

TERRIBLE TRAGEDY IN NEW YORK STATE

Four People Are Killed. Crime Shrouded in Mystery.

NO CLEW TO PERPETRATORS

While the Pockets of the Men Were Rifled, Yet It Is Believed that Robbery Was Not the Motive of the Crime—Authorities Working on Case.

Middletown, N. Y., Oct. 9.—A triple murder was revealed here today, when the body of Willis and Fred Olney were found in the woods half a mile from their home, at which last night was found the murdered body of Alice Ingerick. Both brothers had been shot. Before night the crime is expected to number one more victim, Mrs. Georgia Ingerick, mother of the girl Alice. The mother, who was found unconscious in the barn of the Olney brothers' farm last night, has not regained consciousness, and was said by physicians today to be dying with three fractures in her skull.

The entire neighborhood declares that there were other motives than robbery for the commission of the crime, and that the rifling of the Olney brothers' pockets was only a ruse.

The four persons in the house about dark yesterday, according to Lulu Ingerick, who left the place shortly before the tragedy, were Willis Olney, 62 years old, Fred Olney, 58 years old, Mrs. Ingerick, the housekeeper of the two brothers, and her small daughter, Alice. Lulu, who is 13 years of age, went to Middletown returning in time for a late supper.

Finding the house empty, the girl in flight summoned neighbors who searched the house and premises.

Alice was found dead in the cellar, her head beaten with an iron pipe. Her mother was found in the barn apparently beaten by the same instrument, which was picked up on the kitchen floor by the searching party.

Willis Olney was a widower and Fred was a bachelor.

Mrs. Ingerick, who had separated from her husband, had been employed as housekeeper at the Olney brothers' place only about a month.

In the house no traces of robbery have yet been found. The only articles of value known to have been taken from the two brothers in the rifling of their pockets were two silver watches. Considerable comment was excited here by the similarity of the position of the two bodies found in the woods as each had the right arm crossed over the breast in the same position.

Fred Olney's body had two bullet wounds in the right side and an odd circumstance was that the wounds were under the right arm in such a position that the arm must have been raised high before the shots were fired.

MAN AND WIFE FIGHT DUEL.

Woman Is Killed and Husband Is Seriously Wounded.

New York, Oct. 9.—Denton H. Hopkins, a die cutter in Brooklyn, shot and instantly killed his wife in a duel with her in the hallway of her flat in Johnson street, Brooklyn, today.

Although married thirty years, the two were living apart, having quarreled over money matters.

Today Hopkins called at his wife's flat, knocked for admission, and when she opened the door they began to fire at each other with revolvers.

Hopkins' sister, who witnessed the duel, was unable to say who shot first.

Hopkins was wounded in the hand by a bullet from his wife's weapon and finally shot her in the eye. She died instantly. Hopkins was arrested and charged with murder.

STORY BELIEVED TO BE FAKE.

Newport, R. I., Business Man Receives Letter Regarding a Death.

Newport, R. I., Oct. 9.—Signed by H. E. Campbell, of the Hotel Imperial, at Dallas, Tex., a letter on Sept. 12 told W. J. Browley, a Newport business man, that his son-in-law, Edward B. Carson, had died in New Orleans of yellow fever and his body had been cremated. Now Browley believes Carson is not dead and that the writer of the letter had a purpose in deceiving him.

Chief of Police Keith, of Dallas, says that no such man as H. E. Campbell has been at the Imperial hotel. It has been learned that there is no record of Carson's death in New Orleans.

Carson was only 16 years old when he was a bugler in a battery before Santiago. Later he went to the Philippines, where he won a medal of honor by swimming a river and bringing relief to his companions, who were hemmed in by the enemy.

Lumber Yard Destroyed by Fire.

New York, Oct. 9.—The lumber yard and stables of the firm of J. Reebers Sons, at the foot of East One Hundred and Eighth street, were destroyed this morning by a fire that started shortly before 1 o'clock and for a time threatened a large section of old Manhattan blocks. Four alarms were turned in from the spectacular blaze. The loss was estimated at nearly \$100,000.

