## BCC holds the line on millage rate

By Wesley LeBlanc  
Staff Writer

GREEN COVE SPRINGS – The Clay County millage rate for fiscal year 2018-19 will remain the same rate as the current budget year that ends Sept. 30.

At the Sept. 25 Board of County Commissioners meeting, the BCC approved the final millage rate of 8.101 after a 5-0 vote. While this means that no homeowners will see increased or decreased taxes for this upcoming fiscal year as a result of the millage rate, homeowners could still see changes in their property taxes. If they do, though, that will be because of changes in their property value.

“The millage rate is effectively the same,” said Clay County Auditor Mike Price. “The property values for most people went up though so more money will be brought in because of that.”

Millage rates are complex and can be parsed out by governments to show exactly where funds go. For example, 8.101 is the County Services, Unincorporated Services Fund, Law Enforcement Fund, Fire Control Fund and Lake Asbury special taxing district mills added up. There is an additional 3 mills that could be added as a result of the Challenger Roadway special taxing district, bringing the total millage rate to 11.101, but only a handful of people will be affected by this, so, according to Price, 99.9 percent of Clay County property owners will see a millage

GREEN COVE SPRINGS – A Bradford County woman not only cut her daily commute in half but changed her life dramatically after becoming the newest resident of Green Cove Springs.

For over 15 years, Cathy Davy commuted from the trailer she rented in Starke to her job in Orange Park. The trip was 45 minutes there and 45 minutes back. Now, after putting in over 300 hours sweating over paint brushes and power tools, her commute will take less than half as long after connecting with Clay County Habitat for Humanity.

“I’m just so excited for this, for all of this,” Davy said. “I’m at a loss for words.”

While the house at 1507 North St. in Green Cove Springs has been there for some time, it didn’t become a home until Sept. 21, when Habitat officials dedicated the house in Davy’s honor. Davy received the key to open the doors to her new home and new life. Alongside Davy was her daughter, A’shaureah Bass, 15, as well as several of Davy’s family members from the Starke area like her sister, her brother, her son and even her niece.

## School district to update medicine administration policy

Change to include medical marijuana

By Wesley LeBlanc  
Staff Writer

GREEN COVE SPRINGS – The Clay County School District is preparing to update its policy governing how medicine is administered to students to including medical marijuana.

The policy change is one of many requirements governing bodies, such as county commissions and city council were forced to pass as part of the Legislature’s bill governing medical marijuana, which was approved by Florida voters in 2016.

After months of review and legal research, the school district drafted a policy it will consider approving at the Oct. 4 meeting.

Board members discussed the policy Tuesday morning at the superintendent’s monthly agenda-setting workshop held in Green Cove Springs at district offices.

As drafted, the policy requires medical marijuana – should a student be approved for the drug – be dispensed in either an oil, a patch or an edible.

“In 2017, we were asked to revise our policy,” said Clay County School District Superintendent Addison Davis. “[Clay County School Board Attorney David D’Agata] and staff has worked with a number of school districts throughout the state to make sure we have a

# Fleming Island student keeps drumming

By Joshua Torres  
For Clay Today

FLEMING ISLAND – When most kids come into their parents' room to tell them they want to play an instrument they may get a little excited, but some will probably wonder if their child will even stick with it. But when that same child says he want to play drums, then the parents might get a little concerned with how loud their house is about to become.

Carson Frank's parents responded with a mix of joy and uncertainty as this was something they had never gone through.

"We've kinda learned along the way as he's gone through but it's been fun," said Richard Frank, Carson's father.

The Fleming Island High School senior has recently been selected to be on the All American Drum Line for Drumlines of America. Drumlines of America collects audition tapes from people all across the country for the All American Drum Line.

He also was accepted to be a Drum Corps International member of the Louisiana Stars and spent the past summer practicing and performing.

But his list of accomplishments does not stop there. He has recently been accepted as a member of the Macy's Great American Marching Band. So, Clay County viewers will have the chance to see Carson as he marches with the rest of the band

as part of the Macy's Thanksgiving Day Parade this year.

Mara Rose, the director of bands for Fleming Island High, said she believes it's so great to see Carson do so much with his talent.

"We work hard to motivate students to achieve their goals," said Rose. "Seeing that happen is truly fulfilling."

Carson said he practices drumming every single day.

"It's kinda become one of the things that I revolve my life around," said Carson. "I pretty much think about it all the time."

He said that he practices drumming anywhere between 1-3 hours a day but if he has the chance he spends the entire day practicing.

It wasn't all about drumming when he first started performing music. His first venture into music was when he started playing piano at a young age. He first joined his junior high band and played the alto saxophone. But Carson said that the moment he saw the drum corps he knew that is where he wanted to be.

All of this practicing and love for drumline shows. His list of accomplishments and awards since 2013 is probably longer than what most of have accomplished by the time that we reach 40-years-old.

But Carson is not stopping anytime soon as he hopes to be accepted as a mem-

ber of the Boston Crusaders, the third oldest junior drum and bugle corps in the U.S., as well as Music City Drum and Bugle Corps in Nashville, Tenn. He also hopes to be accepted as a member of the Army All American Marching Band.

Carson is planning to attend college after he graduates but has not decided on where. He has already been accepted to the University of North Florida and the

University of Central Florida.

But even in applying to colleges he still finds a way to bring drum corps into the picture.

"I learned about the long days in the hot sun practicing, pushing my mind and body beyond what I ever thought I could," said Carson, on his college application essay. "I discovered the joy in succeeding in a task with others."

# New homes coming to Green Cove Springs

By Nick Blank  
Staff Writer

GREEN COVE SPRINGS – A new 11-home development is one step closer to getting off the ground after Green Cove Springs City Council approved a rezoning for the property Tuesday night.

Fleming Island-based developer Raelynn Homes presented a plan for 11 homes, "Cottages by the Cove," with a minimum size of 1,200 square foot houses on 5,000 square foot lots. City planners said the number of houses in the plans may change after accounting for other factors such as stormwater.

The property at 915 Bay St. is bordered by Tucker Street to the east, Cove Street to south and the CSX railway line to the west near the Green Cove Springs Police Department building.

The plans were passed unanimously by the city's Planning and Zoning Commission in August. Adding homes valued around \$150,000 is what the city needs more of, added Council Member Steven Kelley, citing personal experience.

"I do support a project like this because I was recently trying to buy a home in the same price range," Kelley said. "It was really difficult."

Resident Karen Kenney said she had a petition with 150 resident signatures opposing the plan. She also voiced concerns with the rezoning and adding a large amount of people to a condensed area would complicate parking.

"Nobody likes the idea of this," Kenney said.

Council Member Mitch Timberlake said the homes were necessary to deal with the city's future growth projections. Timber-

lake and council member Van Royal agreed the city's lack of affordable housing was an issue that can only be eased by more development of smaller homes.

"There is not a question that Clay County, and by inference Green Cove, have a huge shortage of workforce homes," Timberlake said. "If you move to Green Cove and you have \$300,000-\$400,000 to buy a house, it's pretty easy."

Kenney, who said she had attended government meetings in the city for 60 years, argued the expansion would lead to Green Cove Springs losing its current feel.

"That area was an honest area. A community. Green Cove Springs isn't subdivisions. We're neighborhood," Kenney said. "We know the grandkids. We know the names of the dogs and cats."

Council members then unanimously voted to amend the Future Land Use Map

and the zoning of the property to accommodate residential medium density. Council members will hear the proposal again for a second and final reading Oct. 2.

Green Cove Springs also said goodbye to City Manager Danielle Judd. She will remain as a special advisor for the next couple of weeks as she assists incoming City Manager Steve Kennedy.

The city council, County Manager Stephanie Kopelousos, Keystone Heights City Manager Scott Kornegay and several audience members wished the best for Judd, who has served as Green Cove Springs city manager since 2011. She thanked staff and council members.

"I have a lot of good memories from what's happened here," Judd said. "I believe the city is going to move forward and be in a better place."

## Target, Walmart file rule challenge for 'whiskey and Wheaties'

By Jim Rosica  
FloridaPolitics.com

Target and Walmart are heading to court to get an administrative law judge to give them what Gov. Rick Scott wouldn't: The ability to sell whiskey and Wheaties in the same store.

The big-box retailers late Monday filed an administrative challenge against the state's Division of Alcoholic Beverages and Tobacco.

Jim Rosica

At issue: The state's obscure, 24-year-old "Restaurant Rule," which restricts eateries and other businesses that have 'consumption on premises' liquor licenses from selling anything other than items "customarily sold in a restaurant." The plaintiffs say the rule is "not supported by logic or necessary facts."

For over eight decades, Florida law – enacted after Prohibition – has required retailers to sell hard liquor in a separate store, though beer and wine can be sold in grocery aisles.

The current end game is that retailers selling ready-to-eat food, such as Costco, would be able to use consumption on premises licenses normally granted to restaurants to avoid the prohibition on selling booze in the same space as other goods.

(Costco isn't involved in the current case but has also been fighting the battle. One of its Florida stores was denied a consumption on premises license earlier this year.)

Bills have been filed since 2014 to remove the wall of separation between hard liquor and other items. Last year, legislation barely passed both chambers only to get vetoed by Scott, who said it'd be a job killer for small businesses, many of whom would likely be overwhelmed by big-box stores' superior selling power.

Attorneys for the GrayRobinson law firm, which has represented Costco in Florida, filed the petition challenging the Restaurant Rule on behalf of Target and Walmart, each of which "operate(s) numerous locations in the state of Florida that are licensed as restaurants."

"In effect, the Rule forecloses (them) from obtaining a consumption on premises license," the petition says.

## I just want to be cremated

By Craig R. Seaton

"I don't want anybody staring down at me lying in a coffin! Dust to dust ashes to ashes, that's my philosophy. Send me flowers while I'm living I've always said. When my time comes I just want to be cremated."

That's good. At least you've made that important decision so your loved ones don't have to decide it for you.

Cremation is gaining popularity and people are choosing this method for disposition of their remains more than any time in recent history. The reasons vary from person to person, but lower cost seems to be one of the biggest factors driving this trend.

Craig Seaton

Another reason is that it simplifies, or at least seems to simplify, the order of events when a death occurs.

Cremation sounds easy, clean and worry-free.

While this sounds plausible it's not entirely true. Here are some points to consider when choosing cremation for a family member who has recently died, or even for your own choice in the future, a prearrangement. Like most things in life, being informed and educated about cremation and other end-of-life details helps to make the process a bit easier.

First, be sure of your motivation.

Selecting cremation simply because it's less expensive may not be the wisest choice. Yes, we should only spend money on things for which we find value; but when talking about the disposition

of something as precious and emotionally-complex as the physical body which carried our loved one's soul (spirit, life force, essence) for their whole life, we'd do well to think it through.

Second, be sure you know what cremation entails.

What happens during the actual cremation process is sometimes a tough emotional pill to swallow. Imagining your loved one's body during the cremation itself can be very taxing on your thoughts both now and in the future, especially given the range of emotions which accompany the loss of someone close to you.

Granted, some would say the same about picturing what happens to someone buried in a casket. Either way it's important you're at peace with your decision. It's rarely beneficial to delve too deeply into what actually happens to the remains (during cremation or traditional burial), but cremation is an irreversible process, so be certain this is what you want.

Thirdly, just because cremation is chosen as the final disposition of the remains doesn't preclude you and your family from setting aside some time to celebrate the life and acknowledge the death of your loved one.

Yes, death is a sad affair and the process is natural and unavoidable, but that doesn't mean that we should just go on living our lives as if nothing happened. For most people, significant life events are worth stopping our routines for a short time and doing something special.

Birthdays, weddings, anniversaries, promotions, graduations and the like all carry with them a sense of the need to recognize what has happened or what has been accomplished by having some type of ceremony to mark the event.

JACKSONVILLE — A former Clay County high school teacher and military recruiter is accused of possessing and sending child pornography to an officer who posed as a minor, according to a criminal complaint filed by the U.S. Attorney's Office.

Using the screen name "Mr. Fireball," Christopher Shawn Potter, 49, of Jacksonville, believed he was messaging a 14-year-old girl in Putnam County, the federal affidavit said.

According to investigators, Potter sent a 14-second video depicting a sexual act

between a minor and an older man to undercover officers Feb. 10 via Kik, an instant video messaging platform. Potter also discussed sex and sent a minute-long video where he pleased himself to the undercover officer.

The report said Potter stated he saved the video and sent it. He also had another image of a nude minor on his phone at the time of arrest. Potter taught at Orange Park High School from 1997-2004 and Clay High School in 2016-2017, the U.S. Attorney's Office said. He was a recruiter for the U.S. Navy from 2010-2016 and a member of the reserves.

Authorities conducted a search warrant of Potter's Jacksonville home Sept. 20 and examined his devices via a remote internet connection. The report said law enforcement officers with Orange Park Police Department and the Putnam County Sheriff's Office assisted with the arrest.

## Cremated

There is something innately human about ceremony and marking the life and death of someone we love should be no different.

Funerals, memorial services, wakes, even gatherings at a restaurant, a religious location or other special place, carry with them the corporate sense that remembering this particular life is worth temporarily rearranging our hectic schedules.

So, when cremation is your choice,

consider these things and be sure you are choosing rightly for your loved one (or even for yourself in the future).

If you can answer "yes" to two questions, you've most likely made a good choice: "Did I do the right thing?" and, "Did I do what they would've wanted?"

Not only will a well-thought decision help with the long process of healing...

...your head will rest easier on the pillow tonight.

# \$11.7 million surgery center set for December opening

By Nick Blank  
Staff Writer

FLEMING ISLAND – Baptist Health’s new Fleming Island surgery center is nearing completion.

The 17,000-square-foot surgery center will include large operating suites on Baptist’s Fleming Island campus. According to a Baptist Health release, the center will cost \$11.7 million.

The surgery center is an expansion of Baptist Health’s presence in Clay County. Baptist Clay Medical Campus, which opened in 2013, cost an estimated \$39 million.

Darin Roark, Baptist Health vice president of ambulatory campuses and system emergency services, said Baptist Health had its eye on opening the first week of December. Construction began in March.

“We’ll probably add at least 30 health care jobs in Clay County,” Roark said. “That’s 30 fewer people who have to work outside of the county.”

Baptist Health has previously applied to build a hospital in Clay County but has been prohibited by the state’s certificate of need law, which prevents adding hospital beds depending on the population. The state shot down a proposed \$80 million 100-bed hospital in 2015.

PROVIDED BY BAPTIST HEALTH

When completed, the Baptist Health Surgery Center on Fleming Island will look like this rendering.

The Baptist Clay Medical Campus currently has emergency care, an imaging center, a laboratory and specialty services. It also houses other medical partners, including Wolfson Children’s Hospital pediatricians.

Roark said increasing Baptist’s outpatient services was the next logical step.

Roark said the surgery center would accommodate the outpatient needs of Clay County residents.

“Our next step, while we wait to add hospital beds to the campus, is to add outpatient surgery to meet the demands of Clay County residents who wish to be able to remain in Clay County when they have

surgery,” Roark said.

The center will contain two 600-square-foot surgical rooms and a procedural room for minor surgeries such as endoscopies and colonoscopies.

It will also have nine patient rooms and an advanced sterilization center for patient well-being.

## STUDENT SPOTLIGHT

## SJR State, Katie Tucker

By Aaron Knowles, Ph.D.

ORANGE PARK – Katie Tucker understands the power of perseverance and the true meaning of the phrase, “Slow and steady wins the race.”

After graduating from Ridgeview High School in 2005, Tucker, now 31, first began her collegiate journey at St. Johns River State College in 2008. While working full-time as a cosmetologist and only taking classes she could afford, Tucker took five years to complete her A.A. degree. However, she didn’t let the slow pace of her academic journey stop her from continuing to put one foot in front of the other.

