

## SITUATION IS NOT SO ENCOURAGING

Six Deaths Reported at New Orleans From Fever.

TOTAL DEATHS 74; CASES 347

Board of Health Is Working Hard, But the Disease Continues to Spread. Governor Vardaman Investigates Complaints.

New Orleans, August 3.—Two deaths from yellow fever were reported early today at the office of the city board of health bringing the total to 70.

There was one new case making a total of 347. Most of the physicians make their reports of new cases during the afternoon hours so that until evening it is not possible to give an accurate idea of the day's progress of the disease.

The board of health today dispatched a squad of inspectors to Milneburg, which is situated on Lake Pontchartrain, in the suburbs of the city.

A case of a Frenchman was taken from there on Saturday and it was reported today that a nest of sickness existed there. Several days ago about 150 Italians migrated from the fever section of the city to Milneburg and there has been some fear that sickness would develop there. Dr. White of the marine hospital service has finally managed to get a site for a detention camp on the Louisville and Nashville road, and today sent a doctor to the state line to make the necessary arrangements.

St. Anthony de Padua church in Rampart and Conti streets was crowded to overflowing today when the Rev. Father Lorenz started a Novena which is to last for three days. Masses will be said, prayers offered and intercession sought for the prevention of the spread of the fever and for the recovery of all those who are ill. The congregation of the church is composed almost exclusively of Italians.

Controversy Over Invasion.

There were no new developments today in the controversy over the invasion of Louisiana by Mississippi troops guarding the frontier against the introduction of yellow fever except the announcement from Jackson that Governor Vardaman had decided to go personally to the scene and investigate the conditions for himself. The governor acted upon receipt of a telegram of complaint from Governor Blanchard. Before leaving Jackson Governor Vardaman said he desired to make no statement until his rigid investigation of the matter had been finished.

Up to noon today there has been six deaths from yellow fever making the total deaths to date 74. All these deaths occurred in the emergency hospital.

The appearance of two or three cases yesterday among persons whose business does not carry them into the infected district down town has given an impression that the stegomyia is possibly being carried out of the zone of infection through the medium of street cars. Two or three of the city lines cross Canal street, running from the lower end of the city to the upper. They come and go through the section where fever has been most severe and thereby improbably are picking up insects and transporting them to other sections. It has been suggested that the authorities take action to prevent all cars from crossing Canal street.

Severe Rain and Thunderstorm.

A very severe rain and thunderstorm prevailed during the night. The rain fell in sheets and the whole city was thoroughly flushed. At the same time the downpour had an ill-effect in that it caused the washing away of oil from many miles of gutters and through overflows caused hundreds of cisterns to discharge the oil which had been put into them. In consequence, the ward organizations today began all over against, re-oiling all gutters, cisterns and ponds which had previously been treated.

Another phase of the controversy between the states of Louisiana and Mississippi has developed in the filing of writs of ejectment and injunction against the Mississippi militia in the federal courts. The suit was brought by Albert Baldwin, banker and capitalist, of this city. Mr. Baldwin seeks to enjoin the Mississippi militia from taking possession of his fishing and hunting lodge on Pearl river. It seems that permission was asked to occupy the place for the militia to do guard duty on the border and it was refused. The troops announced that unless granted permission in a certain time they would break open the place. Yesterday they broke in a dMr. Baldwin decided to bring his suit. Federal marshals will probably be sent to the scene.

Commander A. B. Booth, of the United Confederate Veterans of Louisiana, said today that quarantines had grown so light with the fever prevailing here and in other parts of Louisiana that it would be practically an impossibility for more than a handful of veterans to reach Lafayette for the annual reunion so apprehensive are people in the country towns that they will be bottled up by the report of suspicious cases

in their midst that many of the own officials are meeting to pass ordinances imposing severe penalties on persons who circulate reports calculated to cause unnecessary excitement or alarm.

No Change at Shreveport.

Shreveport, La., August 3.—The yellow fever situation here today shows no change. There are no further cases at the detention camp and the authorities are confident that there is no possibility of a spread of the disease. There was a general exodus of people from the city yesterday afternoon and last night, but quarantine lines are very tightly drawn today. The parish board of health has ordered all trains from the south, over four railroads entering the city, stopped at the Parish lines, the order applying to both freight and passenger trains.

