Another year, and it's again time for the annual Southern Music Rising Festival, which this weekend celebrates its 6th anniversary with award-winning headliner on Friday

evening, not to mention a stellar lineup of what its sponsors are billing as "the best of rich cache of local and regional musicians" on Saturday.

Set for April 19-20, the festivities kick off 7 p.m. Friday in the upstairs stage of the Monticello Opera

House with a performance by the Boxcars, a Nashville bluegrass and roots quintet selected by the International Bluegrass Music Association (IBMA) in 2012 as the Instrumental Group of the Year.

Boston Massachusetts was the scene to a deadly bombing on Monday afternoon, April 15. Two bombs were detonated at the finish line during the Boston Marathon. At press time, it was reported that the explosions had killed three and injured over 170, which included spectators and runners.

Richard McDaniel, of Monticello, was one of the 17 members of the Gulf Winds Track Club of Tallahassee, who traveled to Boston for the run. The Gulf Winds Track Club has reported that all of their runners were accounted for and safe.

Further information could not be obtained prior to press time, but will be forthcoming in this Friday's edition of the Jefferson County Journal.

The Jefferson County Historical Association on Saturday, April 13, staged a reenactment of past lives at the Roseland Cemetery — a program intended both to highlight the cemetery's beauty and historical relevance and raise awareness of Monticello's rich history.

Titled "Stories from a Country Cemetery" and produced and directed by Gretchen Avera, who also costumed most of the cast from her collection of vintage clothing, the program consisted of actors in appropriate period garbs assuming the identities of certain of the cemetery's denizens and relating the latter's life stories.

Avera reports that guides in period costumes led groups of visitors to the appropriate gravesites, which were adorned with

furniture, flags and flowers, and alongside which presenters posed as soldiers, senators, housewives and sheriffs, and told their tales.

The presenters, per Avera, ranged from veteran stage performers such as Jan and Jack Williams, who portrayed Monticello's founding family, to eight-year-old Anna Gafney, who made her acting debut as Annie Mae Sloan, a young yellow fever victim.

Avera offered that the North Florida Artillery also added color and verisimilitude to the

It's not quite a movement, but something definitely appears to be happening on the school/community front. Call it the buildup of a little momentum, as one

good deed sparks another and possibly another.

Case in point, the Economic Development Council's (EDC) recent adoption of the second-grade classes at Jefferson Elementary School (JES) apparently

Commissioners Skirmish Over Roads Once Again

Boyd Proposes Adding 34 More Roads

Commissioner Hines Boyd's latest effort to revisit the road bond issue with a proposal that he said would both optimize the use of the \$4.6 million bond money and prove a benefit to a maximum number of county residents went down in flames again — by his own estimation.

Boyd's proposal — titled a Possible Road Improvement Plan by District — sought to add 28.9 miles of roads to the 40.9 miles originally approved by the commission for improvement, making for a total of 69.8 miles to be improved.

In terms of benefits to residents, Boyd argued that his proposal would add 383 houses to the 363 houses that would be served under the original list, for a total of 746 houses that would benefit from improved roads.

According to his calculations, moreover, the overall cost for road improvement would go from the current \$8,551 per house to \$5,936 per house under his proposal. How Boyd arrived at the per-house cost is by calculating the estimated cost of improving a specific road in relation to the number of residences on the particular road.

Start Your Plans For The 2nd Annual Veterans Day Parade Now

The time has come for us to start planning and preparing for the 2nd Annual Jefferson County Veterans Day Parade, program, and luncheon. Last year, the American Legion footed the bill for the parade, and First United Methodist Church footed the bill for the luncheon. It behooves us to fill the Veterans Day Fund set up at Farmers and Merchants Bank so that no

single organization has to foot the bill for these activities for our Veterans. If every Church, every civic organization, every business, every government entity, and every elected official would put a minimum of \$10.00 in the special fund, we would be well on our way to keeping the parade and luncheon free for all participants. All citizens are also encouraged to donate

to the special fund.

Last year's parade was great, but there is always room for growth. This year's parade will be on November 9, 2013 at 11:00 AM. Let's make this a celebration for our Veterans that they will not soon forget. After all, it is because of our Veterans that we are FREE and can have such celebrations. Let's make them know how proud we are of

them.