Once she was awarded the federal Pell Grant, Tucker became a full-time student at SJR State in 2010. Although she continued working full-time as a cosmetologist, it wasn’t her dream job.

In 2017, Tucker decided to set her sights set on a career in human resources and enrolled in SJR State’s Bachelor of Applied Science in Organizational Management program. She is currently in her fourth semester, taking three classes and working full-time at Chick-fil-A.

Katie Tucker is St. Johns River State College’s Student Spotlight for September.

With classes covered by her Pell Grant and paying for what she can personally afford, Tucker will have completed both her A.A. and BAS degrees without having acquired any long-term debt.

Excited about what lies ahead and grateful for the support from her professors, employer, family and friends, Tucker is thrilled about her future and proud to call herself an SJR State Viking.

## Navy receives validated drinking water test results

JACKSONVILLE – Validated drinking water test results for 19 off-station wells sampled indicate all are below the U.S. Environmental Protection Agency Lifetime Health Advisory of 70 parts per trillion for per- and poly-fluoroalkyl substances, or PFAS. All property owners have been notified of the validated results. No more testing is planned.

The Navy voluntarily tested 19 private drinking water wells within identified areas around Naval Air Station Jacksonville in August to ensure water supplies are not impacted by past Navy use of chemicals aboard the air station. This is part of Navy’s ongoing testing of drinking water currently taking place at and near U.S. Navy installations.

PFAS are man-made chemicals persistent in the environment that are not absorbed well in soil and could migrate to groundwater. PFAS have been used to make products that resist heat, stains, grease and water, including nonstick pans; water resistant textiles and water resistant sprays.

In May 2016, the EPA issued LHA

levels for perfluorooctane sulfonate and perfluorooctanoic acid, at 70 PPT, individually and combined if both are present. The EPA established these LHA levels to offer a margin of protection from potential adverse health effects from exposure to PFOA and PFOS in water.

The most common historical Navy use of these chemicals is firefighting foam. AFFF is the most effective way to put out petroleum-based fires, such as an aircraft accident.

In June 2016, the Navy issued a policy to identify areas of potential environmental release of the materials. As part of this policy, the Navy tested for PFOS and PFOA in and around NASJax.

On station, drinking water is produced by NAS Jacksonville’s Public Works Utilities Division and is supplemented by JEA. Both systems have previously tested for PFAS, which were below the detection level.

More info on the drinking water testing program may be found at: [https://www.cnic.navy.mil/regions/cnrse/installations/nas\\_jacksonville.html](https://www.cnic.navy.mil/regions/cnrse/installations/nas_jacksonville.html).

## Millage

from page 1

rate of 8.101.

Price said the BCC is expecting \$83.54 million to come in from the 2018-19 millage rate of 8.101. While this is an increase of roughly \$5.6 million that will be used to fund increases in public safety and health-care among other things, 8.101 is still not enough to completely cover police and fire and rescue. Price said the bare-bone cost of police and fire and rescue is \$83.7 million, but when you toss in other costs, the taxpayer might not think about, such as the cost to ensure buildings are built to code, the number rises to over \$100 million.

“Even with increased property values

Mike Cella

that will bring in more money, it’s still not enough to cover the cost,” Price said.

Commissioner Mike Cella touched on this aspect before voting to approve the millage rate, and explained that the BCC will have to take money from other places to pay for public safety services.

“The bottom line is that even though the ad valorem property tax will increase...it is still not enough to pay for both the sheriff’s department and fire and rescue so those essential services in our community...are still not covered by our property taxes,” Cella said. “We have to take money from other areas to pay for this service.”

Cella said that even with an increase in the property tax – as a result of the increased property values and not because of the millage rate – the BCC has worked hard to keep costs lower in other areas such as doing a lot more with a lot less staff.

The rest of the BCC echoed Cella’s thoughts before voting to approve the millage rate. To put the numbers into context, last year, the certified taxable value of

homeowner property in Clay County was \$9,929,585,600 and the millage rate was 8.101. This year, the certified taxable value is \$10,642,384,756. Despite the millage rate remaining the same at 8.101, that 7.18 percent increase in taxable value will bring in more money for the county.

For a homeowner’s property valued at \$150,000, the property tax for fiscal year 2018-19 will be \$1,212.15. This number continues to rise by roughly \$400 for each \$50,000 increase in property value. For example, a property valued at \$200,000 will see a tax of \$1,620 and a \$250,000 property will see a tax of \$2,025 and so on.

“This will come out as a tax increase at the end of the day,” said Commissioner Wayne Bolla. “The millage rate that we paid last year will be the same that we pay this year and the increase will come from the increase in your property values that happen because Clay County is a better place to live in.”

The next BCC meeting is Oct. 9.

# Stormwater fee closer to coming to life

By Nick Blank  
Staff Writer

GREEN COVE SPRINGS – City officials say a stormwater user fee to fund millions in stormwater projects is likely coming next year, though a few processes must be completed before implementation.

Projects in the five-year capital improvement plan call for about \$500,000 for both the Clay Street storm basin and improvements to Magnolia Avenue. Assistant City Manager Mike Null said the estimated \$850,000 for West Street and \$750,000 for Julia Street were important repairs, though he expected 75 percent of those projects to be funded by grants.

"There's still millions and millions of dollars in stormwater projects that need to be completed within the foreseeable future," Null said. Robert Walpole of CHW Professional Consultants, told council members an Equivalent Stormwater Unit was set at 2,400 square feet. He said the rate should be set by dividing the amount of impervious area in the tax parcel by the 2,400 square feet.

Levying a fee on every city parcel appears like an enormous sum of money, but Walpole said he expects about half of all parcels to qualify for mitigation credit by having modern stormwater infrastructure. New development and redevelopment can also qualify for the credit.

Agricultural and vacant land would be considered exempt and residential units would only be classified as one ESU. Walpole said Magnolia Park would be exempt from the fee, but there was a caveat.

"...Provided they don't discharge into any city systems, they still maintain their own systems and stay in good standing with the [St. Johns River Water Management District] permits, then they could be exempt from this," Walpole said.

To determine the numbers of ESUs per parcel, council members directed staff to contract out the mapping of each parcel. Walpole said the process is tedious, but only has to be done once.

"Everything is based on impervious area. The Clay County Property Appraiser does not maintain impervious area for commercial, school, government or property," Walpole said. "So, we have to look at how we're going to collect all of this data."

Walpole estimated the city collecting fees from about 4,500 parcels and recommended the city set the fee at \$167 per ESU to reach the \$750,000 per year needed for stormwater projects.

Outgoing City Manager Danielle Judd said the city ought to know the total impervious area first before setting the fee amount.

"We need to know that from going through all the analysis that needs to be done," she said.

Council Member Mitch Timberlake said the city needed to send a notice to every homeowner and businesses about credits.

"I really prefer us getting in front of it and letting people know what our methodology is going to be and making sure we got the numbers right," Timberlake said.

# Former Chamber building has new owner, new mission

By Nick Blank  
Staff Writer

ORANGE PARK – The former home of the Clay County Chamber of Commerce has new ownership and is getting a reboot.

The tan hipped-roof building at 1734 Kingsley Ave. has been renovated by its new owners Jacksonville-based Bold City who is renting offices. He has already established a co-working space on the second floor of the building, which also has a

This aerial shot shows the faint smudge left behind by the letters spelling out Clay County Chamber of Commerce at 1734 Kingsley Ave. The photo at left shows the renovated lobby area and doorway to right for the conference room that can be shared by co-working tenants.

“We kept the traditional brown, and the placard from when the building was donated,” Horvath said. “We’d paid homage to that.”

The upstairs is more modern, which Horvath said will operate as a shared co-op space with utilities and furnishings for businesses that don’t need a full-time office.

“For the upstairs, we completely renovated the entire thing,” Horvath said. “We at Bold City are hoping to attract small and growing businesses from within the community.”

Clay Chamber of Commerce President Tresa Calfee said she was pleased the new ownership was able to put a different spin on the building while maintaining some of the older features.

“Back in the 1980s, a lot of the chamber buildings in Florida were similar to that one,” Calfee said. “There was a lot of heart and soul put into that building. A lot of people in the community gave to make it happen.”

The chamber moved to Fleming Island in December 2017. Calfee cited the need for the chamber to be centrally-located in the county and closer to Green Cove Springs, Penney Farms and Keystone Heights.

“The [chamber] board of directors thought moving to Fleming Island was an excellent choice and we are thrilled to be here,” Calfee said. “[The old building] served a purpose for the last 30 years, but it’s changed now with the First Coast Expressway coming through and our busi-

nesses migrating. Fifteen years ago, Fleming Island was not what it is today.”

The property had also been the former home of the Clay County Development Authority, which was an equal partner in the building’s ownership. For years, it was home to economic development deals that helped shape the future of the Clay County workforce.

But, the property on Kingsley Avenue has a legacy that came with the larger tract’s past. It’s often referred to as “The Monkey Farm.”

Bold City Commercial managing partner Tim Horvath said the company put about \$87,000 into renovations in addition to its \$550,000 sale price, according to the Clay County Property Appraiser. Original blueprints of the building, built in 1987, are encased on the first floor walls with a plaque commemorating the building’s donors.

# Inaugural student advisory council empaneled

By Wesley LeBlanc  
Staff Writer

FLEMING ISLAND – After a rigorous application process that narrowed some 65 student applications down to 16, the Superintendent’s Student Advisory Council met for the first time Monday night and already, these students are brainstorming ways to improve the Clay County School District.

Earlier this year in May, Superintendent Addison Davis opened up applications for students who wished to be on this council whose purpose was to give Davis and the school district a new perspective on Clay County’s education system. After combing through over 65 applications, and interviewing another 35 in person, the council has met for the first time on Sept.

A serious tone filled the Teacher Training Center at Fleming Island High Sept. 24 as Superintendent Addison Davis challenged the school district’s first-ever student advisory council to examine ways they believe can elevate the school district to no. 1 in Florida.

Superintendent Addison Davis, left, discusses issues facing the school district with Keystone Heights Jr.-Sr. High student Sloan Lybarger, one of 16 members of the new Student Advisory Council.

24. Before jumping into an icebreaker for the students, Davis explained to the students what he hopes comes of this inaugural council.

“The real responsibility of this is really for us [administration] to have a greater access to communication and interaction with students,” Davis said. “Let me be honest: I’m leveraging your knowledge, your skillset and your ears to become the best school district in the State of Florida.

If the first meeting is any indication, the Student Advisory Council will serve to provide a perspective that Davis, the ad-

ministration and the school board don’t usually to get to hear from students. This perspective, or lack thereof, is something Davis identified, and as a result, created the council to fill that gap.

“It’s very easy for me as Superintendent to sit on the sidelines and I can work with adults and I can work with parents and I can work with school-based leaders, teachers, district-based leaders to truly figure out what’s working, what’s not and what we can do differently but what’s more important is being actively engaged with

learners, what your experience is...and your worth and your knowledge is priceless," Davis said.

After a quick icebreaker, students explained to Davis what they hope to see come of this council, and for the most part, their vision aligned perfectly with his. Both parties want to see the Clay County School District become the best it can be.

"We are the voice of students in Clay County and I think we have to come together to represent those who might not be heard," said Michaela LaSauce, a 10th grader at Middleburg High. "We have to work together to make the district better for them and for everyone. We can make the school district the best it's ever been."

More specifically, the council wants to tackle issues such as bullying, case-specific discipline, miscommunication. According to Davis, the council has a real opportunity to affect change across the county, both from an in-school viewpoint and a school board policy stance. Its members come from different backgrounds and range from seventh through 12th grades.

"Once we get to a point where we start to prioritize what this council really wants to be their major areas of focus, what we'll do is start unpeeling that onion and figure out if it's change we can grasp at the school-level or if it needs to go through the school board," Davis said.

"My aspiration, as we get this cohort moving in the direction to better the experience for all of the kids, is that we get to a point where we'll have quarterly updates for the school board. If it gets to the point where we have to push and change the way we think with district policy, or initiatives, or our ways of work, then I will immediately engage all leaders and the school board to talk about how we can involve the practice with the lens of this council to really make a change and act in the best interest of our learners," Davis said.

At the next meeting, willing seniors and juniors of the council will have to present their case for why they should serve as the council chair and vice-chair respectively. These two students will be the ones responsible for talking directly with school district leaders and school board members.

Students were forced out of their com-

fort zones and held open discussions on such topics as teacher-student relationships, school culture-climate, communication-messaging, district policy and student engagement and motivation. They moved around the room and covered six different posters with sticky notes filled with ideas and issues that will be discussed further as a means of finding solutions.

"I see a lack of motivation in other students and I think that together we can come up with ways to annihilate that," said Kaley Colter, an eighth grader at Lake Asbury Junior High. "Different people need different kinds of engagement and motivation."

According to Davis, this first meeting served as a way to discover what areas of interest in Clay County education the council could tackle on an individual basis.

By the end of the hour-long meeting, one thing was clear: despite their youth, these students were wise in their thinking. Not only do they want to help Clay County rise to the top, but there was a feeling of duty in the room. It seemed as if each student had taken up a call of duty to service not only themselves, but the thousands of students they represent.

According to Davis, these students might be the final push the Clay County School District needs to overcome St. Johns as the No. 1 school district in Florida. Until the October meeting, the council will continue the meeting's discussion in a shared Google doc where they'll not only share ideas and concepts with each other and Davis, but plan for their next meeting agenda.

EverBank – were the helping hands behind the home. A representative from TIAA Bank attended the dedication alongside two Jacksonville Roar cheerleaders and Jaxson de Ville, the famed Jaguars mascot. Davy and her daughter hugged the eccentric mascot after he handed her two tickets to an upcoming Jaguars game.

This dedication was not only a historic moment for the Davy family, but, like every home dedication, a big day for Clay County Habitat for Humanity Executive Director Carolyn Edwards as well. The Davy house marks milestones for the organization and the city.

"We are just absolutely delighted to celebrate this day," Edwards said. "It's another home built in this great city and the 105th of 165. We've already got another five or six homes coming into [Green Cove Springs] too. We're always looking for the next homebuyer and this city is a perfect fit for our mission."

While these homes might seem like acts of charity, they're actually houses the homeowner must purchase like any other homebuyer. They pay a mortgage payment each month and if they default, they lose the house. Edwards said their clients are given months of financial preparation for this shift from, in

Davy's case, renting to owning. Each client must have a credit score in the low 600s at least, which Habitat for Humanity helps make happen.

Families must bring in at least \$2,200 a month and if they have bankruptcy on their record, it must have been discharged within the past three years. Program rules also prevent clients from having a felony conviction on their record within the past seven years and they must put in at least 300 hours of volunteer work into the organization.

Often, this volunteer work is completed on the house that the volunteer will one day own. Davy was not alone in volunteering, though. Her daughter and many other Habitat for Humanity volunteers lent a helping hand as well. One volunteer didn't even know "Mrs. Davy's" first name because he, and everyone else, always called her mom because she always had children around – she also treated everyone involved like her own.

Bass said she used tools she had never touched before and completed tasks she never thought she would at this age, such as installing windows. Despite the hard work building a home takes, she wouldn't trade in a second of it for free time.

"I learned so much from all of this and a lot of it was actually very interesting," Bass said. "I wouldn't trade this for anything. It's a dream come true for me, for my mom, for us."

# 3 Big Gulps for kids

By Nick Blank  
Staff Writer

ORANGE PARK – Clay County law enforcement and customers packed Urban Bean Coffee Café to the brim Friday morning for the release of “Sheriff’s Blend” coffee.

