District falls below state average in reading and writing

By Jeffry Boatright

The Florida Department of Education released FCAT writing and FCAT 2.0 reading scores Friday.

According to FDOE reports, the state average for 9th grade reading scores was at 52 percent for students at the passing level of three or above, while Hamilton County students scored only 39 percent at level three or above.

The 10th grade reading scores for Hamilton County showed that 29 percent are at level three or above. Testing revealed that reading scores for 10th graders statewide is 50 percent at level three or above.

In the 2012 FCAT writing tests, 192,753, 10th grade students were tested statewide. Of those students, 81 percent scored a 3.0 or above, 48 scored a 3.5 or above and 27 percent scored a 4.0 or above. The mean score for the state was 3.3 while the mean score for Hamilton County was 3.1. Of the 84 10th graders tested in Hamilton County, 74 percent scored 3.0 or above, 40 percent scored 3.5 or above and 24 percent scored 4.0 or above.

Of the 193,706, 8th grade students tested statewide in their writing skills, 78 percent scored 3.0 or above, 52

Hamilton County's own Officer Robby Creech was nominated to represent the North Central Region of the Florida Fish and Wildlife Conservation Commission (FWC) in its 2012 "Officer of The Year" commendation.

The FWC officer's nomination was based on his initiative, dedication to service, strong work ethic, consistency and overall job performance.

"Although he wasn't selected as the statewide FWC award recipient, it's still a testimony to his hard work to be chosen as the region's top officer," said Maj. Roy Brown, regional commander for the FWC's North Central Region, based out of Lake City.

Creech began his career with FWC in 2002 and was assigned to Volusia County before transferring to Hamil-

Headliners for this year's festival are Florida's own superstars John Anderson and Billy Dean as well as Florida favorite Arlo Guthrie. Hundreds more folk music legends from throughout the Sunshine State will be on hand.

Walter McKenzie said it's not just about the music, however.

"I love the diversity and quality of not only the music but also the arts, the crafts and the craft demonstrations, the dance performances, the storytelling and the food and beverages," said McKenzie. "Nowhere else can you get such a complete experience, a real big wonderful slice of the Florida cultural pie."

Price for admission is $25 for one day for adults, $50 for the weekend. Children 6-16 are $5 all three days. Children under six get in free. For more information, call toll free at 1-877-635-3655.

perience and the law enforcement experience necessary to operate this important office," said Reid. "I have a proven record of fiscal responsibility. Under my leadership we have operated the sheriff's office within budget and have returned money every year that I have been sheriff, totaling over $2,200,000. The sheriff's office is big business and we need a person who has the necessary business experience to operate, manage and conserve the finances of our taxpayers' dollars."

Reid is a native and lifetime resident of Hamilton County, is an active member of First Baptist Church, and was educated in the public school system locally. He holds Associate of Science, Associate of Arts, and Bachelor of Science degrees. Reid is a Certified Law Enforcement Officer by the Florida Criminal Justice Standards and Training Commission. He also is a graduate of FBI National Academy in Quantico, Va.

Reid was recently elected by his peers to serve as president of the Florida Sheriff's Association, which is the largest Sheriff's Association in the United States.

Hamilton County had a two percent drop in the crime rate for the year 2011. Since 1999 Hamilton County's Crime Rate has dropped by over 20 percent.

The sheriff of a county has the awesome responsibility of protecting its citizens and providing public safety to ensure that families can be safe in their homes and children will be safe in their schools, as well.

In Hamilton County, the sheriff's office operates the emergency management office and 911 dispatch for police, fire, and rescue services. We have tightened our belt during these tough economic times. The sheriff's office is called upon to provide more services with less funding. We are committed to provide the best services to our residents. Our children, our young people, and our senior citizens deserve to feel safe.

Some of Sheriff Reid's accomplishments and programs that he has started since he has been in office:

•Started community policing in Hamilton County by having deputies live in each area of the county; Jasper, Jennings and White Springs.

•Started school resource officer in our public schools, has a deputy assigned full time to work in our school system.

•Started the Crime Stoppers program in Hamilton County.

•Started the Hamilton County Drug Task Force, three deputies assigned full time to work on drug traffickers and drug dealers. These deputies made 101 drug arrests during the last fiscal year.

•Assigned a deputy to work with the Alcohol and Drug Coalition, a grant funded coalition that helps with enforcement and education of our young people against drug, alcohol, and tobacco use.

•Started the Hamilton County Sheriff's Explorer Program in our high school, a nationwide program chartered by the Boy Scouts of America.

•Started the Computer Aided Dispatch program. Each deputy has a computer in their car that allows the officer to run license checks and wanted person checks without tying up radio transmissions.

•Started Enhanced 911 program that allows dispatchers to pinpoint the exact location of a call for rescue, fire, or police services.

•Obtained a fully funded grant to install and operate a new Smart 911 system in Hamilton County. This grant comes from the State 911 system and is not a burden on local tax dollars.

You can trust HARRELL REID to lead the law enforcement efforts of this county. You can trust HARRELL REID to manage and conserve your tax dollars.

Public safety and the economy are the main concerns of people in America today. I urge you to carefully and prayerfully examine the qualifications and records of the candidates in this race and make the right choice.

Business experience, plus law enforcement experience—The RIGHT CHOICE with a PROVEN RECORD.

I solicit your vote and will appreciate the honor of serving you.