Sincerely,
Earlene W. Knight

Solid Waste Responds To Stinger

I want to thank the writer of last Friday's Stinger for calling the issues at the Recreation Park collection site to my attention. These have been addressed, and we look forward to the citizens noticing immediate improvement at the site.

Our site workers must be polite and attentive to citizens visiting the collection sites. The worker may offer to assist citizens with unload-

ing refuse and showing them the proper area to dispose of household refuse and recyclables.

On another note, the Department is experiencing occasional problems with scavenging, theft of metal goods, and persons from outside of Jefferson County using our collection sites to dump their household and commercial refuse and construction debris.

If you encounter an

issue with the Department's workers or sites, or witness any of the illegal activity described above, please do me the favor of calling the Department at 850-342-0184 so that I may address the issue promptly. Thank you in advance.

Sincerely,
Beth Letchworth,
Director, Jefferson County Solid Waste Department

Southern Music continued from page 1

Prior to forming as a band in 2010, members Adam Steffey, Ron Stewart, John Bowman, Keith Garrett and Harold Nixon played individually with the likes of such contemporary bluegrass superstars as Alison Krauss, JD Crowe, and the New South, according to their online biographies.

Opening for the Boxcars will be masterful storyteller and bluesman extraordinaire Slim Fatz, described by critics as an old-school bluesman and original songwriter, whose sober themes of hard work, hard luck and heartbreak are often interlaced with humor. Fatz represented Atlanta in the International Blues Challenge in Memphis.

Meanwhile, downstairs in the Opera House, celebrity chef Fat Max will be cooking up some very aromatic and favorable Cajun style dishes, which will be available to the public for purchase. As will alcoholic beverages, served compliments of the full bar that the Opera House staff will man during the event.

Immediately following the Boxcars' performance, the party will move outdoors into the Opera House Garden, where the JB Zydeco Zoo Band will play its brand of zydeco — a highly syncopated and felicitously dance-

able accordion-driven sound rooted in Louisiana's Black Creole culture and combining elements of Cajun, blues, and rhythm-and-blues.

Laissez les bons temps rouler...Let the good times roll!

The festivities pick up again 10 a.m. Saturday, complete with street food sellers, arts-and-crafts vendors, children's programs, and Florida cowboy storytelling, musings, memories and songs at the Cow Hunter Stage.

Come 11 a.m., the music resumes, with musicians ranging in stature from nationally recorded artists to local favorites performing at seven stages around the town, including the Opera House main stage.

Festivalgoers can expect to hear a variety of talents and musical styles, including folk, country, bluegrass, Gospel, southern rock and original music.

Among the more prominent performers scheduled to perform are the Nashville country blues duo Doug and Telisha, and Tallahassee poet/songwriter/musician Grant Peeples, whose latest records have topped Americana charts in Europe and the US.

Others of the scheduled performers include the New 76ers, Bruised

Grass, Mimi and the Hearn Dogs, Ernie Evans and the Florida State Bluegrass Band, and the Larry Mangum Trio.

Tickets for the Friday evening show are \$35, which includes admission to the after party with the Zydeco Zoo. On Saturday, a \$15 ticket is good for the entire day and all events, from 10 a.m. until closing, and including the after-party festivities in the Opera House Garden with the Swingin' Harpoon and the Wiley Coyote Band.

The festival is a product of the Foundation for the Preservation of Historic American Music — a nonprofit, volunteer organization established to promote the preservation, appreciation, and performance of historical American music. The Southern Music Rising is the foundation's signature event.

"Music is a profound communicator that transcends generations," states the foundation's website. "It is a storehouse of a people's history and a major means of transferring our culture from one generation to the next. Our Foundation's hope is to aid this process."

Roads continued from page 1

As an example, if the cost of paving 1.2 miles of Barnes/Jefferson Heights Road with hot-mix asphalt was \$232,631 and this particular road has 11 houses, the per-house cost was \$21,148, according to Boyd. Under this scenario then, and using his cost estimates and calculations, Boyd argues that the per house costs of improving certain of the 40.9 miles of roads approved under the original list with hot-mix asphalt is both unreasonable and extravagant.

