MONITOR WILL BE MAULED

With Shot from Big Guns—The Florida Will be Made a Target for Battleships to Shoot At

Washington, Jan. 27.—Encouraged by the valuable results believed to have been obtained by the British admiralty in the spectacular sinking of the old battleship Hero by modern gun fire lately, the navy department has determined upon a similar experiment, though not one to be carried out to the same point.

The double turreted monitor Florida it to be made a target for the big 12-inch rifles of a battleship, and the experiment will take place in the waters of Chesapeake Bay or the Potomac river.

It is not the purpose to destroy the monitor, which was built only about ten years ago, but the gun fire will be directed against her turret. Much mechanism is contained in the turret and information is desired as to the effect of gun fire upon this controlling machinery.

HOLDS THEM AT HOME

Japanese Government has Prohibited Emigration of Its People to America

Tokio, Jan. 27.—An imperial order was issued Saturday prohibiting all Japanese emigrants to the Hawaiian Islands, excepting in case the relatives of Japanese are already residing there. The order is being strongly opposed by the steamship men and representatives of the management of all big lines, after being served with the order, personally appealed to the foreign office to at least modify it. They were met with absolute refusal. Stringent orders have been issued to all officials that the prohibition of the emigration of laborers to America and Canada must be rigidly enforced.

ATLANTA'S JAIL EMPTY

For the First Time in the Memory of the Oldest Policeman, the Barracks Held not a Single Prisoner

Atlanta, Jan. 27.—A record has been broken in the police station in this city the first time in the memory of the oldest policeman. The barracks held not a single prisoner Saturday afternoon, after four negroes who had been tried and found guilty by Recorder Broyles had been started on their way to the stockade. The doors were thrown open and the prison had its first real airing.

OUIDA'S LIFE HAS ENDED

The Writer of "Under Two Flags," "Faded Midst Italian Flowers," and Died in Direst Want

Florence, Italy, Jan. 27.—Ouida (Louise de La Ramee), the novelist, died Saturday at Vireggio after an illness extending over a long period. She died in most distressing poverty, her attendant being an old servant woman, in whose arms she expired. She was completely blind of one eye and the other was badly affected thro' her having suffered so much from exposure and privation.

During the last few months of her life she was compelled at times to sleep in the open air when unable to pay for a night's lodging.

Louise de La Ramee was a British novelist of French extraction. She was born at Bury, St. Edmunds, about 1840. Her pseudonym "Ouida" was a childish mispronunciation of "Louise." Her best known novel, "Under Two Flags," was written in 1867 and was dramatized only recently.

Ouida had lived for a long time past near Florence and her death occurred not far from the beach where the poet, Percy Bysshe Shelley, was drowned.

TAFT HAS INSIDE TRACK

Hon. H. S. Chubb Says Florida Will Support the Big Man From Ohio

Jacksonville, Fla., Jan. 27.—The Republican State Convention will meet in St. Augustine Feb. 6. While there are strong indications that the convention will endorse Taft, there will be an effort on the part of the supporters of Senator Foraker to secure his endorsement.

The chairman of the state committee, Mr. Henry S. Chubb, of Gainesville, says that there is absolutely no doubt that the convention will endorse Taft and the same view is held by Joe Lee, collector of internal revenue for Florida, and the recognized leader of his party in this state.

The dominant republican faction in Florida will support Taft, but whether it will be able to hold the colored delegation in line is a question.

There have been the usual tactics employed by those who have charge of the preliminaries in selection of delegates, and it is said that owing to the fight between the Taft and Foraker forces these tactics have been even more under cover this year than they have been in the past.

DAGOES FIRED BY JOHN D.

Oil King Ordered All Work on His Estate to be Given to Americans

New York, Jan. 27.—To aid the large number of unemployed of Tarrytown, who have appealed to him for help, John D. Rockefeller has sent word from the South to the superintendent of his estate at Pocantico Hills to lay off all foreigners and give employment to needy residents. In addition, Mr. Rockefeller has given permission to those in want to go to his woods and cut wood to warm their homes.

Mr. Rockefeller was appealed to by ministers and the wives of the men out of employment. There were hundreds of Italians working on the Rockefeller estate and they were dismissed. Several manufacturing plants in Tarrytown are working half time and others have shut down. Three hundred unemployed men were put to work on the Rockefeller estate today. Married men are to be given the preference.

SHOOK UP THE STATE

A Car of Dynamite Exploded with a Shock that was Felt Ten Miles

Oskaloosa, Iowa, Jan. 26.—A car of dynamite exploded at the Herkimer mines yesterday, wrecking the company's store and several adjoining buildings, with a loss of \$100,000. No one was hurt, but the shock was felt for a radius of ten miles.

WATCHED FIFTEEN YEARS

"For fifteen years I have watched the working of Bucklen's Arnica Salve; and it has never failed to cure any sore, boil ulcer or burn to which it was applied. It has saved us many a doctor bill," says A. F. Hardy, of East Wilton, Maine. 25c at Tydings & Co.'s drug store.

CASH FOR A BAD COLD

Central of Georgia Paid a Thousand Dollars for Not Keeping a Car Heated

Rome, Ga., Jan. 27.—Miss Ida Benjamin, aged 19 years, of this city, received from the Central of Georgia railroad yesterday a check for \$1,000, because the young woman caught cold while traveling in one of the coaches of the railroad on Christmas Eve of 1906. Miss Benjamin traveled from Atlanta to Macon by the Central, and the coach in which she was seated was not heated. The temperature was so chilly that repeated protests were made to the conductor, but the latter did nothing to warm the passengers. As a result of the cold coach, Miss Benjamin contracted a cold, which troubled her for months. She brought suit and was given a verdict. The railroad gave notice of an appeal, but reconsidered yesterday by sending the girl a check for \$1,000.
