

FORMAL OPENING FLORIDA COLLEGE

REGISTRATION SHOWS A MOST
GRATIFYING INCREASE.

Attendance This Session Will Probably
Exceed 150 Students From This
and Other States.

By far the largest enrollment ever accorded a school so young as the University of Florida, will be witnessed this season. It will surpass all other records, if the present indication count for anything.

The arrivals up to last night were estimated at something like one hundred, while nearly that many have already registered for the present term. All of the available space in the large dormitory has been taken, and new rooms will now have to be engaged in order to accommodate the remaining number that will enter the school today.

The formal opening will occur today, when it is estimated that this season's registration will start off with something like one hundred and fifty students, a most remarkable gain since last session.

Each and every train now coming to the city brings students, and while a large number of the student body are old and familiar faces, the greater part of the young men are strangers, and this shows that some very effective work has been done during the past summer.

The president and faculty of the University were a happy lot last night and feel that their work in behalf of the University has borne fruit. They even hope for a much greater registration within the next few days, for a certain per cent of the number are always a few days late in entering.

PAVING MASONIC STREET.

Grading Has All Been Completed by
Commissioner Dell.

Masonic street has all been graded between East and West Main streets and rock is being hauled for the purpose of paving the same at once.

It will be remembered that a proposition was made to the last meeting of the City Council by Messrs. Doig and Colclough concerning this work, and the body having agreed to the same the work is now being done.

Since the building of the garage, and the probable building of the brick stores of E. Baird, this street has become one of the most popular of the side streets of the city, and the improvement will be hailed with delight.

COUNTY BUILDING ANOTHER ROCK ROAD

GAINESVILLE PARTIES ASSISTING
IN NEEDED IMPROVEMENT.

New Stretch of Road Will Prove a
Great Convenience for Many
Citizens.

Another and very important piece of hard road work is now being done by the county commissioners, and it will afford a great deal of comfort and pleasure to a large number of citizens who reside southwest of Gainesville, particularly in the Rocky Point section.

While the most direct route has always been for the people of that section to come to this city via Colclough hill, they have been compelled to travel a few miles out of their way to avoid about two miles of the deep sand to be found in the county.

This part of the road is situated between Cannon's crossing and what is known as the terminus of the rock road going south. This condition is now being remedied and the material, which is easily accessible, is being furnished free, while teams are being donated by Messrs. S. M. Davis, and Crawford & Davis, and the work is being done by the commissioners, who readily saw the advantage that such a short distance would prove to a great number of people.

Until the time of railroad facilities over the G. & G. railway the farmers there were compelled to haul their vegetables to this city through this road, and it proved a great hardship as well as inconvenience. The new road will be hailed with delight by the large number of citizens who have occasion to travel it.

Arredondo people and parties living south of that point can also come over this new route and save both time and the heavy hauling, for it will shorten the road in all about three miles not only to western points, but to Wacahoota and the south.

Mrs. John Smith, 307 E. Magnolia street, Gainesville, Fla., says: "I suffered from a weak back and severe pains in my sides for a long time. When I saw Doan's Kidney Pills so highly recommended for these troubles, I procured a box and began their use. In a short time I felt much better. The pains lost their severity and I gained in strength. I consider Doan's Kidney Pills an excellent remedy and am pleased to recommend them."

19th Anniversary of Wedding.

ROCKY POINT, Sept. 28.—The Rocky Point school opened the 27th day with Miss Orrie Pratt of Manatee as teacher. Miss Pratt comes to us highly recommended and the Rocky Point people are looking forward to a very pleasant and progressive school year.

At their home in Rocky Point, Mr. and Mrs. W. B. Crown entertained their relatives and a few friends last Wednesday evening, 22nd inst., the occasion being their nineteenth wedding anniversary. A sumptuous supper was spread and the tables fairly groaned under all the good things this hospitable couple know how to provide. Twenty-seven persons were seated at one time at the table.

Mr. W. B. Crown responded in a happy manner to the numerous toasts given by their friends.

This estimable couple were the recipients of several beautiful and useful presents, reminders of the happy day nineteen years previous, when William Bucy Crown led to the altar Miss Florence B. Fortner. May they have many more happy returns of the day, is the wish of a large circle of friends.