Barney Tracey, of Chicago, the patient at the Detention camp, is improving and will probably recover. The city board of health today received word of a developed case of yellow fever on board a northbound Kansas City - southern train. The authorities at Mansfield were notified to stop the passenger.

The work of sanitation is progressing throughout this city.

Arkansas' Rigid Quarantine.

Little Rock, Ark., August 3.—Details of the state guard are being made today to guard the gateways to the state. The first detail under Captain Lavatte goes to Lake Village, Chicot county, which is on the Louisiana border in southeastern Arkansas.

Rigid shotgun quarantine will be enforced. The lines are tightening every hour, and the state board of health will hold daily meetings in conjunction with the county and city authorities. The health officer will be detailed to examine and report on any suspicious cases that may be discovered on the southeastern border.

Mobile Board to Meet.

Mobile, August 3.—Dr. Rhett Goode, city health officer, said this morning that the Mobile board of health would meet at 1 p. m. to take action on the Montgomery situation. Dr. Goode said personally he did not believe in quarantining Montgomery. There is no alarm felt here over the Montgomery case.

Governor Left Capital.

Jackson, Miss., August 3.—Governor Vardaman left the capital this morning for the gulf coast to make a rigid investigation of the complaint from Governor Blanchard that Mississippi troops had invaded Louisiana territory and were patrolling near Lake Biogolots. The governor declined to make any statement regarding the matter in advance of his investigation.

Quarantine Officer Removed.

Chattanooga, Tenn., August 3.—Acting Mayor Doughty this morning removed J. S. Schoff, superintendent of quarantine and suspended City Engineer Robert Hooke. The charge against Schoff was that he charged a fee for issuing health certificates and the allegation against Hooke was that he had failed to attend meetings of the board of health.

MURDERED FOR HIS MONEY.

New Orleans Watchman Victim of Robbery—Big Reward Offered.

New Orleans, August 3.—Early today the body of Ignatius Feltzinger, a night watchman employed by the Boylan agency, detailed on duty at the Alcus box factory at Water and Napoleon avenue, was found floating in the river under circumstances which pointed to one of the most coldblooded murder atrocities ever committed in this country.

Robbery was the motive of the crime, and was evidently committed by two or more men. One of the assassins used a heavy oak stick and had struck the watchman a blow on the head fracturing the skull. The other used a razor or some other keen instrument as the left index finger was nearly severed by it.

The only clew to the crime left by the assassins was the bloody stick with which the crime was committed. A pool of blood in the factory showed where the crime was committed.

The body was placed on a truck and wheeled to the river about 100 feet distant, and then thrown down a vault into the murky waters below.

Feltzinger is said to have had about \$30 on his person before leaving his home. The money and the pocket-book were missing, also a cheap watch and chain.

A reward of \$250 has been offered by the Atcus Box company and an additional \$150 has been offered by the Boylan agency for any information leading to the apprehension of the guilty parties.

Norway May Become a Republic.

Copenhagen, August 3.—Since this arrival at the Danish court, Emperor William appears to have become convinced that there is no hope of a prince of the house of Bernadotte becoming king of Norway. His majesty now favors Prince Charles, of Denmark, and he is quoted as saying: "If Prince Charles does not become king, Norway will be a republic. Of course, I prefer a monarchy, and therefore, shall hereafter support the candidacy of Prince Charles."

## SANFORD FACES JURY ON MURDER CHARGE

Hotel Men, of Atlanta, Not Permitted to Testify.

MRS. SANFORD RETURNS HOME

Great Interest Is Manifested in Rome, Ga., Where the Trial Is Being Conducted—Both Sides Will Fight to Win.

Rome, Ga., August 3.—The opening of the second day in the trial of Vincent T. Sanford, charged with the murder of George Wright, found public interest unabated.

When court opened at 8 o'clock every available seat in the court house was taken.

A sensation in the nature of a bomb shell was caused in the Sanford murder trial today, when Judge Wright refused to permit J. D. McMillan, manager of the Hotel Bristol, Atlanta, to testify as to what happened at his hotel in Atlanta.

