Plans for gas pipeline reviewed

BOB REICHMAN
Editor

The Federal Energy Regulatory Commission (FREC) is currently reviewing comments and concerns expressed by the public and other sources about a proposed multi-billion dollar, 650-mile natural gas pipeline project that would cut through Sumter County in its projected route from Alabama to Orlando.

The Sabal Trail Project is currently under review by the FREC, the lead federal agency for conducting the environmental review of the project. The agency is currently plan-

ning to prepare an environmental impact statement about the proposed project.

Since the public meetings earlier this year, FREC has received more than 250 comment letters about the proposed pipeline. Additionally, about 200 individual comments at 13 public meetings about the project are being considered.

With the company expected to submit an application for the project next month, it is likely to take another year to 18 months before the commission would vote on it.

"After they apply, there will be more opportunities for more public comments," said

Tamara Young-Allen, FREC spokesperson. "This is still very early in the process."

Earlier this year, the developer of the gas pipeline met with Sumter residents to discuss proposed changes in the 36-inch pipeline project.

It was the third proposed route that Sabal Trail representatives had displayed during a series of open house meetings in the county. While other routes would take the pipeline along a south-easterly path west of Lake Panasoffkee, much of the Gum Slough Alternative presented at that meeting passes between the lake and the Wildwood area. Most of

the route is adjacent to an existing high-capacity electric transmission line.

The latest changes would take the pipeline away from more populated areas, but still has potential impacts for a number of rural residents. In particular the south west portions of the Royal Community along County Road 231, the northern portions of the Wildwood Ranch community and some areas along County Road 702 near the Lake County line appear to potentially be affected.

Sumter residents have voiced concerns about the project and many of their concerns

have been voiced by other potentially affected landowners.

John and Lucy Shoup were among the small group of property owners attending the open house early in the year. Their narrow parcel of land in Wildwood Ranch is about 200 feet south of the power line easement.

They've had enough of right-of-way issues, the Shoups said. Their community was agitated a few years ago when there was planning for a second large power line on the easement.

Now, it appears that the gas

When it comes to taste, Providence Independence at Wildwood was the place to be on Thursday, Sept. 5, as more than a dozen restaurants and caterers from the surrounding area set out samples of some of their top dishes. It was the annual Taste of Sumter, hosted by the Sumter County Chamber of Commerce.

The variety of foods ranged from eggplant and penne pasta to spinach berry salad - providing guests with a variety of options. The vendors are asked to supply small samples of their dishes, allowing the public to get an idea of what's on their menu and just how good it is.

Tickets to the event were \$25 each and a portion of the proceeds were designated to fund new scholarships for graduating seniors at Wildwood High School, South Sumter High School and The Villages Charter High School.

Mowers stolen from Bushnell store Sunday

BOB REICHMAN
Editor

Two Dixie Chopper riding lawnmowers were snatched from Lowrey's True Value hardware store in Bushnell last week when someone rode the mowers off the property.

The theft happened sometime on Sunday, Sept. 14, according to a sheriff's office report.

Authorities say someone cut through a fence on the property across the street from the hardware store on State Road 48 in Bushnell.

The property owner discovered the damage Sunday night and then informed the owner of the hardware store and recommended he check his property.

When the store owner arrived, he discovered that someone had cut through his chain link fence where the mowers were stored on the east

side of the building and removed two of them.

"It appears that the mowers were driven through the cut fence and across the road and then into a wooded area where they were loaded onto a waiting vehicle, according to sheriff's Lt. Bobby Caruthers.

The mowers are valued at \$7,500 each.

The sheriff's office is seeking information from anyone who may have witnessed the crime, Caruthers said. Persons with information should contact the sheriff's office at 793-2621 or CRIMELINE at 1-800-423-TIPS where they may be eligible for a reward if it leads to an arrest.

Monday arrest report

Kiriakis Eugene Brown, 24, Wildwood, arrested for unlawful use of two-way communication device, possession and sale of cocaine.

Jennifer Lee Geer, 35, Bushnell, arrested for dealing in stolen property and false ownership.

Kevin Michael Neville Jr., 41, Lake Panasoffkee, arrested for battery and aggravated assault.

pipeline project could take 25 to 50 feet along the north side of their

tract for an easement, they said.

They are concerned with possibly having it that close. "They do have a lot of gas explosions," Lucy Shoup said. "With any luck, maybe it'll just go away." In the mean-

time, they have consulted an attorney.

Jeanne Tolle, a resident of the Center Hill area, also attended the meeting.

She is concerned about safety and damage to her property including a

drainage canal and numerous oak trees.

It's not the same as taking right-of-way for a road, she said.

"A concrete road and a pipeline that can explode are not the same thing."

Child safely recovered during drug deal

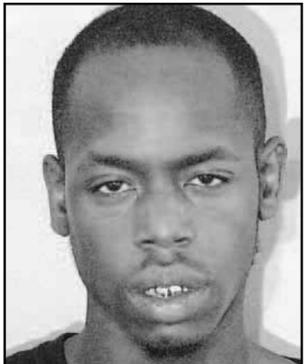

BOB REICHMAN
Editor

When law enforcement officers arrested three adults on drug charges last week, they also found a one-year-old child inside the suspects' vehicle.

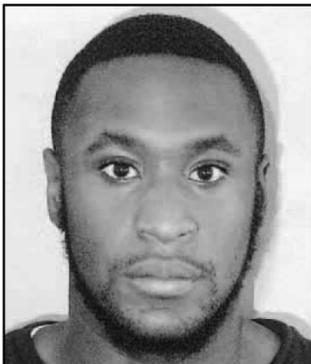

The suspects were arrested about 3:45 p.m. on Wednesday, Sept. 17, at the Wendy's restaurant on County Road 48 in Bushnell, according to a sheriff's office report.

The arrests were made by the Sumter County Sheriff's Special Investigation Squad during an undercover drug operation that resulted in the three arrests.

Dontrail Lammaar Bell, 26, Dunedin, agreed to travel from St. Petersburg to Bushnell to sell heroin and crack cocaine to the undercover drug agent at the Wendy's restaurant, according to a sheriff's office re-

port. Once the drug transaction was completed Bell was taken into custody without incident by the Special Investigations Squad.

During the arresting process, it was discovered that a one-year-old child was in Bell's vehicle along with two adult

passengers identified as Tito Nakai Bell Jr., 20, of St. Petersburg, and Phillesia Yashae Mount, 26, of St. Petersburg.

Tito Nakai Bell Jr. was promptly arrested for possession of marijuana after admitting to detectives that he had been preparing a marijuana

cigar blunt and was found to be in possession of 12 hydrocodone pills, according to the report.

Mount was arrested for possession of marijuana related to 31.9 grams found in plain view next to the diaper bag where she was sitting, the report

states.

The Sheriff's Victim Advocate and the Department of Children and Families responded and took custody of the child who appeared to be unharmed and was later released to her mother who drove from the St. Petersburg area after being notified.

Dontrail Lammaar Bell was arrested for sale of heroin, possession of heroin with the intent to sell, sale of cocaine, possession of cocaine with the intent to sell, child abuse, keeping a drug shop vehicle and driving while license revoked - habitual. Bond was set at \$26,000.

Tito Nakai Bell Jr. was arrested for possession of marijuana and possession of hydrocodone. Bond was set at \$3,000.

Mount was arrested for possession of marijuana. Bond was set at \$2,000.

Panasoffkee man charged with having child porn on computer

BOB REICHMAN
Editor

An investigation is continuing in connection with the arrest last week of a Lake Panasoffkee man charged with having child pornography to his computer.

Nolan Jay Lane, 51, was arrested last Thursday, Sept. 18, on 20 counts of possession of photographs of sexual performances by a child. He was placed in the Sumter County Detention Center with bond set at \$40,000.

After collecting information during a criminal investigation involving the

possible use of child pornography, sheriff's investigators served a search warrant at Lane's residence, according to a sheriff's office report.

"While reviewing the uploaded images I discovered images of the sexual exploitation of children," according to the arrest report filed by sheriff's Det. Tom Ford, a member of a task force tackling Internet

crimes against children. The images depict various acts of sexual conduct of children that clearly appear to be of children less than 18 years of age.

Some of the photographs appear to be of children as young as 5 years old.

The investigation was launched in May after law enforcement authorities were notified that Lane had 29

questionable files, according to the report.

During an interview with at the sheriff's office, Lane reportedly told Det. Tom Ford that he was visiting a website for photographic research and background.

"Lane is a self proclaimed photographer," Ford told the Times Monday.

He also said "there might be more images on items collected from within the residence during the search warrant," the report states.

Ford said the investigation is continuing and that additional charges are pending. "We have a lot of evidence to analyze."

Man arrested on sex charge

BOB REICHMAN
Editor

A Webster man was arrested last week for forcing a child to perform a sexual act on him.

Shawn William Jeffries, 36, was arrested on the sexual charge last Friday, Sept. 19, according to a sheriff's office report.

Jeffries denied his involvement when authorities ask him about the incident, according to a sheriff's office report. He was placed in the Sumter County jail with bond set at \$10,000.

Job loss wasn't Crist's fault

How can Scott claim that Crist lost 600,000 jobs when the loss of jobs worldwide was due to the global recession?

Furthermore Scott has fired thousands of state workers and teachers due to his budget cuts in order to give breaks to large corporations.

