

**GOOD OLD LEMON PIE**

**OTHER DISHES WITH HEALTHFUL FRUIT AS INGREDIENT.**

Makes Best Kind of Sauce for All Manner of Puddings—Souffle a Light, Refreshing Dessert -- Lemon to Cure Cold.

The old-fashioned lemon pie is one of the prime favorites. An often proved recipe calls for one-half pound of sugar, a pound of butter, six eggs, the juice of two lemons with their grated rind, a nutmeg and half a glass of brandy.

Cream the butter and sugar, beat in the yolks, the lemon, the spice and brandy, then add the whites. Bake in a light piecrust with open top. Powdered sugar and lemon juice should be spread on the top of each pie.

There are a great many varieties of lemon pie, with cocoanut, and meringue mixtures. An English tart calls for a cup of sugar, two lemons (the juice and some of the peel grated), a teaspoonful of cornstarch smoothly blended in water, a dozen raisins parboiled, cut in two and seeded. Beat these ingredients well together and bake between two crusts in small pies.

A lemon sauce which is very fine for rice, bread or boiled puddings, especially for the old-fashioned cottage pudding, is made from a cup of sugar, half a cup of butter, an egg, the juice of a lemon and half the grated peel, a teaspoonful of grated nutmeg and three tablespoonfuls of boiling water.

Cream the butter and sugar, beat in the egg, very well whipped, then the lemon and nutmeg; beat well for ten minutes, then add by degrees the boiling water. Put in the inner pan of a double boiler, with boiling water in the outer pan, and stir well until the sauce becomes very hot.

Lemon souffle is a light, refreshing dessert. Put in a bowl four yolks of eggs and four ounces of powdered sugar, add the grated rind of two lemons and stir well for 20 minutes until quite thick. Then add by degrees a tablespoonful of lemon juice, and finally beat in, lightly and quickly, the whites of six eggs beaten to a stiff froth. Pour into a pie dish and bake in a moderate oven for about 25 minutes to a golden brown. Serve on a lace paper dolly within a silver dish.

A lemon ice, strongly flavored with the fruit and very easy to make, is composed of the juice of six lemons with the grated peel of three, one large sweet orange (the juice and the grated rind), a pint of water and a large cup of sugar. The acidity of the ice can be regulated by the amount of sugar used. A large cup is the medium allowance.

Squeeze all the juice and place in it the grated rind of the fruits, leaving them an hour standing. Then strain well and mix in the sugar and the water, stirring until dissolved. Then turn into the freezer and stir several times while it hardens to keep it entirely smooth.

A modification of the lemon cure, which of course is not permitted in the lemon club, is the consumption during the day of one or two lemons in this way: Cut off the top and make an incision downward in the core without losing any of the juice. Edge in by degrees a lump of white sugar, through which the juice can be taken.

**Surprise Cake.**

Sift two even cupfuls of sifted flour with two even teaspoonfuls of cream tartar and one of soda into mixing dish. Place the white of one egg in a large bowl, beat to a stiff froth, add one-half cupful melted (not hot) butter, one cupful of milk. Beat smooth, then flavor with your favorite extract, add contents of bowl to those in dish and beat vigorously. A hot oven is needed (350 degrees if you have an oven thermometer).

**To Prevent Irons Rusting.**

Irons treated in the following manner can be kept in excellent condition: Tie a lump of beeswax in a thin white rag. When the irons are hot, rub them with the rag and then scour with a cloth sprinkled with salt. After the ironing is finished and the irons are still warm, rub the wax over them, and it will keep them smooth and free from rust. If a brick which has been heated in the oven is used for an ironing stand, the irons will be found to keep hot much longer than if an ordinary iron stand is used.

**For Pie-makers.**

A saltspoonful of baking powder put in the meringue for pies, just before the meringue is placed on the pie will keep it from falling as soon as the pie is removed from the hot oven, as so often happens.

**To Improve Pie Crust.**

To improve the top crust of pie I have found the following very good: Brush it over with water and then sprinkle with granulated sugar. This improves the appearance and makes it brown and crisp.

