

LOUISVILLE ROYALLY GREET'S ROOSEVELT

City Enjoyed Holiday In Honor Of His Visit.

VETERANS ACT AS AN ESCORT

President is introduced to audience by Governor Beckham and spoke for about fifteen minutes—Trip from Washington without incident.

Louisville, Ky., April 5.—President Roosevelt and party arrived in Louisville today on schedule time, the train coming to a stop at Third and A streets at 9 o'clock.

The trip over the Louisville and Nashville from Cincinnati was without incident. A moment after the train stopped a detail of state militia stationed in the Horse Show building 2 miles from the place where the executive left his train, fired the presidential salute of 21 guns. A crowd of several thousand, including 2,000 children from several institutions, surrounded the train, and as the president made his appearance, he was greeted with hearty cheers.

The weather was cool, but the sky was only thinly overcast. The president was welcomed to Louisville by Acting Mayor Paul C. Barth, in the absence of Mayor Gratinger, who is ill, and by Hon. Logan C. Murray, chairman of the general committee. The president responded briefly, and was then escorted to his carriage a few steps away, where he was seated with Secretary Loeb, Governor Beckham and Mr. Murray. Preceded by a detail of mounted police and by a mounted civilian escort, bearing the president's colors, the president's carriage moved forward, the procession being under way in a few moments, with General John B. Castleman acting as grand marshal.

Immediately following the president were carriages containing the members of his party and citizens of Louisville assigned to accompany them. Then followed carriages with members of the Loyal Legion, Grand Army of the Republic and Confederate Veterans acting as a special escort to the president.

The judges of the court of appeals of Kentucky were next in line, and following them was a detachment of mounted Woodmen of the World.

Bringing up the rear of the imposing procession were 50 carriages, two abreast, containing the general reception committee and invited guests. A glimpse of the south in spring time greeted the eye of the president as the party proceeded down Third street. The president was cheered at frequent intervals by a continuous line of people from the time he left his train until the party neared the business section where greeting grew into a popular ovation. He was compelled to lift his hat often during the drive but as he neared Broadway he removed his hat and was kept busy bowing right and left.

The president arrived at the speaker's stand at 10 o'clock. He was introduced in a few words by Governor J. C. W. Beckham.

The crowd around the speaker's stand was limited to the lines of buildings on the various streets, and at times seemed beyond the control of the police. Not one-fifth of those in sight of the president could hear his remarks. The president spoke less than 15 minutes, and was heartily cheered.

BELGIUM IS NOT SATISFIED.

Plan of United States About San Domingo Don't Please Them.

New York, April 5.—The Belgian committee of holders of the San Domingo bonds refuses to have anything to do with the proposed arrangement between Santo Domingo and the United States, and will protest against the plan, says a Times dispatch from Antwerp.

The proposal to deposit the money from the customs collections in an American bank until a definite arrangement is completed is not satisfactory to the Belgian bondholders who demanded the payment of \$27,000 a month to them. Of the total of the debts of which amounts to nearly \$27,000,000, more than half is estimated due to the Belgians. They own \$15,000,000 worth of Santo Domingo bonds and the accumulated unpaid interest makes it amount to about \$16,000,000. A committee representing the Belgian creditors and the few French creditors, made a contract with the Santo Domingan government in June, 1901. The contract provided that the committee collect 15 per cent of the customs revenues of the republic, charged upon the revenues of Santo Domingo city. The minimum payment from the government to the committee was to be \$25,000 a month, besides \$2,000 in expenses. If the revenues of Santo Domingo city were not sufficient, the Belgians might collect from the Port of Macoris.

For the last two years the commission has been able to collect nothing at all owing to the revolution, and other international disturbances.

New York, April 5.—Robert McCormick, newly appointed American ambassador to France, has arrived in Paris from St. Petersburg, says he is surprised at the reports that there was a desire to conclude peace at any price manifested in official circles, cables the Paris correspondent of The Herald. According to Ambassador McCormick, no such desire exists in St. Petersburg. On the contrary in official circles there is, he said, a general desire to continue the war to the bitter end, and there are great hopes that Admiral Rojestvensky will meet the Japanese fleet and gain a victory which may in one day change the entire aspect of the war. All the hopes of Russia are now centered in that fleet, and a battle between that fleet and the Japanese squadron is looked for soon.

The husband, W. B. Larned, 23 years old, says he is an artist and that he formerly worked as a newspaper man in this city.

According to the story which he told the police, Mrs. Larned had been in for several days, and yesterday appeared to be in particular low spirits.

During the afternoon she asked the maid, Annie Miller, for a glass of claret, and soon after drinking the beverage, became very drowsy and went to bed. She slept heavily all the afternoon and evening, and when she showed no sign of awakening before midnight, the husband says he became alarmed and called a physician. Three other physicians later were summoned and they worked over the woman for hours, but despite all their efforts she died without regaining consciousness.

Two bottles containing carbolic acid were found on a stand near the bed. One of them was nearly empty. The stories told by Larned and the maid are declared by the police to be conflicting.
