Promising Results for Reading FCAT 2.0

LOCAL THIRD GRADERS
FARE WELL AGAINST NEXT
GENERATION FCAT
STANDARDS

BY JESSICA SCHULTZ
jschultz@newszap.com

Parents and school administrators have been eagerly awaiting the new FCAT 2.0 scores for Hendry County Schools. With the results being released last week, some illuminating information has surfaced about the performance of local third graders on the reading portion of the FCAT.

Jumping to a new standard for most people in the education field meant that there would be some uncertainty as to how well local schools

would perform. Of special note was the reading portion, since the new standards required that students score at least a Level 2 on reading to be eligible for promotion to the fourth grade.

Although the new grading system is more stringent, data shows some promising figures for schools in Hendry County.

So how did the local third grade population manage this new generation of standards?

The reading portion of the FCAT is graded on a scale from one through five. Statewide figures showed a slight drop in scores for reading, with 56 percent of all students achieving a score of 3 or higher on the test. Most schools in the county fared worse

Airboat Accident Kills One, Injures One

*A trip out on the
water with friends
turns tragic*

BY JESSICA SCHULTZ
jschultz@newszap.com

Three Okeechobee men took out two 15-foot Combee airboats Thursday morning looking for a nice day out on the swampy marsh of STA5, located just west of the Rotenberger Wildlife Management Area in Hendry County.

But before it even reached noon, their fun came to an abrupt stop when their airboats collided resulting in serious injuries and a fatality.

According to Carli Segelson, public information coordinator for the Florida Fish and Wildlife Conservation, Vessel One was in the lead, driven by Joshua Yates, 23, while Vessel Two was following, carrying Richard Ramsey, 20, and Mark Joiner, 23. Vessel One swayed off of the trail, losing Vessel Two.

Noticing that his friends were nowhere in sight, Yates slowed down to scout the area.

He spotted them; heading straight for the starboard area (the right side) of his airboat.

Walmart Employee Accused of Shoplifting

One of Walmart's own
employees was seen
on video surveillance
stealing

BY JESSICA SCHULTZ
jschultz@newszap.com

One of Walmart's own employees was arrested this week on charges of theft.

The Clewiston Police Department was dispatched to the Clewiston Walmart, May 25, in reference to a theft that had already happened.

Eric Ferguson, Loss Prevention Agent at Walmart, spoke with Officer Baker, stating that he watched a video of an employee stealing a laptop computer. D'eandrea Ellison allegedly

took the computer from the claims department and concealed it in a rolling rack. Ellison then returned with a red backpack and stashed the laptop in the bag, then making his way to the employee break room.

Ferguson reported that Ellison returned to the staff lounge, grabbed the backpack from his locker, and exited Walmart, bypassing all registers and reportedly making no attempt to pay for the merchandise.

The incident occurred on May 7. According to the official offense report, Officer Baker confronted Ellison, who was brought into the Loss Prevention Office by management.

Ellison told Baker that he observed the laptop sitting outside of the claims department. He confessed that the computer would not fit into the backpack he originally brought to work with him so he purchased a bigger

backpack to stow away the laptop. Ellison said he grabbed the backpack containing the laptop and left the store when his shift was over.

He told officers that he also took a Nook Color valued at \$169, a Kindle Fire valued at \$199, and a DVD valued at \$14.96.

He even went as far to tell the officer that he would take the select items to the bathroom, open the packages, wrap the merchandise in toilet paper, and then hide them in his backpack until he got off of work, which from there he would exit the store with them.

As a representative for Walmart, Ferguson pressed charges on Ellison.

Ellison was placed under arrest for theft more than \$300 but less than \$5000.

Wet Season Start: It's Time to Reset Irrigation Timers

BY GABE MARGASAK
SFWMD

SUBMITTED PHOTO

With the start of South Florida's wet season, rainfall alone is beginning to quench the needs of most lawns and landscapes.

This means irrigation system timers at homes and businesses in the South Florida Water Management District (SFWMD) can be dialed back to fewer days, shorter watering times or shut off altogether to conserve water for the future.

Irrigation system timers are often set for the dry winter months and forgotten, leading to sprinkling even during typical wet-season downpours. During an average wet season, from June through October, many lawns receive what they require and don't need supplemental irrigation at all, according to the University of Florida's Institute of Food and Agricultural Sciences (IFAS).