Now Scott is claiming that he has created 600,000 jobs in Florida. Do the math. If the above is true, then Florida is still in the red on jobs.

I am amazed that Florida is noted for good jobs. It was my understanding that many of these jobs in Florida are service ones which are low paying and seasonal.

Many of those corporations have donated heavily to Scott's campaign. This is why he sacrificed many loyal state workers and teachers' jobs in order to give the corporations tax breaks.

Sincerely,
Michael J. Harris

Withlacoochee River Watershed Initiative

The initiative contains numerous scenarios of restoration projects which will greatly improve the recharge, storage, and water flow issues from alterations of past years.

I was chairman of the Citizens Advisory Committee of the Withlacoochee River Ecosystem Initiative Program, 1996-2000, that was sponsored by the Florida Dept. of Environmental Protection. Within that period of time, I met with hundreds of citizens who identified 100s of issues of concern that I agreed to physically view, research and present to the Management Committee for discussion and possible inclusion into a master Restoration Plan for the watershed. We have arrived! After 15 years of time and unexpected happenings, some of the largest projects are posted and a lot more issues will be addressed.

Older and a lot more tired, I smile as I see likewise from those who helped bring this restoration effort to fruition. I wish to thank every person who participated as this effort will become a bench mark plan for all watersheds: "Restore natural systems through historical information of science/biology." Together - we can make a difference.

Please contact your elected officials and encourage participation for increasing water storage/aquifer recharge through restoration of natural systems.

Voters Primary is unfair

Voter Primaries are unfair leaving millions of Americans including myself without the candidates we want to run. We are not allowed to vote in any Primaries.

If you are not a registered Republican or Democrat then you are not allowed to vote in the Primary. This means those of us who pick our elected official by the issues cannot vote for our candidates. I have never been in either party but go with the official's stance on important issues so people like me never have a chance for the person we want to be elected.

Let's face it, we all know most politicians are liars and thieves but even I and those like me should have the right to elect the crook I want in office.

Votes do not count because we are not allowed to vote making any election corrupt. Those of us who are not affiliated with either house should have the right to vote in the Primary and not have to decide on one of the two that everyone else picked while the person we wanted is not on the ballot because we were not allowed to vote in the Primary.

I myself stopped voting in the last election because since no one was on the ballot I wanted there was no sense in even voting for the two who were just as bad as one another.

When all Americans have a right to vote in US elections I will again go and cast my vote but when millions of Americans do not have a right to get their official on the ballot in the Primary then is a corrupt system forcing everyone to only pick certain people and not giving some Americans the same rights as the rest of you proving that Primaries are a fraud and a scam.

Primaries need to change and allow every American to vote no matter their affiliation and until this happens it will not be a fair election.

Marijuana referendum

Quite obviously the medical marijuana drive has little to do with medical use and more to do with recreational use. The medical use is the ability of using THC which is in marijuana to help relieve pain and stimulate appetites. This pill has been available in the synthetic form for over 15 years. This is not about helping the sick this is a smoke screen to legalize the drug. If you have 20 percent of Floridians hooked on marijuana at the present time, maybe three million and you legalize it and you double that amount you have six million marijuana users in the state. Who is going to support all these people who have difficulty functioning in society?

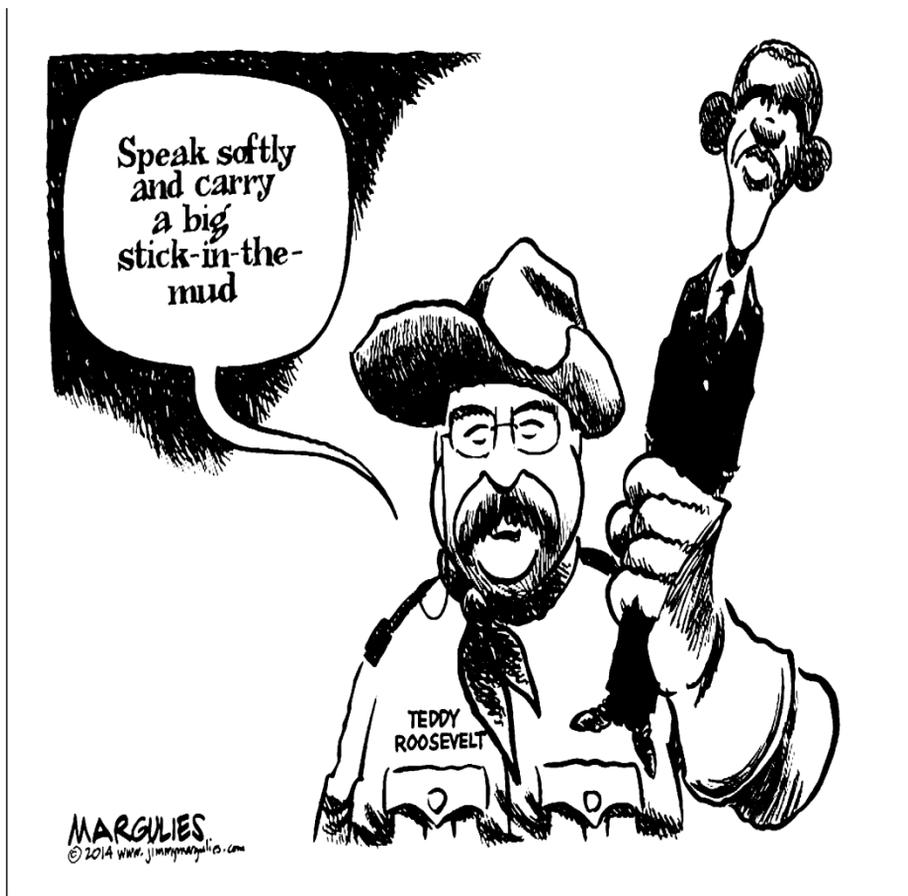

So let's make the November vote easy. If you have a member of your family or a friend who is a user of marijuana and/or alcoholic and their whole life is wasted than vote No! You have seen what this drug does to people, constant use causes brain damage.

How could you vote yes? Most of us have seen the results of individuals who due to the continued use of marijuana and alcohol live off relatives or the government. They can't work because they don't have the focus to hold a job, they steal to buy drugs and you can't trust them, period.

So the bottom line is if you never seen anyone's life destroyed by marijuana and alcohol vote YES with a clear conscience. Be honest with yourself, this is your state and your country. If you want to argue about alcohol versus marijuana, go ahead and waste everyone's time and while you are trying to confuse the issue some more kids will get hooked on drugs and alcohol, their lives will be gone, does it really matter which drug it is?

Grace notes

Hope for moms in waiting

Years ago, my friend Becky in Texas excitedly announced that her son was "only" smoking pot.

She asked, "What kind of a mom gets excited because her kid is 'only' smoking pot?"

The kind of mom whose kid had been doing cocaine and other hard drugs.

She calls this son "Doozy," as in one doozy of a human being, a challenge to know how to love. Not that she doesn't love him fiercely, but that she struggles to know how to express that love in a way that helps, not hurts him.

She wrote recently on her Facebook page: "To love a child is to have your heart go walking around outside your body. To love a troubled adult child is to have your heart, your intestines and your spleen go walking outside your body and onto a rollercoaster, then a Tilt-A-Whirl and down Niagara Falls. You don't know whether to laugh, cry or throw up."

She said, "It's funny how I find myself practicing the same Lamaze breathing I used when I gave birth to his 9-lb., 2-oz. self some 35 years ago. You know that transition stage (during labor) where you feel completely out of control? I'm there again, breathing through labor pains."

She said her mind has been "kidnapped by kid worry" and she wonders if it ever stops, if a mom ever stops worrying about her kids who are in trouble, wonders if moms ever stop praying frantic prayers.

The answer is no, moms never stop being moms.

I told her of a conversation I had one time with God. It was years ago during one of the many times I was trying

Nancy
Kennedy
Special to the
Times

with all my might to control just one small section of the universe where my daughter lives and was having difficulty wrestling the controls away from God.

Things were not going well, which means they weren't going as I had wanted them to go.

I knew exactly how her situation should be fixed and had been acting as a consultant to God about it, although he wasn't taking my advice, which, frankly, is par for the course.

It was then that he gave me a mental picture, which sparked our conversation.

I pictured him as a universe-renown surgeon performing delicate surgery on my child, the kind of surgery only he knew how to do.

As he skillfully cut and sliced, clipped and clamped, I kept poking my fingers in what he was doing, getting in his way, telling him that he's mean because he's hurting my kid and to stop it and just move over so I could do the surgery.

"Have you ever performed surgery before?" God asked.

"Um, no. But I've seen it done on TV."

"Why don't you go sit in the waiting room? Have some coffee. Read a book."

"But I can do a much better job than you can, God."

"Seriously? You seriously think so?"

"Yeah, I do."

Actually, God and I have had this same conversation

many times, and it always ends the same way. He doesn't hand over the scalpel and I end up in the waiting room, usually after being dragged there, kicking and yelling.

A few weeks ago, I ran into a woman who also has a doozy of a son, and she filled me in on what he's been up to. She's doing a lot of Lamaze breathing these days too, walking around with her heart, intestines and spleen on the outside, riding a rollercoaster, feeling like she's about to throw up.

Motherhood ain't for sissies, that's for sure.

