Palmdale Post Office Could Face Closure

Location among 3,699 others under review nationwide

BY JUAN LOPEZ
jlopez@newszap.com

The Palmdale Post Office may face consolidation or closure after a review is made by the U.S. Postal Service.

After suffering a \$10 billion loss, the Postal Service decided that cutbacks were necessary in order to maintain services.

One of those cutbacks has been to review the cost effectiveness of all its locations throughout the country. Out of 32,000 post offices, 3,700 have come under review for possible consolidation or closure. The goal is to be able to save \$3 billion over by consolidating or closing as many locations as possible.

Aside from the profit loss, another reason for this review is that 35 percent of the post office's revenue has been generated by online postal services and retail locations (i.e. grocery stores, office supply shops, kiosks, etc.).

In a release made by the Postmaster General Patrick Donahoe, "Our customers' habits have made it clear that they no longer require a physical post office to conduct most of their postal business."

Environmental Defender of Florida Dies

BY ANNE COFFEY

"We didn't always agree but she was a fine, selfless person to work with," said Glades County Commissioner Bob Giesler, upon hearing of the death of Florida environmentalist, Ellen Peterson. Ms. Peterson, 87, died Friday, Oct. 14 at her home in Estero from brain cancer and a lesion on her lungs.

Commissioner Giesler recalled that Ms. Pe-

terson helped in the battle to regain control of the historic Fisheating Creek in Palmdale from commercial interests for not only Glades County residents but for the public. After being hired by Florida Fish and Wildlife to manage the historic creek and new camping areas, she opened a camp store, helped supervise the construction of new showers and restrooms and started the canoe and kayak rental service. That service enabled visitors to traverse the wild and beautiful

creek located in Glades and Hendry counties used hundreds of years ago by prehistoric Indian tribes for fishing and trapping.

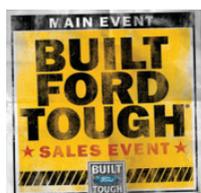

Her countless accomplishments included helping to create the Harry Chapin Food Bank, fighting South Florida Water Management District's plan to straighten the Imperial River after the

GLADES AT A GLANCE

Operation Medicine Cabinet

Get ready for this holiday season by emptying your medicine cabinet of expired, unused, unwanted prescriptions and over the counter drugs and bringing those to the local Operation Medicine Cabinet drop off location on Saturday, Nov. 5. Because medications should not be flushed down the toilet or thrown in the garbage, and because they pose a risk to children in the home.

Medication drop-offs will be welcomed during Operation Medicine Cabinet between 10 a.m. and 2 p.m. on Nov. 5 at the Fast and Friendly Pharmacy in Moore Haven.

For more information, please contact Bianca Ross at 863-674-4041 ext. 143.

Ortona Potluck Dinner

The Ortona Community Association will hold its first membership meeting of the season with a potluck dinner on Thursday, Nov. 10, at 6 p.m. Members are asked to bring a covered dish or a dessert to share. A meat entrée and beverages will be furnished. A short program will follow the potluck.

OCA meetings are held at the Ortona Firehouse/Hall on Coffee Mill Hammock Rd (Highway 78A).

For more information, please contact Fran Way at 863-675-7880.

Glades County Veterans

There will be a dinner and show salute to Glades County Veterans on Saturday, Nov. 12 at 6 p.m. at the Doyle Conner Building in Moore Haven.

Glades County Veterans are free but other guests must pay a donation. For more information or to RSVP, please call 863-673-2661.

Muse Community Association

•Nov. 12 - Country Jam Session and Pot Luck Dinner at 6 p.m.

•Nov. 17 - Annual Thanksgiving Dinner at 6:30 p.m. Turkey and Ham provided by the MCA. Please bring a covered dish. There will be no MCA Meeting. This is a social event.

•Nov. 19 - BINGO at 6 p.m. (third Saturday of each month)

•Nov. 26 - Country Jam Session and Pot Luck Dinner at 6 p.m.

All of the events are open to the public and will be held at the Muse Community Center Building on Loblolly Bay Rd. For more informa-

tion, please call 863-674-0467.

Mini Health Fair

The Glades RV Resort on Tuesday, Nov. 15, at 9 a.m. Open to the public.

Time to Register for Art in the Park

Area artists and craftsmen are cordially invited to exhibit and sell their work at "Art in the Park" in Moore Haven on Saturday, Jan. 28, from 9 a.m. to 4 p.m.

The purpose of the event, now in its seventh year, is to bring artists and the public together for their mutual benefit, in a pleasing setting where people can relax and linger.

The venue is the Glades County Public Library and adjacent park across the street from the Caloosahatchee River in Moore Haven's Historic District. Painters, sculptors, potters, photographers, and hand-crafters are encouraged to reserve their place now. Non-juried and free for artists and public. Parking is free and convenient. Exhibitors are responsible for their own setups. The event is sponsored by the Glades County Public Library and its advisory board. The library's address is 201 Riverside Drive.

For more information and to reserve a place, call Mary Booher, Director of Libraries, at 863-946-0744.

Attention Hunters

The Florida Fish and Wildlife Commission would like to announce that they will be issuing permits for two wild hog hunts on Fisheating Creek Wildlife Management Area, west of US 27.

The two hog control hunts will be on Nov. 26 and 27, and December 3 and 4. Twenty five permits will be issued for each hunt. Permits will be available on a first-come, first-served basis to individuals 16 years of age or older. Permit distribution will take place at the Fisheating Creek WMA check-station at the FEC Campground in Palmdale on Saturday, Nov. 19, beginning at 10 a.m. Individuals have to be present to pick up a permit. You cannot get permits for other people. Left over permits will be available at the FEC WMA office on Banana Grove Rd, Lakeport.

Permittees will be allowed to take wild hogs with no size or bag limit. The use of dogs is prohibited. Firearms will be limited to a shotgun with #1 buckshot or larger.

For additional information you may contact the Fisheating Creek WMA office at 863-946-1194.

