

# SAILORS OF BLACK SEA FLEET MUTINY

### Have Joined Workmen in Sevastopol in Uprising.

#### PAPERS ATTACK GOVERNMENT

Clamor for the Removal from Office of the Men Who Have Been Instrumental in Causing So Much Bloodshed and Trouble in Russia.

Sevastopol, Nov. 27.—The sailors of this port and the Black sea squadron have mutinied and joined the workmen who are holding a meeting under the red flag. The city is in a state of panic.

St. Petersburg, Nov. 27.—The radical papers are pursuing the same plan that they did in the case of General Treppoff, the former assistant minister of the interior and have now opened a regular campaign against M. Durnovo, minister of the interior, being the enemy of the constitution and the supporter of reaction.

They also join in a general demand for the immediate trial of the governors and other officials thus far removed, making a special point against M. Neidhardt, the former prefect of Odesa, who is called the "Russian Nero," and although removed from the prefecture, remains in the ministry of the interior.

All the military satraps must be brought to justice, is the cry of the radical papers.

The new appointments, Baron Von Nolken and M. Rheinbot, to be acting governors respectively of Tomsk and Kazan, are likely to draw their broadsides, Nolken being deposed chief of police of Warsaw, still limping from the effects of the explosion of a bomb thrown at him, Rheinbot being the former governor of the province of Nyland, Finland, who threw the capital into a fever of excitement some time ago by sending a dispatch announcing that a St. Bartholomew night was to take place at Helsingfors, the chief town of Nyland, for which he was removed from Finland.

The approval of these appointments is charged to M. Durnov, minister of the interior, and not to Premier Witte. The fact is that under the present conditions the government is embarrassed by the scarcity of material to fill responsible posts and it is largely a choice between men practically all of whom have done something to arouse popular resentment. A popular address is being prepared tendering thanks of the country to Count Witte, for his services at Portsmouth and for his present endeavors to pacify and regenerate Russia.

#### Correspondence Intercepted.

New York, Nov. 27.—A cable dispatch to the Herald from Berlin says Berlinger Tageblatt reports that the St. Petersburg police have intercepted correspondence between members of the revolutionary party and its agents abroad at which a project was discussed for the murder of the members of the imperial household. The letters were ciphered, but neither the writers or the addressee has been arrested, as they are unknown.

#### TURKEYS PLENTIFUL IN GOTHAM

Fine Display of Fowls Which Will Prevent a "Corner."

New York, Nov. 27.—There is a flood of turkeys pouring into the market for Thanksgiving trade and large shipments still on the way promise to prevent a "corner."

Never did the New York market present a larger or finer display of turkeys, the week before Thanksgiving day than is does now, and prices are three to five cents a pound less than they have been in four years. In the one and a half million pounds of poultry that came to Manhattan yesterday there were about 100,000 turkeys, and about as many can be expected each day from now until next Thursday.

Dealers were paying 18 cents for the best dry picked selected turkeys yesterday, and these were sold to consumers for 25 per pound.

#### Court-martial in Progress.

Annapolis, Md., Nov. 27.—The court-martial which is trying Midshipman Minor Merriwether, for manslaughter, in causing the death of Midshipman James R. Branch, in a fight between the two, continued its third session this morning. The sessions were transferred from the temporary recitation hall to the club room in the officers mess hall. There is very much more commodious. The prosecution expects to close its case early today with the testimony of one or two minor witnesses. The defense will then proceed with its case immediately.

#### American Receives France's Money.

Caracas, Nov. 27.—In view of the fact that no representative of the French government called on the Venezuelan government Nov. 14 for the second installment of the Plumley arbitration award, that being the date the money was due, the Venezuelan government asked the American minister, Mr. Russell, to receive the installment and yesterday the money was delivered to the American minister.

