Glades County Sept. 14 Meeting Notes

Meeting discusses several issues and plans to be enacted

In attendance were Vice-Chair K. S. "Butch" Jones District 1, Donna Storter Long District 2, Paul Beck District 3, Chair Russell Echols District 4, R. L. "Bob" Giesler District 5, County Attorney Richard Pringle, County Manager Wendell Taylor, Deputy County Manager Community Development Director Larry Hilton, Deputy County Manager Public Safety Director Bob Jones, Assistant Road Sup't Doug Manke, E911 Coordinator Terri Helfinstine, Glades Public Health Director Pat Dobbins, Glades Public Health Planning Consultant and Public Information Officer Brenda Barnes, Deputy Clerk (Recording) Julie M. Braddock; Sheriff Stuart Whiddon, SFWMD Gov't Liaison Missie Barletto, Glades Planning Commissioner Jim Cianfrani.

Public Hearings

1. Ordinance: Adopt New Code of Ordinances for Glades County (Pringle)

•Attorney Pringle explained that MuniCode has finally completed compiling and codifying all county ordinances into a two-volume Official County Code. He stated that even with careful preparation, there were still some errors therein and recommended that the personnel policies chapter be removed.

The board adopted the ordinance enacting the new code excluding the Personnel Policies chapter and urged Mr. Pringle to work expeditiously on the necessary corrections so an amendment can be adopted. Commissioner Jones noted several he had already found and Mr. Pringle asked that all errors detected to be reported to him for the correction amendment.

Commissioner Storter inquired about the availability of Glades County Code on http://www.municode.com/ and was told the contract had included digital format and we should also be able to post on our own web-site.

2. Case Number COMP10-03SS Joe Marlin Hilliard, Trustee Joe Hilliard, Revocable Trust (Hilton)

Board approved request to change the Future Land Use Map from Agriculture to Industrial for 10 acres owned by Joe Marlin Hilliard Trust located near CR720 north of the property which is the locale of the fertilizer plant on US 27.

Zoning change will also be required for industrial uses to be permitted; when rezoned, this parcel will create approximately 50 acres industrial property owned by Hilliard along the railroad spur.

Business Agenda

•Appointment: Ms. Sandy Lundy to Glades County Library Advisory Board (Taylor). Approved Glades County Library Board Chair Jeanette Peeples' request for appointment of Mrs. Lundy effective Aug. 8, 2010.

Glades County Woman's Club

In a very short time, Pat Ringstaff changed hats from teacher to leading the Glades County Woman's Club through planning their projects for the coming year. In the absence of their president, Pat, who is vice-president, welcomed ten members and guest, Ann Baker to the first meeting of the club year.

This very active group of women of all ages have as their main project scholarships for seniors graduating from Glades County. The club voted to begin their year of service by furnishing Thanksgiving baskets to needy families.

Club members donate non-perishable items, and the club will include a gift certificate for recipients to purchase their choice of meat to complete their Thanksgiving dinner. In order to raise funds for scholarships, they plan to participate in "Christmas on the Caloosahatchee", the "Cane Grinding Festival" and their popular annual "Fashion Show and Luncheon".

Donna Storter/Long volunteered to have the annual membership event: breakfast, tea, or luncheon, her choice, as the club has had them all, at her home in Ortona. This will be in January, at which time prospective new members will be honored.

Treasurer, Megan Shepherd, who is also on the board of directors for Girl Scout Council, presented requests from the Glades County Economic Development Council and Girl Scouts for donations. A unanimous vote of approval granted these requests.

Any service-oriented woman is urged to contact a member of Glades County Woman's Club to sponsor her to join this community serving club.

Taking A Cheap Shot

BY REV. SAM S. THOMAS, PH. D.+
Saint Martin's Church, Clewiston

A pastor in Gainesville has taken a cheap shot. He's threatened to burn the Koran as the "work of the devil," getting lots and lots of attention. He's done so by linking "Koran" and "work of the devil" as two related entities. Nazis during the World War II era burned books they didn't like. Nothing other than they didn't follow the party line was their reason.

There was no attempt to refute what the books contained; simply "They're bad, go against what we teach – so we'll burn them." There are those who attempt to defeat opposing views by attaching negative terms to their descriptors. I can remember when calling someone a "communist" was devastating; there were those who were saying "socialism is next to communism" without either a knowledge of socialism (we have socialistic countries in the world that are very democratic) or communism (pure forms of communal living take place among good societies, different from the Russian system that was identified as "communism").

