

## MILITIA WANTED TO GUARD BALLOT BOXES

Governor Higgins Has Been Requested to Furnish Troops.

### GOYMAN MAY HAVE TWO MAYORS

It is stated that unless Hearst's contest is settled before Jan. 1, New York City is likely to have dual government.

New York, Nov. 13.—The Times today says that J. Wesley Hamer, who writes editorials for Mr. Hearst, left town for Albany last night as a special messenger to Governor Higgins, to ask the governor to devote two armories to the storage of the ballot boxes which are now in storage warehouses, guarded by police and Hearst watchers.

Governor Higgins is also to be requested to allow the state militia to guard the ballot boxes. Mr. Hearst prefers such protection to that of the police.

At Hearst's headquarters last night, it was said that the Hearst League "understand" that the governor has expressed informally his willingness to allow the armories to be used as places for the storage of the ballot boxes. What his answer will be to the request of the state militia protecting them is not known, and the Hearst forces ventured no prediction.

### May Have Two Mayors.

New York, Nov. 13.—The Tribune says that William E. Hearst will contest for the mayoralty in the election in the courts beyond the first of next year, it is said, take the oath of office in the city hall. Inasmuch as Mayor McClellan has decided to fight his adversary at every point, this city may have a dual government on New Year's day.

The decision of the Hearst men to install their candidate as mayor on Jan. 1 was reached yesterday, it was said, but nothing was officially said for some days past. Mr. Hearst's counsel has told him that one sure method of having his title to the mayoralty either confirmed or denied is for him to take the oath of office as mayor and thrust the contest into the courts. The legal procedure necessary for the validation of Mr. Hearst's claim to the mayoralty must be made within the next fifteen days.

The Tribune was not able to confirm the foregoing through Mr. Hearst.

### KOMURA ARRIVES AT PEKIN.

Minister Reckhill Cables This Information to the Department.

Washington, D. C., Nov. 13.—Minister Reckhill cabled the state department today from Peking that Baron Komura had arrived at that place.

It is understood he is to take up with the Chinese government the details of the peace treaty relative to Manchuria. In accordance with the terms of that instrument Japan was allowed a period of 18 months in which to draw her troops from Manchuria, an unnecessary length of time in the Chinese view.

The Chinese also object to the permanent retention of the force of Japanese guards along the railway as equivalent to keeping a standing army and reproducing Russian methods in Manchuria. It was these matters which China regarded warranting the effort made by her to have a voice in the framing of the peace treaty and having failed in that undertaking, he must now try to adjust them with other important details directly with Baron Komura.

### Man Yelled "Hurrah for Jeff Davis" and Started a Small Riot.

Newark, N. J., Nov. 13.—A cheer for Jefferson Davis, uttered by a drunken man on Denver Creek, on the Kentucky side of the river, resumed in a bloody tragedy in which three men were killed and three others were wounded.

There had been much drinking after the election on Tuesday. Con Estep, an old confederate soldier, was among the men who had become intoxicated. When he yelled "Hurrah for Jeff Davis" G. Prater, a young man in the crowd, told Estep to "shut up or he would kill him."

Emoch Bentley, another member of the crowd, told Estep to hurrah for anybody he pleased. Prater turned on Bentley and emptied his pistol at short range, all five shots taking effect. After he had fallen Bentley shot and killed Prater.

Rube Morgan, a friend of Prater's, who had shot Bentley after the latter had fallen, fired at Tom and John Bowling, friends of Estep, and then fled, but he was shot and mortally wounded by the Bowlings. Bentley died soon after the shooting, and Morgan died two hours later.

During the fight John Sadler, belonging to the Prater gang, was dangerously wounded. The Bowlings were both hit, but not fatally hurt.

An election bet had caused hard feeling between Estep and Prater. The excitement over the tragedy is intense, and another clash of the factions is feared.

### CUNLIFFE GETS SIX YEARS.

Express Clerk Makes Statement and Asks for Clemency of Court. Pittsburgh, Pa., Nov. 13.—Edward G. Cunliffe, the express company clerk who on Oct. 9 stole \$101,000 from the Adams Express company's agency in this city, and whose flight and capture ten days later attracted attention of the entire country, was sentenced by Judge James E. McFarlane in criminal court today to two terms of three years in the western penitentiary and two fines of \$100 each and all costs of the prosecution on two charges of larceny, making a total term of six years' imprisonment.

When the prisoner was asked if he had anything to say, Cunliffe replied: "All I can ask is a little clemency for the sake of my poor family and folks. I was never before in any trouble, and have always been honest and upright, with a good disposition and used my best efforts in the interest of the company. I don't know what impelled me to take the money. Five minutes after it was in my possession I would have gladly have put it back. I have always lived an upright life and do not know what possessed me to take the money."

When asked by the judge as to the whereabouts of the rest of the money, he said:

"I know no more about it than any other man in this court." Cunliffe said when he told the detective that he had burned some of the money he did not say how much, for he did not know himself as he was laboring under great excitement at the time.

### OBJECT TO PROHIBITION.

Brewers Want President to Amend New States' Charters.