**Are Your Kidneys Weak?**

You may have kidney trouble and not know it. The only signs may be occasional twinges in the small of the back, constant lameness, dizzy spells or some annoying irregularity of the kidney action. But no sign of kidney trouble can be safely ignored. Kidney disease moves rapidly. It leads to dropsy, gravel, Bright's disease, rheumatism. If you suspect that your kidneys are sluggish, use Doan's Kidney Pills, which have relieved thousands.

**A Georgia Case**

Mrs. Sabra Burgess, Toocoo, Ga., says: "My back was weak and painful and my system was filled with uric acid. Pains ran from my head, down through my shoulders, into my right side and limb. Doctors failed, in fact nothing helped me. Finally, I used Doan's Kidney Pills and six boxes cured me. During the past year, I haven't had a sign of kidney trouble."

**UNABLE TO SEE THE JOKE**

Probably Druggist Was of the Same Opinion as His Small Colored Errand Boy.

A druggist, who had a little colored errand boy, fell into the habit of playing practical jokes on him. One day the druggist was mixing some combustible oils. Suddenly there was a terrific explosion, which hurled the chemist in one direction and the little darky in another, while the whole place burst forth into flames.

After a time a black figure emerged from under a counter, whimpering and rubbing a rapidly growing bump on his head. He limped over to where the druggist sat, half-dazed, with a deep cut across his forehead.

"You hadn't order play wid me dat-a-way, doctor," he said, reproachfully. "Dat shore ain't no way to play!"

**RATHER DEAD THAN ALIVE**

**Deplorable Condition of Lumpkin Lady Whose Troubles Multiplied Until Life Became Almost Unbearable**

Lumpkin, Ga.—Mrs. G. W. Booth, of this place, says: "I suffered with dumb chills and fever and was very irregular. Was also nervous and weak, short of breath, couldn't do my housework without it being a burden, and then I began suffering untold misery in my left side and back. I got to where I would rather have been dead than alive.

I tried many remedies, but they failed to help me.

Finally, I purchased two bottles of Cardui, the woman's tonic, and began taking it according to directions. Cardui helped me right away. I believe it saved my life.

I cannot praise Cardui enough to my lady friends. It is certainly the medicine for suffering women and girls."

If you have any of the ailments so common to women, or if you feel the need of a good, strengthening tonic, we urge you to give Cardui a trial. It has helped thousands of women in its past 50 years of success, as is proven by the numerous enthusiastic letters of gratitude, similar to the above, which come to us every day.

Don't delay. This letter from Mrs. Booth should convince you that Cardui is worth a trial. Get a bottle from your druggist today. You'll never regret it.—Adv.

**Using Up Mistakes.**

A mother was showing her small daughter how to do something. Later the child made a mistake, but the mother advised her not to worry about it, but to remember never to make that same error again, and explained that if we profited by our mistakes they were useful after all.

"Oh, I know why," answered the little one. "Because if you keep on making and making mistakes by and by there won't be any more mistakes left."

If only true, how nice this would be!

"No, it was the first time he had called."

**IN HAPPY LAND OF MEXICO**

Picture May Be Slightly Overdrawn, Though There is Much of the Real Thing About It.

Across the aromatic coffee fields the tremulous note of the ruby-throated hacienda came throbbing.

Far in the distance the snow-capped peaks of the Sierra Madras rose against the cerulean. None genuine without the cerulean.

Lounging on the chaparrista in the shade of a concarne bush, the traveler questioned his native guide.

"Jose, who is the man they are taking out to shoot?"

"He is our president, senior."

"And who was the man they shot just ahead of him?"

"He was our president yesterday."

"Where are all those soldiers going, scattered over the buenavista?"

"They are looking for Miguel Formada, senior. Miguel will be president tomorrow, and he has gone into hiding."

"A strange people you are," said the traveler. "Tell me about the fellow who is kicking a mule in the ribs yonder by the corral."

"There is little to tell about him, senior. He is only Pedro Tomado. He will be president day after tomorrow."

