Preparing students for tomorrow:

It's not your Daddy's Vo-Tech

By Eric Cravey
Managing Editor

GREEN COVE SPRINGS – Business leaders from Northeast Florida recently came together with Clay County School District officials to begin an ongoing conversation about preparing students for the workforce.

John L. Stelmaszek

"We hire about 70 percent of our employees from outside the U.S.," said John L. Stelmaszek, a Clay County-based client technology solution professional for Microsoft. "We're not turning out students that understand their possibilities."

Stelmaszek joined a mix of about 30 school board staff members and business leaders to discuss ways the business community can become more involved in preparing students for careers after high school. It was the first in what Superintendent Charlie Van Zant hopes will be multiple "business round tables" he will stage in the coming months.

One of the solutions, Stelmaszek said, are Clay County's career academies. He is a board member for the Cisco Academies of Information

GREEN COVE SPRINGS – Cathy Speakman, center manager for the Clay County Council on Aging, tells Santa what she wants for Christmas during the center's recent Christmas party for seniors. About 70 seniors were treated to Christmas carols and merriment, which included songs from the Magnolia Singers and Rick and Holly Wood.

From Medicare to economic development:

Residents take concerns to Senator's staff

By Tatila Brock

KEYSTONE HEIGHTS – As Congress debates the impending fiscal cliff, average citizens still have everyday concerns they want Washington to tackle.

U.S. Sen. Bill Nelson's staff set aside a slot of time on Dec. 18 to hear from Northeast Florida residents on issues such as Medicare, taxes and economic growth.

"This is my opportunity to show residents the services we offer," said Katie Ross, Nelson's regional director for Northeast Florida, who held office hours inside Keystone Heights City Hall.

Ross is responsible for being available to the residents of nine Florida counties on Nelson's behalf. She helps with such issues as research, keeping the public informed about grants and making sure the right people are informed about the problems residents are facing.

"If a small business owner leaves behind a letter, I'll give it to Sen. Nelson, and I'll let him know what we talked about," Ross said.

Business owner T.J. McEnany drove all the way from College Drive and County Road 220 near Orange Park to voice his concerns about changes in the Medicare bidding process to Nelson's staff. McEnany is concerned his small business will be shut out of The Centers for Medicare &

Orange Park's 1895 New Year experience captured

Newspapers at one time printed what were called society or gossip columns. As the New Year began in 1895, The Florida Times Union captured a snapshot of life in its column devoted to Orange Park.

The winter of 1894-95 brought a killing frost and the residents of the village were less than enthusiastic about the future.

"Prominent grower" William Parmenter commented "The orange trees have the appearance of a burned district and are damaged more than we at first anticipated. Fully half of each tree will have to be pruned away."

Such a pronouncement from a man of Parmenter's knowledge and experience was truly daunting because the proceeds from the orange shipping season financed the equally lucrative spring planting season.

The shallow water in a small cove in front of the Westcotts' home on the St. Johns River froze solid and they hosted an ice skating party. One wonders why all those transplanted northerners hauled ice skates to Florida but evidently they did and a good time was had by all but "they considered it an expensive luxury" considering the accompanying damages.

Water pipes burst all over town causing considerable damage to furnishings and "necessitating the services of a plumber which is considered about as damaging to the purse as the freeze itself."

Mr. George Sandt and his new bride arrived just in time for the freeze and exploding pipes but were "warmly welcomed by the groom's mother, Mrs. Dr. Sandt, who arrived a few days earlier to prepare for a reception honoring the couple".

It seems the members of The Social Club were disappointed because due to the freeze oysters were unavailable for their New Years Eve bash. Hostess Mrs. J.F. Eldridge persevered and "the company sat down to a handsomely laid table, after which they enjoyed a hearty bonfire until the old year gave way to the new."

Mr. Parmenter's recently completed state-of-the-art hennery was fully described as well as the $12 chickens occupying the plush coup. The chickens it seems spent the freeze in cages in the house.

Evidently crime did not take a holiday for the freeze because "…sneak thieves are still prowling about." Mrs. W.E. Crocker's washing was taken from the backyard line. Dr. Walling lost several white leghorn hens. The doctor offered a reward for the arrest and conviction of the well dressed and fed bandits.

William Parmenter, wife Ione and daughter Mary at their Plainfield Ave farm. The Harvard graduate, an early Orange Park settler, was trained in the latest agricultural theories. He was known for his vast knowledge, quick wit and mischievous sense of humor.

"William Maierfeldt, the heaviest strawberry shipper would have had berries on the market ere this, had the freeze remained in its natural habitat."

Lastly, Mr. Anderson from Hibernia became the new financial manager of the steam lumber mill on Doctors Lake at the end of Plainfield and was eagerly awaiting the arrival of his family.

Today, the chatty and information-filled society column focused on the goings and doings of regular people is sadly considered a thing of the past. Luckily that was not the case in 1895.

Blue over Christmas green?

Let's face it, some of us feel we're just not cut out for gardening.

"Black Thumb" is a term that comes to mind – the thinking that any plant left in your care is a dead plant. This time of year can be especially intimidating for folks who feel that gardening is beyond them, as gifted plants can seem mysterious at best and downright intimidating at their worst.

Seasonal concerns from gardeners

Some of the most popular plants to be gifted by family, friends and co-workers are Christmas Cactus and Poinsettas. Both make great houseplants through winter, and Poinsettas can be planted outdoors in spring. With a few basics, these plants aren't as hard as you might imagine. Take a deep breath to find out the basics of keeping Christmas green from making you blue.

Christmas Cactus will thrive with little care in any sunny window free from drafts and direct heat from vents or space heaters. The first step with these is to make sure there is good drainage – if you received one wrapped in a decorative foil or plastic wrap, remove it and find a cheery holiday plate or saucer to place the pot on

Technology at Middleburg High and Ridgeview High and sees the results of those programs, but he also sees greater potential.

"The idea is to spark their imagination among their entire high school career," Stelmaszek said. "When students can use their imaginations... we [can] teach them the skills to produce something they can be proud of."

He urges school officials to transform any curricula involving computing away from a model of computer repair to a model involving engineering and computer science.

Van Zant ended the Dec. 14 round table saying he was "not sure what shape it will take," he wants to do more.

"Parents need to feel like they have a seat at the table," Van Zant said.

Currently about 1,400 students are enrolled in Clay County schools' 14 career academies.

"It's not your Daddy's Voc-Ed," said Paul Parker, director of Career and Technical Education for Clay County Schools. "We feel like preliminary data shows [career academy students will] be successful in college and the workforce."

Career academy students have fewer discipline problems, absentees and higher graduation rates. "CTE prepares them for the workforce and college."

Sharon Patterson, director of training and workforce development for JEA, is the current board chair of Orange Park High's Academy of Engineering and Computer Science.

"We need workers at all levels," Patterson said. "We need the guys who want to get their hands dirty."

JEA provides Clay students with real life examples that have been integrated into the curriculum, as well as job-shadowing and other hands-on experiences for students.

Uninsured Motorist Coverage:

Best protection after a car accident

Now's a good time to review your car insurance and make sure you are fully protected with Uninsured Motorist coverage. In fact, any time is a good time to do that.

It's that important.

Wayne Hogan

Florida has an average of 645 crashes a day, and nearly one in four drivers has no car insurance. This statistic is alarming. That's why getting into a car wreck could lead to financial disaster if you're not protected with UM coverage.

Uninsured Motorist coverage acts as a safety net if you get into a serious accident caused by a driver with little or no insurance. It can reimburse your bills caused by the accident, plus disability, lost wages and pain and suffering when the at-fault driver does not have enough insurance coverage to cover your losses.

We recently represented an architect who was hit by an uninsured driver on his way to a job in Orange Park. Thrown from his motorcycle, he suffered broken bones and required two surgeries. Fortunately, our client had $300,000 in UM coverage. It meant he could pay all his bills and receive compensation for loss of earnings. Without it, he would have faced bankruptcy. Having a UM policy made all the difference.

Sadly, many car accident victims learn this lesson too late. Too often, we talk with injured drivers victimized by an uninsured or underinsured driver, who discover they have no UM coverage. They are always shocked to learn the at-fault drivers cannot be forced to pay for their losses through insurance. That is why I encourage drivers to check their policies and get as much UM coverage as they can afford.