That's a destructive and cheap means of trying to damage someone or something. "Billy?" – "Bad kid!" Now "Billy" has an uphill struggle to prove himself otherwise when it may be his acts or instances that others don't like. Identify someone today as a "terrorist" and you get bad vibes about them. Someone came to my door once and asked what I thought about the "terrorists." I told him they were misunderstood; they have a political point of view but no army or country to express it. He was expecting an answer like "They're bad!" or "They do bad things" but he didn't get it. When he said "Huh?" I explained why they did the bad things they did and what we need to do to counter their acts. If a pastor, or anyone, objects to the Koran, he or she needs to state "Why!" This will mean doing your homework, knowing what you oppose, knowing why what you believe is superior, researching how other beliefs came into being and their strengths and weaknesses as well as your own. Then you can "say something as one who had authority (cf. Mark 1:22)" Do others burn Bibles? Yes, they do. Do we need to stoop to their level; or, just maybe, does their belief system lack the ability to confront Christians at other than a base level? An eye for an eye? The Lord proposed another means (see Matthew 5:38) for dealing with enemies.

I have had people refer to things about which I believe by name-calling or linking them with pejorative terms. When I've given a rationale for why, they usually cannot come up with anything better. I see those who practice a "We have no knowledge but we'll fight you anyway!" attitude as responsible for so much of the troubles in the world today. Wanting to burn books without showing any knowledge of them has a long and dishonorable history.

Pray God we get beyond the kind of thinking that causes war, grief, destruction, hatred.

A Christian's Benefits

BY JACKIE MILLER,
EVANGELIST
First Christian Church

We very often talk of the primary benefits of giving our lives to Christ, being released from the guilt of sin and having the hope of eternal life. However, I would like to share with you some of the other benefits. You might call them special fringe benefits. 1. Being able to teach others the Word of God. 2. Seeing the response of those being taught the truth as the Holy Spirit applies it to their hearts. 3. Seeing a heart melt with conviction in surrendering to Christ. 4. The honor of baptizing others into Christ. (I have had the honor of baptizing into Christ some of my brothers and sisters in my family as well as four of my five children.) 5. The special relationship that develops between those in Christ as a result of worshiping, working and fellowshipping together. No earthly relationship can compare! 6. Seeing spiritual growth in the life that once was wrecked and ruined. 7. Studying God's Word and knowing the promises there belong to me. 8. Finding in the Word of God a wisdom and unerringness that cannot be found in the world. 9. Sharing the laughter and tears of others of like precious faith. 10. The peace and joy that can be found in no other way. 11. The smallness of the conflicts that show up in even the most "Christian" home when compared to those that take place in the lives of those who don't know the Lord. 12. Having the wonderful experience of participating in the Lord's Supper and communing with my Lord and those of like precious faith. 13. Participating in the Song Service that is spiritually exhilirating. 14. Experiencing the answer to prayers and seeing God do "exceeding abundantly above all that I ask or think". 15. Watching my Heavenly Father "open the windows of heaven and pouring out such blessings that there is not room enough to receive" in my life as I bring to him my tithe and love offering.

Very Good Beginnings

BY PASTOR JOHN HICKS
First United Methodist Church

A surgeon, an architect, and a politician found themselves in a friendly debate about which of their honored professions happened to be the oldest. "The Lord removed a rib from Adam's side," said the surgeon, "in order to create Eve. That was obviously a surgical procedure." "Yes," replied the architect, "but the world was formless and void before the Spirit of the Lord moved upon it. The precision of the universe had to be the result of a masterful, architectural design." The politician, taking a long puff from his cigar, smiled and said, "And who do you think created the chaos in the first place?"

As surely as families need to know their ancestors and businesses need to understand their predecessors, so people of faith need to grapple with their beginnings. Believe it or not, the Christian message does not begin with "Accept Jesus Christ as your Lord and Savior." It begins with "In the beginning God created the heavens and the earth."

With this simple, but profound affirmation of faith, the Bible begins. In the beginning, God created. God is in our beginning and in our ending. We are not alone. We live in God's world. We believe in God who has created and is creating. In the beginning God created and God saw everything that He had made and it was good. But there's more: And God said, "Let us make human beings in our image." (Genesis 1:26).

Humans have a distinction that must not be denied. Before we were born, God knitted us together in our mother's womb. Even the hairs on our head are numbered by God. God knows us. We are a chip off the divine block, a "spitting image" of our Heavenly Father. When God created humans, He didn't just say it was good, God said it was very good. (vs.31) That means we have worth, value, purpose and place in this universe. Whether we are red, yellow, black or white, all of us are precious in God's sight.

Some years ago a severely handicapped child sang in a special camp meeting concert. The crowd waited as he pulled his crippled body to the microphone and began with these words, "I am a promise, I am a possibility, I am a promise with a capital P. I am a great big bundle of potentiality." In a standing ovation, the crowd applauded in praise for the faith and joy of the Lord shared by this little boy.

Let the creation story empower us to understand that we are the creation of God, and like this little boy, no matter what obstacles we face in life, let us never forget we were created with promise. We were born with possibility. Praise be to our Creator God!