The proceeds of the coffee go to the Clay Police Athletic League.

Keith Smith is the Clay County Sheriff’s Office public information officer and executive director of the Clay Police Athletic League program that provides kids football, cheer, baseball and basketball for kids. He said the program was always looking for new ideas and initiatives and the coffee will add to its coffers. “The root of all that is funding and money,” Smith said. “By doing this, not only do we have Sheriff Daniels’ full support, but we’re looking for avenues to get financial backing that we can do more programs and scholarships for the kids and spread the wealth.”

Sheriff Darryl Daniels said community engagement gives residents the opportunity to meet deputies and discuss issues. He said people are less apt to feel unsafe when they have positive interactions with law enforcement. That’s why the department unveiled the coffee at one of its popular “Coffee With a Cop” events, this one at Urban Bean.

“When I became the sheriff, I wanted to make sure we did all we could to engage the community,” Daniels said.

He said Clay PAL was a worthwhile cause and it was more than recreation for the kids.

“It helps our children in Clay County stay out of trouble, gives them some life skills that transfer into adulthood and keeps them out of the hands of law enforcement in a negative way,” Daniels said.

Daniels approached Urban Bean Coffee owners Duwayne and Pam Hegel about creating the blend earlier this year. They said the “Three big gulps” video from the sheriff that went viral on social media got

them interested.

“He said, ‘Let’s raise money for Clay PAL, for our youth.’ He asked if they could brew a special blend of coffee,” said Pam Hegel.

Duwayne Hegel said Urban Bean was proud to partner with CCSO for the blend. The coffee is a rich medium roast with chocolate, caramel and nutty overtones.

“We look forward to raising a lot of money for Clay PAL,” Duwayne Hegel said.

The Sheriff’s Blend is available at <http://www.theurbanbeancoffeehouse.com>. A 12-ounce bag of the beans sells for \$12.99 and can also be purchased in the store. Online purchases require an additional \$6 in shipping and fees.

# Middleburg filmmaker tackling web series

By Joshua Torres  
For Clay Today

JACKSONVILLE – Do you ever wonder what the office would be like if Jim and the Dunder Mifflin crew worked in a restaurant?

Well if you have, then that's the essential premise of the new YouTube series "Lemoncurd."

The web series follows Virginia Lemoncurd, played by Jacksonville actress Laura Mauldin, as she begins her journey to create her own home cooking show with the help of producer Abe, their camera crew who does not stop filming no matter what and "her less-than-interested in anything she does husband," Duke.

The series is being produced by Drew Brown, a Middleburg High School gradu-

ate, who heard about the series from a friend, Abigail Saenz.

But this wasn't always the plan for Brown. He said that at one point he was going to St. Johns River State College with the idea of becoming an art teacher.

"I had an epiphany one day that I really wanted to do film," said Brown.

He went on to the now-closed Art Institute of Jacksonville, and 2 years ago Saenz, showed him a rough draft of the script and he decided that he needed to be a part of the show.

Mauldin came up with the idea of the show from a character she created on the video-messaging app, Snapchat.

"I don't think Snapchat even had the 'Stories' feature yet so I saved all the videos on my phone and strung them together

using some app I had at the time," said Mauldin. "The character was completely different but the idea of a bored, restless housewife character trying to get her husband's attention with food was there."

While the show is being shot in a home in Jacksonville's San Marco community, Brown said it's "very much inspired by the

easygoing, southern mentality atmosphere of Middleburg and the residents who live there."

The show has just released its third episode and is running a GoFundMe to help produce the rest of the first season. Their goal is to raise \$10,000, which will allow

clean procedure policy that addresses [medical marijuana] in a conventional and careful manner. We have to permit the use of medical marijuana, however, we will not maintain, we will not store and we will not administer medical marijuana at any point in time."

Instead, school medical staff will ensure that schools identify a safe location for the user to be administered the medicinal marijuana.

The administrator must be validated by the state-given registered card. D'Agata jumped into the conversation to clear up some school board questions regarding students and medical marijuana and said students will not be able to self-administer at any point.

"The policy is for students who require administration from others," D'Agata said.

In other workshop business, School Board Member Betsy Condon asked that Davis and staff examine student transportation to extracurricular activities, or lack thereof. According to Condon, a few years

ago, the school board enacted a policy that prevented students from transporting themselves from school-sanctioned activities, and instead, required students to use district transportation, such as buses.

"Where we are today is, if they can't get a bus for whatever reason, the students are, 'told get yourself to the game'," Condon said. "I have watched five teenagers pile into an SUV with a 16-year-old driver...I just everyday pray that there's not a tragedy in this county that causes us to change our policy."

Davis, who like Condon admitted that this problem has been around for a number of years, said that last year, his staff directed school administration to utilize third-party vendors sanctioned by the school district to transport students if needed. According to Davis however, these administrators aren't using these other vendors because of the cost.

"Coaches and athletic directors have to do a better job making certain, and we can make certain they do it, that they take one of the options we gave them," Davis said.

Davis told Condon that he and district staff would speak once again with athletic directors across the county to ensure that not only are they aware of this solution, but they are actively using it in situations where district transportation is unavailable for every student.

The school board's monthly meeting will be held at 6 p.m. Oct. 4 at the Teacher Training Center at Fleming Island High.

producers to comfortably budget the subsequent episodes, including funding film equipment, wardrobe, props and paying the artists who devote their time and dedication to the show.

So far, the reception has been very positive, and the show has been gaining a following.

"It's been absolutely incredible seeing

how much people like it," said Mauldin.

Lemoncurd did a film festival premiere at the LOL Jax Film Festival, a short film festival held in Jacksonville, where they met fans for the first time.

"I arrived at the festival on day 2 and got swarmed by people who wanted to talk to us about the project, tell us how much they liked it, and wish us well," said Mauldin.

It was after this that they realized that the show might have something extra to it.

being shown online rather than being pitched to a TV studio. Artists are choosing to fund their project themselves, maybe with help from fans, and put it out through their own channels.

"It's a really effective way to have people see your work and to see your content on what you're working on," said Brown.

You can see companies going more towards the online platform as their effective way of having their content seen.

Roosterteeth, an online production company based in Austin, Texas, was started in the bedroom of one of its founders, Michael "Burnie" Burns in 2003. The company now has 8 locations and employs over 300 people.

Online streaming companies, such as

Netflix, are distributing exclusive shows such as the hit show "Stranger Things" on its platform.

Whether the eventual route that Mauldin and Brown take the show is not known just yet, they hope to take it wherever they can.

"We've gone to great lengths to try and make this into something special and it would be a great reward to have the opportunity to let it grow," said Mauldin.

## Interested in art? Volunteers needed

ORANGE PARK – If you love art and have a passion for discussing art and like to work with students, consider becoming a volunteer for the Art Enrichment Program.

Sometimes referred to as “The Picture Lady” or “Picture Man,” Art Enrichment enhances students’ understanding of art and art history and gives children a glimpse of the creative life.

Plan now to attend a volunteer training session Oct. 1-3 from 10 a.m. to Noon in the Art Enrichment Classroom at Lakeside Elementary School on Moody Avenue. Only one day of orientation/training is required before you can check out art materials. To sign up for the training, contact Lori Butler at (904) 336-1675, extension 61747.

## Scouts plan free event for exceptional students and families

JACKSONVILLE – The North Florida Council of the Boy Scouts of America will host a free event for exceptional students and their families.

The Learning For Life Special Needs Camporee is Oct. 20-21 at the St. Johns River Base at Echochotee on Doctors Lake in Orange Park. The event is free for all exceptional students, grades K through 12, and their families, but families must register by Oct. 12. The families are invited to come enjoy a few hours or to spend the night in the tent city.

“This is going to be a great weekend for our Scouts and our special guests,” said Michelle Thompson, coordinator for the Special Needs Camporee. “Our Scouts and volunteer will create carnival-style activity booths throughout the midway that are suited for all special needs students, no matter what their disability. It really is a fun time for us and these families who get to enjoy the many fun activities the Scouts have created and to enjoy a night of camping, all for free and set up by our Scouts and volunteers.”

Registration and tent set-up starts at Noon followed by a 1 p.m. opening flag ceremony. The carnival-style activity booths open up after that along the midway. There will be all types of activities including crafts, games, leatherworking and field games. There are also powerboat rides, fishing, military displays and more. The booths will be open until 4:30 p.m. followed by dinner. The evening events include a campfire program with Native American dancing, a bonfire, plus stories and skits from the Scouts. Sunday morning will feature a continental breakfast.

Families will need to bring a tent if they have one, a flashlight, sleeping bags and personal items. Tents are available

upon request. Families must also have a completed medical form for each camper. To register and obtain the medical form, visit [www.nfscouting.org/SNC](http://www.nfscouting.org/SNC).

## Community Garage Sale coming

ORANGE PARK – Waste Not Want Not is having their Annual Community Garage Sale on Oct. 6. at Orange Park Town Hall Park, at the corner of Kingsley and Park Avenues.

This is the nonprofit’s largest fundraiser of the year. There will be a bake sale, drinks and food.

Space for local craftsmen and vendors is still available. Rent a 15-by-15-foot space for \$30.

Volunteer-based Waste Not Want Not rescues food for people in need and each dollar donated provides 14-plu pounds of food to someone fighting hunger. Last year, the organization rescued 2.2 million pounds of food and provided 4,200 meals a day for those in need in 10 counties.

## Playwright retreat planned

GREEN COVE SPRINGS – Clamour Theatre Company is launching Clay and Water, an annual playwrights’ retreat in Clay County on the banks of the St. Johns River. Five selected playwrights will spend a week away from their real lives at the historic River Park Inn in Green Cove Springs.

There is no fee to apply, however, transportation and meals are not covered as part of the retreat while Clamour officials are working to secure small travel and meal stipends. Housing at the Inn is covered.

Playwright get a week to write and take part in an informal, no-pressure public reading of their work-in-progress. While here, playwrights will get a chance to meet local students and discuss the craft and business of playwriting in two informal meet-and-greet sessions. Application deadline is Oct. 31. All of the details are online at [clamourtheatre.org](http://clamourtheatre.org) or email [info@clamourtheatre.org](mailto:info@clamourtheatre.org).

The program is supported by grants from Capital City Bank and the Community Foundation for Northeast Florida.

There will also be an opportunity for local actors to take part in cold readings of the playwrights’ works one or more evenings Jan. 27-31.

Clamour is also actively recruiting board members. Those interested in having professional theatre in Northeast Florida should contact Elaine Smith at [esmith@clamourtheatre.org](mailto:esmith@clamourtheatre.org).

### Pressure

How do you handle pressure? You will face pressure and many people do not know how to handle it.

The stress of life weighs upon us. It may be from difficulties in finances, relationships, job issues, sickness, death ... the list goes on!

There are many ways that people try to deal with it. Too many turn to a false crutch such as alcohol or drugs that does not help. Then there are those who succumb to anger and lash out toward others. Some sink into depression.

The Word of God has a solution for dealing with pressure as it does for all the issues of life. We are encouraged to “cast all our care upon Him because He cares for us.” If you can bow at the cross with the pressure of life upon you, then rise and leave all your cares there, you will have victory over all the burdens that press you down.

And you can do that knowing that the Lord wants to lift your burdens that press upon you. He may not totally remove them, but he wants to lift them with you. He is your burden bearer or the One who bears every burden with you.

Jesus said, “Come unto me all you who are heavily burdened and I will give you rest.” (Matt. 11:28) His words are a promise to every person who has succumbed to the pressures of life and bowed in surrender under the load. He will lift your burden. He will come to your rescue. He will give you rest from the pressures of life.

You can trust Him because He is in the arena of your daily life with you. He knows everything that plagues you and He is with you. He is the Helper that you need.

“Come every soul by sin oppressed, there’s mercy with the Lord

And He will surely give you rest by trusting in His word.”

## Preparing your horses for hurricanes

By Stephanie Conner  
UF/IFAS 4-H Youth Development Agent

GREEN COVE SPRINGS – Around this time last year, our community was dealing with the impact of hurricane Irma. As I reflect on the lessons learned from my family's experience, and the calls I received at the Extension Office, I wanted to share how to prepare our horses for the next hurricane.

Florida is ranked 5th nationally for horse ownership with over 121,000 horses and ponies. In Clay County, there is a large population of horses who are mainly used

for showing and recreation. Because of this, I typically receive frantic calls from horse owners asking how to prepare before a big storm is headed to our area.

When preparing your horses for a hurricane there are two options for you to consider: sheltering in place and/or relocating your horses. Regardless of the option you select, getting your contact information on each of the horses is critical.

There are several ways to do this.

## The Autumnal Equinox

By Thomas Webber

Yes, the rumors are true: I am a transplanted Yankee.  
Eeek!

Alas, it is true, having spent the first 25 years of my life north of the Mason-Dixon line. I have shoveled snow on Halloween, dodged icicles falling from the gutters, and sat in a running car for 10 minutes waiting for it to warm up.

Good times.

With the seasonal changes being much more abrupt up north, calendars weren't really necessary – you simply had to pay attention to your surroundings. Take Autumn, for example. There would be a crispness in the air, the leaves would change color, rakes would replace lawnmowers and firewood would be brought in.

Contrast this to Autumn in Florida. The temperature is still in the 80s and 90s, palm trees don't change color nor drop their leaves, many people don't even own rakes, and fireplaces are simply places to hold the TV.

But whether you call the North or the South home, there are two things we can agree upon this time of year: Football season is underway and the days seem to be getting shorter.

The former is a cherished way of life, the result of decades of sis, boom and

bah. The latter is based on physics and closely related to why we even have seasons at all.

Let's take a look.

The beginning of Autumn is not tied to the gridiron, the start of school, or even the Labor Day weekend. In fact, this year the first day of Autumn was Sept. 22, at 9:54 p.m. to be exact. This date and time has nothing to do with holidays or fiscal calendars.

As Earth revolves around the Sun over the course of a year, it carves out a plane. From our terrestrial point-of-view, however, this plane would seem to be defined by the motion of the Sun around the Earth, creating a great circle on the Celestial Sphere called the ecliptic.

One of the challenges in studying science at any level is being able to consider models from a different or even larger (or smaller) perspective.

The equator of Earth does not stay parallel with the plane of the ecliptic; that is, Earth is actually tilted off its orbital plane by about 23.5 degrees. It is this tilt that gives our planet its seasons.

There are two dates when this tilt is the most extreme. The first is the Summer Solstice, around June 21. Here, our Northern Hemisphere is tilted toward the Sun, we receive more direct sunlight, and the arced path of the Sun is highest in the sky. Summer has officially begun.

On Dec. 21 – the Winter Solstice – our Northern Hemisphere is tilted away from the Sun, we receive less direct sunlight, and the path of the Sun is found low in the sky. It is the first day of Winter,

## Autumn

from page 20

and we prepare for the colder months that follow.

There are two other dates of interest between the Summer and Winter Solstices linked to Earth's tilt with respect to the Sun. They represent the midpoint of the Sun's apparent altitude between its maximum arc on June 21 and its minimum arc on Dec. 21.

These two dates are called equinoxes, literally "equal night." The Sun is directly over the equator at noon and we have equal hours of day and night.

When the Sun is heading northward over the equator, it is the Vernal Equinox, or the first day of Spring, approximately March 21. When the Sun's trek is southward, it is the Autumnal Equinox, which

tends to fall around – yep, you guessed it – Sept. 21.

So even though there has been over a month of football and the days seem to have been getting shorter ever since the end of June, the official start of Fall wasn't until Sept. 22 this year. Judging from the Halloween, Thanksgiving, and Christmas decorations that have been littering stores since August, this could have been an easy fact to overlook.