Adjusting timers can make a difference because outdoor irrigation accounts for up to 50 percent of water use in South Florida, and up to 50 percent of the water applied to lawns is lost to evapotranspiration.

Installing rain sensors or soil moisture sensors to automatically shut off an irrigation system when enough rain has fallen and checking the

pipes and sprinkler heads for leaks are also key conservation tools.

In addition, residents can conserve water and still enjoy a tropical landscape by following Florida-Friendly Landscaping principles.

These include planting the right plant in the right place, utilizing mulch, and reducing storm water runoff. More information is available at

www.floridayards.org.

Because water conservation offers significant benefits, the SFWMD Governing Board in September 2008 approved a Comprehensive Water Conservation Program to encourage more responsible use of water resources throughout South Florida.

Numerous stakeholders worked with the Dis-

trict to define specific regulatory, voluntary, and incentive-based programs and in-depth education and marketing efforts that help to foster a year-round conservation ethic.

Simple water conservation practices include:

- Washing only full loads of clothes and dishes;
- Replacing aerators in kitchen and bathroom sinks with models rated for 1.5 gallons per minute or less;
- Installing low-flow appliances, such as a dishwasher or energy-efficient washing machine;
- Installing low-flow water fixtures, such as shower heads with the WaterSense logo.

While reducing irrigation time during the wet season is encouraged, residents and businesses remain under the District's Year-Round Landscape Irrigation Rule that limits residential and business landscape irrigation to two or three days per week based on location.

To determine watering days and times in your area, contact your local government or visit www.sfwmd.gov/2days.

Florida Celebrates Water Reuse Week

Florida Governor Rick Scott proclaimed May 20-26, as Florida Water Reuse Week to bring awareness of the importance of water reuse to meeting Florida's future water supply needs.

The Florida Department of Environmental Protection urges Florida's residents and businesses to celebrate Water Reuse Week to learn more about how easy it is to reuse water on a daily basis.

"DEP is committed to working with the Florida's water management districts, communities and businesses to ensure the environment is protected and future water supply needs are met," said Greg Munson, DEP Deputy Secretary for Water Policy and Ecosystem Restoration. "DEP strives to get the water right and reuse efforts can make a positive impact to both water supply and protecting our natural resources."

Leading the nation in water reuse, the state of Florida reuses more than 660 million gallons of reclaimed water each day to conserve freshwater supplies and replenish rivers, streams, lakes and the aquifers. Reclaimed water is often seen in landscaping, agriculture and golf courses, the use of which drastically cuts down on fresh water use. Florida uses reclaimed water to irrigate more than 280,000 residences, 500 golf courses

SUBMITTED PHOTO

Using rain collection barrels can help water gardens, plants and flowers and serve as an easy way for Floridians to reuse water.

and hundreds more parks and schools.

Florida residents use more than 6 billion gallons of fresh water daily, while producing billions

of gallons of wastewater through daily activities such as showers, laundry and dishwashing. With simple actions to reuse water, Floridians can aug-

ment Florida's water resources and allow traditional sources of fresh water to be conserved. Saving water also translates to saving money on lower utility bills.

During Water Reuse Week and throughout the year, DEP also encourages residents to undertake water reuse and conservation practices to help to ensure safe, clean, and sustainable water resources:

- Collect rain water in buckets during storms which can be reused for irrigating yards, cleaning driveways and toilet flushing.
- Before emptying a pet's drinking bowl, use the unfinished or old water to water plants.
- Plant a rain garden that will capture excess stormwater runoff, limit topsoil erosion, reduce flooding, and enhance yard beauty.
- Take excess water from a bath or from washing dishes and put into the toilet for flushing.
- Wash fruits and vegetables in a pan, not under a running faucet, and reuse that water for gardening.
- Use a commercial car wash that recycles water. For more water reuse tips, such as how to plant a rain garden or build a rain barrel please visit www.protectingourwater.org.

Inland Birding Fun: Pileated Woodpecker (PIWO)

PHOTO / NANCY PRICE

Pileated Woodpecker.