Suicide Awareness and Prevention for U.S. Veterans

During the month of September, the mental health community is highlighting the need for National and Global Suicide Awareness and Prevention. In the U.S. an average of 30,000 individuals commit suicide yearly.

In fact one person dies from suicide every 16 minutes. Veterans make up 20 percent of the yearly deaths, at double the rates of other populations with an average of 18 suicides per day.

This has many health and human service professionals alarmed.

It is estimated that there are nearly 2 million Iraq and Afghanistan veterans to date, most of whom have served multiple tours.

This translates into more and more veterans who are returning with Post Traumatic Stress Disorder, depression and other mental health issues. Left untreated, these elevate the risk for suicide and if coupled with substance abuse, the proverbial "time bomb waiting to go off" theme comes into play.

Since January, staff at 211 have been answering on average 196 suicidal calls per month from all populations. Last month a record 244 calls from suicidal individuals were answered. Overall, 211 has noted a 54 percent increase in suicide calls comparing January thru August of 2009 and 2010. However, very few veterans were reflected in these numbers because many are unaware of the 211 helpline. 211's Executive Director Susan Buza commented that "Returning veterans are facing so many challenges.

They really need someone to talk to-and we're that confidential call. 211 is able to assist those individuals as well as their families any time of day or night."

With increasingly tough economic times, 211 wants to remind veterans and civilians alike: Before you harm yourself or someone you love, pick up the phone and call 2-1-1.

We're here to listen, we're here to help. It's free, 24/7, and confidential.

For more information call 2-1-1 or visit www.211treasurecoast.org.

September Is National Cholesterol Education Month

Get your cholesterol checked and take steps to lower it

BY PAT DOBBINS
Hendry/ Glades Health Department

Any person, young or old, can have high cholesterol. Many people never get tested, but it's very important for you to learn how to prevent high cholesterol and know what your cholesterol levels mean.

High cholesterol can put you at risk for heart disease. According to the Centers for Disease Control and Prevention (CDC), about 1 of every 6 adult Americans has high blood cholesterol. September is recognized as "National Cholesterol Education Month".

Now is a good time to get your blood cholesterol checked and take necessary steps to lower it if it's too high. It's also a good time to learn about how food and lifestyle choices can help you reach personal cholesterol goals.

Millions of American adults have total cholesterol levels above what's considered to be healthy levels, which can put them at high risk for heart disease. You can't really tell that you have high cholesterol. High cholesterol doesn't have any symptoms so many people don't know that their cholesterol levels are too high.

It's important to get your cholesterol levels checked regularly. Your healthcare provider can do a simple blood test to check your cholesterol. People who are overweight or obese and those who have a family history of high cholesterol or heart disease are at especially high risk of developing high cholesterol. High cholesterol can sometimes be controlled through lifestyle changes. For others, healthcare providers may prescribe medications to treat high cholesterol, but changes in diet and exercise must also be made. Some of the things you can do to lower your cholesterol are listed below:

- Try to eat more fresh fruits and vegetables.
- Try to get at least two hours of moderate or one hour of vigorous physical activity each week.
- Try to maintain a healthy weight.
- Don't smoke or try to quit smoking.
- Talk to your healthcare provider about getting your cholesterol checked. Your health is in your hands.

For more information on high cholesterol and what you can do to prevent it, you can go to CDC's website: www.cdc.gov/cholesterol/about.htm.

Glades Central Shows Off Florida Talent

Regardless of where you live or how much you hate it, it's seemingly undeniable that no one raises great athletes like the south; which is why Florida and Texas teams (two of the highest ranked recruiting states) have been battling it out so often these past few years. With that being said, it's not a question of who produces great talent, but who produces better talent; and whether you love or hate the Raiders, any local football fan can't help but smile when watching them blow away Denison (TX) 53-17.

Glade Central's quarterback Jamarious Rowley went 10 of 19 for 214 yards and four touchdowns, including a two-yard rush; but Rowley didn't do it alone. A great performance from the team's receiving core, and a 75-yard punt return by GC's William Likley, both added to a dominating game that was was certain to make coach Hester and his team happy.

The Raiders fought a tougher battle with a Texas team just two weeks earlier. The defensive battle resulted in a 6-0 win for GC, and a long return trip for Dallas' Skyline.

It seems as though teams are hungry for matches against Florida teams, and more specifically for matches against the nationally ranked and recognized Raiders; and with the Raiders' recent wins and yearly export of high quality, top-notch athletes, it's not difficult to see why.

Despite being located in a small area, and an even smaller town, Glades Central has produced one of the highest amounts of professional athletes than most other high school teams in the nation; including Heisman contenders and super bowl MVPs.

