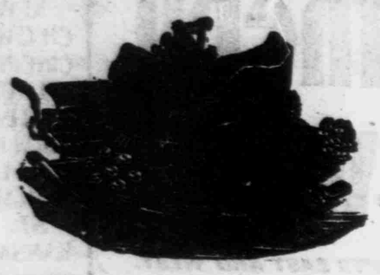
THE FRANKLIN TYPEWRITER



Admired by Educated and Influential Men.

When such men as Ben Harrison, editorial writer of the Times-Union and Citizen, of Jacksonville, Fla., and John N. Rogers, County Superintendent of the Board of Education, of Sandersville, Ga., do voluntarily declare the Franklin to be the most practical and durable of all standard machines, and that they would use no other, then it must have superior qualities. The writing is visible without lifting the carriage. The mechanism is so simple that a child can learn it. No trust combine controls the price. Therefore you can buy it for $75, on terms to suit your pocketbook.

Good second-hand Franklins for $25, and upwards.

Your inquiries by mail, or in person, will receive courteous and prompt attention.

DAYTONA RESPONDS.

CITIZENS of Daytona and its suburbs have responded freely to the call for aid from Jacksonville, whose calamity all our readers near and far are familiar with. From the beautiful metropolis of Florida it fell in a few hours to a smouldering pile of ashes. In other calamities throughout the country Jacksonville has always been among the first to respond to the call for help, and other cities are now doing by Jacksonville as Jacksonville has done by others. The GAZETTE-NEWS will gladly acknowledge receipt of all subscriptions for sufferers in the stricken city, and see that the same is promptly forwarded to the Relief Committee.

The need is very pressing and every donation counts, no matter how small it may be. Clothing can also be utilized, and the Southern Express Company have announced that they will gladly transport anything consigned to the Relief Committe free.

A Relic of the Civil War.

Capt. H. L. Wood, a resident of this place for nearly five years, came into the office last Saturday afternoon with a three-inch conical shell in his hand, which he claimed to be a relic of the civil war. He says he was digging post holes on his property here about three years ago when he struck some hard substance, which upon investigation proved to be a shell, and is probably the only shell that was fired by either side in this neighborhood during the war. The Union vessels entered the Haliax river through Mosquito Inlet, and had a brush with the Confederate troops at both New Smyrna and Port Orange. The Confederates retreated before superior numbers, but took their women and children with them and put them on the road to St. Augustine. When approaching this locality the Yankees fired one shell from their launches into the dense hammock, and this must be that identical shell, for there is no other way to account for its presence in the place where it was found. Mr. Wood presented the rusty relic to Major Bingham.

SHUDDERS AT HIS PAST.

"I recall now with horror," says Mail Carrier Burnett Mann, of Levanna, O., "my three years of suffering from kidney trouble. I was hardly ever free from dull aches or acute pains in my back. To stoop or lift mail sacks made me groan. I felt tired, worn out, about ready to give up, when I began to use Electric Bitters, but six bottles completely cured me and made me feel like a new man." They are unrivalled to regulate stomach, liver, kidneys and bowels. Perfect satisfaction guaranteed by Dr. J. M. Jones. Only 50 cents.

J. L. Worthy was down from Ormond Friday of last week. This is Mr. Worthy's twentieth winter in Florida. He expects to return north the latter part of this month.

The Country Weekly.

The daily papers are all right, if you want them; but it is the weekly paper that advertises your business, your socials, your Fourth of July celebrations, your entertainments, your schools, your churches, your Guilds, your sorrows, your joys; and it is the weekly paper that gives you a hundred or more free "puffs" during the year, and sympathizes with you in your affliction and rejoices with you in your marriage or prosperity, says an East Coast exchange. It is also the weekly paper that mentions the thousands of items along the East Coast you are interested in during the year; and it is the weekly, home paper that helps to build up your town and county, and assists in bringing settlers here, which adds considerable dollars to the exchequer of the merchants. The weekly paper gets plenty of free work, but it wants advertisements and job work intermingled, so that a few dollars may come in to "keep the mill running." Just think it over, reader.

IT SAVED HIS LEG.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles, it's the best salve in the world. Cure guaranteed. Only 25c. at Dr. J. M. Jones'.

Dr. and Mrs. J. P. Esch and party, comprising Mrs. E. J. Wright, Mrs. Janette Wright, Miss A. Sprague and Miss Carrie Stratten, left for their Ohio homes Tuesday.
