NEWS FROM ALL PARTS OF FLORIDA

Fort Myers claims to have more cement walks than any other town of its size in the State.

The Everglades edition of The Miami Metropolis is being put in type and the first forms will soon go to press.

The plans for a new packing house at City Point have been approved and the work of construction will be started at once.

Fish shipments from Punta Gorda for one week amounted to six solid cars and 49 barrels, aggregating 153,800 pounds.

The Manatee Junior High School opened Monday with an enrollment of about ninety, which is the best in the history of the school.

St. Johns county citizens are organizing an association to assist the game wardens in enforcing the game laws in that section.

Lake Butler seems to be waking up from her summer lethargy. All of her gins are getting busy now and they won't be idle again very soon.

Volusia county is certainly bounding forward as fast as any growing section of Florida. New settlers and new capital are reported every week.

The carpenters are now busy at work in Lake Butler repairing the steeple to the Baptist church that was so badly wrecked by lightning some time ago.

After several months of excellent playing, in which they defeated almost every team they went up against, the first baseball team of St. Petersburg has disbanded.

One hundred dollars has been subscribed in the neighborhood of Stuart to test the legality of the new fish law in regard to using seins on the St. Lucie river.

It is hoped that the new Thrasher ferry road at Orange City will be ready for use by winter. This new public highway is of great importance to the citizens of that county.

The Cocoa school, which will soon open, has included Spanish in its studies for the year. This will be a new opportunity, which the children will no doubt be glad to take advantage of.

The Winter Park Orange Growers' Association has employed a California man as their secretary for the coming year. His work will be a general oversight of the picking, packing and shipping of the fruit.

A new enterprise has been started in Dade county which promises to become a large concern. The product, a new silver and gold polish, is native to that section, the supply is inexhaustible, and the demand will no doubt prove a lasting one.

A State board of trade has been proposed by the live exchanges. It is thought that if political and sectional differences could be eliminated that such an organization would prove of much benefit to the future growth and prosperity of every county in Florida.

Work on the Cathedral School for Girls at Orlando will soon be started. The Bishop Gray Hall is to be moved westward from where it now stands and a beautiful three-story brick and stone structure will ornament the central position of the grounds. This will be an important addition.

MALARIA.

A Statement of a Successful Cure.

(Mrs.) Mabel Smith, Dallas, writes: "Feb. 1909, PAM-ALA has absolutely cured me of Malaria (Chills and Fever). For some months past I have lived in the swamps of Louisiana. I never saw a well day for six months. Malaria has held me in its grip and for the past seven weeks I have been confined to bed. Thanks to Pam-Ala I am now entirely well again."

tackle at the "wet" or "dry" question. Six hundred and sixty-two names have been presented to the county commissioners asking for an election, and it will in all probability be granted. There will be some excitement in Dade county until the matter is settled.

Several changes are expected to take place in the freight traffic department of the A. C. L. by October 1st, if the plan meets with the approval of the head manager. R. Bryan, Jr., will go from Savannah to Tampa to become soliciting agent; Robert Tayloe, commercial agent at Ocala, has been promoted to special agent with headquarters in Jacksonville. Mr. Tayloe will be succeeded by W. C. Ragin.

Members of Co. "L" of the Rifles of Miami have considered the proposition of attending Jacksonville in a body and competing for the $500 prize that will be offered for the best drilled company during the military carnival which is to be held in that city on November 15. The men were unanimous in their decision and will put in three drills a week for the next two months, so as to be in good shape for the big affair.

At a turpentine still near Perry a white convict from Duval county went on the war path one day last week and broke into the residence of A. J. Conoly, where a number of guns and a large quantity of ammunition were stored, and then invited the guards to come and take him. He was finally captured by Sheriff Parker, but not until the sheriff had to fire several shots at the man, the last one entering the convict's side, which will probably prove fatal.

FISH FRY ON LAKE NEWNAN.

Kite's Fish Camp Scene of Much Enjoyment by Large Crowd.

Editor Sun: The fish fry at Kite's fish camp on Newnan's lake Saturday, Sept. 11th, was a grand success, there being 52 present, fourteen from Waldo, 36 from the Orange Heights district and two from Rochelle. The crowd assembled at 10 a. m. to fry plenty of fish and make a delicious fish chowder. The dinner was set at 1 p. m., when all gathered at the tables and enjoyed one of the finest dinners ever set on Newnan's lake. After dinner games were played; some went boat riding, and the older folks sat and talked of by-gone days. When it was time to start home everyone expressed themselves as having enjoyed one of the best fish frys of the season. PARTICIPANT.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.
