

The Florida Alligator

TULANE SWAMPS THE ALLIGATORS

FLORIDA IS UNABLE TO PENETRATE PERFECT INTERFERENCE VEIL

(By Joe Dalton)
GAINESVILLE, Oct. 20.—Tulane won an overwhelming victory over Florida by a score of 52 to 0. The Gators were outweighed nineteen pounds to the man and were outplayed at every stage of the game. The game was full of thrills due to the whole Tulane backfield. Colee and Shaughnessy leading the wonderful offense. Captain Colee looks good for a half-back's berth on the All-Southern. His work today was wonderful.

In the first five minutes after the game started Tulane scored her first touchdown. Florida could do nothing after receiving the kick-off and Shaughnessy scored after four plays, one being a forty-yard run by Dwyer. The interference was wonderful, as it was throughout the game. The Gators received and were forced to kick after two plays and Tulane ran the ball back sixty yards on four plays before the quarter ended.

It was Tulane's ball. Colee rounded end for forty yards. Four more plays netted fifty yards and Colee went over, Dwyer kicking goal. The ball was constantly in Florida territory and Tulane scored two more touchdowns before the half ended. Legendere and Colee making the points.

In the third quarter Tulane added three more touchdowns by Colee, Shaughnessy and Foust. By this time Coach Buser had used practically every substitute on his squad as did Coach Shaughnessy. Loomis at end played a fine defensive game for Florida but nothing could be accomplished against Tulane's wonderful interference. In the last quarter Tulane scored her last touchdown; this was made by Gentley, who bucked the Gator line for ten yards. Line-up:

Florida—(0)	Position	Tulane—(52)

NEW MANAGING EDITOR ELECTED FOR ALLIGATOR

A special meeting of the student body was held last Thursday evening for the purpose of filling the vacancy on the Alligator staff caused by the resignation of the former managing editor, Seth Clarkson. The staff nominated W. P. Jernigan for the position. As is the custom, the student body elected the staff nominee without opposition.

The college people are much interested to see in the True Democrat an advertisement asking for bids to erect a dormitory and education building on the campus for the Florida State College for Women. The bids will be received at the office of Mr. Bryan Mack, secretary of the board, and will be opened at the next board meeting, November 12. If the contracts can be let in November both buildings will be ready at the opening of school next September.—Flambeau.

WILKINSON IS CAPTAIN OF 'GATOR FOOTBALL TEAM

Old "F" man, and Senior in Teachers College—Belts come in for Their Share of Festivities.

The heretofore leaderless 'Gators are to have an able leader in the person of, "Rowdy Bill" Wilkinson. At a meeting of the football squad in 'Ag' Hall Thursday night, they chose Wilkinson as their captain.

Coach Buser gave the fellows a short talk in which he described the sort of a man he wanted for a captain. He said that for success he must be a leader among men, popular and able to cope with all odds, and to stand up for his and for Florida's rights on the gridiron.

Wilkinson, who is a Senior in the Teachers College, and the only old "F" man on the squad, fills all the qualifications, and no doubt under his guidance the team will have a successful season.

"Rowdy Bill" is not prone to complain, but he says that his charges, sure can swing a belt with force and accuracy.

A FATHER'S LETTER TO HIS SON ON HIS TWENTIETH BIRTHDAY

The following letter was received by an upper classman of the University recently and seemed such a true expression of a father's feeling for his son that it is published by request of President Murpree, who chanced to see the communication, in order that every young man in College may find inspiration in the confidence expressed. For obvious reasons the name of the recipient of this beautiful letter is withheld, but there is doubtless some one who feels the same sentiment about each man amongst us.

My dear—

Twenty years ago the sweetest, cleanest, prettiest little baby boy came to our home, and entered our hearts, and has been with us ever since. He was the dearest, most affectionate child I ever saw. He was always so considerate, thoughtful, and generous to all. His one thought was of others, their comfort, pleasure, and happiness came first. Is it surprising that he developed into a manly, upright christian gentleman? I think not; as the twig is bent so grows the tree.