As I listened to the stories from these two moms, I thought about other moms I know who are going through similar times of feeling kidnapped by kid worry and how easy it is to think that God's mean to let kids hurt.

But he's not mean. The pain he lets his kids feel is the pain from the surgery, the surgery that saves their souls.

Therefore, the pain is actually his kindness, even though it doesn't look kind. The pain still hurts, and moms who are sitting in the waiting room still feel helpless.

But there's hope for moms in waiting. Becky's son recently entered rehab. She's still in the waiting room, but she now has seen a glimmer of hope, that the surgery is almost over and recovery and restoration is at hand.

I don't want a cheap funeral, but I can save a lot of money by planning now...so why not?

I'm a person who plans ahead and I'm also pretty careful with the money I make. Since someday my family and I will need a reliable funeral home, why not make my arrangements now and lock in a low price that I can control? The old saying is true: you can't take your money with you. But, if I make my plans now I can make the decisions on all the details that matter to me, including the cost, and that's like leaving more money behind for my wife and kids.

LET'S TURN YOUR PRIORITIES INTO A PLAN.

ENMIENDAS CONSTITUCIONALES PROPUESTAS SOBRE LAS QUE SE VOTARÁ EL 4 DE NOVIEMBRE DEL 2014

AVISO DE ELECCIÓN

Yo, Ken Detzner, Secretario de Estado del Estado de la Florida, por el presente notifico que se llevarán a cabo elecciones en cada condado de la Florida, el 4 de noviembre del 2014, para la aprobación o el rechazo de una propuesta de modificación de la constitución del Estado de la Florida.

No. 1 ENMIENDA CONSTITUCIONAL ARTÍCULO X, SECCIÓN 28 (Iniciativa)

Título de la boleta:

Conservación de aguas y tierras: dedicar fondos para adquirir y restaurar tierras objeto de conservación y recreación en el Estado de Florida

Resumen de la boleta:

Provee fondos para el Fondo Fiduciario de Adquisición de Tierras con el fin de adquirir, restaurar, mejorar y administrar tierras objeto de conservación, entre ellas pantanos y bosques; el hábitat de peces y vida silvestre; tierras que protegen los recursos hídricos y las fuentes de agua potable, incluidos los Everglades, y la calidad del agua en ríos, lagos y arroyos; playas y costas; tierras de recreación al aire libre; establecimientos agrícolas y ganaderos en actividad, y emplazamientos históricos o geológicos. Para ello se dedicará el 33% de los ingresos netos obtenidos del impuesto especial existente sobre documentos durante 20 años.

Declaración sobre impacto financiero:

Esta enmienda no incrementa ni reduce los ingresos estatales. El ingreso estatal limitado para los propósitos especificados en la enmienda se estima en \$648 millones para el año fiscal 2015-16 y aumenta a \$1.268 mil millones hacia el vigésimo año. Si eso traerá como consecuencia gastos estatales adicionales depende de futuras acciones legislativas y no puede determinarse. De la misma manera, tampoco puede determinarse el impacto sobre los ingresos de gobiernos locales, si los hubiera. No se prevén costos de gobiernos locales.

ARTÍCULO X VARIOS

SECCIÓN 28. Fondo Fiduciario de Adquisición de Tierras.—

a) Con vigencia el 1° de julio del año posterior a la aprobación de esta enmienda por parte de los votantes y durante un período de 20 años a partir de esa fecha de entrada en vigor, el Fondo Fiduciario de Adquisición de Tierras recibirá no menos del 33% de los ingresos netos derivados del impuesto especial existente sobre documentos, tal como se define en los estatutos vigentes al 1° de enero de 2012, enmendados de tanto en tanto, o de cualquier impuesto sucesor o de reemplazo, después de que el Departamento de Hacienda deduzca primero un cargo de servicio con el fin de pagar los costos de recopilación y aplicación del impuesto especial sobre documentos.

b) El dinero del Fondo Fiduciario de Adquisición de Tierras se empleará únicamente con los siguientes propósitos:

1) Como lo establece la ley, para financiar o refinanciar: la adquisición o mejora de tierras, áreas de agua y derechos inmobiliarios relacionados, entre ellos las servidumbres de conservación y los recursos para tierras objeto de conservación, como, por ejemplo, pantanos, bosques y hábitat de peces y vida silvestre; áreas de administración de vida silvestre; tierras que protegen los recursos hídricos y las fuentes de agua potable, entre ellos las tierras que protegen la calidad y cantidad del agua en ríos, lagos, arroyos, manantiales, y tierras que brindan recarga de agua subterránea y sistemas acuíferos; tierras en el Área agrícola de los Everglades y el Área de protección de los Everglades, como están definidas en el Artículo II, Sección 7(b); playas y costas; tierras de recreación al aire libre, incluidos senderos recreativos, parques y espacios abiertos urbanos; paisajes rurales; establecimientos agrícolas y ganaderos en actividad, emplazamientos históricos o geológicos; junto con la administración, restauración de sistemas naturales y mejoramiento del acceso público o disfrute recreativo de las tierras objeto de conservación.

2) Para el pago del servicio de la deuda sobre los bonos emitidos conforme al Artículo VII, Sección 11(e).

c) El dinero depositado en el Fondo Fiduciario de Adquisición de Tierras, tal como se define en los estatutos vigentes al 1° de enero de 2012, no estará mezclado ni se mezclará con el Fondo de Ingresos Generales del Estado.

No. 2 ENMIENDA CONSTITUCIONAL ARTÍCULO X, SECCIÓN 29 (Iniciativa)

Título de la boleta:

Uso de marihuana para algunas enfermedades

Resumen de la boleta:

Permite el uso médico de la marihuana a las personas con enfermedades debilitantes, según lo determine un médico autorizado por el Estado de Florida. Permite a los cuidadores asistir a los pacientes en el uso médico de marihuana. El Departamento de Salud deberá inscribir y regular los centros que producen y distribuyen marihuana con fines médicos y deberán extender tarjetas de identificación a pacientes y cuidadores. Se aplica únicamente a las leyes del Estado de Florida. No autoriza infracciones de la ley federal ni ningún uso, posesión o producción de marihuana con fines que no sean médicos.

Declaración sobre impacto financiero:

El aumento de costos generado por esta enmienda para el gobierno estatal y los gobiernos locales no puede determinarse. Habrá actividades adicionales de regulación y aplicación asociadas a la producción y venta de marihuana con fines médicos. Las tarifas compensarán al menos en parte los costos de regulación. Si bien el impuesto sobre la venta se aplica a las compras, los cambios fiscales no pueden determinarse de manera razonable, dado que, si no existe una acción legislativa o administrativa estatal, no está claro en qué medida la marihuana con fines médicos estará exenta de impuestos.

ARTÍCULO X VARIOS

SECCIÓN 29. Producción, posesión y uso de marihuana con fines médicos.—

(a) POLÍTICA PÚBLICA.

(1) El uso médico de marihuana por parte de un paciente calificado o un cuidador personal no está sujeto a sanciones penales ni a sanciones penales o civiles conforme a las leyes del Estado de Florida, excepto según se indica en esta sección.

(2) Un médico autorizado por el Estado de Florida no estará sujeto a responsabilidad penal o civil ni a sanciones, conforme a las leyes del Estado de Florida, por extender un certificado médico a una persona diagnosticada con una enfermedad debilitante de conformidad con esta sección.

(3) Las acciones y el comportamiento de un centro de tratamiento de marihuana con fines médicos inscrito ante el Departamento, o sus empleados, según se contempla en esta sección y en cumplimiento de las reglamentaciones del Departamento, no estarán sujetos a responsabilidad ni a sanciones penales o civiles conforme a las leyes del Estado de Florida, excepto según se indica en esta sección.

(b) DEFINICIONES. A los fines de esta sección, las siguientes palabras y términos tendrán los siguientes significados:

(1) «Enfermedad debilitante» significa cáncer, glaucoma, estado positivo del virus de inmunodeficiencia humana (VIH), síndrome de inmunodeficiencia adquirida (SIDA), hepatitis C, esclerosis lateral amiotrófica (ELA), enfermedad de Crohn, enfermedad de Parkinson, esclerosis múltiple u otras enfermedades para las cuales, a criterio del médico, los beneficios del uso médico de la marihuana probablemente serían superiores a los riesgos potenciales para la salud de un paciente.

(2) «Departamento» significa el Departamento de Salud o su agencia sucesora.

(3) «Tarjeta de identificación» significa un documento emitido por el Departamento que identifica a una persona que tiene un certificado médico o a un cuidador personal de por lo menos veintiún (21) años de edad que ha aceptado asistir a un paciente calificado en el uso médico de marihuana.

(4) «Marihuana» tiene el significado otorgado al cannabis en la Sección 893.02(3) de los Estatutos de Florida (2013).

(5) «Centro de tratamiento de marihuana con fines médicos» significa una entidad que adquiere, cultiva, posee, procesa (incluido el desarrollo de productos relacionados tales como alimentos, tinturas, aerosoles, aceites o ungüentos), transfiere, transporta, vende, distribuye, despacha o administra marihuana, productos que contienen marihuana, suministros relacionados o material educativo a pacientes calificados o a sus cuidadores personales y que está inscrito ante el Departamento.

(6) «Uso médico» significa la adquisición, posesión, uso, entrega, transferencia o administración de marihuana o suministros relacionados por parte de un paciente calificado o un cuidador personal para ser usados por un paciente calificado para el tratamiento de una enfermedad debilitante.

