Thursday is deadline for new Habitat program

The application deadline for Taylor County Habitat for Humanity's new program called "A Brush With Kindness" is Thursday, Oct. 17.

The program serves low-income families who struggle to maintain the exterior of their homes; it will focus on landscaping and exterior clean-up with volunteers working alongside the homeowner to revitalize a home's exterior.

Applications are available at the Florida Drug Alcohol DNA Screening office located at 3498 Highway 19 South, Suite 2.

Don't miss the 'Hillbilly Hitchin' Friday night

The Taylor Gymnastics Booster Club will present a dinner theatre "Hillbilly Hitchin" Friday, Oct. 18, at 7 p.m., at the Perry Elks Lodge.

Tickets are \$25 each or \$45 per couple and include a dinner of smoked chicken, baked potato, green beans and sweet tea.

Cast members for the "Hitchin" production include: Jaydin Spradley, Alex Busack, Gil Williams, Tyson Hill, Kevin Kidd, Lin Gray, Chris Folsom, Keith Ragans, Alan Gagne and Danny Glover.

Tickets are available at the Chamber of Commerce, Taylor Gym, Cheer & Dance or from any Booster Club member.

Log truck driver escapes serious injuries in morning crash Tuesday

A Taylor County truck driver narrowly escaped serious injuries after crashing his loaded log truck on U.S. Highway 19 early Tuesday morning, Oct. 15.

Joe Harris, 43, was out of his truck and walking

around the scene at U.S. 19/ Robert Odum Road when rescue workers arrived around shortly after 5:30 a.m. He was transported to Doctors' Memorial Hospital (DMH) with minor injuries.

Harris told Florida

Highway Patrol (FHP) Trooper John Sleighter he swerved to avoid hitting a deer that was standing in the highway.

"The driver over corrected when he was steering back to the right, causing the 2007 International semi-

truck and trailer to overturn onto its right side. The trailer then spilled its load of logs onto the roadway. Both northbound travel lanes were obstructed for a period of time before being cleared," Sleighter reported.

Taylor County Fire/Rescue Lt. Chris Williams and Logan Brennan responded to the crash as well as units from the Taylor County Sheriff's Office.

Harris was not charged in the crash.

Harvey, Kirk crowned little king, queen

By ANGELA M. CASTELUCCI Staff writer

Whenever Hudson Harvey needs advice on how to handle his duties as the newly-crowned Florida Forest Festival Little King, he won't have to look far...big brother Hunter Harvey shared the same honors in 2008.

Hudson's big brother was on hand to congratulate him Saturday night at Forest Capital Hall during the 58th annual Florida Forest Festival Little King & Queen Pageant.

Joining Harvey on the royal festival court is his queen, Kaylan Kirk; first runners-up Grant Turner and Gracie Simmons; and second runners-up Nicholas Kinsey and Kaylee Mae Strickland.

Proud parents of the newly-crowned royals are: Nick and Elizabeth Harvey; Kim and John Kirk; Roger and Katrina Turner; Andy and Kim Simmons; Tonia Sprow; and Chris and Britney Strickland.

Jadon Harley Herring, the son of Keshia and Leon Herring, and Zy'Mya

A'Karia Flowers, the daughter of Khalilah King and Wayne Flowers, were recognized for having the

most ads for the pageant program.

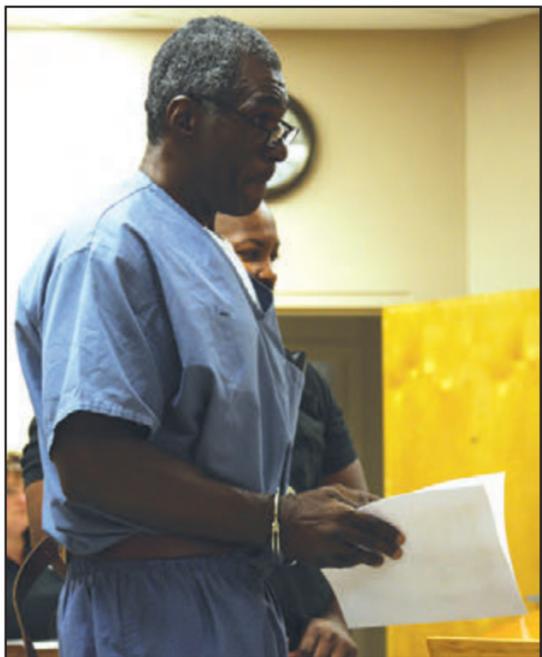

Audience members set sail with 24 little king and

queen contestants for a high seas adventure celebrating the theme "A Pirate's Life For Me."

Inmate Jerry A. Miller, who is serving a life sentence, pled guilty to attacking two TCI officers.

Inmate pleads guilty to assault on officer

A former Taylor Correctional Institution (TCI) inmate who attacked two officers here in September 2011 pled guilty to four felony charges last week, receiving five years to run concurrent to his already existing life sentence.

Jerry A. Miller, 65, was facing charges of aggravated battery on a law enforcement officer with great bodily harm (a first degree felony) as well as battery on a law enforcement officer and two charges of depriving a law enforcement officer of means of protection (third degree felonies).

The charges could have carried sentences of 30 years for the first degree felony and five years each for the third degree felonies.

According to a plea deal with the state attorney's office, Miller, who was in court Monday, Oct. 7, was sentenced to five years on each count to run concurrently with each other and his life sentence.

He was also ordered to pay a \$1,000 fine, court costs of \$415, prosecution costs of \$100, public defender fees of \$550 and investigation costs of \$250.

Miller has been incarcerated since 1991, when he was sentenced to 10 years in prison for uttering a forgery and two-and-a-half years for the sale or purchase of cocaine in Orange County.

Just four months into his sentence, Miller was charged with battery on a law enforcement officer/firefighter/EMS/etc. in Lafayette County, resulting in an additional five-year sentence.

Then in 1996, Miller was charged with second degree

'Fan favorites' return for the 58th annual Fla. Forest Festival

With Florida celebrating the 500th anniversary of the arrival of Ponce De Leon in its Viva Florida 500 efforts, the 58th annual Florida Forest Festival is honoring the state's timber history and its ties to the state's economy and culture with the theme "Viva Florida Forestry."

