Some of the citizens on hand Wednesday to present their concerns to OU Metal Recycling, 220 N.E. 14th Ave., were: (front, left to right) Tionetta Hunter, 5, and Travis Wright, 4; (back, left to right) Ossie Fleming, 13, Ossie Fleming and Jordan Fleming, 11. Citizens are worried about winds from hurricanes or tornadoes blowing pieces of loose metal about the neighborhood, and the company's hiring practices.

Neighbors fear danger presented by scrap yard

By Eric Kopp
Okeechobee News

Ossie Fleming, along with other community members, stood peaceably across the street Wednesday afternoon from OU Metal Recycling to let that company know that enough is enough.

"We're concerned about the whole outfit," said Ms. Fleming. "They just came in one night without talking to the community and we feel they came here, from the start, without good intentions."

Ms. Fleming, aided by family and friends, was at 220 N.E. 14th Ave. to hold up signs stating their concerns about the mountains of metal at the site as well as the company's hiring practices.

She said members of her community are worried about the danger presented by the metal. They fear a hurricane or tornado would blow the metal around and "tear up the community."

"A facility of this type needs to be in an industrial area, not a residential neighborhood," she said.

But, owner Ali Onsoy disagrees.

When reached by phone Thursday afternoon, Mr. Onsoy said the community need not be concerned about flying metal.

Respect the flag when its life is over

Stars and Stripes don't belong with trash, says leading waste services company

As the nation approaches Flag Day June 14, Waste Management is asking its customers to respect the flag and ensure its proper disposal. Flags that are used or in need of retirement should never be thrown in the trash, the company says.

American flags must be disposed of by burying or burning, according to Congressional order. Congress has enacted regulations governing flag disposal, and mandates penalties for handling flags improperly.

Waste Management drivers routinely recover flags disposed of improperly and return them to local agencies for proper handling. Waste Management facilities across the United States are urging anyone who displays an American flag at their home or businesses to use this Flag Day as a reason to learn and observe proper procedures when a flag is ready to be retired.

"Too often we find flags in the trash and they don't belong there," said Waste Management Sr. District Manager Tony Bishop. "We'd like to educate our customers that flags should be disposed of properly in accordance with the government's regulations." Flags collected by Waste Management drivers are handed over to the local American Legion Post, Bishop said.

Local service organizations such as American Legion Posts, veterans groups and Boy and Girl Scout troops often collect flags for proper disposal for those unable to dispose of them properly.

The flag code, as originally passed by Congress in 1942 and amended over the years, recommends burning old flags in a respectful setting as the preferred means of disposal, though burying them is also acceptable. Since many flags are now made from artificial fibers that release small amounts of toxins when burned, some flag advocates recommend bringing them to a crematorium rather than burning them in the open air.

Wasting food

• Pope Francis—who sits on a wooden chair instead of a golden throne and who chose a simple apartment instead of the lavish living quarters of previous pontifs—made the news by asking people to stop wasting food. "Throwing away food is like stealing from the table of those who are poor and hungry," he said. Food waste is a problem worldwide, but Americans are the worst. Americans waste one-third of the food produced in this country. Since food prices, like everything else, are based on "supply and demand" this waste is making everything more expensive than it needs to be. My family is pretty good at avoiding food waste by planning ahead, shopping smart, cooking just enough for each meal and making good use of the freezer. But we were doing all this just to save money. I didn't think of it in regard to doing it for the good of the planet.

• I don't understand why food prices continue to rise while we waste a third of our food. The more we buy, the cheaper things should get right? We throw a third of our food away but we are replacing that third with new purchases. So the more we throw away, the better for business, even waste management and the cheaper food cost.

• Wasting food makes it cost more for everyone because it increases the demand. When supply exceeds demand, the item becomes less expensive. When demand exceeds supply, prices go up. Look at gas prices. When summer demand goes up, the prices go up. If you are throwing food away, then you are spending more on food than you need to so that is costing you more as well. If your family does not like leftovers, try adjusting recipes so that you only cook what you will eat at one meal. Also, remember that resources are used to grow food. And if you throw it away, you waste those resources.

