**Food for Thought.**  
Wife (sarcastically)—What would you do if I were to stay out every night until after midnight?  
Husband (calmly)—What would I do? Oh, in that case I'd probably stay at home.

**STATESBORO MINISTER GETS REAL HELP**

**Rev. J. Powell Tells How He Found New Strength to Give to His Labors.**

Rev. J. Powell of Statesboro, Ga., suffered from stomach troubles so seriously that they affected his work.

He struggled under the handicap as best he could—hardly realizing, perhaps, just how much his sickness was hurting him.

One day he learned of Mayr's Wonderful Remedy. He took the first dose—then decided to take the full treatment. He wrote:

"Since using the six bottles of your wonderful remedy I feel like another man. It has been quite a wonder to me to know how one could have a stomach disease like mine and live and do the work I did. I just escaped the operating table.

"Now I can eat what I please and it doesn't hurt me night or day."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.—Adv.

**Good Logic.**

"Ma," remonstrated Bobby, "when I was at grandma's she used to let me have two pieces of cake."

"Well, she ought not have done so, Bobby," said his mother. "I think two pieces of cake are too much for little boys. The older you grow the more wisdom you will gain."

Bobby was silenced, but only for a moment.

"Well, ma," he said, "grandma is a good deal older than you are."

Just because a girl calls a fellow a muff is no indication that she wants him to hold her hands.

Some people go into a thing head first, while others prefer to get there with both feet.

**Hidden defects in Roofing**

If your roofing is not guaranteed by a responsible company you run the risk of finding out its defects after it is on the roof. It costs no more to get a written guarantee with the best responsibility behind it.

**Buy materials that last**

**Certain-teed Roofing**

—our leading product—is guaranteed 5 years for 1-ply, 10 years for 2-ply and 15 years for 3-ply. We also make lower priced roofing, slate surfaced shingles, building papers, wall boards, out-door paints, plastic cement, etc. Ask your dealer for products made by us. They are reasonable in price and we stand behind them.

**STATE GOOD ROADS MEN IN SESSION**

**Plans Are For a Florida State Highway Commission This Year**

**ENDORSE MUCH LEGISLATION**

**Senator Bryan And Other Prominent Men Were Speakers At St. Petersburg**

St. Petersburg.—To prepare a bill to create a state highway commission and get it through the next legislature was the avowed purpose of the convention of the Florida State Good Roads association, called here. The bill was in the hands of a legislative committee, of which Judge H. B. Phillips is chairman. In tentative form it was presented to the convention, and agitators for the commission say that there will be no rest or adjournment till the bill has been properly wrought.

Anticipating the probability of the creation of the commission, the Florida state university is asking for the location of the headquarters of the engineering corps at that institution. Prof. J. R. Benton of the engineering department was in the convention to have the influence exerted for the school. He offered fully equipped offices, drafting and testing rooms, experimental grounds. He argued that the location of the headquarters at the school would give the pupils extended opportunity to study this important phase of engineering and also offer them greater fields for self help.

Over \$500 has been spent in publicity work this year, most of which went toward advocating the highway bill, according to the report of J. D. Rooney, treasurer, from Ocala. Secretary Clarkson reported 122 members to date. Appropriate to the occasion of some, many visitors being in the city, Mayor J. C. Bradshaw made the opening address. F. A. Wood, representative-elect, made an address of welcome in behalf of Pinellas county. Dr. W. M. Stinson from Jacksonville and formerly president of the association responded. A big banquet, an automobile parade and an address by W. A. McRae, commissioner of agriculture in Florida, were the chief events of the evening. Every delegate is enthusiastic and promises to do his part to make the convention a success. Delegates are arriving on every train and boat now.

The convention assembled, with President F. O. Miller of Jacksonville presiding. Welcoming addresses were delivered by J. G. Bradshaw, mayor, on behalf of the city of St. Petersburg, and Hon. F. A. Wood, representative from Pinellas county, on behalf of the county.

The response in behalf of the association was delivered by Dr. W. M. Stinson of Jacksonville, former president of the association.

The president's annual address was delivered by Mr. Miller, and the reports of the secretary by J. P. Clarkson, and treasurer by J. D. Rooney, were submitted, and showed that the membership has increased about fifty per cent over the previous year.

Hon. N. P. Bryan, United States senator from Florida, delivered an address in the afternoon. A committee headed by Mayor Bradshaw of St. Petersburg was appointed to meet Senator Bryan.

**CHANGE OF CHARTER**

**St. Augustine Citizens Discuss Plans For Changing Their Charter This Year**

St. Augustine.—One of the most important meetings of the chamber of commerce yet held by this organization was held at the chamber of commerce hall for the purpose of considering and discussing a change of the city charter, which will be asked for through the next session of the legislature, which will enable St. Augustine to adopt the commission form of government.

The commissioners of the chamber several months ago were authorized to draft a new city charter and present it before the members when completed, after which it will be taken up publicly and if generally approved regular steps will then be taken to place the proposed new charter in force.

The commissioners now report that a draft of the new charter is now ready to submit to the general body. The commissioners have spent several months of hard work and conscientious labor on this important document and they now ask that every member of the chamber be present at the charter meeting to carefully go over the details involved in the document, express their views and either give their approval or disapproval of the measure.

**LABOR AND SUFFRAGE**

**Labor And Women's Federations Plan Measures To Present To Legislature**

Tampa.—Several measures have been drafted by the legislative committee of the Florida State Federation of Labor to be introduced in the forthcoming session of the legislature. Among the bills drafted are the following:

Workmen's compensation employers' liability; eight hour day law; mechanic's lien law; steam boiler inspection law; bureau of labor statistics; engineers' license law; plumbing inspection law; anti-coercion act; placing fire escapes on factories; licensing of moving picture operators; limiting hours of female employees to nine a day; and semi-monthly pay day.

