

TORTURE AND HUMILIATION

For Fifteen Years Face and Body Mass of Itching Sores—Could Not Express Suffering—Doctors Failed—Had Lost Hope

CURED BY CUTICURA AT COST OF \$1.25

"My head was one mass of scabs, my forehead was covered down almost to my eyebrows, and I had to wear my hat all the time. My body was covered with spots in size from a pin-head to as large as a silver dollar. A white, crusty scab would form and itch, and words cannot express the torture and humiliation I suffered for fifteen years. I tried many doctors, and all kinds of treatments, but could get no help, and I thought there was no hope for me. A friend told me to get Cuticura. I did, and in three days my head was as clear as ever. I applied the Ointment night and morning, also taking a hot bath three times a week, and using the Ointment freely after the bath. After using one cake of Soap and two boxes of Ointment I was completely cured, without mark or blemish. I was so pleased I felt like running down the street to tell every one I met what Cuticura had done for me. If any one is in doubt about this, they may write to me. (Signed) H. B. Franklin, 717 Washington St., Allegheny, Pa."

COMPLETE TREATMENT For Every Humour \$1

Complete external and internal treatment for every humour, consisting of Cuticura Soap, Ointment, and Pills, may now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly humours, eczemas, rashes, and irritations, from infancy to age, when all else fails.

Cuticura Soap, Ointment, and Pills, are sold throughout the world. Foster Drug & Chem. Corp., Boston, Sole Proprietors for "Skin and Blood Purification."

Some Big Yields.

As instances of the wonderful productivity of Florida soil, Senator-Editor Joseph Humphries, of Bradenton, stated at the banquet given to the editors in the Tampa Bay hotel on the opening night of the big fair, that a single acre of Manatee county had, in one year, yielded \$3,300 to its owner. Another Manatee man realized \$1,500 in one season from an acre in celery. These incidents are commended to the attention of Editor Pabor, of Avon Park, and others who may be inclined to doubt the correctness of the statement recently made in the Herald that Pania Gorda soil had yielded crops that brought their producers from \$500 to \$2,000 per acre in one year.—Punta Gorda Herald.

The Largest Yield of Corn per Acre

ever grown, from the soil of Gadsden county was 79 bushels. Second to this was 50 bushels. This year recorded the largest yield at 42 bushels, all of which shows that with proper cultivation, on the fertile soil of Gadsden, one can raise a sufficient quantity of corn in one's garden to keep the wolf from the barnyard door.—Agency Times.

A Cure for the Croup.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been used for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Mr. M. F. Compton, of Market, Tex., says of it: "I have used Chamberlain's Cough Remedy in several cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by all druggists.

Florida papers say the Mexicans

recently imported to work in the phosphate mines of that state have been vaccinated and returned to sunny Mexico. Thus another substitute for the monkey has gone glimmering and the Mexicans are once more trying to entice the "brother-in-black" back to the States.—Thomasville (Ga.) Enterprise.

Cured Paralysis.

F. F. Bailey, P. O. True, Texas, writes: "My wife had been suffering many years with paralysis in her arm. I was persuaded to use Balm of Goshen Liment, which cured her right arm. I have also used it for sore throats, frostbites and skin eruptions. It does the work." All druggists.

SIX DAY BIKE RACE IS ON.

Teams Begin Week-Long Event at the Madison Square Garden Track. New York, Dec. 5.—Through the night thousands of persons sat in the Madison Square Garden watching the ceaseless grind of the six-day bicycles which began at midnight and will continue throughout the week.

At the start, it was estimated, 18,000 people were crowded around the track. At 3 o'clock this morning less than 15,000 remained in their seats and when daylight broke nearly half that number still clung to their chairs, peering down upon the oval where the apparently tireless riders were plugging along. Only once during the night was there anything approaching a serious accident.

Just before 3 o'clock seven riders became tangled during a spurt around the dangerous 26th turn and men and machines were sent flying down the steep sides of the board track.