But the Raiders are going to need to keep their focus on the next few games and avoid making mistakes. If the Raiders can maintain that focus throughout the season, they could be playing for the state championship within a few months. The Raiders' next matchup is against American Heritage this Friday.

Pahokee 58-7 in First Two Games

The always exciting Blue Devils were expected to struggle through a rebuilding year after finishing off their last season 6-5 and losing every starter on their roster; but as usual, Pahokee never fails to impress. Last week, Pahokee High proved that they were still competitive with a nail-biting, penalty plagued, 12-7 win over Atlantic; but this week, the Blue Devils proved that they're still a force to be feared and dealt with.

Set aside all the fancy words and technicality sermons as to why Pahokee pulled off a victory, because no matter which way you preach it, a 46-0 blowout/shutout speaks for itself.

The march through Inlet Grove was led by senior running back Jamal Dortch, who is already 29 attempts for 155 yards and 6 touchdowns this season. Junior linebacker Leon King also padded the stats with a 36 yard fumble return.

Yet, while the Blue Devils seem to be improving from week to week, and growing with experience, the eight-game regular season stretch (including a competitive matchup against Dwyer next week and the end of the season "Muck Bowl" against their rival Glades Central) Pahokee needs to remain humble and determined to reach their full potential this season.

Moore Haven vs. Pope John Paul II

Moore Haven suffered a disappointing 39- 12 loss to Pope John Paul II last Saturday; advancing their record to 1-1 after coming off a season opening win to First Baptist Academy the week before.

Note: Box scores, stats were not available as of press time.

Glades Day vs. Clewiston High Preview

This week's upcoming featured matchup is more than just another annual rivalry game. For the Gators and the Tigers, this may be the last chance they'll have to make a statement; not only to their fans, but to themselves, that they can still turn things around.

Both Glades Day and Clewiston High are coming into the game on a two-loss streak, which wouldn't necessarily be that big of a deal, if it wasn't for the fact that they're each only two and three games into the season.

Both schools added another tally to the wrong side of the dash last weekend; Glades Day moving to 1-2 and Clewiston still winless at 0-2.

For Clewiston, their last loss looked a lot better on paper than it did in person. Regardless of the fact that the Tigers lost 39-14, statistically the game was relatively close; with Clewiston barely falling short of King's Academy in terms of rushing yards, turnovers, first downs, and completion percentage. Tigers' quarterback Ahmad Richards threw 6 of 7 for 110 yards and a touchdown. Though no matter how good the team may have done on paper, it doesn't affect their record in the end.

As for the Gators, the majority of their woes have seemingly come from poor tackling and lack of aggression. The team suffered a hard-to-swallow 38-14 loss last week, only to be followed up by a 20-0 shutout by Miami-Dade Christian. The ex-state champions only managed to pound out 121 yards on the ground; less than half of their opponent's 253 rushing yards.

When it comes to this Friday's game, it's obviously not a question of who needs it more; the future of each team relies on who wants it more.

Highwayman Al Black to visit the Clewiston Library

The Clewiston Public Library is pleased to announce that famed

BY ERIC TOMMERDAHL
Clewiston Library

Highwayman painter Al Black will be coming to the library for a show on Monday, Sept. 27, from 4 to 8 p.m.

Most Floridians have at least a nodding familiarity with the story of the Highwaymen, a group of African-American landscape painters who traveled the state in the 1950s and 1960s, selling their paintings from the backs of their cars.

Their paintings, sold inexpensively and informally at that time, have since been recognized as masterpieces, world-renowned statements of the beauty and dream of Florida.

A detail of a painting by renowned Highwayman painter Al Black. Mr. Black will be visiting the area on Sept. 27.

The story of the Highwaymen, who went from selling their art on the road to fame and recognition, is itself a story of the American dream, a tale of inspiration and achievement. A native of Ft. Pierce, Al Black is one of the original Highwaymen.

The protégé of Alfred Hair, the founder of the Highwaymen, Mr. Black got his start in the 1960s. Like the other Highwaymen, he once traveled the state, selling his own paintings, something that to some extent he still does.

Mr. Black is the recipient of numerous awards, including the Artists Hall of Fame Trophy, the State of Florida Division of Cultural Affairs Lifetime Achievement Trophy, and the Collier County Speaker Award, among numerous others.

He has paintings displayed in the Florida Governor's Office, and has been featured in several books on the Highwaymen, among them The Highwaymen: Florida's African American Landscape Painters, and The Highwaymen Murals: Al Black's Concrete Dreams.

It is an honor, then, to have Mr. Black present a show at the Clewiston Public Library. The program will feature a short talk by Mr. Black, a display of his work, a showing of a DVD on the Highwaymen, as well as light snacks.

Everyone is invited to attend this special evening of culture, history, and Florida heritage. It will truly be a night to remember.