#### TREATY OBTAINED BY FORCE.

### Strong Accusations Made Against Japanese Regarding Korea.

St. Petersburg, Nov. 27.—The official Russian news agency has received a dispatch from Shanghai giving a sensational account of the manner in which the Japanese forced the Korean government to acquiesce to the treaty between Korea and Japan. The telegraph reports to be based on direct news from Seoul and contains the following particulars:

On Friday (Nov. 17) at noon Baron Hayashi and M. Harvava and Kokobu entered the palace with the object of forcing the emperor to sign the treaty. The emperor and the ministers obstinately resisted. At 8 o'clock in the evening Baron Hayashi having informed the Marquis Ito of the situation, the latter, accompanied by General Hasegawa, commander of the Japanese troops in Korea, with a military escort, including gendarmes, came to the palace but till midnight had not succeeded in persuading the emperor to sign. Thereupon Secretary Stevens brought from the ministry of foreign affairs the official seal of the ministry which was obtained by force and at 10:30 o'clock in the morning the Japanese themselves placed the seal on the treaty, the emperor to the end refusing to give his signature.

The dispatch concludes: "The entire palace, even the private apartments of the emperor are now occupied by Japanese gendarmes, and it is probable that the Japanese will soon compel the emperor to sign."

#### TO ARM JEWS IN RUSSIA.

### American Hebrews Are Collecting Money for This Purpose.

New York, Nov. 27.—Jacob H. Schiff yesterday sent his check for \$100 to the Jewish defense association, an East Side organization which is collecting money to arm the Jews in Russia. This movement has heretofore been opposed by their uptown co-religionists, says the Tribune, but the East Siders believe that Mr. Schiff's contributions will be followed by others from those who have thus far confined themselves only with the succor of the massacre victims.

Another proof of the extent of the disorders existing in Russia was received yesterday in a cable dispatch from Sir Samuel Montague, in London to Jacob M. Schiff. The message shows under what difficulties the work the relief for the Jews is carried on. The dispatch is as follows:

"Cannot obtain answer by telegraph nor mail to telegrams or letters. Rothschild and self telegraphing again through British diplomatic channels." The general relief fund reached nearly \$800,000 yesterday. There was reported the further contribution of \$63,570. The total of the money received by the national committee is \$738,064.

#### STOLE ROOSEVELT'S CHINA.

### Bargemen in Berlin, Germany, Put Stones in China Chest.

New York, Nov. 27.—A cable dispatch to the Herald from Berlin says the police of Hamburg have discovered that thieves have taken a splendid consignment of Dresden China which was to have been sent to President Roosevelt. The robbery was perpetrated recently while the china was being conveyed in a barge from Meissen to Hamburg, stones being substituted in the chests for the china.

The police in searching in the domiciles of several bargemen found some of the plates which were a part of the consignment. Those were decorated with the pictures of the King of England and Miss Roosevelt and a dedication, the inscription from the King of Saxony. The culprit has confessed his guilt. Other parts of the consignment have been found in various places along the Elbe. There is hope that the whole matter may be uncovered.

#### Exchange of Ratified Treaties.

Washington, Nov. 27.—The exchange of the ratified treaties of peace between Japan and Russia will take place at 4 o'clock this afternoon at the state department. The ceremony will be simple. Baron Rosen will make the exchange on behalf of Russia and Minister Takahira on behalf of Japan. No speeches will be made. The copies to be exchanged have been in Washington for some time. They are bound in plum-colored morocco covers and the seals of the respective nations are attached to them in a silver-gilded box, tied with ribbons of the same color as the covers.

#### Forger Pleads Guilty.

Peoria, Ills., Nov. 27.—Newton C. Dougherty, formerly banker and president of the board of education appeared before Judge Worthington today, pleaded guilty to five of the forgery charges against him and was given a sentence of from one to fourteen years on each of the five counts of the indictment, the same to be concurrent. He will be taken to Joliet penitentiary tonight or tomorrow.