Hurricane

• Here we go again with hurricane season. Time to start stocking up on supplies as when a storm is on its way, the store shelves go bare pretty fast. Check the hurricane shutters and make sure you have everything you need to get them up should a storm head this way. If you don't have shutters, make sure you have a supply of plywood. If you have a generator, get it out and test it now so you don't have a bad surprise when your power is out. Stock up on some gasoline for the generator too. That's hard to come by right after a storm. Considering what happened in 2004 and 2005, if we get hit we know we are on our own. The feds aren't going to do much to help the rural areas.

Machete wielding neighbor

• There is nothing worse than "bad neighbors," especially when (if) mental health issues are also a factor ... guess that's another reason I can add to a list for justifying a gated fence and biting dogs.

• I agree that "good fences make good neighbors" and what's a fence without a few big dogs to guard the homestead? We found wonderful, loyal, protective dogs at the Pet Rescue and they not only let us know if someone is near that fence, I am sure they make people think twice about coming into the yard uninvited.

Cattlemen's Association makes history

A historic event in the Florida Cattlemen's Association will take place at its annual convention in Marco Island next week and Okeechobee County residents need to know about it.

The Florida Cattlemen's Association (FCA) is a statewide, non-profit organization established in 1934. It is devoted entirely and exclusively to promoting and protecting the ability of cattlemen members to produce and market their products. Most of the Okeechobee County residents are aware of the impact of the cattle ranching industry on the local and state economy. Unless directly involved in the cattle industry, most Okeechobee County residents are not aware that the current president of the FCA is Okeechobee cattleman and dairy farmer, Woody Larson. At the FCA's annual convention to be held next week, Woody will preside over the general membership meeting until the election of officers for 2013-2014 is held when the new FCA President, Okeechobee cattle rancher and citrus grower Wes Williamson, will take over the reins of the FCA. Okeechobee County has been represented by four past FCA Presidents, J.O. Pearce, Jr., Joe Pearce, Jim Alderman and Mike Milicevic, but never have they followed one another in succession and never has one county in Florida had two presidents in a row.

As a partner of the FCA, the Florida Cattle-Women, Inc. (FCW), founded in 1961 as the Florida CowBelles, conduct and participate in a variety of activities to foster the well-being of the beef industry through education and promotion. The immediate past president of the FCW is Okeechobee's Melissa MontsDeOca. When the FCA convention is over next week, the newly elected FCW President will be another Okeechobee resident, Denise Colgan.

We are very proud of the representation of Okeechobee County in Florida's cattle industry and we will be attending the FCA convention to show our support for the leaders of the FCA and FCW who reside here in Okeechobee. Please join us in thanking Woody, Wes, Melissa and Denise for a job well done.

Hope Center

What a night of encouragement, as they came to share the stories of their lives, and their conquests of this dreaded disease called cancer. Many claiming VICTORY!

Part of the sharing was how to enjoy a coffee beverage with antioxidants. In one word-delicious.

Mrs. Betty Smith shared with us, how five years ago, she was diagnosed with lung cancer, and the very day before our meeting, she was given a clean bill of health. Praise God for the great news.

As this was our fifth official meeting, the brain storm of Thomas Barber, who has been diagnosed with prostate cancer, and fighting the battle, the papers are final, to declare the group, "Heroes for Hope," a non-profit organization.

In deciding how to decorate the facilities, in an effort to make it cheerful, happy, soothing, for all to enjoy, the theme is going to be "Tropical Chic."

In a portion of the room, will be a "Love Library," a computer/printout area, a counseling area, complete with soft couches, flowing curtains, candles and soft music.

There will also be a kitchen area to help in the food preparations, such as smoothies, healthy baked items, healthy salads, etc.

To help make the center more functional, we need a large screen TV, to show educational programs and testimonials.

