Birge, Melendy Advance; Samuels Wins

Platt In Runoff With McWhorter

By JOAN SEAMAN
Of The Herald-Advocate

Two incumbents won, one lost and one race is headed to a runoff.

Results from Tuesday's Primary Election showed victories for District 2 Commissioner Sue Birge and School Board District 1 Paul Samuels. In Commission

District 4, challenger Russell Melendy upset current Commissioner Grady Johnson.

The School Board District 4 competition ran close as results

were announced on Tuesday evening, with incumbent Jan Platt and challenger Garry McWhorter alternating leads. In the end, McWhorter had a 1,286

to 1,275 lead, not enough for a clear victory.

Although there may be a machine recount today (Thursday) at 1:30 p.m., the pair is headed

for a runoff in the Nov. 4 General Election. The re-count could be waived by Platt. For a clear victory either candidate would have to have 1,363 votes,

meaning McWhorter would need 77 more than he has and Platt would need 88.

County Judge Jeff McKibben, chairman of the Hardee County Canvassing Board, met with fellow members Commission Chairman Rick Knight and Supervisor of Elections Jeff Userry, along with county attorney Ken Evers and Wauchula City Manager Terry Atchley who was there because of the Wauchula Commission election.

McKibben explained that normally Florida Statutes 102-141 (7) would apply where someone has to win by one-half See BIRGE 2A

Budgets Up For Public Review

By JOAN SEAMAN
Of The Herald-Advocate

The very crucial completion of months of work ends in a series of public budget hearings coming up.

Between Sept. 2 and Sept. 23, all the local entities will hold hearings so folks can review the work and ask any questions. Each has two public hearings, which are held in their usual meeting place. The Hardee County School Board, whose fiscal year begins July 1, has already had its first public hearing.

The series begins with a Bowling Green budget workshop on Tuesday, Sept. 2 at 5:30 p.m.

The School Board's final public hearing is next Thursday, Sept. 4, at 5:05 p.m.

There are three tentative or first public hearings on Monday, Sept. 8. The county Indigent Board (listed as Health on tax billings) is at 5:30 p.m. in Commission Chambers. Wauchula's and Bowling Green first hearings are both at 6 p.m.

The first Hardee County Commission public budget hearing is Tuesday, Sept. 9, at 6 p.m.

Zolfo Springs will hold its first public hearing on Monday, Sept. 15, at 6 p.m.

The Indigent Board will have its final public hearing on Tuesday, Sept. 16 at 5:30 p.m. in commission chambers.

There is another trio, all final budget hearings, on Monday, Sept. 22. Wauchula's is at 5:05 p.m., and both Bowling Green and Zolfo Springs will hold theirs at 6 p.m.

The final budget hearing is for the County Commission, set for Tuesday, Sept. 23, at 6 p.m.

CHILLY CHALLENGE

PHOTO BY MARIA TRUJILLO

The ALS Ice Bucket Challenge has not only raised millions of dollars for amyotrophic lateral sclerosis research, it also has allowed for scenes such as this to be played out all across the nation. The concept: A person who has been challenged has two choices, either accept the dare and be doused with ice water then donate \$10 to the ALS Association or reject the ice and fork over \$100. Those who take the ice also get to challenge three others. Here, Sheriff Arnold Lanier accepts the challenge by County Commissioner Sue Birge. He then went on to nominate Maj. Randy Dey, who can be seen here holding the icy bucket. For more information on ALS and the Ice Bucket Challenge, see 6A.

Show Portrays Florida History

By MARIA TRUJILLO
Of The Herald-Advocate

Want to go back in time? It's possible to do so just by stepping into the Historic Wauchula City Hall Auditorium next Thursday, Sept. 4, for a special performance by figures from Florida's past.

History will come alive in what is a two-part event, beginning at the Wauchula Train Depot and ending in the auditorium a block away.

Main Street Wauchula Inc. is bringing the Florida Humanities Council program "Dreamers & Schemers: An Evening with Great Floridians" to Hardee

County, thanks to the support of Peace River Electric Cooperative, the First National Bank of Wauchula and Dr. Barbara Carlton.

Before the show, those who have purchased the two-activity tickets can attend a reception at the depot, where they will visit with friends and neighbors while enjoying drinks and heavy hors d'oeuvres provided by local restaurants.

While mingling, these ticket holders will have a chance to meet — via portrayal — special guests Eli and Priscilla English, two of Wauchula's earliest settlers and once the city's name-

sake. After the reception, guests will head over to the Historic Wauchula City Hall Auditorium, where they will see portrayals of three other famed Floridians in the performance of "Dreamers & Schemers."

One of those Floridians is Pedro Mendez de Aviles, who lived in the 16th century. He was a Spanish admiral and was the founder of St. Augustine.

Although famous for founding St. Augustine and eliminating French Huguenots at then-Fort Caroline, which is near today's city of Jacksonville, his true motivation to come to

the area was to find his shipwrecked son.

Jacob Summerlin, also known as "the King of the Crackers," learned to crack a cow whip by the age of 7. He lived during the 19th century.

Summerlin is rumored to be the first baby born in Florida after it ceded from Spain. By age 40, he had a herd of over 15,000 cattle. He became one of the richest men in the state.

Zora Neale Hurston lived from 1891 to 1960 and is considered by many to be Florida's most famous writer. She is best known for "Their Eyes Were See SHOW 3A

Albritton Ousts Freeman

By JOAN SEAMAN
Of The Herald-Advocate

It was one of the closest municipal elections in years.

Challenger Sherri Thornton Albritton, 52, claimed Seat 6 on the Wauchula City Commission, replacing John D. Freeman, 49, who has served one term and was mayor pro tem or vice mayor.

The race was dead even, 145-145, after the early voting and absentee ballots were counted. Freeman took Precincts 6 and 12, but Albritton's heavier voting in Precincts 4 and 10 made the difference.

Albritton won the close race 238-225. She needed only a three-vote margin to win and See ALBRITTON 3A

2 Vying For BG Office

By JOAN SEAMAN
Of The Herald-Advocate

There will be a Bowling Green election on Sept. 30.

The ballot decision will be between two candidates for Seat 3 on the Bowling Green City Commission, Charles Dixon and Herbert C. "Cliff" Lunn Jr.

There is no contest for Seat 1, as incumbent Steven Spinks was the only candidate for that seat when the qualifying period ended on Friday afternoon.

Dixon and Lunn are vying for the seat currently held by Stuart Durastanti, who chose not to run again after two terms on the commission.

Spinks was up for election as he had been appointed to fill a seat vacated during the year by Randy Mink, and the city's charter required his seat to be determined by voters at the next available election.

Spinks and the winner of the Sept. 30 election will join city commissioners Richard Barone, Sam Fite and Chairperson Shirley Tucker at the table for the monthly meetings, which are held on the second Tuesday of each month at 6:30 p.m.

The commission meets at City Hall, 104 E. Main St.

A balanced forum on the medical marijuana amendment will be held Thursday, Aug. 28, at 6 p.m. at the auditorium of the Lois Cowles Harrison School for the Visual and Performing Arts in Lakeland at 750 Hollingsworth Road.

The panel includes Polk Sheriff Grady Judd, Orlando attorney John Morgan, psychologist Jeffrey Reddout, stockbroker Irvin Rosenfeld, Dr. Sergio Seoane, and Jessica Spencer, director of the Vote No on Amendment 2. The forum is sponsored by the Ledger.

The Hardee High Wildcat football lost to Auburndale 49-27 last Friday in the Kickoff Classic and this Friday will play at Tampa Jesuit at 7:30. The Cats need to improve their defense but showed a strong running game with Keyonte Holley and Parker Carlton. The Bloodhounds had three fast backs who each gained over 100 yards rushing.

The Florida Humanities Council will present "Dreamers and Schemers: An Evening With Great Floridians" on Thursday, Sept. 4, at the historic Wauchula City Auditorium at 6:30 p.m. Cost is \$10.

For the show plus the reception at 5:30 p.m. at the historic train depot, the cost is \$25. For more information call 767-0330.

The U.S. Census Bureau reports the following populations for Hardee County since 1960:

- 1960 12,370
- 1970 14,889
- 1980 19,379
- 1990 19,499
- 2000 26,938
- 2010 27,731
- 2013 27,519

Florida's population in 1960 was 4.95 million and in 2013, 19.5 million.

The figures show a big population growth in Hardee between 1990 and 2000 but a population loss of 212 between 2010 and 2013. Between 2000 and 2010, the county's annual growth was 79.3 people, the Census data shows.

Overall, since 1960 Hardee's population has more than doubled and the state's population has increased five-fold. Florida is one of the fastest growing states in the nation.

Hardee's figures do not include part-time residents, and there are a lot of them as evidenced by our many RV parks and temporary agricultural laborers.

However, the slow growth between 2000 and 2010 and the negative growth from 2010 to 2013 deserves a hard look by various local experts and powers-that-be.

Too much growth is cumbersome, but negative growth is not good for the local economy.

In the last 20 years Florida's citrus acreage has declined from 800,000 acres to 500,000 acres. Florida has about 60 million citrus trees, wrote Keith Morelli of the Tampa Tribune on Aug. 25.

Florida Citrus Mutual executive director Mike Sparks said about 135,000 grove acres have been abandoned because of the citrus greening disease. About \$125 million in taxes is expected to be spent on citrus greening within the next five years.

Some of the abandoned citrus acreage is going to vegetables, cattle, peaches and development. The Florida orange crop has declined from about 240 million boxes to around 100 million boxes, while nationwide consumption of orange juice has declined in 12 of the past 13 years. OJ remains a delicious and wholesome beverage, but prices have gone up.

Violet Stoever of Winter Haven lived to be 106 years. She never married or had children and had a strong religious faith, wrote Andrea Calcano Cruz of the Lakeland Ledger. She was a friend to many people.

Fort Green native Amy Davis Brown, who lives with her family in Defuniak Springs, recently wrote of her memory of the hurricanes in 2004: "10 year anniversary of Charley. I had never seen such devastation nor the resilience of people. Amid the destruction and heat and loss of power for weeks on end, we still were able to get a newspaper out with important information and resources to our community. I was proud and honored to be a part of The Herald-Advocate team. Hardee County folks, you have a treasure in that newspaper."

Joyce Cook of Wauchula recently wrote this piece on unity: "Have you ever seen the clouds kiss flowing together under Heaven's mist ... what a bliss ... of the birds flying together into one call. Remember the old saying, birds of a feather flock together. Truly meaning in this season, working together for one purpose, one cause. That's a call to unity. All working together under God's Heaven for one true cause that truth and righteousness will reign in the United States of America again.

"Arise citizens! Get to the polls and let's see this nation stand tall as one nation under God, indivisible with liberty and justice for all."

Ps. 133:1 "Behold, how good and how pleasant it is for brethren to dwell together in unity!"  
Ecc. 3:17 "God shall judge the righteous and the wicked: For

of one percent. Since this is a non-partisan race, the rule that applies is that a candidate has to win with 50 percent of the vote plus one, meaning the 1,363 votes. Since it is unlikely that would occur on a recount of the 2,725 votes in this contest,

McKibben said there was a five-day span in which to hold the recount, and it was tentatively set for today.

(McKibben advised Wednesday morning that Platt waived her right to a machine recount).

Birge won her race with 906 votes against opponents Daniel Graham, with 199, and Judy Wilson, with 585. "I feel gratified and humbled. The people have spoken. Let's move on," said Birge on Wednesday morning. She will continue to the General Election against Democrat opponent Steven A. Plummer II.

Melendy won 1,080 to 608 over incumbent Johnson. Melendy goes on to the Nov. 4 election against Democrat opponent Allen L. Ellison.

Reached Wednesday morning, Melendy was upbeat. "I am humbled and thankful for the opportunity to serve. My family and I are grateful for the amazing help and support we have received.

"There's a lot of work to be done," said Melendy of his upcoming General Election challenge. "I look forward to continue to meet people in the county and discuss Hardee's bright future. I am eager to serve and gain the voters' trust."

Board District 1 race.

Over half of the voters opted for early or absentee voting. There were 1,210 who took advantage of early voting between Aug. 11 and 23 and 320 absentee ballots were turned in. That 1,530 was more than half of the 2,888 votes cast, a 26.4 percent turnout of the 10,959 registered voters in Hardee County.

As of Monday, there were 4,965 registered Democrats, 4,362 Republicans and 1,632 Independents. All could vote in the non-partisan School Board elections. The County Commission races were Republican only.

The gubernatorial vote locally was varied. Republican Gov. Rick Scott handily carried the Hardee ballot by the same amount statewide. He had 1,396

votes in Hardee County, compared to 162 for Elizabeth Cuevas-Neunder and 26 for Yinka Abosedu Adeshine.

The Democrat ballot for governor was quite different locally than statewide, where former Gov. Charlie Crist took 74 percent of the vote while former Sen. Nan Rich had only 26 percent. In Hardee County, the vote was 546 for Crist and 453 for Rich.

The Democratic vote for attorney general here mirrored that around the state, where George Sheldon took 61 percent of the vote to win the right to face Rep. Pam Bondi and Libertarian Bill Wolsifer in November. Democrat State Rep. Perry Thurston garnered only 39 per-

cent of the vote statewide. In Hardee County, Sheldon won 517 to 348.

The other out-of-county races on the local ballot were those for judges for the 10th Judicial Circuit, which includes Hardee, Highlands and Polk counties. In Group 2, it was obvious. Michelle Pincket was the automatic winner, in Hardee with 848 votes, when challenger Christine Thornhill withdrew.

In Group 16, Larry Helms won with an overall 56 percent of the vote over challenger E. Taylor Davidson. In Hardee County, Helms won more handily 1,544 to 776.

## No Serious Injury In Rollover

Hardee County Fire-Rescue Station 1 units responded to a single-vehicle crash on McDonald Road early Friday morning.

Crews arrived at the scene of the 8:17 a.m. wreck to find a sport utility vehicle rolled over onto its driver's side, with the driver's lower leg trapped under the vehicle.

Engine 1's crew set up air-lift bags to raise the vehicle off the patient, while Rescue 1's crew

was rendering aid to the patient inside the vehicle.

Lt. Bob Devereaux placed air-lift bags under the vehicle while FF/PM Chris Campbell was inside of the vehicle treating the patient. Then, FF/PM Bill Reschke and FF/EMT Jose Ibanez operated the lift bags to move the SUV and free the driver, as FF/EMT Ken Fritz talked with him during the process.

The patient was removed within five minutes with no serious injuries and was ground transported to Florida Hospital Wauchula.

No crash report was available from the Florida Highway Patrol.

U.S. Rep. Paul Ryan, 44, the GOP VP candidate in the 2012 election, was recently profiled in Parade Magazine.

The Wisconsin congressman is married with three children, 14, 13 and 11, and has been mentioned as a presidential candidate in 2016. He said the "status quo isn't working. We need to reform our poverty programs. We're going to have a debt crisis in this country if we keep spending money we don't have. That's just being honest with people, and a lot of folks don't want to hear that."

On weekends he often makes pancakes for breakfast for his wife and kids. They go to Sunday morning Mass and if the children are good they go to Dunkin' Donuts afterwards. The family likes to hunt, and two of the children killed a deer this past season. Ryan said he and Mitt Romney knew in great detail what the first 200 days of their administration would look like if they won the election.

In the AP pre-season college football poll, defending national champions FSU in ranked No. 1, UCF No. 26, UF No. 27, and Miami No. 39. South Carolina is ranked No. 9 and is head coached by former Gator star and ball coach Steve Spurrier.

# ZS Switches To 4-Day Work Week

By MARIA TRUJILLO

Of The Herald-Advocate

Employees of the town of Zolfo Springs will soon have a longer weekend.