(7) «Cuidador personal» significa una persona de por lo menos veintiún (21) años de edad que ha aceptado asistir a un paciente calificado en el uso médico de marihuana y tiene una tarjeta de identificación de cuidador emitida por el Departamento. Un cuidador personal no puede asistir a más de cinco (5) pacientes por vez. Un empleado de un proveedor de cuidados paliativos o de un centro médico o de un hogar de ancianos puede actuar como cuidador personal para más de cinco (5) pacientes calificados, según lo permite el Departamento. Está prohibido para los cuidadores personales consumir marihuana obtenida para el uso personal y médico del paciente calificado.

(8) «Médico» significa un médico autorizado por el Estado de Florida.

(9) «Certificado médico» significa un documento por escrito firmado por un médico, en el que se indica que, en la opinión profesional del médico, el paciente sufre de una enfermedad debilitante, que los beneficios potenciales del uso médico de la marihuana probablemente sean superiores a los riesgos para la salud del paciente, y se indica durante cuánto tiempo el médico recomienda el uso médico de marihuana para el paciente. Un certificado médico sólo puede extenderse después de que el médico haya realizado un examen físico del paciente y una evaluación completa del historial médico del paciente.

(10) «Paciente calificado» significa una persona a la que se le ha diagnosticado una enfermedad debilitante, que tiene un certificado médico y una tarjeta de identificación válida de paciente calificado. Si el Departamento no comienza a emitir tarjetas de identificación dentro de los nueve (9) meses posteriores a la fecha de entrada en vigor de esta sección, un certificado médico válido servirá como tarjeta de identificación de paciente para permitir que una persona se convierta en «paciente calificado» hasta tanto el Departamento comience a emitir tarjetas de identificación.

(c) LIMITACIONES.

(1) Nada de lo contenido en esta sección afectará a las leyes referidas al uso no médico, posesión, producción o venta de marihuana.

(2) Nada de lo contenido en esta sección autoriza el uso de marihuana con fines médicos a cualquier persona que no sea un paciente calificado.

(3) Nada de lo contenido en esta sección permite la operación de un vehículo de motor, embarcación o aeronave mientras se está bajo la influencia de la marihuana.

(4) Nada de lo contenido en esta sección requiere que se infrinjan las leyes federales o pretenda otorgar inmunidad conforme a las leyes federales.

(5) Nada de lo contenido en esta sección requerirá adaptación alguna para el uso médico de marihuana en ningún lugar de educación o trabajo, ni para fumar marihuana con fines médicos en ningún sitio público.

(6) Nada de lo contenido en esta sección requerirá que ningún proveedor de seguros de salud u organismo o autoridad del gobierno reembolse a ninguna persona por los gastos relacionados con el uso médico de marihuana.

(d) OBLIGACIONES DEL DEPARTAMENTO. El Departamento deberá emitir reglamentaciones razonables y necesarias para la implementación y aplicación de esta sección. El propósito de las reglamentaciones es garantizar la disponibilidad y el uso seguro de marihuana con fines médicos por parte de los pacientes calificados. Es obligación del Departamento promulgar reglamentaciones de manera oportuna.

(1) Implementación de reglamentaciones. Con el objeto de otorgarle al Departamento tiempo suficiente después de la aprobación de esta sección, las siguientes reglamentaciones deberán promulgarse a más tardar seis (6) meses después de la fecha de entrada en vigor de esta sección:

a. Procedimientos para la emisión de tarjetas de identificación de paciente calificado a las personas portadoras de certificados médicos, y estándares para la renovación de dichas tarjetas de identificación.

b. Procedimientos para la emisión de tarjetas de identificación de cuidador personal a personas calificadas para asistir a un paciente calificado en el uso médico de marihuana, y estándares para la renovación de dichas tarjetas de identificación.

c. Procedimientos para la inscripción de Centros de Tratamiento de Marihuana Con Fines Médicos, que incluyan procedimientos para la emisión, renovación, suspensión y revocación de inscripciones, y estándares para garantizar la seguridad informática, el mantenimiento de registros, análisis, etiquetado, inspección y seguridad.

d. Una reglamentación que defina la cantidad de marihuana que podrá considerarse un suministro adecuado y razonable para el uso médico de los pacientes calificados, sobre la base de las mejores pruebas disponibles. Esta presunción referida a la cantidad puede contrarrestarse con pruebas del uso médico apropiado por parte de un paciente calificado en particular.

(2) Emisión de tarjetas de identificación e inscripciones. El Departamento comenzará a emitir tarjetas de identificación de paciente calificado y cuidador personal, y también iniciará la inscripción de Centros de Tratamiento de Marihuana Con Fines Médicos a más tardar nueve (9) meses después de la fecha de entrada en vigor de esta sección.

(3) Si el Departamento no emite las reglamentaciones, o si el Departamento no comienza a emitir tarjetas de identificación y a inscribir a Centros de Tratamiento de Marihuana Con Fines Médicos dentro de los plazos establecidos en esta sección, cualquier ciudadano del Estado de Florida tendrá derecho a valerse de recursos judiciales para obligar al cumplimiento de las obligaciones constitucionales del Departamento.

(4) El Departamento deberá proteger la confidencialidad de todos los pacientes calificados. Todos los registros que contengan la identidad de los pacientes calificados deberán ser confidenciales y estar exentos de divulgación pública excepto con fines médicos o referidos al cumplimiento de la ley válidos.

(e) LEGISLACIÓN. Nada de lo contenido en esta sección limitará a la legislación para promulgar leyes coherentes con esta disposición.

(f) DIVISIBILIDAD. Las disposiciones contenidas en esta sección son divisibles, y si cualquier tribunal competente declara la invalidez de cualquier cláusula, oración, párrafo o sección de esta medida, o su aplicación, las demás disposiciones continuarán vigentes en la mayor medida posible.

No. 3 ENMIENDA CONSTITUCIONAL ARTÍCULO V, SECCIONES 10, 11 (Asamblea Legislativa)

Título de la boleta:

Nombramiento Eventual para Ciertos Cargos Judiciales Vacantes

Resumen de la boleta:

Proponer una enmienda a la Constitución del Estado en la que se establezca que el Gobernador debe cubrir las vacantes eventuales en los cargos judiciales que estén sujetos a elecciones de retención cuando los jueces o magistrados se encuentren por cumplir la edad legal para jubilarse o en el supuesto de que no califiquen para la elección de retención; y permitir los nombramientos eventuales si un juez o magistrado no se retiene en su cargo en una elección de retención. En la actualidad, el Gobernador no puede cubrir una vacante prevista hasta que termine el mandato del juez o magistrado actual.

Texto completo:

ARTÍCULO V PODER JUDICIAL

SECCIÓN 10. Retención; elección y mandatos.—

(a) Cualquier juez o magistrado puede calificar para la retención, la cual se produce mediante el voto de los electores en la próxima elección general que sea anterior a la conclusión del mandato del juez o magistrado por las causas establecidas por ley. Cuando ~~se~~ un juez o magistrado no esté habilitado para ser retenido o no cumple con los requisitos para la retención, se producirá una vacante eventual al finalizar el periodo de calificación de retención a fin de nombrar un juez o magistrado sucesor, y se producirá una vacante en ese cargo judicial a la finalización del mandato cumplido por el juez o magistrado. Cuando un juez o magistrado califique como tal para la retención, en la boleta se deberá leer claramente lo siguiente: "¿Deberá el Magistrado (o Juez) ...(nombre del juez o magistrado)... de la...(nombre de la corte)... ser retenido en el cargo judicial?" Si la mayoría de los electores calificados que votan dentro de la jurisdicción territorial de la corte eligen retenerlo, entonces, el juez o magistrado continuará ejerciendo sus funciones durante un periodo de seis años. Este mandato del juez o magistrado que ha sido retenido comenzará el primer martes luego del primer lunes de enero siguiente a la elección general. Si la mayoría de los electores calificados que votan dentro de la jurisdicción territorial de la corte eligen no retenerlo, una vacante eventual se producirá inmediatamente luego de la elección general con la finalidad de nombrar a un juez o magistrado sucesor, y se producirá una vacante en ese cargo judicial a la finalización del mandato cumplido por el juez o magistrado.

(b)(1) Se deberá mantener el método de elección de jueces de circuito sin perjuicio de las disposiciones de la sub-sección (a), excepto que la mayoría de los votantes en la jurisdicción de dicho circuito aprueben la opción local de elegir a los jueces de circuito mediante el sistema de selección por mérito y elecciones de retención en lugar de mediante una elección. La elección de los jueces de circuito deberá realizarse mediante el voto de electores calificados dentro de la jurisdicción territorial de la corte.

(2) Se deberá mantener el método de elección de los jueces de la corte del condado, sin perjuicio de las disposiciones de la sub-sección (a), excepto que la mayoría de los votantes en la jurisdicción de dicho condado aprueben la opción local de elegir a los jueces del condado mediante el sistema de selección por mérito y elecciones de retención en lugar de mediante una elección. La elección de los jueces del Condado deberá realizarse mediante el voto de electores calificados dentro de la jurisdicción territorial de la corte.