Since the defense expected to prove by McMillan that Wright and Mrs. Sanford had often visited the hotel together, as will be seen from Colonel Dean's statement outlining the defense, the importance of the court's ruling may be readily understood.

Mrs. Sanford Returns.

Mrs. Elizabeth Sanford, wife of Vincent T. Sanford, who is on trial for murder for the killing of George Wright, returned to Rome Tuesday night, coming on the Southern train from Chattanooga, arriving about 8:30 o'clock. She said that her sudden departure from Rome on Sunday night was due to a private matter.

Soon after her arrival she made a statement to a newspaper man, a part of which follows:

"Those who were banking on my running away are simply those who wished me to run away. I am not one of the running away kind. You may say that I am at home and never have wandered from my intention to stay here until my good name is cleared."

Mrs. Sanford, it is learned, did not leave in disguise, as was reported.

MOB ATTACKS A CHAUFFEUR.

He Ran Over Little Girl with Auto, Fatally Injuring Her.

New York, August 3.—A six year old girl was run down and probably fatally hurt last night in Brooklyn by a large automobile.

A mob attacked the chauffeur, Nils Brolin, who was saved from serious injury by a policeman.

The child was at play in the street and her mother did not see the automobile approaching. Brolin tried to stop the machine when he saw the child was bewildered and hesitated in which direction to fly. He threw on all his brakes and the motor stopped after one wheel had passed over the body of the child. Brolin jumped from the machine and hastened to a telephone, where he called for an ambulance. Upon his return to the automobile he found a threatening crowd surrounding two friends whom he had in the machine.

Women with clubs struck at him and men threw stones until the policemen arrived.

The mother took the insensible child in her arms and refused to let the ambulance doctor touch her, carried the child half a mile to the hospital.

PROBABILITY OF BIG STRIKE.

50,000 Bridge Workers May Quit Work All Over Country.

New York, August 3.—In all probability there will be, says the World today, a national strike against the American Bridge company. Should the strike be called, more than 50,000 men will be involved.

The workers attribute the trouble to the alleged employment of nonunion men by the Boston Bridge company.

Frank Buchanan, president of the International Association of Bridge and Structural Iron Workers arrived in the city yesterday and will make his headquarters here during the controversy. It is very possible, he said, that the strike will take place. I can do nothing for a day or two except to wait for developments. Should the strike be ordered it will have the assistance of the international union and other labor organizations.

A statement was made in behalf of the American Bridge company which says:

"We have not been officially informed about the trouble in New Haven, but we have the right to submit our work and have no right to impose conditions on the subject contractors further than a guarantee that they must do the work properly. We have an agreement with the union to employ

Boston, August 3.—Duane Herbert Church, whose invention of about 150 machines has revolutionized the manufacture of the watches in America during the last twenty years, died yesterday from heart failure at his home in West Newton. Since 1832 he has been employed in the factory of a watch company at Waltham, and was mechanical superintendent at the time of his death.

House Disposed of It in Record-Breaking Time Tuesday.

Atlanta, August 3.—In record time the house Tuesday concurred as well on the general appropriations bill, and put it in shape to be sent over to the senate. Usually consideration of this measure has required from three to five days; the house has disposed of it in two, and the senate will now find itself with plenty of work without further complaining about a lack of it.

By an unexpectedly large majority the house readily granted the request of the state militia for an increase of \$25,000 in the annual appropriation for the years 1906 and 1907, and for the next two years the state troops will receive from the state to aid them in completing their equipment, and paying other expenses, the sum of \$48,000. This appropriation was strongly resisted by Dr. Kelly, of Gascock, who fought it on the ground that it is unnecessary and a deprivation to more important state institutions, but the house finally put it through by the vote of 97 to 29.

As small an item as it is, the appropriation of \$2,500 for farmers' institutes brought on the longest and most determined debate of the session. Several members opposed it, among them Mr. Hall, of Bibb, who declared that it could not be constitutionally carried in the general appropriations bill. The committee had left it out of the bill, but the house put it back with comparatively few dissenting voices.

The million dollar appropriation for common schools and the \$390,000 for pensions were passed without a word being raised in protest. They went through by common consent and tacit agreement that they should not be disturbed.