In the Love Library, will be books of recommended reading on, "Hope," "Now," cleansing books such as "The Healing Code," and more literature of the subject of, "early detection."

Bill and Darla Rose shared lots of information of how to use specific oils on your body to help ward off the cancers and free radicals in our bodies.

Everyone is invited to attend including, survivors, family members suffering with cancer, those looking for answers, or an ear to listen to you, or a shoulder to cry on, a place to declare your "Conquest." Pray with someone who truly cares about you.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

The school board approved a separation agreement and general release between the school district and former OHS Assistant Principal Traci Brown. School board member Joe Arnold abstained from the vote. Last month Ms. Brown appeared before the board and requested a hearing. She had been suspended without pay since her arrest on a misdemeanor charge earlier this year. That criminal charge was later dropped by the State Attorney's Office. Ms. Brown had resigned her position a few days after the arrest. The school board had upheld the suspension without pay at their May meeting.

In other actions, Osceola Middle School teacher Kati Lawson earned this quarter's Golden Mouse Award for use of technology in her classroom.

The board voted to expel a seventh grade student at the Okeechobee Achievement Academy for the first semester of the 2013-2014 school year for defiance of authority.

The board also supported the continued suspension and waiver of school impact fees for another year.

The board also reappointed all district administrative personnel without change this year. They also reappointed all principals and assistant principals in the district without change this year.

The board also set meetings on July 23 and July 30 at 6 p.m. to discuss the tentative millage rates and proposed budget for the 2013-2014 school year.

The board also extended their contract with Conely & Conely, P.A. for legal services for another year.

Superintendent Ken Kenworthy reported that 57 percent of Okeechobee students who took algebra were able to pass the end-of-course exam; 65 percent passed the geometry end-of-course exam; and, 64-percent passed the biology end-of-course exam.

The board also voted to take part in the Florida Power and Light photovoltaic for schools pilot program. The goal is to reduce energy consumption at North Elementary and Osceola Middle School. Each school will include solar panels, mounting hardware, associated equipment and an online data acquisition system.

They also appointed board member David Williams and citizen representatives Michael Sumner and Anita Nunez to the Value Adjustment Board.

The board scheduled June 21 at 6 p.m. for a special meeting to discuss recommendations from the random student drug testing committee.

Students involved in athletics, and extra curricular activities, and those with parking permits at the high school could be impacted.

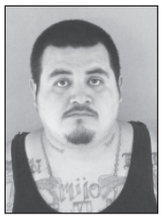
Alleged burglar caught quickly

By Eric Kopp
Okeechobee News



Sammy Medrano

A burglary was apparently solved quickly when members of area law enforcement, acting on witness statements, allegedly caught the man responsible for stealing a trailer and grill from a S.W. Seventh Avenue home.

Sammy Medrano, 26, N.W. 44th Ave., was arrested Wednesday, June 11, on felony charges of grand theft, burglary of an unoccupied dwelling and possession of burglary tools.

Medrano was booked into the Okeechobee County Jail on $15,000 bond. He has since been released on bond.

An arrest report by Officer Chad Troutman, of the Okeechobee City Police Department (OCPD), stated that witnesses told him they saw a man pushing a large barbecue grill into the bed of a maroon F-150 pickup truck shortly after 2 p.m. on Wednesday.

The officer's report stated that within a few minutes he received a call from a detective with the Okeechobee Narcotics Task Force that he and other deputies had a maroon pickup stopped in the 1100 block of S.R. 70 W.

Officer Troutman stated the driver of the truck, Medrano, was identified as the man seen putting the grill in the back of the truck. That grill, added the officer, has not been found.

However, a man who does landscaping at the home told the officer that a green box trailer was also missing from the residence.

According to the officer that 1998 Cargo Express trailer was later found in the back yard of Medrano's home. Officer Troutman indicated the trailer is valued at $5,000.

The officer went on to point out that a bolt cutting tool was found in the bed of Medrano's truck.