(3)a. En la elección general del año 2000 se deberá votar en cada jurisdicción territorial de circuito y de condado para decidir si el modo de elegir a los jueces de circuito y a los jueces del condado será mediante el sistema de selección por mérito y elecciones de retención en lugar de mediante una elección. Si los electores votan por no ejercer esta opción local, esta opción no podrá someterse a votación de los electores en esa jurisdicción hasta que hayan transcurrido al menos dos años.

b. A partir del año 2000, cada circuito puede presentar la opción local de elección por mérito y elecciones de retención o de la elección de jueces de circuito, según corresponda, al presentar una solicitud ante el encargado de los registros estatales. Dicha solicitud deberá estar firmada por un número de electores igual a por lo menos el diez por ciento de los votos emitidos en la jurisdicción de ese circuito en la última elección presidencial efectuada.

c. A partir del año 2000, cada condado puede presentar la opción local de elección por mérito y elecciones de retención o la elección de los jueces del condado, según corresponda, al presentar una solicitud ante el supervisor de las elecciones. Dicha solicitud deberá estar firmada por un número de electores igual a por lo menos el diez por ciento de los votos emitidos en el condado en la última elección presidencial efectuada. Los mandatos de los jueces de circuito y los jueces de condado serán de seis años.

SECCIÓN 11. Vacantes.—

(a)(1) Siempre que se produzca una vacante en un cargo judicial sujeto a la elección de retención, el gobernador deberá cubrir la vacante mediante el nombramiento de una persona entre al menos tres y no más de seis personas nominadas por la comisión judicial de nombramientos correspondiente, por un periodo que finalizará el primer martes luego del primer lunes de enero del año siguiente a las próximas elecciones generales que se efectúen al menos un año después de la fecha del nombramiento.

(2) Siempre que se produzca una vacante eventual en un cargo judicial sujeto a la elección de retención, el gobernador deberá cubrir esa vacante eventual mediante el nombramiento de un juez o un magistrado de entre al menos tres personas y no más de seis personas nominadas por la comisión judicial de nombramientos correspondiente. El plazo del nombramiento comienza cuando finaliza el plazo del cargo que quedó vacante y concluye el primer martes luego del primer lunes de enero del año siguiente a la próxima elección general.

(b) El gobernador deberá cubrir cada vacante de una corte de circuito o de una corte de condado, en donde los jueces sean elegidos por mayoría de votos de los electores, al nombrar a una persona entre no menos de tres y no más de seis personas nominadas por la comisión judicial de nombramientos correspondiente, por un periodo que concluye el primer martes luego del primer lunes de enero del año que sigue a elección primaria y general que se efectúe por lo menos un año después de la fecha del nombramiento. Se deberá realizar una elección para cubrir ese cargo judicial por el periodo del cargo que comienza al finalizar el periodo del cargo por nombramiento.

(c) Los nombramientos se deberán realizar dentro de los treinta días desde que se ha producido la vacante o vacante eventual, excepto que el gobernador extienda el período por un lapso que no podrá exceder los treinta días. El gobernador deberá realizar el nombramiento dentro de los sesenta días desde que los nombramientos hayan sido certificados ante el gobernador.

(d) Tal como lo establece la legislación general, deberán existir diferentes comisiones judiciales de nombramientos para el Tribunal Supremo, para cada tribunal de apelación de distrito, y para cada circuito judicial en todos los juzgados de primera instancia del circuito. Las comisiones judiciales de nombramientos deberán establecer reglamentos de procedimiento uniformes en cada nivel del sistema judicial. Tales reglamentos, o cualquier parte de ellos, podrán ser derogados por las leyes generales promulgadas con la mayoría de votos de cada cámara de la Asamblea Legislativa, o por el Tribunal Supremo de Justicia con el voto concurrente de cinco magistrados. A excepción de las deliberaciones realizadas por las comisiones judiciales de nombramientos, los procedimientos de las comisiones y sus registros deberán estar abiertos al público.

PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON NOVEMBER 4, 2014 NOTICE OF ELECTION

I, Ken Detzner, Secretary of State of the State of Florida, do hereby give notice that an election will be held in each county in Florida, on November 4, 2014, for the ratification or rejection of a proposed revision to the constitution of the State of Florida.

No. 1 CONSTITUTIONAL AMENDMENT ARTICLE X, SECTION 28 (Initiative)

Ballot Title:

Water and Land Conservation - Dedicates funds to acquire and restore Florida conservation and recreation lands

Ballot Summary:

Funds the Land Acquisition Trust Fund to acquire, restore, improve, and manage conservation lands including wetlands and forests; fish and wildlife habitat; lands protecting water resources and drinking water sources, including the Everglades, and the water quality of rivers, lakes, and streams; beaches and shores; outdoor recreational lands; working farms and ranches; and historic or geologic sites, by dedicating 33 percent of net revenues from the existing excise tax on documents for 20 years.

Financial Impact Statement:

This amendment does not increase or decrease state revenues. The state revenue restricted to the purposes specified in the amendment is estimated to be \$648 million in Fiscal Year 2015-16 and grows to \$1.268 billion by the twentieth year. Whether this results in any additional state expenditures depends upon future legislative actions and cannot be determined. Similarly, the impact on local government revenues, if any, cannot be determined. No additional local government costs are expected.

ARTICLE X MISCELLANEOUS

SECTION 28. Land Acquisition Trust Fund.—

a) Effective on July 1 of the year following passage of this amendment by the voters, and for a period of 20 years after that effective date, the Land Acquisition Trust Fund shall receive no less than 33 percent of net revenues derived from the existing excise tax on documents, as defined in the statutes in effect on January 1, 2012, as amended from time to time, or any successor or replacement tax, after the Department of Revenue first deducts a service charge to pay the costs of the collection and enforcement of the excise tax on documents.

b) Funds in the Land Acquisition Trust Fund shall be expended only for the following purposes:

1) As provided by law, to finance or refinance: the acquisition and improvement of land, water areas, and related property interests, including conservation easements, and resources for conservation lands including wetlands, forests, and fish and wildlife habitat; wildlife management areas; lands that protect water resources and drinking water sources, including lands protecting the water quality and quantity of rivers, lakes, streams, springsheds, and lands providing recharge for groundwater and aquifer systems; lands in the Everglades Agricultural Area and the Everglades Protection Area, as defined in Article II, Section 7(b); beaches and shores; outdoor recreation lands, including recreational trails, parks, and urban open space; rural landscapes; working farms and ranches; historic or geologic sites; together with management, restoration of natural systems, and the enhancement of public access or recreational enjoyment of conservation lands.

2) To pay the debt service on bonds issued pursuant to Article VII, Section 11(e).

c) The moneys deposited into the Land Acquisition Trust Fund, as defined by the statutes in effect on January 1, 2012, shall not be or become commingled with the General Revenue Fund of the state.

No. 2 CONSTITUTIONAL AMENDMENT ARTICLE X, SECTION 29 (Initiative)

Ballot Title:

Use of Marijuana for Certain Medical Conditions

Ballot Summary:

Allows the medical use of marijuana for individuals with debilitating diseases as determined by a licensed Florida physician. Allows caregivers to assist patients' medical use of marijuana. The Department of Health shall register and regulate centers that produce and distribute marijuana for medical purposes and shall issue identification cards to patients and caregivers. Applies only to Florida law. Does not authorize violations of federal law or any non-medical use, possession or production of marijuana.

Financial Impact Statement:

Increased costs from this amendment to state and local governments cannot be determined. There will be additional regulatory and enforcement activities associated with the production and sale of medical marijuana. Fees will offset at least a portion of the regulatory costs. While sales tax may apply to purchases, changes in revenue cannot reasonably be determined since the extent to which medical marijuana will be exempt from taxation is unclear without legislative or state administrative action.

ARTICLE X MISCELLANEOUS

SECTION 29. Medical marijuana production, possession and use.—**(a) PUBLIC POLICY.**

(1) The medical use of marijuana by a qualifying patient or personal caregiver is not subject to criminal or civil liability or sanctions under Florida law except as provided in this section.

(2) A physician licensed in Florida shall not be subject to criminal or civil liability or sanctions under Florida law for issuing a physician certification to a person diagnosed with a debilitating medical condition in a manner consistent with this section.

(3) Actions and conduct by a medical marijuana treatment center registered with the Department, or its employees, as permitted by this section and in compliance with Department regulations, shall not be subject to criminal or civil liability or sanctions under Florida law except as provided in this section.

(b) DEFINITIONS. For purposes of this section, the following words and terms shall have the following meanings:

(1) "Debilitating Medical Condition" means cancer, glaucoma, positive status for human immunodeficiency virus (HIV), acquired immune deficiency syndrome (AIDS), hepatitis C, amyotrophic lateral sclerosis (ALS), Crohn's disease, Parkinson's disease, multiple sclerosis or other conditions for which a physician believes that the medical use of marijuana would likely outweigh the potential health risks for a patient.

(2) "Department" means the Department of Health or its successor agency.

(3) "Identification card" means a document issued by the Department that identifies a person who has a physician certification or a personal caregiver who is at least twenty-one (21) years old and has agreed to assist with a qualifying patient's medical use of marijuana.

(4) "Marijuana" has the meaning given cannabis in Section 893.02(3), Florida Statutes (2013).

(5) "Medical Marijuana Treatment Center" means an entity that acquires, cultivates, possesses, processes (including development of related products such as food, tinctures, aerosols, oils, or ointments), transfers, transports, sells, distributes, dispenses, or administers marijuana, products containing marijuana, related supplies, or educational materials to qualifying patients or their personal caregivers and is registered by the Department.