BY MARGARET ENGLAND
Hendry-Glades Audubon

What large black woodpecker the size of a crow has bold white stripes down the neck and a flaming-red triangular crest? The correct answer is Pileated Woodpecker. This bird species lives and breeds in most of Florida. They are often heard whacking at dead trees or fallen logs in search of food. Pileated Woodpeckers have long barbed tongues that can be more than an inch long which they use to extract wood-boring beetle larvae, ants, termites, or other insects that are deep in wood. Nuts and fruit as well as bird seed or suet found in backyard feeders are often part of their diet.

Margaret England

These birds have a large body, skinny tail, and

long neck. Adult males have a red stripe on their cheek. Their white underwings and white crescents on the wings can be seen when they are in flight. Their call is a short loud clear "wuk wuk" or "cuk cuk" sound. The oldest known Pileated Woodpecker was 12 years and 11 months old.

Pileated Woodpeckers have long chisel-like bills about the length of their heads. When hammering in soft wood with their beaks, they will pull their neck back while using their feet to increase the strength of powerful blows they make in the soft wood. Both sexes drum on trees. Males will drum in late winter to establish or defend their territory. Both sexes drum during courtship, to summon a mate from a distance, or when an intruder is near the nest.

Pairs stay in the same territory year-round and form permanent bonds. When one dies the survivor might find a new mate. The pair will make the nest cavity. The male does most of the work excavating the cavity up high in a dead tree or utility pole, but the female will help. The entrance is oblong instead of round like most woodpecker holes. They will line the nest with leftover wood chips. Females will lay three to five white eggs between mid-March and mid-May which are incu-

bated for 14 to 18 days. The young leave the nest cavity when they are 24 to 28 days old.

For an incredible close video of the Pileated Woodpecker go to Cornell's "All About Birds Guide" at www.allaboutbirds.org/guide.

You are invited to join Hendry-Glades Audubon volunteers for free birding trips to STA5 located 20 miles south of Clewiston on June 16, July 14 or Aug. 18. For reservations for these trips contact Margaret England at sta5birding@embarqmail.com or call 863-674-0695 or 863-517-0202. Mother's Day Pageant Features Local Beauties

Montura starts new tradition

BY MAELIS MARINEZ

Looks like the pageantry life isn't just a dream for little girls or young teens. This year the Church of Santa Rosa de Lima from Montura decided to shake things up.

They decided to have a pageant of their own; but not just any pageant, a pageant for fortunate woman who are mothers. On Mother's Day weekend, Santa Rosa de Lima held a pageant for mothers of their church organization.

Ten mothers got a chance to experience the pageantry life. All ten contestants had to perform a speech and walk in their evening gowns for the judges.

The judges for the first year event were Clewiston's Miss Latina of the Glades, Marilyn de Rosario, Javier Del Rosario, Isabel Milian, and Antonio Hernandez. They had the chance to judge these ten mothers on elegance, style, and the importance of motherhood.

The award for 'The Mother of Elegance' was presented to Maura Lopez; 'Mother of the best answer' was Maria Lopez; 'Model Mother' was Guadalupe Morales; 'Mother with the Best Smile' was Olga Lopez; 'Mother Congeniality' was Petrona Pascual; 'Mother most photogenic' was Olga Gomez. The Finalists were: third runner up, Elisa Lopez; second runner up, Milagros Rodriguez; first runner up, Modesta Garcia. The overall award for the First Mother of 2012 for Santa Rosa De Lima was awarded to Marta Cruz.

Marta is also known as the "Abuela de la iglesia" or the Grandmother of the church. "I felt very

honored to represent my church of Santa Rosa De Lima.

This was a first year experience for the community of Montura and we know that in time will be able to expand throughout the community.

I would also like to thank the entire community, especially the Sisters Concepcion y Lourdes and Father Jobani but more importantly Sister Concepcion for coming up with the idea.

"I would also like to invite you all to partici-

pate along with us for this is something so beautiful and so heart warming." said Marielena Del Rosario the President for the organization of Santa Rosa De Lima.

Worried About Making Your Monthly Mortgage Payment or Facing Foreclosure?

Many people have been impacted by job losses or reduced wages and are having a hard time keeping up with their mortgage payments.