"The bolt cutter appeared to have the same tool marks that were on the lock (that was cut) from the trailer," stated the officer.

Officer Troutman added that latent fingerprints were found on the exterior of the trailer, and shoe imprints were found in the ground around where the trailer had been sitting.

Area man arrested in drug operation

By Eric Kopp
Okeechobee News

Beau Asher Emley

An Okeechobee man is being held in the county jail on bond after he allegedly sold heroin to a confidential source during an undercover drug operation.

Beau Asher Emley, 29, Knotts Landing, was arrested Wednesday, June 12, on felony charges of sale of heroin and possession of heroin with intent to sell.

Emley is being held in the Okeechobee County Jail on $200,000 bond.

A detective with the Okeechobee Narcotics Task Force stated in an arrest report that Emley and the confidential source spoke on the phone and agreed to meet at a specific location. Once at that location, the deal was allegedly completed and the confidential source left.

According to the arrest report the substance purchased by the confidential source was field tested, and that test indicated a positive result for the presence of heroin.

When asked, a task force detective would only say that a minimal amount of the narcotic was purchased.

That same detective added that heroin is being sold on the street for $100 to $120 a gram.

Jonathon Crawford drafted by Detroit Tigers

By Charles M. Murphy
Okeechobee News

Both Jonathon Crawford and the Detroit Tigers appear thrilled to have joined forces as the Tigers selected the former Brahman great and Florida Gator pitcher in the first round of the Major League Baseball first-year player amateur draft Thursday in New York City.

Crawford said he watched the draft from his parent's home in Okeechobee and was definitely thrilled to hear his name called, "It was really exciting. I had no idea I'd get called by Detroit there, but it was a great experience for me and my family."

Crawford said the Tigers did show the most interest in him during the last few months. He was invited to throw a bullpen session last Wednesday at Comerica Park in front of the Tigers brain trust and they came away impressed.

"It was fun. Their scouting director hadn't seen me pitch so they wanted to talk to me and get to know me a little bit. They loved my mid 90s fastball and my slider," he admitted

Crawford said he is ready to sign and get into the minor leagues. Tiger officials said it could take two to three years of seasoning before Jonathon is ready for big league ball. Crawford expects negotiations to go smoothly and would like to sign in the next few weeks and then go off to rookie ball or wherever the Tigers place him. The slot recommended by MLB for the #20 draft position is just over $2 million.

Among the options for Crawford would be rookie league ball in Lakeland for the Gulf Coast League, or the Connecticut Tigers in the New York Penn League. Other affiliates he could eventually play for include the Lakeland Flying Tigers (A) in the Florida State League, the West Michigan Whitecaps in the Midwest League, the Erie Sea Wolves (AA) in the Eastern League, and the Toledo Mud Hens (AAA).

Crawford would immediately enter the team's top prospects list. Only three of their top 10 prospects before this year's draft were pitchers, Bruce Rondon, a right handed pitcher in AAA at Toledo, Casey Crosby, a left hander at Toledo, and Jake Thompson, a right hander in A ball. The Tigers selected a number of pitchers in the draft, several from the college ranks.

Crawford said he loves the tradition and success of the Tiger organization. He also enjoys the fact that they have done a good job developing strong right-handed starting pitchers like Justin Verlander, a reigning Cy Young Award winner, and Rick Porcello, another righty and hard thrower. They also traded for and developed Max Scherzer, another right handed power pitcher.

"They like guys with power arms and they know how to develop pitchers really well. I'm excited to get in their farm system and see what I can do," he added.

Crawford said he looks forward to meeting Verlander and to learn from him how he goes about his business and what makes him so good. He also would certainly like to pitch in Lakeland so his family and friends can come watch him pitch on a regular basis.

In a statement on the team's website, Vice President of Scouting, David Chadd spoke about Crawford's selection, "The Tiger organization is pleased to select Jonathon Crawford. He has a power arm with a plus slider and we're thrilled to have the opportunity to add him to our organization."

