

WHITE OAK SPIRITS BARRELS

Guaranteed to conform to specifications Savannah and Jacksonville Board of Trade.

Write to Columbus Barrel Mfg. Co., Columbus, Ga., or to HENRY ELSON, Florida Mgr., Jacksonville, Fla.

UNSIGHTLY ADVERTISING.

Dade County Prohibits Placing of Such Along Public Highways.

The Board of County Commissioners of Dade county have set an example that Duval county and all other counties in the State would do well to follow, in the way of prohibiting the placing of advertising matter in the shape of signs, posters, handbills, or in any other form on any tree, rock, post, fence or other object occupying a permanent position on the right-of-way of any road or to place such advertising matter in any form on any part of the public highway.

Some of the prettiest drives around Jacksonville, and for that matter, around any city in Florida, are disfigured by unsightly advertising signs of cheap restaurants and other cheap-john establishments. The higher class advertising is frequently placed at some distance from the highway where it is not, as a rule, so objectionable.

Here in Jacksonville, for instance, the hanging of circulars and dodgers on telegraph and telephone poles along the streets is frequently resorted to and in a short while after such matter is so placed the streets become littered with these circulars and dodgers, thrown on the streets by persons who pull them down and scatter them promiscuously.

The following is a copy of the resolutions adopted by the Dade County Board of County Commissioners:

"1st. It is hereby forbidden, under penalty of prosecution to cut, girde or otherwise injure or destroy without a written permit from the Board of County Commissioners any tree or shrub on the right-of-way of any Dade county public road or highway.

"2nd. And it is hereby forbidden under penalty of prosecution to attach advertising matter in the shape of signs, posters, hand-bills or in any other form, to any tree, rock, post, fence or other object occupying a permanent position on the right-of-way of any Dade county road or to place such advertising matter in any form on any part of the public highway, and it is made the duty of the road superintendent of the county to notify all merchants and others having signs, posters, or other advertising matter upon the right-of-way of public roads of the county to remove the same within thirty days and in case same shall not be so removed, then it shall be the duty of the superintendent to remove the same."

A SUCCESSFUL HOME MANUFACTURING COMPANY.

The Florida Trunk Manufacturing Co., one of the leading enterprises, was established in 1902. The motto "Honest Goods, Lowest Prices, Conservative Methods." It has been the purpose of the company to treat others as they wish to be treated. They have gradually added to their line as fast as the trade would appreciate until now they carry the largest line of any leather goods store in the South. As ex-

clusive dealers they are able to show from the lowest or medium class, and including everything in Fancy Leather and Alligator Goods, as well as traveling requisites, to the finest and highest grades made in leather, as well as trunks. They make a specialty in fine trunks, such as Chiffonier, Dresser, Bureau, Hat, Shoe, Steamer, Wardrobe, Sample Trunks, Sample Cases, etc. A visit to their sales room will interest any one and it is a pleasure to enter the store as the proprietor and assistants are so obliging and agreeable and anxious to show goods, but never annoy a customer in order to make a sale. The management feels that good goods well taken care of and properly displayed will sell themselves. All goods are guaranteed. They realize that a satisfied customer is worth more to their future success than the small profits.

A visit to their store will convince you that there is no prettier store in the city, besides none can compare in class and assortment. Such enterprise as is shown from their success cannot be excelled and their efforts should be encouraged, besides with the experienced gained from the repair and manufacturing department enable them to use better judgment in selecting extra good values which they endeavor to give their customers the benefit of. One special line well handled is sure to make success for this company and at the same time the customer gets a better value for less money.

A MILLION POPULATION!

Predicting that within twenty years there will be 1,000,000 people settled in the rapidly developing territory between this city and Miami. Mr. Edwin Brobston, the well known timber land dealer, talks interestingly of his recent trip to the East Coast.

He accompanied Mr. Kitchen, an extensive grower of peaches in North Georgia, and Mr. Graves, a capitalist of Boston. Mr. Gibbs, of the East Coast Canal Company complimented the party with a trip through the canal from St. Augustine to Daytona, and Mr. William M. Angas of this city had Mr. Brobston as a guest on Jupiter island.

Thrift and Prosperity

Speaking of his trip, Br. Brobston says that everywhere he visited he found preparations being made for the reception and accommodation of great crowds of home-seekers and tourists, and that thrift and prosperity is strongly in evidence.

He predicts that within twenty years there will be 1,000,000 people settled along the East Coast between here and Miami.

At Hobe Sound he says Mr. Angas, on behalf of the English company, has begun improvements that will lead to this point becoming one of the famous places of the East Coast. He says there is a ridge extending several miles along Indian river, which is eighty-five feet about the sea near the station of Hobe Sound. Mr. Angas has had erected a small hotel on top of the ridge, which has the convenience of hot and cold water baths and which is otherwise modernly equipped. Bermuda

grass has been planted on the hill, and there is a great stretch of pines clear back to Lake Okechobee, forty miles away.

Overlooking River and Ocean.

From the piazza of the hotel one overlooks Indian river and the island, and in plain view of the broad Atlantic, where south-bound steamers coming in so close that with a field glass one can actually see the passengers on deck. Both the Ward and Mallory liners can be seen on every trip. He says the winter homes of rich Northerners have made Jupiter Island a veritable paradise.

The island is about sixty miles long and is of coral rock formation, and covered for a depth of six to twelve feet by a rich loam, and verdure grows in profusion.

Combination Hard to Beat.

All of the unimproved portion of the island is owned by the English company. On one piece of property on the island he says that about \$50,000 in landscape work has been expended, and that every flower and shrub known to the tropics grows in profusion. Here is a rare combination, unexcelled climate, the beautiful river, rich land, rolling country, high elevation, and a hard shell beach along the Atlantic, with money and taste to utilize and set off the effect.

Fishing is fine, while the country abounds in all kinds of game.

Mr. and Mrs. Grant, who have charge of everything about Hobe Sound, including the hotel, are cultivated English people, whom it is a delight to know.

Mr. Brobston has been making a series of trips through Florida, and talks interestingly of various sections.—Times-Union.

THE VALUE OF CASH.

A Saving of One-Third on Chairs Bought Direct from the Chair Factory.

If everyone appreciated the great saving in their purchases by paying cash the "INSTALLMENT PLAN" would soon be a thing of the past. The first furniture factory in the South to adopt the plan of selling direct to the consumer for cash at wholesale prices was the Florida Chair Factory of this city. This enterprising firm has demonstrated the fact that the people of the South appreciate the great saving by being able to buy from first hands at one-third less than the regular retail prices. The Florida Chair Factory has established a reputation for honest dealing that is rapidly increasing their already large business. They claim to sell chairs at one-third less than you pay at retail. Besides this every chair they sell goes out with their guarantee that if it is not just as represented you can have your money back. Any one in need of chairs or rockers of any kind should get their catalogue before buying. It will be mailed to any address upon request.

NOTICE OF MEETING STOCKHOLDERS OF THE COMMERCIAL BANK.

The annual meeting of the stockholders of the Commercial Bank at Jacksonville, Fla., for the purpose of electing a Board of Directors for the year 1909, and other business that may come before them, will be held at the banking house on Wednesday, December 30th, 1908, between the hours of 1 and 3 o'clock P. M.

H. GAILLARD, Cashier.