(6) "Medical use" means the acquisition, possession, use, delivery, transfer, or administration of marijuana or related supplies by a qualifying patient or personal caregiver for use by a qualifying patient for the treatment of a debilitating medical condition.

(7) "Personal caregiver" means a person who is at least twenty-one (21) years old who has agreed to assist with a qualifying patient's medical use of marijuana and has a caregiver identification card issued by the Department. A personal caregiver may assist no more than five (5) qualifying patients at one time. An employee of a hospice provider, nursing, or medical facility may serve as a personal caregiver to more than five (5) qualifying patients as permitted by the Department. Personal caregivers are prohibited from consuming marijuana obtained for the personal, medical use by the qualifying patient.

(8) "Physician" means a physician who is licensed in Florida.

(9) "Physician certification" means a written document signed by a physician, stating that in the physician's professional opinion, the patient suffers from a debilitating medical condition, that the potential benefits of the medical use of marijuana would likely outweigh the health risks for the patient, and for how long the physician recommends the medical use of marijuana for the patient. A physician certification may only be provided after the physician has conducted a physical examination of the patient and a full assessment of the patient's medical history.

(10) "Qualifying patient" means a person who has been diagnosed to have a debilitating medical condition, who has a physician certification and a valid qualifying patient identification card. If the Department does not begin issuing identification cards within nine (9) months after the effective date of this section, then a valid physician certification will serve as a patient identification card in order to allow a person to become a "qualifying patient" until the Department begins issuing identification cards.

(c) LIMITATIONS.

(1) Nothing in this section shall affect laws relating to non-medical use, possession, production or sale of marijuana.

(2) Nothing in this section authorizes the use of medical marijuana by anyone other than a qualifying patient.

(3) Nothing in this section allows the operation of a motor vehicle, boat, or aircraft

while under the influence of marijuana.

(4) Nothing in this law section requires the violation of federal law or purports to give immunity under federal law.

(5) Nothing in this section shall require any accommodation of any on-site medical use of marijuana in any place of education or employment, or of smoking medical marijuana in any public place.

(6) Nothing in this section shall require any health insurance provider or any government agency or authority to reimburse any person for expenses related to the medical use of marijuana.

(d) DUTIES OF THE DEPARTMENT. The Department shall issue reasonable regulations necessary for the implementation and enforcement of this section. The purpose of the regulations is to ensure the availability and safe use of medical marijuana by qualifying patients. It is the duty of the Department to promulgate regulations in a timely fashion.

(1) Implementing Regulations. In order to allow the Department sufficient time after passage of this section, the following regulations shall be promulgated no later than six (6) months after the effective date of this section:

a. Procedures for the issuance of qualifying patient identification cards to people with physician certifications, and standards for the renewal of such identification cards.

b. Procedures for the issuance of personal caregiver identification cards to persons qualified to assist with a qualifying patient's medical use of marijuana, and standards for the renewal of such identification cards.

c. Procedures for the registration of Medical Marijuana Treatment Centers that include procedures for the issuance, renewal, suspension, and revocation of registration, and standards to ensure security, record keeping, testing, labeling, inspection, and safety.

d. A regulation that defines the amount of marijuana that could reasonably be presumed to be an adequate supply for qualifying patients' medical use, based on the best available evidence. This presumption as to quantity may be overcome with evidence of a particular qualifying patient's appropriate medical use.

(2) Issuance of identification cards and registrations. The Department shall begin issuing qualifying patient and personal caregiver identification cards, as well as begin registering Medical Marijuana Treatment Centers no later than nine months (9) after the effective date of this section.

(3) If the Department does not issue regulations, or if the Department does not begin issuing identification cards and registering Medical Marijuana Treatment Centers within the time limits set in this section, any Florida citizen shall have standing to seek judicial relief to compel compliance with the Department's constitutional duties.

(4) The Department shall protect the confidentiality of all qualifying patients. All records containing the identity of qualifying patients shall be confidential and kept from public disclosure other than for valid medical or law enforcement purposes.

(e) LEGISLATION. Nothing in this section shall limit the legislature from enacting laws consistent with this provision.

(f) SEVERABILITY. The provisions of this section are severable and if any clause, sentence, paragraph or section of this measure, or an application thereof, is adjudged invalid by any court of competent jurisdiction other provisions shall continue to be in effect to the fullest extent possible.

No. 3 CONSTITUTIONAL AMENDMENT ARTICLE V, SECTIONS 10, 11 (Legislature)

Ballot Title:

Prospective Appointment of Certain Judicial Vacancies

Ballot Summary:

Proposing an amendment to the State Constitution requiring the Governor to prospectively fill vacancies in a judicial office to which election for retention applies resulting from the justice's or judge's reaching the mandatory retirement age or failure to qualify for a retention election; and allowing prospective appointments if a justice or judge is not retained at an election. Currently, the Governor may not fill an expected vacancy until the current justice's or judge's term expires.

Full Text:

ARTICLE V JUDICIARY

SECTION 10. Retention; election and terms.—

(a) Any justice or judge may qualify for retention by a vote of the electors in the general election next preceding the expiration of the justice's or judge's term in the manner prescribed by law. When If a justice or judge is ineligible for retention or fails to qualify for retention, a prospective vacancy is deemed to occur at the conclusion of the qualifying period for retention for the purpose of appointing a successor justice or judge, and a vacancy shall exist in that office upon the expiration of the term being served by the justice or judge. When a justice or judge so qualifies, the ballot shall read substantially as follows: "Shall Justice (or Judge) ...(name of justice or judge)... of the ...(name of the court)... be retained in office?" If a majority of the qualified electors voting within the territorial jurisdiction of the court vote to retain, the justice or judge shall be retained for a term of six years. The term of the justice or judge retained shall commence on the first Tuesday after the first Monday in January following the general election. If a majority of the qualified electors voting within the territorial jurisdiction of the court vote to not retain, a prospective vacancy is deemed to occur immediately following the general election for the purpose of appointing a successor justice or judge, and a vacancy shall exist in that office upon the expiration of the term being served by the justice or judge.

(b)(1) The election of circuit judges shall be preserved notwithstanding the provisions of subsection (a) unless a majority of those voting in the jurisdiction of that circuit approves a local option to select circuit judges by merit selection and retention rather than by election. The election of circuit judges shall be by a vote of the qualified electors within the territorial jurisdiction of the court.

(2) The election of county court judges shall be preserved notwithstanding the provisions of subsection (a) unless a majority of those voting in the jurisdiction of that county approves a local option to select county judges by merit selection and retention rather than by election. The election of county court judges shall be by a vote of the qualified electors within the territorial jurisdiction of the court.

(3)a. A vote to exercise a local option to select circuit court judges and county court judges by merit selection and retention rather than by election shall be held in each circuit and county at the general election in the year 2000. If a vote to exercise this local option fails in a vote of the electors, such option shall not again be put to a vote of the electors of that jurisdiction until the expiration of at least two years.

b. After the year 2000, a circuit may initiate the local option for merit selection and retention or the election of circuit judges, whichever is applicable, by filing with the custodian of state records a petition signed by the number of electors equal to at least ten percent of the votes cast in the circuit in the last preceding election in which presidential electors were chosen.

c. After the year 2000, a county may initiate the local option for merit selection and retention or the election of county court judges, whichever is applicable, by filing with the supervisor of elections a petition signed by the number of electors equal to at least ten percent of the votes cast in the county in the last preceding election in which presidential electors were chosen. The terms of circuit judges and judges of county courts shall be for six years.

SECTION 11. Vacancies.—

(a)(1) Whenever a vacancy occurs in a judicial office to which election for retention applies, the governor shall fill the vacancy by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next general election occurring at least one year after the date of appointment, one of not fewer than three persons nor more than six persons nominated by the appropriate judicial nominating commission.

(2) Whenever a prospective vacancy occurs in a judicial office for which election for retention applies, the governor shall fill the prospective vacancy by appointing a justice or judge from among at least three persons but not more than six persons nominated by the appropriate judicial nominating commission. The term of the appointment commences upon the expiration of the term of the office being vacated and ends on the first Tuesday after the first Monday in January of the year following the next general election.

(b) The governor shall fill each vacancy on a circuit court or on a county court, wherein the judges are elected by a majority vote of the electors, by appointing for a term ending on the first Tuesday after the first Monday in January of the year following the next primary and general election occurring at least one year after the date of appointment, one of not fewer than three persons nor more than six persons nominated by the appropriate judicial nominating commission. An election shall be held to fill that judicial office for the term of the office beginning at the end of the appointed term.

(c) The nominations shall be made within thirty days from the occurrence of a vacancy or prospective vacancy unless the period is extended by the governor for a time not to exceed thirty days. The governor shall make the appointment within sixty days after the nominations have been certified to the governor.

(d) There shall be a separate judicial nominating commission as provided by general law for the supreme court, each district court of appeal, and each judicial circuit for all trial courts within the circuit. Uniform rules of procedure shall be established by the judicial nominating commissions at each level of the court system. Such rules, or any part thereof, may be repealed by general law enacted by a majority vote of the membership of each house of the legislature, or by the supreme court, five justices concurring. Except for deliberations of the judicial nominating commissions, the proceedings of the commissions and their records shall be open to the public.

ter Bar and Grill, Beef O'Brady's and T. Westons. Osprey Point and Providence put out sweet treats, while Brown's Market from Oxford set out some of their Amish foods, including their pickles and cheeses.