Crawford said he would like to develop a changeup in the minor leagues so he can have three quality pitches for when he makes the majors. He said his goal is to be a starting pitcher although some scouts predict he would make a quality late inning power reliever in the majors.

"This is what I've been working for every day of my life up to this point. Now that I've been drafted, it's time to move on and move my way up to the big leagues," he added.

Crawford has been successful wherever he has pitched. He registered a 1.06 earned run average with 89 strikeouts in 52 innings pitched as a senior. He went to Florida and threw well as a sophomore with a 3.13 earned run average and six victories. He started nine games in the SEC and was 3-1 with a 2.56 earned run average. He also threw well in the NCAA regional tournament last year as the Gators made it to the College World Series. His earned run average in the post season last year was 2.30. It included a no hitter against Bethune Cookman the first thrown by the Gators since 1992. Crawford also competed for the 2012 USA College National Team. He had a 3-0 record and a 2.10 earned run average. He defeated power house Cuba twice in Havana, pitching a shutout into the eighth inning in one of those contests. Crawford had a 3.84 earned run average this year in 86 innings pitched, as he allowed fewer than a hit per inning. He held batters to a .244 batting average. He also had 69 strikeouts this year.

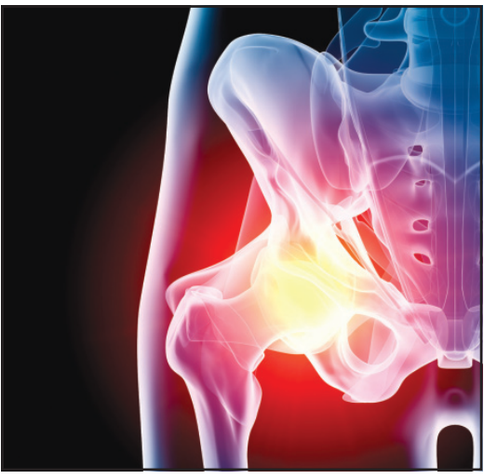
Hip Replacement Surgery Helps Thousands Annually

The hip joint is one of the body's largest weight-bearing joints. It's a ball-and-socket joint. This helps the hip remain stable even during twisting and extreme ranges of motion. A healthy hip joint allows you to walk, squat, and turn without pain.



The most common cause of chronic hip pain and disability is arthritis. Osteoarthritis, rheumatoid arthritis, and traumatic arthritis are the most common forms of this disease.

Hip replacement surgery helps more than 200,000 Americans each year to relieve their hip pain, and get back to enjoying normal, everyday activities. Total hip replacement surgery almost always:

- Stops or greatly reduces hip pain. Even the pain from surgery should go away within weeks.
- Increases leg strength. Without hip pain, you'll be able to use your legs more. This will build up your muscles.
- Improves quality of life by allowing you to do daily tasks and low-impact activities in greater comfort.
- Provides years of easier movement. Most total hip replacements last for many years.

Don't let hip pain keep you from what you enjoy doing. You may live for scenic walks, playing doubles with friends or swimming laps in the pool. Don't let hip pain stop you from moving! Get the treatment you need to comfortably move with ease.

Dr. Benjamin Epstein, Board Certified Orthopaedic Surgeon with Orthopaedic Specialists at Raulerson explains "My patients seeking relief from joint pain love having access to great orthopaedic care, right here in Okeechobee." No more traveling great distances and inconveniencing yourself and others. The orthopaedic procedures you require are available in your very own community.

If hip pain is keeping you from everyday activities and the weekend recreation you cannot live without, trust an experienced, Board Certified physician to help you love your joints again – sooner.

Going Out: A Guide to Area Entertainment & Attractions
June 2013

Win a Chevy Cruze at Seminole Casino Brighton

Lake area boasts Fourth of July celebrations

Florida theme parks offer plenty of summer family fun

South Florida residents have plenty of choices for summer fun at theme parks.