The good news is that UM coverage is relatively inexpensive. According to the Insurance Information Institute, UM coverage costs between $50 and $200+ for a six month policy, depending on the amount of coverage. Policies range from $5,000/$10,000 limits per person/per

De-clutter Your Life

FLEMING ISLAND – A new year offers us all a new start, a fresh beginning.

Whether it's a new exercise plan we're saying we'll stick to or a new philosophy we want to try out, we all make those dreaded resolutions.

Ashley Williams

Perhaps the best decision we can make this year is to de-clutter.

Clutter is not just the hoarding of newspapers and useless objects we've seen on TV. Clutter can be old pictures and trinkets we never put up or artwork from the second grade we just can't get rid of. Regardless of where it comes from, we should organize our lives.

The organization push started in full force a few years back for me. It's not always easy – sometimes I swear there are things I simply cannot part with – but it's such a liberating feeling to clean up.

My office desk would be a perfect example. I just let things sit and take up space. Old cards pile up along with shuffled papers I no longer need, electronic gadgets I never used and books that I never got around to reading.

For me, it started in the closet where I am a clothes hoarder. I allow clothes to gather in my closet and just sit there. Forever. Honestly, I have pieces of clothing that I've had since freshman year of high school. I don't have a desire to wear them again, but for some reason, I can't let them go.

Last January, I tried a trick I read on a blog. I turned all the hangers in my closet around. Each time I wore something, I turned the hanger back to normal. After three months, the clothes that were still facing backwards, I donated to Goodwill.

Seeing physical evidence that I was not using certain items was liberating and I got the satisfaction that comes with helping others. This method works and I intend

Meet Ginny Stibolt

Author & Gardener

By Sarah Wakefield
Staff Writer

LAKE ASBURY – A self described tree hugger, Ginny Stibolt is on a mission to educate North Floridians about sustainable gardening.

A passionate life-long gardener, Stibolt explains how anyone with access to dirt can start their own garden in her first book "Sustainable Gardening for Florida," published in 2009 by University Press of Florida. She also practices what she preaches. Her entire yard is a garden.

"I quit mowing," Stibolt said, motioning to her forest-like property that touches Lake Asbury. "I edit the growth."

When Stibolt and husband Dean Avery moved from Maryland in 2004, they wanted less grass and more natural habitat to be a haven for wildlife.

In the coming weeks, she is preparing for the release of her second book about her passion. She co-wrote "Organic Methods for Vegetable Gardening in Florida" with Miami resident Melissa Contreras. The book offers instruction on growing organic foods from the sandy ground of Miami to raised beds in North Florida.

Her garden is salad in the waiting: sweet onions, lettuce, broccoli, and cosmic purple carrots currently grow using organic methods. Huge rosemary bushes, palm fronds, and sugar snap peas grow in her "freedom lawn," thus called because it is free from chemicals and fertilizers. Dotted horsemint offers habitat and food for warblers.

"I don't have a bird feeder," Stibolt said. "My landscape feeds the birds."

Stibolt lives up to her tree hugger moniker by donating 50 percent of the proceeds from her book sales to the Florida Chapter of The Nature Conservancy. Piles of sticks and leaves dot her property to encourage birds to nest and bees to burrow.

STAFF PHOTO BY SARAH WAKEFIELD
LAKE ASBURY – Ginny Stibolt pulls weeds from her garden. Stressing use of native plants, her second gardening book comes out in March.

"Bees are so important," said Stibolt, A former community college instructor, Stibolt holds a master's degree in botany from the University of Maryland. "Bees need to visit a squash flower eight or nine times before it's fertilized. Same goes for zucchini, cucumber or other summer squash."

In May, Stibolt's chapter of the Florida Native Plant Society, where she serves as chairman, will host a conference at the University of North Florida featuring speakers, educational sessions, and book signings for every level of gardener and plant enthusiast.

Conkey hired as Chamber President

ORANGE PARK – A Clay County Commissioner has added a new title to his resume.

Former Board of County Commissioners Chairman Doug Conkey is the new president of the Clay County Chamber of Commerce. He replaces John Tabor who has been serving the past 14 months in the role as the Interim President. Conkey will take the helm Jan. 2.

Doug Conkey

"No one in our county possesses a greater breadth of relationships and in depth knowledge of our business community than Doug Conkey," said George Egan, Chair of the Chamber Board of Directors. "As a long time resident of Clay County, a second term member of the Board of County Commissioners and an ex-officio of the Clay County Chamber Board of Directors, Doug is perfectly positioned to quickly advance the goals and mission of the Chamber.

He has significant relationships with community leaders in Northeast Florida and throughout the State and will certainly be an effective advocate for the Clay County business community and Chamber members."

The appointment of Doug Conkey is the culmination of a nearly yearlong effort, which led to the complete reorganization of the governance and operating structure of the Chamber of Commerce and the Economic Development Division.

In late November, Chamber officials announced the hiring of businessman Bill Garrison to serve as the director of economic development, a position previously held by Danita Andrews.

The greatest gift ever given

Paul the Apostle powerfully expressed what cannot adequately be expressed in words when he declared "Thanks be unto God for his unspeakable gift." (2 Corinthians 9:15)

This is the season when we remember above all that God gives! He is the greatest Giver of gifts. He gave us a gift that is beyond our expression and perhaps even beyond our comprehension.

The "unspeakable gift" is presented to us in the verse that is known by more Christians than any other single Bible verse. "For God so loved the world that he gave his only Son, that whoever believes in him should not perish but have eternal life." John 3:16

His gift to us is His only provision for our eternal salvation. "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved." Acts 4:12

There are multiple benefits attached to receiving God's greatest gift to us.

His gift lifts us to a higher realm – "And hath raised us up together, and made us sit together in heavenly places in Christ Jesus…" Eph. 2:6

His gift affords us the greatest treasure – "In whom are hid all the treasures of wisdom and knowledge." Colossians 2:3

His gift is peace. "And the peace of God, which passes all understanding, shall keep your hearts and minds through Christ Jesus." Philippians 4:7

The Scripture starts with offer of this wonderful gift in the prophecy of Genesis when God declares "the seed of the woman" shall have victory over the serpent (or Satan) and continues in every book of the Bible through Revelation where He is proclaimed "King of Kings and Lord of Lords."

Clothing exchange brings unique concept to Fleming Island

By Kathy Marsh
Correspondent

FLEMING ISLAND – You may not expect to find a beach hut on Fleming Island, but you can find the next best thing at Hut No. 8, a new brand name clothing exchange.

Franchise owner Tricia Foss said the business fell into their hands when her husband, Doug Foss, who spent 43 years in retail, researched franchise opportunities in a magazine.

"We're a close knit family and I wanted something where we could all work together. Having a family-owned business is a dream come true," said Tricia Foss as she stands surrounded by apparel, lively music and a rustic beach setting in her store's 2,250 square feet space in the Publix shopping center on County Road 220.

With Hut No. 8's main office located in Zephyrhills, Fla., setting up shop in Fleming Island seemed like the perfect fit, Foss said. Hut No. 8 buys and sells brand name clothes, shoes, and accessories for teens and young adults, providing high quality products for their customers at 70 to 80 percent off mall prices.

The Clay County resident said customer service is key to the Hut No. 8 business model. When customers bring clothes in for an exchange, Hut No. 8 buyers examine them for quality, wearable and style. If the buyers see a resale value, the customer is offered cash for their goods on the spot. The Franchise supplies a price-basing program as a tool, so there's no guessing by employees on how much should be paid for items.

"The Franchisee has good vendors who are trendy and have been tested. Cash on the spot is an advantage to the customer, as well as a convenience," Foss said. "This is the beauty of an exchange system."

Foss's daughter-in-law Amy Foss – often referred to as the Fashion Diva – knows brands, trends and demographics and guides her with decisions on what to buy. She advises shoppers to look for new pieces that others don't have and get in quick before items sell. Amy Foss loves giving tips to make people feel and look beautiful.

"Shopping at Hut No. 8 is like going on a treasure hunt. When you find $200 jeans for $40, it's a no brainer," Amy Foss said. "It's a real challenge keeping up with trends. They change so fast … that our job becomes trying to forecast what will work for our store."

Lisa McKenna, center, and her husband Stephen McKenna shop at Hut No. 8. Owner Tricia Foss, left, smiles as she listens to them discuss apparel.

The Fosses are using social media tools, such as Facebook, to offer specials, post coupons and photos and build a following. It seems to be working, so far.

