Trenton Police Chief Tracy Taylor

Taylor hired as Trenton police chief

By Carrie A. Mizell

The Trenton City Commission has hired Tracy Taylor, a sergeant with the Gilchrist County Sheriff's Office, to be the town's new police chief.

While interviewing for the job last week, Taylor said the citizens of Trenton have lost their trust in the police department.

"Professionalism needs to be brought back to the department," Taylor said.

At a starting salary of $35,500, Taylor will take over as police chief soon. Taylor wanted to give the sheriff two weeks notice.

"The city of Trenton has gotten a good man and a good law enforcement officer," Sheriff Bobby Schultz said. "The Sheriff's Office looks forward to working with Chief Taylor by continuing to adhere to our motto of 'one team...one mission."'

Taylor brings to the job over eight years experience working as a deputy sheriff and investigator with the Gilchrist County Sheriff's Office.

As a deputy sheriff and acting sergeant, Taylor has worked to protect and serve the citizens of Gilchrist County. His duties included patrolling, answering calls for service, traffic enforcement, serving civil process, executing warrants and follow up on investigations.

While working as a sergeant, Taylor also has experience supervising three deputy sheriffs on an assigned shift.

Taylor worked for four years as an investigator at the Gilchrist County Sheriff's Office. As such, he performed investigations into various cases such as burglaries, thefts, homicide, narcotics, etc. He conducted and coordinated narcotic investigations that resulted in several arrests and convictions.

As the Trenton police chief, Taylor said that any complaints brought against any officer will be investigated thoroughly by an outside agency.

Taylor acknowledged that the three biggest challenges at the Trenton Police Department are (1) gaining citizens' trust (2) small budget (3) bringing integrity back to the Trenton Police Department.

Born in Anniston, Alabama, Taylor now lives between Trenton and Newberry with his wife and two children.

Taylor was chosen over a second applicant, Gregory Link, who worked with the Lake County Sheriff's Office for 25 years, before retiring and moving to the area in 2013. The other applicants who were considered in the top four, Brent Coates and Michael Knezevich pulled their applications before last week's meeting.

Chimney fire damages home

By John M Ayers

A chimney fire that was reported by the residents of 611 NW 96th Place on Thursday afternoon saved the structure from serious damage, explained Chief Mitch Harrell.

"The guys did a really great job once we got on scene getting into the two ceilings of this mobile home addition," Harrell said. "We had to go into the ceiling to locate where the fire was coming from. When we got inside the ceiling, we were able to control it and extinguish the flames."

The residents of the mobile home, with a roof over addition, discovered that a fire had gotten into the ceiling of the home and they called 911 to report the emergency. Chief Harrell explained that a faulty flue pipe from a fireplace had allowed the fire to escape the chimney and spread into the ceilings.

Gilchrist County Fire Rescue Stations 1,2,3, and 4 responded to the structure fire shortly after 5 p.m. Eleven firefighters from the Gilchrist EOC, North Gilchrist, Southeast and Spring Ridge stations responded to the emergency and extinguished the fires resulting in less than $10,000 damage to this residence.

Chief Harrell said that one of the residents in the home was transported to a local hospital on a precautionary basis.

Walk-a-thon generates $15, 629

By Carrie A. Mizell

The skies cleared on Saturday morning just in time for the Education Foundation of Gilchrist County to raise $15,629.40 at its 2014 Walk-a-thon.

Up from $12,000 raised in 2013, the annual walk-a-thon serves as a fundraiser for high school scholarships for graduating seniors and teacher mini-grants.

This year, mini grants were awarded to teachers prior to the start of the walk-a-thon. Trenton High School teacher Sue Reed, Trenton Middle School teacher Ryan Pass, Trenton Elementary School teachers Kimberly Hines and Charlotte Kearney and Bell High School teacher Linda Lyles received mini grants.

Eleven teams worked tirelessly to raise funds for the Education Foundation's Walk-a-thon in 2014. On Saturday morning the team members gathered on the courthouse lawn prepared to walk, jog or bike the streets of Trenton for a very worthy cause.

Capital City Bank was once again credited as the top fundraiser in 2014, having collected $3,654.06.

Other local banks, businesses and government with teams included the Gilchrist County Courthouse raised $675, Drummond Bank $902, Ameris Bank raised $850.50, Gilchrist County School Board raised $315, Best Drugs raised $295, and Gilchrist Teen Republicans raised $150.