Special thanks go to Mr. David Goolsby, property appraiser, and assistant Rick Young who prepared the barbecued chicken, baked beans and bread for the lunch. Nestle's Water (Trammel Reid) donated bottled water for the event. Decorations and other items for the meal were provided by Coalition members. Sugar Dumplins prepared beautiful golf themed cupcakes for dessert. Hamilton County Explorers with Deputy Emily Lumpkin, sponsor, volunteered help that was greatly appreciated. *Jasper News* provided news coverage of the event also. Suwannee Valley Golf Course pro Bob Budwick and staff made all feel welcome and everyone had a great day at the golf course.

The Hamilton County Alcohol and Other Drug Prevention Coalition is a nonprofit organization that is striving to help build a new generation of young adults in Hamilton County that are healthy and drug free and that will live productive and happy lives. You can help save the youth of Hamilton County by supporting our cause with donations of money and time. What better way to invest in your own community than by investing in the lives of our youth?

Because of the success of our 5th Annual Golf Tournament, we plan to keep continuing this event, so please get involved by participating and/or sponsoring this and other events, or by giving donations to this worthy cause. Everything received will be invested in programs and events that will help our youth to make positive choices for a bright future.

Serving wounded warriors and the survivors of our fallen heroes

By Mary Kay Vang
Social Security District Manager, Lake City, Fl

It's an American tradition to pay tribute to the men and women of the Armed Forces each Memorial Day — especially honoring those who have made the ultimate sacrifice while serving our country.

If you are a military service member who was wounded and needs to apply for disability benefits, it's important to know that you will receive expedited processing. Our wounded warriors initiative is for military service members who become disabled while on active duty on or after October 1, 2001, regardless of where the disability occurs. Depending on the situation, some family members of military personnel, including dependent children and, in some cases, spouses, may be able to receive benefits. Learn more about it at www.socialsecurity.gov/woundedwarriors.

Did you know that May also is National Military Appreciation Month? Even more reason to let members of our military know how much we value what they do for us and our nation.

To learn more about the Social Security benefits for those who have served in the military, read our publication, Military Service and Social Security. You can find it online at www.socialsecurity.gov/pubs/10017.html, or send us an email at OPI.Net.Post@ssa.gov, or call us at 1-800-772-1213 (TTY 1-800-325-0778) to ask for a free copy to be mailed to you.

Memorial Day also is a good time to remind families of fallen military heroes that we may be able to pay Social Security survivors benefits. If the person you depended on for income has died, you should apply for survivors benefits. Learn more about Social Security survivors benefits at www.socialsecurity.gov/pgm/survivors.htm.

The men and women of the Armed Forces serve us each and every day. At Social Security, we're here to serve them too.

Hamilton County's Creech selected as an FWC regional Officer of the Year

ton County in 2007.

"Officer Creech has done an excellent job in the North Central Region for several years now," said Brown. "He has demonstrated the ability, time and time again, to take a small amount of information and follow it through to a successful conclusion, resulting in a very high arrest and conviction rate that has made him an exceptional officer."

Creech is assigned to a rural county with a relatively low population. An officer must establish excellent local contacts to be successful. Creech's overall activity of numerous resource violations and boating violations is proof that he has built the rapport needed. That rapport, coupled with a strong work ethic, is why he has been very successful, according to Brown.

His performance has been exceptional this year, with cases involving duck hunters with unplugged shotguns, using lead shot; people taking deer at night with gun and light; trespassing; taking freshwater game fish with a spear gun; boating under the influence; keeping undersized black bass; driving under the influence; illegally taking alligator; and other resources violations.

Creech has established himself within his county as a hard-working professional law enforcement officer. He has earned the respect of his co-workers, supervisors, the constituents he serves and the judicial system. He has also earned a reputation of being an officer of integrity.

Creech also demonstrates a spirit of volunteerism in his off-time, serving with the Army National Guard. He has deployed several times.

"His sacrifice to serve this great land of ours preserves the freedoms and rights we enjoy. He has proved to be a valuable asset to his country, the FWC and the constituents that he so proudly serves," Brown said. "We proudly nominated him for the 2012 Officer of the Year."

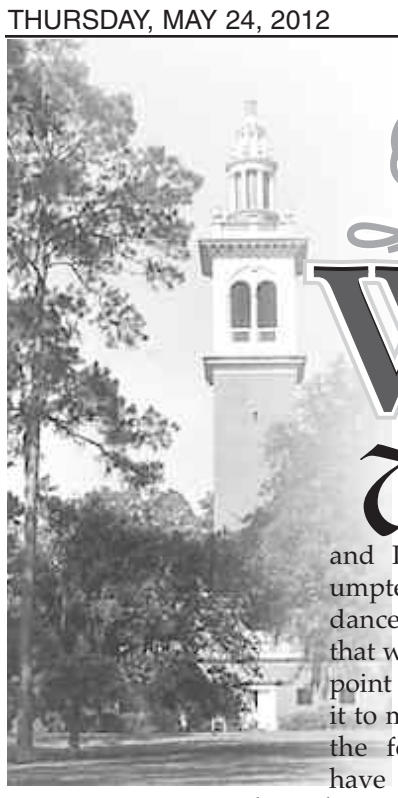
percent scored 3.5 or above and 33 percent scored 4.0 or above. The mean score for the state was 3.3 with Hamilton County 8th graders scoring a mean score of 3.0. Of the 129 8th grade students tested in Hamilton County, 65 percent scored 3.0 or above, 37 percent scored 3.5 or above and 20 percent scored 4.0 or above.