Lisa and Stephen McKenna attended the Hut No. 8 grand opening a few months ago and said the appearance of the store attracted them to come in and look around. They were attracted to the inviting atmosphere, quality clothes at discount prices and welcoming staff.

Tricia Foss refers to her son, Doug Foss, as the voice of the store as he focuses on advertising and marketing, designed their business cards, and is the store's networking guru. He splits Facebook page management duties with Amy Foss.

Amy Foss credits budget-conscious shoppers with the store's phenomenal sales growth in a down economy.

"Our sales are doing fabulous; we are meeting our goals of becoming a flagship store for the franchise," said Amy Foss.

And like many entrepreneurs, Tricia Foss said that all the long hours and hard work are worth it to see her family so happy in the business.

FLEMING ISLAND – Backed by a new Clay County board of directors, Junior Achievement of North Florida is bringing its internationally recognized financial literacy program to three area schools.

Students at Bannerman Learning Center in Green Cove Springs, Fleming Island High and St. Johns Country Day are the first Clay students to benefit from the fledgling program. The Clay board was recently set up as an offshoot of the Jacksonville-based JA, which was started in 1963.

Steve St. Amand

"The program I'm teaching is for teen parents," said Sonja Elia, who will teach her first course in January at Bannerman. "It's important to be aware of your personal finances and to not have to rely on others. These kids have made a choice that will affect the rest of their lives and now they're responsible for someone else."

The program's curriculum correlates with Florida Sunshine standards and implores students to stay in school. So far, about 100 students in the three schools have taken a Junior Achievement course.

"I want to teach these teen moms to be keenly aware about how to care for themselves and how to be fiscally responsible," Elia said.

So far, Clay County board members have raised about a third of the $80,000 needed to be self-sustaining locally. According to Steve St. Amand, president of Junior Achievement of North Florida, which is mentoring the Clay organization, all funds raised here in Clay County will go to fund the Clay program..

"That pays the program manager and it pays for the curriculum kits, which cost about $100 each," St. Amand said. "In Duval County, we raise about $1 million per year and are able to impact 27,833 students."

Volunteers are trained before entering schools to teach one-hour each week for five to eight weeks during the semester.

HOA donates golf cart to Sheriff's office

OAKLEAF – A local homeowner's association has donated a golf cart to the Clay County Sheriff's Office.

The Eagle Landing Home Owners Association in the Oakleaf area donated the golf cart to assist in neighborhood patrols.

"It will be used by [CCSO] agency volunteers to patrol the area and report suspicious activity or to render assistance," stated the CCSO Faebook page.

CSO officials said the Eagle Landing golf cart marks the eighth one donated by companies or communities to assist in crime fighting and reporting efforts.

Fleming Island resident seeks help for Sandy Hook families

FLEMING ISLAND – The tragic shooting of 20 schoolchildren at Sandy Hook Elementary is personal to one Fleming Island resident.

Karen Gordon, a native of Newtown, Conn. where the shootings took place, is asking Clay County residents to assist with the newly-formed Newtown Alumni Fund. To be administered by the nonprofit Newtown Rotary Club Foundation, the Newtown Alumni Fund will provide financial aid to the families affected by the Dec. 14 shooting.

One-hundred percent of the donations will go directly to the families impacted by the shooting, Gordon said. A generous donor, who asked to remain private, has offered to match the first $2,000 in donations to the fund.

Alumni members said "that this tragedy will impact Newtown long after the media has left and the nation's focus has moved on. The NAF Group is committed to helping the community for the long haul, to lessen the suffering, promote healing, and return Newtown to a bucolic, family-oriented, quintessential New England town," stated a prepared release from Organizer Cheryl Hansen.

Checks should be payable to Newtown Rotary Club, Sandy Hook School Fund, with "Newtown Alumni Fund" marked in the memo section. Mail checks to: Newtown Alumni Fund, P.O. Box 3217 Newtown, CT, 06470. For more information, contact Hansen at info@newtownalumnifund.org.

Scholarship application time

ORANGE PARK – The Clay County Chamber Foundation is currently accepting applications for $5,000 in scholarship awards.

The Chamber Foundation will award three $1,000 scholarships and four $500 scholarships to high school seniors to encourage the pursuit of post-secondary education. All Clay County high school seniors are encouraged to apply regardless of academic merit or financial need status.

In addition, the Clay County Bar Association will award one $1,000 scholarship to a high school senior to encourage the pursuit of continuing education in the field of business or law.

Students must be United States citizens or legal residents. Seniors may attend any public or private high school in Northeast Florida as long as they live in Clay County.

They must be planning to attend an accredited vocational school, community college, or university. Awards will be judged on the entire application, not just test scores, grade point average or financial circumstances. The deadline to apply is Wednesday, Feb. 28, 2013.

All applicants must apply online through www.ScholarshipExperts.com or www.claychamber.com.

Clothing drive at skating rink

ORANGE PARK – An Orange Park entertainment center is holding a clothing drive for the needy.

Skate Station, 230 Blanding Boulevard, is hosting "Throwback Gives Back," a skating event to help the homeless and needy of Clay County and Northeast Florida.

Skaters who bring in any winter clothing item on Saturday, Dec. 29 from 11:30 p.m. to 2 a.m. will receive free admission instead of having to pay the regular $5 admission charge.

Skate Station will collect the hats, jackets, shoes and other cold weather clothing items and donate them to the Clothes Closet and Food Pantry in Orange Park and the Trinity Rescue Mission in Jacksonville to help provide comfort and warmth for someone in need this winter.

The skating event is for ages 17 and up. For more info, call (904) 272-5600.

Holiday garbage collection schedule announced

GREEN COVE SPRINGS – The Clay County Department of Environmental Services has announced its holiday season hours and days of operation.

The Rosemary Hill Solid Waste Management Facility will be open New Year's Eve, Monday, Dec. 31 but will close at 3:30 p.m. on New Year's Day, Tuesday, Jan. 1.

The schedule for Residential Curbside Collection, which is conducted by Advanced Disposal, will observe a modified holiday schedule that effectively delays residential pickup by one day. For example, if your garbage is usually collected on Wednesday, you pickup day will be delayed one day until Thursday. However, Advanced Disposal will operate on its regular schedule on New Year's Day collecting residential waste and recyclables.

Clay members named to TPO posts

JACKSONVILLE – Two Clay County residents have been elected to leadership positions at a regional transportation agency.

The North Florida Transportation Planning Organization's Technical Coordinating Committee elected Jeff Beck, director of Engineering and Public Works for Clay County, as its 2013 vice chairman.

The TPO's Citizens Advisory Committee CAC elected Frank Riner of Orange Park as its vice chairman for 2013.

Clay Fair wins international awards

LAS VEGAS – An international organization that promotes and encourages the development and improvement of agricultural fairs, shows, and expositions recently honored the Clay County Agricultural Fair.

The Springfield, Mo.-based International Association of Fairs and Expositions presented the local Fair with first, second and third place awards in its Agricultural Awards division. The Fair won first place for its Green Program, second place for Ag Photo, Early Florida Village exhibit signs and its Consumer Protection Program, while receiving a third place award for its partner joint exhibit with the Southeast Milk Co-op.

IAFE also honored the Fair with first and second place Awards of Distinction for Communications. The Fair won a first place for its communications program regarding its new parking lot, web ads it ran in partnership with WQIK, as well as its mobile QR code campaign. The Fair snagged second place awards for both its newsletter and website.

The Fair was also honored with Awards of Distinction for Competitive Exhibits held at last year's event. Its "Singing Bee Contest" won a first place award, while second place awards were handed out for Fair Theme Exhibits, Competitive Photo Series Chess Tournament and Competitive Photo, Country Tissue.

The awards were presented during IAFE's 122nd Annual Convention held in November in Las Vegas. The 2013 Clay County Agricultural Fair is scheduled for April 4-13, 2013 and will have "Country Pride…County Wide" as its theme.

BCC Committee invites the public

GREEN COVE SPRINGS – The Budget, Finance & Human Services Committee will meet on Thursday, Jan. 3 at 2:30 p.m. in the BCC Meeting Room, Fourth Floor, Administration Building, 477 Houston Street, Green Cove Springs. The meeting is open to the public.