Washington, Nov. 13.—President Roosevelt was requested today to use his influence to prevent the insertion into the statehood charters of Oklahoma and Indian Territories of a provision for the absolute prohibition of the manufacture and sale of intoxicating beverages.

The question was precipitated during the discussion of the statehood measures in congress, and has aroused considerable comment throughout the country.

By appointment, a committee consisting of Representatives Overstreet of Indiana, and Albert Lieber, of Indianapolis, a member of the United States Brewers' association, called at the White House and presented to the president a petition reciting numerous reasons why the prohibition provision, if incorporated in the organic act creating the new states, should not extend to beer and ales. The petition is signed by the 51 members of the United States Brewers' association, representing the largest brewing establishments in the country.

### Miners Make Known Their Position.

Philadelphia, Pa., Nov. 13.—A special from Shamokin, Pa., to the Telegraph says that an incomplete canvass of the Lackawanna, Schuylkill and Lehigh coal districts shows the miners through their delegates to the United Mine Workers to be held here beginning Dec. 14, will refuse to be bound after April 1 next by a renewal of the award of the anthracite coal strike committee appointed by President Roosevelt unless the operators in addition agree to the union becoming a signatory party.

### Andrews and Companion Buried.

San Francisco, Nov. 13.—By direction of public administrator, the remains of Milton Franklin Andrews and his companion, Nulda Betrie Oliva, will be interred tomorrow morning in the Mount Olive cemetery, San Mateo county. The burial expenses will be defrayed by the money left by Andrews when he killed his companion and then committed suicide when surrounded by the police in their apartments in McAllister street last Monday night.

### Waters Pouring Into Old Basin.

Los Angeles, Cal., Nov. 13.—Through great underground fissures, rent by earthquakes, the waters of the gulf of California are pouring into the old Salton basin, and resistlessly forcing the new Salton sea to sea level. Doubt no longer exists as to the origin of this vast inland sea when now skirts the main line of the Southern Pacific for nearly one hundred miles and stretches away on either side of the track 25 miles to the foothills.

### Castro's Proposition Accepted.

New York, Nov. 13.—A cable dispatch to the Herald from Caracas, Venezuela, says that sensational revelations in regard to the French Cable company are believed to have caused France to accept the final proposition of President Castro; that is a mutual withdrawal of the notes exchanged with M. Taigny, French charge d'affaires.

### Papa Platt Loses Case.

New York, Nov. 13.—The appellate division of the New York state supreme court handed down a decision dismissing a suit brought of John R. Platt against Hannah Elias, a negro, to recover \$685,000 which Platt asserted he had given to her under coercion. The court stated in the decision that it was not made on the merits of the case.

## RUSSIAN PRISONERS EMBRACE SOCIALISM

Czar's Soldiers in Japan Favor Governmental Reforms.

### WAS A PEACEFUL REVOLUTION

American Socialists, Who Are Branch of the Russian Doctrine Accomplish the Feat of Winning Over to Their Side Russian Soldiers.

Washington, Nov. 13.—The following cablegram was received today from Kobe, Japan, by a member of the local Russian revolutionary committee:

"Enthusiastic reception, given to revolutionary officers by the revolutionary, 30,000 soldiers at Hamadera and Himejidi camps. Red banners bearing the words 'allegiance 'Zemlia i Volia' (land and liberty; Live Liberty), the Russian Marseillaise sang."

The explanation of this cablegram, given by the local committee here is that a remarkable peaceful revolution has been accomplished under conditions never before paralleled. In 1901 Mr. Charles Russell, Russian by birth, but a resident of Hawaii, was president of the first territorial senate. Coming to America he became deeply interested in propagating socialistic reform ideas. He was finally supplied with adequate funds and a great mass of socialistic literature by the American friends of Russia, of which Charles W. Folk, and Julia Ward Howe are respectively president and vice president, by the committee of the revolutionist-socialist party of New York, a branch of the famous Russian organization, and by other similar societies.

At the fall of Port Arthur agents were sent to Japan to spread among the Russian captives the ideas of the party. According to the members of the local society it has succeeded beyond all expectations, as shown by the fact that he has organized under the banner of socialism nearly all of the thousands of the Russian soldiers taken prisoners by the Japanese during the transportation to their home. It is, of course, inferred that the Japanese government must have sanctioned yesterday's demonstration, or else it could not have occurred.

### SITUATION IN CZAR'S IMPIRE.

#### No Fears of Jews Massacre—Prisoners at Kishineff Revolt.

St. Petersburg, Nov. 13.—There is every reason to believe that the fears of a massacre of Jews tonight at St. Petersburg and at Moscow are unfounded. The alarming reports look more like a campaign of the revolutionary extreme elements to take advantage of the nervousness of the people and the authorities for the purpose of terrorizing both into acquiescence to their demand for a national militia. The Jewish quarter of St. Petersburg has been heavily guarded since last night.

Notwithstanding the assurances of protection, hundreds of Jews and many others are seeking safety in flight. All the trains leaving St. Petersburg for Finland are crowded. Many rich Jews deposited their jewelry and other valuables in banks before leaving.