There were also two caterers and an event planning company on site. TooJays offered a creamy chicken and artichoke dish, while Gourmet Today provided the spinach salad as well as sample bites of some of their other dishes.

Guests even had an opportunity to try Florida wines with vendor Lakeridge Winery on site, offering samples of their local wines. The list of foods included barbecue sliders, oysters, shrimp, salads, wings and chili. Other vendors included the Pampered Chef, Events by Morningstar and the Sumter County Times.

Adding to the fun, there was a silent auction with gift baskets, artwork and more, all collecting bids and earning money for scholarships.

Jessica Flinn, Cheryl Kozac and Abby Mathewson are shown putting the finishing touches on their food table at the annual Taste of Sumter, held Thursday night in Wildwood. Flinn is co-owner of "Gourmet Today" and the team served up pineapple bit desserts, grilled cheese bits with tomato soup and a berry spinach salad. The business is based in Leesburg, but offers services throughout the area.

The event sold out, with guests coming from around the county and surrounding areas. It provides an opportunity for diners to sample a collection of restaurant foods in small servings, rather than order one dish, from one restaurant. Customers have an idea of what they'll get before dining at a location and restaurants can find new patrons.

From left, Robyn and Hank Bolduc and Barbara Shaw, chat with vendor Shauna Maynard, of Brown's Market in Oxford. The market offers fresh produce as well as a large variety of Amish foods and is located on U.S. 301, north of C.R. 466.

Peggy Evans shared samples from the Lakeridge Winery cellars. The winery, located in Leesburg, offers tours that include a movie on the history of the Florida winery, as well as tastings on several different wines.

Rita Mansour and Chadia Bond hold up menus from Rita's Oyster Bar and Grill, after two hours of serving oysters, shrimp, garlic salad and tabulee at the Taste. The restaurant is located in the Wildwood Shopping Center.

Christina Fields (shown) and Doreen Fronick, of LaHacienda, served up barbecue pork sliders for the Taste.

FROM THE GROUND UP

ASK THE MASTER GARDENER

Question:

When picking up the paper from my drive this morning, there was a huge dead bug on the pavement. What is it and will it harm my plants?

Answer:

This is a big bug. The adult Rice Beetle measures 3/4" in length. Adults are nocturnal and attracted to lights, in your case a porch or driveway light. They have been known to feed on underground tubers such as caladium bulbs, carrots and radishes. If you find or see a large number (20-30) a pan or bucket of soapy water suspended below a light has been used for control. For more info, see <http://edis.ifas.ufl.edu/in259>

Question:

My crapemyrtle has a lot of small shoots growing from the base of the tree. Should I leave them?

Answer:

Although crapemyrtles generally require little pruning, "suckers" or water sprouts may develop from roots. These should be removed when using crapemyrtles as trees. For more information

Question:

Another question on my crapemyrtles. They have a green mossy substance on the trunk. Is it harmful and should I remove it?

Ribbon Cutting Ceremony for New UF/IFAS Extension, Sumter County FCS program at Farmers Market Restaurant included: (left to right) Dr. Stacy Strickland, UF/IFAS Extension, Multi-County CED, Martha Maddox, UF/IFAS Extension FCS Agent Sumter County, Marc Harrell market manager, Brenda Rogers Farmers Market Restaurant Manager, Bud Fussell chairman of Sumter County Farmers Market Board, Senator Wilton Simpson, Jimmy Wall and John Graham Sumter County Farmers Market board members.

Program set for folks with special food needs

The UF/IFAS Extension, Sumter County Family and Consumer Science Agent, Martha Maddox along with Dr. Wendy Dahl, UF/IFAS Extension, Assistant Professor, Food Science and Human Nutrition worked with the Farmers Market Restaurant Manager, Brenda Rogers to address a special menu for some of their customers with Dysphagia/swallowing problems. Dysphagia is the medical term for the symptom of difficulty in swallowing. Sufferers are sometimes unaware of their dysphagia.

Many older adults have trouble chewing and swallowing their food. One of the most serious risks of swallowing problems is aspiration (when food or liquid gets into the airway or lungs). This can cause immediate choking and death if the airway is obstructed. Smaller amount of food or liquid in the lungs can lead to pneumonia.

Dysphagia is a topic close to Rogers and she wants to help others. She stated, "We have about 10 percent of our customer base that need modified food plus several others in the community that will benefit from our new menu. I am very thankful and appreciative to UF/IFAS Extension for offering this program and including our restaurant in this program. I can relate to this program since several years ago my husband died of throat cancer with dysphagia. This information would have been very helpful to me and now I know how to properly modify foods, I want to share this information and provide modified foods service to those that need it."

UF/IFAS Extension Faculty trained Rogers and her staff to properly modify food for individuals with dysphagia or any type of swallowing disorder. The restaurant will prepare special meals upon request for individuals that need them.

The employees learned how to conduct a spoon test and that pureed food should be prepared to the right texture and be eye appealing. Pureed food should be "ready to swallow", moist, cohesive (hold together) and

Martha Maddox

UF/IFAS Extension

spoon thick. It should not be sticky, lumpy, dry or runny. Employees realize eye appeal plays a big role in ones eating experience and the importance of making sure that food items are recognizable. Food molds can be used to mold the food or one can just shape the food so it's not mixed together with other foods on the plate. Pureed garnishes can be used to improve presentation and acceptability, making ones eating experience more pleasant.

On Monday, Sept. 8, the Dysphagia/Food Modified Options Menu Program UF/IFAS Extension Faculty, Martha Maddox and Dr. Wendy Dahl have been working with the Farmers Market Restaurant Manager, Brenda Rogers and the Sumter County Farmers Market Board on for the past year was unveiled during a ribbon cutting ceremony. Senator Wilton Simpson joined Rogers and Maddox to cut the ribbon to honor this event, along with Market Manager, Marc Harrell, and board members: Bud Fussell, Jimmy Wall and John Graham and UF/IFAS Extension, Multi-County Extension Director for Hernando and Sumter Counties Dr. Stacy Strickland.

This program will address the need and provide individuals with dysphagia or any type of swallowing problem an option when they go out to eat. It will also help educate individuals about the issue and food can be modified that is delicious and eye appealing.

For more information on dysphagia or nutrition please contact your local UF/IFAS Extension office or in Sumter County email mmaddox@ufl.edu for Family and Consumer Science Agent Martha Maddox.

The Sumter County Mounted Reserve is in the process of growing and recruiting new members. Non-riding members are also welcomed.

Sumter County Mounted Reserve is organizing

They were established late last year, but they're just starting to spread their wings, or rather, their hooves.

The Sumter County Mounted Reserve is in the process of growing and recruiting new members. Non-riding members are also welcomed.

The organization is sponsored by Suncoast Equine Inc., a not-for-profit entity for the advancement of mounted police units and civilian equestrian support organizations. There are more than 30 mounted units working in Florida.

Currently, the local unit is hoping local businesses will sponsor some of the equipment needs for the unit.

To discuss your business making a charitable contribution that is tax deductible, call 352-279-2505 or following the unit on Facebook at

Sumter County Mounted Reserve.

Sumter County Mounted Reserve was created by Becky Card Swerdloff, June Brower and Mark Newby of Suncoast Equine (<http://www.suncoastequine.com/>) who agreed to be its technical advisor.

Newby established Suncoast Equine in Webster after retiring from Key West as the lieutenant for the Mounted Unit. Newby supervised the Key West Mounted Patrol during Fantasy Fest and the day-to-day operations. Suncoast Equine offers basic, advanced, refresher and instructor mounted law enforcement training for both full-time and part-time sworn law enforcement officers, as well as civilian posse members and those who would like to join a posse.

The curriculum used is that

which was designed by Geiser Equine, Inc. and accepted by the Southern Police Institute at the University of Louisville, Kentucky Law Enforcement Instructor course. Sensory training, formation riding, self defense on horseback and safety education are other courses offered as well as boarding.

The Florida Association of Mounted Patrols (FLAMP) <http://www.flamp.org/> is a not-for-profit entity, sponsored by Suncoast Equine Inc., for the advancement of mounted police units and civilian equestrian support organizations.

Becky Card Swerdloff, president, is a retired Miami Dade police officer who worked as a mounted patrol officer in Miami patrolling beaches, Hud housing units, Miami Lakes and field force assignments. Becky moved to

North Florida in 2000, and in 2004 help create the first Heronando Mounted Unit since the 1970s. She has competed for years and has her instructor rating.

June Brower, vice president, has been riding for 20 years and is a founding board member of Florida Forever Back Country Horseman's Association aka FFBC.H.O.r.g. that works with forestry and local governments to preserve and protect public lands for horse riders. June and her husband, Todd, also did horse rescue at her ranch. They took in starving horses and rehabilitated them back to good homes. June works with other local horse clubs to promote all horse interests in the community.

Swerdloff and Brower are hoping horse owners and non riders will join Sumter

County Mounted Reserve because it is a bit different than other units. The group has 20 members currently. Volunteers are free to choose what type of events they volunteer for. There is no mandatory obligation to serve at any event. Training is key for safe riding during public events. Establishing a drill team, search and rescue training, obstacle training, parade training and patrolling public events and parking lots, and even cattle rescue will be training venues.