Luckily, only one of them, Gougoltz of the Italian team, was hurt. He immediately resumed the race without giving physicians time to examine his injuries, but before he had ridden five minutes the other riders saw that he was losing his strength.

Gougoltz kept up the unequal struggle several minutes, losing two laps before he fainted on his wheel and rolled to the bottom of the saucer track.

It was then found that he had a broken rib. His partner, Vanoni immediately took his place and made up one of the lost laps. The injured rider was unable to keep up the terrific pace unassisted, however, and left the track. Later it was announced that the team probably would be forced to retire from the contest.

CASE ATTRACTS ATTENTION.

Negro is Central Figure in Important Litigation.

Macon, Ga., Dec. 5.—Henry Jamison, the negro who, because of police court troubles growing out of a drunken spree in which he indulged, is likely to remain the central figure in some important court proceedings for some time to come. He is again out of the chancery on habeas corpus writ, and his attorneys, Messrs. Akerman and Akerman, are using in his behalf the fourteenth amendment to the United States constitution.

Jamison's case was carried to the United States supreme court on the plea that recorder's courts are unconstitutional. The court decided that United States courts are without jurisdiction in questions of that kind until after the state courts have passed upon them. The Judge Felton, of Bibb superior court, was asked to say Macon's recorder's court could not send Jamison to the chancery, without giving him a chance before a jury etc. Judge Felton promptly refused to say anything to that effect, and said Jamison must continue to work on the gang. Jamison wanted to give bond, and quit work until the supreme court of Georgia reviewed the case. This was denied.

Now Jamison gets a writ of habeas corpus from Judge Speer on the ground that the refusal to allow him to give bond was a denial of legal rights and not in compliance with the privileges granted every citizen by the fourteenth amendment to the constitution.

MILLIONAIRE'S TRIAL POSTPONED.

Failure to Get Service Is the Cause of the Delay.

New York, Dec. 5.—Postponement of the trial of John D. Rockefeller, H. H. Rogers and other Standard Oil men in the matter of ousting the Standard Oil trust from Missouri has become necessary because of the failure to get service on Mr. Rockefeller and others. The hearing was to have begun today before Frederick H. Sanborn of this city.

Postponement has been taken until January 4. Mr. Rogers was recently served with a subpoena but it is said that service is void and that he will have to be served again. Among the others whom service has been lacked is Henry M. Flagler, John D. Archibald, Wade Hampton, George Moffatt and Walter Jennings.

CHARGED WITH WIFE MURDER.

William Beard, of Fayetteville, Tenn., is Arrested. Fayetteville, Tenn., Dec. 5.—William Beard, a well to do farmer living near here, was arrested Sunday, charged with murdering his wife.

The woman was shot in the temple while driving with Beard last night and the latter claims it was done by some unknown man, who stopped them on the road, firing as Mrs. Beard was looking from the buggy.

Before giving the alarm Beard, it is said, drove four miles to a relative's home, passing several persons on the way.

Assistant U. S. Engineer Dead.

Memphis, Dec. 5.—Captain William M. Ross, assistant United States engineer, with headquarters in Memphis, died today from injuries received on a government dredge boat several days ago. The pulley of a large derrick struck Captain Ross, causing internal injuries. He was a native of Stroudsburg, Pa.

MAN DESIRES HIS SONS TO HANG.

Rawlings Prefers Death on Gallows to Life Imprisonment for Offspring. Atlanta, Dec. 5.—J. G. Rawlings, sentenced with his two sons, Milton and Jesse, to hang on Jan. 6, for the murder of the Carter children in August, declares he prefers the execution of his boys to the commutation of their sentence to life imprisonment.

When he made this statement Milton, who occupies a cell with his father, promptly spoke up and said he did not prefer death, but wanted the governor to commute his sentence so that in time he could establish the innocence of both himself and Jesse as well as Leonard, who has been sentenced to the penitentiary for life. Jesse, who is but 16, maintains the most stolid indifference to his fate and refuses absolutely to say anything for publication, except that he is innocent.

