County offices may move north

BOB REICHMAN
Editor

The County Commission gave its tentative nod of approval recently to launch plans to move current governmental departments in Bushnell north to the Wildwood area.

County Administrator Bradley Arnold told the board at a workshop meeting late last month that the county is approaching the time when it will have to decide whether or not to continue leasing governmental space in the South Sumter Shopping Plaza from owner Bil Spaude.

Arnold said current leases expire between 2019 and 2021 and the board should begin the process of determining if they want to stay in the current facilities or make other arrangements.

County office leases in the South Sumter Shopping Plaza expire between 2019 and 2012.

Although plans are only in the beginning discussion stages, commissioners seemed overwhelmingly in support of Arnold's suggestion to end the lease/landlord relationship it now has and move toward ownership of the housing facilities for some county offices.

To that end, Arnold said he has discussed the possibility of constructing a new two-story building near The Villages Sumter County Service Center, on Powell Road, in Wildwood, with the architect for The Villages.

Arnold said he wanted to ensure that building another government building would be feasible.

Arnold said a new two-story building could be built in that area that would house those government offices and move them closer to the center of county population.

This weekend's annual American Cancer Society's Relay For Life of Sumter County raised $38,877.58 for cancer research and Sumter County patient services, leaving countless volunteers exhausted after being up for 15 hours at the Sumter County Fairgrounds.

"Sumter County residents really showed their spirit this weekend," said Shari Bare, volunteer event chair for the 2014 American Cancer Society Relay For Life.

"The community came together to celebrate the lives of those who have faced cancer, remember loved ones lost and fight back against the terrible disease. It was very touching and emotional

USPS national food drive set locally

Sumter, get your nonperishables and get ready to bag your groceries.

Any day now, you should find a bag and card in your mailbox, asking you to donate to your local food bank.

And this one is a donation made easy – all you have to do is put the nonperishable food items in a bag or box and leave them by your mailbox or in your post office box. Then just wait – your mail carrier will pick up the groceries and make sure they get sorted and delivered to an area food bank or pantry.

It's all part of the "United States Postal Service Stamp Out Hunger" national food drive and will be done by post offices around the county, state and nation, according to Webster Postmaster Judie Mueller.

The food drive will be on Saturday, May 10, according to Mueller.

The Webster post office will be donating food to their local Lighthouse Foundation Ministries organization that provides help for people in the area.

"We're hoping this will be our best food drive yet, please fill a bag and put it in your mailbox. The carrier will pick it up. Let's give back to the community," said Mueller.

The event is always held on the second Saturday in May and involves letter carriers in more than 10,000 cities and towns across the nation.

Over the past 20 years, the effort has provided more than one billion pounds of food. USPS and Campbell Soup Company are major supporters, with Campbell Soup earmarking an additional one million pounds of canned food to the drive. Other supporters are AARP, Feeding America, Publix, Valassis/Red Plum, Cox Target Media and Valpak Direct Marketing Systems, which promotes the drive on 40 million packets delivered to postal customers.

would likely be moved to the proposed building include: the Sumter County Sheriff's Office, the Supervisor of Elections Office, Rural /Metro, Emergency Management and Sumter Fire & EMS.

While the sheriff's office operations would move north, a southern branch office would still be retained in Bushnell along with a branch for emergency operations.

Some other county offices would also retain southern branches near the Sumter County Courthouse.

Arnold told commissioners the concept is only a suggestion but the idea brought support from commissioners.

"I think it's a very well laid out central plan," Commissioner Doug Gilpin said.

Commissioner Gary Breeden agreed with the idea. "No longer being a tenant is important to us."

No action was taken at the workshop and discussions are expected to continue at a later date.

Errors give P.K. Yonge 3-0 softball win over Raiders

LARRY BUGG
Times Correspondent

The ending was unfortunate.

One of the most successful softball teams in recent South Sumter High history ended due to three unearned runs and Gainesville P.K. Yonge High beat them Thursday 3-0 in the Class 4A regional semifinal game at Raiders Field.

The Raiders finished 16-9.

P.K. Yonge, 22-3 and the third-ranked team in the state, was to play Cocoa Beach Friday for the regional title and a berth in the Final Four state tournament.

An infield error in the first inning gave the Blue Wave a 2-0 lead. Later. Andrea Suarez singled and reached third on an outfield error. She later scored on a wild pitch.

P.K. Yonge pitcher Kalen McGill shut down the Raiders. McGill, who will play with the University of South Alabama next year, allowed three hits, walked two and struck out four in pitching a complete gsme.

P.K. Yonge catcher Kaitlyn Burke picked off two Raider runners, singled and scored.

South Sumter pitcher Marissa Mesiemore was the unlucky Raider hurler. She pitched seven innings, allowed four hits, struck out six and walked one. She finished her freshman season with an 11-4 pitching record.

"She (McGill) has outstanding command her pitches," said Blue Wave head coach Paul Silverman. "Mesiemore, I thought, matched her. We were very fortunate. For a freshman going against a senior, I thought Mesiemore matched her pitch for pitch."

The finish was hard to tske.

"It's a tough way to end but we're still very proud of the girls," said Raider head coach Heather Kadur. "We haven't been to the second round of the playoffs since 2000. It's a steppingstone. We played a very good team. They have some very good players. The girls didn't give up. I am very proud of that."

"It could have been 0-0 in the seventh," said assistant coach Marc Johnson. "We knew we had to make every single play and we didn't. We had errors and when we did have people on base, we shot ourselves in the foot."

Webster man charged with rape

BOB REICHMAN
Editor

A 58-year-old Webster man was arrested Monday after he allegedly forced his way into a woman's home two days earlier and sexually assaulted her.