Starting Sept. 1, Town Hall will be closed on Fridays but there will be longer workdays Monday through Thursday.

Mayor Juan Otero recently attended a convention where there was talk about some towns "going green." Thinking this might be a good idea for Zolfo Springs, Otero brought up the issue during last week's Town Commission meeting.

The term "going green" refers to the fact that if town hall is only open four days, then that saves the town money on electricity. Town Manager Linda Roberson also said she has had positive feedback from employees and customers, who say they are glad offices will now be open a little longer as it gives

them more time to stop by and pay bills after work.

Instead of the typical work week, which is now five days a week eight hours a day, the town's employees will now work four days a week 10 hours a day.

However, employees in the Utilities Department have chosen to continue to work their normal five days a week.

Although town offices will be closed on Fridays, if a citizen has any type of emergency Roberson says he should call the Hardee County Sheriff's Office

at 773-0304, which will then dispatch the call to the appropriate department.

Any payments outside of business hours can be dropped in the blue box located in the Town Hall parking lot.

During the meeting, all of the commissioners thought this would be a great idea and decided to approve the new work

hours for a trial period.

Once that trial period is up, the commission will look over the matter and decide whether to keep the new hours or revert back to the typical five-day work week.

Starting next week, the new work hours will be Monday through Thursday from 7:30 a.m. to 5:30 p.m.

# Paw's Corner

By Sam Mazzotta

**DEAR PAW'S CORNER:** I wanted to pass along a suggestion to your readers. Last summer, we moved to a new city. The day after we moved in, our cat "Lace" became critically ill in the middle of the night. With no Internet connection set up, my wife used her slow, older smartphone to look up a 24-hour emergency clinic. We found one that was a 30-minute drive away. Lace got there in time and has recovered pretty well, but it haunts me that it took us nearly 20 minutes to look up the location of that clinic.

Please tell your readers that they should write down the number and address of their pet's regular veterinarian and the nearest emergency vet clinic on their list of important numbers, and keep it next to their home phone or saved on their cellphone. If they are moving to a new area, they should look up the clinics nearest their new home and have

that information ready just in case something happens while they're settling in.

— Curtis, via email  
**DEAR CURTIS:** You told them, and I thank you! This is an era when many people no longer have a phonebook waiting for them on the day they move in (something that was almost standard 20 or so years ago). Instead, we rely on Internet and cellphone connections to get critical information.

The plus side of having an Internet connection is being able to look up important locations — such as the vet, the emergency clinic, the doctor and dentist ... and the nearest pizza place — before leaving your old city.

Having a contact list, both on paper and stored on your computer or cellphone, also is important in an emergency such as a house fire or a natural disaster. Send your questions or comments to ask@pawscorner.com.

Bill Lambert had to get prepared and turn himself into "Super Grandpa" to be able to take on the ALS Ice Bucket Challenge.

PHOTOS BY MARIA TRUJILLO

Wauchula Police Chief John Eason accepted the challenge from Trayce Daniels, and then went on to nominate Chief John Scheel of the Bowling Green Police Department, Assistant City Manager Olivia Minshew and Fire-Rescue Deputy Chief Dale Deleacaes.

The expression on Bobby Hanchey's face gives a little glimpse into how cold that ice water really is.

These two ladies had second thoughts about accepting the Ice Bucket Challenge after experiencing firsthand just how cold the water was.

Russell Melendy and his wife, Kristen, had to hold onto each other to be able to withstand the freezing blast.

# Grave Marker Mystery Is Finally Put To Rest

By MARIA TRUJILLO  
Of The Herald-Advocate

What once was lost has now been found.

For the past few weeks, Larry Pelton, county director of Veterans Services, has been searching for a home for an abandoned grave marker meant to commemorate Capt. Murray Novelle Bullard, who passed away in 1985.

The marker was found in a supply room by Jim Haye, who is the assistant director of the city of Wauchula's Public Works Department. Upon seeing what the stored item was, the marker was sent to Pelton, who then had it cleaned by Randy Brown.

After the thorough cleaning, Pelton was able to see that Bullard had been a captain in the U.S. Army during World War II and had died on Dec. 22, 1985, at the age of 63.

With the little information he had, Pelton went on a scavenger hunt, looking for someone or somewhere to return the marker. He researched Bullard online, hoping to link him to a living relative but was stopped at almost every corner.

Pelton found a 1940 Wauchula census, and discovered that at that time Bullard lived with his mother, Dossie, and brother, John. However both are now deceased.

Knowing that Bullard had lived in Mount Pisgah and in Wauchula, Pelton searched the Wauchula Cemetery and a few of the cemeteries in Polk County, but came up empty.

An obituary for Dossie Bul-

lard was then found in the Aug. 4, 1983, edition of The Herald-Advocate. In the survivors section it lists six siblings and a grandchild. Two of her sisters, Doy Thorpe and Dimea Burnett, resided in Wauchula at that time.

In searching for relatives of the sisters, Pelton was able to find a granddaughter who confirmed that Bullard had been buried in the Wauchula Cemetery.

Upon further research, Pelton found that Bullard's sister-in-law, Onie Mae Bullard, arranged his funeral and found where he is buried.

It is still unknown why the marker ended up in a supply room, but it will soon be returned to its rightful place. Roberts Funeral Home marked his gravesite and Ponger-Kays-Grady Funeral Home will actually put the marker back over his grave.

Capt. Murray Bullard was born on Dec. 4, 1922, in Wauchula. He enlisted in the U.S. Marine Corps in Jacksonville on June 15, 1944, and was assigned to active duty the very next day.

While in the Marines, he participated in action "against the enemy in Okinawa" in April of 1945. He also participated in the occupation of Japan from September to June of 1946.

He was honorably discharged that same year in August as a corporal. In June 1950, he enlisted in the U.S. Army.

By the time he was honorably discharged in December 1957, he had risen from second lieu-

tenant to captain. Throughout his service he earned the WWII victory medal, Asiatic-Pacific medal, American Campaign medal, National Defense Service medal and the Army Occupation medal.

Ponger-Kays-Grady Funeral Home has donated the base on which to put the marker and is waiting for the base to arrive from Georgia, which will take three to four weeks. Wauchula location manager Floyd Rice Jr. said he wants the job to be done right, and is happy to donate the base since Bullard was a veteran.

Bullard was never married and died on Dec. 22, 1985, in Bartow.

PHOTO BY MARIA TRUJILLO

Capt. Murray Bullard's misplaced grave marker will soon find its way to its rightful spot when it is placed on his gravesite in the Wauchula Cemetery. Finding his burial site required hours of research by Veteran's Services Director Larry Pelton. Pelton said he just couldn't let it go, and noted that he had fun solving the mystery of the marker's true home.

# ALS Challenge Freezes

By MARIA TRUJILLO  
Of The Herald-Advocate

Ice ice baby!

When typing "ice bucket challenge" into Youtube an array of videos will pop up that show people dumping ice water over their heads. It seems like such a random and odd thing to do, but in reality this simple act has helped one organization raise millions of dollars.

As of Tuesday, the ALS Association has raised \$88.5 million dollars in the span of about one month. Last year, the association raised \$2.6 million during the same time period.

Just one week ago, donations totaled about \$22.6 million. That means an average of about \$9 million is being donated daily and the number just keeps going up.

In a press release, Barbara Newhouse, president and CEO of the ALS Association, said, "We are simply awe-struck at the incredible generosity that has poured forth to help fight this disease. Words cannot express how grateful we are to the nearly two million people who have donated and even more than that who have likely taken the challenge. You have all made an incredible effort in the fight against this disease."

Amyotrophic lateral sclerosis (ALS) also commonly known as "Lou Gehrig's Disease," is an incurable neurodegenerative disease that affects a person's nerve cells in the brain and spinal cord. As ALS progresses an affected person may become paralyzed, caused by motor neurons dying making it difficult and, in time, sometimes impossible to control muscle movement.

According to the ALS Association website, ALS is most commonly found in people aged 40 to 70. Data also shows that 60 percent of the people with the disease are men and 93 percent in the database are Caucasian, although ALS occurs throughout

the world with no racial or ethnic boundaries.

It can be difficult to diagnose people with ALS as not everyone has the same symptoms or the same sequences or patterns of progression of the disease. However, progressive muscle weakness and paralysis are universally experienced.

But how are they raising money?

Although it isn't clear exactly who started the ALS ice bucket challenge, it is thought former Boston College baseball captain Pete Frates and his friends and family made the challenge go viral on the internet.

Frates was diagnosed with ALS in 2012; he is currently 29 years old.

The premise is simple, a person is nominated and has 24 hours to either accept the challenge or donate money to a charity of one's choice (or do both), however ALS has been the biggest benefactor from this nationwide trend.

If a person accepts the challenge, they then have to have a bucket of ice water dumped over their heads and can then go on to nominate three other people to take the challenge as well. The challenge must be recorded and posted online.

This challenge has been accepted by politicians, Hollywood actors, singers and even local members of the community. People of all ages have done the challenge, from toddlers to Hardee County's own sheriff!

Although the challenge is a great way to joke with friends and have a few laughs, it has served a greater purpose, bringing awareness about this deadly disease and trying to find a cure.

If you would like to learn more about ALS or make a donation to the association, go to alsaf.org and a donation will be made to the Florida chapter of the association.

SEVIGNY ASSOCIATES EYE CARE

Welcomes Board Certified Vitreo-Retinal Surgeon

Walter E. Moscoso, MD

Sevigny Eye Care is pleased to announce that Walter E. Moscoso, MD, is now working with our Wauchula office.

Walter E. Moscoso, MD is board certified by the American Board of Ophthalmology, is a member of the American Academy of Ophthalmology and the American Society of Retina Specialists. He is a fellowship-trained, board certified retina specialist with specific expertise in the treatments of vitreo-retinal diseases. He examines and treats patients with flashes and floaters, distortion of vision, diabetic retinopathy, macular degeneration and retinal detachments. Because he is very familiar with the leading ophthalmologists in our area, he can also refer patients to the appropriate non-retina specialist eye physician. Since Dr. Moscoso does not perform cataract surgery, he offers unbiased second opinions and assessments before cataract surgery.

Dr. Moscoso graduated with honors from Seton Hall University and earned his medical degree from Rutgers University in New Jersey. This was followed by his residency at the Ramon Castroviejo Eye Clinic at St. Vincent's Hospital in New York City. He completed his vitreo-retinal fellowship at the Edward S. Harkness Eye Institute at Columbia-Presbyterian Medical Center also in New York City.

Dr. Moscoso embraces the philosophy of treating patients as if they were members of his family and establishes a good relationship with all of them so that there is mutual trust. To him, medicine is as much an art, as it is a science. He has been proudly serving the residents of Manatee, Sarasota and Hillsborough Counties since 1993.

Volunteer guardians help represent children who are involved in court proceedings. Guardians must be at least 21 years old and undergo background checks and a certification process. For more information about the program, call Dawn Shinsky 863-534-4597 or email Dawn.Shinsky@gal.fl.gov.

# Gas Cheaper For Labor Day Weekend

Motorists preparing for a Labor Day road trip will likely see the cheapest gas prices for the holiday since 2010.

Oil and gasoline prices slipped again in the past week, and that decline is likely to continue into the holiday weekend.

"Record high oil production is keeping downward pressure on gas prices," said Mark Jenkins, spokesman, AAA — The Auto Club Group. "The bottom fell out again on oil prices last week, which should lead to another week of discounts at the pump despite rising demand, as 29.7 million Americans plan to take a road trip for Labor Day weekend."

The price for a barrel of WTI

oil settled at \$93.65 on Friday, \$3.70 cheaper than the week before and the cheapest settlement since January.

Refineries are producing the most petroleum for this time of year since 1989, primarily due to the shale boom, which has boosted oil production in the United States by 64 percent in the past five years.

The current national average price for a gallon of regular unleaded gasoline is \$3.44, 15 cents cheaper than the average price on Labor Day 2013. The average prices in Florida, Georgia and Tennessee are cheaper than last year's Labor Day by 22 cents, 21 cents and 18 cents, respectively.

## INFORMATION Roundup

### Swim Bash To Raise Funds

A Labor Day swim bash will be fun for everyone while raising funds for outdoor furniture for the Hardee County Recreation Complex pool. Cost is \$3 per person for the 11 a.m. to 3 p.m. event. Food and drinks will also be sold.

The plan is to raise money to buy furniture so visiting families can enjoy the pool. For more information, call Kathy Roe at 773-3147 or Missy Zeigler at 445-0407.

### Help Center To Close Next Week

The Hardee Help Center at 713 E. Bay St., Wauchula, will be closed all next week for renovations. It will reopen on Monday, Sept. 8.

For information in the interim, contact the center at [www.hardeehelpcenter.org](http://www.hardeehelpcenter.org) or by facebook or twitter at the same location.

### USDA Food For Folks Today

The monthly U.S. Department of Agriculture food giveaway will be today (Thursday) from 6 to 7 p.m. for those who have previously established eligibility for the program.

The distribution center is at New Jerusalem Church of

God, 1514 Lincoln St., Wauchula. For more information, call Juanita Wright at 863-781-0982.

## Hounds Handle Hardee, Jesuit Tigers Await

By MICHAEL KELLY  
Of The Herald-Advocate

The Hardee Wildcats lost their Kickoff Classic to the Auburndale Bloodhounds 49-27 last Friday night after the start time was delayed an hour and a half due to bad weather in the area.

The Cats get the regular season underway with a trip to Tampa Jesuit this Friday night for a 7:30 start time.

Jesuit, which Hardee beat 28-10 last season in Wauchula, blew a 21-20 fourth quarter lead and lost its Kickoff Classic

game 40-21 to Palm Harbor University High.

At Auburndale, Hardee received to start the game and quickly picked up two first downs behind strong runs from senior tailback Keyonte Holley before he fumbled and the Hounds recovered at the Auburndale 46.

Auburndale went on a seven-play drive capped off by a 4-yard run up the middle by Artavis Pierce for the touchdown. The PAT kick was blocked; the Bloodhounds led 6-0 with 6:48 left in the first quar-

ter. The Wildcats responded and went on a 12-play, 77-yard scoring drive with two first-down runs by Holley and another by sophomore Parker Carl-ton.

Holley found the end zone from 4 yards out when he broke a run around the left end. Rodrigo Rodriguez made the PAT kick. Hardee led 7-6 with 11:54 left in the second quarter.

A 63-yard kickoff return set Auburndale up with excellent field position. Six plays later, Jessie Britt scored on a 3-yard run off the right end. Britt then converted the two-point try with another run off the right end from 3-yards out.

That pushed the Bloodhound lead to 14-7 with 9:58 left in the half.

The Cats were forced to punt after one first down. Auburndale returned it 72 yards for a touchdown but an illegal block negated the score and brought the ball back to the Hounds 20.

Pierce and Britt, who had 101 and 155 yards rushing respectively, combined for three first downs on the drive before Britt broke loose for a 43-yard touchdown.

Auburndale went for the two-point conversion. The pass was incomplete. The lead was 20-7 with 6:22 left in the second quarter.

The Wildcats went three-and-out on the ensuing possession and a short punt gave the Hounds the ball at the Hardee 42.

On the next play, Auburndale quarterback Tyler Wilkerson found receiver Tarren Marseille open for a short gain before he broke a tackle and scored on the play. The PAT kick was good and Hardee trailed 27-7 with 4:54 left in the half.

Hardee took over and responded with a scoring drive before the half ended.

Sophomore quarterback Hayden Lindsey found senior wide receiver Jordan Jones open on a deep pass route for a 37-yard gain to the Hounds 15. Four plays later, on fourth-and-1, Carlton found the end zone with a plunge up the middle. Rodriguez made the PAT kick. Hardee had cut the lead to 27-14 heading into halftime.

