

THE FARMER'S WIFE

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify and enrich the blood.

Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odors arising from suppurating, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating, Sores or Ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter rising after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid, or lazy liver with the usual accompanying indigestion, or dyspepsia and its attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the schools of medical practice have been skillfully and harmoniously combined in Dr. Pierce's

Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonia dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system. He continues "in Helonia we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonia (Unicorn root). Pain or aching in the back, with leucorrhoea, atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonia, and the medical properties of which it most faithfully represents.

Of Golden Seal root another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Dr. Pierce's Favorite Prescription faithfully represents the above named ingredients and cures the diseases for which they are recommended.

Dr. Pierce's Pleasant Pellets are the original Little Liver Pills, first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. Easy to take as candy.

TREE FROM A HANDSPIKE.

Memorial of a Woodsman's Enlistment For the Mexican War.

"There is a river birch tree on the banks of the Pond Fork branch of the Little Coal river in Boone county, W. Va.," said M. C. Eldred of Madison, W. Va., "and it would go hard with any man who put an ax to it. That tree has a story.

"When the Mexican war began in 1846 a recruiting officer visited a lumber camp in the vicinity of Madison, seeking enlistments from the sturdy woodsmen who were at work there. Among them was a giant lumberman named Jim Martin.

"He was using a handspike made from a river birch sapling recently cut and still green. Eager to go to the front, he thrust his handspike deep into the soft soil of the river bank and went away with the recruiting officer.

"The handspike Jim Martin used was too big and heavy for any of his fellows to handle, and it was left sticking where he had jabbed it into the ground. The next spring it was noticed that it was putting forth green shoots, showing that it had rooted in the ground.

"It was left undisturbed, and it grew to be a great tree, and it stands today on the spot where the patriotic Jim Martin thrust it into the earth as a battered handspike. Jim Martin was killed in battle, and his bones lie somewhere on Mexican ground, but he has his monument in this still sound and vigorous tree, which is a revered landmark in all that country."—Washington Post.

A SIBERIAN MAMMOTH.

Its Discovery in the River Lena and How it Was Lost.

In 1846 a young Russian engineer, Benkendorf, saw the river Lena in Siberia release a dead mammoth frozen ages ago in the bog. There had been exceptionally warm weather in the north of Siberia, and the river, swollen by melting snow and ice and torrential warm rains, swept out of its old channel and carved a new one, carrying to the sea vast quantities of its former banks and furlowing up the thawing bogs over which it raced. As he made his way in a steam cutter against the current Benkendorf saw the head of a mammoth appear above the flood. Rush upon rush of water more and more released the body. Its hind legs were still imbedded when he saw it, but twenty-four hours liberated these. The mammoth had sunk feet first into a bog. The ooze had frozen over it. Successive tides had heaped soil and vegetation upon it. Bone and flesh and hair were perfect. They secured it. They cut off its tusks. They dissected it and found in its stomach the last meal it had eaten, young shoots of the fir and pine and masticated fir cones. They were still at their work when the river, spreading farther, engulfed them. The men escaped, but the waters surged over the mammoth and carried it for carrion to the sea.

The Chrysanthemum.

Both in China and Japan is the chrysanthemum a great favorite. It is said that Chinese gardeners to whom the plant was first known will allow nothing to deter them from its culture. They will even give up their situations if forbidden by their employers to grow it. Chinese emigrants, too, take this "flower of their hearts" with them to other lands and cultivate it affectionately in their exile as a reminder of their native country. There is a Chinese "Everything comes to him who knows how to wait" which has been Anglicized as follows:

In the second month the peach tree blooms. But not till the ninth the chrysanthemums. So each must wait till his own turn comes.

Fighting Geese.

In Russia pits for cock fighting are unknown, but "goose pits" some sixty years ago were common throughout that mighty kingdom. The effect of this can be seen today in the geese which are indigenous to the country, the Arsamas and the Tula varieties particularly showing to a marked degree the fighting characters of their ancestors. The Arsamas gander has a bill which is entirely different in form from that of the geese known in any other part of the world. This special structure enables the bird to take a firm grip on the neck or back of its antagonist.

The Dear Friends.

Clara (exhibiting photograph)—How do you like it?
Hattie—It's perfectly lovely!
"You think it a good likeness?"
"Oh, no; it doesn't look a particle like you, you know. But I wouldn't mind that, Clara. You are not likely to have such wonderful luck again if you sat a thousand times!"—London Telegraph.

It is not your duty to so live that you will be satisfied with yourself, but to so live that your wife will be satisfied with you.—Houston Post.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.