In the schools category, Trenton High School raised an overwhelming $3,150. Trenton Elementary School raised $1,366.56. Bell Elementary School raised $1,344.28 and Bell High School raised $2,927.

Individual students who raised the most money were also presented with prizes. Bryn Thomas was awarded a Kindle for being the top fundraiser, after collecting $300. Second place was Brandon Aguilar, who raised $135. He was given an iPod nano.

Charles Townsend and Jim Jones once again cooked hot dogs and sausages at the walk-a-thon.

The next Education Foundation fundraiser will be a fish fry planned for Friday, April 11, from 6 p.m. to 8 p.m. at the Gilchrist County Agricultural Complex. Tickets for "Fishing For Scholarships" are on sale now. Cost is $20 for adults, $10 for youth (ages 6 to 19) and kids 5 and under are free.

Tickets are currently available at the Gilchrist County Courthouse, Capital City Bank, Ameris Bank, Drummond Community Bank, Gilchrist County Journal and the Gilchrist County Chamber of Commerce.

Additional Homestead Exemption available to senior citizens

The Gilchrist County Board of County Commissioners passed an additional senior exemption that will be available this year for senior citizens 65 or older who meet the same household limited-income requirements below, but who have also maintained permanent residency in their home for no less than 25 years.

The home's market value on record must be less than $250,000 to qualify. The deadline to file will be March 1, 2014. This exemption only applies to the Gilchrist County Commission tax levy and not the tax levies of the school board or other taxing authorities. More information and forms for this exemption will be available soon. For questions relating to this exemption or others, please contact the Gilchrist County Property Appraiser's Office at (352) 463-3190 or 1-800-219-3208.

Senior Citizen Additional Homestead Exemption Florida Statute 196.075

The current Senior Citizen Homestead Exemption is based on limited-income requirements and available for certain Gilchrist County homesteaded property owners who qualify. The senior exemption (up to $25,000) applies only to county and municipal millages (tax rate); therefore the value exempted for city or county taxes is subject to taxation by all other taxing authorities. These authorities include Gilchrist County Schools and Suwannee River Water Management District.

In order to qualify for the additional $25,000 Senior Citizens Homestead Exemption for the 2014 Tax Roll, an applicant must have a Homestead Exemption on the property, be 65 years of age or older as of January 1, 2014 and meet total household income requirements as determined by the Florida Department of Revenue.* Total household income means the adjusted gross income of all members of a household in the prior year. The adjusted gross income is the income amount reported on the IRS Form 1040, line 37 or the IRS Form 1040A, line 21 or, if the applicant is not required to file income tax, the total income minus Social Security benefits. Income includes, but is not limited to, Social Security benefits, pension, VA retirement annuities, interest income and wages.

Proof of age and proof of all 2013 income to the household is required.

*The total household income limitation is made available by the Florida Department of Revenue annually and subject to change each year.

The threshold for the 2013 exemption was $27,590 (based on 2012 total household income). This threshold changed for 2014 and became available in January.

Bell's Wanda Hutto named 2013 Grace Ministry Volunteer of the Year

By Carrie A. Mizell

A wife, mother, and grandmother to four, Hutto has been a volunteer at Grace Ministry Thrift Store in Bell for three and a half years. Grace Ministry is a non-profit 501c3 organization that operates the thrift store, recovery meetings and Grace Ranch Recovery Home. The thrift store is Grace Ministry's most visible operation.

Nina Craven, vice president and co-founder of Grace Ministry, explained that area residents donate new and gently used items for resale and proceeds from each sale go to support Grace Ministry.

"Wanda's faithfulness to serve every Friday for the entire day is a blessing not only to Grace Ministry, but to the loyal customers who come in each week to see her warm smile," Craven said. "She is my friend and prayer partner."

Customers who stop in at Grace Ministry Thrift Store on Fridays are usually met with the sounds of piano music, as Hutto plays for her church, Mt. Nebo Baptist.

"Wanda enjoys chatting with customers and spends part of her day with Audrey Thomas, another faithful volunteer. They stock, organize and clean the store. Hugs and encouraging words are given freely by both."

When she's not volunteering at Grace Ministry Thrift Store, Hutto can often be found at Bell schools. On Tuesdays she volunteers at Bell Elementary School in the Good News Club. She also spends a great deal of time with her family.

Hutto said that she knew about Grace Ministry, but never felt the need to be involved until tragedy struck her family when her daughter Cheri died in an automobile accident.