James Hershel Jackson was arrested for burglary and sexual assault. He was placed in the Sumter County Detention Center with bond set at $100,000.

Jackson reportedly knocked on the woman's door in a Webster neighborhood about 1:30 a.m. on Friday, May 2, according to a sheriff's office report.

When the woman refused to allow Jackson inside, he forced his way into the residence, overpowered the woman and raped her, the report states.

Opinion

Dedicated to ending the war on cancer

As the event chair of this year's American Cancer Society Relay For Life committee, I would like to thank residents of Sumter County for their generosity and support.

Fifteen of the 19 registered teams participated in this year's event, with all teams raising more than $38,877 for the American Cancer Society's research, education, and service programs.

This outstanding show of support proves that the people of Sumter County are truly committed to the fight against cancer. Thank you to all of our teams and team captains for all their work, they make this event a success!

Our teams were All In One 4H, Alliance Coach, Bushnell Cancer Support Group, Dade Pioneers, Edward Jones, Faith Angels, First Baptist Church of Bushnell, Moose Lodge of Lake Panasoffkee, New Body Fitness Boot Camp, NJROTC of SSHS, Purcell Chapel, Rural Metro Ambulance, St. Lawrence Catholic Church, SECO Energy, Super Friends/PSL, Sumter Correctional Institution, Sumter County Sheriff's Department, Sumter Medical Center, and #31 – Friends For Hope

We were honored to be joined by many survivors who walked the opening Survivors Lap with their Caregivers, officially kicking off this year's event. These survivors are the reason we continue the fight. Their participation inspires hope in those currently battling cancer.

A special thank you to the many Relay For Life volunteers who worked to make this event a success.

The Relay For Life committee did an outstanding job of putting the event together even after a last minute venue change due to severe weather! This committee pulled off an amazing task of notifying teams, captains, entertainment and all of those providing services for the event with only 7 hours notice before opening ceremony.

They are so dedicated to ending the fight against cancer, they are nothing short of amazing. I feel honored to have served on the committee with them. Committee members are Katrina Webb, Amy Barco, Lynn Cleland, Theresa Hammer, Chrissy Hammer, Lisa Perryman, Missi Kelsey, Christina Thibodeau, Erin Munz, Brenda Locklear, Connie Webb, Courtney Pinion, Fawn Pinion, Susan Hardee, Gail Burry, Theresa Fussell and Maxine Cox. Thank you ladies for being so dedicated and doing an amazing job! I would like to thank Sheriff Bill Farmer for serving as our Honorary Chairman, he also said our opening invocation.

We also appreciate the generosity of this year's sponsors. Relay For Life would not be possible without them. Our sponsors are Continental Country Club; SECO Energy; New Life Ministries Church; Wildwood Lions Club; Gresco Electric Supply; Stokes & Anderson Survey; Housemaster Home Inspection; Tri-State Utility; Farmers Market Restaurant; All-Pro Plumbing; Galaxy Home Solutions; B & S Auto Salvage; Catfish Johnny's; Wildwood Tire; Beef 'O' Brady's of Wildwood; Charlotte Pipe; Graham Trucking; Randall Thornton, Attorney; John Carter & Associates; Realty Executives of the Villages; CDS Security; Granite Solutions; Inline Performance; Carpet Depot & More; Markland Chiropractic; Craig's Lawn Service; James Kry Insurance; Sylvan Learning Center; Purcell Chapel/Beyer Funeral Home; Harris Tree Service; Muscle Bound Gym; Lake Panasoffkee Moose Lodge; Arden's Jewelers; Ayers, Clusters, McCall Curry Etc.; Edward Jones, David Caraway; Sumter Vision Center; Odd Cup'les Café; Bushnell Paint & Body, Super-logo, Sumter County Sheriff's Department; Sumter County Board of County Commissioners. I would like to say a special thank you to the City of Coleman for allowing us to use their community building every month for our team parties.

Serving as event chair for this event has been an honor. It has given me a chance to meet so many dedicated amazing people. Every person that comes out to support the Relay is my hero, after all, a hero is an ordinary person that does extraordinary things. Every step on the track, every lap, every dollar raised gets us that much closer to a cure. Together we can finish the fight against cancer!

You can fight back against cancer and get involved with Relay For Life at any time! For local information call me at 352-303-9094 or nationally call 1-800-ACS-2345 anytime! The website is www.RelayForLife.org.

Sincerely,
Shari W. Bare

Gouged at the gas pumps

According to recent news reports, Florida is noted for another first!

As if identity theft were not enough, now it's for the highest gas prices in the southeast!

Governor Scott's claim to have saved citizens big bucks by reducing vehicle registration is questionable.

I will save around $25 for an entire year. Collectively, perhaps millions will be saved statewide, but individually, peanuts.

How about real savings for everyone who owns a vehicle?

Reduce these excessive state taxes at the gas pump! We are being gouged big time…

Thank you Sumter County

Thank you to everyone who participated in making the car wash/bake sale held on April 26th for my granddaughter Kaileyann Young a great success.

I would like to thank Jack Hatcher at Bushnell Tire for hosting the fundraiser at his business, The Sumter County Times for publishing the article in time for the event, and to the ROTC and Lt. Commander Jacobs for being a large part of the event, including car washers Dylan Woodard, Greg Knight, Ricky Boyce and Zach Haines.

A special thank you to Jessica Deason for helping me with all the details and supplying delicious treats, and the other incredible bakers - Lydia Doremus, Amy Parrish, Morgan Young and Marge Theis for their time and donations of goodies. Thank you to Anthony Young, John and Lisa Riff, Jessica and Lydia for working all day with me, especially all the cleanup. Sumter County citizens are always there when someone is in need and I am humbled by their outpouring of prayers and generous donations. I'm proud to call Sumter County my home.