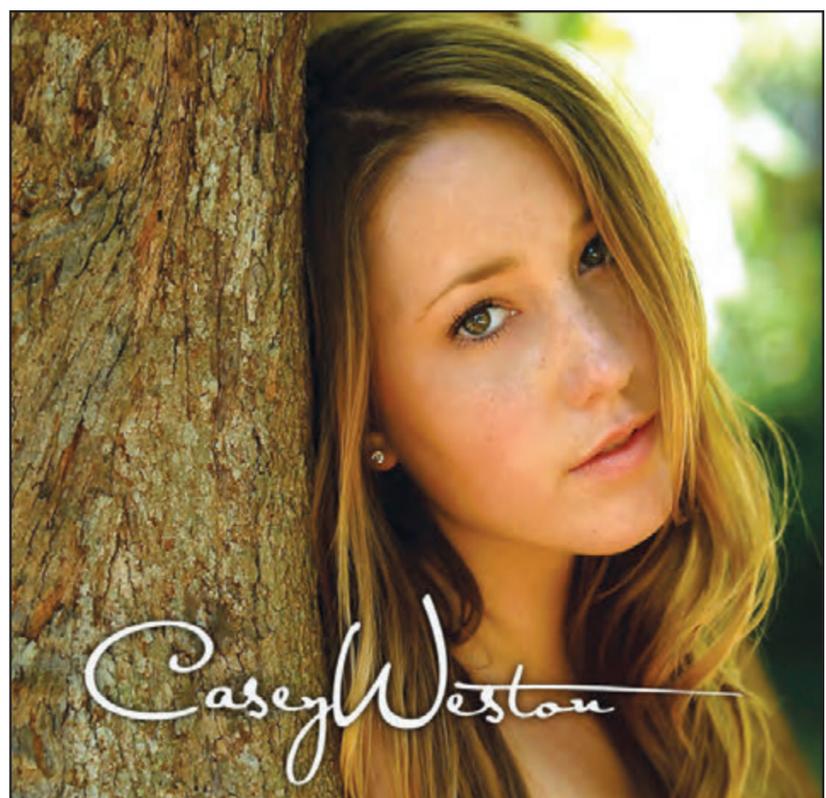

In conjunction with this look back, several "fan favorite" events, including the Heritage Day Field Trip and the Great Race are returning this year.

More than 20,000 people from around the region are expected to converge on Forest Capital State Park on Saturday, Oct. 26, but the festivities officially kick off Wednesday, Oct. 23, when the carnival opens for business on Industrial Drive.

The community is invited to return the next evening (Thursday, Oct. 24) for the "fabulous" fireworks display at Perry-Foley Airport beginning at 8 p.m.

On Friday morning (Oct. 25), students from Taylor County Pre-K, Perry Primary School and Taylor County Elementary School will take part in the Heritage Day Field Trip to Forest Capital State Museum, where they will be able to see demonstrations from Florida's pioneer past along with programs by the Florida Forest Service and live lumberjack shows.

What is texting and driving?

M.C. of Cedar Key writes:

"I keep hearing that "texting" while driving is illegal in the State of Florida as of October 1, but I'm not sure exactly what that means...so what, exactly, is "texting?"

Dear M.C.:

Good question and, obviously, very timely. The answer to your question can be found at Florida Statute 316.305, entitled the Florida ban on texting while driving law. It reads, in pertinent part, at section (3)(a) therein, as follows:

"A person may not operate a motor vehicle while manually typing or entering multiple letters, numbers, symbols or other characters into a wireless communications device or while sending

or reading data on such a device for the purpose of nonvoice interpersonal communication, including, but not limited to communication methods known as texting, e-mailing, and instant messaging..."

So, texting is defined to include reading data, which surprised me, since reading data does not require typing any letters, but this statute does not apply to the use of a telephone. Many states have laws which prohibit the use of cell phones for talking while driving, but Florida has not done so, yet.

It seems to me that talking on a phone while driving can certainly be a distraction for a driver just as much as texting, especially if a person must actually hold the device in one hand while driving. Also, to place a call,

one must type in numbers, which would seem to qualify as texting. However, "voice" communications are excluded under the newly enacted statute.

There are numerous exceptions to the law as stated above, including using the device to report an emergency or criminal or suspicious activity to law enforcement. I suggest that anyone with a specific question about the exceptions take a look at section (3)(b) of the statute to view all of the exceptions to the general rule of no texting while driving.

There are a couple of key provisions I should mention which relate to enforcement of the new statute, such as the subsection regarding

Perry City Council 'got a prize'

Dear Editor:

I read with great interest your front page story on Wednesday, Oct. 9, regarding the hiring of City Council's Special Magistrate Leenette McMillan. I would like to share some personal background knowledge of Leenette.

Leenette is a home grown Mayo-ite. From her school years on, she has been a leader of her school and her community--both of which she loves dearly. After a successful college career and passing the Bar exam Leenette could've settled

into a successful law career anywhere but chose to come home to Mayo and hang her shingle.

From that time on, she has always been a champion for her clients and the community. She's won awards for her pro-bono work in Lafayette County. She serves endlessly, tirelessly and enthusiastically. She writes her own successes through hard work, integrity and passion.

As a former managing editor to the **Mayo Free Press** for several years, I watched this young lady

bloom into the great woman she is today. She's an inspiration. She's got spunk and plenty of it. And she's down-home as it gets.

I want the men and women of our city council to know you've got a prize. A year from now you will be asking yourselves, "What did we ever do without her?" She's intelligent, she's fair-minded and she's compassionate. Leenette will serve you well and has my humble endorsement. Y'all are gonna love her.

Sincerely,
Lori Messick,
Perry

Exhibit celebrates role models

Dear Editor:

This year Taylor County High School has for their motto "Building Futures" at the entrance to the building as an exhibit entitled "Look to the Past to Build to the Future."

The display features

former TCHS athletes who are role models for the current student body.

The display features Tracy Maxwell, all Conference Football 1977; Sammy Agner, State Mile Champ 1965; Coach C.T. Burgess, Head Football Coach

1960s; Savannah Cantrell, All Big Bend Soccer 2011; and Steve Holton, All State Football 1954.

Special thanks to Lauri Ketring, drafting instructor, for her help on the display, Go Dawgs.

Different direction for the city?

Dear Editor:

In response to a recent editorial (Facebook?), a broad-brush impartial look at the city's progress to date with ongoing development and re-development initiatives (not a formal plan) in the urban core answers the question all in government need and want

The city, acting as developer, took the train, the Jefferson Street Local, on a journey of unknown duration, destination and cost.