If you are concerned about this and would like help, please attend our free Help for Struggling Homeowners Workshop on May 31 at the Beardsley Room in the John Boy Auditorium in Clewiston, from 4 p.m. to 8 p.m., 1200 S WC Owens Ave.

HUD-approved Housing Counselors will be available to meet individually with homeowners to discuss their current situation and possible alternatives to foreclosure.

Several alternatives include a loan modification, the Florida Hardest-Hit Program (learn more at www.flhardesthit.org), a short sale, or a deed-in-lieu. Representatives from Legal Aid Society of Palm Beach County will also be present to answer legal questions regarding foreclosure issues.

Participants may stop by any time during the workshop for an individual counseling session.

Counseling will be available in both English and Spanish.

Free follow-up counseling is also available if assistance is needed in applying for one of the foreclosure programs.

Please bring the following documents for the counselor to review: pay stubs and bank statements for the last two months, documentation on other forms of household income such as unemployment, social security income, and child support, current mortgage statement, and your 2011 tax return or W2.

The workshop and counseling are free and are sponsored by the Hendry County Housing Department and the Empowerment Alliance of Southwest Florida.

For more information, please call Angela Johnson at the Empowerment Alliance at 239-658-3325.

The Empowerment Alliance is a 501(c)(3) non-profit organization and is a HUD-approved Housing Counseling Agency.

Cassandra Mesa is a 2005 honor graduate from Clewiston High School. In 2009 she graduated from UCF for History and PreLaw and just recently graduated from F.A.M.U School of Law on May 12, 2012 with Magna Cum Laude.

In 2005 Cassandra represented her community by being crowned Miss Hendry County.

We are all so proud of all you have achieved!

Love,
Grandma & Family

HCSO Staffer in the Spotlight

Brenda White, crime analyst serves the county

The Florida Crime and Intelligence Analyst Association were founded in May of 1995 as a professional association.

It began in a training class taught by Steve Gottlieb in Vero Beach, who asked a simple question, "Who in this room believes that it is not only possible, but prudent, that analysts, no matter what discipline should organize in this state?"

A sign-up sheet was passed around the room, and the organization was born.

The vision of the founding members was to develop a network in which vital information about emerging crime trends, critical intelligence information, and educational and training issues could be shared.

The other part of the vision was to create a process by which those involved in this career field would be recognized as professionals. Through a state sanctioned certification process, standards would be developed in areas of skill, knowledge, abilities, education, and training.

The mission of the Florida Crime and Intelligence Analyst Association is as follows: To establish the Florida Crime and Intelligence Analyst Association for the purpose of providing technical and analytical training, exchanging information and ideas, and to establish a state certification process, which will enhance the effectiveness, efficiency, and professionalism of crime and intelligence analysts.

In the Fall Issue of the FCIAA Analyst News, Brenda White, Hendry County Sheriff's Office Analyst/Investigative Assistant received recogni-

tion by the FCIAA and was spotlighted for her accomplishments.

Brenda began her career with the Hendry County Sheriff's Office on April 1, 1998 when she was hired as a Misdemeanor Secretary for the East District Office. Shortly after that time, she advanced into the Felony Secretary position and for five years was the only CID Secretary for the East District Office.

In April 2005, after Hurricane Wilma, she was transferred to the West District Office where for several years she was the only CID Secretary for the Sheriff's Office.

Brenda began pursuing her goal of becoming an Analyst in 2004, when she attended a Multijurisdictional Counterdrug Task Force Training and became a certified Analytical Investigative Technician.

She attended and completed the Florida Department of Law Enforcement Basic Analyst I and Basic Analyst II courses and received certification for both.

Brenda is the first Crime Analyst for the Hendry County Sheriff's Office and at times finds herself overwhelmed in researching and compiling data.

Brenda is passionate and compulsive in her role as Analyst/Investigative Assistant and doesn't call it a day until every task on her desk is completed.

She has served as Board of Director to the Florida Agricultural Crimes Intelligence Unit for the past three years and as the Florida Ag Crime Counter Terrorism Network Coordinator for twelve years.

Brenda has been married to Charles White for thirty years who is also employed with the Hendry County Sheriff's Office as the Agricultural Crimes Unit Sergeant.