We will have a yard sale on May 17 in Wildwood and a poker run June 14 starting in Bushnell and staying within the county. For more information please contact me at 352-457-3726. Thank you again Sumter County and to all those who participated.

National Nurses Week

Each year, National Nurses Week is celebrated beginning May 6th and ending May 12th on Florence Nightingale's birthday. National Nurses Week is one of the nation's largest health care events, recognizing the contributions and commitments nurses make and educating the public about the significant work they perform.

This year, the theme of National Nurses Week is "Nurses Leading the Way." Today, more than ever, nurses are at the forefront of transforming the changing state of health care. This week, the North Florida/South Georgia Veterans Health System (NF/SGVHS) would like to honor these dedicated men and women.

VA nurses are an integral part of our health care team. Every day, they provide leadership, advocacy and exceptional clinical care to meet the health care needs of our patients. Veterans and their families rely on our nurses for their compassionate and professional care. National Nurses Week gives us a chance to recognize the contributions of these health care providers who are at the heart of our health care system.

Please join me in celebrating our VA nurses who serve this country by providing quality patient care to all of America's Veterans.

City of Bushnell installs wireless service in downtown Bushnell

The public can now use portable computer devices in the city park

In an effort to provide more amenities for our citizens, the City of Bushnell has installed a guest wireless network for public access in the downtown Park and in the municipal City Hall building.

The public can now use their portable computer devices, such as laptops and ipads, in the park while enjoying the area and can access the City's website to download the City Council packet while in the Council Chambers.

The City would like to encourage the use of our beautiful parks, and feel this enhancement in the downtown area will make it even more user friendly.

For promotions and functions when use may be heavy, the City has the capability to increase the allocation of bandwidth if there is a need.

We hope you will enjoy this new free service!

The City of Bushnell has installed a guest wireless network for public access in the downtown area near the park and Cityy Hall.

Wildwood training set for caregivers

Bob Reichman
Editor

There were an estimated 4,000 cases of Alzheimer's disease in Sumter County in 2013, according to statistics from the Florida Department of Elder Affairs Profiles.

With so many friends and family members taking on the responsibility as caregivers for loved ones suffering from Alzheimer's, the department is planning a special local training.

The six-week course, called Savvy Caregiver Training, is free of charge for those who are caring for loved ones with dementias or Alzheimer's disease.

The course launches from 1 to 3 p.m. on Monday, June 2, and will continue for five consecutive Mondays at Providence Independence Residence in Wildwood, 7676 Rio Grande Blvd.

Each week, the participants learn aspects of the progression of the disease and how to structure and link their efforts to the person affected by the dementia. Participant caregivers learn how to take control of the situation without being domineering or pushy.

In order to foster healthy conversation and time for questions, class size is limited to 15 people. The program is sponsored by Elder Options, the Mid-Florida Area Agency on Aging and is funded by the Florida Department of Elder Affairs.

Every participant receives a caregiver's manual containing program notes, diagrams and illustration. The manual is a basic text for the program.

Savvy Caregiver Training is not a support group. It is intended to provide caregivers with the most up to date information and develop skills to make the practice of care giving just a little easier. For more information about the program or to register, call Tom Rinkoski at 378-6649 ex. 126 or at rinkoskit@agingresources.org.

'March for Babies' to benefit newborns

March for Babies, the nation's oldest walk fundraiser, gives hope to all of approximately four million babies that are born in the United States each year, including more than 200,000 in Florida. The annual campaign, culminating on the day of the walk in each location (31 sites in Florida) secures funds needed for research, grants, advocacy and medical breakthroughs that enable the March of Dimes to improve the health of babies.

"March for Babies is our premier annual fundraiser, bringing together families in our community, that have been touched by prematurity, birth defects or loss," said Lake/Sumter March for Babies Chair Jose Zamperlini.

"We encourage everyone to join the campaign that secures the funds we need to help all babies and to come out on Saturday, May 10. It will be a fun day with family and friends, supporting a great cause."

Zamperlini, plant manager at Cutrale Citrus Juices USA, Inc., is a father of three who feels the mission of the March of Dimes should be embraced by the community so that the causes of prematurity and birth defects can be fully understood one day and all babies can be born healthy.

The first March of Dimes walk took place in San Antonio on Oct. 7, 1970.

Since then, these fundraising walks have evolved into spirited events with millions of volunteer participants that sustain critical March of Dimes programs and initiatives, according to representative Annabelle Croy.

Since its beginning, March for Babies has raised $2 billion nationwide and this year, more than seven million people are expected to participate across the nation. Last year a total of nearly $8.7 million was raised in Florida.

March for Babies walkers help give more babies a healthy start in life. In Florida, funds raised by March for Babies help support prenatal wellness programs, research grants, neonatal intensive care units (NICU) family support programs and advocacy efforts for stronger, healthier babies. March of Dimes is committed to funding research to find the answers to problems that continue to threaten the lives and the health of babies.

"We invite you to visit marchforbabies.org, where you can easily join a team or start your own and be part of this grassroots effort," added Zamperlini.

Walkers can join a corporate team or a family team, or start a new one. Individual walkers are also welcome to take part in the event. March of Dimes offers several fundraising tools and tips – online campaigns net substantially more funds and require less effort than traditional methods – and motivates teams and walkers through incentives, such as gift cards, giveaways and recognition by key constituents.

March for Babies will take place on Saturday, May 10, at Wooton Park in Tavares. Registration begins at 7a.m., with the 3.5-mile walk kicking off at 8 a.m. March for Babies will be a fun-packed gathering, providing a memorable experience to all walkers. Participants can still sign up and raise funds at marchforbabies.org.