Indigenous Cultural Explosion Expected at Museum

Native American history, living culture celebrated at 14th annual event

Hosting Seminole and other Native American artisans from across the country, the Seminole Tribe of Florida's Ah-Tah-Thi-Ki Museum kicks off Native American Heritage Month.

This weekend-long American Indian Arts Celebration (AIAC) will be held from Nov. 4-6, at its campus on the Big Cypress Seminole Indian Reservation.

Widely regarded as an indigenous cultural explosion in the Everglades, this 14th annual event celebrates the traditional and contemporary arts,

dance and music of the Seminole, Southeastern and other Indian tribes from across the U.S. Silverwork, beadwork, woodwork, basketry, leatherwork, photography, paintings, jewelry and more are represented at the Indian market.

Traditional cultural elements such as storytelling, music and dance will be showcased at the central staging area on the museum's festival grounds. Previously, AIAC has included entertainers such as Casper and the 602 Band, Micki Free Blues Experience, Grey Wolf Blues Band, Martha Redbone, Keith Secola and the Wild Band of Indians, Bill Miller and other award winning American Indian recording artists. Thrilling dance groups like the Yellow Bird Apache Dancers of Arizona, the AniKituhwa Warriors from North Carolina and the Great Plains Indian Dancers

have rounded out prior cultural exhibition dancing.

"Native American tribes are vastly different from one another, and AIAC is an ideal event to showcase such rich history and unique living culture in South Florida's back yard," said Anne McCudden, director of the Ah-Tah-Thi-Ki Museum. "By sharing our diversity and celebrating native traditions, we hope to inspire an appreciation and understanding of the Seminole people and other Native American tribes."

Educational and interactive activities for youth groups and the general public promise to entertain festival-goers by immersing them in Native cultures.

The Craft Corner allows children the opportunity to create their own Seminole-inspired craft;

the Critter Show presents the up-close, exciting and wild world of animals; the Archaeology tent affords visitors keen insight into the role of archaeology and the Tribal Historic Preservation Office; and the Museum Information tent shares exciting Museum news and invites attendees to join the Museum with special introductory offers.

The sensational backdrop for this event is the Everglades, just about an hour in any direction from most cities in Broward, Dade, Collier and Hendry counties.

The rich blue skies and the miles of sawgrass and hammocks provide the ultimate setting for this amazing celebration of arts, dance, culture and music.

Family Eye Care proudly offers patients the new Essilor Visioffice System. Visioffice is the newest and most precise instrument for proper fitting of prescription eyewear. It provides individualized fitting measurements that are unique to each patient that allow for better optical performance of your new glasses.

Visioffice is used for any patient and any lens type, progressive or single vision lenses. As spectacle optics have become more advanced, the fitting and measurements necessary to get the best performance from these new lenses have become more important.

Visioffice ensures that your new prescription glasses have optics that are perfectly aligned to your individual needs. Family Eye Care is the first eye care practice to bring the Visioffice instrument to the Hendry County area.

The Essilor Visioffice optical measuring system provides doctors and other eye care professionals with all possible parameters needed for properly fitting spectacle lenses uniquely to each and every patient. These parameters are established prior to the lenses being made and allow for the production of all types of lenses for eyeglasses.

New IFAS Study Shows Corn Plants Help Control Major Mite Pest

BY ROBERT H. WELLS
UF

Add one more entry to corn's list of abilities: helping to biologically control pests.

Already a source of food and biofuel, University of Florida researchers report in a new study that corn plants can help sustain populations of small, flying insects known as gall midges in order to control twospotted spider mites.

Spider mites are hard-to-manage, major pests of hundreds of ornamental and vegetable crops.

In the study, which is published in the current issue of Crop Protection, the highly mobile midge could find spider mites from more than 23 feet away and controlled more than 81 percent of spider mites on green beans in a greenhouse test.

The corn provides a supply of non-pest mites to feed gall midges when spider mite populations run low.

This is known as a banker plant system since the corn plant stores, or "banks," extra prey for midges. And by using the midge to control spider mites, the system reduces the need for pesticides.

"Anything you can do to manage spider mites without using pesticides is going to be a major benefit," said Lance Osborne, an entomologist with UF's Institute of Food and Agricultural Sciences and co-author of the study. Osborne is based at the Mid-Florida Research and Education Center in Apopka.

Spider mites quickly build resistance to pesticides and become nearly impossible to control, Osborne said.

Growers interested in using this system may contact Osborne for more information by email

at Isosborn@ufl.edu or by calling 407-884-2034, ext. 163. The system was tested on green beans but could be applied to different greenhouse-grown crops, such as tomatoes.

Study co-authors include graduate assistant Yingfang Xiao, associate professor Jianjun Chen, lab technician Katherine Houben and research

assistant Fabieli Irizarry — all with IFAS, and Cindy McKenzie, research entomologist with the U.S. Department of Agriculture in Fort Pierce.

The Environmental Protection Agency, the USDA Floriculture and Nursery Research Initiative and UF/IFAS funded the research.

Traffic Safety This Holiday Season

BY STATEPOINT

Keeping children safe is every parent's first concern, which is why traffic safety is so important. During the holidays, when families are traveling and daylight ends sooner, parents need to pay extra attention to traffic hazards at home and on the road.

Traffic accidents continue to be the leading cause of death for children ages 1 through 12 in the United States, according to the National Highway Traffic Safety Administration (NHTSA).

To help keep families safe this holiday season and year round, NHTSA has teamed up with the animated, preschool television show "Chuggington" to launch the national "Think Safe, Ride Safe, Be Safe!" campaign. The program offers free resources to help parents and kids learn important safety lessons from engaging characters and take a safety pledge online to earn a traffic safety badge.

Here are some traffic safety tips for you and your children to remember.

Car Safety

Everyone should use seat belts, and children should always be in a properly fitted car seat. Select a car seat based on your child's age and size that fits in your vehicle. Keep your child in the car seat as long as they are within the manufacturer's height and weight requirements and in

the back seat until age 12.