BAY STATE DEMOCRATS MEET.

Lively Nominating Convention Is Held at Boston, Mass.

Boston, Mass., Oct. 9.—The only drawback to unanimity in voting at the Democratic state convention at Faneuil Hall, in this city, today was the possible entrance as a candidate for governor of former Mayor John H. H. McNamee, of Cambridge.

The state committee had arranged a slate headed by General Charles W. Bartlett, of Boston, as the candidate for governor, and Henry M. Whitney of Brookline, for lieutenant governor. Efforts had been made to induce Mr. McNamee to withdraw. He seemed determined, however, to go into the convention because he had been given the support of the delegates from Medford and Cambridge, and some from the western part of the commonwealth. The remainder of the ticket as agreed upon, includes:

Henry M. Little, of Newburyport, for secretary of state; John P. Leahy, of Boston, for attorney general; Patrick J. Ashe, of North Adams, for auditor; and Daniel J. Doherty, of Westfield, for treasurer and receiver general.

The platform to be presented by the committee on resolutions was understood to contain a plank favoring milder gradual municipal ownership, a declaration against federal supervision of insurance companies, and a reciprocity plank almost identical with that proposed by the committee of one hundred of the Boston chamber of commerce, of which Henry M. Whitney is president.

Former Congressman John P. Thayer, of Wooster, was selected as permanent chairman.

WOMAN DIVULGED THE PLANS.

Two Men Who Had Been Robbing a Jewelry Store Arrested.

Chicago, Oct. 9.—Hymen Tells, 18 years old, an employe of a firm of wholesale jewelers, and Fred Langwell, 28 years old, are under arrest charged with larceny and conspiracy to rob Tell's employes of jewelry. Both are said to have confessed their guilt.

Langwell is a peddler, who had been a customer of the jewelry firm for several years. According to Tell's confession, Langwell proposed to him two months ago that he steal watches and jewelry and sell them to Langwell. Since then it is estimated that Tells has taken about \$3,000 worth of trinkets and watches and delivered them to Langwell, who, it is said, intended to open a retail store and sell the jewelry stolen by Tells.

The police were notified of the conspiracy two weeks ago, by Mrs. Akte Williams. They say Langwell had made Mrs. Williams his confidant and that after a quarrel she divulged his plans to the police.

Republicans Nominate Hughes.

New York, Oct. 9.—The committee sent to confer with Charles E. Hughes, examining counsel for the legislative insurance investigating committee and who was nominated for mayor by the Republican city convention last night, left Mr. Hughes' home early this morning. The committee, headed by Timothy L. Woodruff, would not discuss their conference with the nominee. Later Mr. Hughes summoned the waiting newspaper men and said: "I have given no encouragement to the subcommittee, and I am strongly convinced that I ought not to accept the nomination. I will say nothing further until formal notification of the nomination is given me. I am told that notification will be on Monday."

OFFICERS BAFFLED BY AMMONIA

While Raiding an Alleged Pool Room. Sixteen Men Arrested.

New York, Oct. 9.—A squad of officers were held in check for three-quarters of an hour yesterday by ammonia while raiding an alleged pool room in Bond street.

The first door the raiders met was of wood and was quickly demolished. After arresting the alleged lookout, and another man, they attacked the second door with sledges and crowbars.

While they were smashing in the iron bound door, they were sent reeling back by the overpowering fumes of ammonia, which came from under the door. Leaving one man on guard after fruitless attempts to stand the fumes, the rest entered the next building, went to the roof and entered the window of the place they wanted, and from the fire escape through an iron-bound window. No trace of the ammonia would be found. Not one of the sixteen men in the place was allowed to escape.

Organize Infants' League.

New York, Oct. 9.—Several philanthropic women are organizing a society to be known as the Infants' League of New York, and controlled entirely by women. The object of the league will be to look after the welfare and comfort of the thousands of helpless infants born yearly in this city, whose mothers are too poor to do so themselves. Women leaving the maternity and other hospitals will be furnished free with a sanitary crib, linens, bedclothing, nursing bottles, and a supply of milk for their infant's use. Sanitary outfits will also be sent to private houses on application of the attending physician.