Among the more outstanding examples that he offered: Government Farms Road, 1.7 miles, four residences, \$212,500 total cost, or \$53,125 per house; West Lake Road, three miles, seven residences, \$375,000 total cost, or \$53,571 per house; Oetinger, 1.1 miles, two residences, \$137,500 total cost, or \$68,750 per house; and Springfield Church, 1.5 miles, three residences, \$187,500 total cost, or \$62,500 per house.

By turn, ultimately went Boyd's argument, if the roads were to be chip-sealed or otherwise stabilized with limerock, millings or another alternative surface other than hot-mix asphalt, costs would be dramatically reduced and the \$4.6 million could be extended to benefit a maximum number of residences.

A list of the roads that Boyd offered could be added for improvement under his proposed scenario: District 1 — Goldberg/Rocky Branch, Nursery, Smith, Flatwoods, Tindell, Hartsfield, Lonnie, Kinsey and Hopson.

District 2 — Texas Hill/North Nobles subdivision, Spring Hollow and W.T. Lewis.

District 3 — Phelps.

District 4 — GI/Horse Park, Christmas Acres Network, Sundance, Linton Place, Blue Jay, Whippoorwill, Willie, Old Tung Grove, Mallard, Heron and Clinton.

District 5 — Mays, Payton, Omega, East Tin Top, Chittling, W.A. Rogers, Fanlew, West Pinhook, Hawkins and Attaluga.

Boyd acknowledged in his introduction that the topic was a sensitive one, but he said he wanted to jumpstart a discussion on specifics, as opposed to generalities when it came to the expenditure of the road bond money.

He said the thing the commission had not done since the start of the process was to establish a budget for the expenditure of the road bond money.

"What we've done is talk in generalities, but not in specifics," Boyd said.

He said the commission could make a great many people happy, as opposed to the few, if it stepped back and better planned the expenditure of the money.

Boyd didn't get far in his presentation before Chairman John Nelson set a three-minute limit on the discussion.

"We have discussed this issue time and time and time again," Nelson said. "I have gotten an earful about roads."

He asked specifically that Boyd leave District 2 off the discussion.

Commissioner Benny Bishop suggested nicely, a smile on his face, that he could handle his own — a comeback to Boyd's remark that he was arguing on behalf of his fellow commissioners' constituents.

And Commissioner Betsy Barfield raised a point of order. That point

was that the board had already voted on the original list of roads and to amend that decision would require a new vote.

More to the point, she said, Boyd's calculations assumed that all roads on the original list would be paved with hot-mixed asphalt; but she herself was willing to consider alternative surfaces, depending on the circumstances and the coordinator's recommendation, she said.

What's more, Boyd's calculations only took into account houses per road, she said. His calculations did not take into account whether the road was a connector or other of the established criteria, she said.

"We're working with staff to make sure that we spend the bond money as wisely as possible," Barfield said. "But the greater point is that you can't change a vote without another vote."

Boyd persisted in presenting his proposal, but the discussion generally deteriorated in tone and tenor.

"We've never voted on a budget to allocate this money," Boyd said of the bond money, a central tenet of his argument. "We have never attached these funds to a budget and it's irresponsible of this commission to put \$4.6 million in the bank and spend without allocating it."

Which produced an equally exasperated response from Nelson that Boyd couldn't continue insisting on putting forth his plan, "when the other commissioners are telling you that they don't want it."

"In my opinion we're doing a great job and we're getting the job done," Nelson said, putting an end to the discussion.

EDC Adopts continued from page 1

prompted the Jefferson County Democratic Party (JCDP) to do likewise for the school's fourth-grade classes.

To wit: The two groups recently delivered boxes of school supplies and other classroom materials to their respectively adopted classes, as well as certain of the two groups' members volunteering to help out at the school on an individual basis.

The actions of the EDC and JCDP in turn prompted Councilman John Jones (a member of the two groups) to suggest to the Monticello City Council on Tuesday evening, April 2, that it follow suit and also adopt a grade level.

The way it was left, Jones was asked to contact council members individually after the meeting and allow each to decide independently whether to make a contribution.

The goal ultimately, as voiced by Property Appraiser Angela Gray, speaking in her role as a member of the school district's Parent Involvement Committee, is to get every JES grade level adopted eventually by an individual or community organization.

Adoption, in this case, entails contributing needed school supplies and materials to particular classes and/or volunteering to help out with reading and other classroom activities.