March for Babies is sponsored by Florida Hospital Waterman, Pacesetter Silver Sponsor; Cutrale Citrus Juices USA, Inc. and Leesburg Regional Medical Center, Silver Sponsors; and Wells Fargo, Bronze Sponsor; our Media Partners are Sumter County Times and Fox 35 News; and our Top Corporate Partner is Publix Super Markets, Inc.

Obituary

Eva Reese, 91
Dunedin

Eva Micky Mason Reese. She lived the grande adventure. Born Eva Nell Humphrey on March 25, 1923, in Muhlenburg County, Kentucky, and passing on Saturday, May 3, 2014 in Dunedin, Florida, she set a standard of living life to the fullest. One of 8 children born on a farm in Kentucky, all served in the military except for Micky, because she was fighting on another front. She contracted polio at age five. To save her life, she was strapped on a backboard and placed in the care of a porter on a train to be delivered to The Shriner's Crippled Children's Hospital in Louisville, Kentucky where she lived until age 19, receiving 5 major operations, being in a body cast for from 9 to 18 months and learning to walk anew each time. Micky lived Christian principles and came to believe that even the polio was part of God's design. She learned to be a master at sewing and designing both clothing and furniture. At 19, when no more operations were possible, The Shriner's sent her to St. Petersburg to live with family. She and her sister Jeannie, met and married brothers, Don and Dale Mason. Micky had gone to work at a furniture factory, paying cash for her first car and buying into the business within the first year. Don had a beach business. Consummate entrepreneurs, the couple sold the businesses and started the town of Croom-A-Coochee in Sumter County by buying land and subdividing. They could help people gain home ownership by selling for $10 down and $10 per month. They worked to create a community likened to "Mayberry" with everyone knowing and looking out for each other, unlocked doors, weekly hayrides, holiday gatherings. The couple donated land for a community club, park, sheriff substation, and fire department. Micky was instrumental in establishing 3 area churches and provided funding to build a church in the Philippines. Micky worked tirelessly at church and in the schools. She was known for helping anyone who needed help and writing "hot letters" to politicians to get things done where there was injustice. She designed the 7 bedroom stone home the family built where she raised three children. Her house was home to many children in the community. Later, while living with her daughter in Winter Park, she reconnected with family friend Chuck Reese and his five children Sonny, Vicki, Debbie, Sheila and Becky. Chuck and Micky were married and continued their love of traveling by motorhome all over the U.S. and Canada, including Alaska and Nova Scotia.

Eva Reese

Micky is survived by three children David, John, and Mari-Jean as well as five step-children and many grandchildren, nieces and nephews. As a friend said, "I'm hoping God left a little something undone in heaven so she can still write her letters and be a champion for the righting of wrongs."

A gathering to celebrate the life of this efficacious woman will be held on Saturday, May 10, 2014, at the Episcopal church in Bushnell, 313 North Grace Street. Contact 727-742-8293 or MJMelissa13@Gmail.com. Micky loved purple, so feel free to wear it and share stories if you'd like. If you can bring or email stories, the family will place them in a book to be shared. In lieu of flowers, the family suggests donations to The Shriner's Hospital for Children 1-800-241-4438.

Wahoo Baptist

We established in our last presentation that the Bible is true and factual. Now, even if you are still skeptical, come learn how to actually study it so you can understand this inspired writing.

If you are going to critique this book, it is only logical that you actually study it first with an open mind. If you are already a Christian, this will help you understand your Bible. There are some simple instructions that can be easily learned. Essentials: What Christians Believe & Why We Believe It, taught by Pastor Paul Alonso on May 11. Paul will teach us the basics in how to understand the Bible.

No dress code, No requirements, No Pressure! Tattoos welcome! Our traditional service is at 8 a.m. and contemporary service is 10:45 a.m. Wahoo Baptist Church is in Bushnell at 4517 CR319, just off C.R. 48 in the big Wahoo curve.

For information call 793-6015 or go to www.wahoochurch.org

Joining us could be the most important decision you ever make.

Mildred Haygood received her Ten Year Pin with the Retired and Senior Volunteer Program (RSVP). Ms. Haygood is the volunteer site manager at the Sumterville Congregate Meal Site. RSVP connects volunteers age 55+ with volunteer opportunities throughout Lake and Sumter Counties.

Retired/Senior Volunteer Program needs you

RSVP is recruiting Sumter County resident's age 55+ who are willing to share their time and experience with children in need within our community.

Elementary school children need help with reading and basic math skills, in school as well as in afterschool programs. Determined high school students need positive role models to help guide them through to graduation and on to college. Won't you consider making a difference in the life of a child, which in turn will make a real difference in the life of our community?

Please call us at 352-365-1995 today to learn more about becoming a RSVP volunteer.

I don't want a cheap funeral, but I can save a lot of money by planning now…so why not?

I'm a person who plans ahead and I'm also pretty careful with the money I make.

Since someday my family and I will need a reliable funeral home, why not make my arrangements *now* and lock in a low price that I can control?

The old saying is true: you can't take your money with you. But, if I make my plans now I can make the decisions on all the details that matter to me, including the cost, and that's like leaving more money behind for my wife and kids.

LET'S TURN YOUR PRIORITIES INTO A PLAN.

ASK THE MASTER GARDENER

Susan League

UF/IFAS Extension

Question:

I planted Indian hawthorns last fall and the leaves are covered with red brown spots on them. Should I be concerned?

Answer:

Spring has sprung and the Indian hawthorn questions begin! The problem is Entomosporium leaf spot. There are many reasons this can happen. Based on your picture, it appears that your shrubs are planted in shade, which makes it more prone to this problem. When it gets wet from overhead irrigation, the plant cannot dry out properly in the shade. Rainfall can cause this problem also if there is poor air circulation. You may remove the infected leaves and you can apply a fungicide. But you will be fighting a constant battle if you don't move the plants to a more suitable sunny area and space them farther apart for good air circulation. Remember the Florida-Friendly Landscaping™ Principle: Right Plant, Right Place. Your Indian hawthorn is not the right plant for that place.