While winter clothes keep your child warm, they can also interfere with the proper harness fit of your child in the car seat. Make sure to place blankets around your child after you fasten the harness.

The holidays are a busy time at shopping malls -- especially parking lots. Drivers should be on alert for small children when reversing out of a parking space. And don't leave children unattended near an open trunk, where they can get trapped.

School Bus Safety

During the holiday season, children may become more rambunctious on the way home from school. Parents should take the time to emphasize year-round rules, like facing forward and obeying the school bus driver.

Children should always wait with an adult at the school bus stop. When disembarking, instruct children to take five giant steps away from

the school bus. Then look left, right, and left again before crossing the street.

Bike Safety

Parents and children should always wear their properly fitted bike helmets. Helmets should sit low across the forehead with no more than two finger-widths above the eyebrow, and the chin strap should be buckled snugly.

In low-light conditions, make sure that you and your children wear brightly colored clothing and reflective materials. Everyone's bike should be equipped with a white front light and a red rear light.

Children should ride with an adult on bike paths or on the sidewalk -- never in the street.

More tips and activities can be found at www.chuggington.com/safety.

By engaging your children in safety activities and games, you give them the knowledge and lifelong tools to help them stay safe this holiday season and beyond.

Give Thanks for Hunting Opportunities

Outta' the Woods

BY TONY YOUNG
FWC

November means the 2011-12 huntin' season's in full swing. In this month's column, I cover most everything you need to know about general gun, fall turkey, quail and gray squirrel, snipe and the second phase of mourning and white-winged dove seasons.

The first thing you need to do is pick up a \$17 Florida resident hunting license. Nonresidents pay \$46.50 for a 10-day license or \$151.50 for 12 months.

If you plan to hunt one of Florida's many wild-life management areas (WMAs), you'll also need a \$26.50 management area permit, but don't forget to study the brochure for the specific area you plan to hunt because dates, bag limits and rules differ greatly from area to area.

You can get these brochures at the tax collector's office near each WMA, or you can download them from MyFWC.com/Hunting.

You can buy your license and permits by calling 888-HUNT-FLORIDA or online at www.fl.wildlifelicense.com. Have your credit card ready. You also can purchase them from a tax collector's office and most retail outlets that sell hunting and fishing supplies.

The general gun season runs Nov. 5 - Jan. 22 in Zone C; Dec. 3 - Feb. 19 in Zone B; and in Zone A, the second phase of general gun season runs Nov. 19 - Jan. 1. In Zone D, it starts Thanksgiving Day (Nov. 24) and lasts four days through Nov. 27. Two weeks later, the season reopens Dec. 10 and runs through Feb. 19.

Hunters can take bucks having at least one antler 5 inches or longer, but anyone hunting deer in Florida must have the \$5 deer permit. On private lands, the daily bag limit for deer is two, but during some quota hunts on WMAs, the bag limit is only one deer. In some cases, there are antler restrictions, so read the particular WMA brochure before hunting.

On private lands, hunters can take wild hogs year-round with no bag or size limits. On most - but not all - WMAs, there's also no bag or size limit on wild hogs, and hunters can take them during any hunting season except spring turkey. Again, check the WMA brochure to be certain.

The highly anticipated antlerless deer season, often called "doe week," is Nov. 19-25 (Thanksgiving week) in zones A and C, and Dec. 26 - Jan. 1 (Christmas week) in zones B and D.

During doe week, the daily bag limit is one buck and one doe, or two bucks. You may not take two does in one day as you can during archery season, and spotted fawns are never legal game. By the way, WMAs do not have an antlerless deer season.

Antlerless Deer.

If you hunt with deer dogs anywhere in Florida, special rules and registration requirements may apply, so call the FWC for details.

Fall turkey season in Zone A is Nov. 19 - Jan. 1. In zones B and C, it runs Dec. 3 - Jan. 29 and Nov. 5 - Jan. 1, respectively. And in Zone D, fall turkey season is Nov. 24-27 and Dec. 10 - Jan. 15, except for Holmes County, where there is no fall turkey season.

Only bearded turkeys and gobblers are legal game, and you must have a turkey permit (\$10 for residents; \$125 for nonresidents) to hunt them. The bag limit is one bird per day, and a total of two during the archery, crossbow, muzzleloading gun and fall turkey seasons combined.

Quail and gray squirrel season runs statewide Nov. 12 - March 4. There's a daily bag limit of 12 for each, but shooting fox squirrels is against the law.

Shooting hours for deer, turkeys, quail and gray squirrels is a half-hour before sunrise to a half-hour after sunset. All legal rifles, shotguns, muzzleloaders, bows, crossbows and pistols are legal for taking these resident game animals during the general gun, antlerless deer, fall turkey, and quail and gray squirrel seasons.

Florida snipe hunting ranks second in the nation for the number of birds harvested each year.

That season runs Nov. 1 - Feb. 15 statewide. The second phase of the mourning and white-winged dove season also comes in this month and runs Nov. 12-27. Shooting hours for migratory game birds are one-half hour before sunrise to sunset. The bag limit for snipe is eight; for doves, the bag limit is 15.

You must get a no-cost migratory bird permit if you plan to hunt snipe, doves or any other migratory game birds.

The FWC even provides an online "Dove Hunter's Hotline" that gives up-to-date information on Florida's public dove fields. The address is MyFWC.com/Dove, and it's updated every Thursday throughout the dove season. Information includes dove densities, previous week's harvests and field conditions.

November is National Diabetes Awareness Month

Be aware of this serious disease

BY PAT DOBBINS

Hendry-Glades Health Departments

November is recognized as American Diabetes Month.

