CONFIDENCE

We Back Up Our Statements With Our Personal Reputation and Money.

We are so positive that we can cure constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all charge if we fail.

It is worse than useless to attempt to to cure constipation with catahartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and make constipation more chronic. Besides, their use becomes a habit that is dangerous and often fatal.

Constipation is caused by weakness of the nerves and muscles of the large intestine or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

The discovery of the active principle of our remedies evolved the labor of the world's greatest research chemists. It possesses all the best qualities of the remedial active principle of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They act directly on the nerves and muscles of the bowels. They have a neutral action on other organs or glands. They do not purge or cause any inconvence whatever. They positively cure chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 25c and 10c. J. W. Why Sailors Like "Scraps."

It has long been observed that the sailor, whether in commercial or government service, takes a peculiar delight in "mixing up" with the bluecoat, but this inclination has been attributed more to a natural exuberance which comes with a land leave, accelerated somewhat by artificial means, than to animus inherent with deep sea life. But why this feeling? Perhaps it is that the strict rules of marine service, the long periods of close confinement to which the seaman is subjected, make him a hater of any one who wears the emblem of authority when he is temporarily enjoying freedom on shore leave away from the restraints aboard ship. The sailor wants liberty in its full sense, and, realizing that the bluecoat is the chief obstacle to his obtaining it, he develops a firm conviction that the gilt coats ought to be treated on general principles. CATARRH DESTROYED MY APPETITE.

PERUNA rarely fails to restore the appetite. Immediately upon beginning the use of Peruna patients begin to eat and digest. This is the universal testimony, coming from all parts of the civilized world.

Catarrh is a very frequent cause of loss of appetite and disturbed digestion. The beneficial influence of Peruna on catarrh completely restores the appetite in such cases.

To prod the digestive organs with medicines that are merely stimulants is a poor way to remedy such cases.

"I am now cured and cheerful in spirits, all through the agency of Peruna, which has cured me effectually and restored my appetite.

"My only regret is that I did not use Peruna sooner and I would have avoided all my previous suffering and misery."

—Mr. Joseph H. Conlan.

Removed Catarrh, Restored Appetite.

Mr. Joseph H. Conlan, 487 7th Ave., Brooklyn, N. Y., writes:

"I suffered from catarrh which completely destroyed my appetite and weakened my entire system.

"I am now cured and cheerful in spirits, all through the agency of Peruna, which has cured me effectually and restored my appetite.

"My only regret is that I did not use Peruna sooner and I would have avoided all my previous suffering and misery."

Torpid Liver, Stomach Trouble.

Mr. James O'Byrne, 626 Madison St., Topeka, Kas., conductor Sante Fe Railway and member Order of Railway Conductors, writes:

"I suffered with a torpid liver and stomach trouble, which made my complexion very sallow, and I felt miserable and tired all the time.

"An aunt wrote me that she was taking Peruna with such good results that she advised me to try it, and I finally bought a bottle, although I disliked to take patent medicines.

"However, I found Peruna very agreeable to take, and effective, as I felt better in a week. I took only five bottles in all and I found that was all I needed.

"I am most grateful to you for what your medicine has done for me."

Dysentery Entirely Relieved.

Mr. W. N. Casey, Leamington, Ill., writes:

"In two weeks after beginning your treatment I was well. I used nine bottles of Peruna. My case was bowel trouble or dysentery.

"I also tried Peruna for a cough, according to directions, and it exceeds any cough syrup I ever used.

"I wish every one afflicted would give Peruna a trial."

Pe-ru-na as a Tonic.

Capt. R. B. Smith, Greensboro, Ga., writes:

"After using several bottles of Peruna I can recommend it as one of the best catarrh medicines on the market. As a tonic it has no equal.

"Peruna is all that is claimed for it."

Catarrh of Stomach.

Mr. Henry Neely, First Lieutenant, Co. "F," 86th Regiment, O. V. I., Box 623, Trenton, Mo., writes: "I suffered for years with catarrh of the stomach. Seeing an advertisement of Peruna, I bought a bottle and every dose made me feel better. Seven bottles completely cured me."

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.
