### DEATH OF J. M. RANDALL.

On Friday, the 7th inst., at 4:30 p. m., Mr. J. M. Randall died in Boston. Mr. Randall was well known on the east coast and his sudden decease will be a shock to his many friends, especially to those in Eau Gallie, where Mr. Randall never failed to pass a portion of each winter season for years past. Though quiet and unassuming Mr. Randall was always among the first to assist in any good cause. He was a large donor to the funds of St. John's Episcopal church, at Eau Gallie, of which denomination he was a member all his life. The family have always been prominent Episcopalians; Bishop Randall, well and favorably known as a writer, was Mr. J. M. Randall's uncle. Though unmarried he has left a large family connection and one brother, Mr. E. S. Randall, of Boston, to mourn the sad event. The body was interred in the family mausoleum where the remains of Randalls antedating our war of independence now repose in their last sleep. Many members of the family took a prominent part in our first struggles for freedom. To the members of Mr. Randall's family we tender our sincere sympathies in their sad bereavement.

## Some New State Laws.

The much-discussed insanity divorce law, recently passed by the legislature, was drawn by ex-Chief Justice Raney and Mr. W. L. Palmer, of Orange, and introduced by the latter. This measure does not allow a divorce for all forms of insanity, but is so guarded as to provide against possible abuse. The insanity must be of an incurable character, and a decree of incurable insanity must have been rendered for four years, and the insane person must have been under expert treatment in any asylum or home for the insane prior to the decree of incurable insanity. All this must be made to appear before the court will permit a bill for divorce to be filed. The law cannot be applied save in cases of absolute and incurable insanity of long standing and fully established by expert evidence.

The tax redemption law was suggested at the state convention of county commissioners by H. H. Dickson, of Orange county. It makes the redemption of lands sold for taxes easy and simple, and any citizen can go to the county clerk and redeem lands, and not have to send or write to Tallahassee and often wait for weeks or months. This is one of the most important laws passed by the legislature.

An amendment to the constitution was reported and passed both houses, creating an additional judicial circuit to be known as the Eighth circuit, and paying circuit judges a salary of $2,750. This measure will give relief to Judges Call, of Jacksonville, Wall, of Tampa, and Hocker, of Ocala, the work in those circuits being very much crowded. It also increases the salary of the judges by $250, which is intended to cover their actual traveling expenses while attending the courts.

Another important and useful law is that providing for a state auditor, who shall check up the books and records of county officials and make written reports to the state. These reports will show the people of each county the condition of their local officers and all county matters.