It's all part of an ongoing effort to improve the school and students performances by fostering parental and community involvement, an effort largely being pursued by the Parental Involvement Committee.

The impetus for the EDC action was an appeal by Edna Henry at a Chamber of Commerce luncheon several months ago.

Henry, the parent in-

volvement volunteer coordinator for the school district, appealed to the chamber audience to get involved and make a difference in the school district.

Economic Development Director Julie Conley heard the message and took it to heart, carrying it back to her board. EDC Chairman Ron Cichon next appointed a committee to look into the matter, and committee head Larry Halsey took the ball and ran with it.

Based on Halsey's research and recommendation, the EDC voted on March 11 to donate \$500 worth of school supplies to the school, which gesture the JCDP decided to duplicate on March 14.

A partial listing of the materials that the EDC and JCDP contributed included ruled paper, pencils, erasures, folders, hand sanitizers and crayon and pencil boxes.

Reenactment continued from page 1

event. A group of Civil War re-enactors, members of the Artillery portrayed the unnamed Union soldiers mortally wounded at the Battle of Olustee in Florida.

"The Artillery members, including Amber Houston of Monticello, set up a period-correct campsite in the old 1827 City Cemetery, where both Union and Confederate soldiers from that battle are buried," Avera said. "CSA soldier Gary Wright added further excitement to the scene with a booming cannon fire."

Barbara Markley, in collaboration with Dee Counts, wrote the program's script, which consisted of a series of vignettes. The program was free to the public.

Upcoming events of the Jefferson County Historical Association include a chicken gumbo dinner in

the garden during this weekend's music festival and a Pioneer Journey Sto-

ries program at St. Lukes Episcopal Fellowship Hall on May 2.

THOMAS FRANKLIN ANDERSON

Thomas Franklin Anderson (Tom), born 9/14/1947, died peacefully in the arms of his loving wife on Monday 4/8/2013.

Born in Tallahassee, to Raymond Anderson and Lucy Wilder Anderson, Tom adored Tallahassee and all things Florida, his family, his friends, his dogs, and nature.

Tom attended Sealy Elementary, Raa Jr High, and Leon High School, Class of 1965, where he lettered in Track & Field. He loved being a part of the baby boom generation and had a passionate appreciation of the music, movies, television and aloes of his unique cohort.

After high school, Tom served in the U.S. Air Force, being stationed in Guam during the Vietnam War era. After being honorably discharged, he attended college at TCC, at which he served on the Talon newspaper and was a member of Phi Beta Kappa.

Tom had a great wanderlust and fulfilled his childhood ambition of being a "hobo" by hitch-hiking across the great country, working his way from town to town and acquiring an encyclopedic knowledge of its most breathtaking scenic areas. He also used this time to read the great classic works of literature. While he never became the next Kirovac, he could discuss with authority his works and those of Hardy, Hemingway and James Joyce. Tom returned to Tallahassee to attend Florida A&M University graduating with a B.A. in journalism. In the following years he worked with several news publications throughout Florida and Texas. He was at one point the editor of the Monticello Times.

Tom cared for his beloved Mother, Lucy, throughout her battle with Cancer, and when her death was quickly followed by that of his father, Tom found solace in his love for nature. He acquired a degree in horticulture from Lively Vo-Tech, and the remainder of his career years were spent gardening.

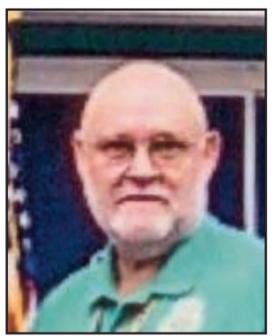

Along with gardening, nature, literature and music, Tom loved photography and animals - especially his dogs Frankie and Scotty Brown.

He was preceded in death by his Parents Lucy and Raymond Anderson and his sister Jo Ann Anderson. He is survived by his beloved wife Suzy Anderson and her family who loved him dearly, adopting him as a son, a brother, and an uncle. These include: Father, Robert F. Mitchell; and family Bob & Sally Mitchell, Williston Park, NY; George & Jane Mitchell, Barre, VT; Paul & Rashell Mitchell, Pensacola, FL; Greg & Molly Taylor, and their children Errin and Gary Diskerud, Tallahassee, FL; Dolly Mitchell & Richard Gott, Crawfordville, FL; and his faithful caregiver Thomas Campbell, as well as a host of nieces, nephews and their grandchildren.