"Nina Craven asked me to start attending their Thursday night recovery meetings," Hutto said. "I quickly found out that they not only minister to people with addictions, but to hurting people dealing with grief, anger, gambling, etc."

Hutto said she feels like she's giving back to Grace Ministry by volunteering at the thrift store one day a week.

"I would encourage people who are going through any kind of hard times to stop by our store or check out a recovery support meeting," Hutto said, "it may be just what you need, it was for me."

For more information on Grace Ministry, call (352) 463-8700 or visit www.grace-ministry.net .

If you see Wando Hutto out in the community, please congratulate her on a job well done!

Wanda Hutto volunteers her Fridays working at the Grace Ministry Thrift Store in Bell.

COOKING AND CARRYIN' ON

By Cindy Jo Ayers

I've caught an old cold and feel like the devil. I'm feeling so bad in fact that I might just fall out on the couch any minute now. So this week's column is going to be short. So short that one recipe is about the end of it.

A couple weeks ago I made this bread recipe for the first time and we liked it. This bread would be especially good if you are serving spaghetti or lasagna, or leave out the cheese and you have bread that goes with most any meal. It's so easy to make because you use frozen roll dough.

The original recipe came from an old Helvetia, West Virginia, cookbook. I've made a few changes to the recipe.

Garlic Bubble Bread

12 frozen dinner rolls
(such as Rhodes®)
1/3 cup butter
2 cloves garlic, minced
2 Tablespoons Parmesan cheese
1 tablespoon minced parsley, (optional)

Thaw rolls a little and cut in half. Melt butter in sauce pan over medium heat. Add the minced garlic and cook for a few minutes until the garlic is tender. Add Parmesan and parsley to butter. Dip each roll in butter mixture and place in bottom of loaf pan. Layer the rolls until all are used. Let rise until double. They rise better if placed in a oven with the light on. This takes about 2-3 hours. Bake at 350° for 25 minutes until golden brown.

Note: I used Kraft© shredded Parmesan, Romano, and Asiago Cheeses in place of the Parmesan cheese when testing this recipe and it was very good.

Now & Then

By Carrie A. Mizell

Every week I look forward to going to the Journal's website: www.gilchristcountyjournal.net to see how citizens vote on our poll question of the week.

This past week, I asked the question, "Do you think Gilchrist County should have just one middle-high school?"

The mixed response and feedback we received surprised me and a few others in our office. When the poll closed on Tuesday morning, there were 37 yes votes and 40 no votes.

For the sake of clarification, I should say that the issue of combining schools is not one that the Gilchrist County School Board is currently considering, though we have heard murmuring of it for years.

Several citizens not only cast a vote on the poll, but also expressed their opinions, which I thought was worth sharing.

Andrew Boswell said, "I believe our community resources could be concentrated into one high school. It would be able to offer more to students, additional sports such as soccer and wrestling as well as additional academic courses, such as foreign language programs. Also, extracurricular activities such as drama, chorus, etc. At present our high school resources are divided between two great schools, but a single high school would be better for our county."

Likewise, Charlene said, "I think we should do like Dixie County and have two elementary schools, two middle schools and one big high school. Our sports teams could really benefit from it and some of our programs such as the criminal justice programs."

A skepitcal CLM commented, "I agree with both of you, seems very logical, but I doubt you will see it anytime soon with the thinking of most folks in this area, sad but true."

Do you think Gilchrist County should have just one middle-high school?

Heart Matters

By Angie Land

I love romance. Even with over 25 years of marriage, I still love for my husband to make an effort to make me feel special. As a matter of fact, I have never spoken to a wife yet who doesn't enjoy or even yearn for their husband to do the same. Since February is the month we celebrate expressions of love via Valentine's Day, I want to devote the next several columns to this topic. Specifically, I hope to encourage husbands and wives to be intentional about this area of marriage. Before I begin, let me add one disclaimer: If it seems like I am leaning a little more toward the husbands, it is because I often hear from men that they don't understand what their wife wants. Trust me, your wife wants you to know, so please view this as a little encouragement and help in the right direction. I promise the pay-off will be worth it!

I ran across an anonymous quote recently that gives us a great starting place: "If a man has enough "horse sense" to treat his wife like a thoroughbred, she will never be an old nag." One of the most important ways a man can romance his wife is to cherish her. Not just on special occasions, but to make it a practice. Webster's dictionary defines the word cherish: To hold as precious; to keep with care and affection. How different might your wife act if she felt precious to you at all times? Perhaps many women become "old nags" because that is how they are treated.