Statewide, there were 192,753 4th graders tested in their writing skills. Of those students, 81 percent scored 3.0 or above, 48 percent scored 3.5 or above and 27 percent scored 4.0 or above. The mean score for the state was 3.3, with a mean score of 3.0 for Hamilton County. In Hamilton County, 122 4th graders were tested with 73 percent scoring 3.0 or above, 35 percent scoring 3.5 or above and 18 percent scoring 4.0 or higher.

The performance level standard used for calculating results for the 2011-12 school year was set at 3.0 on a scale of 6.0. According to the FDOE, a previous commissioner of education recommended the State Board of Education set the school grade standard for FCAT writing up from 3.5 to 4.0, since there was only one scorer and it was not possible to earn a half point. However, after reviewing preliminary scores that indicated significantly lower student performance based on an increased focus of grammar and the quality of details provided as support when writing an essay, Florida Education Commissioner Gerard Robinson brought the matter to the attention of the board and the standard was subsequently adjusted to 3.0.



Life in WHITE SPRINGS

The Florida Folk Festival is upon us and as Merri and I contemplate our umpteenth year in attendance, we are amazed that we have reached the point that we have made it to more of than half of the festivals now and have not missed one in over 30 years. One thing that we have learned over the years is that these festivals don't just happen by themselves. This year I am sure that things will seem so smooth and effortless to the average attendee that they will have no idea how many people have worked to get the festival ready for its 60th birthday. I hope that all of you will take every opportunity available to thank the hundreds of people who have been working to get this 60th anniversary edition of the Folk Festival ready to go. Thanks go out to the sponsors, we have more than ever this year, and to the volunteers, the Stephen Foster Citizen Support Organization, and to the park staff. The sponsors ponied up more money this year than ever before, which is right incredible considering the overall economic climate. The staff and a host of volunteers busted their bunions over the past year, particularly for the last month, to get things ready. At last Monday's Stephen Foster CSO meeting we gave them all credit and a round of applause for their hard work and then, unplanned, a wonderful spontaneous tribute occurred. One of the volunteers stood up and said that "Yes, everyone had worked hard, but no one had worked any harder than this man", and he turned and pointed to Ben Faure, our park manager. One by one the crowd of nearly one hundred rose to its feet and gave Ben a standing ovation. He deserved it. Ben knows how to take charge with a real "hands on" attitude and is often seen leading by example, whether it requires him to work in the office with a computer, on the stage with a microphone, or in the field with a variety of power equipment and hand tools. Many times he has demonstrated to his team that he knows how to sweat, get dirty and use a wheelbarrow, a shovel, a fire hose, or whatever is required to get the job done! Ben probably doesn't want this attention on him because he will be the first to tell you he believes that the credit for the hard work belongs to the entire team, but I am here to tell you that, in my experience, a good team only becomes a great team when they are led by a great leader. Ben Faure, you are indeed a great leader, a great Florida State Park manager and White Springs is proud of you and very, very fortunate to have you here! Thank you Ben!

White Springs is full of family traditions and now we have another one! The Stormants have reopened their store, formerly known as Stormant's Grocery, and it is now named "Family Traditions". It is a very fitting name, for the Stormants are indeed a multi-generational tradition here in White Springs and a visit to their store has been traditional for many White Springs families over the years. Neal and Lori, and Pete and Kimberly have all been working hard to remodel and reopen and the results are very impressive. They have a wonderful meat market, featuring prepackaged and custom cut meats, and they also carry a nice variety of excellent quality fresh fruits and vegetables, eggs, salads, dry goods, canned goods and more. If you want to let them do the cooking, you can order some of their Boston butt, or smoked ribs or their excellent barbeque to go. The deli and dining area is open too and serves delicious meals from 5 a.m. to 7 p.m., seven days a week. Stop by and support this local family owned business or you can call 397-2637 to place your order. Thank you Neal and Lori, we are glad to see you back in business!

Congratulations to one of the nicest guys I know, Charlie Shaw on his graduation! A large group of family and friends showed up at Stephen Foster Park last Saturday to have a surprise celebration and boy was he surprised! Charlie has been a hardworking man for all the years that I have known him and everyone that has met him through his work with American Canoe Adventures or Elderhostel has been impressed and entertained with his good humor and impressive knowledge of White Springs. Working and being a dedicated family man got in the way of his going back to school for quite a few years, but recently he made up his mind to get back to it and rediscovered something that we all need to be reminded of every now and then, and that is that if we are willing to spend the time and the effort, anything is possible. When the large crowd gathered and celebrated I hope that Charlie was also reminded that long before he went back to school, he had already accomplished something even more remarkable, something we should all try hard to do as well as he has done, and that is that he, through hard work and giving of his time and love and generous spirit, has earned the love and respect of his friends and family. Charlie, thank you for all the happiness and all the smiles you have brought our way. I look forward to your next graduation party!

So, once again there is a lot happening in our little town and I hope to see you out and about, enjoying and contributing to life in White Springs.

