

WOMAN IN BAD CONDITION

Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt. — "We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would blot. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me." — Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine
It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Four Thousand Miles.

A thousand miles up the mighty St. Lawrence, thousand miles along the great lakes, a thousand miles across the open prairie, a thousand miles over a sea of mountains—four thousand miles where nation meets nation and sovereignty meets sovereignty, but never a fortress, never a battleship, never a gun, never a sentinel on guard! Four thousand miles of civilization and Christianized internationalism—that is North America's greatest achievement.—James A. Macdonald in the American Review of Reviews.

Dangerous Undertaking.

"Jane, tell the cook she's burned the steak."
"I'm afraid, John. She'll roast me."

Amendment to the by-laws of Miami lodge No. 223 was referred to the committee on distribution and by-laws. The new digest recently published was adopted as the official law of this grand lodge.

A communication was read from District Deputy Grand Master Charles H. Stewart of Melbourne, expressing his regret at being unable to be present at the session of the grand lodge, being detained at home on account of the serious illness of his son, this being his first absence from a grand lodge session during the past twenty years. The grand secretary was instructed to communicate to Mr. Stewart the regret of the grand lodge at his absence and to express the early hope of the recovery of his boy.

WANT IMMEDIATE REPORTS
Florida Railroad Commission Demands All Railroad Wrecks Reported By Telegraph

Tallahassee.—The state railroad commission has issued an order requiring each of the several railroads operating lines in this state to report by telegram immediately the occurrence of any wreck, such wire report to be followed within five days by a written report, giving all of the details of such wreck.

The commission has entered an order requiring the railroads entering the city of Ocala to erect a union depot at a convenient point in that city.

The commission also dismissed the complaint against a railroad company that the railway was not furnishing individual drinking cups on its lines between Jacksonville and Port Tampa.

URGE GOOD ROADS

Woman Named By Florida Women's Club Federation Will Preach Road Improvement

Jacksonville.—That the Florida state good roads association is making considerable progress in its campaign of education in favor of a state highway department for Florida was demonstrated at the meeting of the ways and means and finance committees of the association held at the Jacksonville Board of Trade.

In addition to hearing reports from the special agent and the secretary of the association, President Miller of the association was authorized and requested to appoint Mrs. O. Brownell of Live Oak as field agent of the association with full authority to secure new members and solicit contributions for the carrying on of the work of the association.

Mrs. Brownell is chairman of the good roads committee of the Florida State Federation of Women's Clubs, having been quite recently appointed to that important office by Mrs. W. S. Jennings, president. In this work in the interest of good roads for all Florida, Mrs. Brownell says she is determined to have all Florida for good roads in a very short time.

Not one dollar to be collected through the work of Mrs. Brownell for membership fees is to be used for the payment of salaries, it is said, but every dollar is to be used in the general promotion work of the association in the interest of good roads generally and in assisting in unifying sentiment in favor of plans for securing a state highway department for Florida and the construction and maintenance, under state supervision, of a state highway system.

FARM ADVISORY WORK

Bureau Will Be Pushed Hard This Year To Obtain Agricultural Results

Jacksonville.—During the present year the adviser of the agricultural market bureau will put into operation plans that will mean greater success for the bureau than was recorded last year. Maxville, one of the prosperous agricultural districts of Duval county, is being put in connection with the work being done by the bureau.

Although these activities only began during February of last year, it is felt assured with the earlier start this year and the results of last year's work as a basis that even greater attainments will be recorded by the bureau this year, the splendid farmers' day exhibit of last year to be exceeded by the exhibit to be held in the fall of 1915.

All of the schools in the county will be visited and the co-operation of the boys will be enlisted in the corn club movement, the plan and conditions of the competition to be presented to all boys of the county whether they attend school or not. In addition to the \$25 available for prizes, it is believed that there will be other donations and contributions.

As many girls as possible are wanted to enter the competitive canning club work. The women in charge of this feature in the state will give a number of demonstrations in this county. During the year the adviser will hold a number of important public meetings in connection with the work of the bureau.

CENTRAL EDITORS ORGANIZE

Editors Of Middle Part Of State Form An Association At Live Oak

Live Oak.—The Middle Florida Press Association was formed here, with R. L. Thompson, editor Perry Herald, president; H. L. Dodd, editor Citizen-Reporter, secretary, and E. J. Weaver and F. E. Cecil, Mayo Free Press; John A. Howard, editor Lake City Index; J. E. Pound, editor Suwannee Citizen; Burr L. Bixler, editor Present Truth Messenger; F. R. McCormack, R. L. Sweger, and W. C. Vanhoy, Suwannee Democrat, members.

Mayor Joe Hinely welcomed the visitors in a neat address and presented them with the liberty of the city. After music, a permanent organization was formed. A magnificent banquet was served in the evening. Meetings will be held monthly at the cities represented by the membership. A resolution endorsing the state fair to be held permanently in Jacksonville, was passed by the association and a telegram to that effect was sent to George Mason in Jacksonville.

Bad Fire At Pensacola

Pensacola.—The entire business section of Pensacola was threatened by fire when three buildings on Palafox street were entirely gutted. The loss is estimated at \$15,000 to \$20,000, partly covered by insurance. The fire had its origin in a poolroom and is said to have been caused by a short-circuiting of electric wires. A clothing store was burned, practically all of the stock being destroyed. The Peerless saloon was badly damaged, mostly by water.

Genuine French Market Coffee Is Never Sold In Bulk

No "bulk coffee" is a satisfactory substitute for French Market Coffee. For this famous old secret blend cannot be successfully imitated.

The blend of Coffees that produce that rich, aromatic flavor peculiar to the genuine French Market Coffee is a secret of the French Market Mills.

Even if the right blend were known, it would be impossible to reproduce the old time French Market slow roast and grinding process only obtainable by the splendid machinery of the French Market Mills. Nowhere else could the French Market process of packing coffee, untouched by human hands, in perfectly sealed cans, be reproduced.

MEN OF LAW AT A PREMIUM

Legal Lights Were Comrades in Misfortune of Man Who Was Inveigled Into Card Game.

"One of the boys put me on to a little game," said the dry goods drummer, "and I went around to see what it was like. There was about thirty respectable looking people in the room, and one of them was trying to teach me the value of the cards when the police broke in and made a clean sweep of everybody. Next morning when arraigned at the police court I wanted a lawyer, and there was a general laugh in the court when his honor replied with a smile:

"I don't know where you'll get one. There are several in town, but all are in the pen with you!"
"It was so," continued the drummer, "and things might have gone hard with us had it not been for the fact that the judge was there, too, but had just stepped out as the raid was made. Nothing was said about it, of course, but he let us off with a fine of \$2 each and a lot of fatherly advice."

The Token.

Country House Host (to arriving guest)—"Hi, Jack! Drove over with Miss Cuddles, eh? Ripping sleighing, but cold going, ain't it?"
Jack (cheerfully)—"Oh, didn't notice it."

Host—All right, then. Come in and thaw that earring out of your mustache.—Judge.

Anyway, it's none of a man's business how old a woman is.

His Fatal Mistake.

"My poor brother," said the retired bank burglar, "made a mistake in the selection of a vocation and finally starved to death."
"That was tough," rejoined the exporoh climber. "By the way, what was his line?"
"He made a specialty of snatching purses from lady shoppers," answered the other with a deep, broad sigh.