Likewise, when I was a young wife, an older lady shared her secret of marital success: "Treat your husband as if he is already the man you hope he someday becomes. You're honoring him will stir the desire in him to become that man." Too often couples get in the endless cycle of trying to demand respect from the other one.

In counseling situations, I always encourage a couple to be willing to leap off this destructive cycle. As the head of your home, I ask husbands to go first. Ephesians 5:28 says that "husbands ought to love their wives as their own bodies." No better time to start moving in the right direction! Here are a few practical but very powerful ways to cherish your wife:

- Be intentionally thoughtful. Help with a task without being asked; open the door for her, etc. At a recent ball game, I saw a teenage boy wipe off a wet bleacher with his pants so that his date could sit in a dry place. He has the right idea!
- Listen to her. Learn to press the off button on the remote. Stop what you are doing so that you can look at her when she is speaking to you. Look her in the eyes. Consider what she has to say as important. Ask for her opinion when making decisions.
- Share your life with her. Remember that you married in order to do life together. Going your separate ways too often can lead you apart. Your wife will feel honored if you include her in your thoughts and feelings.
- •Defend her honor: A husband who cherishes his wife won't allow another person to disrespect her in any way. Hold the standard high even with your children, extended family or friends.

By the way ladies, these same principles work well to honor your husband too! Along with these, I challenge you to make a list of what your husband is doing right and share it with him this week. You may just be on the way to the best Valentine's Day ever, because every heart matters!

Trenton Elementary School 3rd grade

TES celebrates 100th day of school by donating to Lane Langford

The TES 3rd grade students have learned different character traits throughout the year. For the 100th day they practiced good citizenship by giving to a worthy cause. Students were asked to donate money to Lane Langford's family. This allowed the kids to take part in giving instead of receiving. Some of the third graders' comments were- "It made me feel like I was doing something good for a citizen." "Helping others is important." "I think all the money will make a difference." "I love doing this kind of thing." "We were able to help someone instead of helping ourselves." "I was being a good citizen." The 3rd grade teachers are very proud of their students. A $500 goal was set, and we surpassed it.

Safety Patrol News

Dr. John Frazier speaks to safety patrol members at Trenton Elementary School.

Submitted

The patrols at Trenton Elementary School want to thank all of the parents, community and school staff for their continued support of the program. Wednesday, Jan. 29, local Dr. John Frazier kicked off our Spring Leadership Lunch Series with a visit to the Patrols. Dr. Frazier spoke to the Patrols about characteristics a leader should display in his motivational talk with the students. Dr. Frazier is a local chiropractor and has children in the Gilchrist County School System. He gave the students a list to keep of traits that a leader should possess and spoke about each trait. The Patrols are looking forward to three more upcoming Leadership Lunches in which Patrols will host speakers who will teach leadership skills and share motivational stories each month. The lunches are organized by the sponsor, Kim Lander, who recognizes the need to cultivate the positive traits and habits among the kids at this formative age. The purpose of the meetings is to intentionally teach the kids valuable life lessons that will hopefully influence these students throughout their lives. If you know of a speaker who may want to visit the patrols who may make an impact, please contact TES.

Patrols are still raising funds for the June Washington, D.C. trip. Tiger Stadium Cushions are on sale at THS, Best Drugs, and the gym for $7.00, or see a patrol. A Fundraising Yard Sale is planned for March, community wide donations are being accepted for the sale. The community is encouraged to help the kids out with their trip funds! As you do Spring cleaning, please put any unwanted items in sealed garbage bags or boxes so we can store the items until the sale. Donations can be dropped off at Best Drugs on Main Street, or call us and a parent can arrange a pick up. Also, candy grams can be sent to your Valentine for $1.00 at TES, see a Patrol or visit the table set up in the cafeteria daily until Valentine's Day.

Economic development grant hearing

By John M Ayers

The Gilchrist County Commission held the first of two public hearings to further consider an economic development grant (FRDAP) for the paving of NW 110th Street, the entrance road to Ellie Ray's RV Resort.

Megan Carter, a representative of North Florida Professional Services of Lake City, told the five member board that the FRDAP guidelines require Gilchrist County hold public hearings to allow the public to address the board about the proposed economic development grant.

"At this time Gilchrist County has an on-going FRDAP grant to improve residential housing," Carter said.