We will all miss you, Beloved Tom. Rest easy in the Arms of Our Savior.

A visitation was held from 10:00 am to 11:00 am on Monday, April 15, 2013 at Culley's MeadowWood Riggs Road Chapel, followed by a celebration of Tom's life at 11:00 am.

WAYNE DICKEY

Ernest Wayne Dickey, 73, passed away on April 11, 2013 at Tallahassee Memorial Hospital following an illness.

Wayne was born on January 16, 1940 in Lake Wales, FL., to Raymond Ernest Dickey and Ruth Geneva. Following his graduation from Lake Wales High School, he spent his life protecting the public in various aspects of law enforcement.

Wayne served as a military policeman in the United States Army from 1958 to 1962. He was also a police officer with Lake Wales Police Department and clerk with the FBI before beginning his career with the Florida Department of Law Enforcement.

Wayne was a pioneer in FDLE's intelligence community and a member of FDLE for more than 35 years. He started with FDLE as a duty officer in 1968 and through the years served the citizens of Florida as a Special Agent, Special Agent Supervisor, Assistant Special Agent in Charge, Bureau Chief and Chief of the Florida Intelligence Center. Although he retired in 2003, Wayne continued his service as a FDLE Reserve Special Agent and as the Intelligence Director for the Florida Intelligence Unit. Wayne represented FDLE and the Florida intelligence community through his service to the Association of Law Enforcement Intelligence Units, Regional Organized Crime Information Center, Florida Intelligence Unit and Interpol.

During his time at FDLE, he was honored with a Distinguished Group Award and Distinguished Supervisor Award. He received dozens of thank you letters from other law enforcement agencies and citizens commending him on various investigations. He was a highly respected law enforcement officer.

While Wayne loved FDLE, his true love was his wife of 52 years, Mary Jane. Wayne is survived by Mary Jane and three children, son Ernest Wayne Dickey, Jr., son John Dickey and wife Kathryn, and daughter Denise and husband Chris Slowick.

He is survived by 5 beloved grandchildren, Jay, Skylar, Christopher, Jon-michael and Ally, and niece Valerie and husband Carl DeWitt.

Wayne will always be remembered for his kindness, warm smile and generosity. He will be missed by many friends both in and out of Law Enforcement. He has been a member of the Christ Episcopal Church for over 40 years.

A memorial service was held Tuesday, April 16, 2013 at 2 p.m. at the Monticello Christ Episcopal Church, North Jefferson Street in Monticello.

The family is requesting that in lieu of flowers, contributions can be given to the charity of your choice in Wayne's name.

Rotary Puts "Service Above Self"

Monticello Rotarians Support Jefferson County Extension 4H Summer Youth Camp each year with a generous donation. Pictured from left to right are: Don Taylor, James Muchovej, John Lily, and Neill Wade. They donated five scholarships on April 5, 2013, for Jefferson County students to attend camp this summer.

Monticello Rotary held its April 5 meeting on Friday afternoon, with guest speaker Carole Ellerbe talking briefly about the many services provided by her agency. She is director of the Jefferson Division of Emergency Management.

She presented information on hurricane preparedness and response, flooding, hazardous waste, and emergency management plans coordinated through this office. She says that her agency works closely with other county EOCs and the State EOC, and they are ready to respond to any type of emergency utilizing resources throughout the state based on the need. Her office prepares the annual Hurricane Survival Guide for Jefferson County; it will be available very soon. She recommends that citizens be prepared with enough food and water to maintain for 72 hours after an emergency, until utilities/services can be restored.

Carole Ellerbe, director of the Jefferson County Emergency Management, spoke with the Rotary membership about the services her agency offers, on April 5, 2013.

Lene and Jorgern Otzen, Rotarians from Denmark, were in attendance. Together they visit Rotary chapters, exchanging information about Rotary service projects.

Rotary is a diverse global network of community business and professional leaders who build goodwill through 'Service Above Self.' Rotary includes 1.2 million members of 34,000 Rotary clubs across the globe. The Otzens added that they enjoyed the fried chicken

served on this day, and their visit with the Monticello Rotarians. They will continue their tour of the United States.

