Men's Shirt Waists

And the new styles in negligee shirts are now in our store. These goods were not bought from jobbers, in the open market, but come direct from the manufacturers. We believe in careful buying. We feel that we cannot retain your trade unless the goods we sell you give perfect satisfaction. We know that we cannot offer you goods of a uniform quality if we buy of every Tom, Dick and Harry that comes along our way. We handle the famous "Trojan" make of shirts. They make them in two grades and brand them "Silver" and "Gold." Every shirt is made from madras cloths, in patterns designed expressly for them—many of the styles being exclusive. There are three points in these goods to which we call your attention: 1st, the way they fit; 2nd, the workmanship; 3rd, the way the colors stand.

"Silver" Brand of Shirts, $ .98
"Gold" Brand of Shirts, 1.50
Men's Shirt Waists, "Gold" brand, 1.50

Human nature is so constituted that some scandel; while others don't; some like to see others ripped up the back, others don't; some like to have fakes exposed, others don't; some like the truth told about them, others don't; some like to take their paper seven or eight years and never miss an issue or pay a cent, and get mad and stop their paper when they get statements of their account, others don't. It is some consolation to know that the Lord Himself failed to please everybody while on earth.