American Legion post has new roof

Dear Editor:

Recently, American Legion Post 0096 and Veterans of Foreign Wars Post 9225 launched a project to replace the roof

on the American Legion Building in Perry, as it was leaking and sorely needed to be replaced.

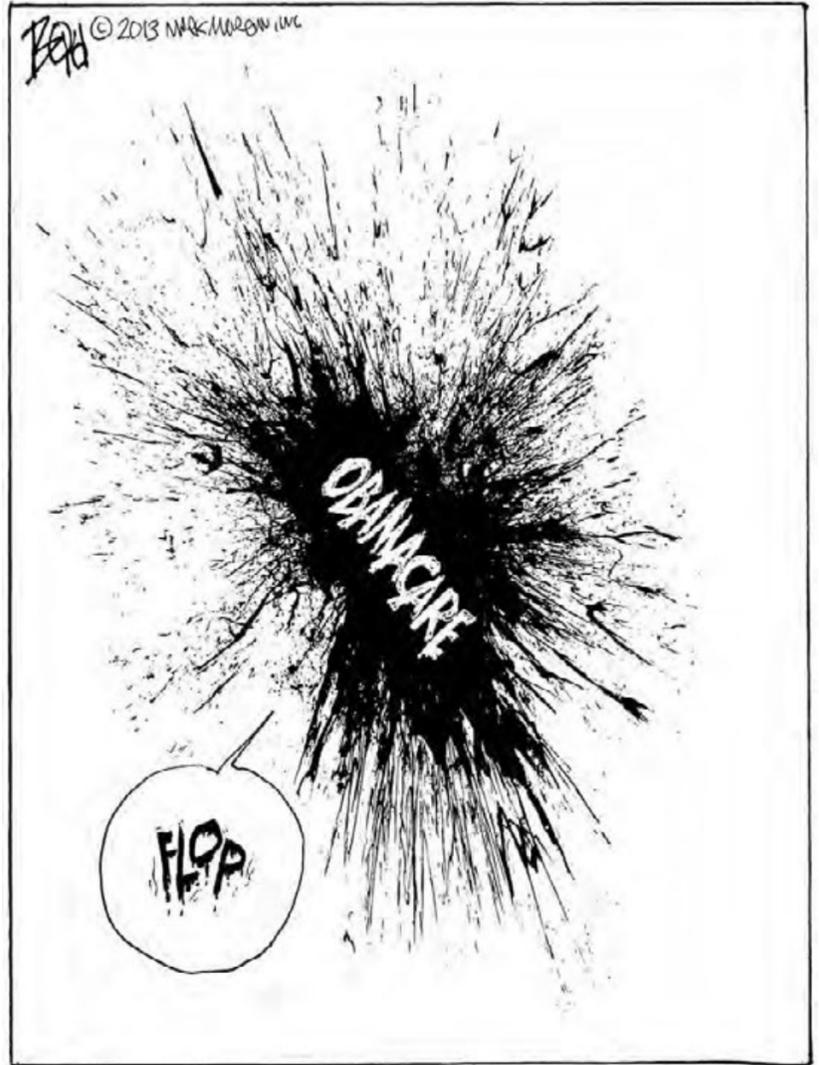

Post members contributed to and raised funds for this

project. Several members of the public who were not affiliated with the Legion or the VFW made some generous contributions and we thank them all.

Particularly noteworthy was the assistance given to us by Michael Rhodes Roofing. Mr. Rhodes generously provided his labor and expertise at no cost. He obtained the permits, installed the entire roof over a period of only two days, and made other contributions to the project. Several other citizens not affiliated with our organizations--Lloyd Massey, Morgan Smith, Jimmy Smith and Charles Davis--also contributed their time, labor and expertise to this project.

The members of the American Legion and Veterans of Foreign Wars cannot thank these good people enough for their generosity and hard work, but we wanted to try.

Midweek Muddle

Take a Letter, Maria

By SUSAN H. LINCOLN

If you don't go to church, you won't understand this column.

I grew up in the First Baptist Church in my small Alabama town. Since my father was one of the pillars of the church, we were there as a family every time the doors opened.

When I came of age, I was placed in the Girls Auxiliary which everyone just called GA's. In GA's, you learned about missionaries (especially Lottie Moon), Bible scriptures galore and opportunities to help at home.

Once a year, we held a banquet which was always decorated in the GA colors of green and white, and I should recall what those stood for, but I don't. I'm certain they represented the Queenly qualities which all GA's aspired for, with Queen Esther as the female role model. Purity, honesty, faithfulness--it's hard to argue with any of those.

Upon advancing to the rank of Queen, I earned my own wooden scepter, sprayed gold, which has been in the top of my childhood bedroom closet ever since. To have worked so hard to earn it, I really should hang it from the rearview mirror in my car. I created six or so workbooks, made a blanket for a needy child in Africa, recited I Corinthians 13 before the entire congregation and spoke to the Women's Missionary Union of the church about the many lessons I had learned through GA-ing.

I was small and sincere, and they all smiled.

Mrs. Morgan was the tireless workhorse behind this program. We found her short in humor and long in her demands, but in retrospect, we should all give her our scepters for overlooking our annoying abundance of energy and often-short attention spans.

The banquet for the year finally arrived and Mrs. Morgan would be pleased to know that, to this day, I remember the mints in the green paper cupcake holders. I can guess that the menu was baked chicken and the "hands that prepared it" belonged to our

mothers. There were probably 75 girls in attendance.

Following the food and the singing of the G.A. hymn, which still appears in the current Baptist hymnal as "We've A Story To Tell to the Nations," the program for the evening was introduced.

I recall nothing about it, except that four of the older girls--much older than I--were called upon to practice a musical selection which they, as a quartet, would render at the conclusion of the program.

Nancy, Lane, Annette and June

were remarkably cool. They held dominion over every orbit they entered. But, apparently, they didn't understand Mrs. Morgan's directive. Instead of singing "Nearer My God To Thee" or "Oh How I Love Jesus," they busted out in a rousing rendition of, "Take a letter,

Maria...address it to my wife. Say I won't be coming home....gonna start a new life" with appropriate syncopation by their friend at the piano. This song by R.B. Greaves, an American soul singer, has a distinctly Latin flavor and sold over a million copies.