Sis, boom, bah – only 88 shopping days until Christmas!

## Horse

from page 20

Non-toxic paint or permanent marker can be used to write your contact info on the horses' hind quarter. You can also use livestock tags, neck collars, or heavy-duty plastic identification tags that can be placed around the horse's neck or be braided into the horse's mane or tail. Another option is to halter your horses and attach an identification tag to the halter. I have found that metal identification tags, much like you would use for your dog and cat, work really well.

To my knowledge, there are no public or government facilities in Northeast Florida that will shelter horses during a storm. The reason is there are very few reinforced structures or barns that have been built to withstand hurricane force winds in the area. Individuals who contact me seeking horse shelters often have older or unstable barns that they do not feel comfortable leaving their horses in during a hurricane.

If you find yourself in this situation, and you're unable to transport your horses elsewhere, you should consider turning your horses out to pasture during the storm. Livestock, in general, are resilient and will make it through a storm, but we can do a few things to help protect them.

First, take inventory of your premises and identify any objects that could become flying projectiles because of the wind speed. Secure movable objects so your horses are not dodging them during the storm. Make sure to provide water and a covered area for hay and/or feed so the horse doesn't go searching for it elsewhere.

If you plan to relocate your horses within Florida, there are a few pieces of information and supplies you will need to bring with you. These include copies of your animal's vaccination and medical records and proof of ownership. Also, be sure to pack plenty of extra feed and water for transport. Traffic is likely to be an issue when evacuating.

PHOTO BY STEPHANIE CONNER

Another option is to halter your horses and attach an ID tag to the halter. Metal ID tags, like you would use for your dog and cat, work really well.

Individuals leaving Florida with their horses, in most cases, will be required to have a current health certificate to cross state lines. Additionally, all horses are required to have a negative Coggins test, within the last 12 months, for interstate transport. These documents will need to be presented when you stop at agricultural inspection stations. One of the biggest lessons learned from Irma was to be prepared well in advance of the storm. We also learned that evacuation is the best option if you live in a flood plain. The best place for local information regarding evacuation zones and hurricane preparedness info is ALERT.claycountygov.com.

I hope you consider the abovementioned advice the next time a storm is headed to our area. If you would like to learn more about preparing your horses for a hurricane, contact Stephanie Conner at the Clay County Extension Office at (904) 284-6355 or sconner04@ufl.edu.

## Knights' speed short-circuits Devils

By Randy Lefko  
Sports Editor

OAKLEAF – Clay High football coach Joshua Hoekstra went to his book of tricks to try and counter the explosive speed of the Oakleaf High offense behind tailback Keshawn King, but, in the end, speed on the ground and in the air via wideout Antonio Marshall's acrobatics, won as the Knights pulled out a 49-31 thriller Sept. 21 at Oakleaf High School. King finished with 195 yards and three scores on the ground while Marshall had 98 yards and two scores from the air.

"Their offense is so explosive that we had to take some risks," said Hoekstra, who got as close as 34-31 behind two successful onside kickoffs; one to open the second half, the other to close the third quarter, before King and the high-flying Oakleaf offense in

# WEEK 6 FOOTBALL

September 28

## 1A-Hawthorne (4-0) at 4A-Keystone Heights (2-2) HHS 33, KHHS 20

Hawthorne is fast and furious with scores of 69-0, 60-0, 51-19 and 60-0 and near 900 passing yards in four games and two receivers with 6TDs each; one a 5'-5" speedster. Can the Indians defense slow down the offense? Keystone Heights coach Chuck Dickinson knows how to run the ball to keep the offense on the field. If Channell and Friedlin hold the ball all night, this could be a very big upset. Offensive line play; Dodd, Baxter and Hughes need to play best game. Carter Semione will have big night.

## District 3-7A: Oakleaf (3-1, 1-0) at Fleming Island (3-1, 0-1) (OHS 26, FIHS 23)

On paper, this is a close game. On the field, depends on which Fleming Island defense shows up. Fleming Island had critical second half overtime loss to Buchholz two weeks ago and needs this one to stay in the playoff hunt. Oakleaf won a track meet with Bartram Trail then went toe-to-toe with Clay last week and won the fourth quarter. Frank Garis has the Knights smelling a district title. Walter Simmons, QB, is real deal.

## District 5-5A: Ridgeview (3-2, 0-1) at Orange Park (4-1, 1-0) (RHS 28, OPHS 27)

Raiders are rolling and Macpherson likes district titles. Knocking off Clay was huge. Losing to Palatka was huge for Ridgeview. Huff wants the title and has most of his weapons back. Raiders secondary is as athletic as any in town.

## District 4-6A: Middleburg (1-4, 1-0) at Ed White (2-3, 1-0) (White 23, MHS 12)

Middleburg made mistakes against Orange Park, but played hard. White has Kevin Sullivan, a wily veteran, as coach and that makes for an interesting matchup of wits. White has played some pretty good teams and will be revved thinking Middleburg is a gimme.

## District 5-5A: Clay (1-4, 0-1) at Menendez (4-1, 0-1) (CHS 44, Menendez 16)

Everyone thought Oakleaf would be a blowout win over Clay, but Blue Devils put a show of force against Knights. Menendez started out as everyone's worst nightmare, then lost to Baker County to give Hoekstra a slim look at the playoffs. Hoekstra will take that slim look and make it work. Cedrick Brown was monster against Oakleaf until cramps pulled him. Freshman La'Quarius Ray is legit hammer in second half. Clay's "little" linebackers showed up against Oakleaf. Menendez RB Ty Edwards is a bigger Keshawn King. That could be a problem. Baker County slowed him down to 107 yards; Ponte Vedra held him to 67. The other guy, Kenny Logan, is almost as good, but smaller. Will be up to Rodney Keller to corral them.

## SJCDS (2-2, 1-1) at Halifax Academy (2-3, 0-0) (SJCDS 26, Halifax 13)

Common opponent is Florida Deaf; 40-0 for Halifax, 47-6 for SJCDS. This is an even contest. Take Chipoletti as the edge. Max Monroe and Brady Walden are automatic. Mighty Max Arnold is legit beast on the edge. Halifax has a big pass game as well so secondary play critical.

**First round of district matchups:** Clay beats Menendez after tough dinger from Oakleaf, Ridgeview exacts playoff hopes on Raiders. Chipoletti has this Spartan thing figured out. Oakleaf run game punches Fleming Island out.

**Game of the Week:** Ridgeview stays alive in seesaw battle with Raiders.

MIDDLEBURG – As the Orange Park Raiders were coming off a monumental win over the Clay Blue Devils last week and riding a three game winning streak, they headed into Middleburg to take on the Broncos who were coming off their first victory of the season with a 37-7 trouncing of the Englewood Rams to have them sitting atop of 6A district 4 standings with a 1-4 record, for what should have been a Friday night home showdown.

After holding the Raiders to a 13-7 halftime deficit, the Broncos succumbed to lose 39-7 by the final whistle.

"The first half of tonight's game lets everybody know we have to work hard, practice hard, play hard, otherwise we don't get good results," said Orange Park coach

Orange Park wound up snagging three interceptions off Middleburg quarterback Joe Justino in the second half to fuel the

win.

Wideout/quarterback Terrance Johnson provided much of the fireworks for the Raiders with a 39 yard run opening the scoring for Orange Park, but Middleburg responded with returnman Brody Senn catching a wacky kickoff and giving the Broncos first down at the Raider 38 yard line. # Eagles fend Panthers Hail Mary for win

By Mike Zima  
Correspondent

FLEMING ISLAND – Fleming Island High's six foot, six inch tight end Sam Snyder batted down a potential game-winning Hail Mary throw by Ridgeview quarterback Tyler Huff on the game's final play, allowing Fleming Island to escape with a 42-37 non-district win over the visiting Panthers on Sept. 21.

"He [Snyder] did it exactly how it's designed. He high-pointed the ball and deflected it away," explained a relieved Fleming Island coach Damenyum Springs after the game.

For the second week in a row, the Golden Eagles let a big lead slip away. On September 14, the Golden Eagles led Gainesville Buchholz 35-14 before losing in overtime. This week, they teetered on the edge of another monumental collapse before Snyder, a 6-foot, 5-inch tight end, saved the day.

"When the score got closer, it kind of felt like that [Buchholz game] again," said Springs.

Aaron "Ozzie" Ramirez and Dean Hyams staked the Golden Eagles to their big lead, assisted by an opportunistic defense. Ramirez, a receiver who moved to running back after starter Dewayne McBride suffered a broken wrist, ran for 122 yards and two first half touchdowns. The senior also gained 35 yards on a reception from Hyams to set up a touchdown throw from

Fleming Island tailback Aaron Ramirez has been impressive offensive weapon for Golden Eagles with two scores in Ridgeview win.

Hyams to Max Michaels that gave Fleming Island a 21-14 halftime lead.

"Ozzie is an athlete," said Springs. "It all comes naturally for him. And Dean has had two great games back-to-back."

Hyams completed 12 of 17 passes for 227 yards and two scores. His second scoring toss was one for the ages, and was the turning point of the game. After a muff and a holding penalty on the second half

kickoff forced the Golden Eagles to begin the possession at their own three yard line. Hyams faked a hand-off and lofted a spiral up the right sideline. Eugene Oglesby, a defensive back brought over to the offense only because of the injury to McBride, snared the ball in stride near midfield and raced the remaining distance for a 97 yard touchdown that swung the momentum to the home side and gave the Golden Eagles a 27-14 lead.

The jolt energized the Fleming Island defense. On Ridgeview's ensuing possession, Huff and running back Jaiden Turner botched an exchange. Golden Eagles linebacker Declan Bertolini pounced on the loose ball at the Ridgeview 22 yard line. Two plays later, Tim Thomas blasted up the middle, sidestepped a linebacker and tugged a Panthers safety across the goal line for a 14-yard score.

On the next series, linebacker Andrew Thomas and safety Jared Ashe crashed into Huff from opposite sides as he scrambled away from pressure, forcing another fumble that was recovered by the hosts' Zach Payne at the Panthers' 25 yard line. After a pass interference penalty brought the ball halfway to the goal line, Tim Thomas covered the remaining 12 yards in two plays to give Fleming a seemingly insurmountable 42-14 advantage.

# FIHS' Fuller top harrier for Flagler second place finish

By Randy Lefko

GAINESVILLE – The Flagler College men's cross country team finished in second place, out of the 13 non-Division I entrants, at the 8K Mountain Dew Invitational Sept. 22 at the University of Florida's Mark Bostick Golf Course.

Flagler College was led by freshman Evan Fuller, a Fleming Island High School graduate and two-time Class 4A cross country championship race finisher.

"I wanted to break 26 minutes and also beat a University of Florida runner," said Fuller, who was lightly recruited by both Florida and Florida State during his senior season. "I felt good at the prospect of running this course which has a lot of hills. I'm pretty good at running downhill."

Flagler tallied 185 points and was led by Evan Fuller who finished in 28th place, overall, with a season-best time of 25:46.4

for the five mile trek, earning 26 points. Fuller finished fifth in the Non-Division I scoring (Flagler is NCAA Division II) behind four Embry-Riddle runners.

Flagler's cumulative time of 2:11.07.32 would have placed the Saints fifth in the NCAA Division I scoring with Florida A&M taking that title with a 2:02:50.59 team time with the Rattlers scoring the top finisher; David Too, a junior, in 24:11.58, followed by four teammates in the top 10 overall finishers.

Fuller's Flagler teammate Anthony Colasanti was not far behind Fuller, crossing the finish line at 25:53.8, a personal record time, to finish in 33rd place. High schoolers run a 5K (3.1 mile) course in about 15-16 minutes. Fuller had run 27:52.0 last week for the Embry Riddle Invitational. Fuller finished ahead of four University of Florida runners.

in the red zone three times,” observed Ridgeview head coach Cameron Porch, referring not only to the two turnovers but also to a 63 yard kickoff return by Andrew Thomas that led to a Ramirez touchdown run.

The Panthers made a game of it by scoring 23 unanswered points in the fourth quarter. Huff, who had zero passing yards in the third quarter, had 201 in the final 12 minutes, along with three of his four touchdown passes. He began the comeback with a 10 yard scoring toss to Brian Jackson, who made a diving catch in the end zone. That touchdown was followed by scoring tosses of 34 yards to Spencer Calise on a rollout and 35 yards on a catch and run by Turner with 0:30 remaining.

After Cole Pittman covered Matt Koziolk's onside kick, the Golden Eagles elected to down the ball behind the line of scrimmage on three consecutive plays, despite the fact that Ridgeview had all three of their time outs. Facing a fourth and 30 from their own 25, Hyams took a shotgun snap and retreated into the end zone, stepping out of bounds for a safety when the Panthers defenders converged upon him. Since one second remained on the clock, the Golden Eagles were forced to kick off, and Ridgeview's Galeb Plyler executed a fair catch at the Panthers' 41 yard line. Huff sat in the pocket until his receivers neared the Fleming goal line, and then lofted the prayer that Snyder would swat away to end the game.

Huff finished 18 of 24 for 280 yards, with no interceptions.

“He is a warrior,” Porch said of his senior signalcaller. “He is always going to fight.”

Plyler led the Panthers in rushing with 56 yards and scored their other touchdown on a two yard run.

Both teams are now 3-2 and face difficult district games on Friday, September 28. The Panthers travel to District 5-5A foe Orange Park, while Fleming Island hosts Oakleaf in District 3-7A.

“We have got to play almost a perfect game, control the line of scrimmage, and make plays when we can,” said Springs about the matchup with the Knights.

## Patton scores two goals in two games

JACKSONVILLE – Florida Gulf Coast University womens soccer coach Jim Blankenship couldn't have asked his team for much more on the opening weekend of ASUN play in Jacksonville. After a 6-0 thumping of JU on Friday, the #25 Eagles (8-0-2, 2-0-0) came back with a dominating 4-0 win over North Florida (5-4-1, 0-1-1) on Sunday to remain one of 13 unbeaten teams remaining in the NCAA Division I ranks. FGCU has ties with Dayton University, 0-0 on September 9, and 1-1 against Loyola Chicago on September 16.

"It was a great weekend" Blankenship said. "We got points on the road and that is what we came up here to do. I am pleased with how the kids played, it was a good overall performance. We got a chance to play a lot of people and that is going to be a strength throughout the season with everybody contributing."

The Eagles came out the aggressors Sunday, showing fresh legs after their blowout over Jacksonville and North Florida's double overtime grinder against Stetson. FGCU put four quality shots together in the first 15 minutes of the half, a pair of them finding their mark on left, with the others just missing.

In the two games played in front of a Jacksonville hometown crowd, former Oakleaf High soccer standout Lindsey Patton, a junior at Florida Gulf Coast, landed a goal in each game with her goal against North Florida giving the Eagles a 3-0 lead. The two goals were Patton's first of the season with five shots on goal on 13 shots.

Against Jacksonville, Patton scored the sixth goal of a 6-0 win off a header in the 78th minute of play.

Against a packed in Osprey defense, it took until the 31st minute for the Green and Blue to break through when Marjorie Boilesen (Sao Paulo, Brazil/Porto Seguro/West Florida) played a beautiful ball through the UNF defense and found Evdokia Popadinova (Hadzhidimovo, Bulgaria/Nikola Vaptsarov/Northwestern Ohio) on the other end for an easy chip shot goal, her ASUN leading eighth of the season to give the Eagles a 1-0 lead.

FGCU threatened to make it a 2-0 game in the 38th minute when Lindsey Patton (Jacksonville, FL/Oakleaf HS) beat the keeper on a header off of a corner, but an Osprey slid to the back post just before the ball crossed the goal line to keep it a 1-0 contest.