Norris Notes

By Lillian Norris

It is a very busy time of year in Hamilton County right now, what with the end of the school year, the Folk Festival coming up this weekend in White Springs, then the Blackberry Festival. I had some fresh blueberries this morning for breakfast, they were freshly picked I am sure; were so cool and sweet, now we are ready for the blackberries and all the goodies, as I mentioned last week. We will be looking forward to blackberry pancakes and sausages for breakfast, and freshly brewed coffee, can hardly wait. The location this year is Central Avenue, from the middle of downtown Jasper, and keep going down Central toward the Methodist Church. Many things to see and do, and eat and buy. The Committee is asking (I could say begging) for items to be donated for auction to be held, especially older items that could be of value to someone, or just what they had been looking for. Also there will be items for sale in different booths, as well as much good food.

This weekend is the Florida Folk Festival in White Springs, I remember that was one of the first big events in the County that I was able to attend when first coming to Jasper, it was amazing to me, all the food and entertainment, so many people, reminded me of similar events back in my hometown. Many of my memories of this event, which are no longer part of the festivities, included the pancake breakfasts hosted by the Jasper Lions Club, the booths open by the students from the high schools, band, cheerleaders, etc. (I was given a secret, fill the cups with ice, then the customers would come back for another drink). Much fun. Met a lot of new people who are still friends. Of course one of the memories was of Aunt Nancy's dumplin's, my Mother would love to go just for that.

Sorry to have missed the dedication of the memorial to Deputy Sheriff Raiford Royals who was shot and killed in the line of duty, understand it was a truly memorable event, and was a blessing to the memory of Deputy Royals and the family.

I just got the notice of the Awards Program and the High School this evening and know there will be news of it in the JASPER NEWS by next week anyhow, it is always great to see these fine young people being rewarded for their outstanding efforts during their school years.

Have you tried the new breakfast sandwich, salad restaurant shop in downtown Jasper? The food is good and filling, service great also. Good luck to all business in Jasper, Hamilton County, we need to support those in our immediate locale.

Hope to see you 'round and about in the coming events.

It is hard to believe that school year is coming to a close, be careful.

Hope to hear from you soon.

A special message from a local about her father that she presented to the Hamilton County Riding Club recently.

For those of you that do not know me, I am Sandy Beal. I am one of Odis and Linda Wetherington's daughters. I know there are some of you that are asking why I am leading this horse.

This was my dad's horse, Lady. He passed away in January of this year. Traditionally a person leads a single horse - simple black boots are reversed in the stirrups to represent a fallen rider looking back over his family and friends for the last time.

My family is honored that the Hamilton County Riding Club has put together such a great tribute to my dad Odis Wetherington.

My dad loved this time of year, as much as he fussed about mama going to this meeting and that meeting. He always said that someone needed to come cook him some supper because mama was at the dang riding club meeting again. Knowing that she had cooked before she left. He always rode in the rodeo parade got all dressed up in his leather cowboy vest,

OPINION

Should black people tolerate this?

A MINORITY VIEW

© 2011 Creators Syndicate

BY WALTER WILLIAMS

Each year, roughly 7,000 blacks are murdered. Ninety-four percent of the time, the murderer is another black person. According to the Bureau of Justice Statistics, between 1976 and 2011, there were 279,384 black murder victims. Using the 94 percent figure means that 262,621 were murdered by other blacks. Though blacks are 13 percent of the nation's population, they account for more than 50 percent of homicide victims. Nationally, black homicide victimization rate is six times that of whites, and in some cities, it's 22 times that of whites. Coupled with being most of the nation's homicide victims, blacks are most of the victims of violent personal crimes, such as assault and robbery.

The magnitude of this tragic mayhem can be viewed in another light. According to a Tuskegee Institute study, between the years 1882 and 1968, 3,446 blacks were lynched at the hands of whites. Black fatalities during the Korean War (3,075), Vietnam War (7,243) and all wars since 1980 (8,197) come to 18,515, a number that pales in comparison with black loss of life at home. It's a tragic commentary to be able to say that young black males have a greater chance of reaching maturity on the battlefields of Iraq and Afghanistan than on the streets of Philadelphia, Chicago, Detroit, Oakland, Newark and other cities.

A much larger issue is how might we interpret the deafening silence about the day-to-day murder in black communities compared with the national uproar over the killing of Trayvon Martin. Such a response by politicians, civil rights organizations and the mainstream news media could easily be interpreted as "blacks killing other blacks is of little concern, but it's unacceptable for a white to kill a black person."

There are a few civil rights leaders with a different vision. When President Barack Obama commented about the Trayvon Martin case, T. Willard Fair, president of the Urban League of Greater Miami, told The Daily Caller that "the outrage should be about us killing each other, about black-on-black crime." He asked rhetorically, "Wouldn't you think to have 41 people shot (in Chicago) between Friday morning and Monday morning would be much more newsworthy and deserve much more outrage?" Former NAACP leader Pastor C.L. Bryant said the rallies organized by Al Sharpton and Jesse Jackson suggest there is an epidemic of "white men killing black young men," adding: "The epidemic is truly black-on-black crime. The greatest danger to the lives of young black men are young black men."

Not only is there silence about black-on-black crime; there's silence and concealment about black racist attacks on whites -- for example, the recent attacks on two Virginian-Pilot newspaper reporters set upon and beaten by a mob of young blacks. The story wasn't even covered by their own newspaper. In March, a black mob assaulted, knocked unconscious, disrobed and robbed a white tourist in downtown Baltimore. Black mobs have roamed the streets of Denver, Chicago, Philadelphia, New York, Cleveland, Washington, Los Angeles and other cities, making unprovoked attacks on whites and running off with their belongings.