The Orlando/Kissimmee area has Disney's Magic Kingdom, Epcot, Disney's Animal Kingdom, Disney-Hollywood Studios, Universal Studios Florida, Universal Studio's Islands of Adventure, Sea World and The Holyland Experience. Winter Haven boasts LEGOLAND, Florida. Travel west to the Tampa/St. Petersburg area of Busch Gardens or Weeki Wachee Springs.

Most theme parks offer special rates and passes for Florida residents, with more discounts available certain times of the year. See the parks' websites for special rates. Discount coupons are also offered periodically throughout the year. For example, Wendy's Restaurants and Coca-Cola products sometimes have discount coupons for Universal Studios tickets. AAA and AARP members may also receive discounts on many attractions. Military service members can often find theme park ticket discounts available through military bases. The Shades of Green Resort is an Armed Forces Recreation Center Resort located on Walt Disney World property near Orlando where active duty service members can find Disney World military discount tickets as well as affordable military room rates.

Teachers, law enforcement officers and firefighters may also be eligible for special discounts.

SeaWorld Orlando offers a Teacher Study Pass for those with a Florida Teaching Certificate and current pay stub from a Florida school. For more on discounts for teachers, see the Florida Department of Education website at www.fldoe.org/justforteachers/discounts.asp.

Discount tickets are also available for youth groups.

Many of the Florida theme parks have added new attractions or rides this year.

Walt Disney World Monstrous Summer includes new offerings and popular favorites in all four parks. This is the first summer for New Fantasyland, the largest expansion in Magic Kingdom history. Guests also will find new offerings for the entire family throughout the Walt Disney World Resort this summer such as an interactive "Pirates Adventure" game at Magic Kingdom, the newly re-imagined Test Track at Epcot, the new Disney Junior show, featuring Sofia The First and Doc McStuffins, as new additions at Disney's Hollywood Studios, plus Wilderness Explorers at Disney's Animal Kingdom. As part of Limited Time Magic Cinderella Castle will be the canvas for a new, summer-long projection show celebrating the joys of the season. Hit the beach with Lilo and Stitch, head "Under the Sea" with Ariel and get Goofy during scenes that pay homage to summer fun. For more information, go online to www.disneyworld.com.

"Celebrate the Magic" commemorates the start of a Monstrous Summer at Walt Disney World Resort, at Magic Kingdom. The nighttime spectacular, which uses projections to transform Cinderella Castle into a kaleidoscope of Disney characters and stories, introduces a new summer segment including Lilo and Stitch, Ariel and Sebastian and more. Part of Limited Time Magic, the special show addition will last all summer long. (Photo courtesy Gene Duncan)

LEGOLAND® Florida is a 150-acre interactive theme park in Winter Haven dedicated to families with children between the ages of 2 and 12. With more than 50 rides, shows and attractions and the all-new water park, LEGOLAND is geared towards family fun.

At Universal Studios Florida, the highly-anticipated TRANSFORMERS: The Ride-3D will open on June 20, 2013. The groundbreaking ride will bring the intergalactic battle between the Autobots and the Decepticons to life by fusing HD 3D media and flight simulation technology in a 2-story building with 2,000 feet of multi-level ride-track. The same high resolution 3D technology used in The Amazing Adventures of Spider-Man attraction will be used on 14 screens within this attraction. For more information online, go to www.universalorando.com.

Summer officially kicked off at LEGOLAND Florida as the theme park opened its all-new water park attraction. (Photo courtesy LEGOLAND Florida, Merlin Entertainments Group, Edward Linsmier).

Sea World Orlando is a marine-based theme park with roller coasters, animal shows, rides and attractions. The newest exhibit, "Empire of the Penguin" is a dark ride featuring penguin exhibits. Fireworks shows are planned in many lake area communities on July 4.

Fourth of July celebrations planned

Residents of the Lake Okeechobee area won't have to go far to see Fourth of July fireworks.