Indian hawthorn

Question:

I love my Indian hawthorns but am tired of fighting leaf spot constantly and I am digging them up. What do you suggest as a replacement?

Answer:

Before you shovel-prune these plants, it might not be their fault. Were they planted in proper conditions? See the question above. And there are varieties that are more resistant to Entomosporium leaf spot. So, if you love the look, try one of these cultivars: 'Dwarf Yedda', 'Olivia', 'Indian Princess' and 'Snow White". And be sure to plant them in full to part sun, well-drained soil, and space them apart so that the air can circulate through them. Be sure not to severely prune them and always use sterilized pruning shears so you don't spread the problem. If you still want to replace them, see the Master Gardener Note below.

Question:

My holly tree blooms but never produces berries. Why?

Answer:

Hollies are dioecious; fancy word which means there are male and female plants. Sounds like you may have a male plant. Both male and female hollies will produce blooms, but only the females will produce berries when pollinated. Bees are the primary pollinators of hollies and will bring pollen from up to 2 miles away; so you don't necessarily have to have both a male and female tree in your landscape, as long as there is a male nearby. Understand also, that use of pesticides can cause pollination problems and you don't want to kill the bees with chemicals. To be 100% sure that you will get red berries on your hollies, purchase only plants that already have berries on them.

Note from Ask the Master Gardener: We get questions constantly about recommendations on what to plant and we like to start you with this 110 page, color, spiral-bound book that residents of the Southwest Water Management District may order online free of charge. Go to the following link: http://www.swfwmd.state.fl.us On the right-hand side under "Order Publications" click on Florida-Friendly Plant Guide and complete the order form. You may also just download it to your computer. Then contact us if you need more information.

CELEBRATING EARTH DAY

On Saturday, April 12, the 7th annual Earth Day celebration took place at CEMEX, home of the Sumter Environmental Education Center. Almost 1,000 people attended the event.

They enjoyed environmental awareness activities and literature provided by 25 agencies, businesses and schools. An exciting addition to this year's event was the Audubon Birds of Prey who brought a Bald Eagle, American Kestrel, Red-Tailed Hawk, and Barred Owl for all to enjoy and take pictures. The birds were very photogenic. Smokey Bear was there again this year, making an appearance and delighting the crowd with autographs and opportunities to take pictures.

Much generosity came from community businesses and vendors. Visitors received free recyclable shopping bags when they arrived, and volunteers were given green t-shirts to stand out amongst the crowd. All guests were entered into gift drawings and ate lunch and dessert free of charge! A never ending line was at the Grumpy's Ice Cream stand, where visitors and volunteers alike returned multiple times!! Right behind Grumpy's in popularity was the CEMEX mine tours. Visitors were thrilled and fascinated by the guided trips.

Exhibitors included the Florida Fish and Wildlife Conservation Commission who had live alligators and snakes (another very popular exhibit), National Wild Turkey Federation, Thomas E. Langley Medical Center, The Rock Guy, Florida Native Plant Society, Sumter County Public Library, Florida Forest Service (who demonstrated how they control prescribed burns), Southwest Florida Water Management District, Richloam Fish Hatchery (with a tank full of catfish), Save the Manatee Club, and Sumter Electric Co-operative.

Many of the exhibitors donated items for the popular prize giveaways. The Florida's Blood Centers Blood Mobile was extremely pleased with the generosity of donors. South Sumter High School's Junior Naval Reserve Officer Training Corp opened the event with a presentation of the colors. SunSpot Creations was a popular stop for those who enjoyed unique gem and rock jewelry creations. The fossil dig sponsored by Thomas E. Langley Medical Center was definitely the favorite spot for young and old alike!

Laneve Thompkins of SANDesign offered sand design shows this year, and drew in a large crowd at each show. Each school had interactive booths to include storytelling sessions, water and soil testing using digital equipment, making slime, making hair ties out of plastic bags, planting vegetables, and an Adopt-a-Limerock station. The Wildwood Elementary School Chorus performed several environmental songs, and both the South Sumter Middle School Chorus and Band entertained visitors with familiar songs. The crowd was treated to a medley of patriotic tunes by the Wildwood Middle High School Concert Band.

This student petted a snake at the Florida Fish and Wildlife exhibit.

Ten tips to prepare for a natural hazard

Martha Maddox

UF/IFAS Extension

When a natural hazard occurs, the results can be devastating. Are you prepared to protect you and your family along with your worldly possessions in the case a natural hazard occurs?

Natural hazards such as tornados, hurricanes, tropical storms, floods or high wind events can threaten your home, both inhabitants and contents. Today we are going to go over ten things you can do ahead helping you prepare. These ten tips are things you can do to provide greater protection to your family and your property.

First gather your emergency supplies now and don't wait until there are long lines and empty shelves. Check and restock each month so that the supplies are complete & not outdated.

Second create a separate evacuation plan for natural events, such as hurricanes/tropical storms, tornadoes, floods and wildfires. Evacuation plans for each natural event is different so be sure to prepare your plan and share with your family. Refer to the Natural Hazards handbook for details.

Third know your property and take appropriate action. Know if you are in a flood zone & consider flood insurance. Check around house for overhanging tree branches that might cause damage & get them trimmed.

Fourth know your house and take appropriate action. Just a few examples: know when your house was built, does it have connectors to tie the roof to the wall or the wall to the foundation, does it need to be re-roofed. Look at your blueprints.

Fifth strengthen your house. Houses built after the early to mid-1990s should have hurricane clips to tie the roof to the wall and strong connectors from the wall to the foundation. If the house was built before this date you can still retrofit. Check door, windows and roof for strengthening your home.