#### Prisoners Revolt.

Odessa, Nov. 13.—The prisoners in the jail at Kishineff, Bessarabia, revolted in a body last night and demanded their freedom. On their request being refused, the prisoners set fire to the jail. The troops were hurried to the scene and fired a volley into the mutineers, of whom twenty two were killed and many wounded.

#### Grand Jury Indicts Physician.

Boston, Nov. 13.—The grand jury in Suffolk county today reported an indictment against Dr. Percy D. McLeod, who has been held in connection with the suit case mystery. The indictment charges that he was an accessory after the fact to an abortion which resulted in the death of Susanna Geary. McLeod was arraigned in court and his bonds were increased from \$20,000 to \$25,000. Indictments also were returned in the Geary case against Louis W. Crawford and William E. Howard, alias Hunt, who are under arrest in New York in connection with the affair.

#### Cash Is Below Legal Requirements.

New York, Nov. 13.—The New York clearing house banks hold \$2,428,800 less cash than the legal requirement of 25 per cent of deposits. This is exclusive of the deposits on which the government has decided it is not necessary to hold reserve on. Counting government deposits, the cash holdings are \$294,800 less than the legal reserve.

### PICK OF THE HORSE SHOW.

Will Be Seen at the New York Exhibition at Madison Square.

New York, Nov. 13.—Seventeen hundred entries, 250 more than last year, and comprising the pick of the slow horses throughout the country, has been received for exhibition of the national horse show association which will begin at Madison Square Garden next Monday morning.

The greatest increase in entries is in the class for harness horses. After an absence of a year J. W. H. Moore, of Chicago, will again be in evidence, having 100 entries. He owns Forest King, one of the champions of the country, and many valuable blue ribbon winners. Besides Eben D. Jordan, of Boston, who won about every thing in sight last year, again has a large entry. Reginald Vanderbilt has a number of entries, as well as Alfred D. Vanderbilt. Mrs. John Gherkin will also exhibit her many blue ribbon and cup winners.

The hunter class will be represented also. The special classes have filled better than ever, and the Waldorf Astoria cup contest will have some of the best horses that ever competed for it.

### ROOT MAY CONTROL CANAL.

The State Department May Take Charge of This Work.

Washington, Nov. 13.—An echo of the suggestion that the isthmian canal should be placed under the state department has been heard in a rumor of a possibility that the insular bureau which grew up under the direction of Secretary Root, when he was at the head of the war department, may be transferred to the state department.

Discussion of the matter has not taken any concrete form, but it is one of the suggestions made to relieve the secretary of war of the heavy responsibility which now rests upon him in administering not only the affairs of the army, but the Philippines, the Panama canal and other island interests.

It is argued that Secretary Root was familiarly acquainted with the Philippines, and this will enable him to take up the work where it has been carried by Secretary Taft. It would require legislation to bring about the change, as the insular bureau was legislated into the war department when the Philippine government was passed.

### MEXICO'S NEW AMBASSADOR.

Senor Don Juan de Cassus Arrives at Our National Capital.

Washington, Nov. 13.—Senor Don Juan de Cassus, the newly appointed Mexican ambassador to this country who arrived in this city yesterday, comes to this country under the brightest circumstances. He expressed himself as being highly pleased with his new post and spoke in very appreciative terms about the cordial reception tendered him while in St. Louis, in which city he stopped on his way to Washington.

Just as he was about to start for this country he was taken sick and even now has not quite recovered from the effects of his illness. He will be able, however, to attend to the affairs of the embassy and today will call on Secretary of State Root to discuss with him the plans for his first formal call on President Roosevelt, on which occasion he will offer to the president his credentials.

### Railway Nearing Completion.

Washington, Nov. 13.—The Tehuantepec Trans-continental railway, which the Mexican government has been building across the country from the Atlantic to the Pacific, will, according to information received at the Mexican embassy in this city, be finished and ready for use at the end of the year and ready for use within six months. The belief in Mexico is that the completion of this important road means that a great deal of freight, which formerly went by the Panama railroad will be transported through the Mexican republic.

### Official Returns in Ohio.

Columbus, O., Nov. 13.—Official figures received by the Dispatch today from 76 counties of the state show that the minor candidates of the Republican state ticket have been elected. The counties yet to report show a non-official plurality of 700 for Herrick and therefore, unless there is some unexpected change in these counties the Republican candidates, except Governor Herrick, are elected. Senator Dick today continues to refuse to give out figures and Chairman Garbar declares that the whole Democratic ticket is elected with the legislature.

### Big Liner Runs Around.

New York, Nov. 13.—The Hamburg American passenger liner Graf Waldersee while leaving New York harbor this morning for Hamburg ran aground on the flats off Red Hook near the basin, on the Brooklyn side of the channel. It was stated at the office of the Hamburg-American line today that the Graf Waldersee was resting on a mud bottom, that she was uninjured and would probably be floated and would probably be floated at high tide about 7 o'clock tonight.