Also during this meeting the Monticello Rotary membership made a donation to the Jefferson County Extension 4H Summer Camp, a service they support each year.

Rotary is dedicated to 'Service above Self.' If you would like to learn more about Rotary, contact President Neill Wade at 850-545-4940.

Family Fun Day Planned For May 4th

"Kickin' Dusty Derby Stick Horse Race" And "Ride A Buck" Are Just Two Of The Events In The Family Fun Day

Family Fun Day at the Wacissa Equestrian Center is a full day of activities for those who love horses. Our goal is to create a healthy environment integrating those who own horses with those that don't or do not ride, for a wholesome enjoyable family experience.

"Kickin' Dusty Derby Stick Horse Race" is our version of the Kentucky Derby. Kids will race around the track in the arena to the finish line on their stick horse, broom or mop to win, place, or show. "Ride a Buck" has a rider on a horse with a dollar bill placed under each knee. All the participants ride around the arena trying not to let the dollar bills slip out from under them. The winner gets to collect all the fallen dollar bills. Other events during the day include Bubby Pick up, Calf Scramble, Flag Race, Cake Walk, Arena Race, Egg Toss, Egg Challenge on a Horse, and the Boot Race. Ribbons and prizes will be handed out plus a Family Fun Day "Bite the Dust" Award.

The Family Fun Day will be held Saturday, May 4, beginning at 11:00 a.m. There are 10 events, four of which are free, and five which do not require a

horse. Six events have a per event entry fee and participants can opt to pay per event or pay \$20.00 for all six of those events. There is no admission for spectators to attend the Family Fun Day.

Family Fun Day is held the first Saturday of every month. Some events are changed out each month to provide a little something new.

Dude Settergren is the owner of Wacissa Equestrian Center. He began riding when he was a toddler. He is a Farrier with over 18 years' experience, and trains horses. Wacissa Equestrian Center offers riding lessons, trail rides, and summer camps. Competitive Barrel Racing and Team Roping events are also part of the Wacissa Equestrian Centers plans. You can follow us on Facebook.

Concessions will be serving hamburgers, hot dogs, BBQ sandwiches, nachos, chips, and drinks throughout the day.

Wacissa Equestrian Center is located at 12840 Gamble Road, Wacissa, FL 32361. From US 27, go south on SR 59 approximately 4.5 miles and you will find us on the right hand side of the road at the corner of SR 59 and Pin Hook Rd.

A Night At The Play

Jefferson County Middle High School students were in attendance to enjoy dinner and the play "A Raisin in the Sun" that was performed at the Monticello Opera House on March 22, 2013.

Having read and watched the movie on television, this was a learning experience for our students. This play gave the students a chance to use their compare/contrast skills.

The students also, were able to identify with the struggle that went on in a small community similar to ours and the importance of determination and an education. The play also revealed that

sometimes society dictates one thing, but beliefs and goals say something else.

Mrs. Wilson, the Media Specialist at the High School, spearheaded this occasion along with assistance of Ms. Gloria Norton and Mr. Travis Jones. The students enjoyed, related and agreed with the message that was so eloquently described in the poem by Langston Hughes, "What Happens to a Dream Deferred."

The students thank Ms. Holmes, the principal that supported them and the donors that sponsored half of an unforgettable occasion. This was the first live play for most of the students.

Lene and Jorgern Otzen, Rotarians from Denmark, visited the Monticello Rotary on April 5, 2013, exchanging information about Rotary service projects. They are touring the United States visiting Rotary chapters.

Fourth of July 2013 Fundraising Kicks-Off

Doing Good

By Vivian Miles

We are God's people we know, He always protects his own.

Serve the Lord with gladness, Put Him first and you will have no madness.

We have the world's best, Don't start looking, no need to test.

Jesus is the truth and the way, Why do we go astray?

Don't let your worldly choice, Block His still, small voice.

We hear the hunger of those around, With God, help will abound.

The joy of the Lord is great, Being with Him is first rate.

As we go about doing good, Jesus will be pleased, as we knew he would.

May we have compassion for others' needs, With special care through our deeds.

We leave our dreams in God's hands, Hoping they will be in His plans.