Shots were 12-1 in favor of the Eagles at the half while FGCU drew seven first half corners to just one for UNF.

Again, UNF played tight to begin the second half, but as time began to work against the Ospreys, the Eagles were able to stretch them out and find space in the attacking third.

In the 64th minute, Zoey Spitzer (Naples, FL/Gulf Coast HS) lobbed a ball into the box and found Boilesen who beat the keeper with a header for her fifth goal of the season to make it 2-0.

Just 10 minutes later the Eagles added onto their lead as Camille Knudstrup (Lakeland, FL/George Jenkins HS) drove a head high pass into the box to Patton who scored her second goal in as many games in her hometown of Jacksonville to make it 3-0 FGCU.

The onslaught from the Eagles continued into the 80th minute when Alyssa Abbondandolo (Cape Coral, FL/Oasis HS) took a shot from a sharp angle on the right of the box and zipped it past the keeper for

her second of the year to extend the lead to 4-0.

The FGCU defense and goalkeeper Melissa Weck (Yorba Linda, CA/Esperanza HS) would do the rest from there to keep the clean sheet intact as the Green and Blue went on to win 4-0.

The Eagles finished with 15 shots to just five for the Ospreys. FGCU put eight of those shots on frame to a pair for UNF.

Seven players registered points for the Eagles in the win including the four goal scorers. Knudstrup and Silvana Gordon (Medford, NJ/Shawnee HS) each recorded two assists for FGCU. Weck stopped both shots she saw on goal for her 25th career shutout.

FGCU improves to 8-0-2 overall on the season and begins ASUN play where they left off 2017 on top at 2-0-0. UNF drops to 5-4-1 overall and 0-1-1 in ASUN action.

After a nearly month long hiatus, the Eagles will return to the FGCU Soccer Complex next weekend to host North Alabama Friday and Lipscomb Sunday.

## SJCDs Newton returns to Florida to face Lady Gators

GAINESVILLE – Sophomore forward Lindsey Eaton scored the first goal of her LSU career on Sept. 23 at Donald R. Dizney Stadium, but it wasn't enough as the LSU soccer team (6-4-1, 0-2-1 SEC) fell to the Florida Gators (4-6-1, 2-1-0 SEC) by a score of 4-1.

Former St. Johns Country Day School star Abbey Newton, an LSU freshman, made her 11th start of the season as a sideline defensive midfielder. Newton has three goals and two assists for the Tigers with 17 shots; 10 on goal.

Newton got her first collegiate goal in just her second game; a 1-0 win over Liberty on August 23. Her next two goals were in a 2-0 win over Stetson on September 6 and a 2-0 win over Samford University on

September 9. Newton assisted on a goal in a 2-0 win over Texas State on August 26 and a 3-0 win over Lamar University on September 4.

In the second half, Newton was moved to a center midfielder and finished with 79 total minutes.

LSU, 6-4-1 overall, 0-2-1 in SEC play, has now lost three straight with a tie to No. 9 Auburn, 0-0 in double overtime on September 19. The Tigers opened with an overtime loss to Villanova (2-1) before rattling off six wins with 11 goals scored and zero goals scored against the Tiger defense. LSU lost a 3-0 Southeastern Conference match with No. 4 Texas A & M on September 14 before losing to Cincinnati 2-1 on September 16.

Against the Gators, Marlena Cutura started it all by sending Shannon Cooke in down the right side of the pitch. Cooke took a dribble or two and her shot from 28 yards out was initially blocked by a Florida defender. The remnants of the blocked shot trickled into the box and it was a mad dash for the ball inside the box. Eaton maneuvered her way around the crisscrossed Gator defender and beat her to the ball before she finished it off with a shot to the far left post from eight yards out. Cooke was credited with the assist, which was the first of her LSU career.

After Easton's early goal for LSU, Florida tied the game 1-1 just before the half-time break, then racked up three second half goals for the win.

The Tigers will return to the friendly confines of LSU Soccer Stadium for a matchup against Alabama on Thurs., Sept. 27 at 7 p.m.

# Jacksons beats Fleming, St. Johns

By Randy Lefko  
Sports Editor

FLEMING ISLAND – Keystone Heights High freshman golfer Camille Jackson returned to familiar ground in the sub-40 strokes range with a 38 score to finish as top golfer in a tri-match with Fleming Island and St. Johns Country Day School on Monday at the Fleming Island Golf Club.

Jackson, who won a dual match against Ridgeview on Thursday with a 40 score, returned to the norm with her strong performance Monday.

The Lady Indians got a second sub-40 with Sloan Siebert pushing to a 39 score with Candace Jackson finishing at 45 to complete a clean sweep for Keystone Heights for the top three spots.

Keystone Heights won the tri-match with 169 strokes for nine holes with Fleming Island edging St. Johns for runner-up 225-230.

Leading Fleming Island was Alyssa Merrilees with a 49 while Rachel Thompson led the Lady Spartans with a 48.

Ashton Ludwig, with two birdies, and Savannah Heinz both shot 47s for Keystone Heights.

Keystone Heights is now 11-1 for the year with a three year won lost record of 40-3 (12-1, 17-1, 11-1).

## Devils

from page 23

quarterback Walter Simmons, Jr., countered with a 44 yard sprint touchdown to break the Clay momentum shift.

For Oakleaf coach Frank Garis, in his first year as a head coach, taking on a former boss; Hoekstra at Clay High, was enlightening at best.

"It's not the first time coaching against him (Hoekstra), but first time as a head coach," said Garis, who was part of the Ponte Vedra High football program that derailed the Blue Devils in the Class 5A state semifinal two years ago in a 52-42 thriller. "I learned so much from him and he's a great friend. It's a huge challenge to coach against him, but we had a job to do."

Oakleaf (3-1, 1-0 in district 3-7A) continues their monumental season turnaround from a 2-8 season last year with a record-setting 69-53 district 3-7A win over Bartram Trail, the win over Clay with another district matchup against Fleming Island on Friday. The Knights lone loss was a 32-26 setback to 4A-Glades Central in week two.

For Clay (1-4, 0-1), Hoekstra may have answered a question of readiness after last week's disastrous 29-28 district 5-5A loss to a renewed Orange Park High team that is also responding to their 1-9 team of 2017.

"I think the Orange Park game woke us up to how good or how not so good we can be," said Hoekstra. "I put much of the blame (Orange Park loss) on myself for some coaching decisions, but tonight we may have seen some spark for our upcoming district schedule. We needed to regroup for Menendez (second district game on Friday)."

Oakleaf, with a barrage of points against Bartram Trail last week that led to a 35-26 halftime score, was saddled in the first half by a divide and conquer defensive strategy, with defensive tackle Ty Summerford's number 57 seemingly always around King, that limited the space King had to operate in while securing the ball on offense to keep King on the sideline as Oakleaf got just a pass touchdown to wideout Antonio Marshall to hold a slim 7-0 lead after the first quarter.

Clay's strategy of keeping King bottled up worked, but the latter part of the strategy never emerged as the Blue Devil offense was stymied by two four-down series.

On the Blue Devil defense, linebackers Joe Reed and Mason Adams shadowed King from his first jab step and met him at the line of scrimmage to limit his potential damage.

Simmons was relegated to fakes to King being effective to set up throws downfield to Marshall, Sean Washington and Terrance Anthony with Marshall snatching a 35 yard post pattern for the lone score.

On the first play of the second quarter, after Simmons directed a 11-play drive with two third down conversions to the Clay three, King crashed in to up the score to 14-0. Key plays on the drive were two seven yard runs by fullback Adrian Grey;

The battle of the line of scrimmage featured Oakleaf High's Seger Mckisick and King Solomon, on right, versus Clay High's Ty Summerford and Cody Devore, on left.

one on third and three and a second on second and 10 to the Clay 44 that set up a Simmons' 36 yard run after a fake to King to the Clay eight yard line. After a miss to Marshall, King lugged the ball into the end zone.

Clay looked desperate to stop any potential outburst by the Knights and Hoekstra settled in with seniors Cedrick Brown and Abbott Taylor challenging the interior of Oakleaf's defense before quarterback Turner Erstad went airborne twice to wideout Spencer LeSage for quick outs of six and 12 yards to the Oakleaf 28 yard line.

Brown and LeSage exchange carries and catches to the 20 before Erstad found junior wideout Brishaun Britt for nine yards to the 11 before two shots by LeSage got a Blue Devil touchdown with 5:32 left in the half.

In the blink of a proverbial football eye, King, after a kickoff return from Darrius Allen to the Knight 34 yard line, shredded off right tackle for his second score of the night and a quick 21-7 Oakleaf edge just 21 seconds after most fans thought the game was going to become a defensive slugfest. King would finish with 195 yards on the night; mostly in big chunks.

Clay again regrouped behind LeSage and Erstad and took three minutes to cut the lead to 21-14 with a eight play drive highlighted by a Derek Holt catch and run for 15 yards to the Clay 45 and Brown pounding for 12 on the next snap to midfield to set up a Erstad to LeSage jump ball touchdown pass to put the game at 21-14 with 2:04 still left in the second quarter.

Oakleaf High assistant coach Mark Michaels gets the attention of his special teams players as the Knights get set to take the field against Clay. Oakleaf won 49-31.

Clay miracle comeback.

"Our front line bailed on the first one (onsides kick) and the second one we didn't even attack it the way we should have," said Garis. "Those were great calls at that point by them. We have to do a better job of executing in that situation."

From the Oakleaf 41, Ray took two snaps to trample for 16 yards with Erstad missing Britt at the end zone pylon. Back to Ray for six and Abbott for three more set up a reverse to LeSage from the Knights 21 to put the game at 34-31 and Oakleaf seemingly reeling at the audacity of the Blue Devils to not wilt.

On the next Oakleaf series, Clay defensive end Cody Devore stormed in on Simmons and got a strip sack that put the Blue Devil fan base into delirium.

From the Oakleaf 45, Erstad hit Holt for six yards with Ray pounding for three yards in two carries to set up a third and seven at the Oakleaf 26.

From there, Oakleaf senior middle linebacker Dexter Moore crashed through the Clay offensive line and piledrived Erstad into the ground for a five yard loss and a fourth and 11 yard situation for Clay.

"He's our lightning bolt," said Garis. "That play shook us awake. We kind of slowed down a little bit coming out for the second half and when that happened, it ignited everybody."

On the fourth down play, Erstad attempted to throw to LeSage on an out pattern, but the pass fell short.

Oakleaf did not answer on the big defensive stop and Clay had one more breath left after Taylor, playing noseguard, and Jeremy Sims, the starting noseguard, combined with Ty Summerford, also a noseguard, clogged the middle of the Clay defense and stopped King on a fourth and 15 to give Clay possession at their own 35 with nearly nine minutes left in the game.

Hoekstra went right back to Ray and Abbott to try and get the knockout blow on the Oakleaf defense and, after LeSage, at quarterback, finished off a fourth and four to midfield for a first down, Erstad got caught by linebacker Marcus Anthony for an interception near midfield that put King back on the field with 5:51 on the clock.

Eleven seconds later, and 44 yards of running, King upped the score to 41-31 by outracing Clay linebacker Mason Adams to the corner of the end zone.

A kickoff by kicker Brandon Ammons to the end zone put Clay on the 20 and the Blue Devils needing to throw. This time, it was Chrystian Sellers who read Erstad's pass and put the Knights back on offense at the Clay 38 where Simmons took two plays before hitting wideout Terrance Anthony on a hook pass that Anthony spun and eluded defensive back Eric Predmore to finish off the score and the final 49-31 score.

With a third quarterback in, sophomore T.K. Kocak, Clay tried to move the ball and nearly got Sellers a second interception before the game ended.

Oakleaf travels to Fleming Island for a key district 3-7A clash while Clay travels to Pedro Menendez for their second district 5-5A game.

recent meets, slipped to 83rd in 21:50.

# Wallizada, Chiang win county XC titles

## Fleming Island High wins team titles

By Randy Lefko

MIDDLEBURG — Two names emerged at the Clay County High School Cross Country Championships held Tues., Sept. 18 at Middleburg High, and they were not the winners of the races with both pushing Fleming Island's girls and boys teams to team titles.

Fleming Island High sophomore Kameron Wallizada continued his assault on the running scene in north Florida with a decisive win in the boys race in 17 minutes, 24.64 seconds while Fleming Island freshman Mei Chiang did the same with a 20:54.1 winning time in the girls race.

The "emerging" names belong to Fleming Island's Will Livesay for the boys, who has followed Wallizada closely in the past two races and who snuck in at fourth overall in the county boys race.

For the girls, junior Jennifer Fliess, who was third Fleming Island finisher at last year's district 1-4A championship race with a time of 20:05.95 and then fell to a disappointing 23:13 time for 104th at the region 1-4A race, has quietly put herself back into the top five picture with her recent finishes.

In 2018, Fliess hit a second place 23:13 in the junior varsity race at the Bob Hans Invite at Ridgeview on September 1 then a 22:52 for second in the junior varsity at the Horsepark Invitational in Ocala on September 8.

At the county championship race, Fliess was fourth Fleming Island finisher in 22:28.88 as the Golden Eagles girls took the team title with four finishers in the top five.

Next up for Fliess was the Katie Caples Elite race where she would be up against some of the best teams in Florida at this point in the season. Fliess dropped

Fleming Island's Jennifer Fliess, right, battles with Middleburg's Emma Mussante at finish of Clay County championships.

her time to a quick 21:11 to place fifth finisher for Fleming Island in an effort that secured fifth place for the Golden Eagles.

"Jennifer is my go to girl for any race," said Fleming Island girls coach Suzanne Baker. "She was never intended for the JV squad this year she just happened to miss the first meet this year so she needed to earn her spot back. She has the crazy ability to run exactly what I ask of her."

Livesay has crept closer and closer to the top with a 17:22.50 split for 19th at Bartram Trail.

"After his times started dropping at the end of cross country and track last year, I think he realized his potential and really bought into the training," said Fleming Island boys coach Karen Moritz. "I fully expect to see him dip below 17 minutes as we inch to the post season."

While Wallizada has pushed his times to near 16:30, Livesay has approached the elusive sub-17 mark that would give the Fleming Island boys team a jolt in team scoring for the upcoming district and region races.

Fleming Island's Will Livesay finishes just ahead of Ridgeview senior Joel Nesi.

At the Clay County race, Orange Park senior John Bear finished second in 17:37.09 with Oakleaf High junior Dylan Nelson third in 17:39.86. Livesay was fourth with Ridgeview senior Joel Nesi fifth in 18:14.82.

In the girls race, Mussante's 22:30.47 fifth place finish knocked out a potential shutout race by Fleming Island with freshman Lauren Schaudel finished second in front of sophomore Emma Millson with Fliess, Mussante then Kortright finishing the top six.

Oakleaf freshman Madeline Dahlman finished eighth as she has improved with each race with Ridgeview's Anna Magruder steady in at ninth in 23:51.24.

Orange Park junior Priscilla Frieze, who ran a 21:26.10 split in the region 1-3A championship race for Middleburg as a freshman two years ago and has been hampered by injuries, showed a strong effort for 11th in 24:09.

Fleming Island High will host their Eagle 5K cross country race on Sat., Sept. 29 at Van Zant Park in Lake Asbury.

## Fuller

from page 25

"I was keeping an eye up front and staying within my ability to catch up to Anthony by taking advantage of the downhill," said Fuller, who has two previous finishes as the third Flagler runner in two earlier meets. "I just went in the last mile. I'm feeling better in the five mile courses."

Embry-Riddle Aeronautical University (Fla.) was the top non-Division I team with 102 points.

Florida A&M University was the overall team champion with 26 points. Tennessee Tech finished second with 48 points. Florida, the host school, finished third with 67 points.

