

# ‘How safe is your rubber?’ asks Total Roadside Services

By Pete Gawda  
Okeechobee News

Total Roadside Services, 3176 S.R. 710, is aptly named. If it rolls, they can repair it, fix its flat tires or supply new tires. That includes everything from lawn mowers, agricultural and industrial equipment, passenger cars, pickup trucks to tractor trailer rigs. Manager Justin Doyle calls it a “one stop shop.” He says, “There’s no reason to take it somewhere else.” They do just about everything except washing, painting or towing. However, if towing is necessary, they can make arrangements for that.

With six service trucks and 15 employ-

ees, Total Roadside Services has a mechanic or tire repair person on call 24 hours a day for service calls.

They carry all brands of tires and do all types of mechanical work. The way the shop is set up tractor trailers can drive right through. If necessary they provide transportation back to work while a vehicle is being serviced.

Total Roadside Services is open from 7 a.m. to 5 p.m. Monday through Friday and from 8 a.m. to 3 p.m. on Saturday. The telephone number is 863-357-8772