Jaguars donate to area Rotary Clubs

JACKSONVILLE – Jacksonville Jaguars Senior Vice President of Sales Macky Weaver, right, recently presented a $21,695 check to Rotary Charities and the Rotary Foundation. Orange Park Sunrise Rotary Club member Steve Johnson, center, accepts the check with his wife Linda Johnson, left. Sixty Rotary Clubs in Northeast Florida's District 6970 sold 1,016 Jaguars tickets as part of the annual fundraising project, the ninth season the Jaguars have held Rotary Day, which kicks off in April. The check was presented Dec. 9 as part of pre-game festivities. Area Rotary Clubs that sold tickets will use the funds for various charitable causes on which they will embark in the coming months.

Kindergarteners learn the difference between wants and needs. Middle schoolers learn about global markets and begin to explore how academic and economic choices impact their lives. High school students develop resumes and shadow a professional for a day.

Jeff Camarda

"We teach kids about managing money, how credit is good and bad, how banks work and about taxes," St. Amand said.

A former principal of Martin Luther King Jr. Elementary once said to him, "Junior Achievement is helping break the cycle of generational welfare."

Founded in 1919 by the former president of American Telephone & Telegraph, JA reached more than four million U.S. students in 2011. The demand was so high in Duval County that 3,000 students were unable to participate due to a lack of volunteers.

"We know what we do and we do it well," St. Amand said. "I can count on 80 percent of teachers to teach it again. We have a high retention rate."

Clay Board Chairman Jeff Camarda has been working since last summer to bring Junior Achievement to Clay County. As a financial planner, he wanted his own children to learn the importance of fiscal responsibility, which is addressed in the curriculum.

"We want to deeply penetrate into all Clay County schools," Camarda said. "We teach how the world actually operates."

A undisclosed grant from Ally Bank helped St. Amand expand Junior Achievement to Nassau, Putnam, St. Johns and Clay counties.

"I want to blow it up in Clay County," Camarda said. "It is so critically important to teach these skills to our children."

De-clutter

from page 4

to do it again this year. This tactic can be applied in any area of clutter seems to take over.

A friend I know did the same thing with her son's toys. She had him separate them into piles based on how often he used them. Then she told him the ones in the pile that he used the least would be donated to some other kids who didn't have

any toys. He looked confused and started taking toys out of the pile.

Then my friend told him, whatever you give away, Santa will remember. The pile grew after that.

There are tricks you can deploy to cut down on clutter. Some of the easiest ways are to simply go through once a month and throw something out.

Another friend only goes through her mail once a month, which is puzzling at best. All month long piles of fliers, coupons and bills pile up. She claims it's a system – I call it chaos.

That's the goal this month. During this time of year, everyone is making resolutions. Make sure you add getting organized to your list.

instead.

Christmas Cactus will resent overwatering, which means less work for you. Wait until the top inch of soil is completely dry – check this once a week or so by poking your finger around an edge (just not up against the rootball) and feeling for moisture. When the soil feels good and dry give them a good drenching – enough to thoroughly wet the plant, but not so much that it's standing in water.

Other than watering, there's just a few simple tricks for blooming with these plants. With the right lighting, they really do bloom around Christmas in response to shorter daylight hours.

To make sure they bloom next Christmas, they'll need dark at night starting about six weeks before the holidays, so move them away from streetlights or nightlights – anywhere where they can get the darkness they need for the 'beauty sleep' that brings on their colorful blooms. A little simple care and these plants will help turn that 'black thumb' a bit greener.

Poinsettias are perhaps the most popular plant for holiday gift giving, and no wonder with their brightly colored, showy bracts, modified leaves that resemble flowers. Watering requirements for these plants are the same as Christmas Cactus – make sure they aren't kept soggy by fancy gift wraps, and allow the top part of the soil to dry out before giving a good drink. If possible, use a layer of gravel between the pot and saucer – this will provide a little extra humidity that Poinsettias will appreciate.

Once the weather warms, you can move your Poinsettia outside and plant it in a bigger container or even right in the ground. Cut off the top of each branch, leaving four-to-six inches of stem per branch. Let plants sit outside in a shady spot for a week or two to get used to being outside. While they get accustomed to new temperatures and lighting, scout out a good spot in your yard for a pot or transplanting. Full sun is best for these beauties, but Poinsettias also like dark nights in winter.

Look for a spot with soil that will be moist but well drained most of the year – avoid planting right under a building's drip line, though as all the water there can lead to problems with disease. For folks who think they have black thumbs' try to find an area with soil that doesn't feel completely dry when it hasn't rained for a few weeks. You can always ask a neighbor with a great garden to help you find a spot too, or plant it near an entrance where you'll be reminded to water on a regular basis.

If remembering to water is your gardening downfall, consider purchasing an automatic plant watering system that you can fill less frequently to provide regular water – or make a simple on yourself from a large plastic water or soda bottle. Cut the bottom off and drill or poke one-eighth-inch or smaller holes in the lid.

Then with the lid on, bury the neck in the soil near the plant's root system. As long as the soil isn't soggy, simply fill it up whenever it empties. Once you have the watering under control, your Pointsettas will appreciate a little monthly fertilizer starting in May – get a general plant food and follow the label instructions. With just a little knowledge and care, hopefully these green gifts will chase away your 'can't garden blues' and convince you that your thumb isn't so black after all.

& Medicaid's new Competitive Bidding Program.

The program, authorized by Congress in 2003, requires suppliers similar to McEnany to propose a bid on supplies they sell through an online application and then all the bids are evaluated. The suppliers who meet the centers' financial standards are given contracts that allow them to continue selling, according to the centers' website.

McEnany, the vice president of operations, said himself that the program "sounds good" but it leaves out of business suppliers who don't win contracts from the centers.

Although the centers are trying to find the best price for Durable Medical Equipment, Prosthetics, Orthotics and Supplies, or DMEPOS, McEnany is concerned that the newer process will leave him without a job.

Round one of biding occurred on Dec. 14. McEnany hopes to get Sen. Nelson to understand his concern before a bill, which is stuck in the U.S. House of Representatives, about the program reaches the U.S. Senate.

STAFF PHOTO BY ERIC CRAVEY

DOCTORS INLET –T.J. McEnany of Wheel Chairs Plus Inc. recently asked U.S. Senator Bill Nelson's staff for assistance on a pending bill regarding Medicare and Medicaid.

McEnany wasn't the only person at office hours whose concerns were about jobs.

Pamela Lewis, the mayor of Green Cove Springs, wants advice on figuring out how the St. Johns River can generate more jobs.

"We want the St. Johns [River] to be designed as a marine airway to help economic growth," Lewis said. "To help bring in more money, but the biggest thing is more jobs."

Pamela Lewis

Jacksonville already has a port system similar to what the mayor is hoping to create by bring it a little farther south. Lewis also voiced this same desire to Clay County's Legislative Delegation meeting on Dec. 12 in Green Cove Springs.

"We want the St. Johns (River) to be designed as a marine airway to help economic growth. To help bring in more money, but the biggest thing is more jobs."

– Pamela Lewis, Mayor of Green Cove Springs

The mayor, accompanied by Assistant City Manager Sue Heath, also discussed taxes being placed on bonds with Ross.

Office hours aren't the only place where Ross takes the time to listen to people's concerns.

"We make sure that everyone's opinion is heard," Ross said. "Even at events people can talk to me."

Ross also encourages people who were unable to attend the Keystone Heights event to contact her with their issues through email, Katie_Ross@billnelson.senate.gov, or by mail, 1301 Riverplace Blvd. Suite 2010 Jacksonville, Fla. 32207.

Police Briefs

Suspicious fire leads to Meth lab bust

MIDDLEBURG – What began as a routine fire call by the Clay County Fire and Rescue Department, resulted in the arrest of two people for manufacturing methamphetamine.

Around 5 p.m. on Dec. 20, officers with the Clay County Sheriff's Office were called to a home in the 1700 block of Killarn Circle in Middleburg in response to a house fire.

Joshua Levo

Alana Bliss Pons

Fire department officials told investigators that the home was believed to be the base of operations for a clandestine meth lab. From the home, deputies went to the Orange Park Medical Center where Joshua Levo, 27, of Middleburg, had burned his hand.

According to the police report, Levo told police that the fire broke out when he accidentally knocked over a Coleman fuel container onto an electrical power strip.

A day later, around 1:30 p.m. on Dec. 21, CCSO investigators obtained a search warrant for Levo's home. Investigators specifically trained in the identification and eradication of meth labs went into the Levo home and removed various pieces of paraphernalia typically used in the manufacture of methamphetamine.