Racist attacks have been against not only whites but also Asians. Such attacks include the San Francisco beating death of an 83-year-old Chinese man, the pushing of a 57-year-old woman off a train platform and the knocking of a 59-year-old Chinese man to the ground, which killed him. For years, Asian school students in New York and Philadelphia have been beaten up by their black classmates and called racist epithets -- for example, "Hey, Chinese!" and "Yo, dragon ball!" But that kind of bullying, unlike the bullying of homosexuals, goes unreported and unpunished.

Racial demagoguery from the president on down is not in our nation's best interests, plus it's dangerous. As my colleague Thomas Sowell recently put it, "if there is anything worse than a one-sided race war, it is a two-sided race war, especially when one of the races outnumbers the other several times over."

Winds of change

"If a blind man realizes he can see, has the world changed?"..~Dan Millman

Each of us walk alongside others in our journeys who influence our decisions and behaviors. Parents, children, spouses, partners, friends; in whatever capacity have great influences over our lives-whether we are consciously aware of this or not. Humans are social animals, and social factors affect lifestyle modification success regardless of what stage of change you may be in. In fact, social support is one of the strongest determinants in weight loss maintenance, building and maintaining of self efficacy, and dietary modification success.

So what am I saying here, if you don't have support from others you will fail? No-everyone has the power to change their live regardless of their circumstances, however, lack of social support makes change more challenging. Awareness of this fact going in will greatly increase your chances of success.

If your coworkers go as a group every day for a fast food lunch and you are trying to incorporate healthy eating habits imagine how this can affect your progress. This scenario is even more intensified when talking of spouses. I have had many, many clients who make the choice to change their lifestyles and their spouse is either unsupportive, or unwilling to join them. Let's say Jim and Sally are married. They have both increased their weight through eating too much and moving too little. Sally decides to clean up her diet and begin to participate in physical activity. Jim is not joining her and is even a bit resentful of her decision which is affecting his life in ways that do not please him. He doesn't appreciate the time away from home Sally devotes to exercise; or the fact his meals have changed as a result of her dietary choices. Jim even gives Sally a hard time in hopes she will quit and their lives can return to "normal". Scenarios such as these happen all too often and are major road blocks on the path to change.

Change is never easy, but why should the goal be easy anyway? As the old saying goes there are two roads in life: the easy road and the hard road. The only good thing about the easy road is that it's easy. When initiating change in your life means no longer fitting in ask yourself is fitting in such a wonderful attribute? In these moments we must remember we're not all here to fit in-some of us are here to lead.

I take us back to the beginning, to our blind man. When our perspectives change this does not mean the world has changed; we have changed. When the world includes those closest to sometimes we are thrown into turbulent waters. Moving into this new and unfamiliar territory can be scary, but remember: the best way to inspire others is to be inspiring yourself.

We are all looking for someone who will make us do what we can.

~Ralph Waldo Emerson

Arthritis isn't just for humans

By Pet Talk staff

When arthritis has your knees creaking and your joints aching, it can be a miserable time. Your pets may feel your pain as well.

Arthritis in pets can be just as agonizing as it is in humans, and the disease and its effects are very similar in both pets and people, says Dr. Sharon Kerwin, professor at the Texas A&M College of Veterinary Medicine & Biomedical Sciences who specializes in orthopedic medicine.

Kerwin says animal arthritis attacks bones and joints much the same way as the disease does in humans, but with one noticeable exception – it can strike some animals, especially dogs, before they become 1-year-old.

Certain breeds are especially prone to get arthritis, and these include the Rottweiler, golden retrievers, and Labrador retrievers.

Kerwin says there are several signs pet owners may look for if they suspect their animal might have arthritis.

"First is an obvious decrease in activity," she explains. "The animal may not want to go as far as it used to on a walk. It may not want to walk at all."

"In cats, it is sometimes a little harder to detect arthritis, but the animal may appear to be less active and may have trouble jumping on top of a chair or table."

Treatments can vary, depending on the severity of arthritis, Kerwin says.

Surgery, she explains, is sometimes recommended, especially if a hip or other joint is severely affected.

"Drugs are often prescribed, and 'joint diets' have also become available for dogs and cats in recent years," Kerwin explains. "Physical rehabilitation can be a very effective treatment in controlling signs associated with arthritis."

As with humans, weather changes – especially colder weather – can often be felt in bones and joints, and these changes can affect your pet, Kerwin adds.

"Low-impact exercise, like a walk, is better than no exercise at all," Kerwin adds, "Swimming is an ideal exercise for dogs if they will do it, and even cats can swim in a water treadmill. That's why it's best to consult with a veterinarian to get the treatment plans best suited for your pet. Pet arthritis is not a death sentence for your animal, but owners need to be aware that the animal cannot do certain things."

Building On FAITH

Heart Matters
Nehemiah #13

The word courage is defined as "the capacity to meet danger or difficulty with firmness; bravery." The word capacity caught my attention because we often speak of courage or bravery as something a person has rather than something we all have the ability to receive. In order to extend our understanding of this definition, think about the words encourage and discourage. Encourage means to inspire courage, while discourage means to deprive of courage. Encouragement, as well as discouragement, is accomplished through what is believed to be true.

