The Citizens and Young People of Gainesville Are Earnestly Requested to Be Present.

Today closes the second week of the Normal. The attendance has increased almost daily, and the present enrollment is largely over one hundred. A more earnest and industrious crowd of teachers has never before assembled.

The daily work begins at 8 o'clock in the morning with Psychology, conducted by Dr. Russell, and English Grammar, conducted by Prof. Himes. At 2 p. m., the recitations are again taken up, and work continues until nearly 5 p. m.

Maj. Floyd has most kindly and thoughtfully provided a delightful entertainment for tonight.

DOING THEIR DUTY

Scores of Gainesville Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Urinary trouble, diabetes, Doan's Kidney Pills cure them all. Gainesville people endorse our claim.

Mrs. V. E. Spence, 201 W. Arlington street, Gainesville, Fla., says: "I could be hard to describe how I suffered from a weak and aching back. At times the pains were so intense that I could not get up or down. I was also troubled by rheumatism and different parts of my body became stiff and lame. A friend finally advised me to try Doan's Kidney Pills and procuring a box, I began their use. I am glad to say that they lived up to representations, removing the pains and disposing of the rheumatism. I can honestly say that Doan's Kidney Pills did me more good than any medicine I had previously taken."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PINKOSON GETS ANOTHER THIEF.

Arrested for Robbing the Depot at Lowell During Week.

Special Agent Chas. Pinkoson of the Atlantic Coast Line has made another quick catch for the company in picking up the negro who entered the depot at Lowell during the first of the week.

As soon as the robbery was known, Officer Pinkoson was notified and left at once for the scene, with the result that he landed his negro, Wade Coleman, within a few hours after arrival.

He took the man to Ocala, where he will have his trial on this charge, and also carrying concealed weapons.

QUIET FOURTH AT MELROSE.

Baseball Came With Waldo—Other Novels of Interest.

MELROSE, July 8.—Melrose certainly had a "safe and sane" Fourth of July—not a single cracker or piece of fireworks was set off. Only the National flag flying over the town hall showed that the day was observed.

Attention is called to the fact that the sale of town property on which the taxes are still unpaid will take place on July 19th.

H. Barnett, from Hollendale, is visiting his mother for a few days on his way North.

After several false alarms the Waldo baseball team came over for a game on Tuesday afternoon, quite a number of friends coming with them. Considering that the Waldo team is a semi-professional one, while Melrose is strictly amateur, the result, 7 to 19 in favor of Waldo, speaks well of the good work of the home boys. Some twenty-odd Waldoites had supper at the Huffman House, indulging afterwards in an enjoyable dance.

News reached here last night of the marriage of O. D. Kent and Miss Hulbert at Kensington, Conn., on June 23rd. They expect to winter here, as usual.

John McRae of Evinston is the guest of his uncle, A. A. McRae.

Found Concealed in Barn Negro Confesses Murder

AMERICUS, Ga., July 8.—The murder Wednesday night of W. F. McRee, a prominent farmer and assistant superintendent for the Bagley Ray Orchard Company, near Americus, created considerable excitement here. The body of Capt. McRee was found in a pool of blood near his residence, with bullet hole near collarbone.

Henry Patterson, a negro farm hand, with whom McRee had previously some trouble, was captured later

four miles away concealed in a barn on the Carter plantation. He confessed the crime and narrowly escaped lynching so intense was the feeling against him. The prisoner was finally landed safely in the Americus jail.

Capt. McRae was an experienced horticulturist, having charge of the vast peach-orchard of the Bagley Ray Company. He formerly resided in Brunswick, Eastman and Macon before coming to Americus, where he has been for three years.

Aged Woman Seriously Injured by Vicious Hog

WAYCROSS, Ga., July 8.—Mrs. Britt, 65 years of age, who recently moved here from Darien, is suffering from a broken limb as the result of an attempt to defend her little grandchildren from the attacks of a hog.

The family live near the Hebard Mills, where the father, Mr. Forbes, is employed. Late in the afternoon

the children were playing with some pigs near the house and the hog, enraged at the teasing of the little ones, madly attacked the children.

The aged grandmother rushed to their rescue and fought the animal off until help could be called. The children escaped unhurt. On account of her age, Mrs. Britt's injury is considered serious.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.