This dear boy brought us nothing but happiness and comfort. He is now the pride and joy of our life. We expect great things from him. If the past is any indication of the future, his life will be one round of kindly deeds, helpful acts, and the world will be better and happier for his having lived in it. Stick to your ideals my son and let nothing entice you from the path of morality and rectitude. You have chosen the wiser course which brings happiness, honor and an easy conscience. My ambition and future happiness is intermingled with yours so closely that any failure, or fall on your part, will be keenly felt by me. My confidence and faith is not misplaced and I have no fears along this line. I know you are an honest, conscientious worker and will do the best you can. I trust you in any matter any anywhere. Your work may seem irksome and unnecessary. But it will place you in a position to be helpful and successful in whatever you undertake. The regret of my life is that my parents didn't insist on sending me to school and forcing me to take an education. God bless you my dear Son. May His richest blessings abide with you always. I enclose check for birthday.

Affectionately,
PAPA.

SOPHOMORE-JUNIOR GET TOGETHER A SUCCESS

Many Rats on Program—Big Blaze One Feature of Evening—Many Town People Out in Cars—Ten old Grads Present.

The Sophomore and Junior warmer has gone down in school history as a success. It was a real warmer, not only on account of the big bon-fire, so willingly donated by the Rats, but also because of the spirit of fellowship shown for the first time this year between all the men on the campus, old and new.

No regular program had been prepared by the hosts, but this deficiency was soon supplied by several extemporaneous orations by Rats. It is true that most of the orations were obtained only after much extortion on the part of the hosts, but even tho' lacking much in the way of preparation, they were well received by all those present.

Only ten old "grads" were able to be present, due in large measure to most of them being in the service, but a majority of the student body and several carloads of town people were on hand to share in the cream cones and smokes. After the refreshments were exhausted and the program was completed, cheer-leader Frank DeVane took the crowd in hand and drilled them in most of the yells. A much larger crowd was out to this practice than has been attending those in chapel every night, probably due to the lure of ice cream cones and smokes.

AUBURN TEAM WINS IN STOCK JUDGING CONTEST

The team of students from the College of Agriculture, University of Florida, selected to take part in the live stock judging contest with other Southeastern agricultural colleges, returned last week from a visit to the Southeastern Fair, Atlanta, Ga., feeling greatly encouraged over the results of their work. The colleges from the University of Georgia, Alabama Agricultural College, and Clemson, S. C. Agricultural College took part in the contest with the Florida students. The judging took place on Monday, Oct. 15th, consisting of rings of Hereford, Shorthorn, and Aberdeen Angus beef cattle, Jersey and Holstein dairy cattle, and Duroc Jersey, Poland China, and Hampshire hogs. Each team judged the animals in turn and the records were compared with the judgment of expert official judges. The students were also required to appear before the officers and give reasons for their placing of the animals. The contest and record work occupied most of the day Monday, and at supper time the entire crowd of nearly thirty students and coaches took part at a banquet at one of the dining rooms on the fair grounds. After supper the results of judges were announced, giving highest place in the contest to Auburn, Ala., second place to Clemson College, while the Universities of Georgia and Florida were close together. The team from Florida ranked second in judging Hampshire hogs and Shorthorn cattle and third in judging Jersey cattle and Duroc Jersey hogs. The leader of the Florida team, W. E. Stone, ranked sixth among all contestants. The Alabama team had more experience and more mature men than any of the other colleges, as they had been visiting some of the live stock shows recently in Missouri, Kentucky, and Tennessee. The following students composed the Florida team: W. E. Stone, F. R. Edwards, C. J. Nieland, J. R. Gunn, F. G. Merrin, and Paul D. Camp alternate. The team re-

SOUTHERN COLLEGE NEXT—METHODISTS ARE READY

'Gators Rounding Into True Form—Last Game on Fleming Field This Year—Only Game Between State Schools.