FUGITIVES RETURN TO UNITED STATES

Gaynor and Greene in Custody of Federal Officers.

WILL HAVE TO STAND TRIAL

The Return of These Men Will Open Up Again the Famous Carter Case Who, It Is Claimed, Defrauded the Government at Savannah.

Montreal, Oct. 8.—The last chapter, as far as Canada is concerned, in the celebrated Gaynor and Greene case, was closed today when the two men left the Bonaventure station of the Grand Trunk railway on a Delaware and Hudson train at 8:40 o'clock a. m. A large crowd of people were present to see them off, but the most notable thing about the departure was the large number of secret service men who were around.

They were in charge of W. J. Finn, head of the secret service bureau of New York. On behalf of the Dominion government, Silas H. Carpenter, chief of the Montreal detective force, who kidnaped the two men from Quebec, and Inspector McMahon, went with the party as far as Rouses Point, N. Y., the boundary line being between Rouses Point and Lake LaCoelette, Canada.

The two prisoners had been notified that they would probably be removed this morning and were already when Detective Boyd, of the secret service, called for them in the debtors' ward.

The United States officers came with three cabs and the party left the jail a little after 7 o'clock.

They drove immediately to the Bonaventure station, where the prisoners breakfasted in the station dining room. Messrs. Boyd and White, of the United States secret service remained with them, while Chief Flynn and his other men remained outside, keeping an eye on the various doors leading in and out of the station, Chief Carpenter and Inspector McMahon, of the Montreal force, keeping them company.

At half past 8 o'clock the prisoners went to the train.

First came Greene, accompanied by United States Detective White and Inspector McMahon, and next Gaynor, accompanied by United States Detective Boyd and Chief Carpenter.

Around these two small groups of the United States rallied until the parlor car of the train was reached. The prisoners went into the smoking compartment with Chief Carpenter, Chief Flynn and Messrs. Boyd and White.

When asked if they had anything to say before leaving, Colonel Gaynor replied that they were glad to go back at last, and that they would have nothing but the kindest remembrances of their treatment in Canada. Colonel Gaynor's daughter-in-law was on board the train when the prisoners arrived, and his son arrived at the station just before the train left.

On arriving in New York the party will proceed straight to the Pennsylvania railway station.

WANT LYNCHING LEGALIZED.

Texans Desire Authority to Kill Negroes Who Commit Rape.

Chicago, Oct. 9.—A dispatch to the Tribune from Houston, Tex., says:

A petition from a number of citizens, headed by G. W. Knight, of San Marcos, has been presented to Governor Lanham asking that the state permit mob punishment of negroes who assault women.

The governor is asked to indorse a policy of absolute unprotection to negroes guilty of assault, insuring that they be given no trial by legal inquiry of any kind, and that they may be hanged instantly as soon as apprehended.

Governor Lanham's response principally is directed to the legal phase of the proposition. It is set forth that it is impossible for him to countenance the policy in view of the oath of office and the state legislation which he is bound to protect.

Favor "Gothenburg" Saloons.

Los Angeles, Cal., Oct. 9.—As the result of a formal proposition submitted in writing to the city of Los Angeles today there is a possibility that the "Gothenburg saloon system" may be installed in this city, supplanting the present private ownership of the two hundred saloons here. The proposition came from twenty-five of the leading business men of the city, among the number being several possessing personal fortunes of millions. It is proposed by these men as a company, to pay to the city the sum of \$180,000 per annum for the two hundred saloon licenses now in operation to the city, and to reduce the total number of saloons from 200 to twenty-five.

Favor Canteen for Army.

Indianapolis, Ind., Oct. 9.—The convention of the German-American national alliance today adopted a report of the committee on personal liberty which protested against prohibitive legislation against the liquor traffic. The re-establishment of the army canteen was urged.

KILLED TEN-YEAR OLD GIRL.

Crime of Heinous Nature Is Charged to Chicago Physician.