Auburndale received to start the third quarter and quickly scored on a 48-yard run by Wilbur Cooper, who was the third Bloodhound running back to rush for more than 100 yards.

Britt scored on a run off the right end for the two point conversion and Auburndale pushed its lead to 35-14 with 9:42 left in the third quarter.

Hardee started its next drive with good field position after a 32-yard return by Jones.

Nice runs from Jones and Holley moved the ball downfield before Jones went around the left end from 12 yards out for the touchdown. Rodriguez made the PAT and the Cats cut the lead to 35-21 with 7:54 remaining in the third.

After the two teams traded punts, Auburndale took over at its 44-yard line. Britt broke loose on the first play of the drive for a 56-yard touchdown run. The PAT was good and Hardee trailed 42-21 with 2:44 left in the third quarter.

Hardee picked up a quick first down with a 16-yard pass from Lindsey to Jaquavious Kimbrough. The offense kept the chains moving and, after a dozen plays, Lindsey found Kimbrough open for a 12-yard touchdown pass. The PAT was no good and Hardee trailed 42-27 with 8:38 left in the game.

Auburndale then went on a long drive and scored its final touchdown of the night with 2:38 left in the game to make the final score 49-27.

The games are not being broadcast on local radio this year but they are being streamed live over the internet and can be heard at wildcatbroadcasting.ezstream.com.

## Katie Jernigan & Christian Cochran Exchange Vows

Bill and Beth Jernigan of Wauchula and Craig and Angie Cochran of Bon Aqua, Tenn., announce the marriage of their children, Katherine Jean "Katie" Jernigan and Christian Cochran.

There will be a reception for Katie and Christian in the social hall at New Hope Baptist Church in Wauchula on Thursday, Sept. 4, from 6 to 8 p.m. Family and friends are welcome.

The couple were married on Aug. 9 at the home of the groom's parents, with the Rev. Justin Worden officiating. The bride was given in marriage by her parents as the couple exchanged vows under a beautifully decorated vintage-style pavilion in the family's backyard, followed by a reception there.

Serving as her maid of honor was Hannah Jernigan, the bride's sister. Bridesmaids were friends Jessica Sconyers, Clara Durrance and Alyssa Steger, all of Wauchula, Cindy Hamilton of Inverness and Shelby Benington of High Springs. The flower girl was Emma Lee Warren.

Serving as best man was Daniel Jonston of Columbia, Tenn. Groomsmen included Ian Cochran of Bon Aqua, Tenn., Billy Combs of High Springs, Isaac Vasquez and Jared Jernigan, both of Wauchula, Jeffery Dickenson of Springhill, Tenn., and Zack Hatton of Lake Toxaway, N.C. The junior groomsman was Jason Kirkland and the ring bearer was Abel Elenzer.

Katie graduated in 2009 from Hardee Senior High School with honors and graduated from The Baptist College of Florida in 2014 with a degree in ministry studies. She is employed at the Cracker Barrel and Zack's Family Restaurant, both in Dothan, Ala.

Christian graduated in 2007 from Hickman County High School and earned an associate's degree from Columbia State College in Tennessee. He is currently a student at The Baptist College of Florida with a concentration in Christian counseling.

The couple will reside in Graceville.

## Emily Adams & Josh Oldham To Marry

Richard and Moira Adams of Zolfo Springs announce the engagement of their daughter, Emily Elizabeth Adams, also of Zolfo Springs, to Joshua Scott Oldham of Zolfo Springs, the son of Tim and Linda Oldham, also of Zolfo Springs.

The bride-elect is a 2009 graduate of Hardee Senior High School and 2013 cum laude graduate of the University of South Florida with a bachelor's

degree in psychology. She is employed as a legal assistant to local attorney J. Steven Southwell.

The prospective groom is a 2004 graduate of Hardee Senior High School and obtained an associate's degree from South Florida State College in 2010. He is employed at Pike Electric.

An Oct. 18 wedding at Charles Ringling Mansion in Sarasota is planned.

## Conleys To Celebrate 50th Wedding Anniversary

Warren and Arlene Conley of Arcadia will be celebrating their 50th wedding anniversary next week.

Arlene Williams of Avon Park, and formerly of the Fish Branch community in Hardee County, became the bride of Warren Conley of Bartow on Sept. 5, 1964, at the Avon Park Church of Christ in a double-ring ceremony officiated by the bridegroom's father, Byron B. Conley.

Arlene graduated from Hardee High School in 1958. After attending Florida Christian College in Tampa, she worked for the state for several years and then in insurance, banking, and retired from the Hardee County Property Appraiser's Office in

Wauchula.

Warren is a 1958 graduate of Summerlin Institute in Bartow and Troy State College in Alabama in 1962. After serving in the U.S. Air Force, he worked in accounting for many years and retired from Grimsley Oil Co. in 2000.

The Conleys have resided in DeSoto County for the last 25 years. They are members of the Fort Ogden Church of Christ and are active in the DeSoto County Historical Society.

Friends and relatives are invited to join in the celebration of their 50th wedding anniversary at a reception on Saturday, Sept. 6, from 2 to 4 p.m. at the Family Service Center Annex, 310 W. Whidden St. in Arcadia.

## Fort Green News

By Rilla Cooper

773-6710

Greetings from Fort Green!

We are all guilty of when it is winter wishing it were warm and now when you wake up to 80-degree temperature we all say oh I'll be glad when it gets cooler. We are just not content. Daniel Duke said at church he wished they were still on vacation where it was 66 in the morning. They were Tennessee visitors a couple weeks ago.

Clay Samuels won his first race a few weeks ago. He has placed second and third plenty of times but this was his first at being number one! Now that he has broken the ice, there will be more first-place races for Clay. I can still remember when our daughter was barrel racing and we were in Arcadia and when she did her run the announcer said that Honeydew came to run tonight! Honeydew was the name of her horse and after that first place on that night there were more and it will be with Clay.

We are having a Ladies' Tea at Fort Green Baptist on Saturday, Sept. 6 beginning at 11 a.m. All ladies who plan to attend must RSVP by signing the form in the church foyer. Some people who might miss church maybe will read this and know what is going on.

Our next-door neighbor is Faye Chancey. She has bill-burgess planted around her camphor tree and they are in full bloom and very pretty. I have the same thing around my oak tree and only one is blooming and not very full. Every year Faye's bloom first and are the prettiest.

Earl Bergeron had cataract surgery. One eye did real good but the last eye he cannot see to read, but the doctor told him it would get better but when you have surgery you want it perfect right then.

Mary Lois Crawley told me the doctor told her to continue taking it easy for three or four more weeks. We all think it would be great to have nothing to do, but she says it is getting

miserable! I am sure Sherman can agree with her, as he gets "stir-crazy" just sitting in the house!

Sherman and I were in Lakeland last Saturday when his cell phone rang. It was Michelle Crawley-Youmans and she told Sherman she thought she had our dog, Rascal at her home. She went on to describe him as having on a green collar but no name on it. Our grandson, TK, had been working in the grove and came to the house and did not see Rascal exit as he came in. We do not let Rascal out without a leash. There is no telling where all he went as she said he was tired and thirsty when they noticed him resting under one of their trees. He was perfectly agreeable to going in the house with them and after drinking some water jump on the bed with Blake and watch TV. When Blake went to another room he was right there to sit in that chair. Was perfectly content to be with them but did seem happy to see me when we brought him home. TK did not even know he was missing until we told him.

Tara, our Pastor's wife, has returned from a wonderful visit with her daughter and family. They have a new baby girl and she is adorable. In the photo on Tara's phone she had on a cute crocheted hat that Tara had made for her. Tara spent about 10 days but that is not enough with your first granddaughter. She also enjoyed visiting with her grandson, Jonah.

Our sincere sympathy is extended to the family of C.W. Altman. He was the mail carrier for many in the Fort Green area and his wife taught my daughter Avie, at Bowling Green School. I heard that Betty was in re-hab in Winter Haven or Lakeland for a hip problem. Sherman said C.W. went to the Glades deer hunting with his group plenty of times. The group included Mr. Ollie Roberts, Sherman's Daddy, Clarence Cooper, Uncle Tom Cooper, Uncle Junior Abbott, and others. They always had a good time and it is pleasant memories like this you recall when someone has made their final journey.

Pray for one another and our nation.

## On The Agenda

### HARDEE COUNTY COMMISSION

The Hardee County Commission held its monthly evening meeting on Aug. 21 with all five commissioners present. The meeting was one of the shortest ever in less than 30 minutes. The following items were approved:

- approved three zoning matters with few comments. All were Hardee County Comprehensive Plan amendments to update in coordination with changes in state rules and to coordinate with the Unified Land Development Code.

- One involved the turning radius needed when a semi-tractor trailer enters a business. Another updates the Ten-Year Water Supply Plan to add the new year. The third updates the affordable housing element of the Comp Plan.

- approved a request for the county landfill to piggy back off a Highlands County contract with Consolidate Resource Recovery for processing yard waste. The cost has decreased from \$9.21 to \$7.09 per ton. It will be renewed annually unless there is another cost change requiring an amended contract.

- approved three changes in public works contracts. One was for the state for increased funding for the repaving of West Main Street to include monies for two fiscal years and raising the amount from \$757,411 to \$1,232,039.

Another was the state-required agreement to maintain traffic signals and sets the cost the state will pay the county for this.

The third was a change in the state funds for construction and engineering on resurfacing Parnell Road from North Hammock Road to SR 66.

Approved four items on the consent agenda without discussion.

One was proclamation of September as Childhood Cancer Awareness Month. Another was accepting the State Aid to Libraries grant agreement. The third was the periodic transfer and disposal of outdated county equipment. The final one was a deed transferring the Sheriff's Substation lot in the Commerce Park to the Hardee County Industrial Development Authority, which manages the park. The next regular Hardee County Commission meeting will be at 8:30 a.m. on Sept. 4 in Room 102, Courthouse Annex I, 412 W. Orange St., Wauchula.

## Ecumenical Intensity

A certain level of ecumenical intensity is fast approaching. When the counterfeit movement for spiritual unity reaches a determined strength, Satan's control will be as such that the religious observance of Sunday is enforced by national legislation. Anyone that remains connected to that false system of worship will receive the mark of Roman Catholicism, thus, qualifying them to receive of the plagues that soon follow. (see Revelation chapters 13, 14 and 18:4)

These statements are not given as an attack against anyone or group of persons, but is a warning against the deceptive system that Satan crafted to draw worship to himself rather than to the Creator of heaven and earth, the sea and springs of water (Revelation 14:7).

**OPPOSES MARIJUANA AMENDMENT**

PHOTO BY JIM KELLY

Sam Killebrew, Polk County co-chairman of Vote No On 2, spoke to the Wauchula Kiwanis Club on Tuesday, Aug. 12, and said voters on Nov. 4 should vote against the medical marijuana amendment which he said is too loosely worded. "Amendment 2 is not designed to help the sick. Amendment 2 is designed to legalize pot-smoking in Florida. Don't let them fool you." He said the wording allows so-called "caregivers" to dispense medical pot, and they can be convicted felons and do not need any medical training. The amendment places no restrictions on the location of seedy pot shops and does not require a doctor's prescription in order to obtain pot because a prescription would violate federal law. Teens and children would be able to legally purchase pot without parents' consent, and there is no age restriction. The amendment allows "other conditions" in addition to relief from a debilitating medical condition for a physician "certification." Killebrew said the measure should be voted down in 2014 and have the legislature approve better wording. From left are Sam Killebrew, club president Lizette Ortega, and Wauchula Police Chief John Eason. Killebrew said the amendment is being pushed by Orlando attorney John Morgan and would lead to a lot of lawsuits.

**TACO SALAD**  
This easy dinner is ready in just 15 minutes.

- 1 pound lean (90 percent) ground beef
- 1 tablespoon chili powder
- 1 jar (16 ounces) mild salsa
- 1 small head iceberg or romaine lettuce, sliced
- 1 can (15 to 19 ounces) black beans, rinsed and drained
- 1/2 cup Cheddar cheese, shredded (2 ounces)
- 1/4 cup sour cream (optional)
- 1/2 (13.5 ounce) bag tortilla chips
- Fresh cilantro leaves for garnish

1. Heat nonstick 12-inch skillet over medium-high heat until hot. Add ground beef and cook 5 minutes or until meat is no longer pink, breaking up meat with side of spoon. Skim off fat. Stir in chili powder, 2/3 cup salsa and 1/4 cup water; heat to boiling.

2. Divide lettuce among 4 dinner plates. Top with beef mixture, beans, Cheddar, remaining salsa and sour cream if using. Arrange tortilla chips on plate around salad. Garnish with fresh cilantro leaves. Use chips to scoop up beef mixture or to

crumble over top of salad. Makes 4 main-dish servings.

- Each serving: About 700 calories, 36g protein, 74g carbohydrate, 32g total fat (11g saturated), 14g fiber, 84mg cholesterol, 1,565mg sodium.

## Collecting

**Q:** I have four saucers, four teacups and a sugar and creamer in Royal Ruby glass. It has such a beautiful color, I am curious about how it was made.

from the fibers of the tobacco plant. Would you have any idea of its value?

—Donald, Sun City West, Ariz.

**A:** The short answer is no. This is a unique item, and if you truly want to determine its value, it is necessary to

hire the services of a professional appraiser. Since you live near Phoenix, you also might contact The Phoenix Art Museum, which has an outstanding textile collection, and one of its experts.

**Q:** I have a John Deere toy tractor. It is the Overtime model, 1:16 scale and green in color. I think I got it for a birthday present in about 1995. Any value?

—Ken, Madison, Wisc.

**A:** I found your tractor referenced in "The Standard Catalogue of Farm Toys: identification and Price Guide," edited by Karen O'Brien and published by Krause Books. According to O'Brien, your toy was manufactured in 1994 and is valued in the \$13 to \$27 range, depending on its condition.

The Royal Ruby glass produced by Anchor Hocking is plentiful and fairly inexpensive. Most collectors are especially interested in the pre-World War II pieces. Prices vary, but I would think your teacups and saucers are worth about \$35 for the set, the sugar and creamer about half that amount.

**Q:** My daughter's husband came from a family that included early tobacco plantation owners in the Carolinas. As a result, he inherited a beautiful bedspread made

## SENIOR NEWS LINE

by Matilda Charles

### COMPUTER USE KEEPS BRAIN IN HIGH GEAR

We can improve our memory and store brain power for the future by surfing the Internet and checking email. So says a study with the unwieldy title of "English Longitudinal Study of Aging (ELSA): Can Internet/Email Use Reduce Cognitive Decline?"

Per the study, besides "storing" cognitive ability (brain-based skills) for the future, digital literacy also "leads to the employment of more efficient cognitive networks to delay cognitive decline" — in other words, we find new ways of getting the results we want.

It makes sense. Digital literacy involves more than just pressing buttons on the keyboard. Hunting for what we want on the Internet involves thinking, planning and carrying out what we want to do, evaluating what we find and maybe sharing it in email with others. And it's not just computers; smart phones, tablets and laptops play a part in digital literacy — as long as we understand how to use them.

The study used a large group — 6,400 adults in Britain — ages 50 to 89, with

annual retests for eight years. As tests of memory, they were given 10-word lists for later recall.

The conclusion was that good health, financial status and education — and digital literacy — resulted in better memory. Those who didn't use the Internet showed declines. Current users increased their recall capability. The good news is that over half of seniors between 65 and 74 have Internet access, in both the U.K. and the U.S.

Key is that little caveat about financial status. Not everyone can afford a computer and Internet access. However, there are ways to get around this. Senior centers often give classes on Internet browsing, use of cell-phones, useful computer programs like email and book-keeping, and the like. And if they don't have computers that seniors can use, the library usually does.