Saturday the 'Gators will meet a strong team from Southern College. Coach Alderman has been putting his corn-fed huskies through many drills and is confident that they will make a strong showing Saturday. Coach Buser is rounding the 'Gator squad into better shape than ever, profiting by the mistakes and weaknesses brought out in last Saturday's game. He is sure of a hard earned, but certain, victory over the Methodists. The open style of football will predominate.

This is the only inter-collegiate football game between colleges of the state, so it is being watched for with much interest throughout the state. It is hoped that this interest will be manifested by a large crowd, and a "heap" of gate receipts, which are sadly needed by our Athletic Association.

This game will conclude the home games this season.

3 CENT LETTER RATE AFTER NOV. 1.

Official orders increasing the postage rate on letters to three cents and postal cards to two cents, effective November 2, have been received by the local postoffice. The increase in postage is one of the new war taxes and affects tobacco, cigars, liquors, etc. The rate for city distribution remains at the present rate, while the outside service is increased one cent.

Following is the official order:
Office of the Third Assistant Postmaster General, Washington, October 3, 1917.

Pursuant to the foregoing amended regulations, postmasters shall, on and after November 2, 1917, see that postage is paid at the rate of three cents an ounce or fraction thereof on letters and other first-class matter except drop letters. All drop letters, that is, letters mailed for delivery from the office at which posted including those for delivery by city, rural or other carriers from such office, are required to have postage paid on them at the rate of two cents an ounce or fraction thereof. Postal cards are required to be prepaid two cents, and, therefore, the one-cent postal cards must have a one-cent postage stamp affixed to them in addition to the one-cent stamp impressed on such cards. Postcards (private mailing cards) bearing written messages must have two cents postage prepaid on them. Postmasters at offices of address shall be careful to rate up with the proper amount of postage due all mail reaching their office with the postage insufficiently paid.

A. M. DOCKERY,
Third Asst. Postmaster General.

remained in Atlanta Tuesday and Wednesday to witness the judging of the cattle and hogs by the official judges. There were over 400 head of cattle and nearly 650 hogs in the barns. The students are enthusiastic over the results of the trip because of the large number of splendid animals they were able to study. The Department of Animal Husbandry will continue instruction during the year on stock judging work, and will be in position to send student judges to assist with the various county fairs in Florida.

Lady—How do you manage to live without working?
Tramp—I don't, mum. I'm allus workin' somebody.

SECOND HOME-COMING DAY CELEBRATED

Big Events, Parade, Band, Public Cheer Practice, Record Crowd at Tulane Game—Dance at Elks' Club Well Attended—Many Old Men at Game.

Home-coming Day was celebrated on the campus and in town last Saturday. The big event of course was the Florida-Tulane game. This had been advertised so extremely that the result was a record crowd that represented practically every section of the state.

Those few old "Grads" that were able to be present received a royal welcome, the only occurrence to mark what was otherwise a perfect day was their having to see the 'Gators defeated. The one consolation was that in the face of overwhelming odds, the 'Gators went down fighting.

The parade in the morning was a big "doins" and had much to do with the large crowd coming out. It formed at ten o'clock in front of Buckman Hall. The parade was composed of the University Band, two companies and several well decorated cars from town. The parade marched to town where, by the aid of the band and cheers, a great deal of Florida spirit was instilled into the town folks.

Last but not least to add to the day's pleasure was the big dance at the Elks' Club. A general invitation was out and from viewing the happy throng there, one felt sure that the acceptance was also general.

Viewing it from all sides, Home-coming Day was a success and will be so in the future. It will, or rather has, become a school tradition along with Miller's and "Rat" caps.