Ah-Tah-Thi-Ki to celebrate Museum Day

Museum offers free entry on magazine's Museum Day

CLEWISTON — On Saturday, September 25, 2009, the Seminole Ah-Tah-Thi-Ki Museum will participate in the sixth annual Museum Day, presented by Toyota on behalf of the redesigned 2011 Avalon.

The Ah-Tah-Thi-Ki Museum will join participating museums and cultural institutions nationwide to open their doors free of charge to all visitors who download the Museum Day admission ticket from Smithsonian.com.

A journey to celebrate our world's dynamic heritage and cultural life, participating Museum Day venues emulate the free admission policy of the Smithsonian Institution's Washington, D.C. based facilities.

Museum Day 2010 is poised to be the largest to date, outdoing last year's record-breaking event. Over 300,000 museum-goers and 1,300 venues in all 50 states, the District of Columbia and Puerto Rico participated in Museum Day 2009. Last year, two million visitors logged on to www.smithsonian.com/museumday to learn more about the program.

PHOTO / CVENT.COM

The Ah-Tah-Thi-Ki Museum will allow visitors to enter free of charge on Sept. 25. Tickets can be downloaded from Smithsonian.com.

"Smithsonian Magazine's Museum Day directly benefits the Ah-Tah-Thi-Ki Museum in terms of enhanced exposure.

As an official Smithsonian Affiliate, we aim to deliver the quality and standards Smithsonian readers and institutional members have come to expect, by providing the most unique, immersive and engaging Seminole experience," said Museum Development Officer, Dorian Lange.

"Museum Day helps us share that experience with newer audiences year after year, and we gladly welcome that."

AH-TAH-THI-KI Museum is the tribally owned and operated cultural museum of the Seminole Tribe of Florida. Situated in the Florida Everglades on a 66-acre cypress dome in the Big Cypress Seminole Indian Reservation, the Museum offers more than 5,000 square feet of gallery space featuring rare artifacts and lifelike dioramas depicting Seminole life at the turn of the century.

A five-screen orientation theater, one mile raised boardwalk through the natural cypress dome, Living Village and Museum Store all highlight the history, culture and art of the Seminole Indian people and provide an immersive cultural experience.

The Museum is the first ever tribally governed museum to be awarded full accreditation by the American Association of Museums (AAM).

Currently on view are the temporary exhibits Postcards and Perceptions: Culture as Tourism, and Cattle Keepers: The Heritage of Seminole Cattle Ranching. Visit www.ahtahthiki.com for more information.

This year Toyota will enhance the Museum Day experience both in Smithsonian magazine and online, with elements like the "Featured Five," a listing that encourages visitors to learn about and visit participating museums and venues.

Additionally, for each visitor who inquires about the new Toyota Avalon online, Toyota will donate $1—up to $10,000 total – to museum programming nationwide.

Listings and links to participating museums and sponsor sites can be found at www.smithsonian.com/museumday.

2010 as "Infant Mortality Awareness Day" (Terri Helfinstine)

Public Health Director Pat Dobbins spoke on the mission, goals and effectiveness of the not-for-profit 501(c)3 Healthy Start Program which provides public health services to all southwest Florida women prenatally and at home after delivery, noting that every $1 spent on this program saves $6 costs by reducing neonatal intensive care and recurrent hospitalization and medical costs paid by Medicaid, remedial and special education costs, child abuse and neglect investigations, and disability and dependency costs.

Mrs. Dobbins related a poignant incident that recently occurred in Glades County with a newborn when the mother suffering postpartum depression had shaken the baby, and the Healthy Start visiting nurse had been able to provide help; she further stated that in southwest Florida in 2008, more than 155 babies were stillborn or died before their first birthday, and since the inception of the Healthy Start program, infant mortality here has dropped 55 percent.

For more information and web-site to contribute, go to www.HealthyStartSWFL.com or contact Terri Helfinstine 863-946-6028, who is Glades County's representative member on the Healthy Start Board of Directors. Every Child Deserves a Healthy Start.

• Glades Landfill LLC. (Taylor)

Mr. Taylor explained he had declined to act on Commissioner Long's request for information about the property appraisal of the c&dd landfill, and asked for Board direction.

Commissioner Storter commented she had recently read Official Minutes and listened to audio tape of the meeting when in 2007 the Board approved agreements with Waste Management and was more aware now of the effort that went into the documents.

Storter inquired of Taylor, Pringle and Hilton if there had been any discussion of tax abatement when the c&dd landfill agreements were negotiated. Mr. Taylor stated he did not recall any.

Mr. Pringle said there was none, that no tax abatement was asked for or volunteered. Board took no action to review the facts as presented and made no comment on Commissioner Storter's request for appraisal information.

• Discuss: Pending Sanford et al Case. (Pringle).

