

SANFORD TAKES THE FIRST OF THE SERIES

HINES WILL DO THE PITCHING IN TODAY'S GAME.

The Visitors Will Have the Left-handed Smith From Georgia On the Mound Today.

Gainesville 6, Sanford 1, with eleven innings to decide it.

That was the way it stood at the ball park on Thursday afternoon, when the largest and most enthusiastic crowd of the season visited the park to see the great contest between these two fast clubs.

While the home boys outclassed the visitors in their playing, they still have the "hoodoo" on them that caused the loss of the game in the eleventh by two errors, but this was unavoidable, and no kicks are coming from the Gainesville rooters.

The Sanford set are a clever lot of boys and know just how to play the game, as was fully evidenced in the contest Thursday, which was one of the very best games that will be seen on the home diamond the entire season.

All you rooters had better fall in line today, for Sanford will have Smith of Atlanta here to do the firing for them, while Gainesville will have the mound filled with Hines, who has on several occasions demonstrated that he can deliver the goods.

Several times during the game Gainesville had men on bases, but the necessary hit was not forthcoming to bring them home. In the tenth inning two Oak Halls were on bases and one out, when Graham tried to pilfer third but was caught, and Hendricks was tagged out trying to swipe second. This spoiled the best chance of the Oak Halls winning.

Watson proved himself superior to "Beef Trust" Bridges in the box, only allowing the visitors one hit. The locals touched Bridges up for six safe bingles, one a two-bagger by Miller.

The Game Explained.

FIRST INNING—Miller struck out; Allen out, short to first; Graham out, third to first.

Vibbert walked and swiped second; Jones fanned; White popped out to

NATURE'S WARNING

Gainesville People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously.

But nature always warns you. Notice the kidney secretions, if there are settling and sediment. Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Doan's have done great work in this locality.

Mrs. J. L. Warren of Starke, Fla., says: "For some time I was a victim of kidney trouble. The kidney secretions were too frequent in passage, causing me the greatest annoyance and I suffered constantly from backaches and dull pains through the kidneys. I could not rest well and in the morning arose feeling tired and worn out. My back became very lame and I often found it difficult to get around. I at length read about Doan's Kidney Pills and procured a box. Since using them, I have been free from backaches and the soreness and lameness has disappeared. The annoyance from the kidney secretions also ceased and I am able to sleep well. Doan's Kidney Pills benefited me wonderfully and I can recommend them as the best kidney remedy I ever used."

ANOTHER NEW GARAGE WILL SOON BE ERECTED

DAVIS & HILL WILL HAVE LARGE STORE ROOM BUILDING.

Have Agency for Two Machines Already, Secure Rights for Seven Counties in the State.

Davis & Hill are soon to open a large and commodious garage erected for the accommodation of their automobile business.

The location of the new site has not been selected as yet, but disinterested parties have offered to erect them a handsome building especially for their use, if a sufficient lease is taken upon same.

Although they are the youngest in the automobile business here they have contracted for a large number of cars, and are meeting with great success in the sale of them, which assures them of a good business in store for them.

One of the best and easiest cars is the little Brush runabout, and they figure that they will place a number of these cars with the physicians throughout the country, for they have contracted for fifteen and have sold about five of the contract already.

Another car handled by them is the E. M. F., and while they have just received the first carload they have already sold three of the machines.

They are now preparing their announcement, which will appear within the next few days, and state that they will be here to interest the general public in automobiles, having secured the rights for seven counties.

Jones and Miller; struck out, by Watson 9, by Bridges 5; hit by pitcher, Swan.

NOTES OF THE GAME.
By Belgibub Knockball.

Pretty game, eh?

Another one today.

Be sure and be out.

It's One-Hit Pop now.

Game called at 3:30 today.

Hines will pickle 'em today.

Bullock's arm was working nice.

Hendricks keeps after them all the time.

No wonder Sanford is proud of their team.

Watson's stock went up about 90 points.

Miller covered first in his usual good style.

Rain did not hurt anything—Bridges held up well.

Spottswood was the star in the field and at the bat.

Sanford's outfield had plenty to do yesterday, and did it, too.

Denton's error was caused by a mighty hard drive to judge.

Let everybody come out today and whoop 'em up for the home team.

It takes B. M. Tench to get the rooters lined up. Be out today, Ben.

Better get Bridges a shovel to dig out the rocks from the pitcher's box.

Sorry you couldn't get away with that steal, Pat. You have to take your chances.

Wonder how Bridges manages to hold his meal ticket? He's not so much for a leaguer.

Waldo 7, Williston 1.

The Williston baseball team went to Waldo yesterday, where a rather one-sided game was played in the afternoon, the score being 7 to 1 favor of Waldo. Prewitt and Harvey were the battery for Waldo. This makes the fifth straight game that this team has won.

Women Suffer Agonies from Diseased Kidneys

And Most Women Do This Not Knowing the Real Cause of their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "ills of their sex." Usually the kidneys and bladder are responsible—or largely so. And in such cases, the kidneys and bladder are the organs, that need and must have attention.

Those torturing, enervating sick headaches, dragging pains in back, groins and limbs, bloating and swelling of the extremities, extreme nervousness or hysteria, listlessness and constant tired, worn-out feeling—are almost certain symptoms of disordered and diseased kidneys, bladder and liver.

DeWitt's Kidney and Bladder Pills have, in thousands of cases, been demonstrated as remarkably beneficial in all such conditions of female organism—affording the most prompt relief and permanent benefit.

As an illustration of what these Pills will do, Mrs. P. M. Bray of Columbus, Ga., writes that she was very ill with kidney trouble, and that she is now well—and that these Pills are what cured her.

They are very pleasant to take, and can in no case, produce any deleterious effects upon the system—as syrupy, alcoholic, liquid prep-

arations are apt to do. E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail post-paid. Do it to-day.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.