Among the old "Grads" present there were: Ollie DeVane, Camp Wheeler; Pete Perry, St. Augustine; C. P. Bishop, Leesburg; A. C. Johnson, Harry Wood, both of Evinston; Henry Tribble, Lake City; Davis Wall, Sidney Padgett, J. B. Booth, Frank Swanson, Bob Smalley, L. Y. Dyrenforth, Camp Wheeler; H. B. McCall, L. W. Traxler of Alachua; P. C. Taylor, H. C. Crawford, and Carl Duncan.

MANY GATORS NOW IN FRANCE WITH UNCLE SAM

We regret to say that so far we have been unable to secure a complete list of former students now in the Federal service, but we hope to have all of their names before long. Below is a list of those who joined the Florida Unit of the Ambulance Corps when it was organized here last spring. This unit, No. 35, is made up almost entirely of former U. of F. students and is now in France.

EDITORIAL

"Turn about is fair play." Everybody agrees 'tis true. However, when we defeated Tulane two years ago we certainly did not carry it quite so far.

THE BON FIRE RALLY

Some one will say: "Better leave the rally part off," but just the same that was the name given to it and it might not be approved by the Juniors and Sophomores should the title be omitted. One thing that was lacking was a program, but except for that it was a fine party. Those present are indebted to the "rats" for their extemporaneous outbursts, which were very amusing and showed exceptional originality as well as intelligence on the part of some of our Freshmen. Altho there were very few of the Alumni back to join in this "Mixer" there were many students out and also some of the town people, so that a very good crowd gathered on the eve of Home Coming Day and enjoyed the hospitality afforded by our Juniors and Sophomores.

Overwhelmed with the victory over South Carolina the student body made an appropriate display the night following in the form of a "Shirt-tail parade." There were a few who thought it was a parade of other garments, but we still call it a "Shirt-tail parade." It was to be hoped that this celebration could be repeated, on an even larger scale, the night after our contest with Tulane, and Dr. Murphree, in speaking of it, talked as tho it were a foregone conclusion, for he even advised us as to the way in which the latter parade should be conducted, warning us regarding our modesty, and stressing the point of having each garment in its place.

Tho we did not feel like carrying out the proposed plan we certainly did not feel that we were disgraced. It was merely a disappointment, and they are things which come to everyone. Tulane has by far the best team that has ever appeared on Fleming field, showing unusual ability as a whole. They were fast and their interference perfect, and from the very beginning it was seen that they were to be the winners. No wonder when we find that the Tulane Coach admitted, when questioned as to his men's nationality, that there were NINE IRISHMEN on the squad. Some team! The fact that they outweighed the 'Gators 18 pounds to the man, and combined with this, had greater experience, did not affect the gameness of the 'Gators, for until the very end they were still in the game and put up a fight for which the students showed their appreciation by their continuous cheering.

Home Coming Day 1917 was on a smaller scale than in 1916 and the reason is obvious—that practically all who are free from ties have joined some department of the service. About two hundred former students were back last year for this occasion, while there were only about 25 who were able to be present this year. We appreciate their presence and regret that conditions were such that it was impossible to make it more pleasant this time, but hope for better luck, in many ways, next year.

No doubt with such remarkable material as was in evidence at the "Bon Fire Rally," the Glee Club will be better than ever this year.

The University is fortunate in having among the citizens of Gainesville some who are as loyal supporters as could be desired. On the other hand there are some who are so disloyal that it is nothing less than a disgrace, and the fact that they are so public with it makes it even worse. The actions of a few individuals were severely criticised by an outside witness at the game with Tulane. They started off with Florida but in a very short time were strong supporters of our opponents. Had they only kept quiet such an unpleasantness would have been avoided, even then they would not be loyal, for anyone who backs only the winning team and criticises the same team when it is the loser can claim no loyalty whatsoever. We appreciate the staunch support of the few and hope that it will soon prevail among the many.