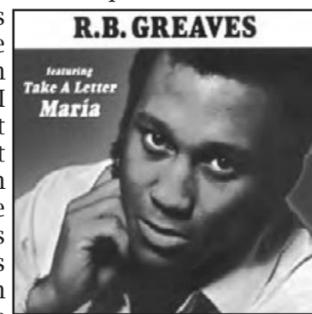

By today's standards, it was tremendously tame but this bold quartet sang all four verses about infidelity, with refrains after each one.

What this had to do with mission work in Africa, neither I nor Mrs. Morgan had a clue. But I remember thinking how neat it was that this quartet was singing a song I had heard on the radio, instead of a selection requiring sacred organ accompaniment.

I'm sure Mrs. Morgan went home and threw up.

We closed in prayer. "Missions begin at home," Mrs. Morgan said in a reverent voice, and I suspect she prayed mightily for that quartet from that day forward, for their wayward mothers, their scary futures and her own retirement. "Soon, Lord, please."

Knowing Mrs. Morgan, she probably even prayed for the man who was ready to start a new life, and for Maria, who should have taken the scepter, instead of the letter.

Engagement Announcement

Marley Ann Revels of Perry is excited to announce the engagement and upcoming marriage of her father Mr. Colin "Cole" Vince Revels to Miss Olivia Ashlee Dickey.

Olivia is the daughter of Chuck and Lynn Dickey of Lee. She is a 2010 graduate of Madison County High School and is employed at the Hardee Law Firm in Madison.

Cole is the son of Tina and Waymond Carroll of Perry and Vince and Tammey Revels of Madison. He is a 2006 graduate of Taylor County High School and is employed at Jack's Boats and Trailers in Perry.

The wedding is planned for November 9, 2013 at 4 p.m. at the home of Mr. and Mrs. Charlie Dickey (387 S.E. Burnett Pond Trail, Madison.) No local invitations are being sent, but all family and friends are invited to share with them in beginning their lives together.

Martha,
 Thank you for 50 wonderful years of marriage.

All my love,
 Jim

PAWS supporters take a walk on the 'tropical' side for LuaHowl benefit

P.A.W.S. (Pets Are Worth Spaying) supporters donned their best tropical wear and showed up in force to support the group's annual dinner/auction fund-raiser held Saturday, Oct. 5, at Steinhatchee Landing.

The "LuaHowl" benefit included a Polynesian inspired dinner featuring pulled pork, baked chicken, grilled fish and tropical flavored sweet potatoes.

"Cakes by Mary" donated a three-tiered cake, decorated with edible flowers and white chocolate "paw prints."

Dean and Loretta Fowler of The Landing rolled out the red carpet for the group, hosting the event at the resort's conference

center.

Fund-raising efforts included a silent auction and live auction, offering a wide range of items from custom-made wood furniture to weekend getaways and original works by local artists.

"This is our largest fund-raiser of the year for PAWS, which helps local residents defray the expense of having their pets spayed or neutered. PAWS also hosts a low cost vaccination clinic, thanks to the support of Dr. Miles Owens and Dr. Tom Fletcher. We hold the clinics twice a year, in November and May, with the next clinic being held on Nov. 16 at the DTRAC Park in Jena," PAWS President Renee Field said.

Strutt your mutt at pet parade Friday, Oct. 25

Helping Hands of the Shelter will host its fourth annual Strutt Your Mutt Contest Friday, Oct. 24, in conjunction with the 58th annual Florida Forest Festival.

This year's event will be held at the Grand Pavilion in Rosehead Park (adjacent to

the Splash Pad).

Prizes will be awarded in the following categories: Best Bark, Best Trick, Best Costume, Biggest Dog, Smallest Dog, Oldest Dog, Best Kisser, Best Tail Wagger, Best Shelter Representative and Best In Show.

Entry forms are available at the Perry-Taylor County Chamber of Commerce.

Participants will also be able to register prior to the contest, starting at 5:30 p.m.

The pet parade and judging will begin at 6 p.m. The entry fee is \$5 per pet.

HUSH PUPPY EATING CONTEST How many can YOU eat?

Hush puppies have long been a staple at the Florida Forest Festival's "World Largest's Free Fish Fry" and organizers are introducing a new contest where the tasty fried treats will be the main attraction--a Hush Puppy Eating Contest. The event will be held

Festival Day (Saturday, Oct. 26) at Forest Capital Park.

The contest will be limited to 12 competitors (ages 18 and up); registration is free and forms are available at the festival office (located adjacent to the Perry-Taylor

County Chamber of Commerce).

For more information, contact the festival office at 584-TREE (8733).

The contest will start at 2 p.m. in front of the main stage. Contestants will have 60 seconds to eat as many hush puppies as they can.

Thank you

It's hard to believe that the 11th will be two months since Brad passed away. I would like to say thank you to all of our community, friends, churches and coworkers for the out pouring of support, sympathy, food and love you gave during this difficult time.

I was overwhelmed by the kindness and support that you all showed me. I don't know why I was shocked by the multitude of people that loved Brad, but I've never seen so many people sincerely care and love one person like you all did for him. It made me so proud to be his wife and share a piece of his life with all of you. A special thanks to businesses that helped us: South House, Burns Funeral Home, Katie's store, Sea Tow, Taylor county pre-k employees, Keaton Beach Marina and front porch guys. Thank you to everyone for everything, honestly there were so many people that gave me kind words, cards, food, gifts and prayers I can't list them all here personally and would be afraid to try to make a list because I love and want to thank every one of you! There are two people I have to put in writing that I can't find the words to express my gratitude or ever explain what they did for Brad. First is James (and Cindy), Brad's friend and our neighbor, ran to Brad's rescue when he called me for help that afternoon. James did CPR and tried to breathe for my baby with every ounce of his being. James gave to Brad until the last second of his life: his friendship, love and even the very air he could breathe until the ambulance could get to our house. Second is Frank Russell and Mike Padgett, who came to my yard and dug up Laddie girl to take her to be cremated so that Brad could be put to rest and their ashes spread together out at Marker 1. To this day I believe when Laddie got hit and killed part of Brad's heart went with her. It meant so much to me that they were together in the end.

I am thankful that sharing my life with Brad has blessed me in so many ways including being part of the Beach family, living in a community where people really care and take care of each other, my friends that have been so wonderful and supportive, the best coworkers and my job I love, and our church support.