## This Is A Hammer

By Samantha Mazzotta

**Q:** The windows in my new apartment have curtain brackets installed on either side of all the windows, but they are either warped or broken. I'm not very confident that I can put up new brackets. Any tips?

—Sarah, via email

**A:** Sure. Tip one: don't be nervous about placing new brackets. Tip two: measure twice, cut (or drill) once.

Putting up outside-mounted curtains can seem difficult, but it's a great home-improvement project for beginners that can boost confidence while making your apartment considerably more awesome.

You'll need a few simple tools: a tape measure (one of the big locking ones is ideal) and a level (very inexpensive, but indispensable for getting the brackets set up in line). Buy a corded power drill, or borrow one from a friend, along with a set of drill bits. And keep one flat-head and one Phillips-head screwdriver on hand, too. You'll also need a small ladder or stepladder to work safely.

Measure the height that the curtains must reach. If you want floor-length curtains, measure from the floor to the top of the window molding (the wooden "frame" around the window opening). Add about 4-6 inches to that measurement to get the correct height of curtains you need. (Most ready-made curtains come in standard sizes, with 84 inches the norm for floor-length.) Measure the width of the window from one side of the molding to the other.

Next, buy new brackets and curtain rods (and curtains, if you don't have them already). The rods should be long enough to extend 3-6 inches past the window on each side. The brackets need to be tough enough to hold up heavy curtains (that's part of the reason why your old brackets are partially torn out of the wall).

You also may want to buy plastic wall anchors; bracket screws go through these to better hold the brackets in place.

Really long curtain rods often come with an additional bracket placed at the center of the rod to keep it from warping downward. Take the hint and install this center bracket if it's included.

To set up the new brackets, measure and mark a point 6 inches above the window molding and another one 3-6 inches past the molding, on both sides of the window. Use the level to ensure that the points are in line with each other. Make sure the new brackets aren't placed in the same spot as the old ones.

Place the new bracket so the top part touches the outer mark you just made. Use a pencil and mark the drill holes for the bracket. Do the same on the other side. Re-measure and level the two points. Then, pre-drill guide holes for the bracket, using a drill bit one size smaller than the bracket's screws.

Hold the bracket in place over the pre-drilled holes, and place the screws, using the screwdriver to hand-tighten. If using a screw anchor, screw that into the wall first, then hold the bracket in place and thread the screw into the plastic anchor. (The anchor will pop open on the backside of the wallboard.)

Double-check the placement of the second bracket one last time, then screw it into the wall. If a center bracket is needed, add that as well.

Now, all that's left is to put the curtains onto the rod, and lift the rod into place on the brackets. An easy task!

**HOME TIP:** Floor-length curtains should just touch the floor or crease slightly; shorter curtains should reach at least 6 inches below the window frame. Send your questions or home tips to ask@thisisahammer.com.

# Stump The Swami

By John Szeligo

Well, Football Fans, it is game week. Labor Day weekend marks the end of summer and beginning of fall and, of course, football! Note Fans cannot hold back their enthusiasm over the possibility of a repeat National Championship. It was destiny for Jimbo to win a title or more possibly, it's in his DNA.

What's that you say? Since the discovery of DNA in 1988, forensic science has solved crime at an amazing rate. It has also linked people to their families and ancestral homelands like one can do on Ancestry.com. A run of DNA Test on legendary college football coaches would show a link to the state of West Virginia. The Mountain State could also be referred to as the "Cradle of Coaches." 2013 entered Jimbo Fisher from Clarksburg, W. Va., to the family of title winning coaches. He grew up just a few miles south of Monongah, W.Va., the hometown of Nick Saban. Saban has won four National Titles in all, three at Alabama and one at LSU. He could be the nation's top coach presently.

The procession of great coaches from West Virginia began with Fielding Yost from Fairview, W.Va. He made Michigan a football power winning six National Championships before becoming the athletic director. He is credited with building the "Big House" as Michigan Stadium is known, in that role. His pronunciation of "Mee She Gun" is still used by commentators jokingly as well.

Ben Schwartzwalder was born in Pt. Pleasant, W.Va. He played at WVU from 1930 to 1933 as a 146-pound center before coaching Syracuse from 1949 to 1973. He had Jim Brown, Ernie Davis, Floyd Little, Jim Nance and Larry Czonka all play running back for him. His 1959 Orangemen won the National Championship.

Lou Holtz, born in Follansbee, W.Va., led Notre Dame to a 1988 National Championship beating, ironically, West Virginia in the Fiesta Bowl. Bob Pruett played at Marshall after growing up in Beckley, W.Va. He returned to his Alma Mater in 1996 to coach Marshall to a 15-0 season with a National Championship led by Randy Moss, Eric Kresser and former Buccaneers center John Wade. Pruett won 80% of his games at Marshall and won five straight bowl games at one point.

Probably one of the most entertaining if not controversial coaches came from Shinnston, W.Va. His name was John McKay. He led Southern California to four National Championships from 1960 to 1975. He was the Tampa Bay Buccaneers coach when they began in 1976 through the 1984 season. McKay was famous for his sarcastic humor and one-liners. When asked by Andy Hardy in an interview what he thought about his team's execution, McKay quipped "I'm all for it." He was a classic.

No discussion of West Virginia coaches would be complete without Bobby Bowden. Now, he is a native of Alabama but his roots to W.Va. in the 1960s and 70s coaching in Morgantown did produce Morgantown High and WVU grads Tommy and Terry. Tommy had success at Tulane going unbeaten with Shawn King at

QB then at Clemson for 10 years where he went to 8 bowl games winning 3 of them. Terry had success at Salem College, Auburn (11-0 once), 3 playoff appearances at North Alabama and is currently the head coach at Akron. They also had a sister who was a cheerleader at WVU. Bobby Bowden did win two National Championships at FSU. He will be back in Morgantown this fall for the Homecoming Game against Kansas.

The last three notable coaches, like the Bowden brothers that have had success but no National Championships, are Bill Mallory from Glen Dale, W.Va., he coached at at Miami of Ohio and Colorado; Huntington's Jim Grobe at Ohio U and Wake Forest; and current Arizona Coach Rich Rodriguez from Grant Town. Just for fun we can add Steve Spurrier. The Ole Ball Coach really? Spurrier's father was the pastor of the Presbyterian Church in St. Albans, W.Va. The family moved to Tennessee when Mrs. Spurrier was 7 months pregnant with Steve. Now fast forward to his time at UF. Billy Donovan brings in basketball player Brett Nelson to the Gators from St. Albans. Spurrier meets Nelson and says "Son, I wasn't born in St. Albans but I'm pretty sure I was conceived there." There you have it. Steve Spurrier even traces his roots back to West Virginia. Here is this week's Bill O' Fare — Have a great Labor Day Weekend.

1. Idaho at Florida — Gators will be back in 2014. The Potato Vandals get smashed, fried, baked, made into salad etc... Florida 56 Idaho 13.
2. Oklahoma St. vs. FSU in Texas — The Pokes have the least amount of veterans back from 2013 in the nation. Not a good time to play the Noles but OSU always has good recruiting. FSU 44 OSU 17.
3. Miami at Louisville — Cardinals will find that the ACC is not the SEC but it's not the AAC either. Miami 34 Louisville 17.
4. Western Carolina at USF — Bulls defense is solid but offense must improve. This one is a win though. USF 34 WCU 13.
5. UCF vs. Penn St in Ireland — Knights defense should be very stout in 2014 with 9 starters returning. UCF 21 Penn St. 17.
6. Marshall at Miami (Ohio) — Herd offense will put up 500-plus yards while the defense dominates. Cato to Shuler all day long! Marshall 56 Miami 13.
7. West Virginia vs. Alabama in Atlanta — Tide is a 27-point favorite. Take the points. WVU will be much improved. Alabama 34 WVU 20.
8. Texas A&M at South Carolina — No Johnny Football means NO Chance in Columbia. Gamecocks rule the day. USC 33 Aggies 17.
9. Georgia Southern at N. C. St. — Former Hardee Wildcat Ezayi Youyoute will be back in action for the Eagles. Wolfpack is a little better team. NCSU 27 GSU 21.
10. Appalachian St. at Michigan — Could we see UPSET PART 2? Lightning doesn't strike the same place twice. Michigan 48 Appy St. 13.
11. Ohio St. at Navy — Can Navy's ground game control the clock and pile up points? They are one of the best at it. Ohio St. 31 Navy 24.
12. UCLA at Virginia — Bruins make a mark early in 2014.

UCLA 41 UVA 14.

13. Boise at Mississippi — Rebels defense wins it. Mississippi 27 Boise 17.
14. Arkansas at Auburn — Tigers open SEC strong. Auburn 34 Arkansas 20.
15. Clemson at Georgia — ACC versus SEC! No question. Georgia 35 Clemson 24.
16. LSU vs. Wisconsin in Houston — Tigers open with a solid win over a Big 10 power team. LSU 33 Wisconsin 20
17. Boston College at UMass — QB Blake Frohnapfel makes his mark in Minuteman lure. UMass 34 BC 23.
18. SMU at Baylor — Bears explode early. Baylor 65 SMU 21.
19. Utah St. at Tennessee — Vols squeak by. Tennessee 30 Utah St. 27.
20. Temple at Vanderbilt — Commodores open solid. Vandy 34 Temple 17.

# DREAMERS & SCHEMERS:

An Evening with Great Floridians

HURSTON
MENÉNDEZ
SUMMERLIN

## History Comes Alive on Stage!

**Jacob Summerlin (1820-1893)**, also known as the King of the Crackers, is rumored to be the first baby born in Florida after it was ceded from Spain. Summerlin learned to ride a horse and crack a whip by the age of seven, and by the age of 40 he had amassed a herd of over 15,000 cattle, becoming one of the richest men in Florida.

**Pedro Menendez de Aviles (1519-1574)** was a prominent Spanish Admiral and the founder of St. Augustine, the oldest continuously occupied European settlement in North America. While made famous by the founding of St. Augustine and the elimination of the French Huguenots at Fort Caroline (near modern Jacksonville), Menendez's true motivation in Florida was to find his shipwrecked son.

**Zora Neale Hurston (1891-1960)** is arguably Florida's most famous writer. The details of her early life are hazy, as she often lied about her past and used as many as six different birthdays on various official documents. While best known for *Their Eyes Were Watching God*, Hurston was also an accomplished anthropologist, collector of folklore, and pioneer of the Harlem Renaissance.

# Wauchula News

By Jan Wilkins  
773-0618

Another week has flown by and much has happened in and around Wauchula, as well as the rest of Hardee County. Just a week or so ago I was wondering what to do to keep from pure boredom, and now I am wondering where and how I am going to get everything done and in order. Peace and rest, or busyness? Each day to itself, and all things will be done in their own time.

My sincere condolences go to the Doyle Bryan family, as well as to Mae Marcella Roberts' family and friends, and to those of the Raymond Chambliss family. God bless, and please know each family has my prayers now and in the days and weeks ahead. I wrote about Elizabeth Greene leaving for college last week. Her mother, Collette Greene, told me that Liz will be

attending Southeastern Bible College for her studies. For more updates, feel free to contact Collette.

Another young man, Jer-main King, has been accepted at the University of West Florida where he will be completing his graduate studies. Jermain wants to work in the field of sports management, as well as getting his business degree. Jermain, as our family friend, I want to wish you the best as you move forward. May God bless you in each new endeavor.

The Hardee Senior High School Blue Star Brigade, under the direction of Lynzi (not Lindsay as I previously posted) Carlson, made its first road trip together last Friday, the 22nd, as the band members traveled to the football classic in Auburndale. They plan to travel to Tampa Jesuit and Fort Meade away games before attending the University of South Florida's "Hot Band Day" on Saturday, Sept. 6th, and will give their first home performance when HSHS plays against Sebring's football team on Mosaic night.

I don't know why but four inches of rain on the hill here in Riverview Heights seems to be the magical number, but that is what my rain gauge has held for several weeks in a row. Last week, as I leaving my house each morning, I would check the temperature and the humidity. The temperatures have been a few degrees lower, but the humidity has either been in the high 90's or at one 100 degrees, making it seem hotter.

Our Hardee schools have been blessed by many local businesses over the most part of this month as they have more than abundantly provided school supplies for each of our district schools. Always, where there is a need, you will find it being met by our local population and its commercial establishments and foundations. That is truly "Hardee Life."

Helen Lather had medical tests done on Thurs., the 21st with her results bringing relief when her doctors told her everything is good. For this, we praise God for answered prayers.

Birthday greetings for this week go to Connie Abbott, and two of my granddaughters - Michelle Redoble and Chloe

Elaine Wilkins. Please remember another of my granddaughters in prayer - Tiana Gonzales, as she is still awaiting the arrival of her son, Samuel Ezquel. She has been under special medical care and from what we are told she will be until his birth.

Another prayer request that was given to me was for Connie Schiemmer, who has been receiving kidney dialysis for some time, and also is having severe digestive problems.

The primary election has come and gone, and we must still face the race for the finals that are still several weeks away. I

have often heard it said that if you did not vote and you don't like the results, then you have no reason for complaint. Again, I ask that each of you make your vote count.

## Florida Crop Update

Week Ending: August 24, 2014

High Temperatures, Drier Conditions

**Weather Summary:** According to Florida's Automated Weather Network (FAWN), rainfall ranged from no rain to 1.93 inches this past week. Alachua (Alachua County) received the most rain with 1.93 inches, followed by Kenansville (Osceola County) with 1.62 inches. Per the U.S. Drought Monitor, Florida was 79 percent drought free this past week. The highest temperature was 101 degrees in MacClenny (Baker County). The lowest temperature in the State was 69 degrees in Quincy (Gadsden County).

**Field Crops:** There was an average of 6.7 days suitable for field work, up slightly from 6.3 days the previous week. Hay continued to be cut in the Panhandle, north, and central Florida as weather permitted. Army worm damage decreased, but is still a problem. In the Panhandle, seasonal production practices continued and fall harvest was underway. Corn harvest was completed in Jackson County, but still underway in Madison County. Scattered showers in the Panhandle gave spots of brief relief this past week. Extreme heat index warnings made for unsuitable working conditions across the State. Tobacco harvest was nearing completion in Columbia County. Peanut condition was mostly good for the State.

**Citrus:** Rainfall in the citrus producing area this past week was widespread and generally heavy. All but one station received some precipitation. Twelve stations received more than a half-inch and seven received more than an inch. Kenansville (Osceola County) received the most at 1.62 inches, followed by Arcadia (De Soto County) with 1.59 inches. Belle Glade (Palm Beach County) recorded the least with no precipitation recorded. Daytime high temperatures were hot, reaching the mid to upper 90s in all citrus producing counties. As per the U.S. Drought Monitor, last updated August 19, 2014, the entire citrus producing region in Florida remains drought free.

Next season's crop is progressing well. Growers and caretakers are applying summer oils, fertilizing, irrigating, and in some cases resetting new trees.

**Fruit and Vegetables:** Farmers in southwest Florida experienced a very hot, mostly dry week. Vegetable growers in southwest Florida started planting melons, tomatoes, peppers, squash, and continued to prepare land and lay plastic for fall crops. Fruits and vegetables being planted in Miami-Dade County included okra, boniato, and bitter melon; harvested included okra, boniato, bitter melon, avocado, longan, and carambola.

**Livestock and Pastures:** Statewide, the cattle and pasture condition was mostly good. Cattle were stressed due to heat this past week.

### Celebrity Extra

**Q: I am a big fan of "24," and was pleasantly surprised to see the character of Cheng return this summer. Can you tell me where else I can see the actor who played him?**

—Lawrence E., Baltimore

A: Tzi Ma is the longtime character actor who lost his head as Cheng Zhi in the season finale of "24: Live Another Day." I spoke with Tzi recently, and was delighted (and a bit relieved) to find that he was nothing like Cheng and much more like his character of the Zen Master on USA's "Satisfaction" (which has its season finale on Thursday, Sept. 18, at 10/9c).

