**The Modern  
Seven Wonders**  
Daytona's Incomparable Ocean Beach.  
One of Daytona's crowning glories is  
her incomparable beach. No one who  
ever set foot upon its smooth, packed  
sands; no one who ever pedaled a bicycle  
over its expanse; no one who ever  
drove a prancing pair of horses and listened  
to the popping of their steel shoes  
upon its asphaltum-like face; no one  
who ever steered a high-power automobile  
down the broad stretch of wave-  
washed and surf-paked sand but realized  
that it is a world-beater, a world-  
wonder. Go stand upon this wide  
speedway and see the happy souls flit  
by in joyous mood, and answer whether  
this is not one of the seven modern  
wonders.

**The Placid, Pelucid Halifax River.**  
Where think you is water with more  
picturesque surroundings? Nearly a  
mile wide, fringed with tropical vegetation,  
artistic cottages with roomy ver-  
andas looking out upon her bosom,  
gamey food fishes in countless numbers  
beckoning, as it were, to those with rod  
and reel; her bosom flecked with duck  
and coot and snowy-winged sea birds,  
which sit about as if for the sport of  
bobbing upon her waves; watch that  
lubberly old white headed p-lean perch  
a fat mullet, and that fish hawk sit-  
gling upward with his floundering load  
he snatched from the water.  
See the beautiful launches, spick and  
span, their hampers and lockers bulging  
with refreshments both solid and liquid  
ready for a cruise upon her beautiful  
surface. Take out your field glass and  
sweep the river from Ormond bridge to  
Ponce Park light house, then say  
whether the Halifax isn't a thing of  
beauty and a joy forever, and one of  
the modern wonders.

**The Enchanting Picturesque Ridgewood.**  
Ridgewood avenue is upon the crest of  
a broad ridge, straight as the crow flies,  
and the wide-spreading branches of the  
heavy-trunked live-oaks extend their  
great arms across this magnificent vista,  
forming an arch, and from these extend-  
ed arms great festoons of Spanish moss  
sway as the trade winds from tropic seas  
fan them. Looking straight ahead down  
this white shell street one has the im-  
pression of a fairy path with elfish dra-  
peries, but as you move along and cast  
an eye first to the right and then to the  
left you see distinguished cottage homes  
in the most delightful settings.  
Surpassing Beauty of Our Cottage Homes.  
No one of Daytona's attractions, per-  
haps commands more nearly universal  
attention and praise than does the artistic  
cottage. The owners of these charm-  
ing villas hail from every corner of the  
country and they bring their own archi-  
tectural plans and build upon them, and  
as the architecture of one section of the  
country differs from the architecture of  
another so do our homes differ in out-  
ward appearance and structural beauty  
from one another. There are no monotonous  
rows of strikingly similar buildings  
but the eye, as it sweeps by, is treated  
to a kaleidoscopic change which keeps  
the mind wondering "What next?"  
Streets and Pavements the Most and Best.  
Why the Architect of the Universe  
chose to give to Daytona the most ad-  
mirable, the most picturesque natural  
setting of all the cities of the South is  
not revealed but that such a fact  
must be apparent to the most superficial  
observer. With such lavish wealth of  
natural beauty it became an easy thing  
for the hand of man to give the little  
finishing touches which have brought  
out the colors and outlines of the big  
picture.  
Man did all this in the laying out of  
the streets with their wide margins of  
parkage, the entire city becomes a  
great park.  
And as for pavements, pavements  
that look and act like granite,—where-  
else between the eastern and western  
seas are so many miles in proportion to  
inhabitants? Till some unheard-of  
place reports more and better, Daytona  
throws down the gauntlet to the world.  
Squirrels, Flowers, Birds and Fruits.  
Whatever one's shortcomings and  
however indifferent or even callous one  
may be to many things, the mere men-  
tion of "squirrels and flowers, birds and  
fruits" will send a thrill that is reflected  
in distended pupils and pricked ears.  
For every visitor with a spare "goober"  
there is a bunny ready to come out  
and accept your gift. He will sit bolt  
upright and gnaw into the meat, casting  
furtive, saucy glances at you meanwhile.  
Flowers! Usually fresh and blooming  
the year round. In one yard roses of  
variegated hues predominate, another  
has a penchant for the poinsettia and  
the premises are aflame; another is hid-  
den in a jungle of tall cane.  
The birds flit in, and with their joyous  
notes help to give fullness and symme-  
try to the picture.  
As for fruits, choice citrus fruits, Day-  
tona yields the palm to none for quality  
and quantity per acre. There are scores  
of citrus groves in proximity to the city,  
branches bending to the earth with their  
burdens of luscious golden globes.