America is facing an epidemic of diabetes, a serious disease that damages the body and shortens lives. Diabetes is a disease where the body doesn't produce insulin or doesn't use insulin properly. Insulin is a hormone that your body needs to convert sugar, starches and other foods into energy. There are two different kinds of diabetes. Type-1 diabetes is when the body fails to produce insulin. People with this type have to get daily shots of insulin to survive. Type-2 diabetes is when the body fails to make enough insulin or properly use insulin. About 90 percent to 95 percent of all diagnosed cases of diabetes are Type-2 diabetes. Typically, Type-2 diabetes develops after the age of 45. Some of the signs of diabetes can include excessive thirst, extreme hunger, unusual weight loss, increased tiredness, increased irritability and blurry vision. Sometimes family history plays a part in whether a person develops diabetes, but other factors such as being overweight or lack of exercise appear to play a role as well. Diet, exercise and new medicines can prevent or delay much of the illness and complications of diabetes.

Did you know that there is also something

known as pre-diabetes? Pre-diabetes is a blood glucose level higher than normal, but not high enough to be diagnosed as diabetes. Ask your doctor about getting tested. If your number is between 110-125, then you are in the pre-diabetes range. Keep in mind that a five to 10 percent reduction in body weight produces a 58 percent reduction in diabetes. Take action now. Get at least 30 minutes of physical activity every day. (Dance, walk the dog, play with your kids!) Try to eat healthier and educate yourself on proper serving sizes. When a person has diabetes, they also have an increased risk of heart attack, stroke, kidney disease, or blindness. There is no known cure for diabetes, but there is treatment. If you already have diabetes, managing the disease can lower your risk of complications such as kidney failure, heart disease and stroke, blindness, and amputations of legs and feet.

With nearly 26 million children and adults in America living with diabetes, and another 79 million at high risk for developing type-2 diabetes, the disease is taking a devastating physical, emotional and financial toll on our country. Recent numbers reported by the CDC state that every 17 seconds, someone is diagnosed with diabetes and diabetes kills more people each year than breast cancer and AIDS combined. Recent estimates project that as many as one in three American adults will have diabetes by 2050 unless we take steps to stop diabetes.

For more information about diabetes go to www.cdc.gov/diabetes/pubs/factsheet11.htm or www.diabetes.org.

Lake Okeechobee Fishing Report

BY MARK KING

Wow, the Lake Okeechobee water level is up to 13.47 feet above sea level!

Water is still pouring in from the Kissimmee basin and, with the rains that we have been receiving, we are now at the same water level as we were this time last year.

Just three weeks ago, we were worried if we would have enough water to fish the main lake and not the rim canal. Now we have plenty of water and are getting more. The other good news is that the bass are everywhere here on the south end of the lake and the fishing just keeps getting better everyday.

I have been fishing from the Monkey Box to Pelican Bay and catch bass almost anywhere I stop to fish. This past week, my clients had some wind and rain to deal with but still enjoyed catching good numbers of bass on both artificial lures and wild shiners out on the main lake.

Even though everyone knows I would rather use artificial lures, the shiner fishing was really good last week. Especially for a nine-year-old boy I had on the boat that caught bass all morning in the rain Saturday.

My lure of choice this past week was the new Big Dipper made by Charlie's Worms in Junebug color. I rig this bait with a 6/0 wide gap hook and fish it on 65 pound test Diamond braided line. A good heavy action rod will also be needed to get the bass out of the heavy cover.

Some of the other lures that I used this past week have been a smaller version of the Big Dipper called the Zipper Dipper and a Salt Stick O also made by Charlie's Worms.

Junebug has been my color choice with both cases. I did hear of some bass being caught on

10-inch worms and on jigs also in the scattered outside grass.

Since we are now fishing in the grass and reeds, I have spooled all my reels with braided line and changed out my medium action rods for heavier action ones.

Most of the areas that I fished last week look awesome now. With the water level coming back up, we will be able to get way back in the grass to fish all winter.

The water is clear in most areas and, as some trails are cut back in the grass in most areas, we should be able to fish no matter what the wind does to us.

The water temperature this past week was in the lower seventies in the morning and, if it remains this cool, we should have a few bass move in to spawn this next full moon phase. It will only get better as we move into the season here on Lake Okeechobee.

Until next week, good luck, tight lines, and I hope to see everyone out on the lake soon.

NOTICE OF JOINT PUBLIC HEARING BETWEEN THE HENDRY COUNTY BOARD OF COUNTY COMMISSIONERS AND THE HENDRY COUNTY SCHOOL BOARD TO DISCUSS REDISTRICTING

Notice is hereby given that the Hendry County Board of County Commissioners and the Hendry County School Board will hold a public hearing to receive public comment concerning redistricting and related issues at 5:00 p.m. on November 8, 2011, in the Commission Room, Clewiston City Hall, 115 West Ventura Avenue, Clewiston, Florida. All persons are invited to attend and be heard.

Redistricting is the process by which the district boundaries for election of County Commissioners and School Board members are adjusted to account for changes in population reflected in the decennial census. The current district lines are proposed to be changed in several places. The proposed maps are available for inspection during normal business hours at the Supervisor of Elections Office at the Hendry County Courthouse, 25 E. Hickpochee Ave., LaBelle, Florida.

If a person decides to appeal any decision made by either board with respect to any matter discussed at such meeting, he/she will need a record of the proceedings, and that, for such purpose, he/she may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

RELIGION COLUMNS

Want to Minister? Know the Limits!

BY REV. SAM S. THOMAS, PH. D.+
Saint Martin's Church

When I was recovering from an illness, I encountered a young man who asked how I was doing and I told him. He went on to say my problem came from drinking bad water.

Rev. Sam S. Thomas

Now, by chance, his family was selling water purifiers and he had all of the answers to my health problems! I told him, politely, to "get lost" in as gentle a way as I could phrase it.

One evening, I was invited to listen to a lecture on a food system that was supposed to clean

out my interior and set the stage for healthy living ever after. I would need to buy the powders, etc. When the lecture was concluded and I was asked to sign up, I advised the presenters that I would discuss the matter with my doctor before changing diets.