It is unfortunate that Florida showed such a reversal of form in its game with Tulane at Gainesville yesterday. That the Louisiana eleven would win was generally conceded, but it was believed that the 'Gators would make a much better showing against them than was the case. However, though defeated, the Florida boys are not one whit discouraged, and expect to come back strong in their next battle. Their future work will be watched with interest by their many admirers in the state the majority of whom are confident that the eleven will give a creditable account of itself before the curtain is rung down on the present season.—From the Jacksonville Times-Union.

CHEER PRACTICE

When cheering practice is announced in Mess Hall, don't be satisfied with saying "Rats out," go to the practice and do your bit. If you can't go out on the field and practice with the squad, you can at least do your part by learning how to cheer them on in a game.

Rain or shine, wet or dry, you can see the 'Gator squad hard at work, with never a murmur of complaint about the slippery field and the wet ball. They look at it in the right light and consider it all in the day's work. They are doing their bit. How about you? You can afford to spend a little time each night practice is held to perfect the yells. Only eleven men can be on the football team, but the entire student body can be on the cheering squad and it is up to you to be on the side lines three hundred strong, cheering the team on and making them put in that last ounce of fight that wins games.

Show your college spirit and come out, take in the practice as well as the games. It is a time-worn maxim that "practice makes perfect" and we want everything around Florida perfect.

Get in behind the cheer leaders, the coach, and the team, and using the coach's own words "Florida will make a mark for herself in this southern conference."

SOCIETY

STUDENTS ARE INVITED TO SOCIAL AT MANSE

All students of the University are invited to attend a Hallowe'en social to be given at the Manse Friday night by the Christian Endeavor Society of the Presbyterian Church.

An interesting Hallowe'en program has been planned, and all who attend will not regret the time spent at the social. For the benefit of the new men it may be stated that the Manse is just behind the Presbyterian church.

PAN HELLENIC DANCE

The Pan Hellenic dance which was given in honor of the Tulane team and various visiting girls was a decided success. Not since the Kappa Alpha dance of last year has such a crowd gathered on the Elks' Club floor. There were probably twenty-five fair visitors, and with the splendid music rendered by the University orchestra, a good time was had by all. Among the out of town ladies were, Misses Ellen Stripling, Woodrow, Sawyer, Greely, Epps and Sawyer. Mr. and Mrs. "Tobe" Clark chaperoned.

TACKLING DUMMY AT MICHIGAN GETS NEW NAME, "KAISER BILL."

ANN ARBOR, Mich.—The tackling dummy on the University of Michigan football practice field has been re-christened and is now a male instead of a female personage.

Coach Yost, grinning broadly, is ready to admit that there is an ocean of effectiveness "in a name."

Until this season the dummy has been known as "Gertrude." On numerous occasions, Yost, Trainer Tut-hill and other chiefs of the training squad, have informed ambitious young football candidates that they never would get to the front unless they showed considerably less consideration for "Gertrude's" feelings.

This season, with many gridiron stars absent from college, and many green men to coach, Yost faced a problem.

But he solved it. He had the tackling dummy re-christened.

It's new name is "Kaiser Bill."

And that's the reason why Yost is still grinning.—Clipping.

The University of Georgia certainly has not been a slacker in keeping pace with the nation's hurried preparation for war during the last few months. Georgia furnished four hundred men for the recent training camp at Fort McPherson—more than any other Southern college.

The curriculum is taking up war preparations with renewed energy for the coming year. Five hours drill and two hours gymnasium training per week will be required. Courses in the Moss Manual, Field Service Regulations and Military Engineering will also be given.—The Red and Black, University of Georgia.

Miss Oldgirl—I remember when the girls married much younger than they do now.

Miss Pert—Yes, so grandma tells me.—Baltimore American.

Edith—Jack told me I was so interesting and so beautiful.

Marie—And yet you will trust yourself for life with a man who begins deceiving you so early?—Michigan Gargoyle.