Officers also removed a 10-year-old boy whose bedroom was directly across from the room where the two were manufacturing the lethal drug, according to the police report.

Levo and his wife, Alana Bliss Pons, 35, face one count each of manufacturing methamphetamine within 1,000 feet of a school, manufacturing methamphetamine with a child present and leasing or renting a structure for the purposes of drug trafficking.

At press time, Levo is being held in the Clay County jail on bond $200,006, while Pons bond is set at $110,006.

Detective search for 'Silver Thief'

FLEMING ISLAND – The Clay County Sheriff's Office is asking for the community's assistance in identifying a shoplifter who has a penchant for stealing silver jewelry.

CCSO detectives believe this woman, shown here, is responsible for at least three cases of stealing silver jewelry from Target stores in Clay County between October and December 2012, as well additional cases of theft in Jacksonville.

Video surveillance tapes have captured images of the woman leaving a Target store after stashing stolen silver jewelry in the bottom of her bag. In two of the three cases she has been spotted leaving the stores in

a silver vehicle.

Anyone with information should call the CCSO at (904) 264-6512 and ask to speak to Det. Adam Graff, the lead detective on the case.

Middleburg woman charged with burglary, other charges

MIDDLEBURG – A month-long investigation by authorities has led to the arrest of a Middleburg woman on theft and burglary charges.

The Clay County Sheriff's Office arrested Jennifer Lynn Clark, 20, Dec. 20. Clark was taken to the Clay County jail where, at press time, she was ordered to be held without bond.

Jennifer Clark

Clark is charged with six counts of dealing in stolen property after detectives found she attempted to sell $4,183 worth of jewelry for a total profit of $30 to Italian Jewelry, which is located inside the Orange Park Mall.

The victim, Erma Dewitt, had reported the jewelry – five pairs of silver earrings – as stolen to the CCSO on Nov. 19. Officers allowed Dewitt to identify the stolen jewelry, which aided in Clark's arrest.

Clark is also charged with one count each of grand theft of items valuing $300 to $4,999 and unarmed burglary of an occupied conveyance or building.

Woman charged with interfering with arrest

ORANGE PARK – An Orange Park woman faces third degree felony charges after she interfered with deputies while they were trying to make an arrest.

Virginia Headley

Virginia Headley, 37, was arrested Dec. 19 at her home after an altercation with a Clay County Sheriff's deputy. According to the police report, Headley yelled at three officers who had gone to her home to serve an arrest warrant for her son for a violation of probation.

One officer stated that Headley grabbed his uniform and began screaming as another officer took custody of her son, Cody Alexander Headley, 20, who is charged with child abuse.

A third officer stated that Virginia Headley ran after him as she continued to prevent the officer from arresting her son.

Both Headley and her son were taken into custody at the Clay County Jail. Virginia Headley has been released on bond of $5,003. She faces one count of battery on a law enforcement officer and a second degree misdemeanor count of resisting or obstructing an officer without violence. Cody Alexander Headley remains in jail awaiting a January hearing before a judge.

Orchestrated shoplifting incident under investigation

MIDDLEBURG – The Clay County Sheriff's Office is investigating a shoplifting incident that occurred in the pre-dawn hours at a local Walmart store.

Police said two men and a woman worked together to steal $360 worth of video games from the Brannan Field Road Walmart store around 3:30 a.m. on Dec. 18.

According to the police report, the suspects went into the electronics section of the store where they allegedly took six video games off the shelf and placed them into a gym bag.

From the electronics department, police said, the store video surveillance system showed that the suspects walked to the store's produce section where a third suspect picked up the bag and left the store.

One of the men is described as wearing a red t-shirt and black basketball shorts, while the second man is described as wearing a white t-shirt and black shorts. The female accomplice was seen wearing a red t-shirt with the words "We Are Raines!

The CCSO is asking the community to call if they can help identify any or all of the three suspects.

Woman sought in theft case

KEYSTONE HEIGHTS – An investigation is underway to locate a woman who suspected of breaking into a car in Keystone Heights and stealing the car owner's credit cards.

The Clay County Sheriff's Office detectives believe the suspect may be traveling back and forth between Clay County and the Florida Panhandle.

In November, the suspect broke into a woman's car in Keystone Heights, stole the victim's phone and purse, and then used the victim's credit cards in Middleburg and days later in Destin, Fla. The suspect is also believed to have used the victim's credit card in a Game Stop video game store in Middleburg.

Detectives are unsure about the suspect's ties to Clay County or a motive in the thefts.

The photo shown here is taken from video at a Regions Bank drive-through teller machine in Destin. Anyone who recognizes the woman is asked to contact the CCSO at (904) 264-6512 and ask to speak to Det. Chad Ricks in the CCSO General Investigations Unit.

Facebook credited with assisting in an arrest

JACKSONVILLE – Less than three weeks after launching into the realm of social media, the Clay County Sheriff's Office is crediting its new Facebook page with assisting in an arrest.

With cautious hesitation, Sheriff Rick Beseler and his staff launched the department's Facebook page on Dec. 4. Sixteen days later, on Dec. 20, it was announced that the page played a key role in the arrest of a man who was wanted for stealing two televisions from the Branan Field Road Walmart store.

"Thanks to you, our agency's Facebook friends, the suspect wearing the green "Jamaica" shirt running out of Wal Mart with stolen TVs has been identified and a warrant obtained for his arrest," the page proudly stated on Dec. 20.

William "Billy" Mixon, 34, of Jacksonville is in the Duval County Jail on unrelated charges where he is being held in order for the CCSO to extradite him here to be charged with two counts of grand theft.

"I received several calls from citizens with information advising they saw the post on Facebook. When someone shares the post, it spreads like wildfire," said Det. Maertz.

PAID FOR BY THE FLORIDA ATTORNEY GENERAL'S OFFICE CRIME STOPPERS TRUST FUND

Oakleaf developer makes donation to St. Vincent's

JACKSONVILLE – A prominent Northeast Florida builder has made a significant donation to help St. Vincent's Medical Center expand in Clay County.

The undisclosed gift – what St. Vincent's calls a leadership gift – was announced Dec. 26 and will help fund the Catholic hospital currently under construction on a 35-acre site at Branan Field Road near Blanding Boulevard.

St. Vincent's will honor Dave and Nancy Hutson, owners of the Hutson Companies, by naming the local hospital St. Vincent's Clay County – The Hutson Family Campus.

David Hutson

Nancy Hutson

"Generations of families have depended on St. Vincent's for high quality, compassionate care. Through this gift, Dave and Nancy Hutson will touch numerous lives by helping to bring the same quality care closer to the doorsteps of the people in Clay County," said Jane R. Lanier, CFRE, President & Chief Development Officer of the St. Vincent's HealthCare Foundation. "Their gift will serve families for years to come and we are forever grateful for their kindness and generosity."

With 147,500 square feet, the new hospital is scheduled to be completed in October 2013 and have a $52 million economic impact in the coming three years in Clay County.

The Hutsons, developers of the 6,400-acre Oakleaf Plantation, said they gave the gift because the hospital's mission of helping the poor and less fortunate speaks to them.

"We chose St. Vincent's because of their Mission to help the poor and vulnerable in our community," said Dave Hutson. "Nancy and I are pleased to be a part of the St. Vincent's family."

"Dave and Nancy Hutson have a special place in their hearts for families. They have spent their lives creating communities that provide the best environments to live, work, and play," said Moody Chisholm, President & CEO of St. Vincent's HealthCare.

"Now they have made a gift to St. Vincent's that will assist us in providing safe, quality medical care that families need and want closer to home."

Clay Today Athletes of year: Dressel, Pickett

STAFF PHOTOS BY RANDY LEFKO

Clay High junior swimmer Caeleb Dressel put together a tremendous year of swimming prowess after taking on his first U.S. Olympic Trials invite. Dressel withstood the Trials as an experience for upcoming Trials and answered with two state titles; 50 and 100 freestyle, and a U.S. record for 15-16 year olds in the 100 freestyle at the U.S. Junior Nationals. Dressel's record, a 43.82 split, came after he narrowly missed the 44.04 Florida state record with a 44.10 at the FHSAA Class 2A State Championships. And just think, he has one more year of high school left.

St. Johns Country Day School soccer standout Carson Pickett ended her illustrious career with a state title, a Dairy Farmer's Miss Florida award as most outstanding player in Florida and a top five nomination for best player in the U.S. In her freshman year at FSU, Pickett helped the Seminoles to the NCAA Final Four.