Somebody once said, "When you're a hammer, every problem looks like a nail!" And it's true. There is that classical story about the blind men examining an elephant. Depending on what part of the elephant was touched, it looked like a long snake to the one that touched the tail, it looked like a wall to the one who touched the side, it looked like a thick pipe to the one that touched the trunk.

Each brings his insights but thinks he has the whole picture.

When things are different than they seem, it seems embarrassing to call for help or to consider that there may be more involved than is understood.

One minister from another tradition told me about his work for an advanced degree and how he began to see the place of history in the formation of faith. A whole new world had been opened to him; how what was practiced came into being and how it now made more sense.

Yes! I was able to refer him to some web sites and sources. I also learned about his understanding of what worship is about and the contributions made to those who followed it. Remember Job? He has problems, serious problems and bad problems. There were those three friends, Eliphaz, Bildad and Zophar who had the "answers."

One attributed Job's problems to sin by telling him that if he'd only stop sinning all would be well. Unfortunately, that didn't fit with the reality of Job's life. Another told him that he was really getting off lucky and that he deserved even more punishment than he was getting.

Job couldn't buy that explanation either. It didn't make sense. A third admonishment, "don't question it," is of no value. How can things change if there is no way to understand

what is needed or how they got to be as they are now?

The good helper will recognize he may not have all of the answers, may need to consult or refer, may have to acknowledge that there are other ways of looking at things. When that happens, help comes, healing takes place, faith is restored, hope is found, love is given.

A Political Comeback

BY PASTOR JOHN HICKS
First United Methodist Church

Will Rogers stated, "I don't make jokes. I just watch the government and report the facts." In that spirit, I share the following to help us get through the dreaded political commercials heading our way.

A politician is hit by a truck and dies. He arrives in heaven and is met by St. Peter who states, "We have a problem.

We seldom see politicians around these parts, so we're not sure what to do with you. We will have you spend one day in Hell and one in Heaven. Then you can choose where to spend eternity."

And with that, St. Peter escorts the politician to the elevator and he goes down to Hell. The doors open and he finds himself standing in the midst of his friends and other politicians who had worked with him.

Everyone runs to greet him and they reminisce about the good times they had while getting rich at expense of the people. They play golf and dine on lobster. Also present is the Devil, who is very friendly. They're having such a good time that before he realizes it, it's time to go. Everyone gives him a big hug and waves while the elevator rises.

The elevator door reopens at Heaven. Twenty-four hours pass with the politician joining a group of contented souls moving from cloud to cloud, playing the harp and singing. They have a good time and before he realizes it, the 24 hours have gone by and St. Peter returns.

"Well, you've spent a day in Hell and another in Heaven. Now, choose your eternity."

He reflects for a minute, then answers: "I would never have thought it, and Heaven has been delightful, but I think I would be better off in Hell."

So he goes back down. The doors of the elevator open and he is in the middle of a barren land covered with waste. All his friends are dressed in rags, wading through garbage. The Devil comes over.

"I don't understand," stammers the politician. "Yesterday, I was here and there was a golf course and we ate lobster and danced and had a great time. Now it's a wasteland full of garbage and my friends look miserable." The Devil looks at him, smiles and says, "Yesterday, we were

Pastor John Hicks

campaigning. Today, you voted for us!"

If lawyers are disbarred and clergymen defrocked, doesn't it follow that electricians can be delighted, musicians denoted, cowboys deranged, models deposed, and dry cleaners depressed?

Even more, baseball players will be debased, organ donors will be delivered, and musical composers will eventually decompose.

On a more positive note, though, perhaps we can pray politicians will be devoted.

Would Anyone Notice?

BY JACKIE MILLER, EVANGELIST
First Christian Church

Several years ago, a New Jersey man killed his wife, three children and mother-in-law. He left their bodies in their expensive home. It was almost a month before the "neighbors" knew anything was wrong.

No one noticed their absence because no one really knew them. James McKay of USC coaching fame said, "The neighbors are perfect. I don't know any of them."

The New Testament terms for "The Church" included the words which mean "fellowship," "household," "family," and "in one house." The essence of the Christian-to-Christian relationship was that of being bound together in the ties of love, a community.

People whose lives are intertwined and involved with each other. In the book "We, The Lonely People," Ralph Keyes asks, "Would anyone notice if I didn't show up?" The fellowship of the church is responsible for noticing.

But there's another side to it. Have you ever let yourself get involved in anything in the fellowship of the church? Are you there often enough or committed to any group or function that your absence would be noticed? Other than sitting in a pew on Sunday morning and a hasty rush for the door, what do you do to establish yourself in the fellowship of the church? It may be the church which is indifferent.

Maybe you are. It's your responsibility to become a part of the fellowship, to get to know people and to participate in a group where people get to know you. When I hear someone mention that church people aren't friendly, I can't help but wonder what this person ever did to try and be friendly to others.

It's a two-way street. If you insist on being an observer rather than a participant in your church, the chances are pretty good that you'll continue to feel like an outsider.

Commitment is basic. There is no way that a community can be forged from people trying to make up their minds about whether or not to "belong" or community-seekers who keep their bags packed and ready.

When I say "commitment," I don't mean a signature in blood, or even a long-term contract. What I do mean is a willingness to stay through friction, to work on problems when they occur and to stick with each other.

I think that's what has to happen for any of us to find the meaning and fulfillment of fellowship in the church, or anywhere else. Our attitude ought to be, "This is my church. When there are problems, I'll be here to help solve them. When things are going well, I'll be here to enjoy it."

That's commitment!

Gas Price Update

Average retail gasoline prices in Florida have fallen 3.4 cents per gallon in the past week, averaging \$3.40/g yesterday.

This compares with the national average that has fallen 0.6 cents per gallon in the last week to \$3.46/g, according to gasoline price website FloridaStateGasPrices.com.

Including the change in gas prices in Florida during the past week, prices yesterday were 64.6 cents per gallon higher than the same day one year ago and are 1.3 cents per gallon higher than a month ago.

The national average has decreased 1.2 cents per gallon during the last month and stands 65.5 cents per gallon higher than this day one year ago.

