THE EAST FLORIDA IS IMPROVING SERVICE

COVERS ALACHUA COUNTY AND OTHER SECTIONS

Proves Valuable to Business Interests of City and Many Large Orders Are Placed Here

The East Florida Telephone Company is now branching out to all sections of the State and completely covering Alachua county from the east to western sections.

During the last week this company [illegible] their lines into Melrose, which will give service to the most eastern end of the county, and they have for a long while been connected with Wilcox and nearly all western points.

Only a few weeks since they made connections whereby they could reach Tampa and you can now ring up anyone in most of the South Florida cities over the East Florida 'phone, which is proving a good thing for many of the merchants of Gainesville.

Few people realized that this company would ever amount to anything like its present proportions, but it is today one of the best and largest independent lines of the South and is continually growing and adding new territory to its lines.

CARD FROM DELEGATE.

Tells of Interesting Visit to St. Augustine and Convention.

Editor Sun: Kindly allow me a little space in your paper to speak a few words concerning the Fourteenth Annual Convention of the U. D. C., held in St. Augustine.

This body convened at 9 o'clock Wednesday morning, May 5th, and was a pleasant and somewhat profitable session, in which all the Daughters could be found almost all the time in their seats faithfully attending to matters of interest to the Division. The hospitality extended to us from the citizens, both public and private, in this matchless city of antiquity and historic value is unsurpassed and was duly appreciated by the convention. We considered ourselves fortunate when it was announced that a reception would be tendered by Mrs. H. M. Flagler at the Ponce DeLeon, and joyfully did we accept. This magnificent mansion was most brilliantly illuminated and its hospitable door thrown wide open, giving evidence that we were accorded a most cordial welcome. Delightful punch was also served and we came away feeling that sometimes, at least, it is good to be a member of the U. D. C.

As is her habit, Gainesville covered herself with glory and brought away with her a full quota of the honors. The medal offered to the writer of the best essay on the subject, "The Record of the Soldiers of Forida in the Armies of the Confederate States of America," was won by a student of one of our Gainesville schools, and to Kirby Smith Chapter was accorded the pleasure of bringing home and having it fittingly bestowed on the winner. J. J. Finley Chapter had the honor to win the banner offered the Chapters by the State Historian for the best historical work for a given period of time.

Our delegates are now at home and ready to begin the new year's work with renewed determination.

Mrs. H. H. McCreary was again unanimously chosen treasurer of the State Division, which was another "feather in Gainesville's cap."

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.