Tzi (pronounced "tie") was thrilled to get the call to return to his bad-guy role on "24," but it almost made him miss out on "Satisfaction" when shooting for both series began to overlap.

Tzi told me: "It was a bit of a logistical nightmare. Thank goodness they worked it out. 'Satisfaction' was on the brink of replacing me because I was supposed to be in Atlanta by the middle of May, and I was still in England. I flew straight from London to Atlanta. And I was still on hold for '24' in case we needed to do reshoots. Sean (Jablonski, the creator of 'Satisfaction') is so generous and supportive and trusting. They waited for me, and I am so grateful for that. Thank you, guys!"

Tzi also addressed the statement made by Freddie Prinze Jr. that Keifer Sutherland was unprofessional and difficult to work with: "Look at what Keifer's done for '24.' He's been in practically every scene, from begin-

ning to end, for nine seasons. That should tell you something about this guy's work ethic. I don't know any actor who comes to the set more prepared than him. You can't carry a show like this being an asshole. Everyone has his moments, even me. The fact is, he doesn't compromise because he is trying to achieve excellence."

**Q: I can't get enough "Outlander"! Please tell me it will be back for another season.**

—Eleanor W., The Villages, Fla.

A: I am thrilled to tell you that after its record-shattering opening weekend, Starz did indeed renew the time-traveling/fantasy/historical-drama/romance series for a second season. Early reports say that the second season will be at least 13 episodes, and it will be based on Diana Gabaldon's second book in the "Outlander" series, "Dragonfly in Amber."

**Q: Like the rest of the world, I was shocked and heartbroken to hear about Robin Williams' suicide. I know he was working on some movies before his death. Will any be released posthumously?**

—Kelli F., via email

A: The consummate funnyman with a heart as big as his funny bone left this world way too soon, as I'm sure we all can agree. He did leave behind four movies that have yet to be released: "Night at the Museum: Secret of the Tomb," "Merry Friggin' Christmas," "Boulevard" and "Absolutely Anything."

## Stone Fruit Feast

When it comes to food and cooking, a good rule of thumb is to mix it up a bit. When cooking seasonally, it's best to try new foods when they show up at the farmers market or grocery. There's so much fresh summer produce to choose from — from the popular picks like corn and watermelon, to the lesser known, not so sought after group like mulberries and crenshaw squash. Now is the time to take advantage of this overflowing in-the-rain produce buffet. Try something new and experience the nuances of different flavors in your meals!

In a world longing for peaches, nectarines somehow take a back seat. Nectarines and peaches are both members of the stone-fruit family, which includes plums and apricots. But in this family, the peach and nectarine are so close, there is only one gene responsible for their difference. This unique gene makes the peach fuzzy and the nectarine smooth. If you take a blind taste test, I think you'll agree that the nectarine has its own distinct attraction. It's usually sweeter and juicier than most peaches — in essence, more nectar!

Nectarines, like peaches, originated in China over 2,000 years ago and spread across the continents until they landed in America. They grow best in warmer climates, like California, where almost all the nectarines we find in the market are grown.

Nectarines are an excellent source of vitamin C and are low in calories. While a delicious sweet nectarine is relatively high in sugar, its fiber content helps the body slow the breakdown of its sugar in your digestive track, therefore making them a good choice for satisfying your sweet tooth. Recently, studies have even suggested that nectarines, as well as other stone fruits, have a bioactive compound that could prove effective in preventing obesity.

Nectarines, like other stone fruits, are ripe when they give just slightly to the touch. You also should be able to smell the sweetness of a nectarine. They can sit out until fully ripe, then they should be eaten or refrigerated quickly. The ultimate is to buy ripe nectarines and enjoy them right away.

Former White House chef Bill Yosse has created the perfect recipe to showcase the unique

flavors of nectarines. His Flaky Nectarine Pie is an addictive dessert featuring summer stone fruit encased in a delicate crust.

## FLAKY NECTARINE PIE

2 packages pre-made pie dough (for 2 pie crusts) or homemade pie dough for 2 pie crusts

- Filling**
- 8 cups (about 7) ripe nectarines, unpeeled, pitted and cut into 1-inch chunks**
- 1 tablespoon freshly squeezed lemon juice**
- 1/2 cup granulated sugar**
- 1/4 cup packed light brown sugar**
- 1/8 teaspoon salt**
- 4 tablespoon cornstarch**
- 1 tablespoon brandy**
- 1 teaspoon vanilla extract**
- 1 egg white, beaten, at room temperature**
- 1 1/2 teaspoon granulated sugar**

### For the Filling

1. In a large bowl, toss together the nectarines and lemon juice. Add sugars and the salt; gently mix to combine without mashing the nectarine chunks. Set aside to macerate for about 30 minutes.

2. Return nectarines to the bowl and add cornstarch, mixing until it has completely dissolved. Stir in the brandy and vanilla. Reserve.

### To Assemble and Bake

1. Transfer one round of the pie crust dough to a black steel or Pyrex 9-inch pie pan, and trim the edges so they are even with the rim. Place the second round on a flat baking sheet and place in freezer. This will become the

top of the pie.

2. Freeze dough in pie pan for 1 hour. When ready to bake, pre-heat oven to 425 F. Remove pie pan from freezer and line the dough with aluminum foil. Fill with baking beads, dried beans or uncooked rice. Bake for 30 minutes; allow to cool. When cool, preheat oven again to 350 F.

3. Pour nectarine filling into the pre-baked pie shell. Use a pastry brush to moisten the edges of the bottom pie crust with some of the egg white. Remove the top dough from freezer and place over the fruit. Press down around edges with fingers to seal, and tuck any excess dough under the edges. With paring knife, cut 12 slits in the center of raw dough, barely piercing it, to create air vents. Then, brush top dough with remaining egg white and sprinkle with Demerara or granulated sugar.

4. Bake on an aluminum foil-covered rimmed 11-by-17-inch baking sheet on the center rack for 1 hour until pie is deeply golden, and you can see the thick juices bubbling through the vents. Let cool before serving. Makes one 9-inch pie to serve 8. *Angela Shelf Medearis is an award-winning children's author, culinary historian and the author of seven cookbooks. ## Jokes & Philosophies

With A Little Dab Of Common Sense

By Truman A. Thomas

If you think rejection is bad, then try a big slice of ejection, if you will, with a body slam or two thrown in for good measure.

Now us earthlings have two worlds to contend with—that is the regular world and the computer world.

In life happiness comes in spurts while troubles come in floods.

Have you ever seen ambulance arrive on the scene at top speed, with sirens whining and lights flashing, with a physician who is aboard just in case?

I recently attended a women's lib celebration up in New York and made a request for them to play that old country song entitled "Slap Her Again, Pa." All I remember was when I came to they were loading me into an ambulance.

Always remember when we humans try to put on the dog, it could come back to bite us, and a lot of times it does.

Thieves never retire.

The Mafia's favorite seafood is the red mobster.

We have always heard people say—kill them with kindness, but how many casualties have you ever seen from it?

Sometimes dreams are like the old silent movies—no color, no sound.

To paraphrase our late and great President Ronald Reagan who said nothing scared him more than for the government to say they are here now, let us help you. *Truman A. **Sports Update**  
By Joan Seaman

Well, the Hardee Wildcats scored 27 points and lost. In most games, that would be a winner, but Hardee was playing against last year's 5A-10 runner-up Auburndale Bloodhounds, who had lost in the regional quarterfinals a year ago. District 11's Hardee also lost in the regional quarterfinals, against eventual state champion American Heritage. Hardee, however, was starting a sophomore quarterback with limited experience, who nevertheless did a good first job.

Look for Hardee to rebound at Tampa Jesuit on Friday night. Jesuit lost 40-21 in last week's Classic to new upstart Palm Harbor, after losing a 21-20 lead. This game ought to be a barn-burner. Hopefully, Hardee will bring home its first victory of the season.

After a trip to Fort Meade on Sept. 5, the Wildcats come home to host Sebring on Sept. 12 before a bye week to prepare for the district schedule which begins in early October.

JV football begins tonight (Thursday) with a trip to Mulberry to face the junior Panthers. The junior Cats are at DeSoto next Thursday and finally are at home on Sept. 11 against Fort Meade.

Hardee Junior High football starts on Sept. 16 at Hill-Gustat Middle School in Sebring at what could be the start of an unprecedented sixth unbeaten season and fifth Heartland Championship. All junior high games have a 5:30 p.m. start until the finale at home Oct. 28 against Bok Academy, which starts at 6 p.m.

Hardee swimming got its season start on Monday at home against Sebring and Avon Park. Both Hardee teams placed third overall but there were highlights. Alex Johnson won her 50-yard freestyle, Wyatt Ziegler won the 100 backstroke, and Desiree Ford won the 100 freestyle and was three-hundredths of a second off winning the 200 freestyle. The girls 200 freestyle relay team was seven hundredths of a second off winning.

Girls volleyball also got started on Monday at Lake Placid and

the girls were at home on Tuesday against Mulberry. New coaches Stephanie Mier and Amy Monts De Oca have a lot of talent to mold into a team.

Battleheart Fitness will have the closest thing to a home meet on Sept. 6-7 at Lakeland at Linder Airport. Spectators are welcome. The local team finished 10th of 63 teams in its division in an Aug. 1 War On Wall Street in Orlando. Call Joe Roe or drop by the Battleheart gym in the alleyway behind Historic Wauchula City Hall if you're interested in supporting this group.

We've just heard that a few Hardee youngsters did well on the Sertoma youth golf tour this summer. The Revels kids and Redding boys will be more ready to excel next season. We're waiting for information from Sebring pro Andy Kesling on results from the summer tour.

In off-season basketball news, last season's star Steve Metayer recently signed a scholarship with Warner University. Former Hardee and Warner grad Mark St. Fort is going on a goodwill tour in China in early October and hopes to get a look-see from pro scouts who will be there to showcase prospective players. Former Hardee and Georgia Southern player Arnold Louis is playing pro ball in Columbia and Ronnie Clark may be playing in Finland again this season.

Information from school and community athletic events is always welcome. Please call me at 773-3255 or e-mail me at sports@theheraldadvocate.com with news for this biweekly column.

Please note that the deadlines for weekday or upcoming events is 5 p.m. Thursdays. For events which happen after that time, the sports news is due by noon Mondays in order to have any chance of getting in that week's paper, and is always on a space available basis.

## JV 'Cats On Road Today

By JOAN SEAMAN  
Of The Herald-Advocate

It's time for the Hardee Junior Varsity Wildcats to get their season going.

They start today (Thursday) with a trip north to tackle the Mulberry junior Panthers.

Like most of the JV games. This will be at 7 p.m. Of the eight games this season, only two are different than the 7 p.m. start. A visit from Frostproof on Sept. 18 has a 7:30 p.m. and the season finale against Tampa Jesuit has a 6:30 p.m. start.

Sandwiched between the season opener at Mulberry and closer against Jesuit are a half dozen local opponents. Games on the road are at DeSoto on Sept. 4, Lake Placid on Sept. 25 and Avon Park on Oct. 9. Home games are against Fort Meade on Sept. 11, Frostproof on Sept. 18 and Sebring on Oct. 2.

Head Coach Rod Smith and assistants Barry White, Uvaldo Sanchez, Lee Thomas and Michael Richardson have nine sophs and more than two dozen freshmen to prepare for the next level of football. Many of them

Date	Opponent	Time
8/28/14	At Mulberry	7:00
9/4/14	At DeSoto	7:00

9/18/14	Frostproof	7:30
9/25/14	At Lake Placid	7:00
10/2/14	Sebring	7:00

have played under coaches Mark Carlton, Jason Clark, West Palmer, Gerry Lindsey and others in the undefeated junior high squads.

Sophs suiting up this season are kicker Augustine Toledo, wide receivers Jason Nichols, Boone Paris, Isis Garza and Levi Boyette, and linemen Lonnie Morris, Larrett Smith, Jose Zuniga and Dalton Richey.

The frosh are Fabian Molina, Marcelin Cimeus, Lane Parks, Tanner Carlton, Kai Washing-

ton, Damar Harris, Joel Lee, Gloigens Metayer, Ismael Rodriguez, Floyd Rice, Severe Anderson, Jax Ullrich, Cecinio Hernandez and Armando Gonzales.

Also, Adam Olvera, Manuel Rios, Conrad Pace, Juan Medina, Sergio Juarez, Eli Cordova, Aaron Zuniga, Alex Hernandez, Jaylin Ramirez, Christian Lowery, Jacob Hebert, Jordan Contreras and Thomas Morris.

## Reality Ranch Sweeps Tourney

By JOAN SEAMAN  
Of The Herald-Advocate

Reality Ranch sealed a successful season with an undefeated run through the post-season tournament.

They had finished an unbeaten 8-0 regular season for the title and continued it through the single-elimination tourney which ended the season last week. Wauchula First Methodist and New Hope Baptist opted out of the tournament.

The tournament was held Aug. 12, with San Alfonso Chapel downing First Christian in the first game, and Reality

Ranch claiming back-to-back wins over San Alfonso and Florida First Assembly.

In the opening game, San Alfonso took care of First Christian 32-2.

Kourtney Henderson, Heather St. John and Stephanie Lang were all four-score batters for San Alfonso. Caryssa Johnson and Wanda Statler each had a trio of tallies. Sarah Leimeister and Lori Crouse scored for First Christian.

San Alfonso went on to battle Reality Ranch in a 22-17 loss.

Chelsey Steedley topped Reality Ranch with five trips to

home plate. Brittany Hines, Amber Steedley and Caitlyn Bliss had three runs apiece. Leadoff batter Johnson circled the bases five times for San Alfonso, with St. Johns coming home four times.

In the finale, Reality Ranch topped First Assembly 21-2.

Amber Steedley and Bliss were the only triple-tally batters for Reality Ranch. Sami Jo Morgan, Christina Hadeo, Sandy Driskell, Joy Morgan and Lacey Cumbee each added twin scores. Leadoff batter Caylah Coker scored the only runs for First Assembly.

## Men's League Finishing Up

By JOAN SEAMAN  
Of The Herald-Advocate

The 2014 Men's Softball League has come down to making up rainout games before starting the post-season tournament.

With only partial results from last Thursday, it appears that Mosaic may have wound up the season title, at 13-0 after last Tuesday's win over the nearest opponent Gilliard Fill Dirt, which finished the week at 12-2.

Behind them are Peace River Electric Cooperative Inc. (PRECo), R&G Labs/New Era, III Ranches, Barbaro Calves Drafting, Bayside Community, the Disciples and Hardee Motor Co.

Backtracking to games on Aug. 12, the 6:45 game on Field 4 was a 24-16 win for III Ranches over R&G Labs/New Era.

Jake Bolin and Kris Johnson were both four-score batters for III Ranches, while leadoff batter Jeremy Mendoza topped R&G with a trio of tallies.

In the 8:15 game on Field 4, PRECo passed Hardee Motor 24-9.

Brian Alexy, Kyle Long, Rodger Brutus and Doyle Tyson each put four runs on the board for PRECo. For Hardee Motor, it was Will B. and Pio with twin scores apiece.

Meanwhile, on Field 3, Gilliard won the early game 26-3 over the Disciples.

Brent Gilliard, Robbie Abbott and Brek McClenithan each circled the bases four times for Gilliard. Chad Smith, Keith Simpson and Johnny Huron scored for the Disciples.

In the late game, Mosaic shut out Bayside 20-0.

Jason Johnson and Michael Carte led Mosaic with triple tallies apiece. Bayside stranded Andrew Hinojosa and Willie Gilliard twice apiece and several other batters as well.

Games on Aug. 14 were rained out.