Small Business Appreciation Week

During National Small Business Appreciation Week the the SBDC and Clewiston Chamber of Commerce sponsored a luncheon to recognize the value of small business in Hendry and Glades Counties. As part of the services provided by SBDC, one on one consulting, workshops, seminars, and training opportunities to existing and potential small business, the organizations recognized the efforts of local businesses. Sponsors for the event were Goodwill Industries and Spectacular Eyecare. Tris Chapman, chair of the BOCC, presented a proclamation made by the BOCC in support of small business and the week long recognition activity. The Small Business Development Center hosted the inaugural Entrepreneur of the Year Event for SWFL. Hendry and Glades counties did not go without representation for this event with Cracker Cookin' & Caterin' and LaBelle Plumbing were nominated for this prestigious recognition. Speaker for the event was Mr. Joseph Paladin, developer and owner of multi-businesses, who spoke on the need to reinvent oneself during hard economic times. He is pictured here with Kelly Marinano, left, Sunny Fresh Citrus, and Janice Groves of the SBDC Small Business Development Council.

Free Fishing Fun Coming Next Week

The first week of June is National Fishing and Boating Week. This year, start and end the week's festivities by taking advantage of one of Florida's license-free fishing days. Saltwater recreational anglers can fish without a license on June 2 and freshwater recreational fishers on June 9. There couldn't be a better time to get out on the water and try your hand at some of Florida's fine fishing on these two Saturdays.

Thirty-four states, including Florida and Georgia, will have license-free fishing days during the June 2 through June 10 National Fishing and Boating Week, a celebration of fishing and boating.

"Florida's license-free fishing days are an excellent opportunity to share the fun, excitement and togetherness of a fishing trip with the entire family. This also is a great time for experienced

anglers to introduce friends to the sport, even if they don't have a fishing license," said Nick Wiley, FWC executive director. "By having these events on weekends, we hope Florida residents and visitors will experience the joy of saltwater and freshwater fishing. We expect many will discover a healthy sport they can enjoy for a lifetime."

Saltwater anglers can try their hand at catching a red snapper, which will be open for harvest in Gulf and Atlantic state waters and Gulf federal waters on the June 2, saltwater license-free fishing day. Want to stick a little closer to shore? Try your hand at near-shore species such as spotted seatrout or red drum.

Now that school is out or almost out and people are in vacation mode, anglers will find June a great time to introduce a child to fishing or

encourage a friend who hasn't been fishing for a while to get on the water.

Almost everyone in Florida is within 45 minutes of a freshwater fishing hole. Dawn or dusk may be your best fishing times, but if you go mid-day, seek out the shadows around piers or fallen trees, or look for bass and bream under floating vegetation mats and in other shaded areas to enhance your success.

Fishing is a low-cost, wholesome form of entertainment, which is why the FWC offers four days when a recreational fishing license is not needed. Can't make the June 2 or June 9 license-free fishing days? The FWC also made Sept. 1 a license-free saltwater fishing day, which not only falls on a holiday weekend, but is during the popular bay scallop and spiny lobster seasons.

Each year, the first Saturday in April and second Saturday in June will be license-free freshwater fishing days.

The state's abundant resources, coupled with responsible freshwater and saltwater fish management, are why Florida is known as the "Fishing Capital of the World."

All other bag limit, season and size restrictions apply on these dates.

To make your fishing day successful, check out MyFWC.com/Fishing for fishing tips, locations and rules.

Visit MyFWC.com and click on "Calendar" to learn more about boating-safety events during National Fishing and Boating Week and year-round.

Hendry County School Board offers the Summer Food Service Program during the months of June, July & August

Nutritionally balanced meals will be provided to all children regardless of race, color, sex, disability, age, or national origin during summer vacation when school breakfasts and lunches are not available. All children 18 years old and younger, if open site, are eligible for meals at no charge and there will be no discrimination in the course of the meal service. The programs are only approved for geographical areas of need where 50 percent or more of the children qualify for free and reduced price meals during the school year.

Summer feeding sites that are located at schools provide meals to all children in the immediate vicinity in addition to those enrolled in summer school.

NOTICE

Independent Newspapers will never accept any advertisement that is illegal or considered fraudulent. In all cases of questionable value, such as promises of guaranteed income from work-at-home programs - if it sounds too good to be true, chances are that it is. If you have questions or doubts about any ad on these pages, we advise that before responding or sending money ahead of time, you check with the Better Business Bureau at 772-878-2010 for previous complaints.