Mr. Pringle recapped the issues of the code enforcement liens on the Sanford property at 1055 Riverside Drive in Moore Haven, stating that litigation and clean-up costs incurred by the county with accrued penalties now total over $36,000 and exceed the $15,000 threshold for pursuing the matter further in county court.

The Board voted 4-1 (Echols dissenting) to continue the matter in Circuit Court all the way to foreclosure if necessary. Property Tax certificates have also been sold on the property and must be settled if foreclosure occurs with new owner or the county taking title.

• Contract: LarsonAllen LLP – County Annual Audits. (Pringle)

Board approved the contract with Larson-Allen for auditing county records for fiscal years ending 30 September 2010, 2011 and 2012 for a fee not to exceed $123,500 per year. Sheriff Whiddon inquired if there could be some requirement for completion of the audit because many grants require auditing reports to authorize continuance of funding.

The Board directed Attorney Pringle to include deadline language in the contract. According to Mr. Taylor, previous auditor's costs exceeded $130,000 per year.

• Contract: EMS Coverage for Buckhead Ridge. (Chairman Echols)

Board approved, subject to review and revision if needed by Attorney Pringle, an agreement with Okeechobee County for $90,525 per year plus collections for four years to provide Emergency Medical Services by Okeechobee EMS to the Buckhead Ridge area.

The county has been paying Okeechobee County only $20,000 per year for many years and it was determined that Glades County would need about $400,000 to establish emergency medical services for the first year in the area served, which also includes northeast part of the county on S.R. 70 near the Highlands County line.

The increase cost of $70,525 per year was incorporated into the budget adopted Sept. 13.

• Request for funds to provide trees at Ortona Cemetery Park. (Taylor)

Board approved Glades County Garden Club's landscaping plan to plant trees at the Ortona Cemetery Park near the pavilion, and moved to contribute $800 from one-cent discretionary funding to help purchase 14 Sabal Palms.

Other plans include planting 11 live oaks. Mr. Taylor stated the Road Dept would be assigned oversight of the project including staking the lot parameters.

County Attorney

• Attorney Pringle stated he had received notice in the class action lawsuit of Monroe County vs. Priceline.com that Glades County would receive zero in the settlement.

• Pringle stated the health clinic project is on schedule and he had sent formal request to the Division of Health for the next draw at 50% completion for 80 percent funding, he had also completed the draft of a lease of the Washington Park Pavilion property which he will review with Commissioner Jones then submit to the School Board, who owns the property to be leased for siting a county-built pavilion/restroom facility.

• Pringle stated that he, Mr. Hilton and planning consultant Jim Larue had worked on the changes needed to comply with DCA's objections on county comprehensive plan amendments and would have issues resolved for the Administrative Hearing scheduled for February 9, 2011.

County Manager & Department Heads

• Mr. Taylor stated that the recent FDOT project on C.R. 720 –Benbow Rd- was completed and he has received notice from FDOT that funding in the amount of $2.5 million in 2010 and $252,270 in 2011 will be made available to resurface the rest of the road westward to U.S. 27 in Glades County.

He announced that permit application for Moonshine Marsh Overlook Park had been submitted to DEP July 31 and the first round of questions was being addressed by the county's engineering consultant.

He stated the South Florida Water Management District has $1 million Oct. 1 in its funded class encumbered for this project, plus the rollover from prior year projects' funding and he expects permits to be issued early next year; at that time, engineers will prepare plans in accordance with permit parameters and then the dredging bids can be advertised.

• Mr. Taylor states construction could begin as early as next summer, will start in the Lakeport area first, and will then clean out the Harney Pond Canal entrance to the lake. He noted this project is also known as Moore Haven Canal.

He stated possible dates for the dedication of the new health department building need to be determined so the event can be planned, suggesting mid-December to early January.

Commissioners Items And Comments

• Commissioner Beck stated he had received a call from Tallahassee informing him that FDOT is supposed to be opening bids for the intermodal logistic center and inquired if Mr. Taylor was aware. Taylor had heard nothing.

• Commissioner Jones said he had recently met with Lynn Topel (FHREDI Director) and nothing was reported on that project. He stated we need to work on a five-year plan for Bob's district for EMS Service.

• Commissioner Giesler stated it was not just Buckhead Ridge being served but included the area up near Highlands County line.

• Commissioner Echols stated that Okeechobee County had shown interest in helping Glades County.

• Commissioner Storter suggested the Board give consensus for Mr. Taylor to work on the date for the dedication of the new public health facility, as he worked closely with the construction management team and would also be the one to issue invitations.

He stated she had received inquiries on the condition of amenities at Indian Mound Park including need for cleaning of the restrooms, refurbishing or removing if unsafe some of he playground equipment, and the absence of a safety fence by the pavilion on the edge of Lake Wobegon.