Play resumed on Aug. 19 with R&G/New Era winning 28-13 over Bayside in the opener on Field 3.

Brandon Holton came around to score four times for R&G. Justin Forrester, Yogi Mendoza, Will Tyson, Joe Adams and Matt Grugle each added three runs. Leadoff batter Willie Gilliard scored three times for Bayside, with Travis Simpson and Sam Rivera adding twin tallies.

In the Field 3 nightcap, Gilliard and Mosaic battled for four and a half long innings, with Mosaic coming out on top 28-10.

Travis McClenithan came home four times and Dalton Hewett, Johnson, Carte, Lewis Martin, Austin Helms, Tyler Helms and Todd Rogers each added three runs. Brent Gilliard and Lamar Gilliard each scored two for their team. Mario Tamayo, Lester Hornbeck, Chris Knight, Jessie Rivera and Tim Murphy added solo scores.

Meanwhile, on Field 4, PRECo won 35-13 over the Disciples in the opener.

Long led PRECo with five tallies, Brian Alexy and Peck Harris had four runs apiece. Chad Smith scored three runs and Ramiro Briones, Dan Smith and David Chapa added twin tallies for the Disciples.

In the closer on Field 4, Bar-

baro Calves won 15-5 over III Ranches.

Chris Solano was the only triple-tally batter for Barbaro, while Elias Rivera, Justin Rickett and Reuben each scored twice. For III Ranches, it was Seth McGee with a two-run homer and another hit for twin tallies, Cody Gullatt, Tylar Alden and Kyle Cobb added solo scores.

The only scores available for Aug. 21 were those on Field 4.

In the early game, R&G downed Barbaro 24-8.

Yogi Lozano and Adams each had four runs while Holton and Forrester were each three-score batters for R&G. Cody Rawls and Elias Rivera were two-score batters for Barbaro, with Ricky Wiggins, Roy Rodriguez, Bobby Flores and Reuben each adding a run.

In the late game, Gilliard came back to down Hardee Motor 27-5.

Rivera and Brent Gilliard each scored four times for Gilliard's. Dickerson, Lamar Gilliard and McClenithan each chipped in with three runs. Eliseo Pantoya scored twice and Dominic Allen, Kyle and Quinten Blundell added solo scores.

## DOG OF THE WEEK

**Blended (PG-13)** — Adam Sandler and Drew Barrymore play single parents who can't stand each other after going on a disastrous blind date. By sheer coincidence, Sandler takes his three daughters to the same resort in South Africa as Barrymore and her two sons. Then it's a safari through dense patches of Sandler-humor and sappy bogs of Sandler-schmaltz. There are some moments of dry humor, or genuine wit, but each time it's a surprise in the regular routine of poop jokes, bouncing bodies and make-fun-of-the-weirdo gags. There's also the backdrop of troublesome African stereotypes. If you want an easy night of lowbrow laughs with the family, look elsewhere. "Blended" might give you the boring and uncomfortable evening you were trying to avoid.

S.I.L.L.E.L.D." and the Iron Man movies) is a Hollywood talent agent for child stars. He's trying to make it to the top, despite a run of bad luck and fierce competition from his slimy rival (Sam Rockwell). Howard gets one more shot when he finds Lydia (Saxon Sharbino), a strident 13-year-old actress who could star in the next big teen blockbuster. Gregg — also the film's writer and director — plays a charming underdog, making this dramedy worth checking out.

## PICKS OF THE WEEK

**The Normal Heart (R)** — Mark Ruffalo stars as a Ned Weeks, an activist fighting in the early days of the HIV/AIDS crisis. Set in the early 1980s, Ned sees friends slowly die as the disease spreads through New York's gay community. There isn't any medical treatment available at this point, and it's not really a priority. Weeks is a passionate and controversial activist, unwilling or unable to tone down. This HBO made-for-TV feature is based on the 1985 play of the same name. The play was an outcry for support, and delivered a demand that people remember what happened and how a killer disease was ignored because it was prevalent among gays. That energy is still present, but anger is only a fraction of the emotional weight in the movie adaptation.

**Trust Me (R)** — Howard (Clark Gregg, from TV's "Agents of

**The Double (R)** — In a dimly lit office built like a bunker, Simon (Jesse Eisenberg) works away his little life as one of the people who goes mostly unnoticed. Then a guy named James (also Eisenberg) comes into the office, and he fits right in. Simon and James look exactly alike, except Simon is nervous and quiet, where James is cocky and impulsive. James is so much better at life that he starts to move in on Simon's life, talking to his crush (Mia Wasikowska) and winning all the praise at work. This movie is just off-putting enough to have fun with social anxiety.

**Overwhelmed: Work, Love, and Play When No One Has the Time** by Bridgit Schulte (Farrar, Straus and Giroux, \$26) Reviewed by Molly Ford

Are you on a treadmill of "to-do's" that never come off your list? So is everyone else, and Bridgit Schulte wants to figure out why. Her new book, "Overwhelmed: Work, Love, and Play When No One Has the Time," is a must-read for those of us who struggle with managing our own time, yet cannot pinpoint how to begin to correct the problem, or how our time struggle even began in the first place. The book examines, in-depth, why so many of us are having trouble with managing time including what societal factors or personal habits are limiting our success.

Weaving a story of feeling overwhelmed across different facets of modern day life — work, love and play — Schulte focuses on the ideas of "time confetti" and "time serenity" as a way to explain the problem of feeling like there are never enough hours in the day to get things done. The book is a mix of research notes, studies, public policies/political motives, interviews, anecdotes and the author's own first-person account of how this country has become overwhelmed. The book points out traps that we all fall into and provides some real-life examples of how to cope with or avoid the traps.

A favorite section of the book is the appendix, which lists dozens of tips and key points explored in the book, perfect for easy reference or a refresher on Schulte's work after reading. (Favorite tip: "Chunk your time ... Work in concentrated blocks with regular breaks, and fit in the 5 percent stuff-of-life ... after you've made time for what's important.")

If you want to figure out why you are feeling so overwhelmed in your daily life, and how to fix it, this is your read. To read more reviews by Molly Ford, visit [SmartPrettyandAwkward.com](http://SmartPrettyandAwkward.com).

# ORANGE & BLUE REVIEW

## The STEM Initiative

by Susan Barton, Hardee High School STEM Coach

“Leadership tomorrow depends on how we educate our students today, especially in math, science, technology, and engineering,” stated President Obama in 2010. Since that time, STEM has become a focus throughout the educational community.

As part of the STEM initiative at Hardee High School, the use of cutting-edge technology has become a priority. Recently, an unused building was renovated into a STEM Research Lab and supplied with new equipment. Digital micropipettes, an autoclave, and a centrifuge were procured for microbiology labs; a 3-D printer and precision analytical balance for chemistry explorations; and digital gas and temperature probes for AP Environmental research.

As technology advances, it is important that the teaching staff remain current in lab techniques. This summer, HHS science and agriculture teachers participated in a

Biotechnology training provided by the University of Florida. They learned lab skills such as electrophoresis procedures, aseptic techniques, and preparing media for microbiology investigations. They learned how to extract and purify protein from DNA that had been transformed from one organism to another. HHS students will develop essential knowledge when they carry out these high-tech investigations.

Recently, six HHS students along with 21 others from the Heartland Consortium participated in a STEM Challenge at the University of Florida. In one lab activity, the instructor asked if any students knew how to use the specific equipment. The hands that went up were all Hardee High students. There is no doubt that the future will present many challenges, but through the STEM initiative students of Hardee High are being prepared to meet that challenge.

Science and Agriculture teachers recently participated in a Biotechnology training provided by the University of Florida and held in Hardee High School's new STEM Research Lab. Here, Susan Barton, STEM Coach and Brett Wheeler, Ag Teacher prepare their test samples for gel electrophoresis which will allow the separation and identification of proteins.

# HHS IN PICTURES

Mosaic's Land Management Office hosted their annual "Welcome Back Luncheon" for HHS teachers and staff. In addition to a catered lunch, they provided staff t-shirts for everyone and rounded out the afternoon with door prize drawings. Present at the gathering were Mosaic representatives (left to right): Paul Samuels, Diana Youmans, Cali Ward, Carol Ackerly and Joann Garza.

Assistant Principal, Mr. Todd Durden, mingles with students during lunches to answer their questions and clarify school expectations. Pictured here, Mr. Durden (C) talks with seniors, Jordan Jones (L) and Colton Albritton (R).

Air Force JROTC instructor, Lieutenant Colonel Anthony Hingle (left), and Hardee High School senior Cadet Captain Meagan Shivers (right), look on as freshman Stephen Aguilar signs in during an Open House classroom visit on Friday, August 15. Cadet Aguilar is one of 102 freshmen enrolled in the AF-JROTC program this year. With over seventy students on a waiting list, selection for the program was very competitive.

Students will notice a change in their lunches with the addition of a new packaging system in the cafeteria. Fruit, vegetables and other items can now be presented in a more convenient and consistent manner that ever before! Here Manager Stephanie Cochran shows off orange sections in the new pre portioned packaging.

When teachers returned to work in early August, they attended various workshops that provided them opportunities to reflect on their teaching practices and collaborate with their colleagues. Pictured here, a group of teachers debate the pros and cons of implementing a school-wide organizational tool for students.

**PROPOSED CONSTITUTIONAL AMENDMENTS  
TO BE VOTED ON NOVEMBER 4, 2014  
NOTICE OF ELECTION**

I, **Ken Detzner, Secretary of State of the State of Florida**, do hereby give notice that an election will be held in each county in Florida, on November 4, 2014, for the ratification or rejection of a proposed revision to the constitution of the State of Florida.

**No. 1  
CONSTITUTIONAL AMENDMENT  
ARTICLE X, SECTION 28  
(Initiative)**

**Ballot Title:**  
Water and Land Conservation - Dedicates funds to acquire and restore Florida conservation and recreation lands

**Ballot Summary:**  
Funds the Land Acquisition Trust Fund to acquire, restore, improve, and manage conservation lands including wetlands and forests; fish and wildlife habitat; lands protecting water resources and drinking water sources, including the Everglades, and the water quality of rivers, lakes, and streams; beaches and shores; outdoor recreational lands; working farms and ranches; and historic or geologic sites, by dedicating 33 percent of net revenues from the existing excise tax on documents for 20 years.

**Financial Impact Statement:**  
This amendment does not increase or decrease state revenues. The state revenue restricted to the purposes specified in the amendment is estimated to be \$648 million in Fiscal Year 2015-16 and grows to \$1.268 billion by the twentieth year. Whether this results in any additional state expenditures depends upon future legislative actions and cannot be determined. Similarly, the impact on local government revenues, if any, cannot be determined. No additional local government costs are expected.

**Full Text:**  
**ARTICLE X  
MISCELLANEOUS  
SECTION 28. Land Acquisition Trust Fund.—**

**a)** Effective on July 1 of the year following passage of this amendment by the voters, and for a period of 20 years after that effective date, the Land Acquisition Trust Fund shall receive no less than 33 percent of net revenues derived from the existing excise tax on documents, as defined in the statutes in effect on January 1, 2012, as amended from time to time, or any successor or replacement tax, after the Department of Revenue first deducts a service charge to pay the costs of the collection and enforcement of the excise tax on documents.  
**b)** Funds in the Land Acquisition Trust Fund shall be expended only for the following purposes:  
**1)** As provided by law, to finance or refinance: the acquisition and improvement of land, water areas, and related property interests, including conservation easements, and resources for conservation lands including wetlands, forests, and fish and wildlife habitat; wildlife management areas; lands that protect water resources and drinking water sources, including lands protecting the water quality and quantity of rivers, lakes, streams, springheds, and lands providing recharge for groundwater and aquifer systems; lands in the Everglades Agricultural Area and the Everglades Protection Area, as defined in Article II, Section 7(b); beaches and shores; outdoor recreation lands, including recreational trails, parks, and urban open space; rural landscapes; working farms and ranches; historic or geologic sites; together with management, restoration of natural systems, and the enhancement of public access or recreational enjoyment of conservation lands.  
**2)** To pay the debt service on bonds issued pursuant to Article VII, Section 11(e).  
**c)** The moneys deposited into the Land Acquisition Trust Fund, as defined by the statutes in effect on January 1, 2012, shall not be or become commingled with the General Revenue Fund of the state.

**No. 2  
CONSTITUTIONAL AMENDMENT  
ARTICLE X, SECTION 29  
(Initiative)**

**Ballot Title:**  
Use of Marijuana for Certain Medical Conditions

**Ballot Summary:**  
Allows the medical use of marijuana for individuals with debilitating diseases as determined by a licensed Florida physician. Allows caregivers to assist patients' medical use of marijuana. The Department of Health shall register and regulate centers that produce and distribute marijuana for medical purposes and shall issue identification cards to patients and caregivers. Applies only to Florida law. Does not authorize violations of federal law or any non-medical use, possession or production of marijuana.

**Financial Impact Statement:**  
Increased costs from this amendment to state and local governments cannot be determined. There will be additional regulatory and enforcement activities associated with the production and sale of medical marijuana. Fees will offset at least a portion of the regulatory costs. While sales tax may apply to purchases, changes in revenue cannot reasonably be determined since the extent to which medical marijuana will be exempt from taxation is unclear without legislative or state administrative action.

**Full Text:**  
**ARTICLE X  
MISCELLANEOUS  
SECTION 29. Medical marijuana production, possession and use.—**

**(a) PUBLIC POLICY.**  
(1) The medical use of marijuana by a qualifying patient or personal caregiver is not subject to criminal or civil liability or sanctions under Florida law except as provided in this section.  
(2) A physician licensed in Florida shall not be subject to criminal or civil liability or sanctions under Florida law for issuing a physician certification to a person diagnosed with a debilitating medical condition in a manner consistent with this section.  
(3) Actions and conduct by a medical marijuana treatment center registered with the Department, or its employees, as permitted by this section and in compliance with Department regulations, shall not be subject to criminal or civil liability or sanctions under Florida law except as provided in this section.  
**(b) DEFINITIONS.** For purposes of this section, the following words and terms shall have the following meanings:  
(1) "Debilitating Medical Condition" means cancer, glaucoma, positive status for human immunodeficiency virus (HIV), acquired immune deficiency syndrome (AIDS), hepatitis C, amyotrophic lateral sclerosis (ALS), Crohn's disease, Parkinson's disease, multiple sclerosis or other conditions for which a physician believes that the medical use of marijuana would likely outweigh its potential health risks for a patient.  
(2) "Department" means the Department of Health or its successor agency.  
(3) "Identification card" means a document issued by the Department that identifies a person who has a physician certification of a personal caregiver who is at least twenty-one (21) years old and has agreed to assist with a qualifying patient's medical use of marijuana.  
(4) "Marijuana" has the meaning given cannabis in Section 893.02(3), Florida Statutes (2013).  
(5) "Medical Marijuana Treatment Center" means an entity that acquires, cultivates, possesses, processes (including development of related products such as food, tinctures, aerosols, oils, or ointments), transfers, transports, sells, distributes, dispenses, or administers marijuana, products containing marijuana, related supplies, or educational materials to qualifying patients or their personal caregivers and is registered by the Department.  
(6) "Medical use" means the acquisition, possession, use, delivery, transfer, or administration of marijuana or related supplies by a qualifying patient or personal caregiver for use by a qualifying patient for the treatment of a debilitating medical condition.  
(7) "Personal caregiver" means a person who is at least twenty-one (21) years old who has agreed to assist with a qualifying patient's medical use of marijuana and has a caregiver identification card issued by the Department. A personal caregiver may assist no more than five (5) qualifying patients at one time. An employee of a health care provider, nursing, or medical facility may serve as a personal caregiver to more than five (5) qualifying patients as permitted by the Department. Personal caregivers are prohibited from consuming marijuana obtained for the personal, medical use by the qualifying patient.  
(8) "Physician" means a physician who is licensed in Florida.  
(9) "Physician certification" means a written document signed by a physician, stating that in the physician's professional opinion, the patient suffers from a debilitating medical condition, that the potential benefits of the medical use of marijuana would likely outweigh the health risks for the patient, and for how long the physician recommends the medical use of marijuana for the patient. A physician certification may only be provided after the physician has conducted a physical examination of the patient and a full assessment of the patient's medical history.  
(10) "Qualifying patient" means a person who has been diagnosed to have a debilitating medical condition, who has a physician certification and a valid qualifying patient identification card. If the Department does not begin issuing identification cards within nine (9) months after the effective date of this section, then a valid physician certification will serve as a patient identification card in order to allow a person to become a "qualifying patient" until the Department begins issuing identification cards.  
**(c) LIMITATIONS.**  
(1) Nothing in this section shall affect laws relating to non-medical use, possession, production or sale of marijuana.  
(2) Nothing in this section authorizes the use of medical marijuana by anyone other than a qualifying patient.  
(3) Nothing in this section allows the operation of a motor vehicle, boat, or aircraft while under the influence of marijuana.  
(4) Nothing in this law section requires the violation of federal law or purports to give immunity under federal law.  
(5) Nothing in this section shall require any accommodation of any on-site medical use of marijuana in any place of education or employment, or of smoking medical marijuana in any public place.  
(6) Nothing in this section shall require any health insurance provider or any government agency or authority to reimburse any person for expenses related to the medical use of marijuana.  
**(d) DUTIES OF THE DEPARTMENT.** The Department shall issue reasonable regulations necessary for the implementation and enforcement of this section. The purpose of the regulations is to ensure the availability and safe use of medical marijuana by qualifying patients. It is the duty of the Department to promulgate regulations in a timely fashion.  
(1) Implementing Regulations. In order to allow the Department sufficient time after passage of this section, the following regulations shall be promulgated no later than six (6) months after the effective date of this section:  
**a.** Procedures for the issuance of qualifying patient identification cards to people with physician certifications, and standards for the renewal of such identification cards.  
**b.** Procedures for the issuance of personal caregiver identification cards to persons qualified to assist with a qualifying patient's medical use of marijuana.