The county can only apply for an economic development grant during this cycle of the program, Carter explained.

Carter asked Bobby Crosby, Gilchrist County Administrator if Gilchrist County had an active citizen's advisory committee. She wanted to name the committee in the Monday meeting to have that completed as a part of the application requirements. Crosby reported that he would contact the county residents that were formerly on the committee, before the current committee is named.

The second of two public hearings will be held March 3, 2014, at 2:30 p.m.

Gilchrist County Road Department Supervisor Billy Cannon told the Commission that NW 110th Street does not have the necessary right-of-way that the road currently needs to be paved. Gilchrist County's current specifications require 60 feet of right-of-way for the paving of a roadway. He explained that when Gilchrist County had SW 70th Street paved, there were right-of-way issues with that road, and it was a problem until it was completed. Cannon pointed out that there is not enough right-of-way for this road to be paved in place like it currently is.

Commission Chairman D. Ray Harrison, Jr., stated, "Gilchrist County is not purchasing right-of-way for this road to be paved."

Chairman Harrison went on to say that Gilchrist County is not assuming any liability involving the paving of this road.

Attorney David M. Lang, Jr., told the board there is a 20' strip of property along the south side of this road that could be available for right-of-way. The attorney explained who owned the property and how it could be considered for this roadway.

Commissioner John Rance Thomas asked when the second public hearing is held on March 3, will the right-of-way have been secured for the FRDAP grant by Ellie Ray's Resort.

"Gilchrist County will be subjecting themselves to liability as they are the applicant to receive the FRDAP grant from the State of Florida," reported Todd Newton, Gilchrist County Clerk of Court.

Megan Carter told the board that Ellie Ray's Resort has one year to create and hire the positions identified in the FRDAP grant. She explained that for every $35,000 identified in the grant, one position is required to be hired by the grant recipient. She further explained that there will be two agreements involving this grant. Gilchrist County will have a grant application with the State of Florida involving this program and Ellie Ray's RV Resort will have an agreement with Gilchrist County that will alleviate the liability of fulfilling the grant by Gilchrist County.

Commissioner Todd Gray made a motion to support the program. Commissioner Kenrick Thomas agreed as he supported the motion with a second. The Commission approved the action by a unanimous vote.

TANGIBLE PERSONAL PROPERTY INFORMATION

This form answers some common questions taxpayers have concerning Tangible Personal Property. In addition, it provides information that will help you file an accurate and timely tax return.

Questions Most Frequently Asked About Tangible Personal Property

Q. What is Tangible Personal Property?
A. Tangible Personal Property is everything other than real estate that has value by itself. It would include things such as furniture, fixtures, tools, machinery, household appliances, signs, equipment, leasehold improvements, supplies, leased equipment and any other equipment used in a business or to earn income.

Q. Who must file?
A. Anyone in possession of assets on January 1 who has either a proprietorship, partnership, corporation or is a self-employed agent or contractor, must file each year. Property owners who lease, lend or rent property must also file.

Q. Why must I file a return?
A. Florida Statutes 193.052 requires that all tangible personal property be reported each year to the Property Appraiser's office. If you receive a return, it's because our office has determined that you may have property to report. If you feel the form is not applicable, return it with an explanation. Either way, the form MUST be returned. Failure to receive a Personal Property Tax Return (DR-405) does not relieve you of your obligation to file.

Q. How can I obtain this form?
A. At the beginning of the year a return is mailed to Tangible Personal Property owners. If you do not get one, contact the Property Appraiser's Office.

Q. What if I have no assets to report? Do I still have to file a return?
A. Yes, if you feel you do not have anything to report, fill out items 1 through 9 on the return, and attach an explanation of why nothing was reported. However, almost all businesses and rental units have some assets to report even if it is only supplies, rented equipment or household goods.

Q. If I am no longer in business, should I still file the return?
A. Yes, if you were not in business on January 1 of the taxing year, follow this procedure:
1) On your return, indicate the date you went out of business and the manner in which you disposed of your business assets. Remember if you still have the assets, you must file on them.
2) Sign and date the return.
3) Have your signature notarized.
4) Mail the return back to this office.

Q. What is an office or field review assessment?
A. When a tax return is not filed by April 1 we are required to place an assessment on the property. This assessment represents an estimate based on the value of business with similar equipment and assets. Being assessed does not alleviate your responsibility to file an accurate return.