With all of the doctor appointments and hospitalizations during the last few years managing his CHF, I thought we were prepared for this time. Brad always told me he wasn't afraid and that only our Lord knew when the time would be for sure. Now I know, there is no way to really be prepared and ready to lose the person you love most and for me, my best friend.

I know Brad is in heaven and I will see him again one day and until then I have great memories of our life together. I remind myself that this goodbye was not forever, but only "until we meet again".

and provided a colorful background for the group's opening number, which was a rollicking performance that had contestants talking like pirates and brandishing (toy) swords.

The boys and girls were

dressed in their best pirate wear, boasting everything from flirty tulle skirts and eye patches to knee-high-boots and a parrot-on-the-shoulder accessory.

Mistress of Ceremonies Kim Pegg herself sported an eye patch, pirate hat and sassy red sash.

Entertainment for

the evening included performances by Taylor County's 2013 Distinguished Young Woman (DYW) MaKenzie Cannon and first runner-up Jessica Welch, along with DYW contestants Brittany Stalans and Annsley Bohlman.

Contestants returned to

the spotlight dressed in outfits that answered the question "What I Want to Be When I Grow Up" loud and clear: everything from a nurse ("Because my mom is one") and an engineer ("Because they make a lot of money") to country singer Jason Aldean ("Because I like his songs").

Following a slide show featuring the contestants and their lengthy practices leading up to Saturday's program, the boys and girls took a spin on stage dressed in formal wear.

Each was asked a question drawn at random, ranging from "What happens if it rains lollipops?" to "Why do you have to take a bath?"

After giving their answers, contestants then walked down the runway that extended off the stage. While some took their time and waved to the crowd crossing the stages, for others it was a race against time to see how fast they could zoom down the runway and back again.

Contestant #15 Ava Musselwhite, the daughter of Amber and Jim Musselwhite, drew loud applause when—tired of

tripping over her dress hem—she grabbed two handfuls of her skirt, hiked it over her ankles and took off down the runway.

Contestant #24 (second runner-up Grant Turner) took the runway with the ease of a seasoned politician...smiling broadly and waving to the crowd every inch of the way.

Capping the program was a farewell appearance

by 2012 Little King Kingston Williams, the son of Quantasha and Brett Denmark, and Willie Williams, and Little Queen Miley Hill, the daughter of Tyson and Juanita Hill.

When it came time for the winners to be announced, the contestants cheered on one another and clapped as the new royalty stepped forward to accept their crowns and sashes.

A giant pirate ship, complete with a crow's nest and cannons, served as a backdrop for Saturday's Little King & Queen Pageant.

Bulldogs rout Jefferson 49-16

By AARON PORTWOOD

The Taylor County Bulldogs jumped on top of visiting Jefferson County 42-0 and then rolled to a mercy-rule shortened 49-16 blow-out win over the Tigers, Friday night in Perry.

The lopsided win was fueled by an outstanding individual effort by Evan Grambling on both sides of the ball, and a near-perfect passing night by QB Daniel Wentworth who tossed three touchdowns while completing 8 of 10 passes for 74 yards with no turnovers.

Grambling was a one-man wrecking crew on defense during the first part of the game. The senior defensive end seemed to be in the Tigers' backfield on every

Jermaine Watkins finished with 2 carries for 28 yards, Darrell Cook had 7 carries for 25 yards, Marc Hamilton had a 13-yard run in mop-up duty, while Moral Stephens scored the first touchdown of the game on a 2-yard run.

M. Stephens only had two touches on offense (1 catch for 1 yard, 1 carry for 2 yards, 1 TD), while recording 1 solo tackle and 1 assist on defense in limited duty due to the lopsided score.

Taylor County raced out to a 21-0 lead in the first quarter as Grambling and Kallschmidt wreaked havoc on Jefferson's first drive. Kallschmidt made a tackle for a 4-yard loss on first down, as Grambling nearly recorded a sack.

goal line.

Parker's kick gave the Bulldogs a 14-0 lead with 4:00 left in the first quarter.

Kallschmidt, Jordan White and Marc Hamilton hustled down the field to smash the Jefferson County return man on a pooch kick, and Grambling made a solo tackle for an 8-yard loss on the very next play.

Grambling and Davonta Fudge tackled Jefferson's QB for a 3-yard loss to set up a desperation 2nd and 26 lateral pass that was ruled a fumble. Art Nelson scooped up the loose ball and returned it 10 yards for a touchdown to give the Bulldogs a 21-0 lead after Parker's PAT with 2:04 remaining in the first quarter.

Javolis McNeal -- who has continued to turn up his level of play over the last two weeks and became the first Bulldogs to lead the defense in tackles this season other than Kallschmidt with 5 solo tackles and 2 assists -- made a stop to end the first quarter and Mitch Stephens intercepted his second pass of the year on the first play of the 2nd quarter.

After Mitch Stephens' 27-yard interception return, Wentworth pitched to Jermaine Watkins for 7 yards, hit Chance Rodgers for a 6-yard completion and threaded an 8-yard pass to Grambling for a touchdown less than a minute into the second quarter to give the Bulldogs a 28-0 lead after Parker's PAT.

Evan Ward boomed the kickoff into the endzone for a touchback and the Bulldogs got the ball back in just four plays thanks to a 10-yard sack by Justin Cruse and a 5-yard tackle for a loss set up by a QB pressure by Fudge.

Taylor County drove all the way down to the Tiger 9-yard line before losing yardage and failing to score, but the 'Dog defense continued to hold Jefferson scoreless, thanks to big plays by Jamar McNeal, Cruse, Moral Stephens, Kallschmidt and Mitch Stephens. Kallschmidt (4 solo, 2 assists, 1 tackle for loss, 1 sack, 1 big hit) stopped the drive with a 6-yard sack on 3rd and 10.

Nelson followed great blocking by his offensive line for a 41-yard gain and then carried the rock four straight plays for 32 yards and a 1-yard TD to end the first half and give the Bulldogs a 35-0 lead.

Taylor County High's Jermaine Watkins (2) sprints down the left side during action Friday night against Jefferson County.

The Bulldogs were forced to punt to start the second half, but Grambling recovered when a Tiger Oliver had 1 run for 10 yards and 3-yard catch.

Cam Collins made a highlight-reel, toe-dragging touchdown catch in the front corner of the endzone on a fantastic roll-out pass by Wentworth to start the 3rd quarter and give Taylor County a 42-0 lead.