The old man Rawlings laments his fate and declares the tortures of hell are already upon him. He has two Bibles in his cell and reads to every one calling on him passages from them which clearly, according to him, convict one of his crimes of sinning against the Holy Ghost, a sin which he claims is unpardonable.

AFTER MAN WHO THREW BOB.

Authorities Determined to Punish the Miscreant.

Philadelphia, Dec. 5.—As a result of the casting of a bob into President Roosevelt's special train as it was passing through the northern part of this city Saturday night the Pennsylvania railroad officials and the Philadelphia police authorities have united in a determined effort to break up the practice of throwing missiles at trains. A thorough investigation of the incident is in progress.

"We have been persistently annoyed," said a Pennsylvania road official today, "by the throwing of stones and bricks through car windows by miscreants. These occur in nearly all parts of the city.

"The only thing that will break up the practice is a heavy fine and imprisonment for the offenders when caught."

BOAT SINKS IN MONOGAHELA.

Crew of Twelve Men Escaped From the Roof of the Vessel.

Pittsburg, Pa., Dec. 5.—The steamer Twilight sank in 20 feet of water at Lock No. 2, in the Monongahela river Sunday. The crew of twelve men escaped with their lives by hurrying to the roof of the boat then being taken off in skiffs. The accident is rare in the annuals of river men. With a tow of six loaded flats, the Twilight was coming into the harbor.

Lock No. 2 is new and the guide wall for boats has not been erected and the current of the rising Monongahela was too much for the power of the Twilight's wheel and the steamer and tow were swung toward the dam before she could be fastened.

Gin Saws Cut Man to Death.

West Point, Ga., Dec. 5.—William Talley, a white man in charge of W. N. Maddox's ginney at Whitesville, Ga., was accidentally killed Saturday. Something had gotten wrong with the gin saws, and stooping down to examine the machinery, and adjust the difficulty, his foot slipped, and he was thrown on the saws. His body and lower limbs were so terribly lacerated and the shock so great that before medical aid could be summoned he was dead. Mr. Talley was 50 years of age.

To Establish Car Ferry Service.

Ottawa, Ont., Dec. 5.—The Ontario Car Ferry company was incorporated yesterday with a capital stock of \$500,000. The incorporators are C. M. Hays, E. S. Fitzhugh and J. W. Loud, of the Grand Trunk railway, Montreal, and R. E. Yates, W. T. Noonan and E. W. Davis, officials of the Buffalo, Rochester and Pittsburg. The company will establish a car ferry service between Canadian and American ports, according to the papers filed here.

Depew Has Not Resigned.

Albany, N. Y., Dec. 5.—A persistent rumor that Chauncey M. Depew had resigned the United States senatorship to which he was elected by the legislature of this state last January, was disposed of by Governor Higgins today when he said: "I have not received the resignation of Senator Depew, nor any communication or intimation from him or any one else indicating that he intends to resign."

Insane Woman Takes Charge of Car.

Girard, Kans., Dec. 5.—Mrs. Ina E. Berry, who arrived here on a railroad ticket good for passage from Spokane, Wash., to Tulsa, I. T., took possession Saturday of the car on which she was a passenger, driving the other occupants out with a pistol, and is still in the car. No efforts have been made to capture her except by persuasion, and she has threatened to shoot if not let alone.

Patrolman Accidentally Shot.

Columbus, Ga., Dec. 5.—Patrolman Lowe, of the police force, is nursing a wounded leg, the result of a peculiar accident. A pistol fell out of Police-man Cornett's pocket and discharged as it struck the ground, the ball entering the calf of Lowe's leg.

GRAND CLOSING OUT SALE

— AT — KRASNOFF BROTHERS

The Chance of a Lifetime.

Our Immense line of Dry Goods, Clothing, Shoes, Etc., must be closed out within the next thirty days, as we shall discontinue our business here. These goods **MUST BE SOLD NOW**, and in order to close them out quickly we have reduced the price on everything in our store below what they have been purchased for anywhere else. If you want one dollar to do the work of two just call and we will convince you of the fact that it can be done. Cost is not considered in this sale. The stock must be sold now.