She inquired if all the antennas on the courthouse were now authorized for use. Mr. Taylor said they are now as the electric supply had been discontinued to one for which permission had not been granted.

She commented that extra ad valorem on the c&dd landfill expansion could have provided the additional $70,000 needed for Buckhead Ridge EMS.

Public Input On Non-Agenda Items

• Hendry-Glades Sunday News publisher Raoul Battaller inquired on the process for utilizing one-cent discretionary sales tax revenue and the possibility of changing the restrictions.

Attorney Pringle explained that the county ordinance defining the use had to conform to state statutes and was approved on the ballot in a referendum every 15 years.

Donna Storter-Long is responsible for these notes and the contents therein.

Sports Page Conundrum

I read last week's newspaper and was disappointed to see very little mention of the Moore Haven Terriers on the sports page.

Why was this?

Editor's Note: You'll be happy to know that we are working with Moore Haven Terriers' football coaches to get a more detailed write up of each of the team's games for the season.

Unfortunately, we don't have the resources to send a reporter to all of the games around the lake each week, and we rely very much on the community to help us fill in the gap.

While our reporter will rotate coverage of games around the lake area, we are only able to feature one game each week, which will be the game of the week. We will have wrap ups of how the other lakeside teams did that week, but would prefer to run more photos and information.

I encourage you to contact your local sports organization if you would like to see your team featured, or visit our Community Sports Desk, where you can submit information to us online.

We would appreciate any and all assistance in reporting the terrific things that our youth are doing in the community, be it athletically, academically, or otherwise.

If you would like to submit information, please contact us at gcdnews@newszap.com. We hope to hear from you soon.

Students Write Brickel to the Roof

Spends entire day on the roof of the school

Last school year, Mr. Brickel, the principal of Moore Haven Elementary School, made a promise to his fourth graders -- If ninety percent of them passed the state writing test, he would spend an entire day on the roof of the school. It took quite a while for the state to return the results of this test, but when they came, the results were amazing. Ninety-eight percent, all but one student, passed the test. To celebrate, Mr. Brickel asked the City of Moore Haven to lend him a bucket truck and crew to lift him up to the roof. Then, on Thursday, Sept. 2, he called the fifth graders that took the test last year and the fourth graders that will be taking the test this year to meet him in the parking lot in front of the school. First, the City of Moore Haven hooked him up to the bottom of the bucket. Then, Mr. Brickel expressed his gratitude for the hard work of the students and teachers. The bucket truck hauled him up to the roof of the school. Mr. Brickel said that it was awfully hot up there, but he hopes he can do it again next year. "If ninety percent of this year's fourth graders pass that test, they will put me on the roof again," Mr. Brickel said.

NOTICE

Independent Newspapers will never accept any advertisement that is illegal or considered fraudulent. In all cases of questionable value, such as promises of guaranteed income from work-at-home programs - if it sounds too good to be true, chances are that it is. If you have questions or doubts about any ad on these pages, we advise that before responding or sending money ahead of time, you check with the Better Business Bureau at 772-878-2010 for previous complaints.

Some 800 and 900 telephone numbers may require an extra charge, as well as long distance toll costs. We will do our best to alert our reader of these charges in the ads, but occasionally we may not be aware of the charges. Therefore, if you call a number out of your area, use caution.

DESIGNING A SIDEWALK ON WEST COWBOY WAY FROM AMANDA STREET TO WALLEN STREET AND CARLYLE STREET TO SR 29 IN HENDRY COUNTY, FLORIDA FM #4128104-1-38-01

RFQ. No: 2010-37

OPENING DATE: Friday October 15, 2010 at 2:00 pm

Hendry County is seeking engineering firms interested in providing professional services in connection with design of a sidewalk along West Cowboy Way from Amanda Street to Wallen Street and Carlyle Street to SR 29 in Hendry County, Florida. Firms submitting must have expertise in construction design services for a sidewalk along West Cowboy Way from Amanda Street to Wallen Street and Carlyle Street to SR 29 in Hendry County and other requirements that FDOT may impose in the LAP Agreement. Proposers shall have all services available in-house or may propose multiple firms, which have joined together to provide the various required disciplinary services in order to offer a complete submission. Individuals and firms properly registered in the State of Florida are encouraged to submit their qualifications for consideration. All submittals (see Part IV, Submissions Requirements) received in response to this RFQ will be reviewed by a County Evaluation Committee. In order to be considered, submittals must be received by the Board of County Commissioners at the C. E. Hall Building (Clerk's Office) in the Hendry County Courthouse Complex, 25 E. Hickpochee Avenue, LaBelle Florida by 2:00 p.m., October 15th, 2010, at which time all responses to this request will be recorded in the presence of one or more witnesses.