After Grambling's stellar night (4 solo, 2 assists, 2 tackles for loss, 1 fumble forced, 1 fumble recovery), Jordan White had 4 solo tackles and Cruse had 2 solo, 2 assists and 1 sack.

Johnny Anderson finished with 2 solo tackles. Jamar McNeal had 2 solo tackles and 1 tackle for loss (TFL).

Watkins had 2 carries for 28 yards. Chance Rodgers caught two passes for 21 yards, and Jamar McNeal had 1 run for 10 yards and 3-yard catch.

On defense, Javolis McNeal led the team with 5 solo tackles and 2 assists, followed by Kallschmidt with 4 solo tackles, 2 assists, 1 tackle for loss, 1 sack and 1 big hit.

After Grambling's stellar night (4 solo, 2 assists, 2 tackles for loss, 1 fumble forced, 1 fumble recovery), Jordan White had 4 solo tackles and Cruse had 2 solo, 2 assists and 1 sack.

Johnny Anderson finished with 2 solo tackles. Jamar McNeal had 2 solo tackles and 1 tackle for loss (TFL).

Fudge finished with 2 solo tackles, 1 tackle for loss, 1 sack and 1 QB hurry.

Watkins had 1 solo and 1 assist, but also impressed the crowd with several bone-jarring tackles. Moral Stephens finished with 1 solo tackle and 1 assist, followed by Shawn Burney (1 solo), Kahlil Britt (1 solo), Brynice Bailey (1 solo), Jermarcus Robertson (1 solo, 1 TFL, 1 QB hurry), Mitch Stephens (3 assists, 1 interceptions, 1 pass break-up), Marc Hamilton (1 assist), Cole Folsom (1 QB hurry) and Tanner Hammock (1 QB hurry).

The Bulldogs have now won two games in a row

play, as he tallied 4 solo tackles, 2 assists, 2 tackles for loss, forced a fumble and recovered it in just two quarters of play.

On offense, Grambling caught two passes for 29 yards and scored touchdowns both times -- finding the endzone on catches of 21 and 8 yards.

The Bulldogs' starting defense held the Tigers to only 44 total yards of offense (21 yards rushing, 23 yards passing) in the first half and scored one touchdown of their own, as Taylor County steamrolled their way to a 35-0 lead to start a continuously-running clock just before halftime due to the 35-point "mercy rule."

The Bulldogs came out and got some insurance points to start the second half, as Wentworth found Cam Collins for a 10-yard TD pass to go up 42-0, before the Bulldogs began substituting heavily, after which Jefferson was able to score twice late in the game.

"It was a good night for the Bulldogs. We played a team that we were better than and we went out there and took care of business," Taylor County Head Coach Ryan Smith said. "A lot of times that doesn't happen, and you let a team with good athletes hang around and end up in a battle. But we didn't do that. Our guys went out there and took care of business, allowing a lot of guys to get a chance to play."

The Bulldogs' offensive line (Garrett Massey, Jacob Barr, Ja'Nard Robson, Josh Prevatt and Jalik Jay) had its most impressive game of the season, paving the way for Taylor County to gain a season-high 236 yards and 3 touchdowns on 30 carries (7.9 yards per carry).

The offensive line only gave up one sack and allowed Wentworth to complete 8 of his 10 passes on the night while gaining 29 yards on two carries.

Bulldog runningback Art Nelson broke 100 yards rushing in the first half (6 carries, 103 yards) and scored on a 1-yard TD before finishing with 97 yards on 8 carries.

JV quarterback Rayshawn Hamilton came into the game on the final drive and carried three straight times for 64 yards and a touchdown.

Then Grambling made a tackle, stripped the ball and recovered on 2nd down to give the Bulldogs' offense the ball.

Nelson went 30 yards untouched down the left sideline on the Bulldogs' first offensive play, before being tackled at the 2-yard-line, and M. Stephens took a sweep in for a touchdown on the very next play to give the Bulldogs a 7-0 lead just 1:08 into the game after Grant Parker's PAT.

Grambling made a solo tackle for a 5-yard loss, followed by back-to-back bone-jarring hits by Jermaine Watkins and a QB hurry by Grambling to force Jefferson to give the ball back.

A 10-yard pass to Cook, followed by a 21-yard end around run by Watkins set up the Bulldogs' second touchdown on a 21-yard TD pass from Wentworth to Grambling, who made an amazing catch of a low pass around his shoelaces at the

Bulldog wide receiver Chance Rodgers (21) tries to elude a Jefferson County defender after catching a Daniel Wentworth-thrown pass in the first half.

Friday night will see festivities move to historic Downtown Perry for the Strutt Your Mutt Dog Parade, held this year at Rosehead Park's Grand

Pavilion at 5 p.m.; the annual Kids' Parade, a procession of children dressed in their best "theme-related" costumes around the courthouse square, at 6 p.m.; and the Gaslight Classic Car Parade at 7 p.m. Concessions, kids' games

and more will also be featured.

The classic cars will stream down to Perry Square (Save-a-Lot shopping center) for a street dance featuring live music from the band Southern Rain. Back downtown, kids will be able to take part in a Kid's Fun Run at 7 p.m. with scary stories following at the Grand Pavilion at 8 p.m.

Saturday morning of "festival day" (Oct. 26) will bring the annual King Tree Parade passing through Downtown Perry along Jefferson Street beginning at 10 a.m. Main Street Perry will host a farmer's market at the Grand Pavilion from 8 a.m. to 12 noon.

Additionally, the festival's "Great Race," the downtown 5K run, returns after being absent for a number of years.

Following the parade, everyone will travel to Forest Capital State Park for the rest of the festival.

Some 65 arts and crafts vendors are expected at the festival, opening at 9 a.m., along with dozens of special concessions and food booths.

Forestry-related events include professional lumberjack shows (at 12, 2:30 and 4 p.m.), a kid's lumberjack camp (beginning at 2:30 p.m.), chainsaw competitions, loader competitions and

cross-cut saw competitions.

The World's Largest Free Fish Fry begins serving at 12 noon as an estimated 6,000 people will receive a free lunch of fried catfish, baked beans and hushpuppies.

The mainstage entertainment begins at 12:30 p.m. and will include performances from Casey Weston, Betsy Badwater and the C.S. Holt Band.

Weston returns to the Florida Forest Festival after performing here in 2010, which was her first public concert. She went on to star in the first season of NBC's "The Voice," making it to the top 8 on Coach Adam Levine's team. One of her recordings from "The Voice" made it to number 90 on the Billboard Hot 100.