One of my favorite Bible stories that illustrate this truth concerns an Israelite named Gideon. God called Gideon a "mighty warrior" and sent him to battle the Midianites, the oppressive enemy of Israel. The catch here is that Gideon did not believe himself to be a warrior at all, let alone a mighty one! He was discouraged to put it mildly. Take a look at how God dealt with Gideon's lack of courage: "During that night the Lord said to Gideon, 'Get up, go down against the camp, because I am going to give it into your hands. If you are afraid to attack, go down to the camp…and listen to what they are saying. Afterward, you will be encouraged to attack the camp…'" (Judges 7:9-11)

First of all, I love the fact that before verse 11 ends, Gideon was on his way. This confirms his fear and discouragement up to this point, but also his capacity for courage. He went to find it! Second, where would this encouragement come from? Remember that encouragement comes through what we believe to be true, and Gideon heard a new truth…the Midianites were afraid of him! (Continue reading verses 13-15) Knowing the truth gave Gideon the courage he needed to advance to victory.

If we aren't armed with the truth, discouragement can be a vicious enemy. As we turn to chapter 6 in our Nehemiah series, our resident bad guys are at it again. Seeing the wall progressing so quickly was more than they could stand, so Sanballat, Tobiah and Geshem launch a campaign to steal Nehemiah's courage. After sending four different messages requesting a meeting, to which Nehemiah continually refused, a threatening letter was received. The letter implied that Nehemiah was plotting a revolt against the King of Persia, and if he didn't want this to get back to the king, Nehemiah really needed to meet with them. Attempted blackmail. Except it doesn't work when there is nothing to hide. I love Nehemiah's response, "Nothing like what you are saying is happening; you are just making it up out of your head." (Nehemiah 6:8) Nehemiah knew this was nothing more than a bluff, and he had nothing to fear because God had granted favor with the King.

Nehemiah refused to be discouraged because he knew and believed the truth. Gideon was encouraged because he heard and believed the truth. This holds true for us as well…no matter what we are struggling with or in what area we are seeking victory, the truth is that God has a plan and purpose for every life. Fight discouragement with the truth of God's Word, and be encouraged knowing that when we seek the Lord, He will let us find Him…because every heart matters.

Blessings, Angie

Freedom is Here
Reasons to rejoice: Part Two

By John Whittington

Luke 10:21 At that time Jesus, full of joy through the Holy Spirit, said, "I praise you, Father, Lord of heaven and earth, because you have hidden these things from the wise and learned, and revealed them to little children. Yes, Father, for this is what you were pleased to do."

Everyone is looking for joy. "If I can get that degree/job/spouse/rais e/home/retirement then I'll finally be happy!" The problem with looking for joy on earth is that it's like a wild goose chase with no goose! Everything that makes you happy today could spoil, break or die tomorrow.

We need to find our joy in the eternal; what God has done, is doing and will do in our lives! But there's another source of joy that we can experience even when we don't perceive the work of God: The Holy Spirit!

There is a connection in the Word of God between the Holy Spirit and joy. Jesus was filled with joy by the Holy Spirit (Luke 10:21). The disciples were filled with joy and the Holy Spirit (Acts 13:52). Paul said the Kingdom of God is a matter of righteousness, peace and joy in the Holy Spirit (Romans 14:17). He also told the Thessalonians that their joy was of, or given by, the Holy Spirit (1Thessalonians 1:6)!

If you want that kind of abiding, earth defying joy you need to be filled with the Holy Spirit! If you've never been so overwhelmed by God's presence that you thought you could just float through the very gates of heaven - then you need to be filled with the Holy Spirit!

The Holy Spirit is compared to water, wind and fire. These can all freely move and flow, yet they're powerful enough to change whatever they encounter. Do you need to be changed? Let the Spirit flow! He's water to the thirty, wind to the weary, fire to those who have grown cold!

How can we experience the joy of the Holy Spirit? The Bible says, "Jesus, full of joy through the Holy Spirit..." I believe experiencing the joy of the Holy Spirit will cause you to praise God. But I also believe praising God will cause you to experience the joy of the Holy Spirit! Take that step of faith today. Get a passage of scripture, maybe just one verse. Read it, pray it and rejoice over it until it warms your heart and you experience the joy of the Holy Spirit! And then respond the way Jesus did - with more praise to God!

Sixty-three years ago, the National Federation of Music Clubs held their national convention at the Colonial Hotel in White Springs, Florida. The president of the Federation was Mrs. Ada Hoddings Miller, who hailed from the state of Rhode Island. The Stephen Foster Memorial was well under construction, and the museum would be dedicated later that year by then Gov. Fuller Warren.

The late Mrs. W.A. "Lillian" Saunders Sr., was a member of the Florida Federation of Music Clubs, as well as secretary of the Stephen Foster Memorial Commission. She asked Mrs. Miller about ideas for a major music festival or musical event to be held at the Memorial. Mrs. Miller suggested a state folk festival, and she recommended Sarah Gertrude Knott come to White Springs and help with organization of a state folk festival. Knott, a native of Kentucky, who served as the director of Folk Festivals and Folk Culture under the Federal Writers Project as part of the "New Deal" during the administration of President Franklin Roosevelt, was, at that time in 1950, serving as the director of the National Folk Festival in Washington, D.C.