“With some European resolve in regards to the Greece debt situation, oil prices took off late last week,” said Patrick DeHaan, GasBuddy.com Senior Petroleum Analyst. “While the national average has remained relatively subdued in the last couple weeks, we may see a slow climb in the national average this week.

“The national average for gasoline has barely climbed, even as crude has gained some \$20/bbl from the lows we saw nearly six weeks ago. As we approach heating oil season, we’ll also see support for diesel prices, which is sure to frustrate diesel consumers, who are paying as much as eighty cents more per gallon than gasoline consumers,” DeHaan added.

Lakeport Man Charged with Battery on Paramedic

BY CHARLES M. MURPHY
Glades County Democrat

A bartender for the Duck Pub in Lakeport was arrested on a charge of battery on a firefighter EMT on October 27. He allegedly closed the door to a vehicle on the arm of a Glades County Paramedic as he attempted to help a patient, Glades County Sheriff Deputies said.

Frankie Rivera, 34, allegedly battered Michael Byrnes and interfered with his ability to render aid

to a patient, an arrest report from Deputy Richard Ermeri stated.

Deputies said Rivera made it difficult to assess a female patient, age 49, by not allowing the EMS crews to get close to the patient.

Mr. Byrnes said he attempted to examine the patient and find out the severity of the patient's condition when Rivera slammed the door on his arm. He did not receive medical treatment and the original patient left the scene without treatment.

Roadwatch

Glades County

- US 27: From the Hendry County Line to Old Highway 27: Construction project--The project consists of milling and resurfacing, drainage improvements, signing and pavement. Motorists should expect single lane closures in each direction during milling and paving operations, slow moving traffic and possible minor delays. Flagmen will be on site to assist with traffic. Construction is expected to be completed in the fall 2011. The contractor is Ajax Paving Industries of Florida, LLC.

- US 27: From Wagon Trail to the bridge: Maintenance project-- There will be intermittent northbound and southbound for the next three weeks, Monday through Thursday from 8 a.m. to 4 p.m. while crews are cleaning sewers along the roadway.

- US 27: From SR 78 to Old US 27: Maintenance project-- Crews will be making sidewalk repairs along the north and south sides of the road beginning Oct. 17. No lane closures are anticipated.

- SR 78 (Lakeport Road): From Indian Prairie Canal to BuckHead Ridge: Maintenance project-- Crews will be working on shoulder repairs along the roadway for the next two weeks. Motorists should expect intermittent lane closures controlled by flaggers for the next two weeks from 8 a.m. to 4 p.m. Monday through Thursday.

- SR 78 East (Lakeport) from Fisheating Creek to US 27: Maintenance project -- Crews will be taking a lane to clean ditches in the area until Nov. 18, from 8 a.m. to 4 p.m., Monday thru Thursday.

Flagmen will be on hand to help with traffic control.

Hendry County

- SR 80/US 27 Interchange Improvements: Construction project -- This project modifies the SR 80/US 27 interchange by constructing an overpass for SR 80 eastbound traffic to US 27 northbound and for US 27 northbound traffic to SR 80 westbound. The project also realigns US 27. Motorists are advised to be aware of construction vehicles entering and leaving the work zone project and to use caution driving in this area.

- Crews are placing fill dirt, installing drainage and constructing walls for the new overpass.

- Crews are working in the median.

- The speed limit on US 27 is 55 mph in the construction area.

Additional improvements include a traffic signal at the overpass, lighting at the interchange and widening approximately 3/4 mile of SR 80 to four lanes. The contractor is Ajax Paving Industries of Florida, Inc. Project completion is at the end of 2013.

- SR 80: From Hendry Isles Boulevard to Birchwood Parkway: Maintenance project-- Crews will be working along the shoulders of the roadway beginning October 17th. There will be intermittent east and westbound lane closures while crews are working. Motorists are advised to use caution while in the area and to expect possible delays.

Red Ribbon Week Recap

Red Ribbon Week was a great success in Glades County this year. Red Ribbon Week is all about communities, families, and youth pledging to be drug free. There were many events that took place over the last week by the SWAT youth of Glades County.

On Tuesday, the West Glades SWAT students held a contest during lunch to guess the number of red ribbons in a jar.

The number of ribbons was 88 which represents the number of Floridians who die a day from tobacco use. On Wednesday the SWAT youth performed a skit called "the operation" which focused on being tobacco-free.

On Thursday, at Moore Haven Junior/Senior High School the Red Ribbon Week Door Decorating contest was judged by Commissioner Donna Storter-Long.

The winner was Mrs. Davis's homeroom class with their "Together Terriers Stand Tough" slogan and "terrier paws" pledging to be drug free decorations. Overall, the doors were very well done and choosing a winner was extremely difficult.

The Moore Haven SWAT youth also had a booth at the Moore Haven Halloween Carnival with a focus on the tobacco-free policy at the schools, parks, and the Florida Statutes for underage tobacco use.

Finally, on Friday the Moore Haven SWAT youth were present at the football game by hand-

ing out information, and participating during half-time by singing a song written by a SWAT youth on tobacco.

Thank you to everyone who participated in this year's events, and remember to honor your pledge to stay drug free for yourself and your family!

Postal Service, commented that the Palmdale Post Office is under review as a way of addressing the needs of the area.

"We are facing a new reality now," Rice said. "We want to be there for people in the future. Therefore, these reviews have been determined

to be necessary."

She continued to say that the Postal Service will be holding community meetings to collect local input about how important and/or vital a location is to the area. The results of these meetings will have a bearing on the overall decision for each location.

There will be a meeting on Nov. 3rd 2011 at the Palmdale Community Building to discuss the possible closing of the Palmdale Post Office. There will be representation from the Post Office and state and local officials. Contact the Palmdale Post Office for further info at 863-675-1334.

Lakeport Gator's Kids Group was the host of the Lakeport Family Halloween Carnival which was open to all residents of the Lakeport area.