WAR TAKES LARGE TOLL UNIVERSITY BOYS AND GRADS

The world war has hit pretty close to home in many cases even in the short time since America entered it, and Florida U. is the mother of quite a large family of warriors, the loss of whom from this campus is regretted by everyone.

With Home-coming Day at hand, it seems fitting to make mention of the Florida graduates and last year's students who have gone to the colors since our declaration of war against Germany.

The University Band of last year enlisted in the Second Florida Infantry as a unit, practically, and is now at Camp Wheeler near Macon. As nearly as can be ascertained, the following men were the volunteers: L. Y. Pyrenforth, F. L. Holland, H. G. Redstone, F. L. Thompson, D. A. Storms, B. E. Shull, E. R. Morrow, H. L. Yates, Frank O. Spain Jr., W. E. Robinson, R. M. Swanson, D. C. Helms, H. B. McCall Jr., and George E. McCall.

The Alligator has been unable to secure a complete list of the Florida men who are in the fight, but the names published in this article constitute most of our warriors, and the locations given are believed to be correct at the present time.

At Fort Oglethorpe, Ga., training to be officers are the following men: A. A. Lotspeich, Frank Miles, Robert Shackelford, Marcus Moremen, Phil May, John Gildewell, Stanton Walker, Jim Johnson, G. B. Knowles, Sumter Leitner, John M. Murrell, and L. S. LaFitte. The last named is a U. of F. graduate of several years ago who went to England as a Rhodes Scholar from Florida. While still a Rhodes Scholar, he went to France during the war and saw active service for about six months before returning to America to enter the United States service.

Tom Maguire, whose reputation as a good fellow still lingers about this campus although he has been gone some time, has received a commission at one of the training camps.

F. M. Yon is at Newport News, Va., where he is in temporary command of a company. Whether he has been made a captain or not is not known.

Frank Spain has been promoted to First Sergeant and transferred from the Second Florida Band, to the Signal Corps.

Worthington Blackman is First Sergeant of Company C, of the Second Florida, which is now a federal regiment.

S. J. Catts, Jr., is a captain in the First Florida.

W. R. Frazier is Sergeant Major in the same regiment.

Palmer Bryan is a U. S. army lieutenant and has recently been to Gainesville on a visit to Dr. C. L. Crow.

Hugh Archer Bryan is corporal No. 42 out of 75 corporals at West Point, and is reported as doing well.

J. C. Price is in the navy.

When last heard from, R. D. Rader was a First Lieutenant of Engineers in the Officers Reserve Corps and was stationed at Yellowstone Park.

E. Dixie Beggs is enlisted in Company I of the old Second Georgia.

A. P. Bosanquet, Homer Bratley, Jack Goldsby, Adrian Nall, Ty Cobb, Arthur Crago, Herbert Ford are all in the ambulance corps a unit of which was formed here last spring.

Archie Buie is a lieutenant in the Second Florida.

T. Z. Cason holds a commission in the Medical Reserve Corps.

E. B. Donnell is in the officers reserve corps.

(These reports of Florida men who are in the service will be continued from week to week as their locations and offices are ascertained.)

PERSONAL ITEMS

We are glad to see Pete DeSilva out again. He has been in the infirmary for about two weeks.

Mr. Edward Treyschlay, of Kansas City, attended the Tulane game. He was visiting Major Tom Barns.

Townsend spent the week-end in Lake Butler, taking in the County Fair.

Heavy rains for section D. Buckman Hall, predicted by weather man Chatam.

Mr. Frank Swanson and wife are visiting his mother, Mrs. Swanson.

Mr. Davis West, of Monticello, a former U. of F. student was married last week, and with his wife, attended the Tulane game.

"Pete" Perry of St. Augustine, an old grad, was on the campus for the game. He is now a second lieutenant in the Naval Reserves.

Rat J. L. Sensabaugh and E. R. Brown both made flying trips home, and incidentally, Bull, to Jax, last week.