"Stephens" county, proposed to be taken from the counties of Walton, Jackson and Gwinnett, with Winder as the proposed county site, came up for consideration before the new county committee Tuesday.

"Kell" county, which proposes to take its territory from the counties of Liberty and Tattall, presented its claims before the committee Tuesday. Glennville is the proposed county site.

RAWLINGS TRIAL FINISHED.

One Negro Gets Death Sentence, the Other Life Imprisonment.

Valdosta, Ga., August 3.—Sentence of death was passed by Judge Mitchell on Alf Moore, convicted as one of the principals in the assassination of the Carter children. Frank Turner, who was convicted last night as accessory before the fact, was sentenced to the penitentiary for life.

Turner had appeared well satisfied with the verdict of the jury and received his sentence with a smile. Moore is to be executed September 15. The date set for the execution of J. G. Rawlings and his sons.

Solicitor General W. E. Thomas will probe to the bottom the charges made against the McDonalds in connection with the murder of the Carter children. The solicitor leaves tonight for a trip of a few days to north Georgia, and on his return will sift the matter thoroughly.

An indictment was drawn up by him against Tim and Jim McDonald at the beginning of the Rawlings, but the jury found that the evidence in their hands was not sufficient to warrant them in finding a true bill.

Police Removed from Wagons.

Chicago, August 3.—Police removed today from the wagons of many firms that have been strike-bound for months. Correspondents of many union drivers were restored to their old places. The employers' association following the determination of the lumbermen's association to reinstate the union teamsters as a body and have decided to lift the ban placed on all strikers a week ago. The action was taken despite the fact that the coal teamsters' union has ignored the employers' threat not to employ any strikers until all should vote to call the strike off. A boycott against five big coal companies is still on.

Banker Charged with Forgery.

Raleigh, N. C., August 3.—E. F. Young, president of the Merchants and Farmers' bank, of Dunne, N. C., was arrested there upon a warrant issued by El Lee, a justice of the peace, upon the oaths of three of the town commissioners, charging forgery of the town's treasury accounts on the books of the bank. The case was removed to Justice J. R. Goodwin's court and upon a plea for a continuance by counsel for the defendant, a justified bond in the sum of \$1,800 was required for the appearance of the defendant here next Monday when the case will be heard.

\$50,000 Given to Methodist Church.

San Jose, Cal., August 3.—The Rev. H. T. Besse, a retired minister of this city, today donated \$50,000 to the Wesleyan Methodist church for educating ministers and missionaries at the Wesleyan seminary at Houghton, N. Y. Ten years ago he gave \$40,000 for similar purposes. A university in Kansas or Iowa may be founded with part of the money.

THERE WILL BE A

## MEN'S AND BOYS' CLOTHING

AND LADIES' SKIRT SALE

AT THE

# BOSTON STORE

Saturday, Aug. 5,

AND Monday, Aug 7.

Having purchased more Clothing and Ladies' Skirts this season than we could dispose of. We have decided to give the people of Ocala and Marion County an opportunity to buy same cheap.

We will sell regardless of price. Below we quote a few of our Bargains:

## Ladies' Skirts.

As space does not permit us to give a definite description of all of our Skirts, we only mention a few leaders.

Ladies' Light Elannel Summer Skirts worth \$8.50

Now from \$3.50 to \$4.40

Ladies Black Henrietta Skirts worth \$10.00

In this sale for \$6.98

We also have a good many Skirt prices

Ranging from 98c to \$4.98

The latest thing in Skirts, just received Cecilian Accordion Pleated regular \$10.00

In this sale \$6.48

The new Skirt (Fad) made from Voultie Merrione in the latest Style worth \$6.50 to \$8.50

In this sale only \$4.98

## Men's Clothing.

Men's Suits. Men's Pants.

Men's Brown Thibot, Reg. \$15.00. This sale 9.98

Men's Brown Worsted, Reg. \$15.00. This sale 9.98

Men's Fancy Worsted, Reg. \$15.00. This sale 9.98

Men's Blue Flannel Reg. \$12.00. This sale 8.75

Men's Black Clay Worsted (The Geuine) worth \$15.00. to \$17.50. This sale 10.48