The Stephen Foster Memorial Commission approved the formation of the Florida Folk Festival Commission and engaged Knott to serve as a consultant, along with Miss Thelma Boltin, Gainesville resident, graduate of Emerson College in Boston, Massachusetts, and the state of Florida's first certified speech teacher.

These three ladies, the late Lillian Saunders, Sarah Gertrude Knott, and Thelma Boltin, spent a lot of time during the years 1951, 52, and 53, traveling the state of Florida and compiling and cataloguing ideas for the first All Florida Folk Festival. During the first Friday, Saturday, and Sunday of May 1953, the first Folk Festival was held on the banks of the historic Suwannee River in White Springs..

A broad array of performers appeared at the three day festival and were representative of most of Florida's cultural groups, Anglo-American, African-American, Cubans from Tampa, Minorcans from St. Augustine, Czechoslovakians from Marsarkytown, Greeks from Tarpon Springs, and on, and on. Without benefit of computer search engines, the use of long distance telephone calls, except three weeks prior to the festival, or, anything, other than personal contact and, mostly correspondence, the Florida Folk Festival was "born" at White Springs.

This year, the Florida Folk Festival celebrate its 60th birthday. It will be held May 25-27, 2012, once again on the banks of the Suwannee at the Stephen Foster Folk Culture Center, White Springs. The Festival will officially kick off on Friday morning with the South Hamilton Elementary Chorus under the direction of Mrs. Delores Marable Howell singing traditional folk songs, as they have for the past 20-odd years.

Compared with many other states - New York, Pennsylvania, Delaware, Georgia, South Carolina, Virginia, Connecticut - the state of Florida is a fairly new state, but we as Floridians can be justifiably proud that we have the oldest state sponsored Folk Festival in the United States.

As I close my eyes and think of over 40 years of memories, I see and hear many voices, the late Cousin Thelma Boltin, the ringing of the dinner bell which started the Florida Folk Festival. I have many fond memories of the Folk Festival, and I am so proud for all of us in the state of Florida that we are, once again, celebrating the wonderful diversity of Florida's culture "Way down upon the Suwannee River" in White Springs. Come join us.

HamCo Pre-K students will move to CHE

By Joyce Marie Taylor
joycemarie.taylor@gaflnews.com

Central Hamilton Elementary School Principal Lee Zamora asked the Hamilton County School Board if it would be possible to move the Pre-K students who are now attending Greenwood over to CHE beginning next year and the board unanimously approved the measure at their board meeting on Monday, May 14.

"As all educators know, the Pre-K program does prepare children to be ready for school," Zamora said. "Children who participate in a high quality early childhood education program develop better language skills. The research that the early learning coalition has done shows that students who participate in Pre-K tend to score higher in school readiness tests and have better social and fewer behavior problems once they enter school."

Zamora explained that this move is an effort to continue the new culture that has been put into place at CHE, to build community relationships, and to turn the school into a successful educational environment for the children. She then asked the board to consider implementing the Pre-K program at CHE.

School board member Johnny Bullard said he firmly agreed with Zamora that it would be better to have the program at CHE rather than at Greenwood.

Since school lunches are prepared at CHE and then taken over to Greenwood for those students, Superintendent Martha Butler said there would be cost savings in transportation. Butler then made a recommendation to move the Pre-K students from Greenwood to CHE and it was unanimously approved by the board.

Director of Business Services Bonnie Penner stated they get funding for the Pre-K program from Suwannee Valley 4 C's Food Coalition, which amounts to $2,500 per student for the VPK program.

"That's just the half a day," she said.

If the student's parents choose to have the child stay for a whole day, the school district charges them $10 per day, she said.

"So, it does not fund itself 100 percent, but it does fund the program, or a good portion of the program," said Penner.

School board member Gary Godwin said even though he is in favor of moving the program to CHE, he reminded everyone that the reason they opted not to close Greenwood last year was because of the Pre-K program that was there.

Why young workers should care about Social Security

Summer will be here before we know it. That means millions of high school and college students will be searching for jobs. Whether a new worker is beginning the career of a lifetime or just earning some extra money for the school year to come, there is one question that is likely to be on each new worker's mind when they see their first pay stub: Where's the rest of my money?

Generally, employers are required to withhold Social Security and Medicare tax from a worker's paycheck. The amounts you pay in Social Security and Medicare taxes are matched by your employer. Usually the money that is withheld is referred to as "Social Security taxes" on the employee's payroll statement. Sometimes the deduction is labeled as "FICA taxes." which stands for Federal Insurance Contributions Act. So let us tell you how that money is being used, and what's in it for you.

The taxes paid now translate to a lifetime of protection, when you eventually retire or if you become disabled. In the event that you die young, your dependent children and spouse may be able to receive survivors benefits based on your work. Today you probably have family members -- grandparents, for example -- who already enjoy Social Security benefits that your Social Security taxes help provide.

You may be a long way from retirement now, so you may find it hard to appreciate the value of benefits that could be 40 or 50 years away. But consider that your Social Security taxes could pay off sooner than you think. Social Security provides valuable disability benefits -- and studies show that a 20-year-old has about a three to 10 chance of becoming disabled sometime before reaching retirement age.