Chicago, Ill., Oct. 9.—Dr. Oliver P. Hart, a young physician, residing in the suburb of Rogers Park, is in the custody of the police pending further investigation pending the death of Irene Klokow, 10 years old, which occurred yesterday in the residence of the physician.

It is the opinion of the police that a charge of murder will be lodged against Dr. Hart, and that he will have much trouble to escape conviction.

The girl died in a bedroom of the Hart residence, in which she and the physician had been locked for several hours. It is the opinion of the authorities, based on the facts disclosed at the inquest held today, that the girl was maltreated, and then poisoned in an attempt to conceal her crime.

After it was impossible for the child to recover the doctor swallowed morphine and lay in an unconscious condition all of last night, and during the greater part of today. Late in the evening he partially recovered, and was brought to the city and locked up in the East Chicago police station.

TAFT WILL BUILD CANAL.

Secretary of War Will Have Work Under His Supervision.

Washington, Oct. 9.—The management of the isthmian canal affairs will remain under Secretary Taft, who will go to Panama in November to investigate the situation there, and thoroughly inform himself of the conditions in the canal zone.

The decision to keep the control of the canal in the war department instead of transferring it to the state department, was definitely reached today in a discussion that followed the cabinet meeting.

Now that the work is to proceed under his direction, Secretary Taft will proceed to Panama, go over the situation in detail and return to Washington about the time congress convenes.

Early next week the secretary will take up the subject of finances and decide as to what recommendations should be made to congress respecting the issue of bonds which have been provided for by congress.

Secretary Taft will give every feature of the canal administration his careful personal attention.

Army of Tennessee Meets.

Cincinnati, O., Oct. 9.—The Society of the Army of Tennessee today elected the following officers for the ensuing year. President, General Garnvill Dodge; vice presidents, General Fred D. Grant, Colonel W. L. Barnum, Captain George H. Richmond, Major A. Sabine, Major Leo Rassieur, Captain W. L. Cadle, Captain B. A. Campbell, General James G. Wilson, Captain E. H. Soper; corresponding secretary, Major H. W. Camberlin; treasurer, Major Augustus Vandyke; recording secretary, Colonel Cornelius Cadle, Council Bluffs, Iowa, was selected as the place for the next meeting.

Printers' Strike Unbroken.

Charlotte, N. C., Oct. 9.—Secretary T. M. Alexander, of the Charlotte Typographical union, has given out the following signed statement concerning the strike: "The strike of the union printers in Charlotte for an eight-hour day is not settled, and the shops will not be 'open' until so declared by the Typographical union, which action is very improbable. Of forty strikers, three only have deserted. Charlotte Typographical union."

Accidentally Shot Son.

Augusta, Ga., Oct. 9.—William D'Antignac, a well known cotton man, and formerly deputy sheriff, fatally injured his 2-year-old son accidentally. When about to leave the house he bent over to kiss the little one and a pistol falling to the floor from his pocket, struck the floor and exploded. The bullet ranging upward, passed through the arm and entering the right side, found lodgment in the liver of the little child.

Daughters Elect Officers.

San Francisco, Oct. 9.—The United Daughters of the Confederacy have elected the following officers for the ensuing year: President, Miss Lizzie George Henderson, Mississippi; first vice president, Mrs. Alfred H. Corbules, San Francisco; second vice president, Mrs. V. A. S. Vaught, Louisiana; recording secretary, Mrs. P. Hickman, Tennessee; corresponding secretary, Mrs. A. W. Rattery, Mississippi; custodian of crosses, Mrs. R. Gabbett, Georgia; custodian of flags, Mrs. A. Cantrill, Kentucky; treasurer, Mrs. James Y. Lee, Virginia.

d'Antignac Will Try Again.

New York, Oct. 9.—Romaine d'Antignac, brother of Therese Humbert, who was deported by the immigration authorities a few weeks ago, will probably make another attempt to land on American soil. He claims that the offense for which he was convicted and sent to prison in France would not be an offense under the laws governing corporations in this country, and that, therefore, his deportation was illegal. d'Antignac's attorney in New York has notified him of the results of their investigation and as soon as the letter reaches him it is believed he will sail.