Q. What if I don't agree with the assessed value that appears on the notice of proposed property taxes that I receive in August of each year?
A. Call this office or come in and discuss the matter with us. If you have evidence that the appraised value is more than the actual fair market value of your property, we will welcome the opportunity to review all the pertinent facts.

HELPFUL HINTS AND SUGGESTIONS
* File the original return with this office (with name and account number preprinted), as soon as possible before April 1. Be sure to sign and date your return.
* Work with your accountant or C.P.A. to identify any equipment that may have been **"Physically Removed"**. List those items in the appropriate space on your return.
* If you have an asset listing or depreciation schedule that identifies each piece of equipment, attach it to your complete return.
* Do not use vague terms such as "various" or "same as last year".
* **It is to your advantage to provide a breakdown of assets since depreciation on each item may vary.**
* Please include your estimate of fair market value and the original cost of the item on your return. They are important considerations in determining an accurate assessment.
* Additional information regarding filing is provided in the instructional section of the return itself.
* If you sell your business, go out of business, or move to a new location, please inform this office. It will enable us to keep timely, accurate records.

To inquire for more information about Tangible Personal Property please contact:

(352) 463-3190 • 1-800-219-3208

Q. What if I buy or sell an existing business during the year - Who is responsible for the taxes?
A. The new owner is responsible, however if there is insufficient property to satisfy the taxes due, the owner on January 1 would be responsible for the difference. Most title companies do not do a search of the tangible assets of a business. You should therefore consult your realtor, attorney or closing agent to avoid problems in this area.

Q. What if I receive more than one tax return?
A. All returns must be sent back. If you have more than one location, the assets of each should be listed separately on each return.

Q. What if I have old equipment that has been fully depreciated and written off the books?
A. Whether fully depreciated in your accounting records or not, all property still in use or in your possession should be reported.

Q. Do I have to report assets that I lease, loan, rent, borrow or are provided in the rent?
A. Yes, there is an area on the return specifically for those assets. Even though the assets are assessed to the owner, they must be listed for informational purposes.

Q. Is there a minimum value that I do not have to report?
A. No, there is no minimum value. A tangible tax return must be filed on all assets by April 1.

Q. If I rent my furnished home or condo for a few months, do I have to file a tangible personal property tax return?
A. Yes, since rental activity is of an income producing nature, you must file a return which lists your personal property. Items that should be listed include: Draperies, furniture, appliances and any other personal property included in the rental unit.

Q. Are there deadlines and penalties?
A. The deadline for filing a timely return is April 1. After April 1, Florida Statutes provide that **PENALTIES** be applied at 5% per month or portion of a month that the return is late. A 15% penalty is required for unreported property, **AND A 25% PENALTY IF NO RETURN IS FILED.**

$25,000 Tangible Personal Property Exemption

In order to receive this new exemption, you must file a Tangible Personal Property Return by April 1, unless an exemption has been granted.

Tangible Property Return shall be considered an application for the exemption and will be applied to the first $25,000 of assessed value for the TPP account.

Smoke-Free Housing

Florida HEALTH

NOT JUST A GROWING TREND ACROSS THE U.S.
A SMART BUSINESS DECISION!

More than **80%** of adults in Florida are **non-smokers.**

FOUR OUT OF FIVE non-smokers would prefer a **smoke-free building** policy.

#1 CAUSE OF FIRE DEATH Smoking-related fires are the leading cause of fire death, accounting for **17% IN RESIDENTIAL BUILDINGS.**

At the end of a lease, smoke-free units require **LESS TURNOVER TIME** due to fewer preparation and repainting needs.

You may save money with **INSURANCE DISCOUNTS** that many property insurance companies offer to buildings with no-smoking policies.

TOBACCO SMOKE CAN MOVE along air ducts and electrical and plumbing lines, through elevator shafts, and cracks in walls and floors.

Smoking-related fires occur in **9,000** **RESIDENTIAL BUILDINGS** every year in the U.S.

Smoking-related fires are **8x** more likely to **RESULT IN DEATH** than fires that start from another source.

Tobacco smoke contains **7,000 CHEMICALS,** hundreds that are toxic and **69 proven to cause cancer.**

Smoking is a personal choice, but secondhand smoke can cause serious problems for others. In children, it can cause asthma, respiratory infections, or worse. If you or your children are being affected by secondhand smoke in your home, please contact the Tobacco Free Partnership of Gilchrist County or visit tobaccofreeflorida.com.