#### New Superintendent for Southern.

Nashville, Nov. 25.—It was announced here last night that W. H. Catcher, of Washington, had been appointed superintendent of the Nashville division of the Southern railroad, and authorized to complete his corps of officials at once. Mr. Catcher has for some time been special inspector of stations on the Southern, with headquarters in Washington.

# WOMAN IS KILLED IN AUTO ACCIDENT

### Several Other Occupants of Car Severely Injured.

#### MACHINE WAS TRAVELING FAST

The Accident Was Caused by the Breaking of the Steering Gear, and the Chauffeur Could Not Control the Machine—Woman Pinned Under Car.

New York, Nov. 27.—Mrs. Francis Burton Harrison, wife of the candidate for lieutenant governor of New York at the last election, was almost instantly killed in an automobile accident today on Long Island.

Mrs. L. D. Scott, of San Francisco, who was with Mrs. Harrison, received internal injuries.

Mrs. Harrison was formerly Miss May Crocker.

Mr. E. T. Pott, of San Francisco, and a chauffeur were also injured. Mrs. Scott is suffering from a fractured rib.

Mrs. Harrison was the daughter of Charles F. Crocker, of San Francisco. The accident was due to a break in the steering gear while the automobile was traveling at a high speed.

The chauffeur could not control the machine, which, after zig-zagging from side to side, made a sharp turn which upset it on the pavement.

Mrs. Harrison was pinned under the heavy car, while the other members of the party were thrown clear of the machine.

Mrs. Harrison lived until taken from under the machine and carried to a hospital.

#### RELIGIOUS SERVICES IN THEATER

### Evangelists in Paterson, N. J., Took Charge of Opera House.

Paterson, N. J., Nov. 27.—Three thousand evangelists led by Rev. J. Wilbur Chapman and accompanied by a brass band, paraded from Market street Methodist Episcopal church to the Bijou theater last night, concluding the demonstration with a midnight service at the Burlesque play house. It was the climax to the first week of evangelistic work in this city and was by far the most remarkable demonstration yet held.

Fully as many women as men took part in the parade. The paraders as they marched through the streets sang "Oh, That Will Be Glory."

The Bijou was too small to hold half of the throng that fought for admission and a big squad of police was kept busy. A burlesque show had just been concluded when the evangelists arrived and took possession of the stage. The burlesque girls were invited to take seats in the boxes. They did so, and joined in the singing of hymns.

Dr. Chapman led the services, urging upon his hearers the necessity of resisting the temptations of sin. Dr. Chapman says that the success of the Evangelistic movement thus far had greatly exceeded his most sanguine expectations. The whole city, he said, seemed to have joined in the movement.

#### Explorer's Ship Still Intact.

San Francisco, Nov. 27.—Henry Lund, the Norwegian consul at this port, is in receipt of information relative to the Amundsen Arctic expedition which convinces him that the report from Dundee, Scotland, that the expedition ship Gjoa has been crushed in the ice at Boothia Felix is erroneous. The Dundee report was received from Esquimaux. Consul Lund has information directly from Captain Amundsen in the form of letter, which go to show that the expedition passed the town of Boothia Felix, where the disaster is reported to have taken place some months ago, in safety.

#### To Hold National Conference.

New York, Nov. 27.—Chicago and New York political reform organizations have agreed to promote a national conference of such organizations throughout the country according to announcement made by the citizens' union of New York. The announcement stated that the municipal voters' league of Chicago had written asking the citizens' league to assist in calling the union together some time during next January. The citizens' union replied that it would co-operate and that January appeared to be the opportune time for the conference.

#### Carter Trial Resumed.

Chicago, Nov. 27.—After a protracted adjournment of the case of Oberlin M. Carter, the ex-United States army officer who is endeavoring to prove his legal title to funds which he is declared by the United States to have embezzled, was resumed today. An accountant who has gone over the books of Carter was placed on the stand as the first witness for Carter. It is expected that the evidence to be submitted by Carter will consume several weeks.