Church Bulletin Bloopers

- The Fasting and Prayer Conference includes meals.
- The sermon this morning: 'Jesus Walks on the Water.' The sermon tonight: 'Searching for Jesus.'
- Ladies, don't forget the rummage sale. It's a chance to get rid of those things not worth keeping around the house. Bring your husbands.
- Remember in prayer

- the many who are sick of our community. Smile at someone who is hard to love. Say 'Hell' to someone who doesn't care much about you.
- Don't let worry kill you off - let the Church help!
- Miss Charlene Mason sang 'I will not pass this way again,' giving obvious pleasure to the congregation.

Our Needs Will Never Exhaust God's Supply

JULIE ACKERMAN LINK

"When butterflies hatch at Frederik Meijer Gardens in Grand Rapids, Michigan, they do so in an indoor tropical paradise perfectly suited to meet their every need. The temperature is perfect. The humidity is perfect. The food is a perfect balance of calories and nutrition to keep them healthy. No need to go elsewhere. Yet some butterflies see the bright blue sky outside the conservatory and spend their days fluttering near the glass ceiling far away from the plentiful food supply.

I want to say to those butterflies, "Don't you know everything you need is inside? The outside is cold and harsh, and you will die within minutes if you get what you are longing to have."

I wonder if that is the message God has for me. So I ask myself, Do I look longingly at things that would harm me? Do I use my energy to gain what I don't need and shouldn't have? Do I ignore God's plentiful provision because I imagine that something just beyond my reach is better? Do I spend my time on the fringes of faith?

God supplies all our needs from His riches (Phil. 4:19.) So instead of striving for what we don't have, may we open our hearts to gratefully receive everything we've already been given by

Him." All that I want is in Jesus; He satisfies, joy He supplies; Life would be worthless without Him, All things in Jesus I find. Loes

Financial Focus...

NOURISH THE "ROOTS" OF YOUR INVESTMENT STRATEGY

Provided by Robert J. Davison

On Arbor Day, which we celebrate this week, people across the country plant trees. Of course, trees provide us with many benefits, including beauty, fruit and oxygen, as well as protection against land erosion. But the act of planting and nurturing trees can also guide our behavior in other areas of life — such as investing.

First of all, consider the vision and patience exhibited by tree growers when they plant their saplings. As an investor, you, too, need this type of perseverance and long-term outlook. When you invest, you should be focused on the long term yet be prepared for the inevitable short-term market downturns. How long is "long term"? Many investors hold quality investments for decades. It's a long process, but the potential growth you seek will need this time.

What else can you, as an investor, learn from tree planters? For one thing, be aware of how they keep their orchards healthy. By providing proper irrigation and disease-prevention measures, they help their trees stay on the long path toward maturity. Similarly, you need to nurture your investment portfolio by continually providing it with the financial resources it needs to stay "healthy." During periods of market volatility, it can be tempting to take a "time out" from investing — but if you do, you'll miss out on the potential growth opportunities that may follow. Since no one can really predict the beginnings and endings of either "up" or "down" markets, you're better off by staying invested. Also, just as horticulturalists take steps to keep their trees from being subject to disease, you can keep your portfolio in good shape by periodically "pruning" it of investments that no longer meet your needs.

Here's something else that tree planters can teach us: diversification. Consider an orchard that contains several different fruit trees; its commercial benefits may be greater than a comparable orchard that only grows apples. Plus, the presence of a variety of trees can prove beneficial if disease strikes one type. In some areas of the country, for example, Dutch Elm Disease wiped out thousands of trees, leaving entire streets treeless. If some other species had also been planted, these streets would still have had the benefits provided by mature trees, even if the elms were gone. As an investor, you don't want to own just one type of financial asset, such as growth stocks, because if a downturn hits this segment, your entire portfolio could take a big hit. A better strategy would be to populate your "financial orchard" with a variety of investments — such as stocks, bonds and government securities — that are suitable for your situation. (Keep in mind, though, that while diversification can help reduce the effects of volatility, it can't guarantee a profit or protect against loss.)

As an investor, you can learn some lessons from Arbor Day that could prove "tree-mendously" helpful to you as you chart your course for the future — and you won't even have to "go out on a limb" to put these strategies in place.

Lady Tigers Stand 7-7

FRAN HUNT
ECB Publishing
Staff Writer

The Jefferson County Lady Tigers split the past two games to now stand 7-7 on the season, and 2-5 in District play.