Some 800 and 900 telephone numbers may require an extra charge, as well as long distance toll costs. We will do our best to alert our reader of these charges in the ads, but occasionally we may not be aware of the charges. Therefore, if you call a number out of your area, use caution.

Public Notice

LEGAL NOTICE
 The South Florida Water Management District gives notice of its intent to issue Water Use Permit No. 26-00087-W (Application No. 060629-8) (permit) issued to JW McDaniel, Sr., Inc., 32800 CR 833, Clewiston, FL 33440 for continued agricultural irrigation on the McDaniel Ranch located in Hendry County, FL (S1-17-21-27-34-36/7475/R33E). This action brings consistent with the McDaniel Ranch's agricultural Water Use Permit and previously issued Environmental Resource Permit No. 26-00623-P.
 The Water Use Permit renews and modifies an agricultural irrigation authorization for a 24 year annual allocation of 10,313 million gallons of irrigation of 1350+ acres citrus, 5423+ acres small vegetables, 592+ acres melons, and 2078+ acres potatoes. Water supply is from the Lower Tamiami aquifer via 73 irrigation and 15 freeze protection only wells. There is no net increase in the number of wells. The use is reasonable-beneficial, will not interfere with any presently existing legal use of water, and is consistent with the public interest.
 The Staff Report setting forth the staff recommendation regarding the permit, including proposed limiting conditions to provide reasonable assurances that the project meets SFWMD statutes and rules, can be obtained by contacting the Regulatory Records Management Section, during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at 3301 Gun Club Road, West Palm Beach, FL 33406, Regulation Division, by telephone at 682-6911, by e-mail at permits@sfwmd.gov, or by accessing the Staff Report directly from the District's website (www.sfwmd.gov) using the Application/Permit Search on the ePermitting page.
 The District's proposed agency action as set forth in the Staff Report shall become final unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57 of the Florida Statutes before the deadline for filing a petition. As required by Sections 120.569(1), and 120.60(3), Fla. Stat., following is notice of the opportunities which may be available for administrative hearing or judicial review when the substantial interests of a party are determined by an agency. Please note that this Notice of Rights is not intended to provide legal advice. Not all the legal proceedings detailed below may be an applicable or appropriate remedy. You may wish to consult your attorney regarding your legal rights. A person whose substantial interests are or may be affected by the South Florida Water Management District's (SFWMD or District) action has the right to request an administrative hearing on that action pursuant to Sections 120.569 and 120.57, Fla. Stat. Persons seeking a hearing on a District decision which does or may determine their substantial interests shall file a petition for hearing with the District Clerk within 21 days of receipt of written notice of the decision. "Receipt of written notice of agency decision" means receipt of either written notice through mail, or electronic mail, or posting that the District has or intends to take final agency action, or publication of notice that the District has or intends to take final agency action. Any person who receives written notice of a SFWMD decision and fails to file a written request for hearing within the timeframe described above waives the right to request a hearing on that decision.
 The Petition must be filed with the Office of the District Clerk of the SFWMD. Filings with the District Clerk may be made by mail, hand-delivery or facsimile. **Filings by e-mail will not be accepted.** Any person wishing to receive a clerked copy with the date and time stamped must provide an additional copy. A petition for administrative hearing is deemed filed upon receipt during normal business hours by the District Clerk at SFWMD headquarters in West Palm Beach, Florida. Any document received by the office of the SFWMD Clerk after 5:00 p.m. shall be filed as of 8:00 a.m. on the next regular business day. Additional filing instructions are as follows: (a) Filings by mail must be addressed to the Office of the SFWMD Clerk, P.O. Box 24680, West Palm Beach, Florida 33416; (b) Filings by hand-delivery must be delivered to the Office of the SFWMD Clerk. **Delivery of a petition to the SFWMD's security desk does not constitute filing. To ensure proper filing, it will be necessary to request the SFWMD's security officer to contact the Clerk's office.** An employee of the SFWMD's Clerk's office will receive and file the petition; and (c) Filings by facsimile must be transmitted to the SFWMD Clerk's Office at (561) 682-6010. A party who files a document by facsimile represents that the original physically signed document will be retained by that party for the duration of that proceeding and of any subsequent appeal or subsequent proceeding in that cause. Any party who elects to file any document by facsimile shall be responsible for any delay, disruption, or interruption of the electronic signals and accepts the full risk that the document may not be properly filed with the clerk as a result. The filing date for a document filed by facsimile shall be the date the SFWMD Clerk receives the complete document.
Initiation of an Administrative Hearing
 Pursuant to Rules 28-106.201 and 28-106.301, Fla. Admin. Code, initiation of an administrative hearing shall be made by written petition to the SFWMD in legible form and on 8 and 1/2 by 11 inch white paper. All petitions shall contain: 1) Identification of the action being contested, including the permit number; application number, District file number or any other SFWMD identification number, if known; 2) the name, address and telephone number of the petitioner and petitioner's representative, if any; 3) an explanation of how the petitioner's substantial interests will be affected by the agency determination; 4) a statement of when and how the petitioner received notice of the SFWMD's decision; 5) a statement of all disputed issues of material fact. If there are none, the petition must so indicate; 6) a concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the SFWMD's proposed action; 7) a statement of the specific rules or statutes the petitioner contends require reversal or modification of the SFWMD's proposed action; 8) if disputed issues of material fact exist, the statement must also include an explanation of how the alleged facts relate to the specific rules or statutes; and 9) a statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the SFWMD to take with respect to the SFWMD's proposed action. A person may file a request for an extension of time for filing a petition. The SFWMD may, for good cause, grant the request. Requests for extension of time must be filed with the SFWMD prior to the deadline for filing a petition for hearing. Such requests for extension shall contain a certificate that the moving party has consulted with all other parties concerning the extension and that the SFWMD and any other parties agree to or oppose the extension. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If the District takes action with substantially different impacts on water resources from the notice of intended agency decision, the persons who may be substantially affected shall have an additional point of entry pursuant to Rule 28-106.111, Fla. Admin. Code, unless otherwise provided by law.
 The procedures for pursuing mediation are set forth in Section 120.573, Fla. Stat., and Rules 28-106.111 and 28-106.401-.405, Fla. Admin. Code. The SFWMD is not proposing mediation for this agency action under Section 120.573, Fla. Stat., at this time.
 Pursuant to Sections 120.60(3) and 120.68, Fla. Stat., a party who is adversely affected by final SFWMD action may seek judicial review of the SFWMD's final decision by filing a notice of appeal pursuant to Florida Rule of Appellate Procedure 9.110 in the Fourth District Court of Appeal or in the appellate district where a party resides and filing a second copy of the notice with the SFWMD Clerk within 30 days of rendering of the final SFWMD action. 418205 CN 5/31/2012