Swimmer and soccer star stay at top of game

By Randy Lefko
Sports Editor

This year in sports enjoyed plenty of championships, tough games and athletic performances worthy of comment and praise. Trying to select one or two moments of the year would be difficult, but my choices for the Clay Today Athletes of the Year are Caeleb Dressel, Clay High swimmer, and Carson Pickett, St. Johns Country Day School soccer standout.

For St. Johns Country Day School girls soccer coach Mike Pickett, the joy of watching daughter Carson end her career with a state title is something a father could only ask for. This fall, Mike Pickett got to play quiet, unassuming dad on the sidelines of the Florida State University Seminoles of which Carson was an integral part of their Final Four run. Pickett, with four state titles in nine years, but none a repeat, is gearing up right now for a "consecutive" title this year and is relying on the tradition of Spartan soccer, created with Carson's left foot, to carry into the psyche of his young squad.

In swimming, Clay High junior Caeleb Dressel dominated his craft to the tune of an American record 100 free effort three weeks ago. Dressel competed with the big boys at the U.S. Olympic Swim Trials over the summer, won his second and third state titles a month ago, then, two weeks ago, blasted a record that stood since 1990. It will be a matter of time before the Dressel name will have Olympic medalist before it.

January and February being the championship months of soccer and wrestling saw a great run into the Final Four by Fleming Island's boys and girls and yet

Two wins, one tie for county teams

KEYSTONE HEIGHTS - In a unique afternoon of high school soccer, featuring three county teams all vying for top district seeds in January, Fleming Island boys team (13-1) district 3-4A rival Ridgeview (7-4) 6-0 with an explosive second half five-goal barrage, Keystone Heights girls team (12-0-1) blasted Alachua Santa Fe 5-2 to take sole possession of district 5-2A and Keystone Heights' boys team (13-1-2) battled a downpour to settle with a 2-2 tie with Alachua Santa Fe to keep the district 5-2A lineup in jeopardy at least until January.

"It was a little too wet on the field for both sides," said Keystone Heights coach Trevor Waters, now 8-0-1 in district play. "We got them first on a nice kick from Cory Hedding, but they scored one in the 70th minute. We were able to stay with them. Should make the next game (January 4) more interesting."

Keystone Heights defeated Middleburg 4-2 earlier in the week with goals from Juan Grimaldo, Hedding, Nacho Grimaldo and Wyatt Graziano. The Broncos (5-5) got goals from Ricky Canales and Josiah Bailes.

At Fleming Island, the boys soccer squad battled with Ridgeview to a 1-0 halftime lead off a penalty kick to Michael Dooley which left coach Frank Pontore frustrated at halftime.

"We just were not playing our game," said Pontore, the defending Class 4A state champions. "In the second half, I told them to just play what we are best at and they did."

In that explosive second half, Ridgeview kept the game scoreless until just after the 20 minute water break before the floodgates were opened.

Fleming Island midfielder Shane McCartin started the barrage off an Andrew Kenny throw-in at 19:00. At 18:24, freshman Garrett Perkins snuck one in before Ridgeview could take a breath.

"We had them running backwards and wanted to keep the pressure on," said Pontore. "One thing about this team is that we don't let up."

At 14:55, it was Dooley putting in his second of the afternoon with McCartin smacking his second in just 23 seconds later at 13:17 to go.

The final salvo came from Blake Sutliff on a breakaway at 11:01.

For the Keystone Heights girls, the Santa Fe game was a display of coach David McCollum's teamwork up and down the lineup.

"We have just one senior this year," said McCollum. "We are emphasizing the team play and so far, it is working fine."

McCollum got three goals from Madison Colaw and two goals from Hannah Crane to build a 4-0 lead before allowing a Santa Fe goal near the end of the second half. The Santa Fe goal stirred the Lady Indians into one more goal, a penalty kick from Colaw, to close the game.

"Madison is a very quiet player and nothing phases her," said McCollum. "She and Raychel Trimble have become the quiet leaders."

Other games for the previous week included a 5-0 district 3-4A win for Orange Park over Oakleaf behind two goals from Bryce McCloskey. On Monday, Middleburg defeated Clay 6-1 with Josiah Bailes scoring three goals. Clay fell to 2-9.

On Friday, December 14, Middleburg scored an 8-0 non-district win over Ed White (2-10) with Ricky Canales, Josiah Bailes both scoring a deuce.

Fleming Island High midfielder Michael Dooley scores on a penalty kick in the Golden Eagles' 6-0 district 3-4A win over Ridgeview High Dec. 20.

"We just were not playing our game. In the second half, I told them to just play what we are best at and they did."

FIHS girls weightlifting looking toward state qualifiers in spring

Greene, Futch, Alston key players

BARTRAM TRAIL - Fleming Island High's girls weightlifting team, led by recent St Johns River Athletic Conference 199-pound champion Angelica Greene, will be hitting the weights strong over the holiday in anticipation of January's pre-state selection meets and regional qualifiers. The Lady Golden Eagles finished second to state-power Bartram Trail and ahead of Creekside in a tri-meet held at Creekside on Dec. 19.

Angel Alston is a strong, athletic newcomer to the 183 weight class and could sneak into the state meet unnoticed.

Kayla Futch is returning from an injury and lifting strong in her 119 weight group.

District qualifiers will be held Jan. 12 at Clay High and Baker County and Saturday, Jan. 26 at St. Augustine High. Lifters can qualify at either of the three meets. The state meet is scheduled for February 9 in the Kissimmee Civic Center.

"We are lifting very good right now with Angelica Greene and Kayla Futch and Angel Alston all with legitimate shots at a state meet qualifier," said Fleming Island coach Damenyum Springs, during a recent tri-meet with SJRAC champion Bartram Trail and Creekside. "Angie is ahead of her weights from last year with some pretty big personal bests, Futch is returning strong from an injury and Alston is an all-around athlete that just needs to learn more about technique and trust. When they think about those big weights over their heads, they sometimes lose focus."

Last year, Ridgeview, Clay and Keystone Heights all scored at the state meet with Ridgeview's Jordan Steinmetz winning in the 199-pound class with a 350 pound total. Greene did not score due to a no-lift on the clean and jerk.

"I'm in at 185 today and going up," said the ever-smiling Greene, who lifted a 330 total at the SJRAC meet. Greene lifted 315 at last year's district qualifier. Steinmetz will be in the unlimited class while Greene stays at 199.

Futch, injured last year, is back and competing strong in the 119 pound group with a 230 total at the SJRAC meet for second place, just 10 and 25 pounds off Bartram Trail's 1-2 finishes of 240 and 255.

"She is determined to get to the state meet," said Springs. "She is one good, powerful lift away from knocking out that Bartram Trail pair in front of her."

Alston, in the 183 pound group, took second also to a Bartram Trail lifter, but by only 20 pounds with a total of 270; 135 on both the bench press and clean and jerk.

"She could be a force," said Springs. "She's athletic and learning the techniques better each workout."

At the SJRAC meet, at 101, Paige Falconer was sixth; at 110, Krystal Shrock was third; at 119, Futch was third; at 154, Anye Goldwir was fourth; at 169, Renee Gordon was third and Jade Cobb was fourth; at 183, Alston was second; at 199, Greene won, and in the unlimited Bobbi Ford finished fourth.

Angelica Greene is a returning state meet qualifier for Fleming Island High's girls weightlifting team.

Jasmine Edwards is one of Fleming Island High's lightweight class competitors.

Against Bartram Trail, with Greene as the only Fleming Island first place finisher, Springs noted that freshmen Jade Cobb (169) and Paige Falconer (101) could make a move through districts.

"Both are strong naturally and developing good technique," said Springs. "Bobbi Ford returned from not competing last year and is a veteran of the team."

Fleming Island High's boys and girls and yet another title for Mike Pickett at St. Johns Country Day.

At Fleming Island, the girls soccer team has the formula for the Final Four, but the Lady Golden Eagles need that one little extra something to do what their boys team did and win the only darn thing.

Senior midfielder Cameron McCurry's head ball goal to secure the title for the Golden Eagles was a thing of perserverence and toughness that the entire team willed themselves to keep pushing in the 90 degree, 90 percent humidity weather.