Even with the bad weather we were excited to report that we had 67 children, plus parents and grandparents from the area come and enjoy the excitement of playing different games and winning lots of candy and other prizes.

Even some of the adults gave a try at playing games and winning special treats. The children

participated in a costume parade; even the adults/volunteers dressed for the occasion.

At the end of the parade, each child was awarded with the following: a treat bag with candy, certificate to McDonald's, participant ribbon and certificate from Lakeport Community Association and Lakeport Gator's Kids Club for participating in our costume parade.

Lakeport Gator's would like to thank everyone who worked so hard in the past few weeks with decorating, cooking, setting up as well as cleaning up the center.

A big thank you to everyone who donated

their time and money and other donations of candy and toys for prizes and treat bags for all these children.

Another big thank you to Greg Margerum who volunteered his time to come out and take photos of all the festivities.

We would like to thank McDonald's in LaBelle for donating certificates for all the children to enjoy a special treat at McDonald's, United Methodist Church in Clewiston for donating pumpkins to help us have a beautiful pumpkin patch and Chappy's Country Store for donating apples for our hanging tree.

The children were able to play 16 different carnival games throughout the evening, while the adults were able to watch and enjoy a nice evening of fellowship.

Some of the games were: Monster belly, Slimy Eye, Screaming Discs, River Monster, a tattoo parlor and a fortune teller. The children enjoyed all the games and especially the full bags of treats from candy, toys, chips, and many other items.

A "big thank you" to everyone who made this event possible. Without your help, it wouldn't have happened.

Inland Birding Fun: Eastern Bluebird (EABL)

BY MARGARET ENGLAND
Hendry-Glades Audobon

The second annual Statewide Bluebird Blitz will take place on Friday, Nov. 18, through Saturday, Nov. 19.

What is a Bluebird Blitz?

A blitz is a concentrated effort on specific dates to locate as many Eastern Bluebirds in your locale as possible.

How do I participate?

- Go outside on Friday, Nov. 18, and or Saturday, Nov. 19, and look for bluebirds

- Record as much as you are able about the bluebirds you see. Location, behavior, sex, age, etc. We also want to know where you looked but did not encounter any bluebirds.

Margaret England

- Download, complete, and submit the Blitz Report form from the FBS web site, floridabluebirdsociety.com.

- For more information contact Faith at floridabluebirdsociety@gmail.com.

This is a great opportunity for adults and youth to become citizen scientists for the day and to help document Florida's Eastern Bluebird population.

The Eastern Bluebird is a common bird of least

concern that is found in meadows or openings surrounding trees. It has benefitted from the use of human-made nest boxes throughout Florida.

These cavity nesting birds numbers were declining for a number of reasons including; competition for natural nest sites from other bird species such as the Tufted Titmouse, Caroline Wren, House Sparrow, Eastern Starling, and diminishing winter food supply and adverse weather. They feed mainly on insects, but will feed on wild berries in the winter.

The adult male is a small, beautifully colored thrush with a bright blue back, head and tail. It has a chestnut colored throat and breast with a white belly.

The female is duller or grayer with bluish wings and tail and a subdued orange-brown breast. Young birds have heavily spotted feathers.

The Eastern Bluebird has a distinctive fairly low-pitched warbling song that sounds like "chur-lee, chur-lee," which might include chattering notes with whistle when singing.

They will build a nest of pine needles and grasses inside cavities where they will lay four or five eggs which hatch in 13 to 15 days. During a successful nesting season two to three broods of young will be raised.

The young stay with their parents during the nesting season, usually lasting from March to July. This makes up a rather large family group by summer's end.

By popular demand, photographer Dan Tudor will be returning to LaBelle with entertaining presentations on "Burrowing Owls" and "Coyotes". Dan has been photographing burrowing owls at Cape Coral nest sites for the past 10 years. Join Hendry-Glades Audubon for these free programs

on Monday, Nov. 14 at 7 p.m. at the Cooperative Extension, Dallas Townsend Building 1085 Pratt Blvd in LaBelle.

If you would like to participate in upcoming birding trips or the Christmas Bird Count December 31 at STA5, e-mail Margaret England at sta5-birding@embarqmail.com or call 863-674-0695 or 863-517-0202.

New and current Hendry-Glades Audubon Society "Facebook Friends" will be entered in a monthly drawing for a "Sibley Field Guide to Birds of Eastern North America" during November and December 2011. "Like" the Hendry-Glades Audubon Society Facebook to enter the next drawing.

In Loving Memory of
Jeanette Goodman
08/15/46 - 11/02/10

It's been a year since you went away.
Secret tears still fall everyday.
Hard to imagine how time does pass.
A lifetime of memories that forever will last.

We think of you always, and hold you near.
In everything we do, you are always there.

Not a day goes by that I can not feel your presence.

I know you are at peace now with the angels in Heaven.

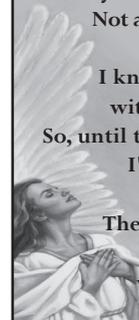

So, until the day that my name is called,

I'll do everything I can to make you proud.

Then soon it will be that we are together again

when eternity is ours

forever to spend.

Independent Newspapers will never accept any advertisement that is illegal or considered fraudulent. In all cases of questionable value, such as promises of guaranteed income from work-at-home programs - if it sounds too good to be true, chances are that it is. If you have questions or doubts about any ad on these pages, we advise that before responding or sending money ahead of time, you check with the Better Business Bureau at 772-878-2010 for previous complaints.

Some 800 and 900 telephone numbers may require an extra charge, as well as long distance toll costs. We will do our best to alert our reader of these charges in the ads, but occasionally we may not be aware of the charges. Therefore, if you call a number out of your area, use caution.

NOTICE OF PROPOSED RULE

SUBMITTED BY: C. Gordon Swaggerty DATE: 11/22/11

SUBJECT AREA: 546 Antifraud

EXECUTIVE SUMMARY OF PURPOSE: The proposed rule establishes the policy for antifraud.