David Too of Florida A&M University led the 182-man field with a time of 24:11.6.

Kipkirui of Tennessee Tech followed with a time of 24:27.8.

"Evan is a smart, intellectual runner," said Flagler coach Brian Beil, who has used the Clay County connections for past seasons with Clay High's Corey Mundy, Fleming Island High's Erik Hartley (now an assistant coach at Flagler) and Ridgeview High's Andrew Smith most recently adding their names to the Flagler cross country and track record books with the trio owning times in the top five of Flagler history. Mundy, a four-time all conference choice (2011-2014), won a Peach Belt Conference title with the top time of 24:29 set in 2013. Smith and Hartley ran on the 2016 Peach Belt Conference championship team with Beil being named coach of the year.

"I think we will have a good shot at a conference title (won title in 2016) and even get to the NCAA Division II race if ev-

eryone progresses as planned," said Beil.

The top non-Division I finisher was Ryan Szklany of Embry-Riddle. He finished ninth overall with a time of 24:51.6.

Also for Flagler, Connor Norton finished in 44th place with a season-best time of 26:20.4.

Trenton Liberty posted a time of 26:23.0 and finished in 48th place. Justin Greene rounded out the point scorers for the Saints after he finished in 62nd place with a season-best time of 26:43.9. Crisman Jones (26:48.6), Hunter Ingle (27:57.7), and Anthony Whelan (28:08.5) finished as well for Flagler.

Flagler heads to Charlotte, North Carolina to run in the Royals Challenge on Oct. 12.

forced a missed field goal by Justino.

A shanked punt by Middleburg running back Tyler Bryant, net two yards, after Justino was shaken up on a run, put Johnson and friends at the Bronco 30 yard. Johnson again took the direct snap and veered to the end zone for a quick 13-0 Raider lead with Middleburg stopping a two-point conversion try.

"We tried to do a few different things

on extra points to show our opponents, on film, some different things and we just didn't do a good job executing and we missed some extra points," said Macpherson. "Last week, points won us the Clay game. We got a two-point conversion and made three extra points and that won us the game. This week we didn't do a good job."

The Broncos took the ensuing kickoff and drove 75 yards in under three minutes to bring the score back to 13-7 when Justino was cleared to return and found Tyler

Bryant open for a touchdown pass at 4:53.

"The blitz hurt us a little bit and got us into some trouble," said Macpherson. "We didn't do a good job tackling and we have to work on that."

On the counter drive by the Raiders, the Broncos got a huge boost going into the locker room when Noah Janda and Brody Senn led a group of Broncos that smothered Raider quarterback Vinney Walker for a sack to end the half.

Any momentum Middleburg got from the half-ending sack was lost with an inter-

ception at the 50 followed by another Johnson touchdown as Orange Park pushed to a 19-7 lead.

"We did a better job in the second half defending the pass and seeing the screens," said Macpherson. "All in all, our defense showed up, but we still have to do a better job."

On the next Bronco drive, with Middleburg starting on the 34, a screen pass bounced off the receiver and right into Raider defender Antwuan Cooper's hands.

In less than five minutes, the Raiders had two interceptions resulting in scores, 25-7.

After a brief Bronco drive that resulted in a punt, the Raiders took over from the 21 yard line, ran a play action to Alex Collier that sucked in the Bronco defensive backs and left Johnson all alone deep down the field for a 79 yard scoring pass from quarterback Vinny Walker for a 32-7 lead.

On the return drive, Justino was again picked off as Raider Diallo Bryant jumped the route to put his team back on offense.

With only 13 seconds left in the third quarter, Walker looked up to see wideout Umar Young all alone, hit him with a perfect strike and went 51 yards for the final dagger in the Broncos, 39-7. In the final quarter, the Broncos would get two more possessions that finished with a punt on one drive, and stopped short with fourth down and short to go.

"Our kickoffs were terrible," said Middleburg High coach Karl Smeltzer. "I think we had guys jogging. I don't think we had guys running down the field and playing real hard. Our kicker on the first two kicks in the first half were terrible so we have to clean that whole thing up."

Orange Park will face off against another district foe this week with a home game against the Ridgeview Panthers. The Broncos will hit the road and head over to Jacksonville to face off against another district game with the Ed White Commanders.

## RHS alum Prestridge hits conference gamewinner

COLUMBIA, S.C. – The Columbia International University Men's Soccer team was back on the field after having a whole week off due to Hurricane Florence. The Rams hosted Truett-McConnell University for the first ever AAC Conference game and came back to win the game 4-3 in a match played September 18. The Rams move to 5-0 on the season and 1-0 in conference, while the Bears fall to 4-2 overall.

Ridgeview High graduate Ricky Prestridge scored two goals for the Rams, including the game winner with 1:15 left on the clock.

Halfway through the first half, the Rams fell behind 2-0 before scoring just before the halftime break to go into the lockers down 2-1.

Columbia tied the game at 2-2 just into the second half before Prestridge put the Rams up 3-2 with a rebound shot off a shot by teammate Nathanael Ruth at 26:17.

Truett-McConnell regained a tie score at 3-3 with five minutes left in the game before Prestridge stuck again with his gamewinner at 1:15 to go off a service pass from teammate Rahim Gordon.

The Rams held the Bears to no more shots on goal to end the game at 4-3.

Prestridge now has four goals and three assists for 11 team points to be second in scoring for the Rams. He has 15 shots with eight on frame with the solo gamewinner.

Columbia lost their next two contests; a 2-0 game to Tennessee Wesleyan and a 6-0 loss to Bryan College (Tenn.) on Sept. 22 to fall to 5-2 overall.

# Hill, Chop, Cusick take Super 32 medals

By Randy Lefko  
Sports Editor

KISSIMMEE – The 155 pound weight class for Fleming Island High School wrestling could be a tough category for coach P.J. Cobbert to decide upon come November as two candidates, Luke Chop and Joey Cusick both finished in the top four at the Super 32 Early Qualifier wrestling tournament held Friday and Saturday at Osceola High School in Kissimmee.

"We have a lot of young guys and we're just going to lay low, hide and be ready for November," said Fleming Island coach P.J. Cobbert, also the director of the North

Florida Wrestling Academy. "We had a good showing and we're getting 40-50 kids to wrestling practice every night. They are ready to get on it."

Newcomer Tanner Hill, at 163, also finished second with a tough loss in the finals. Hill got to the final with four wins before losing in the final 7-5 to Lukens Tylynne of Manatee.

"Tanner was 0-2 last year at this tournament," said Cobbert. "He's improving everyday."

The Super 32 Early Qualifier is a regional qualifier for area wrestlers to advance to the Super 32 National champion-

North Florida Wrestling Academy's Luke Chop got a tough third place finish with teammate Joey Cusick getting second in the 155 pound weight class at the Super 32 Early Qualifier.

ships held Oct. 27-28 in Greensboro, NC. "We like to get this meet under our belt, but I think the October date for the Super 32 is a little close to the start of our season," said Cobbert. "We'll let the kids and their parents think about whether they go or not."

Cusick, an add-on wrestler from Bishop Kenny High School (5th in Class 1A at 152 last year) who trains at the NFWA, lost to Lake Gibson wrestler Elijah Gray in the 155 final 3-2 after dispatching of four wrestlers to advance. Gray also beat Chop in the quarterfinals to push Chop to the consolation rounds. Chop advanced to the quarterfinal with three wins; a 1-0 decision, a 9-1 major decision and a 7-2 overtime decision.

In consolation, Chop fought for a top four spot; a 1-0 overtime match, a 1-0 decision and a 4-1 decision and finished third

by forfeit when Winter Springs' Hayden McCandless chose to not wrestle.

"Luke is a strong, mobile guy out there and he is improving his footwork," said Cobbert. "Cusick is a strong wrestler from Bishop Kenny that has trained with us all summer. They will both be expected to excel come November."

At 135, Dalton Baysinger won two decisions and via pin to advance to the quarterfinals, but lost by pin to drop to the consolation rounds where he lost by pin to Ted Gjerde of Charlotte, NC.

In the middle school ranks, Green Cove Springs Junior High's Jhoel Robinson won four matches to take the 140 pound title. Robinson had two major decisions; 10-0 and 11-2, a decision (9-2) and won the title with a 26 second pin.

"I watched one of his matches and kids like him are how we are going to equal last year's team," said Cobbert. "Not this year so much because we are young, but we got some hammers coming and, in two years, we are going to be strong top to bottom like last year."

Wrestling for the Clay Wrestling team middle school division, Liam Davis won the 70 pound division with two pins and an 8-4 decision in the final.

Wyatt Leduc placed fourth at 100 pounds to advance with a bye, a loss by pin in the quarterfinal then three consolation round wins before falling by pin four fourth place.

Fleming Island 2018 Class 3A champion Paul Detwiler, at 170, won the Super 32 Early Qualifier in 2016 with Clay High's Kurt Jackson at 223, also winning in 2016. Jackson was a Class 1A runnerup at 195 in 2018.

In 2017, the North Florida Wrestling Academy advanced Jaquan English (4th at 141), Trace Insalaco (3rd at 173) while, in 2016, Lou Gagliardo, formerly of Clay and also Fleming Island and now in New Jersey, competed (3rd at 109), Dylan Taylor, a senior now at Clay, (4th at 135) and Keath Sawdo of Clay (2nd at 148) all advanced.

St. Johns Country Day School defensive end Ashton Correia sets his sights on the Florida Deaf quarterback in Spartans' 47-6 win Sept. 20.

Monroe, one of the biggest players on the Spartan roster was near perfect; 10 of 12 passes, with wideout Brady Walden his favorite target for the night with three catches for 76 yards and a first half score and also an option run touchdown.

From the opening kickoff, Monroe moved sideline to sideline with Walden, Arnold and Mathew Kelley taking quick tosses and making yards off blocks from Tanner Walker and Marcus Coleman on the edges.

Monroe just missed a wide open Arnold on second and 15 from near midfield before finding Walden on the same pass two snaps later on fourth down and 11 for a first down. Walden hauled in the post pattern pass near the 20 and strode in untouched for the first score of the night at 9:08. Monroe kicked the PAT to put St. Johns up 7-0.

Chipoletti called for an onside kick, but got flagged for offsides on the first try, but Walker scooped up the second kick to put the Spartan offense back on the field at the 44 yard line.

A jet sweep to Arnold put St. Johns at the Deaf 24 for a 32 yard pickup that led to Monroe faking the jet sweep to Walden and setting up a second and two that Walden grabbed a quick out to get a third and one for the Spartans.

Walker, behind Coleman, got the first down pass to the Deaf four yard line where Monroe finished off the drive with a run up the middle and a 14-0 St. Johns lead with 7:05 still in the first quarter.

On the kickoff, Monroe set up with Kelley and Walden set up as possible kickers as Chipoletti went for a third onside kick.

Florida Deaf took over on offense after a lengthy referee discussion and moved behind an off-tackle offense. Tackles by Walden and a quarterback rush from Wyatt Smith set up a fourth and seven at midfield for Florida Deaf. A sack from Walden gave St. Johns possession at midfield.

Walden took the first handoff off left tackle behind tackle Ashton Correia and

put St. Johns at the Florida Deaf 30 for a 20 yard gain.

On first down, Coleman found a gaping hole in the middle of the Florida Deaf with Grayson Hall and Mosborg clearing a path for a 12 yard gain to the Deaf eight yard line. Monroe optioned left to Walden for a score to put St. Johns up 21-0 as the second quarter started.

As the second quarter started, Walden stepped in front of a Florida Deaf receiver for what would have been a sure pick six play, but the ball fell to the turf.

With 9:07 still in the half, St. Johns took over at their own 20 and opened with a jet sweep to Arnold behind Smith that got another first down with Walden getting to the Deaf 38 yard line on his own jet sweep for 30 yards, but a flag put the ball back at the Deaf 38.

On first down and 10, St. Johns opened with an option lateral to Walden that put the Spartans at the Deaf 25. On third and three at the 17, 6:22 left in the half, Monroe zigged and zagged his way to a score and a 28-0 lead.

Florida Deaf would score their first touchdown of the season for a 28-6 half-time lead for St. Johns.

In the second half, Kelley scored off a 58 yard pass and also got an interception with a 53 yard return for a score.

# Sheriff's Office warns against 'Secret Shopper' scam

GREEN COVE SPRINGS – Officials from the Clay County Sheriff's Office said Clay residents should be on the lookout for a Secret Shopper scam.

Such types of fraud involve scammers who send out official looking USPS Priority Mail or FedEx packages containing a check and instructions. The instructions tell the victim to cash the check and use the money to buy various gift cards. The unknowing victim is then directed to

"evaluate" the customer service at such stores as Walmart, CVS and Walgreens as they purchase the gift cards.

Victims are then asked to email or text their "evaluation of the stores customer service," along with the gift cards activation code and a picture of the card so they can "confirm" the cards were activated. The victim is told that their reward is getting to keep a portion of the check for helping with the "survey," but they cannot

inform anyone. The scammer then uses the gift card information to retrieve the money stored on the cards.

Sheriff Darryl Daniels urges residents that these checks are fraudulent and if anyone is asked to do this, to report it immediately to police. He said the checks are fake and will bounce.

In the meantime, the victim is left with a felony fraud charge and the scammer has gift cards they will use to shop online.

Daniels recommends not responding to any of the contact information and to check the tracking numbers on the package as tracking does not reflect a return address and to report the incident to the Postal Inspector.

According to an arrest report, Williams then allegedly punched the victim who fought back and struck Williams in the eye in self-defense, causing a cut.

The man then attempted to leave the bonfire in his car when Williams threw a brick at the vehicle and shattered the rear window. ### Jax man charged with burglary

DOCTORS INLET – Authorities arrested a Jacksonville man for allegedly breaking into a home in Doctors Lake and stealing almost \$4,000 worth of video gaming equipment, camping equipment and cash.

The Clay County Sheriff's Office extradited Raykwon Lee Johnson, 22, from the Duval County Pre-Trial Detention Center on Sept. 19 and booked him on one count of burglary.

According to the warrant, Johnson

broke in to a home in the 3000 block of Murray Street on or before July 13. The victim told police that \$750 in video gaming equipment, \$1,000 worth of camping equipment and \$2,000 cash was stolen from his home.

The victim also said he discovered a Smith & Wesson revolver on the ground in his backyard near a back bedroom and it was not his.

Police used video footage from one of the victim's nearby neighbors to identify a Chevrolet Camaro that appeared on the street around the time the victim believed the break-in occurred.

At press time, Johnson remained in the Clay County jail where his bond is set at \$75,003.

## DAVE & CARL BARRY & HIAASEN

This evening with Florida's favorite sons/writers, Miami Herald columnists Dave Barry and Carl Hiaasen, promises a hilarious but insightful look into today's political landscape and its impact on the writers' beloved state. Introduced by the Sun Sentinel's Rosemary O'Hara and moderated by WLRN's Tom Hudson; the entertaining discussion will touch on the dangers that lurk when citizens don't have access to government records and information.

## PROPOSED CONSTITUTIONAL AMENDMENTS AND REVISIONS FOR THE 2018 GENERAL ELECTION

I, Ken Detzner, Secretary of State for Florida, do hereby give notice that the following proposed amendments and revisions to the Florida Constitution will be presented in each county on the 2018 General Election ballot.

The language for these amendments may also be found at FloridaPublicNotices.com, at DOS.Elections.MyFlorida.com/initiatives, and at this newspaper's website.