# Crime Blotter

**During the past week, sheriff's deputies and city police officers investigated the following incidents and made the following arrests:**

**COUNTY**

**Aug. 24,** Jacqueline Patricia Newmarch, 22, of 21176 Bassett Ave., Port Charlotte, was arrested by Dep. Alice Simandl and charged with criminal mischief — damage to property.

**Aug. 24,** Sylvie Lynn Moseley, 23, of 1799 Popash Rd., Wauchula, was arrested by Dep. Steven Ahrens on a charge of violation of probation.

**Aug. 24,** thefts on Gregory Lane and on U.S. 17 North were reported.

**Aug. 23,** Scott Colin Fields, 39, of 1842 Dishong Rd., Wauchula, was arrested by Sgt. Matt Tinsley and charged with kidnapping-false imprisonment, battery, indecent exposure and criminal mischief — damage to property. He had originally been arrested by Ofc. Cesar Medina on Aug. 19 and charged with trespassing on an occupied structure/conveyance.

**Aug. 23,** Jason Davidson, 20, of 7812 Ten Mile Grade, Zolfo Springs, was arrested by Dep. Alice Simandl on an out-of-county warrant.

**Aug. 22,** Jessica Prince Valdez, 30, of 604 E. Bay St., Wauchula, was arrested by Dep. Steven Ahrens on a charge of withholding support of children.

**Aug. 22,** thefts at SKP Way and Parrish Road were reported.

**Aug. 21,** Jason Lee Skipper, 40, of 2315 E. Gibbons St., Bartow, was arrested by Capt. Andrew Rigney on a charge of withholding support of children.

and standards for the renewal of such identification cards.  
**c.** Procedures for the registration of Medical Marijuana Treatment Centers that include procedures for the issuance, renewal, suspension, and revocation of registration, and standards to ensure security, record keeping, testing, labeling, inspection, and safety.  
**d.** A regulation that defines the amount of marijuana that could reasonably be presumed to be an adequate supply for qualifying patients' medical use, based on the best available evidence. This presumption as to quantity may be overcome with evidence of a particular qualifying patient's appropriate medical use.  
**(2)** Issuance of identification cards and registrations. The Department shall begin issuing qualifying patient and personal caregiver identification cards, as well as begin registering Medical Marijuana Treatment Centers no later than nine months (9) after the effective date of this section.  
**(3)** If the Department does not issue regulations, or if the Department does not begin issuing identification cards and registering Medical Marijuana Treatment Centers within the time limits set in this section, any Florida citizen shall have standing to seek judicial relief to compel compliance with the Department's constitutional duties.  
**(4)** The Department shall protect the confidentiality of all qualifying patients. All records containing the identity of qualifying patients shall be confidential and kept from public disclosure other than for valid medical or law enforcement purposes.  
**(e) LEGISLATION.** Nothing in this section shall limit the legislature from enacting laws consistent with this provision.  
**(f) SEVERABILITY.** The provisions of this section are severable and if any clause, sentence, paragraph or section of this measure, or an application thereof, is adjudged invalid by any court of competent jurisdiction other provisions shall continue to be in effect to the fullest extent possible.

**No. 3  
CONSTITUTIONAL AMENDMENT  
ARTICLE V, SECTIONS 10, 11  
(Legislature)**

**Ballot Title:**  
Prospective Appointment of Certain Judicial Vacancies

**Ballot Summary:**  
Proposing an amendment to the State Constitution requiring the Governor to prospectively fill vacancies in a judicial office to which election for retention applies resulting from the justice's or judge's reaching the mandatory retirement age or failure to qualify for a retention election; and allowing prospective appointments if a justice or judge is not retained at an election. Currently, the Governor may not fill an expected vacancy until the current justice's or judge's term expires.

**Full Text:**  
**ARTICLE V  
JUDICIARY**

**SECTION 10. Retention; election and terms. —**

**(a)** Any justice or judge may qualify for retention by a vote of the electors in the general election next preceding the expiration of the justice's or judge's term in the manner prescribed by law. When # a justice or judge is ineligible for retention or fails to qualify for retention, a prospective vacancy is deemed to occur at the conclusion of the qualifying period for retention for the purpose of appointing a successor justice or judge, and a vacancy shall exist in that office upon the expiration of the term being served by the justice or judge. When a justice or judge so qualifies, the ballot shall read substantially as follows: "Shall Justice (or Judge) ... (name of justice or judge)... of the ... (name of the court)... be retained in office?" If a majority of the qualified electors voting within the territorial jurisdiction of the court vote to retain, the justice or judge shall be retained for a term of six years. The term of the justice or judge retained shall commence on the first Tuesday after the first Monday in January following the general election. If a majority of the qualified electors voting within the territorial jurisdiction of the court vote to not retain, a prospective vacancy is deemed to occur immediately following the general election for the purpose of appointing a successor justice or judge, and a vacancy shall exist in that office upon the expiration of the term being served by the justice or judge.  
**(b)(1)** The election of circuit judges shall be preserved notwithstanding the provisions of subsection (a) unless a majority of those voting in the jurisdiction of that circuit approves a local option to select circuit judges by merit selection and retention rather than by election. The election of circuit judges shall be by a vote of the qualified electors within the territorial jurisdiction of the court.  
**(2)** The election of county court judges shall be preserved notwithstanding the provisions of subsection (a) unless a majority of those voting in the jurisdiction of that county approves a local option to select county judges by merit selection and retention rather than by election. The election of county court judges shall be by a vote of the qualified electors within the territorial jurisdiction of the court.  
**(3)a.** A vote to exercise a local option to select circuit court judges and county court judges by merit selection and retention rather than by election shall be held in each circuit and county at the general election in the year 2000. If a vote to exercise this local option fails in a vote of the electors, such option shall not again be put to a vote of the electors of that jurisdiction until the expiration of at least two years.  
**b.** After the year 2000, a circuit may initiate the local option for merit selection and retention or the election of circuit judges, whichever is applicable, by filing with the custodian of state records a petition signed by the number of electors equal to at least ten percent of the votes cast in the circuit in the last preceding election in which presidential electors were chosen.  
**c.** After the year 2000, a county may initiate the local option for merit selection and retention or the election of county court judges, whichever is applicable, by filing with the supervisor of elections a petition signed by the number of electors equal to at least ten percent of the votes cast in the county in the last preceding election in which presidential electors were chosen. The terms of circuit judges and judges of county courts shall be for six years.  
**SECTION 11. Vacancies. —**  
**(a)(1)** Whenever a vacancy occurs in a judicial office to which election for retention applies, the governor shall fill the vacancy by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next general election occurring at least one year after the date of appointment, one of not fewer than three persons nor more than six persons nominated by the appropriate judicial nominating commission.  
**(2)** Whenever a prospective vacancy occurs in a judicial office for which election for retention applies, the governor shall fill the prospective vacancy by appointing a justice or judge from among at least three persons but not more than six persons nominated by the appropriate judicial nominating commission. The term of the appointment commences upon the expiration of the term of the office being vacated and ends on the first Tuesday after the first Monday in January of the year following the next general election.  
**(b)** The governor shall fill each vacancy on a circuit court or on a county court, wherein the judges are elected by a majority vote of the electors, by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next primary and general election occurring at least one year after the date of appointment, one of not fewer than three persons nor more than six persons nominated by the appropriate judicial nominating commission. An election shall be held to fill that judicial office for the term of the office beginning at the end of the appointed term.  
**(c)** The nominations shall be made within thirty days from the occurrence of a vacancy or prospective vacancy unless the period is extended by the governor for a time not to exceed thirty days. The governor shall make the appointment within sixty days after the nominations have been certified to the governor.  
**(d)** There shall be a separate judicial nominating commission as provided by general law for the supreme court, each district court of appeal, and each judicial circuit for all trial courts within the circuit. Uniform rules of procedure shall be established by the judicial nominating commissions at each level of the court system. Such rules, or any part thereof, may be repealed by general law enacted by a majority vote of the membership of each house of the legislature, or by the supreme court, five justices concurring. Except for deliberations of the judicial nominating commissions, the proceedings of the commissions and their records shall be open to the public.

## ENMIENDAS CONSTITUCIONALES PROPUESTAS SOBRE LAS QUE SE VOTARÁ EL 4 DE NOVIEMBRE DEL 2014

### AVISO DE ELECCIÓN

Yo, Ken Detzner, Secretario de Estado del Estado de la Florida, por el presente notifico que se llevarán a cabo elecciones en cada condado de la Florida, el 4 de noviembre del 2014, para la aprobación o el rechazo de una propuesta de modificación de la constitución del Estado de la Florida.

### No. 1 ENMIENDA CONSTITUCIONAL ARTICULO X, SECCION 28 (Iniciativa)

**Título de la boleta:** Conservación de aguas y tierras: dedicar fondos para adquirir y restaurar tierras objeto de conservación y recreación en el Estado de Florida

**Resumen de la boleta:** Provee fondos para el Fondo Fiduciario de Adquisición de Tierras con el fin de adquirir, restaurar, mejorar y administrar tierras objeto de conservación, entre ellas pantanos y bosques; el hábitat de peces y vida silvestre; tierras que protegen los recursos hídricos y las fuentes de agua potable, incluidos los Everglades, y la calidad del agua en ríos, lagos y arroyos; playas y costas; tierras de recreación al aire libre; establecimientos agrícolas y ganaderos en actividad, y emplazamientos históricos o geológicos. Para ello se dedicará el 33% de los ingresos netos obtenidos del impuesto especial existente sobre documentos durante 20 años.

**Declaración sobre impacto financiero:** Esta enmienda no incrementa ni reduce los ingresos estatales. El ingreso estatal limitado para los propósitos especificados en la enmienda se estima en \$648 millones para el año fiscal 2015-16 y aumenta a \$1.268 mil millones hacia el vigésimo año. Si eso traerá como consecuencia gastos estatales adicionales depende de futuras acciones legislativas y no puede determinarse. De la misma manera, tampoco puede determinarse el impacto sobre los ingresos de gobiernos locales, si los hubiera. No se prevén costos de gobiernos locales.

**SECCIÓN 28. Fondo Fiduciario de Adquisición de Tierras. —**  
**a)** Con vigencia el 1° de julio del año posterior a la aprobación de esta enmienda por parte de los votantes y durante un periodo de 20 años a partir de esa fecha de entrada en vigor, el Fondo Fiduciario de Adquisición de Tierras recibirá no menos del 33% de los ingresos netos derivados del impuesto especial existente sobre documentos, tal como se define en los estatutos vigentes al 1° de enero de 2012, enmendados de tanto en tanto, o de cualquier impuesto sucesor o de remplazo, después de que el Departamento de Hacienda deduzca primero un cargo de servicio con el fin de pagar los costos de recopilación y aplicación del impuesto especial sobre documentos.  
**b)** El dinero del Fondo Fiduciario de Adquisición de Tierras se empleará únicamente con los siguientes propósitos:

- 1) Como lo establece la ley, para financiar o refinanciar: la adquisición o mejora de tierras, áreas de agua y derechos inmobiliarios relacionados, entre ellos las servidumbres de conservación y los recursos para tierras objeto de conservación, como, por ejemplo, pantanos, bosques y hábitat de peces y vida silvestre; áreas de administración de vida silvestre; tierras que protegen los recursos hídricos y las fuentes de agua potable, entre ellos las tierras que protegen la calidad y cantidad del agua en ríos, lagos, arroyos, manantiales, y tierras que brindan recarga de agua subterránea y sistemas acuíferos; tierras en el Área agrícola de los Everglades y el Área de protección de los Everglades, como están definidas en el Artículo II, Sección 7(b); playas y costas; tierras de recreación al aire libre, incluidos senderos recreativos, parques y espacios abiertos urbanos, paisajes rurales; establecimientos agrícolas y ganaderos en actividad, emplazamientos históricos o geológicos; junto con la administración, restauración de sistemas naturales y mejoramiento del acceso público o disfrute recreativo de las tierras objeto de conservación.
- 2) Para el pago del servicio de la deuda sobre los bonos emitidos conforme al Artículo VII, Sección 11(a).
- c) El dinero depositado en el Fondo Fiduciario de Adquisición de Tierras, tal como se define en los estatutos vigentes al 1° de enero de 2012, no estará mezclado ni se mezclará con el Fondo de Ingresos Generales del Estado.

### No. 2 ENMIENDA CONSTITUCIONAL ARTICULO X, SECCION 29 (Iniciativa)

**Título de la boleta:** Uso de marihuana para algunas enfermedades

**Resumen de la boleta:** Permite el uso médico de la marihuana a las personas con enfermedades debilitantes, según lo determine un médico autorizado por el Estado de Florida. Permite a los cuidadores asistir a los pacientes en el uso médico de marihuana. El Departamento de Salud deberá inscribir y regular los centros que producen y distribuyen marihuana con fines médicos y deberán extender tarjetas de identificación a pacientes y cuidadores. Se aplica únicamente a las leyes del Estado de Florida. No autoriza infracciones de la ley federal ni ningún uso, posesión o producción de marihuana con fines que no sean médicos.

**Declaración sobre impacto financiero:** El aumento de costos generado por esta enmienda para el gobierno estatal y los gobiernos locales no puede determinarse. Habrá actividades adicionales de regulación y aplicación asociadas a la producción y venta de marihuana con fines médicos. Las tarifas compensarán al menos en parte los costos de regulación. Si bien el impuesto sobre la venta se aplica a las compras, los cambios fiscales no pueden determinarse de manera razonable, dado que, si no existe una acción legislativa o administrativa estatal, no está claro en qué medida la marihuana con fines médicos estará exenta de impuestos.