On the evening breeze came the faint tinkle of the upas bell as the mesquite herds wound slowly o'er the pizarro.—Life.

**Sign of the Times.**

When a man like A. J. Drexel Biddle of Philadelphia, society leader and millionaire, preaches in the city streets from a gospel wagon on the "Inasmuch Mission," and when we see other young millionaires in various parts of the country joining the Salvation Army of uplift and human betterment, it is calculated to make the world think a bit—to make it stop, look and listen. There is something which comes home to everybody in such a spectacle, and which is not to be dismissed as an emotional crusading outburst. In many ways the religious impulse of the age shares the democratic spirit that is dominant in political and economic spheres, and is coming out from high places into the highways and hedges in order to get face to face with the masses.

**Cabbage as Real Estate.**

Wonders never cease in American law. Here comes a judge in our own state, trying the case of a man who entered his neighbor's garden and pinched a head of cabbage. The judge decides that it was not larceny of personal property at all, and hence not a basis of criminal action; but the cabbage heads are real estate, and that the neighbor's remedy is to bring a civil action contesting title. We have eaten garden truck—spinach and lettuce for instance—which tasted like real estate. But we never knew before that to steal it was not theft. And after a cabbage head is eaten what good is the title? Now, if it had been a franchise or an election that was stolen, it would have been less surprising in the law to let the culprit go free; but who would ever have thought that the science of judicial hairsplitting would finally be successfully invoked to protect a plain, every-day cabbage thief?—Pittsburgh Press.

**"Noblesse Oblige."**

The Duke de Richelleu one day visited his son, who was a student in the University of Paris. "Do you need any money?" he asked in the course of the conversation.

"No," said his son, "I still have 20 louis from last month's allowance."

On hearing this the duke took the boy's purse, and handing it to his servant, said: "There, John, are 20 louis. My son, the Count de Fonsac, presents them to you. Go and drink his health."

But to his son he said: "Young man, remember that you are the son of the Duke de Richelleu. Be more generous with your money!"

How many youths in college today would like to have so thoughtful a father!—Youth's Companion.

**Much the Best for This Climate!**  
**The French Market Roast and Blend Make It Essentially a Southern Coffee**

Great Travelers and Explorers agree that the food and drink peculiar to the country where it is used should always be adopted in that country. French Market Coffee is the coffee of the coffee-producing countries, where climate most nearly corresponds to that of our Southern States. It is therefore, much better suited for Southern consumption as regards food value, etc., than coffees roasted for other climates. This accounts for the marvelous success of French Market Coffee; and why it is called the National Drink of the South. Formerly it could only be had at the old French Market, where the

quaint old stalls were crowded with the most brilliant society of the South, drawn together to enjoy the matchless coffee known nowhere else in America. Now by the establishment of the French Market Mills with the special machinery necessary, this wonderful old blend is preserved for their descendants. The invention of perfectly-sealed tins allows shipment all over the United States without loss of freshness and flavor. Try it once upon your own table and see if anyone of your family would be willing to use again the ordinary kinds of coffee.

**French Market Coffee is Now The National Drink of the South**

**French Market Mills**  
(New Orleans Coffee Co., Ltd., Proprietors)  
NEW ORLEANS

**DIRECTIONS**—We recommend that you make French Market Coffee in your usual way. If you find it too strong, reduce quantity until strength and flavor are satisfactory. French Market makes more cups of good coffee to the pound than other brands, thereby reducing your coffee bill.

**Don't Forget to Side Dress**  
After you have the plants well started, insure a crop by feeding it. For cotton, provide enough  
**POTASH**  
to make more bolls, good fibre, and to keep the bolls from falling and for corn, help the plant make the starch that fills the ears.  
Try 200 lbs. per acre of mixture of equal parts of Kainit, Acid Phosphate and Nitrate of Soda, or 5-5-5 goods.  
Insure against cotton rust by side dressing of 200 lbs. Kainit per acre. Right side dressing prolongs the activity of the plants and produces a full crop of bolls that stay on. It makes sound, heavy corn and fine fodder. **Potash Pays.**