### NO. 1 CONSTITUTIONAL AMENDMENT ARTICLE VII, SECTION 6 ARTICLE XII, SECTION 37

#### BALLOT TITLE:

Increased Homestead Property Tax Exemption

#### BALLOT SUMMARY:

Proposing an amendment to the State Constitution to increase the homestead exemption by exempting the assessed valuation of homestead property greater than \$100,000 and up to \$125,000 for all levies other than school district levies. The amendment shall take effect January 1, 2019.

#### FULL TEXT:

ARTICLE VII  
FINANCE AND TAXATION  
SECTION 6. Homestead exemptions. —

(a) Every person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, or another legally or naturally dependent upon the owner, shall be exempt from taxation thereon, except assessments for special benefits, up to the assessed valuation of twenty-five thousand dollars and, for all levies other than school district levies, on the assessed valuation greater than fifty thousand dollars and up to seventy-five thousand dollars, and on the assessed valuation greater than one hundred thousand dollars and up to one hundred twenty-five thousand dollars, upon establishment of right thereto in the manner prescribed by law. The real estate may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight years. The exemption shall not apply with respect to any assessment roll until such roll is first determined to be in compliance with the provisions of section 4 by a state agency designated by general law. This exemption is repealed on the effective date of any amendment to this Article which provides for the assessment of homestead property at less than just value.

(b) Not more than one exemption shall be allowed any individual or family unit or with respect to any residential unit. No exemption shall exceed the value of the real estate assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which the interest in the corporation bears to the assessed value of the property.

(c) By general law and subject to conditions specified therein, the Legislature may provide to renters, who are permanent residents, ad valorem tax relief on all ad valorem tax levies. Such ad valorem tax relief shall be in the form and amount established by general law.

(d) The legislature may, by general law, allow counties or municipalities, for the purpose of their respective tax levies and subject to the provisions of general law, to grant either or both of the following additional homestead tax exemptions:

(1) An exemption not exceeding fifty thousand dollars to a person who has the legal or equitable title to real estate and maintains thereon the permanent residence of the owner, who has attained age sixty-five, and whose household income, as defined by general law, does not exceed twenty thousand dollars; or

(2) An exemption equal to the assessed value of the property to a person who has the legal or equitable title to real estate with a just value less than two hundred and fifty thousand dollars, as determined in the first tax year that the owner applies and is eligible for the exemption, and who has maintained thereon the permanent residence of the owner for not less than twenty-five years, who has attained age sixty-five, and whose household income does not exceed the income limitation prescribed in paragraph (1).

The general law must allow counties and municipalities to grant these additional exemptions, within the limits prescribed in this subsection, by ordinance adopted in the manner prescribed by general law, and must provide for the periodic adjustment of the income limitation prescribed in this subsection for changes in the cost of living.

(e) Each veteran who is age 65 or older who is partially or totally permanently disabled shall receive a discount from the amount of the ad valorem tax otherwise owed on homestead property the veteran owns and resides in if the disability was combat related and the veteran was honorably discharged upon separation from military service. The discount shall be in a percentage equal to the percentage of the veteran's permanent, service-connected disability as determined by the United States Department of Veterans Affairs. To qualify for the discount granted by this subsection, an applicant must submit to the county property appraiser, by March 1, an official letter from the United States Department of Veterans Affairs stating the percentage of the veteran's service-connected disability and such evidence that reasonably identifies the disability as combat related and a copy of the veteran's honorable discharge. If the property appraiser denies the request for a discount, the appraiser must notify the applicant in writing of the reasons for the denial, and the veteran may reapply. The Legislature may, by general law, waive the annual application requirement in subsequent years. This subsection is self-executing and does not require implementing legislation.

(f) By general law and subject to conditions and limitations specified therein, the Legislature may provide ad valorem tax relief equal to the total amount or a portion of the ad valorem tax otherwise owed on homestead property to:

(1) The surviving spouse of a veteran who died from service-connected causes while on active duty as a member of the United States Armed Forces.

(2) The surviving spouse of a first responder who died in the line of duty.

(3) A first responder who is totally and permanently disabled as a result of an injury or injuries sustained in the line of duty. Causal connection between a disability and service in the line of duty shall not be presumed but must be determined as provided by general law. For purposes of this paragraph, the term "disability" does not include a chronic condition or chronic disease, unless the injury sustained in the line of duty was the sole cause of the chronic condition or chronic disease.

As used in this subsection and as further defined by general law, the term "first responder" means a law enforcement officer, a correctional officer, a firefighter, an emergency medical technician, or a paramedic, and the term "in the line of duty" means arising out of and in the actual performance of duty required by employment as a first responder.

### ARTICLE XII SCHEDULE

SECTION 37. Increased homestead exemption. — This section and the amendment to Section 6 of Article VII increasing the homestead exemption by exempting the assessed valuation of homestead property greater than \$100,000 and up to \$125,000 for all levies other than school district levies shall take effect January 1, 2019.

### NO. 2 CONSTITUTIONAL AMENDMENT ARTICLE XII, SECTION 27

#### BALLOT TITLE:

Limitations on Property Tax Assessments

#### BALLOT SUMMARY:

Proposing an amendment to the State Constitution to permanently retain provisions currently in effect, which limit property tax assessment increases on specified nonhomestead real property, except for school district taxes, to 10 percent each year. If approved, the amendment removes the scheduled repeal of such provisions in 2019 and shall take effect January 1, 2019.

#### FULL TEXT:

ARTICLE XII  
SCHEDULE  
SECTION 27. Property tax exemptions and limitations on property tax assessments. —

(a) The amendments to Sections 3, 4, and 6 of Article VII, providing a \$25,000 exemption for tangible personal property, providing an additional \$25,000 homestead exemption, authorizing transfer of the accrued benefit from the limitations on the assessment of homestead property, and this section, if submitted to the electors of this state for approval or rejection at a special election authorized by law to be held on January 29, 2008, shall take effect upon approval by the electors and shall operate retroactively to January 1, 2008, or, if submitted to the electors of this state for approval or rejection at the next general election, shall take effect January 1 of the year following such general election. The amendments to Section 4 of Article VII creating subsections (g)(f) and (h)(g) of that section, creating a limitation on annual assessment increases for specified real property, shall take effect upon approval of the electors and shall first limit assessments beginning January 1, 2009, if approved at a special election held on January 29, 2008, or shall first limit

#### BALLOT SUMMARY:

Affects articles X and XI. Defines casino gambling and clarifies that this amendment does not conflict with federal law regarding state/tribal compacts.

#### FINANCIAL IMPACT STATEMENT:

The amendment's impact on state and local government revenues and costs, if any, cannot be determined at this time because of its unknown effect on gambling operations that have not been approved by voters through a constitutional amendment proposed by a citizens' initiative petition process.

#### FULL TEXT:

ARTICLE X, FLORIDA CONSTITUTION, is amended to include the following new section:

Voter Control of Gambling in Florida.

(a) This amendment ensures that Florida voters shall have the exclusive right to decide whether to authorize casino gambling in the State of Florida. This amendment requires a vote by citizens' initiative pursuant to Article XI, section 3, in order for casino gambling to be authorized under Florida law. This section amends this Article, and also affects Article XI, by making citizens' initiatives the exclusive method of authorizing casino gambling.

(b) As used in this section, "casino gambling" means any of the types of games typically found in casinos and that are within the definition of Class III gaming in the Federal Indian Gaming Regulatory Act, 25 U.S.C. § 2701 et seq. ("IGRA"), and in 25 C.F.R. §502.4, upon adoption of this amendment, and any that are added to such definition of Class III gaming in the future. This includes, but is not limited to, any house banking game, including but not limited to card games such as baccarat, chemin de fer, blackjack (21), and pai gow (if played as house banking games); any player-banked game that simulates a house banking game, such as California black jack; casino games such as roulette, craps, and keno; any slot machines as defined in 15 U.S.C. 1171(a)(1); and any other game not authorized by Article X, section 15, whether or not defined as a slot machine, in which outcomes are determined by random number generator or are similarly assigned randomly, such as instant or historical racing. As used herein, "casino gambling" includes any electronic gambling devices, simulated gambling devices, video lottery devices, internet sweepstakes devices, and any other form of electronic or electromechanical facilities of any game of chance, slot machine, or casino-style game, regardless of how such devices are defined under IGRA. As used herein, "casino gambling" does not include pari-mutuel wagering on horse racing, dog racing, or jai alai exhibitions. For purposes of this section, "gambling" and "gaming" are synonymous.

(c) Nothing herein shall be deemed to limit the right of the Legislature to exercise its authority through general law to restrict, regulate, or tax any gaming or gambling activities. In addition, nothing herein shall be construed to limit the ability of the state or Native American tribes to negotiate gaming compacts pursuant to the Federal Indian Gaming Regulatory Act for the conduct of casino gambling on tribal lands, or to affect any existing gambling on tribal lands pursuant to compacts executed by the state and Native American tribes pursuant to IGRA.

(d) This section is effective upon approval by the voters, is self-executing, and no Legislative implementation is required.

(e) If any part of this section is held invalid for any reason, the remaining portion or portions shall be severed from the invalid portion and given the fullest possible force and effect.

### NO. 4

### CONSTITUTIONAL AMENDMENT ARTICLE VI, SECTION 4

#### BALLOT TITLE:

Voting Restoration Amendment

#### BALLOT SUMMARY:

This amendment restores the voting rights of Floridians with felony convictions after they complete all terms of their sentence including parole or probation. The amendment would not apply to those convicted of murder or sexual offenses, who would continue to be permanently barred from voting unless the Governor and Cabinet vote to restore their voting rights on a case by case basis.

#### FINANCIAL IMPACT STATEMENT:

The precise effect of this amendment on state and local government costs cannot be determined, but the operation of current voter registration laws, combined with an increased number of felons registering to vote, will produce higher overall costs relative to the processes in place today. The impact, if any, on state and local government revenues cannot be determined. The fiscal impact of any future legislation that implements a different process cannot be reasonably determined.

The court or other authority with jurisdiction shall act promptly on such a request, affording a remedy by due course of law for the violation of any right. The reasons for any decision regarding the disposition of a victim's right shall be clearly stated on the record.

**TEXTO COMPLETO:**

ARTÍCULO VII  
FINANZAS Y TRIBUTACIÓN  
SECCIÓN 6. Exenciones fiscales para la vivienda familiar. —  
(a) Todas las personas que tengan titularidad legal o equitativa sobre bienes raíces y mantengan en los mismos la residencia permanente del propietario, u otra que dependa legal o naturalmente del propietario, quedarán exentos de la tributación sobre los mismos, a excepción de las imposiciones para beneficios especiales, hasta la tasación fiscal de veinticinco mil dólares y, respecto a todos los otros gravámenes a excepción de los gravámenes para distritos escolares, sobre la tasación fiscal superior a cincuenta mil dólares y hasta setenta y cinco mil dólares, y sobre la tasación fiscal superior a cien mil dólares y hasta ciento veinticinco mil dólares, una vez que se establezca el derecho sobre estos según lo prescribe la ley. La titularidad sobre los bienes raíces podrá ser legal o equitativa, mancomunada, solidaria, en común, como condominio, o indirectamente mediante la tenencia de acciones o la participación que representen el derecho del propietario o socio en una sociedad que tenga el dominio o los derechos de arrendamiento que inicialmente superen noventa y ocho años. La exención no se aplicará respecto a ningún registro de evaluación hasta que primero un organismo estatal designado por la ley general determine que dicho registro cumple las disposiciones de la Sección 4. Esta exención se revocará en la fecha de entrada en vigencia de cualquier enmienda a este Artículo que disponga la tasación de la propiedad de la vivienda familiar a un valor inferior al valor justo.  
(b) No se le permitirá más de una exención a ninguna persona o unidad familiar respecto a ninguna unidad residencial. Ninguna exención superará el valor de los bienes raíces tasables al propietario o, en caso de posesión mediante acciones o participación en una sociedad, el valor de la proporción que devengue de la membresía en la corporación sobre el valor tasado de la propiedad.  
(c) De conformidad con la ley general y con sujeción a las condiciones que se especifican en la misma, el Poder Legislativo podrá entregarles a los arrendatarios que sean residentes permanentes una reducción fiscal ad valorem sobre todos los gravámenes fiscales ad valorem. Dicha reducción fiscal ad valorem se establecerá de la forma y en el monto que disponga la ley general.  
(d) El poder legislativo podrá, de conformidad con la ley general, permitirles a los condados o municipios, para efectos de sus gravámenes fiscales respectivos y con sujeción a las disposiciones de la ley general, conceder cualquiera de las siguientes exenciones fiscales adicionales para la vivienda familiar o ambas:  
(1) Una exención que no supere cincuenta mil dólares para una persona que tenga titularidad legal o equitativa sobre bienes raíces y mantenga en los mismos la residencia permanente del propietario, que haya cumplido la edad de sesenta y cinco años, y cuyos ingresos del hogar, según lo define la ley general, no superen veinte mil dólares; o  
(2) Una exención equivalente al valor tasado de la propiedad para una persona que tenga titularidad legal o equitativa sobre los bienes raíces con un valor justo inferior a doscientos cincuenta mil dólares, según se determine en el primer año fiscal que aplique el propietario y que cumpla los requisitos para

la exención, y que haya mantenido en los mismos la residencia permanente del propietario durante al menos veinticinco años, que haya cumplido la edad de sesenta y cinco años, y cuyos ingresos del hogar no superen la limitación sobre ingresos que se prescribe en el párrafo (1).

La ley general debe permitirles a los condados y municipios conceder dichas exenciones adicionales, dentro de los límites que se prescriben en esta subsección, mediante una ordenanza que se adopte de la manera que lo prescribe la ley general, y debe disponer el ajuste periódico de la limitación sobre ingresos que se prescribe en esta subsección respecto a los cambios en el costo de vida. (e) Cada veterano que tenga 65 años o más y que se encuentre total o parcialmente discapacitado recibirá un descuento del monto del impuesto ad valorem que se adeude sobre la propiedad de la vivienda familiar que posea el veterano y donde el mismo resida si la discapacidad hubiera sido causada por el combate y el veterano hubiera sido dado de baja con honor tras retirarse del servicio militar. El descuento se expresará en un porcentaje equivalente al porcentaje de la discapacidad permanente vinculada al servicio del veterano, según lo determine el Departamento de Asuntos de los Veteranos de los Estados Unidos. Para optar al descuento que concede esta subsección, el solicitante debe presentarle al tasador de propiedades del condado, a más tardar el 1 de marzo, una carta oficial del Departamento de Asuntos de los Veteranos de los Estados Unidos mediante la que se indique el porcentaje de la discapacidad vinculada al servicio del veterano y las pruebas que demuestren de manera razonable que la discapacidad fue causada por el combate, así como también una copia de la baja honorable del veterano. Si el tasador de propiedades rechaza la solicitud de descuento, el tasador debe notificarle al solicitante por escrito los motivos del rechazo, y el veterano podrá volver a realizar la solicitud. El Poder Legislativo podrá, de conformidad con la ley general, ceder del requerimiento anual de solicitudes en los años posteriores. Esta subsección tiene efecto inmediato y no necesita legislación de implementación.  
(f) De conformidad con la ley general y con sujeción a las condiciones y limitaciones que se especifican en la misma, el Poder Legislativo podrá entregarle una deducción fiscal ad valorem equivalente al monto total a una parte del impuesto ad valorem que se adeude sobre la propiedad de la vivienda familiar a:  
(1) La cónyuge sobreviviente de un veterano que haya muerto durante su servicio activo en calidad de miembro de las Fuerzas Armadas de los Estados Unidos.  
(2) La cónyuge sobreviviente de un miembro de primeros auxilios que haya muerto en acto de servicio.  
(3) Un miembro de primeros auxilios que se encuentre totalmente y permanentemente discapacitado a causa de una lesión o lesiones que haya sufrido en acto de servicio. La conexión causal entre una discapacidad y el acto de servicio no debe presumirse, sino que debe determinarse según lo dispone la ley general. Para efectos de este párrafo, el término "discapacidad" no incluye una condición crónica o enfermedad crónica, a menos que la lesión que se haya sufrido en acto de servicio hubiera sido la única causa de la condición crónica y la enfermedad crónica. Según se usa en esta subsección y según lo define más extensamente la ley general, el término "miembro de primeros auxilios" hace referencia a un oficial de la policía, un oficial correccional, un bombero, un técnico médico de emergencia o un paramédico, y el término "en servicio activo" significa que surge a raíz del desempeño real del servicio que sea necesario en virtud del trabajo como miembro de primeros auxilios.