Down the road in Lakeland, Clay High's Jason Wojcik and Ridgeview High's Jamarius Jackson were battling for state wrestling titles among the state's best. Both boys were returning to their place of defeat just a year prior, but were fueled by that memory to not let it happen two years in a row.

In February, college athletic scholarships were presented in all of our high schools with our kids going on the next level in just about every sport; football, basketball, soccer, wrestling, baseball, golf, etc.

As the year progressed, baseball and softball saw the Clay Blue Devils battle into the Final Four behind the arms of Dane Dunning and Hunter Alexander, plus big bats from Dakota Higdon and Andy Tolkien while Keystone Heights' girls softball took their game to the state semifinals off the very fast pitching of Amber Skipper. Clay gave us plenty of drama for the post season of baseball with walk-off homers being the name of their game.

One of the best stories of the spring was the emergence of Orange Park's softball girls who, led by pitcher Lexi Taylor and Chelsea Bardroff, won the right games of the year to peak at district time and region time before a would-be Cinderella season ended dramatically in the region finals.

In girls weightlifting, Ridgeview's Jordan Steinmetz quietly won a state title for the Panthers and is already looking as strong or stronger this year for a second title.

In basketball, Ridgeview's boys were the dominant team, but a game Wolfson squad dashed the Panthers state run with a one-point region win. Ridgeview had the "Three Trees" lineup of Jordan Banks, Hunter Wetherell and Kurae Burns with Burns the lone returner this season leading the Panthers into another fine season.

Oakleaf High football hired former Fleming Island coach Derek Chipoletti in March to start a new era for the Knights who wound up with a first-ever winning record and some memorable wins, includ-

ing an upset over playoff-bound Fleming Island.

Track and field saw some big performances by junior high local athletes in the prestigious Bob Hayes Invite where scoring points and putting themselves out there as future high school stars, such as Lakeside's Amari Dubose second in the 100 and Lakeside's David Detwiler winning the 800 meter race. Oakleaf coach Mike Ford's jump crew created state champion Deandre Steelman's triple jump and shotputter Shaquille Quarterman in the shotput. The duo lead the Clay County-based Sunny Runners Track Club to team state championships in Clearwater.

Of course, spring in Clay County must always include spring football as teams try to piece together the puzzle for fall success. New coaches at Oakleaf, St. Johns Country Day School and Fleming Island promised some exciting Friday nights and all delivered in big-time fashion.

We got news that former Clay High baseballer John Sgromolo got to within one pen-signing of the Big Show with the former first baseman making the Los Angeles Dodgers rookie league ball and leading off his first at bat with a dinger. Another former Blue Devil, Kyle Bird, pitched for Florida State University in their NCAA region run with Fleming Island catch Lee Howard getting some big game time.

Biggest news of the summer was the Dressel swimming siblings; Kaitlyn and Caeleb, competing at the U.S. Olympic Swim Trials.

Football came in the fall and the seasons were stories of their own with Oakleaf's 6-4 season, St. Johns Country Day School's 5-4 season, Fleming Island and Ridgeview playoff seasons and a near-miss playoff season from Keystone Heights. Middleburg and Orange Park struggled and lost head coaches Rob Justino and Danny Green, respectively. Clay had a freshman quarterback run the season and finish with a respectable record.

Volleyball in the county was a little off this year than in year's past with only Orange Park, Fleming Island and Keystone Heights reaching one game of region play. Orange Park's Kia Bright was crazy good all season at the net again, but fell victim to a broken hand at playoff time. Keystone Heights and Fleming Island both faced state powers; Trinity Catholic and Buchholz, in their region first rounders.

Right now, basketball and wrestling are in full tilt with Fleming Island's young wrestlers putting their names in the post-season hat, RHS' Jackson proclaiming a second title is imminent and Clay quietly grudging through the pre-January part of the season. Orange Park's wrestling is also rising in stature with the Raiders a step or two behind Fleming Island in two recent meets.

Jr. High sports: Green Cove Springs & Lake Asbury

By Brent Rountre
Oakleaf girls soccer coach

If you were lucky enough to see the girl's soccer game Monday, Dec. 10 against Lake Asbury then you were treated to an absolute gem. The girls faced off against an unbeaten LA team last night in a rematch of our 0-0 tie game earlier in the year. The Tigers were getting the best of us for the first 10 minutes and we gave up a soft early goal. We immediately bounced back with our attack led by Zoe Perez and Tabitha Weldon peppering their goal. We broke through with a rocket shot from Nikki Conte to tie the game at half. Early in the second half we continued to test LA's goal and earned a corner kick that Alyssa Farmer finished from close range. The game was even as Lake Asbury pushed to equalize. Despite the girls playing tough Lake Asbury was able to get the goal they needed with about five minutes left in the contest. Both Teams played extremely tough and we are ready to get another shot at them in the championship game.

Team play sneaks into Oakleaf lineup

Knights basketball team in position for district strike

By Randy Lefko
Sports Editor

ORANGE PARK - Despite two early season losses to district 3-6A front runner Leon, Oakleaf High boys basketball coach Jason Price likes what he has seen in his boys through the final week of 2012 with a 73-55 non-district win over Atlantic Coast on Dec. 20 culminating a three game win streak.

"I think the Atlantic Coast game was our best game as a team unit," said Price, now at 7-7, 3-4 in district play. "We had a team high 23 assists (11 from guard Sean Jones), 41 rebounds and some solid team play that I think puts us ahead of the curve for a young program."

Oakleaf High shotblocker Kevin Griffin Thomas, in black, goes up against Ridgeview High guard Kenny Altieri. Jan. 15 is round two of a key district clash. Panthers won round one.

Oakleaf sits in the top three of the district with Leon up front and Ridgeview, still unbeaten, but yet to face Leon, a key January 15 showdown date.

"A lot can happen over the holidays; good and bad, and we are playing a pretty rugged schedule just as the year opens," said Price, who referred to the St. Johns v Clay Invite at St. Augustine High January 3-4 which features a six-team tournament with Middleburg and Clay, then a January 5 date at the Orlando Amway Center against Ponte Vedra Nease. "The hope is to get them seasoned to be ready for the final surge of the season."

Price also noted that the Knights have won three of their last four games to end the year; wins over Nease (65-61), Atlantic Coast and Middleburg (43-35), loss to Leon (63-50, Dec. 12).

"Leon was a game we should have battled harder with, but the team responded with some pretty good play the next three games," said Price.

Tops on the list were Derian Fraga, point guard, with 23 points against Nease, Michael Gilchrist with 16 against Leon and Vincent Hill-Estep with 12 against Middleburg.

"Kevin Thomas Griffin, our 6-foot-6 center, has become a very dominant shot blocker for us," said Price. "Derian and Sean Jones have worked well to get the ball to the open man and the baskets have been falling."

One of the key targets for Price will be that January 15 game against Ridgeview with the Panthers already up a game (84-76, Dec. 7) on the Knights.

"That is one game we definitely would like to win before getting the district run of Orange Park, Leon and Middleburg to end the year," said Price.

Ridgeview 7-3, 2-0, beat a 7-2 Ed White team decisively 78-49 on Tuesday with Kyjon Jones hitting for 23, Kurae Burns scoring 18 and Jaylin Gilbert adding 14 with three three-pointers. But the Panthers fell hard to a 10-2 Palatka team 79-59 behind a slow start and having to battle back from a 47-28 halftime deficit. Burns again led the Panthers with 19 points.

In the district 3-6A lineup, Leon and Ridgeview are both unbeaten, but have not played each other with Oakleaf next and Orange Park and Middleburg finishing the lineup.

Oakleaf High's girls basketball team relies on the speed and savvy of point guard Destiny Arvinger to generate point-scoring opportunities.

Oakleaf, Fleming Island girls top contenders for districts

By Randy Lefko
Sports Editor

ORANGE PARK - Oakleaf and Fleming Island high schools girls' basketball teams will be top county contenders for district titles when play resumes in January, but the Golden Eagles must rebound from a thumping at the hands of 5A-Bartram Trail 64-53 on Dec. 19.

Fleming Island, 10-2, outscored the 11-1 Lady Bears in the second half 41-26, but it was too late to chip away from the 38-22 halftime deficit.

Fleming Island was led in scoring by Kenyia Johnson and Makenzie Harris both hitting for 13 points with Harris hitting three three-pointers.