**Texto completo:** ARTÍCULO X VARIOS

**SECCIÓN 29. Producción, posesión y uso de marihuana con fines médicos. —**

- (a) **POLÍTICA PÚBLICA.**
- (1) El uso médico de marihuana por parte de un paciente calificado o un cuidador personal no está sujeto a responsabilidad ni a sanciones penales o civiles conforme a las leyes del Estado de Florida, excepto según se indica en esta sección.
- (2) Un médico autorizado por el Estado de Florida no estará sujeto a responsabilidad penal o civil ni a sanciones, conforme a las leyes del Estado de Florida, por extender un certificado médico a una persona diagnosticada con una enfermedad debilitante de conformidad con esta sección.
- (3) Las acciones y el comportamiento de un centro de tratamiento de marihuana con fines médicos inscrito ante el Departamento, o sus empleados, según se contempla en esta sección y en cumplimiento de las regulaciones del Departamento, no estarán sujetos a responsabilidad ni a sanciones penales o civiles conforme a las leyes del Estado de Florida, excepto según se indica en esta sección.
- (b) **DEFINICIONES.** A los fines de esta sección, las siguientes palabras y términos tendrán los siguientes significados:
  - (1) «Enfermedad debilitante» significa cáncer, glaucoma, estado positivo del virus de inmunodeficiencia humana (VIH), síndrome de inmunodeficiencia adquirida (SIDA), hepatitis C, esclerosis lateral amiotrófica (ELA), enfermedad de Crohn, enfermedad de Parkinson, esclerosis múltiple u otras enfermedades para las cuales, a criterio del médico, los beneficios del uso médico de la marihuana probablemente serían superiores a los riesgos potenciales para la salud de un paciente.
  - (2) «Departamento» significa el Departamento de Salud o su agencia sucesora.
  - (3) «Tarjeta de identificación» significa un documento emitido por el Departamento que identifica a una persona que tiene un certificado médico o a un cuidador personal de por lo menos veintinueve (29) años de edad que ha aceptado asistir a un paciente calificado en el uso médico de marihuana.
  - (4) «Marihuana» tiene el significado otorgado al cannabis en la Sección 893.02(3) de los Estatutos de Florida (2013).
  - (5) «Centro de tratamiento de marihuana con fines médicos» significa una entidad que adquiere, cultiva, posee, procesa (incluido el desarrollo de productos relacionados tales como alimentos, tinturas, aerosoles, aceites o ungüentos), transfiere, transporta, vende, distribuye, despacha o administra marihuana, productos que contienen marihuana, suministros relacionados o material educativo a pacientes calificados o a sus cuidadores personales y que está inscrito ante el Departamento.
  - (6) «Uso médico» significa la adquisición, posesión, uso, entrega, transferencia o administración de marihuana o suministros relacionados por parte de un paciente calificado o un cuidador personal para ser usados por un paciente calificado para el tratamiento de una enfermedad debilitante.
  - (7) «Cuidador personal» significa una persona de por lo menos veintinueve (29) años de edad que ha aceptado asistir a un paciente calificado en el uso médico de marihuana y tiene una tarjeta de identificación de cuidador emitida por el Departamento. Un cuidador personal no puede asistir a más de cinco (5) pacientes por vez. Un empleado de un proveedor de cuidados paliativos o de un centro médico o de un hogar de ancianos puede actuar como cuidador personal para más de cinco (5) pacientes calificados, según lo permite el Departamento. Está prohibido para los cuidadores personales consumir marihuana obtenida para el uso personal y médico del paciente calificado.
  - (8) «Médico» significa un médico autorizado por el Estado de Florida.
  - (9) «Certificado médico» significa un documento por escrito firmado por un médico, en el que se indica que, en la opinión profesional del médico, el paciente sufre de una enfermedad debilitante, que los beneficios potenciales del uso médico de la marihuana probablemente sean superiores a los riesgos para la salud del paciente, y se indica durante cuánto tiempo el médico recomienda el uso médico de marihuana para el paciente. Un certificado médico sólo puede extenderse después de que el médico haya realizado un examen físico del paciente y una evaluación completa del historial médico del paciente.
  - (10) «Paciente calificado» significa una persona a la que se le ha diagnosticado una enfermedad debilitante, que tiene un certificado médico y una tarjeta de identificación válida de paciente calificado. Si el Departamento no comienza a emitir tarjetas de identificación dentro de los nueve (9) meses posteriores a la fecha de entrada en vigor de esta sección, un certificado médico válido servirá como tarjeta de identificación de paciente para permitir que una persona se convierta en paciente calificado» hasta tanto el Departamento comience a emitir tarjetas de identificación.
  - (c) **LIMITACIONES.**

- (1) Nada de lo contenido en esta sección afectará a las leyes referidas al uso no médico, posesión, producción o venta de marihuana.
- (2) Nada de lo contenido en esta sección autoriza el uso de marihuana con fines médicos a cualquier persona que no sea un paciente calificado.
- (3) Nada de lo contenido en esta sección permite la operación de un vehículo de motor, embarcación o aeronave mientras se está bajo la influencia de la marihuana.
- (4) Nada de lo contenido en esta sección requiere que se infrinjan las leyes federales o pretende otorgar inmunidad conforme a las leyes federales.
- (5) Nada de lo contenido en esta sección requerirá adaptación alguna para el uso médico de marihuana en ningún lugar de educación o trabajo, ni para fumar marihuana con fines médicos en ningún sitio público.
- (6) Nada de lo contenido en esta sección requerirá que ningún proveedor de seguros de salud u organismo o autoridad del gobierno reembolse a ninguna persona por los gastos relacionados con el uso médico de marihuana.
- (d) **OBLIGACIONES DEL DEPARTAMENTO.** El Departamento deberá emitir regulaciones razonables y necesarias para la implementación y aplicación de esta sección. El propósito de las regulaciones es garantizar la disponibilidad y el uso seguro de marihuana con fines médicos por parte de los pacientes calificados. Es obligación del Departamento promulgar regulaciones de manera oportuna.
  - (1) Implementación de regulaciones. Con el objeto de otorgarle al Departamento tiempo suficiente después de la aprobación de esta sección, las siguientes regulaciones deberán promulgarse a más tardar seis (6) meses después de la fecha de entrada en vigor de esta sección:
    - a. Procedimientos para la emisión de tarjetas de identificación de paciente calificado a las personas portadoras de certificados médicos, y estándares para la renovación de dichas tarjetas de identificación.
    - b. Procedimientos para la emisión de tarjetas de identificación de cuidador personal a personas calificadas para asistir a un paciente calificado en el uso médico de marihuana, y estándares para la renovación de dichas tarjetas de identificación.
    - c. Procedimientos para la inscripción de Centros de Tratamiento de Marihuana Con Fines Médicos, que incluyan procedimientos para la emisión, renovación, suspensión y revocación de inscripciones, y estándares para garantizar la seguridad informática, el mantenimiento de registros, análisis, etiquetado, inspección y seguridad.
    - d. Una regulación que defina la cantidad de marihuana que podría considerarse un suministro adecuado y razonable para el uso médico de los pacientes calificados, sobre la base de las mejores pruebas disponibles. Esta presunción referida a la cantidad puede contrarrestarse con pruebas del uso médico apropiado por parte de un paciente calificado en particular.
    - (2) Emisión de tarjetas de identificación e inscripciones. El Departamento comenzará a emitir tarjetas de identificación de paciente calificado y cuidador personal, y también iniciará la inscripción de Centros de Tratamiento de Marihuana Con Fines Médicos a más tardar nueve (9) meses después de la fecha de entrada en vigor de esta sección.
    - (3) Si el Departamento no emite las regulaciones, o si el Departamento no comienza a emitir tarjetas de identificación y a inscribir a Centros de Tratamiento de Marihuana Con Fines Médicos dentro de los plazos establecidos en esta sección, cualquier ciudadano del Estado de Florida tendrá derecho a valerse de recursos judiciales para obligar al cumplimiento de las obligaciones constitucionales del Departamento.
    - (4) El Departamento deberá proteger la confidencialidad de todos los pacientes calificados. Todos los registros que contengan la identidad de los pacientes calificados deberán ser confidenciales y estar exentos de divulgación pública excepto con fines médicos o referidos al cumplimiento de la ley válidos.
    - (e) **LEGISLACIÓN.** Nada de lo contenido en esta sección limitará a la legislación para promulgar leyes coherentes con esta disposición.
    - (f) **DIVISIBILIDAD.** Las disposiciones contenidas en esta sección son divisibles, y si cualquier tribunal competente declara la invalidez de cualquier cláusula, oración, párrafo o sección de esta medida, o su aplicación, las demás disposiciones continuarán vigentes en la mayor medida posible.

### No. 3 ENMIENDA CONSTITUCIONAL ARTICULO V, SECCIONES 10, 11 (Asamblea Legislativa)

**Título de la boleta:** Nombramiento Eventual para Ciertos Cargos Judiciales Vacantes

**Resumen de la boleta:** Propone una enmienda a la Constitución del Estado en la que se establezca que el Gobernador debe cubrir las vacantes eventuales en los cargos judiciales que estén sujetos a elecciones de retención cuando los jueces o magistrados se encuentren por cumplir la edad legal para jubilarse o en el supuesto de que no califiquen para la elección de retención; y permitir los nombramientos eventuales si un juez o magistrado no se retiene en su cargo en una elección de retención. En la actualidad, el Gobernador no puede cubrir una vacante prevista hasta que termine el mandato del juez o magistrado actual.

**Texto completo:** ARTÍCULO V PODER JUDICIAL

**SECCIÓN 10. Retención; elección y mandatos. —**

- (a) Cualquier juez o magistrado puede calificar para la retención, la cual se produce mediante el voto de los electores en la próxima elección general que sea anterior a la conclusión del mandato del juez o magistrado por las causas establecidas por ley. Cuando un juez o magistrado no esté habilitado para ser retenido o no cumple con los requisitos para la retención, se producirá una vacante eventual al finalizar el periodo de calificación de retención a fin de nombrar un juez o magistrado sucesor, y se producirá una vacante en ese cargo judicial a la finalización del mandato cumplido por el juez o magistrado. Cuando un juez o magistrado califique como tal para la retención, en la boleta se deberá leer claramente lo siguiente: "¿Deberá el Magistrado (o Juez) ... (nombre del juez o magistrado) ... de la ... (nombre de la corte) ... ser retenido en el cargo judicial?" Si la mayoría de los electores calificados que votan dentro de la jurisdicción territorial de la corte eligen retenerlo, entonces, el juez o magistrado continuará ejerciendo sus funciones durante un periodo de seis años. Este mandato del juez o magistrado que ha sido retenido comenzará el primer martes luego del primer lunes de enero siguiente a la elección general. Si la mayoría de los electores calificados que votan dentro de la jurisdicción territorial de la corte eligen no retenerlo, una vacante eventual se producirá inmediatamente luego de la elección general con la finalidad de nombrar a un juez o magistrado sucesor, y se producirá una vacante en ese cargo judicial a la finalización del mandato cumplido por el juez o magistrado.
  - (b)(1) Se deberá mantener el método de elección de jueces de circuito sin perjuicio de las disposiciones de la sub-sección (a), excepto que la mayoría de los votantes en la jurisdicción de dicho circuito aprueben la opción local de elegir a los jueces de circuito mediante el sistema de selección por mérito y elecciones de retención en lugar de mediante una elección. La elección de los jueces de circuito deberá realizarse mediante el voto de electores calificados dentro de la jurisdicción territorial de la corte.
    - (3a). En la elección general del año 2000 se deberá votar en cada jurisdicción territorial de circuito y de condado para decidir si el modo de elegir a los jueces de circuito y a los jueces del condado será mediante el sistema de selección por mérito y elecciones de retención en lugar de mediante una elección. La elección de los jueces del Condado deberá realizarse mediante el voto de electores calificados dentro de la jurisdicción territorial de la corte.
    - (3j). En la elección general del año 2000 se deberá votar en cada jurisdicción territorial de circuito y de condado para decidir si el modo de elegir a los jueces de circuito y a los jueces del condado será mediante el sistema de selección por mérito y elecciones de retención en lugar de mediante una elección. Si los electores votan por no ejercer esta opción local, esta opción no podrá someterse a votación de los electores en esa jurisdicción hasta que hayan transcurrido al menos dos años.
    - b. A partir del año 2000, cada circuito puede presentar la opción local de elección por mérito y elecciones de retención o de la elección de jueces de circuito, según corresponda, al presentar una solicitud ante el encargado de los registros estatales. Dicha solicitud deberá estar firmada por un número de electores igual a por lo menos el diez por ciento de los votos emitidos en la jurisdicción de ese circuito en la última elección presidencial efectuada.
    - c. A partir del año 2000, cada condado puede presentar la opción local de elección por mérito y elecciones de retención o de la elección de los jueces del condado, según corresponda, al presentar una solicitud ante el supervisor de las elecciones. Dicha solicitud deberá estar firmada por un número de electores igual a por lo menos el diez por ciento de los votos emitidos en el condado en la última elección presidencial efectuada. Los mandatos de los jueces de circuito y los jueces de condado serán de seis años.
  - (b)(2) Siempre que se produzca una vacante en un cargo judicial sujeto a la elección de retención, el gobernador deberá cubrir la vacante mediante el nombramiento de una persona entre a menos tres y no más de seis personas nominadas por la comisión judicial de nombramientos correspondiente, por un periodo que finalizará el primer martes luego del primer lunes de enero del año siguiente a las próximas elecciones generales que se efectúen al menos un año después de la fecha del nombramiento.
  - (c) Siempre que se produzca una vacante eventual en un cargo judicial sujeto a la elección de retención, el gobernador deberá cubrir esa vacante eventual mediante el nombramiento de un juez o un magistrado de entre al menos tres personas y no más de seis personas nominadas por la comisión judicial de nombramientos correspondiente. El plazo del nombramiento comienza cuando finaliza el plazo del cargo que quedó vacante y concluye el primer martes luego del primer lunes de enero del año siguiente a la próxima elección general.
  - (d) El gobernador deberá cubrir cada vacante de una corte de circuito o de una corte de condado, en donde los jueces sean elegidos por mayoría de votos de los electores, al nombrar a una persona entre no menos de tres y no más de seis personas nominadas por la comisión judicial de nombramientos correspondiente, por un periodo que concluye el primer martes luego del primer lunes de enero del año que sigue a elección primaria y general que se efectúe por lo menos un año después de la fecha del nombramiento. Se deberá realizar una elección para cubrir ese cargo judicial por el periodo del cargo que comienza al finalizar el periodo del cargo por nombramiento.
    - (c) Los nombramientos se deberán realizar dentro de los treinta días desde que se ha producido la vacante o vacante eventual, excepto que el gobernador extienda el periodo por un lapso que no podrá exceder los treinta días. El gobernador deberá realizar el nombramiento dentro de los sesenta días desde que los nombramientos hayan sido certificados ante el gobernador.
    - (d) Tal como lo establece la legislación general, deberán existir diferentes comisiones judiciales de nombramientos para el Tribunal Supremo, para cada tribunal de apelación de distrito, y para cada circuito judicial en todos los juzgados de primera instancia del circuito. Las comisiones judiciales de nombramientos deberán establecer reglamentos de procedimiento uniformes en cada nivel del sistema judicial. Tales reglamentos, o cualquier parte de ellos, podrán ser derogados por las leyes generales promulgadas con la mayoría de votos de cada cámara de la Asamblea Legislativa, o por el Tribunal Supremo de Justicia con el voto concurrente de cinco magistrados. A excepción de las deliberaciones realizadas por las comisiones judiciales de nombramientos, los procedimientos de las comisiones y sus registros deberán estar abiertos al público.