A copy of the Instructions and RFQ Documents can be obtained from the Hendry County Purchasing Office, located at 165 S. Lee Street, LaBelle, FL (for pick up), Post Office Box 2340, LaBelle, FL 33975 (mailing address) or by calling (863) 675-5220. Instructions and RFQ documents will be emailed upon request; however, Hendry County will not guarantee the accuracy or completeness of documents sent via email.

The solicitation does not commit Hendry County to award any contracts, to pay any costs incurred in the preparation of a response to this RFQ, or to contract for any services. The County reserves the right to reject any or all submittals received as a result of this solicitation, or to cancel in part or in its entirety this RFQ, if it is in the best interest of the County to do so.

The Evaluation Committee will meet on October 19th, 2010 at 1:00 p.m. at the Administrative Conference Room located at 165 S. Lee Street, LaBelle, FL 33935 to short list the proposals. Presentations of the short listed firms will be held on October 22, 2010 at 1:00 p.m. at the Administrative Conference Room, 165 S. Lee Street, LaBelle, FL 33935.

If a person decides to appeal any decision made by the Hendry County Commission with respect to any matter considered at this evaluation committee meeting, he/she will need a record of the proceedings, and that, for such purpose, he/she may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

Hendry County is an Equal Opportunity Employer and actively seeks Minority and Disadvantaged Business Enterprise participation.

Public Notice

South Florida Water Management District
Notice of Agency Action

The South Florida Water Management District (SFWMD or District) gives notice of its Agency Action for the following Water Use Permit.

Permit 26-00315-W, issued on September 7, 2010 to Alico, Inc. (P. O. Box 338, LaBelle, Florida 33975) pursuant to application 090226-35 for the continuation of an existing use of surface water from the Lower Tamiami Aquifer and surface water from Barron WCD Canal (No. 3) for diversion and impoundment secondary user and agricultural irrigation use serving 2434 acres with an annual allocation of 3164.31 million gallons and a total maximum monthly allocation of 431.7 million gallons. The project is in Hendry County in S24,25,36/T44S/R30E; S19,30,31/T44S/R31E; S1,12/T45S/R30E; S6/T45S/R31E, located west of Collins Slough Road, south of Sears Road and north of the loop road in the general location of Keri Road. The permit is subject to 23 limiting conditions. The use is reasonable-beneficial, will not interfere with any presently existing legal use of water and is consistent with the public interest.

The above Permit and Staff Report, including limiting conditions to provide reasonable assurances that the projects meet SFWMD statutes and rules can be obtained by contacting Elizabeth Veguilla, Deputy Clerk, during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at 3301 Gun Club Road, West Palm Beach, FL 33406 or by telephone at (561) 686-8800 extension 6739.

The District's agency action as set forth in the Staff Reports shall become final unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57 of the Florida Statutes before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below, followed by the procedures for pursuing mediation.

A person whose substantial interests are affected by the District's permitting decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of the Clerk at the SFWMD Headquarters at 3301 Gun Club Road, West Palm Beach, FL 33406. Pursuant to Rule 28-106.104 Fla. Admin. Code, any documents received after 5:00 p.m. shall be filed as of 8:00 a.m. on the next regular business day. Filings by e-mail will not be accepted. A copy of the Petition must also be mailed at the time of filing to the persons named above at the address indicated. Failure to file a petition within the 21 days of publication of notice, or other receipt of the written notice, whichever first occurs first, constitutes a waiver of any right such person has to an administrative determination (hearing) pursuant to Sections 120.569 and 120.57, Fla. Stat. as provided by Subsection 28-106.11(4) Fla. Admin. Code. The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing.

A petition that disputes the material facts on which the District's action is based must contain the information set forth in Rule 28-106.201(2), Fla. Admin. Code, including:

(1) Identification of the action being contested, including the permit number, application number, District file number or any other SFWMD identification number, if known.

(2) The name, address and telephone number of the petitioner and petitioner's representative, if any.

(3) An explanation of how the petitioner's substantial interests will be affected by the agency determination.

(4) A statement of when and how the petitioner received notice of the SFWMD's decision.

(5) A statement of all disputed issues of material fact. If there are none, the petition must so indicate.

(6) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the SFWMD's proposed action.

(7) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the SFWMD's proposed action.

(8) If disputed issues of material fact exist, the statement must also include an explanation of how the alleged facts relate to the specific rules or statutes.

(9) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the SFWMD to take with respect to the SFWMD's proposed action.

A petition that does not dispute the material facts on which the District's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, Fla. Admin. Code. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the District's final action may be different from the position taken by it in this notice.

The procedures for pursing mediation are set forth in Section 120.573 Fla. Stats, and Rules 28-106.111 and 28-106.401-405 Fla. Admin. Code. The SFWMD is not proposing mediation for these agency actions under Section 120.573. Fla. Stat. at this time.