Another bit of helpful advice for young workers: be wary if you're offered a job "under the table" or "off the books." If you work for any employer who pays you only in cash, understand that you're likely not getting Social Security credit for the work you're doing.

Want to learn more about Social Security and what it means to young workers? If so, we invite you to enjoy a webcast: Social Security 101: What's in it for me? The webcast will fill you in on the details you should know to get the most out of Social Security. Check it out at www.socialsecurity.gov/webinars/social_security_101.html.

pulled out his good hat. Said he had to look good for all the girls. Picked on everyone. He sure got a kick out of the frog story.

Some of you may not know that my dad was one of the original drill team members in 1970s. He helped to create the first drill. They rode to Ghost Riders. They wore white shirts with green tassels. I am sure some of you in the stands tonight remember that.

He was a part of the club for more than 40 years. l One of my dad's greatest loves was his horses. He was one of the best trainers in this area. He tried to instill his love of horses in each of his children and grandchildren.

As we ride on I am sure that my dad is looking down on us. I can hear him telling me to give her her head, don't hold her so tight, baby, relax and your horse will stop cutting those corners smile and act like you are having fun.

I could talk about my dad for a while and still have more to say, but we all came here tonight to RODEO. So let's Rodeo!

Again, we would like to say thank everyone here and the Hamilton County Riding Club for all you have done to help our family coping with the loss of my dad.

Woodpecker Mud Bog for April

This month was a sure sign that hard work and dedication pays off.

The JDB & TLB open class machine owned by Mrs. Leonora and Mark Geiger of Lake City recently went through a mechanical and electrical make over that really paid off.

Their driver, Gilbert Durrance of Lake City, Woodpeckers oldest racer, made his quickest pass in years when he really needed it and won the open class (Run What You Brung).

Race director Steve Raulerson said that he and the Wilson family were very proud of Gilbert and stated he was a true sportsman and racer at heart. Congratulations again!

This month Woodpecker added best of show, which is selected by staff. The winner was Ron Klys of High Springs, with his extremely large chevy powered truck.

The May 26th event will have a new class, sponsored by JDB & TLB, added to its venue.

The class will offer tractor tired trucks and mud boggers. A 200' track that is almost impassable. The truck with the fastest times or longest pulls will receive trophies as all other classes 1st through 3rd with (no entry fees).

Woodpecker invites everyone to its 4th Annual Memorial Day Anniversary.

Wed, May 23, 2012 from 4pm to 7pm at Baya Ave W & Hwy 90 in Lake City.

There will be trucks, drivers, live band, free drinks, hotdogs & chips (While they last)

The next event will be Memorial weekend, May 26th – 28th, with pond bogging, mud racing, donut competition, 4 wheeler racing and free camping.

Woodpecker Mud Bog is located in White Springs, FL, Approx 4.5 miles off of CR 135 at SE 91ST Terrace. Visit us on Facebook or call for more information. 386-292-4720.

The Jasper Kiwanis Club Donates

Dictionaries for third grade students

The Jasper Kiwanis Club purchased dictionaries for the third grade students in Hamilton County, with funds furnished by PCS. HCHS Key Club members delivered the dictionaries to Central and South Hamilton on Thursday, and North on Friday. The Key Club members handed the disctonaries to the student and explained what information was available in the dictionaries, and how to use them. The student will be able to have the dictionaries for their personal use throughout their educational years. The students were very excited to have a dictionary of their own. Along with Ms Bradshaw and the Key Club members, there was also Joy Howell, Mary B. Cail and Larry Cail.

them on the Tourist Development Council, Enterprise Zone Development Agency, and events throughout the community. However, I recently made the decision to serve the citizens of District 1 as candidate for county commissioner, with the same dedicated service that the town of Jennings has received.

Before beginning my service with the town of Jennings, I helped the citizens acquire a FRDAP grant for the Recreation Park in Jennings. Over the next few years, the town worked to give the Recreation Park cosmetic updates, new playground equipment, new football/soccer goals, and a new picnic shelter. After the updates were made, the local Girl Scouts Troop helped to beautify the park by planting flowers.

While serving the town of Jennings, my family and I helped with a clean-up day at the library, as well as the Recreation Park. I was also privileged to enjoy a tree lighting ceremony at North Hamilton Elementary this past December.

The community received my services on the local Chamber of Commerce where, as president, I worked with the board members to make great strides in increasing membership and revenue. The Chamber accomplished this by "tweaking" the annual Chili Cook-Off and taking on the task of hosting the First Annual Wild Blackberry Ball. Overall, membership increased by more than 20 percent and funds received for the two events brought in donations of approximately $3,000, after expenses.

Hamilton County is blessed to have the number of churches that serve the community. Our family is proud to call New Hope Baptist Church home. On Sundays I enjoy singing in the choir with a very talented group of people under the direction of a wonderful choir director. Thank you. It has been a pleasure to help the church whenever possible.

My family and I moved here in January 2005. I always tell people that we threw a rock as far as we could in Florida and this is where God landed it. I believe in the providence of God and that all things are possible through Him. I believe that one person can and does make an impact on the world. My desire is to impact Hamilton County by helping to improve the lives of those who live here, to give hope to those in need, to give wings to those who want to fly and most importantly instilling in my family the desire to dream and not be afraid to act.

Once elected as your county commissioner, let me know what I can do for you. Your thoughts and comments are appreciated. Thank you and I look forward to serving you in the years to come.