Sixth utilize the State of Florida's Hazard Mitigation Grant Program.

Seventh don't gamble with your house. Make sure you have obtained adequate hurricanes and flood insurance if you are in a flood prone area.

Eighth take advantage of potential discounts for your hurricane insurance premiums. Check with your insurance agent to find out about discount that may be available to you. Coverage and discounts vary among insurance companies.

Ninth Finance creatively. You should consider efforts to strengthen your house as an important home improvement project. Most projects are not that expensive. It is a great investment to strengthen your house and provide more protection to your family.

Tenth seek the assistance of a qualified, licensed architect, structural engineer or contractor. If you cannot do the work that need to be done to you home, seek a qualified assistance through trusted references from friends and family, structural engineers association, county civil defense and emergency management agencies or the contractors associations. Even if you do the work yourself, it is always best to seek professional advice for initial guidance.

Be sure to be prepared and stay safe this hurricane season. Check out the Disaster Handbook from UF/IFAS Extension at http://disaster.ifas.ufl.edu/masterfr.htm for detailed information in preparing for any type of disaster.

For more information you can contact your local UF/IFAS Extension Office or email Martha Maddox at mmaddox@ufl.edu or call 352-793-2728 ext 223.

National Prayer Day in Sumter

Ceremony held at downtown Bushnell park

Brenda Locklear
Staff Writer

Dozens of people from the community gathered in Bushnell last week, to pray for Sumter County and the nation.

Part of the annual National Prayer Day, the ceremony included a few words by each of the guest speakers, before they led the crowd in prayer. Each speaker was asked to pray over a designated group, such as government, law enforcement, youth, churches, etc.

Those who led prayers included Judge William H. Hallman, Property Appraiser Joey Hooten, Sumter sheriff's Major Steve Binegar, School Supt. Rick Shirley, Supervisor of Elections Karen Krauss, Pastor Marguerite Mathews, Pastor Clarence Crane, Pastor Daniel Richwine, Pastor Leroy Sanders, Pastor Tim Burden, Keith Sumner of Purcell Funeral Home and Pastor Rickey Taylor.

Evangelism Pastor Billy Ray opened the ceremony with a welcome to the crowd and Karen Rushing sang the National Anthem, with the Sumter County Sheriff's Office serving as the color guard.

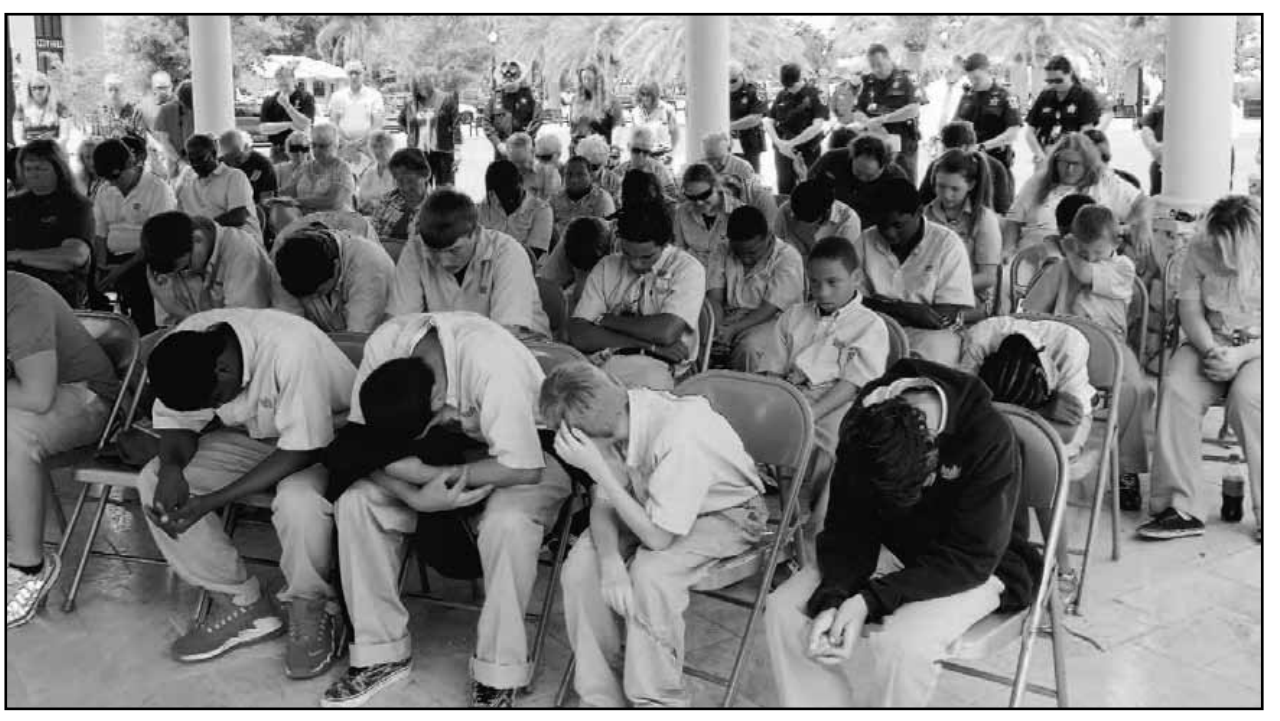
Ray also served as the event coordinator.

Speakers come from around the county – government offices, businesses and from various churches. This year, the pastor's were from St. James Missionary, Lake Panasoffkee and Webster United Methodist, First Assembly of God in Sumterville and Bushnell, and the Rock Church, as well as the host churches, Bushnell Assembly of God and First Baptist Church of Bushnell. The latter two provided the pizza lunch for the event, with drinks provided by Hope Ministries. Brian Harrison donated his time and equipment to provide sound for the event.

