

The Sun

Entered at the Post Office at Gainesville, Fla. as second class mail matter.

H. H. McCLEARY, Editor and Publisher

F. M. PREWITT, Supt. Composing Rooms

Office in Haymans Block.

95 W. Main Street, S. TELEPHONE 229

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year in advance; six months, \$3.25; three months, \$2.00; or five weeks—strictly in advance.

Special notice: A full column occupies a line for first insertion, 25 cents for each additional insertion. Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight page, forty column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Fortunately, they haven't yet put Harry Thaw in the moving picture shows.

In boosting your home town you are at the same time boosting your own business.

Washington is now full of mighty important persons. They are the "acting secretaries."

The young Shah of Persia would rather have a new top than a sceptre and throne any day.

New Rule. Airships must not run through the parks at a rate of more than twelve miles an hour.

Soon all the schools will reopen, to the delight of the book stores and regret of the unambitious youth.

Tampa has been struck by a religious wave. Three men from the county jail were baptized in a bath tub.

It is said that Alfonso will try for the American cup. First he had better sail into the Moors. The Atlantic can wait.

Capital used in improving your home town will not only pay good dividends, but bring happiness to you, and your neighbor.

Turpentine has advanced five cents per gallon within the past week, selling now at 51 1/2 cents. This means renewed prosperity to Florida.

After being searched for every night all over the country for fifty years, the man-under-the-bed has been found by the anxious lady right in Baltimore.

Good roads will do as much if not more to advance the interests of a community than railroads. Build good roads, and the people will come to use them.

From the revised list of President Roosevelt trophies it appears that the "dig dig" really is a "dik dik." It will be welcomed just the same by a grateful and curious people.

Exterminate the housefly and the mosquito, and the occupation of the physician will be gone. These insects are the direct cause of nearly every disease human is heir to.

The Perry Herald says there are already five candidates for the State Senate for that district, it being Taylor county's time to furnish the candidate instead of LaFayette county.

The Madison Enterprise-Recorder (why don't you drop the latter) has entered upon its ninth year of existence. Lum Smith is giving his readers a good paper and we are glad to note that he is liberally patronized.

There are at present something over two and a half million bearing orange trees in Florida, and if the present rate of increase in the number of bearing trees continues it is thought that within five years we will have some four and a quarter million orange trees bearing from twelve to fifteen billion boxes of fruit.

INJUSTICE TO MR. HOLLOWAY.

Several of our State exchanges have indulged in undue criticism of State Supt. W. M. Holloway for his proclamation regarding the fraud in the June examinations practised by negro teachers who made use of papers which had been stolen. The Sun feels quite confident that if the editors who have indulged in these criticisms were as well acquainted with the facts as we are, they would have at least been more lenient.

Some of the negroes implicated are those in whom Supt. Holloway and his predecessors had heretofore reposed the most confidence and the evidence elicited at the investigation in Gainesville was sufficient to cause Prof. Holloway to lose confidence in every negro engaged in the profession of teaching. The Sun feels that Prof. Holloway was fully justified in issuing his "Big Stick" proclamation, for the rascally methods practised by certain negroes in Alachua and Duval counties in the June examination was sufficient to exhaust the patience of any man.

There are only three materials which should be considered in building streets and roads—vitrified brick, flint rock and shell. Money spent for clay and marl is wasted. It would seem that we have had sufficient expensive experience to thoroughly demonstrate these facts.—Tampa Times. It has been the same experience in Gainesville and Alachua county, but it seems that those responsible for the waste of money in this direction will not learn from the lesson of experience for they continue to use the same worthless material in the construction of public thoroughfares.

The Lake City Index is losing cast as a political prophet, having "gone wrong" in several instances lately, its latest prediction being that Broward would not be a candidate for United States Senator next year, but would run for Governor in 1912. As soon as the Ex-Governor became aware of the prognostication of The Index he announced that he would run for the Senate. This, however, will not deter him from running for Governor two years following, as it is not at all probable that he will land the senatorial toga.

If you don't believe that Gainesville has the most accommodating banks in the State, the opening of an account with our banks will convince you of it. Jacksonville banks charge their depositors exchange of checks deposited with them for credit where the check is on other than a Jacksonville bank, but if such is the rule with Gainesville banks we have not yet heard of it.

Hon. J. F. C. Griggs of Apalachicola has formally announced his candidacy for Congress from the Third district to succeed the present incumbent, Congressman Mays. There is no doubt that the latter will ask his constituents to return him for another term, and it would be something unusual for a Congressman not to be given a second term in Florida.

The editor of The Sun is heartily in favor of good roads, but he cannot say that he favors the adding of four or five mills more to the tax rate of a town where the rate is already nearly five per cent. This will be the outcome of the creation of the proposed sub-road tax district. We can stand it, however, if others can.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. P. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

If some enterprising merchant would inaugurate a sweet potato contest, another a sugar cane contest, still another a cotton contest, and so on down the line of agricultural products, on the basis of The Sun's corn contest, an exhibit of the products of Alachua county could be gathered together that would "surprise the natives" and prove a great advertisement for the best county in the best State of the Union.

The Gainesville Sun laments the lack of parks in that city. But why should Gainesville want parks? It is a blue-law town. Parks are made for enjoyment and pleasure of people, and all blue-law folks are opposed to pleasure and freedom in any form.—Miami Record.

Let us all hope that the much-talked-of hard road to Lake Newnan will at last become a reality. Some man with foresight could lay the foundation for a fortune by building the road and providing entertainment for the people at this beautiful rendezvous.

Travel to Florida the coming season is expected to eclipse all former years, in anticipation of which the railroads are improving their tracks, adding new equipment and otherwise preparing to accommodate the people coming to Florida.

Get interested in The Sun's corn contest and show what Alachua county can produce in this line. A selection of all the best ears grown by the farmers of this county will make a fine exhibit and prove a revelation to people from other sections.

The Bartow Courier-Informant says Gilchrist has made too good a Governor for the people to turn to Broward again. And General Law has proven more correct than otherwise in his political prophesies.

Hon. W. N. Sheats will be principal of the Lakeland High School the coming term. Mr. Sheats is the peer of any educator in the South, and Lakeland is fortunate in securing his services.

If you have found anything see if it is advertised in the Want column.

HARPER WHISKY

Grandfather knows good whiskey and since he was a boy Harper has been his choice. Buy Harper from all leading shipping houses.