At the north end of the big lake, a community Fourth of July celebration is planned at the ***Okee-Tantie Recreation Area***, off State Road 78 at the Kissimmee River. The Okeechobee Fraternal Order of Police will host an Independence Day Celebration, on Thursday, July 4, starting at 4 p.m., at Okee-Tantie. This will be a family-oriented event with activities to keep the whole family entertained.

There will be a "Kids Fun Zone" sponsored by Dairy Queen that will have three giant bounce houses, face painting, a dunk tank, a variety of other children's games, and of course ice cream.

A Public Safety Educational Expo at the July 4 event will include educational booths, presentations and demonstrations by a large variety of public safety organizations including: Okeechobee County Sheriff's Office, Okeechobee County Fire/Rescue, Okeechobee Police Department, Okeechobee City Fire Department, Glades County Sheriff Office, Florida Forest Service, Florida Wildlife Commission, Florida Highway Patrol, military and Veterans of Foreign Wars.

The Huey 205 helicopter that will have permanent placement in the war memorial in Okeechobee's Flagler Park will be on display at this event. This will be the only time anyone can enter the aircraft as it will be permanently sealed before placement into the park.

There will be music and a variety of other activities including watermelon, hot dog and ice cream eating contests, frozen t-shirt contest, and a blue ribbon baking contest.

The event grand finale will be an amazing Zambelli fireworks show synchronized to music at 9 p.m. (tune into WOKC 100.9FM). The fireworks show can be viewed from Okee-Tantie Park, Lock 7, Nubbins Slough or any area on the waterways near the Kissimmee River and Lake Okeechobee. Boaters coming out for the fireworks only are encouraged to use C. Scott Driver Park boat ramp access.

On the south end of the lake, ***Pahokee*** hosts an annual Fourth of July Fireworks show at the Pahokee marina, 190 N. Lake Avenue. (At press time for this publication, fund raising was still under way for this year's fireworks show.)

In eastern Hendry County, the ***City of Clewiston*** will host a Fourth of July Fireworks show at the Sugarland Sports Complex, 1200 South W.C. Owen Avenue, on July 4 at dark. The facility is minutes away from U.S. Highway 27, turn south at W.C. Owen Avenue and look for Arroyo Avenue on your left.

In western Hendry County, ***LaBelle's Barron Park*** will feature the community's annual fireworks show on the Caloosahatchee River on July 4 at dusk.

Those who venture to the coastal beaches will also find plenty of fireworks shows.

Fort Myers' annual Fourth of July Freedom Fest is a block party in the Downtown River District featuring five stages of live music, starting at 6 p.m. Fireworks are set for 9:30 p.m. For more information online, go to www.riverdistrictevents.com or call 1-855-RDA-EVENTS.

In ***West Palm Beach***, "4th on Flagler" will be held on the waterfront. Celebrations will include a Wild West Mini Rodeo, the Wells Fargo Kids Area, a "Ride them Hogs" Harley display and the Firefighter's Silverado Splash and Dash Competition as well as live entertainment, the unfurling of a 5-story American Flag and tribute to our military. Fireworks are planned at 9 p.m. This free event is produced by the City of West Palm Beach. For more information on the event, visit wpb.org/4th or call 561-822-2222.

Vero Beach's Fourth of July Fun and Fireworks will start around 6 p.m. at Riverside Park. The event will feature bounce houses, food vendors and arts and crafts vendors, with fireworks 9 p.m.

The website Floridabywater.com advises boaters to take special care when venturing out by boat to watch Fourth of July fireworks:

- Make sure that all of your navigation lights are in working order. It is imperative that other boaters are able to see you in the dark.
- It is very helpful to have a chart plotter or other navigation device on board when navigating at night. Slow speeds are always better in these conditions and a extra lookout could be invaluable.
- Make sure you have all of the required safety equipment on board and always wear your life jacket!
- Never drink and boat. As the captain you are responsible for the safety of everyone on your vessel. With this many boats on the water, the Fourth of July is not a time to take risks.