Bull Young's brother has been visiting him. He came to see the game.

Fitzhugh Lee, of Miami, has just enrolled in the Teachers College.

Abe Aronovitz, of Key West, a Stetson student, came over with a bunch of men from DeLand to see the big game.

H. B. McCall was one of the Stetson bunch. He is taking a business course there. We are sorry to lose Mac and hope he will be back often and stay longer.

Jack Averick, another of the Stetson bunch, liked old U. of F. so well that he has decided to remain with us.

Jerry Booth and Carl Duncan, of Tavares, were on the campus to see the game last Saturday.

"Fats" DeVane, one of last year's foot ball men, is here. He is now in the army and is stationed at Macon, but he managed to get furlough enough to come down to the Tulane game.

C. P. Bishop of Leesburg is another of the "Home-comers."

A. C. Johnson and Harry Wood of Evinston came, too.

Rat Williams, of Sec. D. Thos. Hall, had a birthday party Monday evening.

S. W. Hollinwaker's father and brother, of Ocala, visited him the other day, and saw the big game.

Alfred Green is able to be back on the campus after an illness of two weeks.

Ex-rat Grutemeyer, farmer at Dade City, took in the game last Saturday.

Miss Sudan Greely, of Jax, and Miss Collins are in town for the game and dances.

H. R. Connell spent the week-end at his home in Orlando.

Feaster and Thrasher made their usual weekly migration to Micanopy for the week-end.

Bridge Club reported all members present at Sunday afternoon meeting.

Henry Tribble of Lake City was another old man, who responded to the "Home Coming" call.

No snakes in dormitories, so says Mrs. Peeler.

L. Y. Dyrenforth, "Dearie," of the Second Florida Band, surprised his many friends by walking in last Saturday.

L. W. Traxler, of Alachua, and P. C. Taylor of Miami were both on the campus last Saturday for the game.

Henry Means of Cobb County was here for the game.

Henry Clay Crawford of Tallahassee was on the campus last Saturday shaking hands with his friends and yelling for Florida.

The S. A. E's are a patriotic bunch. They have started their Ag. rats to work on the yard, where said rats will acquire practical experience in farming.

Bob Smalley and Sidney Padgett, of St. Petersburg and Lake Butler, respectively, came back to help Florida fight Tulane.

 While the local editor has gotten a good many names of the "Home Comers," still it is feared that it is not complete. Any help in completing the list will be appreciated.

THE LINEMAN

The crowd goes wild, as with cheer and smile,
 They watch the Varsity whim,
 See the backs thunder,
 The quarter's a wonder,
 The ends are the best in the world.

Of the full back's pluck, in the smashing buck,
 That carried him over the goal,
 Of the quarter's brain,
 In the round-end gain,
 Is the story that will be told.

Of how the halves rushed, in that off-tackle brush,
 The greatest play of the game,
 How the ends fought,
 Of the passes they caught,
 And all for the Varsity's fame.

Of course it takes pluck, to make a line buck,
 And it is hard to go over the goal,
 But let's give some credit,
 We always forget it,
 To the man that made the hole.

The ends were fast, and fought to the last,
 The quarter was certainly fine,
 The backs were great,
 But I pity their fate,
 Except for the man in the line.

In the midst of the fight, with his brawny might,
 He charges the enemy down,
 After each rush,
 Under the crush,
 Bleeding the lineman is found.

No one knows, of the awful blows,
 He takes without ever a sign,
 So fill up your glasses,
 To the man of the masses,
 The hero, the man in the line!

Two Chances—
 According to Hoyle
 A man is either drafted or not
 Two chances!
 If drafted, he is either sent to France or not.
 Two chances!
 If he is sent to France he will either stop a bullet or he won't.
 Two chances!
 If he stops a bullet he will either be killed or wounded.
 Two chances!
 If he is killed—
 Two Chances!—Ex.