Sumter County Mounted Reserve is available to all businesses, schools, police and fire departments for any events. The unit also provides the black riderless horse for funerals and memorials.

There are training competitions year round for mounted units which we attend to train with other mounted units.

Raiders take on Brooksville Friday

LARRY BUGG
Times Correspondent

Friday, the Raiders ought to get a running clock for the entire second half. They host Brooksville Central at 7:30 p.m.

Central lost 56-7 to Nature Coast and Central is now 3-1 and 0-1 in district play.

The only Central score came when Da'Vonte Bates scored on a 10-yard run.

The running clock was going the entire second half.

Now, if only South Sumter could get the running clock started in the first quarter.

Central's problems are easily

explained.

"They have a new coach," said Sherman. "They are trying to start from scratch and it takes time."

Raiders take Z'hills

In the meantime, the football folks at Zephyrhills High School may already be thinking about next year.

They thought maybe they could beat South Sumter High this year.

Sorry Bulldogs.

The Raiders offensive line kept blowing the Bulldogs away.

Raider running back J.T. Taylor ran through Zephyrhills on 26 attempts for 146 yards and

four touchdowns. Two other running backs had over 100 yards. Bokeyon Rice had 111 yards and Isial Flowers ran for 104 yards.

South Sumter, now 4-0 and 1-0 in Class 5A-District 6, showed the Bulldogs a thing or two by beating them 45-10 last Friday in Zephyrhills.

The Raiders also had 464 yards on offense.

The Bulldogs contributed to their own self-destruction with three turnovers.

Zephyrhills is now 3-1 and 0-1 in district play.

Quarterback Reace Kinley hit Bryce Williams for a touchdown pass.

Does this sound familiar?

The Raiders jumped out to a 21-0 lead.

To the Bulldogs credit, they managed to avoid a running clock until midway in the fourth quarter.

"The offensive line is big and strong," said Sherman. "They have some holes to run through. We had a sophomore play his first start. Senior Colton Skipper had a pinched nerve. Israel Andrade took his place. He got stronger as the game went on."

Not surprisingly, the Offensive Player of the Week was J.T. Taylor.

The Defensive player of the

Week was Matthew Simmons, defensive back. He had two solos and three assists, plus an interception, one pass breakup and caused a fumble.

Myles Frazier had seven tackles and two pass breakups.

"Defensively, we really shut them down in the first half," coach Inman Sherman said. "We picked up the pace which we really needed to do."

Part of the joy of watching a Raiders game is that they usually have the game wrapped up in the first quarter and, if people are lucky, South Sumter will get the running clock going early and give people more time to celebrate.

Wildcats Players of Week

Torre Parker, Jr. was honored as a Wildwood Middle High School Player of the Week, during the meeting of the Wildwood Athletic Club, recently.

Anderson Georges (shown) was honored as a Wildwood Middle High School Player of the Week, during the meeting of the Wildwood Athletic Club, recently. Middle school players honored were De-Marlon Lollar and Nyzeer Lucas.

South Sumter High School Farm Bureau REGIONAL SEMI FINALS PLAYERS OF THE WEEK

OFFENSE

Mark Peterson of Farm Bureau Insurance presents this week's Offensive Player of the Week Game Ball to Junior Strong Safety JT Taylor. JT scorched Zephyrhills for 147 rushing yards and 4 Touchdowns in the Raiders first District game of the year.

DEFENSE

Richard Helms of Farm Bureau Insurance presents this week's Defensive Player of the Week Game Ball to Junior Strong Safety Matthew Simmons. Mat-Mat made plays all over the football field totaling 5 tackles (2 Sols & 3 Assists), 1 caused fumble, 1 interception and 1 pass break-up against Zephyrhills.

NO. 1 CONSTITUTIONAL AMENDMENT

ARTICLE X, SECTION 28

**Water and Land Conservation -
Dedicates funds to acquire and
restore Florida conservation
and recreation lands**

Funds the Land Acquisition Trust Fund to acquire, restore, improve, and manage conservation lands including wetlands and forests; fish and wildlife habitat; lands protecting water resources and drinking water sources, including the Everglades, and the water quality of rivers, lakes, and streams; beaches and shores; outdoor recreational lands; working farms and ranches; and historic or geologic sites, by dedicating 33 percent of net revenues from the existing excise tax on documents for 20 years.

This amendment does not increase or decrease state revenues. The state revenue restricted to the purposes specified in the amendment is estimated to be \$648 million in Fiscal Year 2015-16 and grows to \$1.268 billion by the twentieth year. Whether this results in any additional state expenditures depends upon future legislative actions and cannot be determined. Similarly, the impact on local government revenues, if any, cannot be determined. No additional local government costs are expected.

NO. 2 CONSTITUTIONAL AMENDMENT

ARTICLE X, SECTION 29

Use of Marijuana for Certain Medical Conditions

Allows the medical use of marijuana for individuals with debilitating diseases as determined by a licensed Florida physician. Allows caregivers to assist patients' medical use of marijuana. The Department of Health shall register and regulate centers that produce and distribute marijuana for medical purposes and shall issue identification cards to patients and caregivers. Applies only to Florida law. Does not authorize violations of federal law or any non-medical use, possession or production of marijuana.

Increased costs from this amendment to state and local governments cannot be determined. There will be additional regulatory and enforcement activities associated with the production and sale of medical marijuana. Fees will offset at least a portion of the regulatory costs. While sales tax may apply to purchases, changes in revenue cannot reasonably be determined since the extent to which medical marijuana will be exempt from taxation is unclear without legislative or state administrative action.

CIRCUS

continued from Page 1

change artists entertained the crowds. Cotton candy, salted peanuts and keepsakes added to the fun in the center's open-air gym. Sumter Youth director Della Boushley said she enjoyed watching "The look of entertainment and joy, even on the adult faces."

"It was a good feeling, watching all that as well as the benefit that the youth center is getting from the proceeds."

The center makes 50-percent of all advanced ticket sales, with 20-per-

cent of the gate general admission and children get in free.

Boushley was also happy that, without any prompting, two elementary school children took the time to go back and thank Loomis for the show.

The center began partnering with the circus years ago, when resident Tina Andes served on the youth center board. Because the circus winters in Bushnell and Franzen's stepson, Brian, has the animals it provided the option for pairing.

The circus brought in just under \$3,000 for the center last year, which is only about 10 percent of the center's entire

budget.

In the past, the funds from the circus has helped to provide partial and some full scholarships to the center.

The center is "a safe place to be" for children, according to Boushley.

The center provides homework assistance, computer lab and can

help take stress off. Typically, homework is already done by the time parents pick their children up from the center and it allows them more

time with the family. "We're hoping that we're improving the quality of life, here and at home," Boushley said in an earlier interview.

CITY OF COLEMAN BUDGET SUMMARY – FISCAL YEAR 2014-2015

The City of Coleman has tentatively adopted a budget for Fiscal Year 2014-15. A Public Hearing to make a FINAL DECISION on the budget AND TAXES will be held on Tuesday, September 30, 2014 at 7:00 p.m. at the City Hall, 3502 E. Warm Springs Avenue (Highway 301), Coleman, Florida.

The City of Coleman does not levy ad valorem taxes; therefore, we are not required to advertise and follow TRIM calendar.

Citizens are urged to make oral and written comments at the meeting and are encouraged to ask questions regarding the budget. A copy of the entire proposed budget is available for public inspection at the City Hall during regular office hours.

Support PAWS Act legislation

Although twenty seven states have laws on their books that include the protection of companion animals in cases of domestic abuse, there is no legislation that exists at the federal level. In a bipartisan effort to strengthen and extend existing federal laws that protect companion animals in domestic abuse cases, U.S Representatives Katherine Clark (D-MA) and Ileana Ros-Lehtine (R-FL) together have introduced the "Pet and Women Safety (PAWS) Act (H.R. 5267)

It is well documented that victims of domestic abuse usually extends beyond women and children, and include household pets. Seventy one percent of women in abusive homes have reported that their abusers

have injured or killed their pets. Because very few domestic violence shelters are able to provide shelter for companion animals, women are reluctant to leave their pets behind. Without a safe haven for their pets, women may delay leaving a dangerous situation because they fear for their pet's safety.

The PAWS Act, if passed, would authorize federal grant funding to provide emergency sheltering for pets in domestic violent situations. The legislation recommends states include legal protections for pets in court issued protective orders, and would make it a punishable offense if abusers cross state lines to harm the pets of their victims. The Act also includes restitution for veterinarian costs to be reimbursed

Linda Graves
Humane Society

to the victims.

The resources the PAWS Act will provide to victims of domestic violence, both human and their treasured pets, will provide the security women need to leave a dangerous situation knowing that their companion animals will be safely sheltered too.

Please contact your local representatives and ask them to support this very important legislation. (H.R. 5267) the PAWS Act, must be passed for the protection of ALL victims

Buddy is a four-year-old dachshund. He does well with other dogs and has a great personality. Neutered, current on his vaccines and micro chipped Buddy is ready for a new home. If you are interested in Buddy or any of the other great pets here at the Humane Society Visit Monday through Saturday from 9:30 a.m. to noon or 1:30 to 3 p.m., located at 994 C.R. 529A Lake Panasoffkee.