HOSTAGE

Continued From Page 1

for a few minutes, Robert Francis Medina walked out of the home unarmed and was taken into custody without further incident.

Medina, 40, was later charged with the felonies of false imprisonment (two counts) and the misdemeanors of resisting a law enforcement officer without violence and battery. He is being held in the Okeechobee County Jail on $12,000 bond.

According to an arrest report by OCSO Deputy Troy Garrison the woman living with Medina had some red marks on her chest and a small laceration to her lip where the man had slapped her. But neither she, nor the other woman, were seriously injured.

Medina and his girlfriend had reportedly been arguing for a couple of days and things apparently became physical on June 12.

The report indicated the woman left the home for an appointment, but she became concerned after receiving text messages from Medina stating he was "... going to blow his head off if she didn't talk to him."

Fearing for her boyfriend's safety, she returned to the couple's home. The report stated she was accompanied by two other women because they were afraid of what may happen.

Once the women reached the home, continued the report, Medina pulled a small handgun and began yelling at his paramour. One of the women who had accompanied the girlfriend then left and returned to her nearby home.

After waiting a few minutes, that woman tried to call Medina's girlfriend but got no answer. At that point she reportedly called the sheriff's office.

With the two women in the home, Medina refused to let them leave until his girlfriend talked to him. As they were talking, OCSO deputies began to arrive and Medina apparently took his girlfriend to their bedroom and locked that door. He also told the other woman, who also lives with them, to go to her room, stated the report.

According to the girlfriend's statement to Deputy Garrison she pleaded with Medina to surrender to the deputies but he refused.

Deputy Garrison stated that after a few minutes members of the SRT unit gained entry into the home through the front door. When her chance arose, the girlfriend bolted from the bedroom and ran out the front door of the home to safety.

Then, via a telephone, Lt. Stark and Sgt. Mills began speaking to Medina. After a few minutes, Medina walked out of the home.

When asked later, Medina's girlfriend said she never saw him with a gun but she feared what he may do to her physically. She also indicated that her boyfriend threatened to kill himself because he did not want to be put back in jail.

OCSO Public Information Officer Michele Bell said Medina was convicted in Highlands County on three counts of selling a controlled substance within 1,000 feet of a school. In 2006 he was sentenced to serve just over 91 months in prison.

Mrs. Bell said he was released from prison on Feb. 19, 2011, and is still on active felony probation. His probation was not slated to terminate until 2023, she added.

METAL

Continued From Page 1

"This is heavy steel. There's no way it can fly out," he said.

He went on to say a machine is being installed at the Okeechobee site that will "clean it up in one month." He added that the metal will be compacted, then hauled away.

Ms. Fleming also voiced concern about the company's hiring practices. She said she knows of at least three people who have gone to the Okeechobee business to apply for a job, but were turned away because they aren't bilingual.

"They said they only hire Spanish-Americans," she said. "We're trying to get them to know the community feels they're being discriminated against."

When questioned about these hiring practices were posed to Mr. Onsoy, he would only say that he only looks to buy and sell metal and he doesn't oversee the hiring practices at the company's other locations. OU is headquartered in Orlando and has locations in Kissimmee and Tampa, as well as Okeechobee.

After giving that answer, Mr. Onsoy said he was very busy and the phone call ended.

Ms. Fleming said she and the community are also concerned about the noise and dust in the neighborhood. She said the constant metal-on-metal sounds "creates a nuisance."

She then reiterated that a residential neighborhood is no place for a metal recycling business.

"We don't feel it's right. It's unfair and something needs to be done ASAP," said Ms. Fleming. "We just want to be treated like any other neighborhood."

Okeechobee News/**Eric Kopp**

Two mountains of loose metal can be found at OU Metal Recycling, 220 N.E. 14th Ave., and residents of that neighborhood took to the street Wednesday, June 12, to voice their concerns about the metal "tearing up the neighborhood" during a hurricane or tornado.