than the figure, with only one school posting a higher percentage of students showing mastery of the reading section of the test.

Eastside Elementary School posted exceptional results. Only seven percent of third graders there scored a one on the FCAT. Sixty-seven percent of third graders passed with a three or higher.

Statewide, only 18 percent of students received the lowest possible score for reading. In the county, only Eastside and Country Oaks Elementary in LaBelle had a smaller percentage of students scoring a Level 1.

Country Oaks Elementary School had 13 percent of students score a Level 1, while 54 percent earned a three or higher.

Edward A. Uphergrove Elementary showed 20 percent of students with a Level 1. However, 50 percent of their third graders scored a three or higher to pass to the fourth grade.

Clewiston's Westside Elementary saw 24 percent of third graders scoring a Level 1 the FCAT for 2012. Fifty percent of students passed the FCAT with a three or above. Of particular note, Westside also shows the highest percentage of students in the county who scored a Level 5, with 12 percent reaching that metric.

Central Elementary School saw 36 percent of third graders earning a one on the 2012 FCAT. Thirty-three percent of their third graders scored a three or higher.

None of the third graders attending Central made a five on their FCAT, the only school in the county to post zero earnings for that achievement level.

Even with Central Elementary posting a higher percentage of Level 1 achievements for Clewiston Schools, it is not the highest for Hendry County.

Labelle Elementary School had 41 percent of their students score a one – putting nearly half of all students at that school at risk for being held back.

Only 24 percent of LaBelle Elementary students scored a three or higher.