Oakleaf, 10-2, and targeting district 3-6A leader Tallahassee Leon in January came off the week with an impressive win over Yulee, 53-39, on Friday and two district wins; one over Orange Park 40-37, the other 60-35 over Middleburg on Thursday.

Oakleaf's scoring punch comes from Destiny Arvinger who hit for eight against Yulee and center Baileigh Larson who battled for a team-high 14.

In the Clay County-strong district 3-6A, Leon is unbeaten in district play with a win over Oakleaf, Oakleaf is 11-2, 4-1, Orange Park is 5-8, 2-1 and still within striking distance but two losses to Oakleaf spell a necessary Raider win over Leon on January 12.

In district 2-7A, the Golden Eagles are on top at 11-2, 4-0 with Ed White just a hair away at 9-2, 5-1, with their lone loss to Fleming Island.

Pet Adoptions

Rosie

First one is Rosie. Rosie is a 3 month old chocolate lab mix. She is very playful and loves people and other dogs. She would do very well in a home where there are children or other pets to play with her.

Trace

Second one is Trace. Trace is a 9 month old Pointer mix. He loves people and loves to play with other dogs. Trace loves to play but he also loves to cuddle so he would be a good match for all the family members.

accident to $1 million/$1 million per person/per accident. The price difference between the lowest and highest levels of coverage is not that much, especially when you consider the protection you get for the money.

Remember, having "full coverage" in Florida does not mean you'll be protected if you're injured in an accident. The state does not require UM coverage; it mandates only bare bones coverage or "tag insurance" -- what's legally required to drive. This includes up to $10,000 of personal injury protection for medical expenses/loss of wages regardless of who's at fault, and $10,000 in property damage liability in case you damage someone else's property. These basic coverages are just not enough to protect you or your loved ones if you're in a serious accident.

While you cannot predict accidents, you can, with Uninsured Motorist insurance, protect yourself and your family when you are in a serious accident caused by someone's careless driving.

Wayne Hogan, a board certified civil trial attorney, is president of Jacksonville law firm Terrell-Hogan.

REVIEW:

International flair on Wells Road

By Sarah Wakefield
Staff Writer

STAFF PHOTO BY SARAH WAKEFIELD
The shelves at Rowe's supermarket offer an array of multi-cultural flavors.

ORANGE PARK – A new supermarket on Wells Road is bringing the world to Clay County.

One stroll down the aisles of Rowe's IGA Supermarket and your senses come alive from the brightly colored product labels representing diverse cultures, foreign countries and pulsing palettes. It's a perfect shopping place for residents who have lived or often travel outside the U.S. or are looking to broaden their lineup of home-cooked meals.

Colas, non-alcoholic beverages and nectars from around the globe are paired with the ethnic foods filling Rowe's shelves. After a point, you feel like you are shopping in another land.

Purchasing rice and ingredients to prepare a dish fondly remembered from a recent trip to Japan or Jamaica would be no problem at this supermarket.

When the store opened in late August, owner Rob Rowe said he wanted to target Clay County's diverse population. According to the 2010 U.S. Census, 9.6 percent of Clay County residents speak a non-English language at home. With six percent of Clay residents having been born in another country, Rowe's is offering shoppers a chance for adventure.

Clay Today staff sampled ten carbonated kolas, nectars, and juices from Rowe's at room temperature and over ice. We chose unfamiliar beverages, focusing on drinks either bottled outside the U.S. or brewed with exotic flavors. For our palettes that grew up drinking Coca-Cola and Pepsi, sodas from Colombia, El Salvador, Mexico, and Trinidad and Tobago proved a challenge.

A very popular non-alcoholic potion is DG Genuine Jamaican Ginger Beer. Made in Kingston, Jamaica, the aromatic peppery scent tickled the nose. The first sip delivered a gingery punch of flavor and finished with a spicy kick. Even ice did not cut or dilute the deliciously strong ginger flavor. The more we drank, the more we liked it. This triple filtered brew has 225 calories per bottle, but is worth each drop.

Bottled in Brooklyn, N.Y. using its native Costa Rican recipe, Refrescos Country Club UVA Grape Soda is a great choice to split on a picnic or with the children in your life. With 48 grams of sugar, this bubbly beverage is easy to sip. The sweet pungent smell of grape floats about the room when cracking open the grape soda. This drink is like cool aid with a little bit of carbonation. The recipe is not too thick, but is made with high fructose corn syrup instead of cane sugar like many of the foreign drinks our staff sampled. Its clear glass bottle reminded staff of traditional bottled Coca-Cola.

One drink made with real cane sugar instead of high fructose corn syrup is Hansen's Natural Cane Soda, which hails out of Corona, Calif., but caters to palettes more accustomed to Refrescos. Its silver aluminum can is decorated with oranges and limes and has a taste reminiscent of Sprite, but not as sweet. Clear in color, this delicious beverage is light, not syrupy sweet and probably the best bang for the caloric buck. With 150 calories and 39 grams of sugar, it was rather drinkable.

Another colorful bottle that pops off the shelf to greet shoppers is called Colombiana. At first glance, it gave the impression that it would taste similar to American Cream Soda, however, one sip and the Clay Today staff realized that was not the case.

Bottled in the heart of Medellín, Colombia, Colombiana is a brand steeped in a rich history dating back to 1904. One website describes it as "unique to Colombia and is the cream soda champagne of colas everywhere" proving we were not too far off on our first guess.

One thing our taste test proved is that Rowe's is truly bringing international flavors to Orange Park.

LEGAL NOTICE

The St. Johns River Water Management District (District) gives notice of receipt of the following permit application(s):
Standard General and Standard ERP Permit Applications
Town of Orange Park, City Hall, 700 Ash St, Orange Park, FL 32073, application #40-019-17119-6. The project is located in Clay County, Section: 41, Township: 4 South, Range: 26 East, and includes 0.47 acres. The Environmental Resource Permit application is for the construction of a surface water management system to serve a development known as Anna Avenue. The receiving waterbody is St. Johns River.
The file(s) containing the permit application(s) are available for inspection Monday through Friday, except for District holidays, 8 a.m. to 5 p.m. at the District's Headquarters, 4049 Reid St., Palatka, FL 32177-2529. You may also view files at one of the District's Service Centers, but you should call Service Center staff in advance to make sure that the files are at a specific Service Center. Service Center contact information is available online at floridaswater.com/contactus/offices.html. Additionally, most permit application file documents can be viewed online at floridaswater.com/permitting/index.html. To obtain information on how to find and view permit application file documents, go to the HELP tab in E-Permitting and click on Support and FAQs and then follow the directions provided under "How to find a Technical Staff Report (TSR) or other application file documents." The decision on Standard General and Standard permit applications will be made at the District's Service Center where the application is processed, unless the application is upgraded to an Individual permit as explained below. A substantial objection to a Standard General or Standard permit application must be made in writing and filed with (received by) the Director, Bureau of Regulatory Support, P.O. Box 1429, Palatka, FL 32178-1429, or by e-mail at applicationsupport@sjrwmd.com, within 14 days of notification of the application. Please include either the Permit Application number or the Project Name in the objection. Notification of the application is either the fifth day after the date on which the written notice is deposited in the U.S. mail (for those persons who receive actual notice by U.S. mail), the day the notice is emailed (for those persons who receive actual notice by email), or the date the notice is published in the newspaper (if actual notice is not provided by U.S. mail or email). A "substantial objection" means a written statement directed to the District that identifies the objector, concerns hydrologic or environmental impacts of the proposed activity, and relates to applicable rule criteria. A timely substantial objection will cause the Standard General or Standard permit application to be considered an application for an Individual permit. If the District receives a timely substantial objection from you, then you will receive written notice of the District's intended decision on the permit application.
Please note that decisions on Individual permit applications will be made either by the District's Executive Director or designee (for those applications which are recommended for approval) or by the District's Governing Board (for those applications which are recommended for denial). For Individual permit applications, you are advised to notify the District within 14 days of notification of the application(s) if you have questions, objections, comments, or information regarding the activity proposed in the permit application. If you make a written request to the District for additional information regarding a specific permit application, you will be provided an opportunity to obtain the available information. Please note that filing a written objection does not entitle you to a Chapter 120, Florida Statutes, administrative hearing.
Notice of intended (proposed) District Decision will be provided to persons who have requested individual notice. A request for individual notice of intended (proposed) District Decision on the application must be received by the District's Director, Bureau of Regulatory Support prior to the date the notice of intended (proposed) District Decision is generated.