People gathered under the gazebo at Bushnell park to listen to the speakers.

Pastor Daniel Richwine spoke to the group and then led the prayer for churches in the community and nation.

Sgt. Darrell Segrest and Major Steve Binegar (saluting) as the National Anthem was being sung. Binegar was one of the speakers for the event and also served to pray for law enforcement.



Students from Sumter Christian School were also on hand and participating in the event. The ceremony began at noon and last until about 1 p.m., with a pizza lunch served afterwards.

Church Martha Williams, Carolyn Shaw, Connie Homes, Joan Statt and Ron Homes served up pizza, drinks and cookies after the ceremony came to a close.

Business and government offices were also represented in the crowd that attended the event, as staff from around the county took their lunch hour to participate. Some of those who attended came from the Sumter County Sheriff's Office.

for all of us."

"We had a last minute change of venue due to severe weather, less than seven hours before opening ceremony, the decision was made to move to an inside location. Thankfully, we were able to move the event from outside at the Sumterville campus of Lake Sumter State College to the Sumter County Fairgrounds Expo Building. The dedicated event committee really pulled together and got the word out using everything from telephones, email, texts, social media and signs. We knew it must go on, it was amazing to see the community rally and come together despite the weather and location change!" said Bare. Teams participated by spending the entire night. Teams represented area businesses, clubs, organizations, family and friends.

Bare said that money raised in the 2014 Relay For Life will be used to speed up the search for new weapons to fight cancer as well as provide much needed patient services in this area.

"Cancer will soon become the number one killer in America as baby boomers grow older," she said. "In order to expand our patient services in Sumter County and research new ways to treat patients, we've got to channel more public attention and money into this problem."

Katrina Webb, who will be the event chair for 2015, said she begin participating to honor and support her mother who is a cancer survivor, they Relay together as part of the Purcell Chapel Team.

"Relay gives me hope that one day the phrase 'you have cancer' will no longer exist."

American Cancer Society Relay For Life of Sumter County was made possible by Continental Country Club, SECO Energy, New Life Ministries and many other local business.

"We will continue to fundraise, cancer does not quit, neither will we" said Bare. Please join us for our wrap up party will be on May 20 at 6 p.m. at the Coleman Community Building.

Information on how to become involved in Relay For Life is available from the American Cancer Society at (352) 326-9599 or 1 (800) ACS-2345, or visit www.RelayForLife.org. The American Cancer Society is dedicated to eliminating cancer as a major health problem by saving lives, diminishing suffering and preventing cancer through research, education, advocacy and service. The American Cancer Society was founded in 1913, has millions of volunteers across the United States. For more information about volunteering in Sumter County call Shari Bare at (352) 303-9094 or for other areas call 1 (800) ACS – 2345.

After getting their medals and sashes, surivors and caretakers gathered for a lap around the "track."

Committee Chair, Shari Bare, places a survivor medal around the neck of Charlie Carson, who attends with his wife Lois (shown at right). Carson was diagnosed back in the mid 1980's with cancer in his esophogeus. Doctors did surgery, but afterwards told him that cancer had spread to his lymph nodes. He got to go home, but was told he had three months to live. He said people at church prayed over him and about 10 minutes after prayer, one of the women told him "Charlie you don't have cancer anymore." He went back to the doctor, without saying anything and the doctors ran the tests twice – saying they couldn't find any cancer in his body. He's been cancer-free ever since.

The Edward Jones team was hot as they worked to put out the fire of cancer and find a cure. This was the display outside their tent at the annual Relay for Life in Sumter County.

Salome's Stars

ARIES (March 21 to April 19) This is a good week to look at healing bruised feelings and re-establishing weakened relationships. It's also a good week to start new projects and make new job-linked contacts.

TAURUS (April 20 to May 20) Music and art dominate the week, giving the sensual Bovine a lot to appreciate. On the practical side, deal firmly, but fairly, with those who might try to undermine your work efforts.

GEMINI (May 21 to June 20) Good feelings continue to flow from your recent efforts to reconnect with family and friends. But be ready to defuse a dispute before it can disrupt all that peace and harmony.

CANCER (June 21 to July 22) A practical view of a romanticized situation could help to clarify some of its more confusing aspects before you make a decision that could be tough to undo later on.

LEO (July 23 to August 22) Pay more attention to what a recent spate of workplace criticism might say about your performance and not what you think it implies about you personally. Some flexibility might be called for.

VIRGO (August 23 to September 22) With new information, and new promises of support (not to mention growing self-confidence), this could be a good time to restart a project you couldn't quite handle before.

LIBRA (September 23 to October 22) Before you decide to close down a problem-loaded project and make a fresh start with someone else, try once more to reach a compromise with your balky partner. He or she might surprise you.

SCORPIO (October 23 to November 21) While you continue earning points for your sharp negotiating skills, be alert for an attempt to undercut your efforts. You'll need to provide solid facts and figures to stay in the game.

SAGITTARIUS (November 22 to December 21) A minor health problem might cause you to ease up on your usually busy schedule. But you'll soon be back in the saddle and ready to pick up the reins and charge ahead.

CAPRICORN (December 22 to January 19) The adventurous Sea Goat might be eager to take on a new challenge. But before you do, you might want to take some time to check out previously overlooked factors.

AQUARIUS (January 20 to February 18) A feeling of being overwhelmed by all that you have to do can be eased by setting priorities. Deal with the most urgent and time-sensitive situations first, and then work down the line.

PISCES (February 19 to March 20) Creating a calm, peaceful place for yourself in the middle of a roiling emotional whirlpool this week starts when you, and no one else, decide how to make decisions about your life.