Part of the challenge for schools in the rural Hendry County area is the high number of minority, English language learners and special needs students who traditionally struggle on assessment tests.

Happy that her school fared most favorably on the FCAT, Lori Duckstein, Eastside principal, was asked how her school overcame the challenges.

“Every child will succeed when you have high expectations,” Ms. Duckstein said. “The students will rise to meet the standards.”

Last December, the State Board of Education set higher achievement levels for the FCAT 2.0 Reading and Mathematics. This has been the first time the Board of Education has raised the FCAT standards in ten years.

According to the Florida Department of Education, the “curriculum standards were adopted to help ensure students are being adequately prepared for college and today’s competitive job market.”

Education Commissioner Gerard Robinson said the results help determine how and where resources should be focused so students struggling with reading get the extra help they need.

“Whether we’re preparing a child for college, career training or the workplace, they must have the fundamentals of reading to be successful,” said Robinson.

As the grading standard is now more rigorous and the test more challenging, students’ scores appeared to have gone down since 2011.

However, the third grade is on-point for data predictions of this year’s test results, according to the Florida Department of Education.

Auxiliary Happenings

On May 26, Saturday morning, Post 4185 veterans, members of both VFW auxiliaries, and the Boy Scouts of Troop 619 gathered to honor the fallen by placing flags in Clewiston’s local cemeteries.

When they were finished, there were almost 400 flags waving as witness to the sacrifices of local brave men and women. It was a bit-sweet sight, filling the hearts of those in attendance with gratitude and pride. The Ladies Auxiliary would like to thank the more than 30 volunteers for helping.

Many of the members attended a service presented at Ridgelawn Cemetery on Memorial Day morning. It was a very heartfelt ceremony

as one youth after another did their part, showing honor, pride, understanding, and dignity to all veterans.

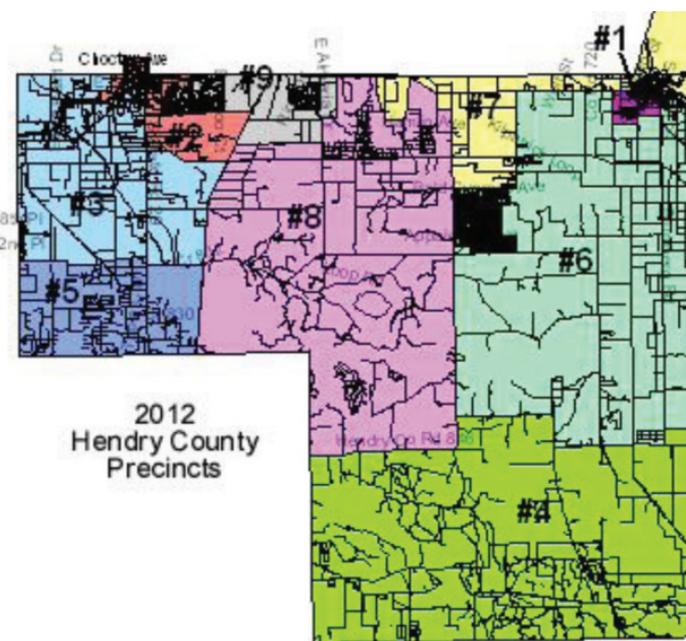

Once again the Ladies Auxiliary commends and thank all for their service in presenting this to the community. A very special thanks was made to Kristine Peterson for organizing the ceremony.

An open workshop meeting to organize a “back to school” fund raiser will be held on Thursday, June 7, starting at 6 p.m. at VFW Post 4185 Hall. This is intended to be a community service project to raise funds to purchase classroom supplies. The group welcome the community to attend and take part.

Richard Ramsey and Mark Joiner, were ejected from their vessel. FWC responded to the accident.

When they arrived, Ramsey was pronounced dead at the scene. Joiner was in critical condition and was airlifted to Lee Memorial Hospital. Yates, however, was unscathed and needed no medical attention.

The cause of the collision is still under investigation, with FWC officials unable to say what the men were doing out in the area, or if any other factors were at play to cause the accident.

AIRBOAT

Continued • 1

In what seems like an attempt to escape the incoming danger, Yates accelerated, but the airboats collided at approximately 11:30 a.m. It is currently unknown how fast the airboats were traveling.