**Women Prepare Bills**

The Florida State Federation of Women's Clubs have several proposed laws which they intend to have introduced, among which are a compulsory education measure, the child labor law and free text books.

A measure granting equal suffrage to women will be presented by the Equal Suffrage League.

The legislative committee of the railway organizations have prepared several bills which will be introduced, among them being the full crew bill.

All of these measures have the endorsement of the Florida State Federation of Labor. A majority of those in the hands of the committee were passed upon last session by Hon. Robert McNamee, attorney for the federation, and the present bills are only redrafts of the old ones.

The workmen's compensation (or employers' liability) is patterned after the California law, while the plumbing inspection law and the measure limiting the hours of female employees to nine a day, are made up of parts taken from the laws in operation in several other states.

**To Send Delegate to Capitol**

L. B. Campbell of this city, a member of the legislative committee of the state federation of labor, will go to Tallahassee when the legislature meets.

**BARTOW'S NEW LIBRARY**

**Handsome Bibliotheque Opened To Public In Thriving Florida Town**

Bartow.—Bartow's beautiful new beautiful Carnegie library building was formally opened to the public, and all of Bartow turned out to enter into the spirit of the occasion.

Those who gave of their time and were untiring in their efforts to establish a library and reading room in Bartow who were present were Mrs. B. F. Holland, vice president of the association; S. S. Green, Judge W. S. Preston and others. The opening day drew large numbers out and although the reception itself was informal there were several members of the old library association present who assisted Miss Coston, the librarian, in receiving. Bartow's brass band furnished music, which was greatly enjoyed.

The juvenile department is separate from the main reading room and furnished to meet the needs of the children. The screened veranda with its rustic furnishings will appeal to those who are liberty and can enjoy daily visits to the library. The large open fire places give it an air of comfort and will make it an ideal haunt on a dreary day. There are two cloak rooms, one on either side of the entrance to the right being for men and the left for ladies.

**COUNTERFEITING CHARGED**

**Man Arrested At Tarpon Springs Accused Of Making Spurious Money**

Tampa.—Ed Renfrore was arrested at Tarpon Springs by Deputy United States Marshals Reynolds and Pitts on the charge of making counterfeit money. In Renfrore's house the officers found about one hundred imitation dollars made of lead and several moulds. The man is said to have admitted that the moulds were his and that he had made the bogus dollars, but stated that he had never made any attempt to pass the stuff of as money. He will be given a hearing here.

The statement that he had not passed any of the money is disbelieved by the officers, who went to Tarpon Springs on the statement that spurious coins were being rather freely circulated there.

This is the second arrest in this vicinity on this charge within a month. Ed Valle, a Cuban, was taken into custody here about four weeks ago. He was engaged, the officers charge, in making spurious coins of the smaller denominations.

**Education Day At Auburndale**

Auburndale.—All members of the Women's Club, their friends and many non-members, both men and women, made the observance of "Education Day" something of a celebration.

**This Wonderful, Old Secret Blend is NEVER Sold in Bulk**

**YOU** buy coffee for its flavor, its aromatic stimulation, largely due to its flavor. This old secret blend, the genuine French Market Coffee, is a combination of many different coffees that are grown in different countries. Its flavor is inimitable.

**The Exception.**

Doctor—Did you ever encounter a will that you couldn't break?  
Lawyer—Yes, but only one.  
Doctor—And that was—  
Lawyer—My wife's.

Nightly coughing and torturing throat-tickle quickly relieved by Dean's Mentholated Cough Drops—5c at all Druggists.

**Contrary Signs.**

"The wind is rising."  
"That means falling weather."—Baltimore American.

**Much Cheaper.**

"I am going South for the rheumatism."  
"It's cheaper to get it here."—Boston Evening Transcript.

**UGH! CALOMEL MAKES YOU SICK!  
CLEAN LIVER AND BOWELS MY WAY**

**Just Once! Try "Dodson's Liver Tone" When Bilious, Constipated, Headachy—Don't Lose a Day's Work.**

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-

back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning, because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and cannot salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.

**About Knew What It Was.**

A certain deacon in a village church had a way of his own of dealing with cases of doubtful charity.

One Sunday he came round with the bag to a gentleman of doubtful open-handedness. This worthy, remembering, no doubt, that one should not publish one's good deeds too widely, concealed his donation in his close-shut fist and reached for the bag, whereupon the deacon, deftly withdrawing it before he could reach it, said, in a stern whisper:

"Give it to me, sir. One has just come off my vest."

**If You Can't Get It in Town.**

Someone in almost every town in the United States sells Hanford's Balsam of Myrrh. If you can't get it, write G. C. Hanford Mfg. Co., Syracuse, N. Y. Price 50c and \$1.00. Adv.

"What's the Oh Joy silver mine stock selling for now?"  
"We just sold the last ten rolls of it for wall paper."

For hot grease burns apply Hanford's Balsam lightly until the fire is extracted. Adv.

**A Frightened Officer.**

Church—I see Washington now has a policeman.  
Gotham—I hope the authorities will be thoughtful enough to keep mice off the streets.

For lame back use Hanford's Balsam. Rub it on and rub it in thoroughly. Adv.

**Afraid to Speak.**

Bacon—Is your wife continually asking "What's the trump?" when playing cards?  
Egbert—No, not continually. Sometimes she only looks it.

**Paw Knows Everything.**

Wille—Paw, what is a debutante?  
Paw—A debutante is a girl who starts in when she comes out, my son.

For calks use Hanford's Balsam. Adv.

When an experienced parlor maid has spent her savings she can grab a broom and raise some more dust.