Since the show, she has performed on the national concert circuit opening for Top 40 and Country acts such as James Otto, John Anderson, Craig Morgan and Justin Moore.

Badwater is a Perry native who now lives in Pensacola and returns to perform with her band, The Hillbilly Chrome.

Her music has been called a stout distillation of

rockabilly, country, blues, soul and high-lonesome. She writes the songs, sings, plays guitar and a tambourine-topped bass drum all at the same time.

Badwater has performed in music venues and music festivals in 35 cities in eight states, has been featured on NPR radio shows as well as commercial radio stations in Florida, Alabama, Mississippi and Texas, as well as featured on PBS television, CNN and Headline News.

Her new record was completed at The Shed Recording Studio in New Orleans and features Grammy Award-winning musician and movie star Chris Thomas King ("O, Brother Where Art Thou," "Ray") as producer. Her performance here is part of a 47-date/eight-state tour of the South.

C. S. Holt is a vocal stylist and songwriter who performs his own unique take on blues-flavored American music, combining blues, soul and roots influences. Born and raised in Virginia, he makes his home in Moultrie, Ga.

For information about any of the festival's events,

Miller's history with the law dates back to 1978, when he was charged for robbery with deadly weapon

in Miami-Dade County. He was released in 1981.

Miller was arrested in 1985 and sentenced to eight years, again for robbery with a deadly weapon. He was released in 1988 after serving less than three years.

Because life's next chapter is just beginning.

PUBLIC NOTICE OF INTENT TO ISSUE AIR CONSTRUCTION PERMIT AND A TITLE V AIR OPERATION PERMIT RENEWAL Florida Department of Environmental Protection Waste and Air Resource Management Program, Northeast District Office Draft Air Construction Permit No.: 1230033-011-AC DRAFT/PROPOSED Title V Air Operation Permit Renewal Project No.: 1230033-010-AV Gilman Building Products, LLC - Perry Mill Taylor County Applicant: The applicant for this project is Gilman Building Products, LLC. The applicant's responsible official and mailing address is: Mr. Victor H. Garrett, President, Gilman Building Products, LLC, Perry Mill, 3823 Owens Road, Yulee, Florida

32097.
 Facility Location: The applicant operates the existing Perry Mill, which is located in Taylor County at 1509 S. Byron Butler Parkway, Perry, Florida 32348.
 Project: The applicant applied on August 05, 2013 to the Department for a Title V air operation permit renewal. This is a renewal of Title V air operation permit No. 1230033-009-AV. The Department is co-issuing air construction permit No. 1230033-011-AC, which authorizes an update to the rule applicability, regarding visible emissions limitations for the Bark and Sawdust Silo with baghouse (EU 002) and the # 2 Fuel System with baghouse (EU 005) and the removal of the 5% opacity limit in Rule 62-297.620(4), F.A.C., and the annual visible emissions compliance test requirement from both EUs at the Perry Mill facility. These units are subject to the General Visible Emissions standard in Rule 62-296.320(4)(b), F.A.C. of less than 20% opacity. The existing facility is a lumber wood processing facility (SIC code 2421) that converts Southern Yellow Pine logs into chips, bark, and graded lumber. Permitting Authority: Applications for Title V air operation permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210, 62-213 of the Florida Administrative Code (F.A.C.). Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, F.S. and Chapters 62-4, and 62-210 of the F.A.C. The proposed project is not exempt from air permitting requirements and a Title V air operation permit is required to operate the facility. An air construction permit is required to modify the opacity and visible emission testing requirements for Emissions Units 002 and 005. The Department of Environmental Protection's Waste and Air Resource Management Program in the Northeast District is the Permitting Authority responsible for making a permit determination for this project. The Permitting Authority's physical address is: 8800 Baymeadows Way West, Suite 100, Jacksonville, Florida 32256. The Permitting Authority's mailing address is: 8800 Baymeadows Way West, Suite 100, Jacksonville, Florida 32256. The Permitting Authority's telephone number is

904/256-1700.
 Project File: A complete project file is available for public inspection during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at the address indicated above for the Permitting Authority. The complete project file includes the draft/proposed permit, the statement of basis, the application, the draft construction permit, the technical evaluation, and the information submitted by the applicant, exclusive of confidential records under Section 403.111, F.S. Interested persons may view the draft/proposed permit and the draft construction permit by visiting the following website: <http://www.dep.state.fl.us/air/mission/apds/default.asp> and entering the permit number shown above. Interested persons may contact the Permitting Authority's project review engineer for additional information at the address or phone number listed above.
 Notice of Intent to Issue Permit: The Permitting Authority gives notice of its intent to issue a draft/proposed Title V air operation permit revision and a draft air construction permit to the applicant for the project described above. The applicant has provided reasonable assurance that continued operation of the existing equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-296 and 62-297, F.A.C. The Permitting Authority will issue a subsequent final permit in accordance with the conditions of the draft/proposed permit and a final air construction permit in accordance with the conditions of the draft air construction permit unless a response received in accordance with the following procedures results in a different decision or a significant change of terms or conditions.
 Comments: The permitting authority will accept written comments concerning the Draft Air Construction Permit for a period of 14 (fourteen) days from the date of publication of this Public Notice. Written comments should be provided to the Florida Department of Environmental Protection, Northeast District Office, Air Resource

Management, at 8800 Baymeadows Way West, Suite 100, Jacksonville, Florida 32256, or by facsimile at (904) 256-1590. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this Draft Air Construction Permit, the permitting authority shall issue a Revised Draft Air Construction Permit and require, if applicable, another Public Notice. The Permitting Authority will accept written comments concerning the draft/proposed Title V air operation permit for a period of 30 days from the date of publication of the Public Notice. Written comments must be received by the close of business (5:00 p.m.), on or before the end of this 30-day period by the Permitting Authority at the above address. As part of his or her comments, any person may also request that the Permitting Authority hold a public meeting on this permitting action. If the Permitting Authority determines there is sufficient interest for a public meeting, it will publish notice of the time, date, and location in the Florida Administrative Weekly (FAW). If a public meeting is requested within the 30-day comment period and conducted by the Permitting Authority, any oral and written comments received during the public meeting will also be considered by the Permitting Authority. If timely received written comments or comments received at a public meeting result in a significant change to the draft/proposed permit, the Permitting Authority shall issue a revised draft/proposed permit and require, if applicable, another Public Notice. All comments filed will be made available for public inspection. For additional information, contact the Permitting Authority at the above address or phone number.
 Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with (received by) the Department's Agency Clerk in the Office of General Counsel of the Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail

