TARIFF BILL PUZZLES TAFT.

President Told Wool Men Story Apropos of Schedule Intricacies.

President Taft recently confessed to a delegation of Ohio woolen manufacturers that he has become bewildered by the intricacies of the tariff measure. The delegation of manufacturers was the seventh that has called in the last few days, and all of them have urged conflicting changes in the schedule as proposed in the senate bill. The president threw up his hands when the woolen men sprang a seventh suggestion radically different from those made previously by other textile manufacturers.

"Gentlemen, gentlemen," he is reported to have exclaimed, "you remind me of an experience I had on my recent trip into the south. When passing through the mountains of Tennessee a reception committee boarded our car to accompany us to a town in which I was to speak. They were fine fellows, and the chairman of the committee was anxious to tell me all about the country. Our train was running along the bank of a beautiful stream, and I asked its name. The chairman mumbled something that was unintelligible. I asked him to repeat it. Again he mumbled so that I couldn't catch what he said.

"'I beg your pardon,' I said, 'but I didn't understand it. Will you spell it?'

"'Waal, I don't reckon as how I kin,' he replied. 'Some folks spells it one way, other folks spells it another, and still other folks spells it different. In my pore jedgement, jedge, they ain't no correct way to spell it.'"

The president looked around the group laughingly and added that, while he was not prepared to admit he was quite so uninformed on the tariff, he would confess that on some of the schedules the story explained his position fairly well.

Alone in Saw Mill at Midnight

Unmindful of dampness, drafts, storms or cold, W. J. Atkins worked as night watchman at Banner Springs, Tenn. Such exposure gave him a severe cold that settled on his lungs. At last he had to give up work. He tried many remedies but all failed till he used Dr. King's New Discovery. "After using one bottle" he writes, "I went back to work as well as ever." Severe colds, stubborn coughs inflamed throats and sore lungs, hemorrhages, croup and whooping cough get quick relief and prompt cure from this glorious medicine. 50c. and $1.00. Trial bottle free. Guaranteed by Banner Drug Store.

WIRELESS LIGHTING.

Dr. F. H. Millener and His Feat at Omaha Electrical Show.

One of the events that has attracted attention in the middle west and, indeed, in scientific circles throughout the country is the lighting of the Electrical exposition at Omaha by wireless,

DR. F. H. MILLENER.

this being the first time such a thing has been achieved. It was done by Dr. F. H. Millener of Omaha, inventor of the wireless system of lighting such enterprises, and the current used came from the government wireless station at Fort Omaha, five miles away from the auditorium in which the exposition was opened. There were 4,000 incandescent lamps, which for four hours were kept glowing brilliantly by the wireless current generated so far away

Refuge For Wild Animals.

There is a project to set aside a part of the Kongo land for a national park, in which native animals will have a place of refuge.

STATE OF OHIO, CITY OF TOLEDO, } ss.
LUCAS COUNTY.

FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. CHENEY & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A.D. 1886.

{SEAL.} A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

One of the Essentials

of the happy homes of to-day is a vast fund of information as to the best methods of promoting health and happiness and right living and knowledge of the world's best products.

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best the world affords.

One of the products of that class, of known component parts, an Ethical remedy, approved by physicians and commended by the Well-Informed of the World as a valuable and wholesome family laxative is the well-known Syrup of Figs and Elixir of Senna. To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

TRAIN FOR DOGS.

Made Up of Coaches Especially Equipped With Kennels.

A new feature in special railroad trains was the experiment recently made on the line between London and Manchester at the time of the great dog show in the latter city. This train was made up of coaches especially equipped with kennels, so that the valuable canines might enjoy all the comforts of home and not become unduly excited and get out of condition during their enforced journey. The animals were provided with a straw mattress and a pannikin of water, while they traveled in vans that were steam heated.

The through trip, from London to Manchester lasted five hours, and a few stops were made at way stations, where other dogs bound for the show were taken aboard. A light luncheon was served en route, which consisted principally of dog biscuit, with slight portions of cooked meat scraps and bread. Filtered water only was allowed these pampered pets.

Accommodations for the owners of the dogs were arranged for on the train, and they were allowed to walk through the kennel cars and see that their prospective prize winners were entirely comfortable. This new system of conveyance is greatly appreciated by fanciers, who frequently have hesitated to send a valuable but delicate dog any considerable distance by rail under the ordinary conditions of transportation.—Harper's Weekly.

A GRACIOUS SOCIETY QUEEN.

Mrs. William K. Vanderbilt, Jr., Is In Demand at Charitable Functions.

Mrs. William K. Vanderbilt, Jr., is one of the smart set who are much in demand at society affairs for the benefit of charitable enterprises, and she is generally quite gracious in tendering

MRS. WILLIAM K. VANDERBILT, JR.

her services. At one function of the kind which enlisted the interest of many members of the fashionable set recently she presided at a booth, and the snapshot reproduced herewith shows her on that occasion.

Born in Iowa

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is growing in favor.—Ennis Bros. This remedy is for sale by Titusville Pharmacy.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Fertilizer Costs Nothing
IDEAL Investment
Many seem to think that after the crop is set the trees are going to mature it some way and anything they can save on fertilizer is clear gain, but actual results prove that a summer fertilizing costs less than nothing. By making each fruit a little larger many boxes are added to the crop and the fruit brings a higher price. Then a luxuriant growth of bearing wood is a necessary foundation for a large crop next year and still further gain is seen in the condition of the trees. If their vitality has been kept up they are better prepared for winter and for strong spring action than trees that have become thoroughly exhausted and have to be nursed up before they can respond to the call of spring.
