida children will ultimately die prematurely from smoking, as current data suggests.

Temporary closure of Moore Haven Lock postponed until after June 11

The US Army Corps of Engineers has postponed the closure date of the Moore Haven Lock after taking into consideration additional concerns expressed by local business owners.

The lock will now be closed effective June 11 to install the Manatee Protection System (MPS) on the gates. The adjustment comes after local business owners expressed additional concerns about the lock being closed during the height of boating season on the Okeechobee Waterway and the resulting economic impacts. The work on the lock

is expected to continue for approximately eight weeks.

"Finding the optimal time to close down the lock requires a balancing act between risks and impacts," said Jacksonville District Commander Col. Alfred Pantano Jr. "While there is no way to find a time that will be preferred by all, we do believe that we have found the time that will allow the lock to remain open during boating season, while also allowing work to be completed prior to the height of hurricane season."

Installation of the MPS is part of the Manatee Pass Gates project. The primary goal of the project is to safeguard Florida's endangered manatees at water control structures and navigation locks by modify-

ing these structures with a MPS. Using a set of acoustic transmitters and receivers, the MPS detects the West Indian manatee and prevents the gates from closing and harming the protected animal.

Above-ground fixtures have already been installed at Moore Haven Lock. The remaining work includes dewatering the lock, installing the MPS to the lock gates, testing the system, and re-watering the lock.

Additional information on this and other navigation notices impacting the Okeechobee Waterway can be found at the following website: <http://www.saj.usace.army.mil/Divisions/Operations/Branches/Navigation/NavNotices.htm>

Stroke and Osteoporosis Screenings coming soon

LaBelle, Florida – Residents living in and around the LaBelle community can be screened to reduce their risk of having a stroke or bone fracture. Our Lady Queen of Heaven Catholic Church will host Life Line Screening on March 19. The site is located at 355 S. Bridge Street in LaBelle.

Four key points every person needs to know:

- Stroke is the third leading cause of death and a leading cause of permanent disability
- 80% of stroke victims had no apparent warning signs prior to their stroke
- Preventive ultrasound screenings can help you avoid a stroke
- Screenings are fast, noninvasive, painless, affordable and convenient

For more information regarding the screenings or to schedule an appointment, call 1-800-697-9721 or visit our Web site at www.lifelinescreening.com. Pre-registration is required.

Screenings identify potential cardiovascular conditions such as blocked arteries and irregular heart rhythm, abdominal aortic aneurysms, and hardening of the arteries in the legs, which is a strong predictor of heart disease. A bone density screening to assess osteoporosis risk is also offered and is appropriate for both men and women. Many sites offer finger-stick blood tests to check for cholesterol and glucose.

Packages start at 149. All five screenings take 60-90 minutes to complete. Life Line Screening was established in 1993, and has since become the nation's leading provider of preventive screenings.

Beef Show at the LaBelle Rodeo Grounds

by Sonja Crawford

The Pee Wee Calf, Beef Breeding and Market Steer Show were held on Tuesday, February 1, at the LaBelle Rodeo Grounds. The show consisted of pee-wee, 4-H and FFA members showing their heifers, calves and steers. The steers exhibited at the show ranged in weight from 950 pounds to 1,222 pounds. Mr. Mike Milicevic of Lake Placid was the official judge for the evening. The pee wee show was sponsored by Nisbet Enterprises Inc., the beef breeding show was sponsored by Wolf Island Ranch Inc, the steer show was sponsored by Triangle Chemical Company, and the belt buckles were sponsored by Florida Gulf Coast University.

Fifteen calf exhibitors began the evening answering questions about their project. The Pee Wee exhibitors consisted of Katelyn Chadwick, Bryson Crawford, Jennalyn Davidson, Olivia Davidson, Ashlyn Hood, Riley Howard, Madison Murrah, Kaelyn Murray, Ty Murray, Alisah Obern, Granger Perra, Kylie Perra, Dallen Steelman, Gracie Swells and Clayton Waldron. All of the pee-wee exhibitors received a blue ribbon and a medallion for their participation as well as their hard work in raising a calf for the show.

The beef breeding critters were judged on size, growth potential, muscle, balance, structural correctness, capacity and sex characteristics. The steers were judged on muscling, correctness of finish, balance, capacity, size, as well as carcass desirability. Showmanship was judged on the ability to exhibit an animal to its best advantage, as well as the overall care and training of the animal. The exhibitors were also judged on control, presentation to the judge, awareness of the judge, as well as knowledge of the specie. Planning, practicing and neat appearance will assist the exhibitor in being successful.

In the Beef Breeding division: Windall Tindall received blue ribbons for his heifer and bull. Windall's heifer was awarded Grand Champion. Dustin Padgett and Justin Mickelsen exhibited their dairy bulls in which both received blue ribbons. In the Junior Showmanship division: Windall Tindall achieved the first place award.

In the Steer division: Blake Crawford, Rachael Reinbott, McKenzie Redish, Dalton Rose, Katelyn Steelman, Windall Tindall and Leah VanWagner received blue ribbons for their entry. Blake, Rachael, McKenzie, Dalton, Katelyn, Windall, and Leah are members of the A-1 Steer 4-H Club. Dalton is a member

of the LaBelle High School FFA Chapter. Rachael captured the Grand Champion award as well as the Hendry County Bred Grand Champion award with her 1,222 pound steer. The producer of Rachael's calf was Crawford Ranch and was purchased by H & H Harvesting. Receiving the Reserve Champion award was Leah VanWagner. Leah also was awarded with the Hendry County Bred Reserve Champion award with her steer weighing in at 1,140 pounds. Leah's steer was purchased by T & A Citrus and Cattle. In order to achieve the honor of receiving the Hendry County Bred Grand and Reserve Champion Steer award, the calf had to be born in Hendry County or the producer is a current member of the Hendry County Cattlemen's Association.

Leah VanWagner achieved the first place award in the senior showmanship division with Blake Crawford receiving first place in the junior category.

All of the exhibitors did a great job exhibiting their critters; thank you leaders and parents. The beef breeding and steer exhibitors were members of the A-1 Steer 4-H Club led by Mr. Jim Barfield and Mrs. Patricia McGill. Mrs. Kendall Murray provided the leadership to the Pee Wee calf exhibitors. The LaBelle High School FFA Chapter is led by Mr. Jeff Burton.