Control de Apuestas en Florida por parte de los Votantes

**RESUMEN DE LA PAPELETA DE VOTACIÓN:**

La presente enmienda garantiza que los votantes de Florida tengan el derecho exclusivo a decidir si autorizar o no las apuestas en casinos, eligiendo que para que estas sean autorizadas conforme a la ley de Florida, deban ser primero aprobadas por los votantes de Florida de conformidad con el Artículo XI, Sección 3 de la Constitución de Florida. **DECLARACIÓN DE IMPACTO FINANCIERO:**

El impacto de la enmienda en los ingresos públicos y costos del gobierno estatal y local, si los hubiere, no pueden determinarse en este momento. Esto debido a que se desconoce su efecto en las operaciones de apuestas que no hayan sido aprobadas por los votantes mediante una enmienda constitucional propuesta a través de un proceso de petición de iniciativa por parte de los ciudadanos.

La presente enmienda requiere del voto mediante una iniciativa de los ciudadanos de conformidad con el Artículo XI, Sección 3, para que las apuestas en casinos sean autorizadas conforme a la ley de Florida. Esta sección enmienda el presente Artículo; y además afecta al

**Artículo XI, al hacer que las iniciativas de los ciudadanos sean el método exclusivo de autorizar las apuestas en casinos.** (b) Según se utiliza en la presente sección, "apuestas en casinos" hace referencia a cualquiera de los tipos de juegos que suelen encontrarse en los casinos y que se ajustan a la definición de juegos Clase III de la *Federal Indian Gaming Regulatory Act* [Ley Federal de Regulación de Juegos entre la Población Indígena], 25 U.S.C. § 2701 y ss. ("IGRA"), y en el 25 C.F.R. §502.4 una vez que se adopte la presente enmienda, y cualquiera que se agregue a dicha definición de juegos Clase III en el futuro. Esto incluye, sin limitación, cualquier juego donde la casa participe y pueda ganar, lo que incluye, sin limitación, juegos de cartas como *blackjack*, *chemin de fer*, *blackjack* (21), y *pai gow* (si se practican como juegos donde la casa participe) cualquier juego bancado por los jugadores que simule un juego donde la casa participe, como el *black jack* de California; juegos de casino como la ruleta, el pase inglés y el *keno*; cualquier máquina tragamonedas según se definen en 15 U.S.C. 1171(a)(1); y cualquier otro juego no autorizado por el Artículo X, Sección 15, ya sea si se define como una máquina tragamonedas o no, en el que los resultados sean determinados por un generador de números aleatorios o se asignen de manera similar al azar, como *instant* o *historical racing*. Según se utiliza en el presente, "apuestas en casinos" incluye dispositivos electrónicos de apuestas, dispositivos de apuestas simuladas, dispositivos de video *lotería*, dispositivos de concursos por Internet, y cualquier otra forma de réplica electrónica o electromecánica de cualquier juego de azar, máquina tragamonedas, o juego de casino, independientemente de la manera en que dichos dispositivos sean definidos conforme a la IGRA. Según se utiliza en el presente, "apuestas en casinos" no incluye apuestas mutuas en carreras de caballos, carreras de perros o exhibiciones de *cesta punta*. Para efectos de la presente sección, "apuestas" y "juegos" son sinónimos.  
(c) Ninguna disposición aquí empleada se considerará como que limita el derecho del Congreso a ejercer su autoridad a través de la ley general para restringir, regular o gravar cualquier actividad de apuestas o juegos. Además, ninguna disposición aquí empleada se interpretará como que limita la capacidad del estado o de las tribus americanas nativas de negociar convenios en materia de juegos de conformidad con la *Federal Indian Gaming Regulatory Act* con el fin de realizar apuestas en casinos en tierras tribales, o de afectar las apuestas existentes en tierras tribales de conformidad con los convenios formalizados por el estado y las tribus americanas nativas según establece la IGRA.  
(d) La presente sección tiene vigencia una vez aprobada por los votantes, tiene efecto inmediato y no se requiere ninguna implementación legislativa.  
(e) Si cualquier parte de la presente sección se considera inválida por cualquier razón, la parte o partes restantes serán separadas de la parte inválida y se les asignará la mayor vigencia posible.

**TÍTULO DE LA PAPELETA DE VOTACIÓN:**

Enmienda de Restablecimiento de Derechos al Voto

**RESUMEN DE LA PAPELETA DE VOTACIÓN:**

La presente enmienda restablece los derechos de votación de los Floridaños que han sido condenados por delitos graves después de que cumplan todos los términos de su sentencia, lo que incluye la libertad condicional o provisional. La enmienda no regirá para aquellos condenados por homicidio o delitos sexuales, a quienes se les seguiría prohibiendo de manera permanente votar, a menos que el Gobernador y el Gabinete votaran para restablecer sus derechos de votación según cada caso en particular.

**DECLARACIÓN DE IMPACTO FINANCIERO:**

Los efectos precisos de la presente enmienda en los costos del gobierno estatal y local no pueden determinarse. Sin embargo, la vigencia de las leyes actuales de inscripción de votantes, así como el mayor número de personas condenadas por delitos graves que se inscriban para votar, producirá mayores costos generales en relación a los procesos que existen actualmente. El impacto, si lo hubiere, en los ingresos públicos del gobierno estatal y local no puede determinarse. El impacto fiscal de cualquier legislación futura que implemente un proceso distinto no puede determinarse de manera razonable.

ARTÍCULO I  
DECLARACIÓN DE DERECHOS  
SECCIÓN 16. Derechos del acusado y de las víctimas. —  
(a) En todos los procesamientos penales, el acusado deberá, bajo pedido, ser informado de la naturaleza y causa de la acusación, asimismo se le proporcionará una copia de los cargos, y tendrá derecho a tener medidas compulsivas para la comparecencia de testigos, a enfrentar testigos adversos en el juicio, a ser escuchado en persona, por un abogado o ambos, y a tener un juicio rápido y público impartido por un jurado imparcial en el condado donde se cometió el crimen. Si no se conoce el condado, la acusación o información podrá cobrar lugar en dos o más condados de manera conjunta y la prueba de que el crimen fue cometido en esa área será suficiente; sin embargo, antes de declararse, el acusado podrá elegir en cuál de estos condados se llevará a cabo el juicio. El lugar para el enjuiciamiento de los delitos cometidos fuera de los límites del estado será fijado por la ley.  
(b) Para preservar y proteger el derecho de las víctimas de delitos a alcanzar la justicia, garantizar a las víctimas de delitos un papel significativo en todos los sistemas de justicia penal y juvenil, y asegurar que los derechos e intereses de las víctimas de delitos sean respetados y protegidos por la ley de una manera no menos vigorosa que las protecciones otorgadas a los acusados penales y delincuentes juveniles, toda víctima tendrá los siguientes derechos, a partir del momento de su victimización:  
(1) El derecho al debido proceso y a ser tratado con rectitud y respeto por la dignidad propia.  
(2) El derecho a ser libre de intimidación, acoso y abuso.  
(3) El derecho, dentro del proceso judicial, de estar razonablemente protegido del acusado y de cualquier persona que actúe en nombre del acusado. Sin embargo, nada de lo contenido en este documento tiene la intención de crear una relación especial entre la víctima del delito y cualquier agencia u oficina de aplicación de la ley que no tenga una relación o deber especial según lo defina la ley de la Florida.  
(4) El derecho a tener en cuenta la seguridad y el bienestar de la víctima y de la familia de la víctima al establecer la fianza, incluyendo el establecimiento de condiciones de libertad provisional que protejan la seguridad y el bienestar de la víctima y de la familia de la víctima.  
(5) El derecho a evitar la divulgación de información o registros que puedan ser utilizados para localizar o acosar a la víctima o la familia de la víctima, o que puedan revelar información confidencial o privilegiada de la víctima.  
(6) Una víctima tendrá los siguientes derechos específicos bajo pedido:  
a. El derecho a recibir una notificación razonable, precisa y oportuna, y a estar presente en todos los procedimientos públicos que involucren la conducta delictiva, incluidos, entre otros: juicio, declaración de culpabilidad, sentencia, o adjudicación, incluso si la víctima será un testigo en el procedimiento y a pesar de cualquier regla en lo contrario. A la víctima también se le proporcionará una notificación razonable, precisa y oportuna de cualquier liberación o escape del acusado o del delincuente, y de cualquier procedimiento durante el cual algún derecho de la víctima esté implicado.  
b. El derecho a ser escuchado en cualquier procedimiento público que implique la libertad provisional u otro tipo de liberación de cualquier forma de restricción legal, declaración de culpabilidad, sentencia, adjudicación o libertad condicional, y en cualquier procedimiento durante el cual algún derecho de la víctima esté implicado.  
c. El derecho de consultar con el fiscal sobre cualquier acuerdo de culpabilidad, participación en programas alternativos previos al juicio, liberación, restitución, sentencia o cualquier otra disposición del caso.  
d. El derecho a proporcionar información sobre el impacto de la conducta del delincuente sobre la víctima y la familia

de la víctima a la persona responsable de llevar a cabo cualquier investigación previa a la sentencia, a compilar cualquier informe de investigación previo a la sentencia, y a hacer consideración cualquier información de este tipo en cualquier recomendación de sentencia presentada al tribunal.

e. El derecho a recibir una copia de cualquier informe previo a la sentencia y cualquier otro informe o registro relevante para el ejercicio del derecho de la víctima, a excepción de aquellas partes que sean confidenciales o estén exentas por ley.

f. El derecho a ser informado de la condena, sentencia, adjudicación, lugar y tiempo de encarcelamiento u otra disposición del delincuente convicto, así como de cualquier fecha programada para la excarcelación del delincuente, y de la liberación o el escape del delincuente de la custodia.

g. El derecho a ser informado de todos los procesos y procedimientos posteriores a la condena, a participar en tales procesos y procedimientos, a proporcionar información a la autoridad de liberación para que sea considerada antes de que se tome una decisión de liberación, y a ser notificado de cualquier decisión de liberación con respecto al delincuente. La autoridad de libertad condicional o de libertad anticipada extenderá el derecho a ser escuchado a cualquier persona perjudicada por el delincuente.

h. El derecho a ser informado de los procedimientos de indulto y expurgo, a proporcionar información al gobernador, al tribunal, a cualquier junta de indulto y otras autoridades en estos procedimientos, a que esa información se considere antes de que se tome una decisión de clemencia o expurgo; y a ser notificado de tal decisión antes de cualquier liberación del delincuente.

(7) Los derechos de la víctima, según lo dispuesto en el subpárrafo (6) a., subpárrafo (6) b., O subpárrafo (6) c., que apliquen a cualquier primer procedimiento de comparecencia se cumplirán mediante un intento razonable por parte de la agencia competente para notificar a la víctima y transmitir las opiniones de la víctima al tribunal.

(8) El derecho a la pronta devolución de la propiedad de la víctima cuando ya no sea necesaria como evidencia en el caso.

(9) El derecho a la restitución completa y oportuna, en cada caso y por parte de cada delincuente condenado, por motivo de todas las pérdidas sufridas por la víctima como resultado de la conducta delictiva, tanto directa como indirectamente.

(10) El derecho a procedimientos sin demoras irrazonables, y a una pronta y final conclusión del caso y de cualquier procedimiento posterior al juicio.

a. El abogado del estado podrá presentar una demanda de buena fe para un juicio rápido, y el tribunal de primera instancia deberá celebrar una audiencia de señalamientos, bajo previo aviso, dentro de los quince días de la presentación de la demanda, para programar un juicio que comience en una fecha de al menos cinco días pero no más de sesenta días después de la fecha de la llamada del calendario, a menos que el juez de primera instancia presente una orden con determinaciones de hecho que justifiquen una fecha de prueba más de sesenta días después de la audiencia de señalamientos.

b. Todas las apelaciones a nivel estatal y los ataques colaterales sobre cualquier sentencia deberán completarse dentro de los dos años posteriores a la apelación en casos que no sean capitales y dentro de los cinco años posteriores a la apelación en casos capitales, a menos que un tribunal dicte una orden con conclusiones específicas acerca de por qué dicho tribunal no pudo cumplir con este subpárrafo y las circunstancias que causaron el retraso. Cada año, el juez principal de cualquier tribunal de apelación del distrito o el presidente de la Suprema Corte informará caso por caso al presidente de la Cámara de Representantes y al presidente del Senado de todos los casos en que dicho tribunal introdujo una orden con respecto a la incapacidad de cumplir con este subpárrafo. La legislatura podrá promulgar legislación para implementar este subpárrafo.

(11) El derecho a ser informado de estos derechos, y a ser informado de que las víctimas pueden buscar cualquier abogado con respecto a sus derechos. Esta información se pondrá a disposición del público en general y se proporcionará a todas las víctimas de delitos en forma de una tarjeta o por otros medios destinados a informar efectivamente a la víctima de sus derechos en virtud de esta sección.

(c) La víctima, el abogado retenido de la víctima, un representante legal de la víctima o la oficina del procurador del Estado, a petición de la víctima, pueden hacer valer y solicitar el cumplimiento de los derechos enumerados en esta sección y cualquier otro derecho otorgado a una víctima por ley en cualquier juicio o tribunal de apelación, o ante cualquier

otra autoridad con jurisdicción sobre el caso, como cuestión de derecho. El tribunal u otra autoridad con jurisdicción actuará con prontitud sobre dicha solicitud, ofreciendo una solución jurídica de acuerdo con la ley por la violación de cualquier derecho. Las razones de cualquier decisión con respecto a la disposición del derecho de una víctima se indicarán claramente en el registro.

(d) El otorgamiento de los derechos enumerados en esta sección a las víctimas no puede interpretarse como denegación o menoscabo de otros derechos que poseen las víctimas. Las disposiciones de esta sección se aplican a todos los procesos penales y de justicia juvenil, son autoejecutables y no requieren una legislación de implementación. Esta sección no podrá ser interpretada para crear cualquier causa de acción por daños y perjuicios contra el estado o una subdivisión política del estado, o contra cualquier funcionario, empleado o agente del estado o sus subdivisiones políticas.

(e) Como se usa en esta sección, una "víctima" es una persona que sufre daño físico, psicológico o financiero directo o amenazado como resultado de la perpetración o intento de perpetración de un delito o acto delictivo u otro delito o acto delictivo que es cometido. El término "víctima" incluye al representante legítimo de la víctima, al padre o tutor de un menor o al familiar de una víctima de homicidio, excepto cuando se demuestre que el interés de dicho individuo estaría en conflicto real o potencial con los intereses de la víctima. El término "víctima" no incluye al acusado. Los términos "delito" y "delincuente" incluyen conducta y actos delictivos. Las víctimas del crimen o sus representantes legítimos, incluidos los familiares de las víctimas de homicidios, tienen derecho a ser informados, a estar presentes, y a ser escuchados cuando sea pertinente, en todas las etapas cruciales de los procedimientos penales, en la medida en que estos derechos no interfieran con los derechos constitucionales del acusado.