CITATION OF LEGAL AUTHORITY: 1001.32, 1001.41, 1001.42, and 1001.43 F.S.

CITATION OF SPECIFIC LEGAL REFERENCE: 1001.32, 1001.41, 1001.42, and 1001.43 F.S.

FULL TEXT: A copy of the full text of the proposed rule may be obtained, without cost, at the Office of the Superintendent of Schools.

EXECUTIVE SUMMARY: The proposed rule establishes the policy for antifraud.

STATEMENT OF REGULATORY COSTS: The proposed policy revision will create no additional district economic impact in excess of \$100.00 except for the costs of printing and distributions.

LOCATION OF MEETING, TIME AND DATE: Hendry County School Board Meeting Room, 25 E. Hickpocsee Avenue, LaBelle, FL at 5:30 p.m. or as soon thereafter as the matter may be heard on November 22, 2011.

Notice: Any person who wishes to provide the School Board with information regarding the statement of estimated regulatory cost, or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days after publication of this notice.

Notice: If requested in writing and not deemed unnecessary by the Agency Head, a Rule Development Workshop will be held at a time and date to be advertised in the future.

Notice: The procedure for obtaining a public hearing on this proposed rule is to request, in writing, a hearing. The request shall be submitted to the Superintendent of Schools, in writing, within 21 days after publication of this notice. The request shall specify how the person requesting the public hearing would be affected by the proposed rule. The School Board, upon appropriate request, shall give affected persons an opportunity to present evidence and argument on the issues under consideration.

Notice: Inspection and copying of all written materials constituting public records submitted to the agency regarding draft rules may be obtained by request, in writing, to the Superintendent of Schools.

Notice: The School Board may recognize any material which may be judicially notified and to incorporate them into the record of the rule making proceeding. The School Board may incorporate material by reference into the proposed rule.

Notice: If you need an accommodation in order to participate in this process, please notify the Superintendent of Schools at (863) 674-4642 or at the Hendry County Courthouse, LaBelle, Florida 33935 at least 48 hours prior to the meeting or workshop.

Notice: If the School Board adopts the proposed rule, one certified copy of the proposed rule shall be filed in the Office of the Superintendent of Schools pursuant to 120.54(3)(e), F.S.

Todd Retires from Glades Electric Cooperative

L.T. "Tommy" Todd, General Manager and CEO of Glades Electric Cooperative, recently informed the Board of Trustees of his decision to retire. Jeff Brewington, CFO, has been named General Manager.

Tommy Todd has been at the helm since 1996, spearheading numerous initiatives that helped Glades Electric become one of the most respected cooperatives in Florida. Some of the programs pioneered by Todd include:

Strategic Planning

Utilizing annual S.W.O.T. (strengths, weaknesses, opportunities and threats) analysis to define the year's goals, each department is assigned specific and measurable action steps toward achieving each objective.

Todd's success with this program led to invitations to facilitate the process at other organizations.

Right of Way Program

Long before it was suggested by the Public Service Commission, Glades Electric implemented a three year trim cycle on its right of ways.

This helped improve the quality of electrical service by keeping tree limbs and other growth away from power lines.

Todd believed a proactive approach to vegetative control, especially in an area with a 12-month growth cycle, was critical to improving

the members' service.

Glades Electric Education Foundation

Each year, Glades offers scholarships to children of members who are seniors in high school, maintain good grades and take leadership roles in school and community organizations.

These scholarships are funded completely by unclaimed capital credits and don't cost the members a penny.

Concern for Community

Todd's commitment to serving the communities went well beyond providing electricity. Glades Electric maintains a philosophy of being good corporate citizens through support of many school, church, and community organizations.

But Todd's proudest achievement is the System Restoration Plan. Implemented in 1996, this systematic approach to the redesign, repair and reconstruction of the entire electrical distribution system has been the most significant contributor to the improvements in the member's electrical service.

Tommy Todd's 15 years of service has had a positive impact on the members of the cooperative, as well as the communities in which they live.

huge spring flood in Bonita Springs and fighting politicians many times from destroying our environment.

When she saw any injustice whether it was fighting land developers in unscrupulous battles for unspoiled land, or for women's rights or migrant workers rights, she dug in her heels.

One outstanding victory was helping start the plant and wildlife mitigation program before Florida Gulf Coast University was constructed.

All students are now required to take a course about the local environment. She fought to keep our waterways unpolluted, once had her life threatened, but never backed down from a fight, even getting arrested a time or two when marching in a protest.

On one occasion, I asked her how a marching protest went in Miami and she wryly replied, "Well, there were 14 police officers and 13 protesters,"

She moved to Lee County in 1967 and for the past few years was chairwoman of the Sierra Club-Calusa Group, and owner/manager of the Happehatchee Nature and Spiritual Center in Estero.

She mentored many people of all ages, lead the battles to protect our environment, and wrote thousands of letters convincing politicians and citizens to guard and keep our environment safe.

Born in Charlotte, North Carolina, she earned degrees in chemistry and physical edu-

In her youth, she rode cross country on a "regular" bicycle arriving in New York City with very few belongings but diligently and without complaining, worked until she was financially independent.

As a personal friend, I can tell you that she did not criticize others, never bragged about her accomplishments, did not want trophies or kudos, possessed very few material items, and opened her doors to all who needed help and support.

She designed her comfortable, welcoming native wooden home and convinced a local engineering student to design and construct a genuine swinging bridge in order to reach her house across the Estero River.

No one was ever turned away from her home or meeting house. We shall all miss her but best of all, we are all better humans for having known her.

Memorial Services for Ellen Peterson will be held on Fisheating Creek on Sunday, Nov. 13, from 1 p.m. until 5 p.m. Memorials and loving thoughts from all who knew Ellen will begin at 1 p.m.

Afterwards, a flotilla of canoes will be available for those wanting to travel to the Memorial Tree approximately two miles up Fisheating Creek.

Those not wanting to take the entire trip may return at their convenience. Refreshments will be served at 3 p.m.