BORN THIS WEEK: Your determination to stick with your principles wins the admiration of everyone who knows you.

Hot weather safety tips for pets

Linda Graves
Florida DART

Yes – Spring is here. Buds are turning to blooms, and allergy season is upon us. And just as many of us suffer from seasonal allergies, so do many of our pets. Severe cases of itchy skin and watery eyes can not only make your pet feel miserable, but can cause secondary infections. If your pets have symptoms of constantly itching, chewing themselves and/or rubbing their eyes, see your veterinarian to get relief for your furry friend.

Yes – Spring is here. But in Florida, spring feels more like summer. With temperatures already reaching in the high 80's and into the 90's, now is the time to be cautious of the effect high humidity and soaring temperatures have on our pets.

Following are tips to keep pets healthy and comfortable as temperatures rise.

1. Visit your veterinarian. Pets need to be current on vaccinations, on heartworm preventative, and on a flea and tick preventative.

2. Do Not Leave Pets In A Parked Car! It is illegal and it is imminently hazardous!! It just takes a few minutes for the inside temperature of a car to become deadly. Even with windows left open, your pet can suffer a fatal heatstroke.

3. High heat and humidity can affect any animal, but be aware of which animals are less tolerant of the heat. Pets that have health issues, older animals, the very young, obese animals, or short nosed animals are more susceptible to hot weather.

4. Exercise pets in the early morning and evening hours when the temperatures cool down. Be cautious of asphalt that gets hot, which can cause paw pads to burn. Be careful never to overexercise your pet in hot weather.

5. Pets should have access to an air conditioned area. Animals outside can become dehydrated and suffer heatstroke, so access to plenty of water and shade is imperative.

It is a matter of life or death. By recognizing the warning signs of a pet in danger of overheating, you can act quickly to save that animals life. Symptoms include: excessive panting, difficult breathing, drooling, weakness, confused or dazed, elevated heart rate and elevated body temperature, seizures, vomiting, diarrhea, and collapse. If an animal is exhibiting any of these signs, seek immediate veterinarian care.

Our pets are at our mercy. Their protection and welfare is our moral and ethical obligation. It is a responsibility that we must not take lightly.

The ceremony was held on April 26.

Confederate Memorial Day Service held

April 26, the Granville Beville 2234 Bushnell Chapter of the United Daughters of the Confederacy honored seven Confederate Soldiers who fought during The War Between the States, 1861-1865.

These soldiers are buried at the Evergreen Cemetery in Bushnell. Attending was the Confederate Gray Chapter of Leesburg, President Carolyn Sharpe and Rosyln Cartwright and the Marion Dragoons of Weirsdale, President Sandy Mott and Judy Rainey supported us with the ceremony. Jerry Peacock of the Sons of Confederate Veterans unit the Pvt. William Riley Milton Camp 741 of Tavares and Paul Remus, Chris Remus and Bob Lundford who made up the color guard along with many guest and chapter members supported our Ceremony.

The seven Confederate soldiers buried at the Evergreen Cemetery, Bushnell are: Berry James Connell, 1st SGT 50th Regt. GA Infantry; John Evans, Pvt. Co. A, 7th Regt., KY MTD Infantry; William Duvall Lovett, Pvt. Talladega Co., AL Reserves; Lunsford B. McDavid, Pvt. Co., D, 41st Miss Calvary; Wiley Eli Noble, Pvt. Co., B, 4 Batt'n Miss. Calvary; George M. T. Simmons, Co., F, 8th FL Infantry; Captian William Young, Co. I, 7th Miss Cavalry.

A wreath was laid at the grave of Capt. William Young and the Sons of the Confederate Veterans gave a gun salute. A fellowship lunch was followed at the home of Joyce White.

The next meeting of the Granville Beville 2234 Chapter will be held at the home of Peggy Griffin in Eustis at 10 a.m. May 10. For information contact: Carol Tomlinson, 516-5720 or Joyce White, 793-8119.

Florida Forest Service pile burner course filling up

The Florida Forest Service and UF-IFAS Extension at Sumter County will be conducting a Certified Pile Burner's Course on Wednesday July 2, 2014 from 8:30am to 5:00pm at the West Central Florida Agriculture Center in Bushnell, FL (Sumter County Fairgrounds).

This course will allow a landowner to burn piles legally, safely, and efficiently. When the weather is dry, certified pile burners will receive priority for authorization to burn. Certified pile burners can also burn up to two hours longer per day and get multiple authorizations.

The cost of the class is $50 and includes lunch, materials, and exam.

This class is filling up quickly and is expected to hit maximum attendees before the end of May. Register today by calling (352) 793-2728 x 227 or by visiting https://certifiedpileburnerjuly2.eventbrite.com.

RELAY FOR LIFE

Miss Teen Sumter County Emily Graham and Miss Sumter County Emily Mooneyham, served up dessert during the survivor's dinner at the annual Relay for Life.

Committee Chair Share Bare closes her eyes, as she waits to hear Gene Underwood share the total of this year's donation made by Continental Country Club. Underwood represents the group and brought a check for $7,700 – that's up from last year's $5,400.

Miss Sumter County Emily Mooneyham places a silver medal around Connie Webb's neck and Webb leans back to fist her hands and show off her "survivor power," once she has the medallion on.

Austin Pinion, Kierstin Waltynski, Tanner Cunitz, Alexis Pinion and Richard Pinion (shown clockwise from left) posed in a photo frame, in front of their "Faith Angels" camp site. They offered a collection of goodies, including baskets filled with prizes.

John Tavius Robinson tossed on his hat, grabbed the chicken and posed with the cows in front of the "All in One," barn at the Relay. The All In One 4-h group held the American farmers as their heroes. The camp sites are always decorated to match the Relay theme.