On April 1, the Lady Tigers hit the diamond to face off against Mayo, and the Lady Tigers were butchered for a 32-0 loss. The game was called after the third inning was played due to the 15-run "mercy" rule.

"Mayo was loaded to the barrel," said Head Coach Frank Brown. "They have a very strong program, and a great summer program. Mayo is always the team to beat, in District or any other time. Their running is that good, and their pitching just dominated us and shut us down. We could not get on base. Our defense was not up to its usual standard either, which allowed Mayo to score at will." He added that the Lady Tigers only have nine players, and Jefferson's center fielder was taken out of the game due to an asthma attack, so the Lady Tigers had to complete the game with only eight players on the field. He also said that on the batting order, when the player's name comes up that was taken out of the game, it is counted as an automatic out.

At the plate Taylor Clemens had two at-bats, and two strikeouts.

Carlie Barber had two at-bats, and two strikeouts.

Alyssa Lewis had one at-bat and one triple.

Jana Barber had one at-bat, and one strikeout.

Mikayla Norton had one at-bat, and one single.

Brianna Nolan had one at-bat, and one strikeout.

Ladayshia "Skittles" Williams had one at-bat, and one putout.

Allaura Pierce had one at-bat, and one putout.

Kelvisha Norton had one at-bat, and one strikeout.

On the mound, Lewis gave up seven hits, 10 walks, four hit by pitchers, and struck out one batter.

Clemens gave up five hits, five walks,

and struck out no batters.

Compared to Mayo's pitcher, who gave up two hits, no walks, and struck out seven batters. On April 2, the Lady Tigers went into another District contest and hit the diamond against Branford. Jefferson waltzed out with a 3-2 victory.

"That win felt really good after coming out of that loss to Mayo. It was a real good game and could have gone either way," said Coach Brown. "There were many times when the batting team would have a runner reach third base, and then they would get the third out. At the top of the first inning we scored three runs. At the bottom of the first inning Branford scored two runs. The remaining six innings, there was no scoring. It was a hard defensive game after that. The game went back and forth. We did really good on defense.

"The best defensive play on the field came from shortstop 'Skittles' (Williams). She caught a pop fly on the run. The runner on first base jumped off the base too quick and was half way to second, when 'Skittles' fired the ball to Carlie (Barber) on first base for the double play and to end the game," recalled Coach Brown.

At the plate, Clemens had four at-bats, one run, two hits, one walk, and one putout. Carlie Barber had three at-bats, one run, one walk, and two putouts. Lewis had three at-bats, one run, one single, one strikeout, and one walk. Jana Barber had three at-bats, one double, one strikeout, and one putout. Mikayla Norton had three at-bats, one single, one strikeout, and one putout. Nolan had three at-bats, one sacrifice bunt, one strikeout, and one putout. Williams had three at-bats, one strikeout, and two putouts. Pierce had three at-bats, two singles, and one putout. Kelvisha Norton had three at-bats, one strikeout, and two putouts.

On the mound, Clemens gave up eight hits, three walks, and struck out two batters.

In comparison, the Branford pitcher gave up seven hits, three walks, and struck out six batters.

JV Lady Tigers Slammed By Mayo

FRAN HUNT

The Jefferson County junior varsity Lady Tigers squared off on the diamond against Mayo on April 1, and Jefferson was slammed for a 17-0 loss, to now stand 2-6 on the season.

Head Coach Frank Brown said that game got off to a one-hour late start due to the umpires being late, and the game was called before the end of the third inning due to darkness, and the 10-run "mercy" rule.

"Just like the varsity game against Mayo, they are just a stronger and tougher team than we are," he added.

Kayla Burns had one at-bat, and one strikeout.

Summer Eades had one at-bat, and one strikeout.

Ashanti Brannan had one at-bat, and one putout.

Marta Vargas had one at-bat, and one single.

Hanna Black had one at-bat, and one strikeout.

Arianna Pierce had one at-bat, and one fly out.

Delayna Nolan had one at-bat, and one strikeout.

Amalee Addison had one at-bat, and one strikeout.

Luna Bal had one at-bat, and one fly out.

On the mound, Vargas gave up nine hits, 11 walks, one hit by pitch, and struck out one batter.

In comparison, the Mayo pitcher gave up one hit, no walks, and struck out five batters.
