"For the good of Fort Pierce, St. Lucie county and the Indian River section generally and the people particularly."

**THE RAILROAD SHOPS.**

THAT Fort Pierce has made remarkable progress during the past five years is admitted on every hand that it is in the bounds of possibilities to make even greater progress in the next five years is also admitted and thoroughly believed by those who are closely identified with the business interests of the city.

One thing that will do a great deal toward the further development of Fort Pierce is the extension of the railroad shops and the establishing of new shops at this division point. Two years ago this matter was gone into and the officials of the railroad intimated that they were willing to make extensions and improvements that would mean much to the city, provided they could secure additional track room for sidings and new shops.

Immediately after this announcement the Board of Trade was called together and the situation explained. Every owner of property along the railroad where land was wanted signed an agreement to sell a sufficient amount of land for siding at a reasonable price. In most cases the amount was left blank for the railroad to name the price. This was submitted to the railroad people but no action was ever taken by them. Now comes the same rumor that the railroad company wants more room for expansion.

The action taken by the Board of Trade Saturday morning was in connection with this matter and for the purpose of ascertaining what land was needed for the contemplated improvements, and it is hoped something definite will be understood when the new committee confers with the officials. Everybody here wants to see the shops and yards expand for the more work to be done, the more people will locate in Fort Pierce.

**HOMESEEKERS EXCURSIONS**

EVERY resident of Fort Pierce and St. Lucie county should be interested in the series of homeseekers excursions to be run to the East Coast during this fall and winter. The Board of Trade has taken up the matter and appointed a committee to entertain those of the excursionists who stop at Fort Pierce. The duty of this committee will be to show them over the country, and everybody who is interested in the growth of this section should assist the Board of Trade committee in every way possible. These excursionists are homeseekers who are looking for suitable locations for home building. A large of them will invest somewhere on the East Coast, and if we can show them the advantages of the Fort Pierce country, we will get our share of them otherwise we will not.

**Housekeepers Opportunity.**

Special attention is called to the advertisement of the Florida Chair Factory which appears in this issue. This factory as many readers know, are selling chairs all over Florida direct from factory to the consumer at wholesale prices. Their goods and prices are satisfactory as evidenced by the thousands of chairs they have sold within the past six months. Their best reference is parties who have purchased from them as these parties are always loud in their praise of the many bargains secured from the chair factory. The chair factory claim that they are going to increase their business for the month of August \$10,000. With this object in view, they are advertising 19 special patterns at special prices, and besides this they are going to give free with every order of \$15.00 worth of chairs, a nice lady's sewing rocker which can be used either for the house or the porch.

If you haven't their catalogue of chairs for every room in the house, write them at once and send in your order this month and secure one of these nice rockers free.

**Learn Telegraphy.**

We take pleasure in directing our readers' attention to the advertisement

appearing elsewhere in our columns of the Southern School of Telegraphy, located at Newnan, Ga. There is a great and constantly growing demand for telegraph operators, and we are glad to see this worthy and well-recognized institution doing such creditable work in helping supply that demand. Any young man wishing to learn a good profession should investigate the opportunities offered in the telegraph field by writing at once for the school's free, descriptive literature.

**20,000 TELEGRAPH OPERATORS NEEDED**

**YOUNG MEN PREPARE YOURSELVES FOR GOOD POSITIONS.**

On account of the new 8-hour law passed by congress in the interest of telegraphers; and also on account of many new railroads being built and lines extended, an unusual demand for operators has been created. Conservative estimates have placed the number of additional operators that will be required during the next ten months approximately 20,000.

YOUNG MEN NOW IS YOUR OPPORTUNITY! Enroll in our School NOW and in only four to six months we will have you qualified for splendid positions. Telegraph operators receive from \$50.00 upwards. Our school has been established twenty years, equipment is perfect; instruction thorough and practical; positions positively guaranteed our graduates. Located in Newnan is very cheap; the town healthful and the people are cordial. Two Main Line Railroad Wires run into our School rooms. No other school in the United States has such up-to-date and practical facilities for the benefit of its students. Write at once for free, descriptive literature.