Station #35, Tallahassee, Florida 32399-3000. Petitions filed by the applicant or any of the parties listed below must be filed within 14 days of receipt of this Written Notice of Intent to Issue Air Permit. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the attached Public Notice or within 14 days of receipt of this Written Notice of Intent to Issue Air Permit, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.
 A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address and telephone number of the petitioner; the name address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial rights will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;

(f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.
 Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Public Notice of Intent to Issue Air Permit. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.
 Mediation: Mediation is not available for this proceeding.
 EPA Review: EPA has agreed to treat the draft/proposed Title V air operation permit as a proposed Title V air operation permit and to perform its 45-day review provided by the law and regulations concurrently with the public comment period, provided that the applicant also transmits an electronic copy of the required proof of publication directly to EPA at the following email address: [oqueudo.ana\(a\),epamail.epa.gov](mailto:oqueudo.ana(a),epamail.epa.gov). Although EPA's 45-day review period will be performed concurrently with the public comment period, the deadline for submitting a citizen petition to object to the EPA Administrator will be determined as if EPA's 45-day review period is performed after the public comment period has ended. The final Title V air operation permit will be issued after the conclusion of the 45-day EPA review period so long as no adverse comments are received that result in a different decision or significant change of terms or conditions. The status regarding EPA's 45-day review of

this project and the deadline for submitting a citizen petition can be found at the following website address: <http://www.epa.gov/region4/air/permits/Florida.htm>.
 Objections: Finally, pursuant to 42 United States Code (U.S.C.) Section 7661d(b)(2), any person may petition the Administrator of the EPA within 60 days of the expiration of the Administrator's 45-day review period as established at 42 U.S.C. Section 7661d(b)(1), to object to the issuance of any Title V air operation permit. Any petition shall be based only on objections to the Permit that were raised with reasonable specificity during the 30-day public comment period provided in the Public Notice, unless the petitioner demonstrates to the Administrator of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit properly issued pursuant to the provisions of Chapter 62-213, F.A.C. Petitions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Administrator of the EPA at: U.S. EPA, 401 M Street, S.W., Washington, D.C. 20460. For more information regarding EPA review and objections, visit EPA's Region 4 web site at <http://www.epa.gov/region4/air/permits/Florida.htm> 10/16

The Bulldogs (3-3) can move to 2-0 in district with a win over (3-4) Fernandina Beach, which is 0-1 in district

has stopped or detained or intends to stop and detain the driver for a suspected violation of another provision of the traffic laws, such as speeding, running a red light, equipment violations and so forth,

much like the seat-belt law. Also, law enforcement officers can only use billing records for a wireless communications device to establish a violation of the statute under circumstances

in which an accident has occurred and death or personal injury resulted from that accident.

I hope I have answered your question, M.C., and, again, I encourage you to read the statute. I hope you

are among those who agree, as I do, that this is a good law. However, I expect it is going to be extremely hard for some people to break the habit of driving while texting, since it has become so pervasive in our

society today. *The foregoing was written by attorney Pierce Kelley, who is a member of the Florida Bar Association. The contents reflect his personal opinions and beliefs.*

state-of-the-art facilities in a police substation/public safety facility as a thank you for your service; 3) create a leasehold for any reasonable private entity and, in so doing, establish a paying asset for the city or a favorite city controlled viable nonprofit; 4) sell the property and use the funds for further development.
 Offsite--As the development initiative incorporated a pre-engineered/prefabricated/pre-manufactured wood construction, re-siting and re-construction at

another site is facilitated by the specific portabilities inherent in the original design. Therefore the city can determine a future use and location at its sole discretion.
 Third Stop--Jefferson at the creek: The city developed a cooling facility and park. The program was successfully completed. The construction of an all-weather use is a very affordable option.
 Fourth Stop--Jefferson at the railroad and creek. The city plan seeks to develop a lake and park. The project

requires the demolition of one bridge and one creek. The to-be-demolished bridge, an asset of the city, is very expensive to replace. The value of the creek is unknown. Upon completion, a person utilizing either the lake or park will have an unobstructed view of and access to the railroad and trains and the cars, buses and trucks that transverse state Highway 221. Therefore development of the site is both problematic and bold, but not impossible. Houdini was able to get inside a Dr. Pepper bottle with a

train, highway, park and lake already inside because he bought the big jar of Vaseline.
 A more ambitious plan resulting in a far superior/ perhaps award-winning effort is a logical option for the city. Under a more formal development scenario, assemble a development team to: 1) construct a tunnel so the railroad disappears from the site but still provides economic benefits to and for the people; 2) replace the obsolete three existing bridges with arch bridges to

beautify the site and create a really first-class entrance to the city for the people.
 The project can be accomplished by creating an authority to attract a consortia of development team members. A likely name might be the Three Arches Bridge and Tunnel Authority.
 As the editorial passes upon, ask the city to do only what is necessary and appropriate, only what is needed and only what is wanted. You will be informed.

Masons to provide free ID kits for kids Saturday

More than 800,000 children are reported missing in the United States each year, which is about one every 40 seconds.

The Florida Masonic Child ID Program is a statewide service provided by Florida Masons at no cost to any child.

"Since its inception in 2007, we have attended public events, providing ID kits for tens of thousands of children," local Mason Cline Moore said.

"The kit includes digital photos of the child, a digital video, digital fingerprints and a full description, all on a CD. We also provide

a DNA sample and two laminated ID cards (one for the parent and one for the child). The kit is contained in a standard DVD case and has printed information inside on how to protect your children and keep them safe.

"All local law enforcement agencies' contact information is provided and since everything is in digital format, all the information can be disseminated very quickly in an emergency."

"No information is ever retained by the Masons and a single hard copy is provided to the parents. All digital

records are destroyed before proceeding to the next child and papers shredded. Best of all, we provide this kit completely free of charge to all families who attend."

Perry Masonic Lodge #123 will hold a Child ID program Saturday, Oct. 19, beginning at 9 a.m. at the Buckeye Community Federal Credit Union located on Jefferson Street.

The service is free to any child up to the age of 19. All parents are invited to bring their children or grandchildren on Saturday for the event. The Masons will be on site from 9 a.m. until around 1 p.m.
